WHEREAS, the Missouri Department of Health is charged by law with safeguarding the health of the people in the state and enforcing a variety of health related laws and regulations; and

WHEREAS, in order to respond promptly and effectively to the flood emergency and to expedite the clean-up and recovery, it is necessary to adjust Department of Health laws and regulations and allow a right of entry to all properties in the state by Department of Health staff, their designees and assignees who are federal, state or local governmental employees;

NOW, THEREFORE, I, Mel Carnahan, Governor of the State of Missouri, by virtue of the authority vested in me by the Constitution and laws of the State of Missouri, do hereby issue the following order:
