9. P. A. Musgrave,	A.	25th Virginia	" 15th "	Deserter from Confederate Army			Ritchie Co. Va.

Seibert - at the time of his Capture was on leave of Absence with authority to raise a Company, & there is reason to believe that he has already been Commissioned a Captain in the Rebel Service -

Lockhart is a rabid rebel, his home being a rendezvous for guerillas & horse thieves -

Musgrave - is a deserter, but there are strong suspicions that he is a spy - He pretends to have been in Lynchburg in jail, but he knows nothing about the place. He is well acquainted with the rendezvous & the ~~persons~~ names of a guerilla party of which he is supposed to be a member - Col. McReynolds 1st N.J. Cavalry thinks he can soon forward evidence against him in regard to his being a Spy -

Thornton, Mary Ann

Discription of a Mare.

Fort Blunt, Cherokee Nation,
15th September 1863.

Captain Hall
Provost Marshall
Fort Blunt C.N.

Sir,

I present for your consideration, and official action, the following facts in relation to the mare pointed out by me to you, as being then in the possession of Captain Anderson, 3rd Indian Regiment.

That mare, is the property of Mary Ann Thornton, a native Cherokee, and always has been her property, as she has never sold it, or parted with it in way. She inherits the mare from her mother, and the mare in question was foaled the property of the mother of the claimant. The Brand M.M. is my Brand, and I have reason to believe that the Branding Iron, is now in the possession of the widow of the claimant's Brother, George Meredith, who died a member of the 3rd Indian Regiment. The brand It, is the Brand of John Hughes, who when last heard from was a member of Stand Watie's rebel regiment, and was put on without any right or authority, since the mare was branded with M.M. The claimant moved from Spring Creek Saline District, with her mother some years ago.

down to the Grand River bottom, in Tah le quah District, but the Stock, used their accustomed range, in the hills of Spring Creek, and this mare was taken from that range, since last Spring by some one, to us unknown.

As I stand in the relation of her nearest Kin, she and her Sister has been living with me since last Spring or since last April. and during that time have had three other horses stolen from her (the claimant) at this post, amongst them, the dam of the filey now in question.

The first notice that we had of the mare being in the hands of those it not legally belong to, It was in the hands of One Joe Butler of the 3rd Indian, and was then claimed, and you were notified of the circumstances, but at that time, Butler took the mare off, ostensibly for the sake of letting the man have it back, that he had got it from, he refuseing to give the mans name, it by this means was lost sight of, untill a few days back, when I discovered Captain Anderson riding it. Knowing it by my brand, and it was claimed from him. He refused to give it up, and the statement of the facts was made to you and the animal pointed out.

Captain Anderson claims that he purchased the mare from Lieutenant Whitton 3rd Indian Regiment, who insured the little Lieutenant Whitton, either swapped or purchased from Lieutenant Thompson 1st Indian Regiment, who purchased the mare from an Indian for the suspiciously small sum of fifteen dollars and as he assert derives his title from you, as I understand.

Lieutenant J Downing 3rd Indian Regiment lived a close neighbor to the claimant Knows the mare and also knows my brand.

As to the question of loyalty, I have no doubt of it. Since She refused to go with her Husband South, and at my instance left him on account of his being a rebell, yet this can have no legal bearing against her, as She was not married to him agreeable to the Cherokee laws. And has always been loyal - While the Cherokee laws invest the wife or husband with the sole and entire right to their individual property.

Lieutenant Downing can testify to the loyality and perhaps can point to other witnesses.

I desire to have this matter investigated, having been referred to you by General Blunt. I do not have it in my power to cause the witnesses to appear before you, nor to force a trial. I still hold the Officers named as responsible for the stolen property. And hope that it will not be necessary to refer the case to the proper authority at Washington.

I am anxious to give you every facility and for this purpose have given you the facts alone without comment. I may not have succeeded, but if I am notified when you can attend to the case I may be able to supply the defects.

The Officers named are now here.

Yours Respectfully

Dr Sir

Yours of the 23rd is at hand in answer I will state that at the time the shipments made of stock by the parties mentioned in yours the Provost did not issue Duplicate passes. And when I answered yours 19th (I did not remember positively) having left the papers in the hands of the shippers) whether all had written passes or not

Upon advising with Mr Adams my Assistant and the Provost Marshal I find they all had proper passes

Please send me a copy of Genl Dodds Order mentioned by you in relation to shipments of stock as I have never seen it, only having verbal instructions in relation thereto

I would state that I believe there has no stock been shipped from this point since the order has been issued without proper pass

Provost Marshal
Jefferson City Mo.

Sir While I was in Jefferson City, doing duty in the 28th E.M.M. in Act. last Gen McNeill, or some of his command — while passing through this County on the way to St Louis — took one of my horses, and left in his stead a sorrel mare, branded "CS" that was not then able to travel. If consistent with existing orders I would like to have permission to keep said mare.

Respectfully
Samuel Miller Sergt

Sale of

J. West & co complains of D. C. Cartwright
Co. D. 2nd Colorado Vol Cav regarding a mule
Cartwright states that he never sold Mr
West any animal but admits that
he sold one Black mare to a person
whom he understands, since, was a partner
of Frosts. said mare was 4 yrs old
with star in forehead. no other marks
or brands are collected, thinks he
sold said mare to one Rosenthal
I received the mare from one J. Collins
a citizen lives near Hickman Mill & I sold
Rosenthal the mare for 75$
Collins told me to bring the mare to
K City & sell her. thinks Isaac
McDowell Co. D was present when Collins
gave me the mare. says he cannot now
say how much of the price Rosenthal paid
to Collins. Collins & I have not settled
I paid his wife a part of the money
Dont know where Collins got the mare.
can prove by Collins & McDowell how I came
in possession of said mare. thinks Collins
got the mare of one White Steaks of Co "D".

states that he has seen the sale of said mare
concerned with Mr. West, & told him if he had
been deprived of the mare he should not lose
anything by the transaction, thanks West told
me since my return from furlough that
"Rosenthal was a partner, in the purchase of horses
sometimes". Case dismissed by order
