RESPONSE AND EXPLANATION OF CHANGE: The State Board of Education has carefully reviewed the comments and has clarified the assessment wording in subsection (20)(B). The board

would note that the fifteen (15) hours of graduate credit have been identified as those hours needed in order to meet the competencies identified for the certificate. RESPONSE: The State Boards of Education has carefully reviewed the comments and decided there is no cause for a change to its proposed amendment. The fifteen (15) hours of coursework that is required in order to meet the competencies for the certificate is the same as that required for the vocational director and is necessary to meet the competencies identified for the certificate. There is no requirement which specifically states that the coursework has to be only in adult vocational education, rather it can be in adult or vocational education administration. In addition, all individuals have had the opportunity to comment on proposed amendments through the rulemaking process.

**Title 5—DEPARTMENT OF ELEMENTARY AND
SECONDARY EDUCATION
Division 80—Teacher Quality and Urban Education
Chapter 800—Teacher Certification and Professional
Conduct and Investigations**

ORDER OF RULEMAKING

By the authority vested in the State Board of Education under sections 161.092, 168.011, 168.021, 168.071 and 168.081, RSMo 2000, the board amends a rule as follows:

5 CSR 80-800.260 is amended.

A notice of proposed rulemaking containing the text of the proposed amendment was published in the *Missouri Register* on May 1, 2001 (26 MoReg 919-922). Changes have been made in the text of the proposed amendment, so they are reprinted here. This proposed amendment becomes effective thirty (30) days after publication in the *Code of State Regulations*.

SUMMARY OF COMMENTS: The State Board of Education has received several comments on this proposed amendment.

COMMENT: The Missouri Advisory Council for the Certification of Educators (MACCE) submitted a comment expressing dissatisfaction with the administrative procedures for proposing of amendments to the certification rules.

RESPONSE: Any amendments to the certification rules will be subject to the rulemaking process, which provides for a period of comment.

COMMENT: The State Board of Education has received comments from two (2) individual teachers who expressed concern about allowing unqualified individuals into the classroom.

COMMENT: The Missouri School Boards Association (MSBA) submitted a letter in support of the concept of the Temporary Authorization Certification of License to Teach, but expressed concern that the proposed requirements are too stringent and excludes administrators. MSBA also questioned the renewal requirement of nine (9) hours of coursework; the non-stand-alone certificates for drivers education, English for speakers of other languages, gifted, and special reading; urged the State Board of Education to keep the critical needs program; and seeks the elimination of a Performance Based Teacher Evaluation.

RESPONSE: The State Board of Education has carefully reviewed the comments and decided there is no cause for a change in its proposed amendment. The amendment simplifies the procedures in existence for a one (1)-year temporary certificate to be awarded to individuals with baccalaureate degrees in certain certification areas. The renewal requirements are necessary to ensure the temporary certificate holder is making significant progress toward full certification. The performance evaluations ensure that the temporary certificate holder is maintaining high standards and effective practices in the classroom. In addition, all individuals have had the opportunity to comment on proposed amendments through the rulemaking process.

COMMENT: The Missouri National Education Association (MNEA) submitted a letter and petitions containing 2,545 signatures in opposition to the proposed Temporary Authorization Certificate of License to Teach, asserting that the qualifications are too lenient and requesting a limit on the number of temporary certificates a school could employ.

RESPONSE AND EXPLANATION OF CHANGE: The State Board of Education has reviewed the comment and made changes to subsection (6)(E) to exclude from the temporary authorization certificate of license to teach the areas of elementary education,

grades one through six (1-6); early childhood, grades birth through three (B-3); early childhood special education, grades birth through three (B-3); and administration. A new section (10) has been added requiring the public school districts to disclose the certification status of all teachers possessing a temporary authorization certificate of license to teach.

5 CSR 80-800.260 Temporary Authorization Certificate of License to Teach

(6) The applicant for a temporary authorization certificate must comply with the following criteria:

(A) Possession of a baccalaureate or higher degree from an accredited college or university;

(B) Possession of a grade point average of 2.5 or higher on a 4.0 scale, both overall and in the major area of study;

(C) Submission of a joint application verifying contracted employment with a Missouri public school district or accredited non-public school;

(D) If this is the applicant's initial certificate of license to teach, documentation of a plan of an academic program of study from a state-approved teacher preparation program must be submitted. If the applicant holds an initial Missouri professional or life certificate of license to teach and is seeking an additional certificate of license to teach, a transcript analysis from the Department of Elementary and Secondary Education (DESE) based on the requirements set forth in the *Compendium of Missouri Certification Requirements* must be submitted; and

(E) The temporary authorization certificate will not include the areas of elementary education, grades one through six (1-6); early childhood, grades birth through three (B-3); early childhood special education, grades birth through three (B-3); and administration. Applicants for the areas of driver's education, English for speakers of other languages, gifted, and special reading must hold a certificate of license to teach or must also submit an academic program of study for a certificate of license to teach in a stand-alone area, as these areas cannot stand alone.

(10) All Missouri public school districts are required to disclose the certification status of teachers holding temporary authorization certificate of license to teach by public notice in a form established by the State Board of Education and consistent with applicable state laws and regulations.

