HOW TO CITE RULES AND RSMo

RULES—Cite material in the *Missouri Register* by volume and page number, for example, Vol. 26, *Missouri Register*, page 27. The approved short form of citation is 26 MoReg 27.

The rules are identified in the *Code of State Regulations* in this system—

Title	Code of State Regulations	Division	Chapter	Rule
1	CSR	10-	1.	010
Department		Agency, Division	General area regulated	Specific area regulated

They are properly cited by using the full citation , i.e., 1 CSR 10-1.010.

Each department of state government is assigned a title. Each agency or division in the department is assigned a division number. The agency then groups its rules into general subject matter areas called chapters and specific areas called rules. Within a rule, the first breakdown is called a section and is designated as (1). Subsection is (A) with further breakdown into paragraph 1., subparagraph A., part (I), subpart (a), item I. and subitem a.

RSMo—Cite material in the RSMo by date of legislative action. The note in parentheses gives the original and amended legislative history. The Office of the Revisor of Statutes recognizes that this practice gives users a concise legislative history.

FROM THIS ANGLE....

First rulemaking class a BIG success!!

Our first rulemaking class was a big success — the Department of Social Services had so many reservations, it became necessary to split their class into two segments!! We appreciate the response and hope the first class was helpful.

We are busy scheduling other classes — have you scheduled yours yet? We are pleased to provide whatever level of training you deem appropriate and will tailor the topics/agenda for your respective agency.

Delegation of Authority

In late September, we sent a letter to the Directors of the various departments and agencies, together with a "suggested" form for completion, with appropriate names and signatures, of the delegation of authority for rulemaking purposes. This will serve as a reminder that if you have not returned your form delegating authority to the proper personnel, together with properly executed signatures, on behalf of your agency for the rulemaking process, this needs to be done as soon as possible. This delegation will extend to *all phases* of the rulemaking process, from the cover letter, to the affidavit for the actual rulemakings. This is a *slight* policy change from past practice. We need for each agency to file with our office the properly executed delegations if you have not done so since September. Thanks for your cooperation in this regard — this is for the protection of your agency, as well as our agency and to ensure that rulemakings for your agency are filed only by authorized personnel.

Moving Rules . . . Caution . . . Need Help?

If your agency is contemplating a new rule or moving a rule, please use caution and be certain that you do not attempt to utilize a rule number that already exists. If you need assistance in selecting a rule number, please feel free to contact a member of the Administrative Rules staff.

How may we better serve you, our customers?

We are always seeking ways in which we may serve you, our customers, better. Please remember we are here to assist you in any stage of the rulemaking process, help you locate the history of a rulemaking, or simply walk you through the process of preparing your rule packets. Additionally, please remember, if you prefer, you may anonymously suggest a service or improvement by filling out a blank and dropping it in our suggestion box (located at our front desk).

We hope you all enjoyed a Happy Thanksgiving, didn't consume too much turkey, and are looking forward to a wonderful holiday season.

As always, we are here to assist you with any stage of the rulemaking process; or with any other matter pertaining to rules. Please let us know how we may be of help.

Lynne C. Angle,
Director, Administrative Rules Division

Rules appearing under this heading are filed under the authority granted by section 536.025, RSMo 2000. An emergency rule may be adopted by an agency if the agency finds that an immediate danger to the public health, safety or welfare, or a compelling governmental interest requires emergency action; follows procedures best calculated to assure fairness to all interested persons and parties under the circumstances; follows procedures which comply with the protections extended by the *Missouri* and the *United States Constitutions*; limits the scope of such rule to the circumstances creating an emergency and requiring emergency procedure, and at the time of or prior to the adoption of such rule files with the secretary of state the text of the rule together with the specific facts, reasons and findings which support its conclusion that there is an immediate danger to the public health, safety or welfare which can be met only through the adoption of such rule and its reasons for concluding that the procedure employed is fair to all interested persons and parties under the circumstances.

Rules filed as emergency rules may be effective not less than ten days after filing or at such later date as may be specified in the rule and may be terminated at any time by the state agency by filing an order with the secretary of state fixing the date of such termination, which order shall be published by the secretary of state in the *Missouri Register* as soon as practicable.

All emergency rules must state the period during which they are in effect, and in no case can they be in effect more than 180 calendar days or 30 legislative days, whichever period is longer. Emergency rules are not renewable, although an agency may at any time adopt an identical rule under the normal rulemaking procedures.

EMERGENCY AMENDMENT

4 CSR 240-13.055 Cold Weather Maintenance of Service: Provision of Residential Heat-Related Utility Service During Cold Weather. The commission is amending the rule to add a section (13).

PURPOSE: This emergency amendment modifies the existing provisions of this rule (known as the "Cold Weather Rule") to: provide more lenient terms for reconnection of gas utility service to disconnected residential customers, prohibit assessing or billing of deposits, prohibit the assessment of late payment charges on deferred amounts, prohibit interest charges on account balances for the deferral period, require application of existing deposits and accrued interest to avoid discontinuance of service or reduce the amount needed to avoid discontinuance of service, and to allow the gas utilities to collect expenses associated with this emergency amendment.

*EMERGENCY STATEMENT: This emergency amendment temporarily modifies in part the existing provisions of the Commission's Cold Weather Rule to ease restoration of service requirements to residential customers of gas utilities and to allow the gas utilities to collect expenses associated with this emergency amendment. Many customers were disconnected as a result of arrearages due to the extraordinary combination of extremely cold weather and record high market prices for natural gas last winter. Under the provisions of the Cold Weather Rule, utilities may require payment from some customers of all arrearages as a condition of restoration of service. In its Order Finding Necessity for Rulemaking issued November 6, 2001, the Missouri Public Service Commission found that amendments to the Cold Weather Rule were necessary. For the same reasons, the Missouri Public Service Commission finds that there is an immediate danger to the public health, safety, and welfare and a compelling governmental interest because thousands of Missourians face immediate and irreparable harm from the impending winter weather without a source of heat. This immediate danger requires emergency action. Because the emergency results from the extraordinary conditions of last winter, and will be addressed for this winter by this emergency amendment, no permanent change to the cold weather rule is being proposed at this time. The scope of this emergency amendment is limited to the circumstances creating the emergency and complies with the protections extended in the **Missouri and United States Constitutions**. The procedures followed by the Missouri Public Service Commission included the opportunity for interested entities, including representatives of all Missouri regulated natural gas local distribution companies, to file pleadings commenting on a draft of proposed amendments prepared by the Staff of by the Missouri Public Service Commission, to file pleadings proposing their own amendments, and to offer sworn testimony on the record. The Missouri Public Service Commission believes this emergency amendment is fair to all interested parties under the circumstances. This emergency amendment was filed on November 8, 2001, effective November 18, 2001 and expires March 31, 2002.*

(13) Special Provisions for Restoration of Service for the 2001–2002 Heating Season. This amendment only applies to providers of natural gas services. Other providers of heat-relat-

ed utility services will continue to provide such service under the terms of sections (1) through (12) of this rule. The provisions of sections (1) through (12) of this rule continue to apply to providers of natural gas service except where inconsistent with the terms of this section.

(A) Notwithstanding section (8)(C)(2) of this rule to the contrary, the gas utility shall restore service upon initial payment of twenty-five (25) percent of the preexisting arrears or \$250, whichever is less, with the deferred balance to be paid in equal installments over the following eighteen (18) months. The customer and the gas utility may by mutual agreement reduce or extend the installment period. Any reconnection fee, trip fee, collection fee or other fee related to reconnection, disconnection or collection shall also be deferred. Any customer threatened with disconnection may retain service by entering into a payment plan as described in this paragraph, and all disconnect notices shall inform customers of this option. Any payment plan entered into under this emergency amendment shall remain in effect (as long as its terms are adhered to) for the term of the payment plan even after the effective period of this amendment has expired.

(B) Default on an agreement entered into under this section can be cured by payment of all installments delinquent under the agreement.

(C) No deposits shall be required of any customer under this section except for amounts owed due to unauthorized interference, diversion or unauthorized use of the gas utilities service.

(D) Notwithstanding section (5) of this rule to the contrary, before discontinuance of service for nonpayment of a delinquent amount, the natural gas utility shall apply the balance of any of the customer's security deposit plus accrued interest to the delinquent amount to eliminate or reduce the amount required to avoid the discontinuance. This section shall not apply to customers who have an amount owed due to unauthorized interference, diversion or unauthorized use of the gas utilities service.