**Title 5—DEPARTMENT OF ELEMENTARY AND
SECONDARY EDUCATION
Division 80—Teacher Quality and Urban Education
Chapter 800—Teacher Certification and Professional
Conduct and Investigations**

ORDER OF RULEMAKING

By the authority vested in the State Board of Education under sections 161.092, 168.011, 168.021, 168.071, 168.081, 168.400, 168.405 and 168.409, RSMo 2000, the board amends a rule as follows:

5 CSR 80-800.380 is amended.

A notice of proposed rulemaking containing the text of the proposed amendment was published in the *Missouri Register* on May 1, 2001 (26 MoReg 925-928). Changes have been made in the text of the proposed amendment, so they are reprinted here. This proposed amendment becomes effective thirty (30) days after publication in the *Code of State Regulations*.

SUMMARY OF COMMENTS: The State Board of Education has received some comments on this proposed amendment.

COMMENT: The Missouri School Boards Association (MSBA) submitted comments opposing the exclusion of certain areas of certification in the granting of additional certificates of license to teach by successfully completing the corresponding Praxis II assessment. The comment also called attention to the fact that the speech-language specialist certification was included in the Appendix A footnote as an area of exclusion, but it was omitted from the text of the rule.

RESPONSE AND EXPLANATION OF CHANGE: The State Board of Education has carefully reviewed the comments and has added speech-language specialist to subparagraph (1)(A)3.A. to be listed as an exclusion to obtaining additional certification by only successfully completing the Praxis II. The board would also note that the intent of the rule is to allow teachers already holding certification to add other subject areas. It is not intended to allow the addition of certain areas of specialization for which specific training is necessary and critical. Subsection (1)(A) is reprinted here for clarity.

COMMENT: A comment was submitted regarding the lack of language in the rule providing options for individuals holding valid certification in a subject at the secondary level to add middle school certification in the same content area.

RESPONSE AND EXPLANATION OF CHANGE: The board has carefully reviewed the comment and added language in paragraph (1)(A)4. demonstrating that the applicant has knowledge of middle school philosophies and practices.

COMMENT: A comment was submitted regarding two (2) of the Praxis assessments listed in Appendix A of the rule. The Educational Testing Service recently changed the titles of the Praxis II assessments for Early Childhood Education and Family and Consumer Sciences certification, which necessitates a change in the assessment listings.

RESPONSE AND EXPLANATION OF CHANGE: The State Board of Education has carefully reviewed the comment and changed the titles of the assessments in Appendix A. Appendix A is reprinted here for clarity.

COMMENT: The Missouri National Education Association (MNEA) submitted comments expressing disagreement that a single measure, such as the Praxis, is an adequate assessment system, and advocated multiple measures. An additional comment also urged the board to prohibit teacher education institutions from requiring a passing Praxis II score for graduation purposes.

COMMENT: The Missouri Advisory Council for the Certification of Educators (MACCE) submitted comments expressing dissatisfaction with administrative procedures for the proposing of the amendments to the certification rules and suggesting guidelines for making decisions about adjusting minimum qualifying scores for the Praxis II assessments.

RESPONSE: The State Board of Education has carefully reviewed the comments and decided there is no cause for a change to its proposed amendment. All individuals had the opportunity to comment on proposed amendments through the rulemaking process.

5 CSR 80-800.380 Required Assessments for Professional Education Certification in Missouri

(1) Each applicant seeking a Missouri certificate of license to teach will successfully complete an exit assessment to measure the applicant's competency in subject matter, pedagogical knowledge, or both, prior to being granted the certificate.

(A) The State Board of Education (board) has selected the Praxis II: Content Knowledge or Specialty Area assessments and the Principles of Learning and Teaching assessments developed by the Educational Testing Service (ETS) as the exit assessments for certificates of license to teach. Qualifying scores are established by the board and published by ETS for each assessment designated for an area of certification.

1. Applicants seeking initial certificates of license to teach must complete and achieve a Missouri qualifying score in the content knowledge or specialty area assessment in their major area of preparation or the appropriate principles of learning and teaching assessment if no content knowledge or specialty area assessment is designated, except in the areas of special education, student services, and administration (see Appendix A, which is included herein).

2. Applicants for a Missouri certificate of license to teach, having a valid certificate of license to teach in the same or a closely aligned area of certification from another state, having taken that state's required subject or specialty area assessment(s) for that certification and achieved that state's passing score(s), and having at least two (2) years of full-time professional experience in education in the area for which they are seeking Missouri certification, shall not be required to take the designated assessment(s) in Missouri in order to receive the Missouri certificate of license to teach. If no subject or specialty area assessment is required in the state from which the applicant holds a valid certificate of license to teach, the applicant shall successfully complete the assessment(s) designated by the board in order to receive the Missouri certificate of license to teach.

3. Applicants holding a valid Missouri professional or life certificate of license to teach in a content area who are seeking additional certificate(s) of license to teach in other content areas, will receive the additional certificate(s) upon meeting either of the following conditions:

A. Complete and achieve a Missouri qualifying score for the Praxis II content knowledge or specialty area assessment designated for the certificate of license to teach, except for the areas of unified science, special education other than mild/moderate cross-categorical disabilities, speech-language specialist, student services, administration, vocational-technical, and adult education and literacy; or

B. Successfully complete the applicable certification requirements as set forth in the *Compendium of Missouri*

Certification Requirements, which is incorporated by reference and made a part of this rule.