(E) Late payment charges shall not be assessed on the deferral amount of any agreements entered into under this section, nor shall the utility charge customers interest on the account balance for the deferral period.

(F) The Commission shall grant an Accounting Authority Order, as defined in subsection (G), below, upon application of a gas utility, and the gas utility may book to Account 186 for review, audit and recovery all incremental expenses incurred and incremental revenues that are caused by this emergency amendment. Any such Accounting Authority Order shall be effective until September 30, 2003.

(G) The Commission has adopted the Uniform System of Accounts in 4 CSR 240-4.040. Accounting Authority Orders are Commission orders that allow a utility to defer certain expenses to Account 186 under the Uniform System of Accounts for possible recovery later. *State ex rel. Office of the Public Counsel v. Public Service Commission*, 858 S.W.2d 806 (Mo. App. 1993); *Missouri Gas Energy v. Public Service Commission*, 978 S.W.2d 434 (Mo. App. 1998).

(H) This section shall be in effect through March 31, 2002.

AUTHORITY: sections 386.250, 393.130 and 393.140, RSMo [1994] 2000. Original rule filed June 13, 1984, effective Nov. 15, 1984. Amended: Filed Dec. 30, 1992, effective Oct. 10, 1993. Amended: Filed March 10, 1995, effective Jan. 30, 1996. Emergency amendment filed Nov. 8, 2001, effective Nov. 18, 2001, expires March 31, 2002.

EMERGENCY AMENDMENT

12 CSR 10-41.010 Annual Adjusted Rate of Interest. The department proposes to amend section (1).

PURPOSE: Under the Annual Adjusted Rate of Interest (section 32.065, RSMo), this amendment establishes the 2002 annual adjusted rate of interest to be implemented and applied on taxes remaining unpaid during calendar year 2002.

EMERGENCY STATEMENT: The director of revenue is mandated to establish an annual adjusted rate of interest based upon the adjusted prime rate charged by banks during September of that year as set by the Board of Governors of the Federal Reserve rounded to the nearest full percent. This emergency amendment is necessary to ensure public awareness and to preserve a compelling governmental interest requiring an early effective date in that the amendment informs the public of the established rate of interest to be paid on unpaid amounts of taxes for the remaining 2002 calendar year. The director finds that there is an immediate danger to the public welfare which can only be addressed through this emergency amendment. The director has followed procedures calculated to assure fairness to all interested persons and parties and has

*complied with protections extended by the **Missouri and United State Constitutions**. The director has limited the scope of the emergency amendment to the circumstances creating the emergency. Emergency amendment filed October 31, 2001, effective January 1, 2002, expires June 29, 2002.*

(1) Pursuant to section 32.065, RSMo, the director of revenue upon official notice of the average predominant prime rate quoted by commercial banks to large businesses, as determined and reported by the Board of Governor's of the Federal Reserve System in the Federal Reserve Statistical Release G.13(415) for the month of September of each year, has set by administrative order the annual adjusted rate of interest to be paid on unpaid amounts of taxes during the succeeding calendar year as follows:

Calendar Year	Rate of Interest on Unpaid Amounts of Taxes

1996	9%
1997	8%
1998	9%
1999	8%
2000	8%
2001	10%
2002	6%

For intervening history, please consult the **Code of State Regulations**. Emergency amendment filed Oct. 31, 2001, effective Jan. 1, 2002, expires June 29, 2002. A proposed amendment covering this same material is published in this issue of the **Missouri Register**.*

Under this heading will appear the text of proposed rules and changes. The notice of proposed rulemaking is required to contain an explanation of any new rule or any change in an existing rule and the reasons therefor. This is set out in the Purpose section with each rule. Also required is a citation to the legal authority to make rules. This appears following the text of the rule, after the word "Authority."

Entirely new rules are printed without any special symbol under the heading of the proposed rule. If an existing rule is to be amended or rescinded, it will have a heading of proposed amendment or proposed rescission. Rules which are proposed to be amended will have new matter printed in boldface type and matter to be deleted placed in brackets.

An important function of the *Missouri Register* is to solicit and encourage public participation in the rule-making process. The law provides that for every proposed rule, amendment or rescission there must be a notice that anyone may comment on the proposed action. This comment may take different forms.

If an agency is required by statute to hold a public hearing before making any new rules, then a Notice of Public Hearing will appear following the text of the rule. Hearing dates must be at least thirty (30) days after publication of the notice in the *Missouri Register*. If no hearing is planned or required, the agency must give a Notice to Submit Comments. This allows anyone to file statements in support of or in opposition to the proposed action with the agency within a specified time, no less than thirty (30) days after publication of the notice in the *Missouri Register*.

An agency may hold a public hearing on a rule even though not required by law to hold one. If an agency allows comments to be received following the hearing date, the close of comments date will be used as the beginning day in the ninety (90)-day-count necessary for the filing of the order of rulemaking.

If an agency decides to hold a public hearing after planning not to, it must withdraw the earlier notice and file a new notice of proposed rulemaking and schedule a hearing for a date not less than thirty (30) days from the date of publication of the new notice.

Proposed Amendment Text Reminder:

Boldface text indicates new matter.

III. WORKSHEET

CONTINUING PROFESSIONAL DEVELOPMENT HOURS (PDH) SUBMITTED BY LICENSEES AUDITED BY THE MISSOURI BOARD OF ARCHITECTS, PROFESSIONAL ENGINEERS AND PROFESSIONAL LAND SURVEYORS

The board may conduct an audit of licensees to verify compliance with the continuing professional development requirements. Licensees shall assist the board in its audits by providing timely and complete responses to the board's inquires. Based on the 15,787 currently licensed professional engineers, it is estimated that the board will audit 1% (approximately 158) of current licensees biennially and request verification of their attendance at approved professional development programs.

The following is a breakdown of the expense and equipment costs associated with auditing PDHs for professional engineers.

CLASSIFICATION	FEE AMOUNT	NUMBER IN CLASS	TOTAL BIENNIAL COST
Letterhead Printing Cost	\$.15	158	\$23.70
Envelope for Mailing Letter Requesting Verification of Professional Development Hours	\$.16	158	\$25.58
Postage for Mailing Request for Information	\$.34	158	\$53.72

**Total expense and equipment costs \$103.00
 associated with with auditing PDHs:**

The following is a breakdown of the personal service costs associated with with auditing PDHs.

STAFF	ANNUAL SALARY	SALARY TO INCLUDE FRINGE BENEFITS	HOURLY SALARY	COST PER MINUTE	TIME PER AUDIT	COST PER AUDIT	TOTAL BIENNIAL COST
Executive Director	\$57,204	\$76,270	\$36.67	\$.62	60 minutes	\$18.34	\$5,793.86
Executive I	\$30,780	\$41,038	\$19.73	\$.44	30 minutes	\$13.20	\$2,085.60

**Total personal service costs associated \$7,879.46
 with with auditing PDHs:**

The Executive Director will request and monitor receipt of the PDHs from licensees. The Executive I will prepare letters requesting licensees to submit the information, assist with monitoring their receipt, update the computer licensing and mail the information to the members of the board. Three members of the Engineering Division of the board will review for approval all PDHs received. The board estimates that each member of the Engineering Division will receive a per diem of \$50.00 per for this review. It is estimated that board members will be able to review approximately 52 licensee's PDHs per day and the board will pay \$450.00 in per diem for this review. Because other board correspondence may be mailed to the members of the board with PHDs audits, the cost for this mailing was not calculated into this fiscal note.

IV. ASSUMPTIONS

- The number of licensees by class are based on actual figures from FY00 and projected figures in FY01.
- Employee's salaries were calculated using their annual salary multiplied by 33.33% for fringe benefits and then were divided by 2080 hours per year to determine the hourly salary. The hourly salary was then divided by 60 minutes to determine the cost per minute. The cost per minute was then multiplied by the amount of time individual staff spent on the processing of applications or renewals. The total cost was based on the cost per application multiplied by the estimated number of applications or renewals.
- It is anticipated that the public entity cost will be \$8,432.46 biennially for the life of the rule. The total biennially cost will recur each year for the life of the rule, may vary with inflation and are expected to increase at the rate projected by the Legislative Oversight Committee.

IV. ASSUMPTIONS

- The number of licensees by class are based on actual figures from FY00 and projected figures in FY01.

- The board anticipates 158 licensees will be required to obtain the required PDHs during the first year of implementation of the rule. Therefore, the board estimates that the private entity cost to comply with this rule will be \$118,500 biennially.
- It is not possible to estimate all costs (i.e., mileage, meals, and lodging) that a licensee could incur in obtaining the required professional development hours (PDH).
- It is anticipated that the total cost will recur biennially for the life of the rule, may vary with inflation and is expected to increase at the rate projected by the Legislative Oversight Committee.

PROPOSED AMENDMENT

4 CSR 120-2.070 Funeral Establishments. The board is proposing to amend sections (6) and (8) and the newly numbered subsections (20)(E) and (20)(F), delete section (20) and renumber the remaining sections accordingly.

PURPOSE: This amendment makes the language of section (6) consistent with House Bill 48 of the 91st General Assembly; requires funeral establishments to post their license(s) in a location accessible to the general public in section (8); and deletes obsolete language in section (20) of the rule.

(6) Within thirty (30) days after an application for a funeral establishment license has been received in the board's office, the board will cause the establishment to be inspected. The board will act on the application and, within thirty (30) days after the application was received in the board's office, the applicant will be advised whether the license is granted or denied. **If an applicant determines the establishment will not meet the qualifications for inspection or licensure within the thirty (30)-day application period, up to two (2) thirty (30)-day extensions of the application may be requested by the applicant in writing to the board before the application expires. Each request for an extension must be received by the board prior to the expiration of the application or extension period.**

(8) The establishment license issued by the board is effective for a fixed place or establishment and for a specific name. **This license issued by the board shall be displayed in a conspicuous location accessible to the general public at that location.** Whenever the ownership, location or name of the licensed establishment is changed, a new license must be obtained. If the establishment maintains a chapel, preparation room or other funeral service facility in a building or portion physically separated from and located at a location designated by an address differing from the office, chapel or other facilities of the applicant, the chapel, preparation room or other funeral facility otherwise located shall be deemed to be a separate funeral establishment. Nothing contained in this rule will be construed or interpreted to require a separate registration for a building if it is joined or connected by a private passage, walk or driveway existing between the registered establishment and the other building.

[(20) Each funeral establishment which is already licensed on September 11, 1987, shall notify the board in writing of the function(s) for which the funeral establishment will be used at or before the time when the funeral establishment renews its license for the renewal period which commences on January 1, 1987.]

[(21)] (20) According to section 333.121.2(17), RSMo, the State Board of Embalmers and Funeral Directors may impose disciplinary action for failure to obtain authorization to embalm from the person entitled to custody or control of the body, if the body is

embalmed. If the body is not embalmed, a funeral establishment shall not hold the unembalmed body for any longer than twenty-four (24) hours unless the unembalmed body is refrigerated or encased in an airtight metal or metal-lined burial case, casket or box that is closed and hermetically sealed. If the deceased gave written authorization to embalm and did not revoke the authorization, the authorization shall satisfy this requirement. If the deceased did not give written authorization to embalm, the next of kin of the deceased may give authorization to embalm. Authorization to embalm may be given by the next of kin prior to the death of the person whose body is to be embalmed. Authorization to embalm given prior to death may be in any written document, including a preneed contract. Authorization for embalming may be given by the following:

(A) The next of kin, for purposes of this rule, shall be the following person(s), in the priority listed, if that person is over the age of eighteen (18) years and is mentally competent:

1. Surviving spouse;
2. Any surviving child;

(C) The county coroner or medical examiner pursuant to the provisions of Chapter 58, RSMo;

(D) If the body is required to be buried at public expense, the body shall be disposed of according to the terms of section 194.150, RSMo;

(E) If the funeral establishment receives no authorization to embalm from any of the persons identified in subsections *[(21)](20)*(A), (B), or (C) of this rule, the funeral establishment may proceed with embalming if it has attempted to locate a person from whom authorization to embalm may be obtained for at least six (6) hours and it has a written statement from city, county, or state law enforcement officials that they have assisted the funeral establishment in attempting to locate such a person. However, the embalmer may proceed to embalm sooner if the condition of the body is such that waiting for six (6) hours would substantially impair the ability to effectively embalm the body or if the deceased died as a result of a communicable disease, was subject to isolation at the time of death, and has not been properly embalmed; and

(F) If an embalmer proceeds to embalm a body under the provisions of subsection *[(21)](20)*(E), the funeral establishment which employs the embalmer shall not require payment for the embalming unless the funeral arrangements which are subsequently made are those that embalming is required.

[(22)] (21) Each funeral establishment shall maintain documentation of the following information regarding authorization to embalm a body which is embalmed by or on behalf of the funeral establishment:

- (A) When authorization to embalm is given in writing—

 2. The relationship of that person to the deceased;
 3. The time and date authorization to embalm was given; and
 4. The name and title of the person receiving authorization to embalm on behalf of the funeral establishment; and

(B) Authorization to embalm must be given in writing if the person authorizing embalming is present in the funeral establishment or in the physical presence of the person receiving authorization to embalm on behalf of the funeral establishment. If verbal authorization to embalm is given, the funeral establishment must document—

verbally communicating authorization to embalm to the funeral establishment;

2. The relationship of that person to the deceased;
3. The name of the person who is verbally communicating authorization to embalm and that person's relationship to the person who is actually authorizing embalming;
4. The time and date authorization to embalm was given; and
5. The name and title of the person receiving authorization to embalm on behalf of the funeral establishment.

[(23)] (22) Each funeral establishment must maintain the following documents for a minimum of one (1) year:

- (A) Embalming logs;
- (B) Purchase agreements;
- (C) Authorizations to embalm;
- (D) Preneed contracts which have been cancelled or fulfilled;
- (E) Authorizations to cremate; and
- (F) General price list.

[(24)] (23) No dead human body shall be buried, interred, cremated, or be removed from this state, unless the burial, interment, cremation, removal, or other authorized disposition, is performed under the direction of a Missouri licensed funeral establishment or Missouri licensed funeral director who is engaged in the practice of funeral directing in a licensed funeral establishment in an adjacent and contiguous county to the state of Missouri.

[(25)] (24) Whenever a dead human body is donated to a medical or educational institution for medical and/or scientific study and arrangements for return of the body to the legal next of kin have not been made, then delivery of the body to the medical or educational institution shall constitute final disposition. If, however, arrangements for return of the body to the legal next of kin have been made, then final disposition shall be the burial, interment, cremation, or removal of the body out of this state, after the medical or educational institution has returned the body.

Division: 50 – Division of School Improvement
Chapter: 340 – School Improvement and Accreditation
Type of Rulemaking: Proposed Rule
Rule Number and Name: 5 CSR 50-340.200 Annual Public Reporting of Information by School Districts

II. SUMMARY OF FISCAL IMPACT

Affected Agency or Political Subdivision	Estimated Cost of Compliance in the Aggregate
Public Elementary and Secondary School Districts	\$268,005 to \$446,675 per year for the life of the rule
Department of Elementary and Secondary Education	The proposed rule will not cost more than five hundred dollars (\$500) in the aggregate.

III. WORKSHEET

IV. ASSUMPTIONS

The estimated cost of compliance for public elementary and secondary school districts is based on the total student enrollment within the public schools in the state, reduced by the average number of students per household. During the 1999-2000 school year, student enrollment in Missouri public schools stood at 893,350. Census data for the year 2000 provided an estimated number of children per household as 2.5 per family. The cost of duplication and distribution of the school report card will vary based upon the method used for distribution. For the purposes of this fiscal note, it is estimated that the cost of duplication and direct mailing of the report card may range from \$.75 to \$1.25 per household. It is assumed that distribution of the report card through newspaper or Internet publication would reduce this cost.

(C) An institution seeking to offer an innovative or alternative professional education program shall submit a proposal to the Teacher Education Section at DESE addressing the elements discussed in this section. Only those programs which DESE determines to have merit and potential for providing quality preparation for candidate certification will be considered for approval. The proposals should include at a minimum the following elements:

1. A description of the proposed program based upon a statement of the purpose and objectives for an area of the public school curriculum and a statement of the nature of the proposed program that is consistent with those objectives, the mission of the institution, and the conceptual framework for the professional education unit. These statements shall be collaboratively prepared and shall be based on analyses of current practices and trends in the identified area of the public school curriculum;

6. A written plan for the continuing evaluation of the proposed program including definition and specification of the kinds of evidence that will be gathered and reported to the institution and the state education agency at designated intervals. Evaluation reports shall provide information to identify areas in the program that need to be strengthened and/or to suggest new directions for program development.

(D) Innovative and alternative programs shall abide by and be evaluated according to the Missouri standards for professional education programs included in rules promulgated by the board.

**Title 11—DEPARTMENT OF PUBLIC SAFETY
Division 45—Missouri Gaming Commission
Chapter 30—Bingo**

PROPOSED RULE

11 CSR 45-30.025 Bingo Promotions

PURPOSE: This rule establishes the general guidelines and restrictions licensed charitable organizations must follow to conduct "free no charge" promotional events in conjunction with their bingo game, pursuant to section 313.040, RSMo.

(1) Bingo promotions are defined as free drawings, free pull tabs, or any other free games (other than free bingo) offered in conjunction with a bingo event in which a cash, merchandise, or other item of value is awarded. All persons sixteen (16) years of age or older would be eligible to enter the bingo hall without charge and participate in the drawing or game without any charge whatsoever and with no solicitations of any kind for donations.

(2) Prizes awarded from bingo promotions would not count against the three thousand six hundred dollars (\$3,600) maximum that a licensed organization could award during any single bingo event.

(3) The licensee shall submit a Bingo Promotion Request form (as provided by the commission) to the commission requesting to conduct a bingo promotion or regularly scheduled promotions. The form must be submitted at least thirty (30) days prior to any planned event(s). The form must be complete and include the licensee's name and license number, the times, dates, and locations of the bingo promotion, and the signature of an authorized representative or officer of the organization attesting to the accuracy of the information submitted.

(4) Pre-approval by Missouri Gaming Commission: No bingo promotion will be conducted unless it has first been requested on a Bingo Promotion Request form by the licensee and approved in writing by the commission. Applications may be for a single event or for regularly recurring events, e.g., in conjunction with every bingo event, during the last bingo event of each month, every other week, etc. Once approved, any changes in an approved bingo promotion would require another application and approval by the commission.

(5) No consideration: "Free" means there is no direct or indirect cost to any person seeking to win the award in the bingo promotion. Check-off blocks on the form will require the applicant declare that if bingo paper is used, it will be provided free, and that no admission will be charged for the time period during which the bingo promotion will be played or thirty (30) minutes prior to

beginning the bingo promotion. Organizations that customarily charge an admission fee could not have bingo promotions unless they submit a written plan that ensures to the satisfaction of the commission that participants in any bingo promotion offered by the licensee will not have any direct or indirect cost associated with their eligibility to participate in the promotion.

(6) Scheduling: The application will state specifically when the bingo promotion will be conducted in proximity with the regular bingo event, e.g., immediately before the start of the regular bingo event, during intermission, or at the conclusion of the regular bingo event.

(7) Maximum Prize/Funding Source: No licensee may award bingo promotion prizes or awards in an amount that exceeds two percent (2%) of their net bingo profits or more than five hundred dollars (\$500) in cash or merchandise in conjunction with any single bingo event. The value of merchandise will be defined as the fair market value of the merchandise. Except for any donated prizes, bingo promotions will be funded only by bingo funds within the above restrictions and those contained in 11 CSR 45-30.020. If any donated prizes are awarded, the licensee will maintain applicable documentation for at least three (3) years on the source of the donation, a description of the prize that was donated, and the fair market value of the prize.

(8) Location: Each bingo promotion will be conducted at the approved location where the licensee conducts the bingo event.

(9) Participation: All persons sixteen (16) years of age or older are eligible to participate in the bingo promotion without any direct or indirect charge. Bingo workers may NOT participate in the promotion.

(10) No "Progressive" Promotions: Bingo promotions will be played to their conclusion each scheduled session, e.g., if the person whose number is drawn in a free drawing is not present, another number will be drawn until there is a winner. No bingo promotion will be allowed to carry over to a subsequent bingo event.

(11) Conduct of the Bingo Promotion: Bingo promotions will be conducted in such a manner that the chance of winning shall be equal to all participants. Bingo selection equipment may be used to determine the winner.

(12) Record of Winner: The operator of any bingo promotion will keep a Bingo Promotion Winner Record (form provided by the commission) of all bingo promotions to include but not limited to the date and prize awarded, and the winner's name, telephone number, and physical address (street name and number - no PO Box or General Delivery). If the prize is merchandise, the invoice value of the merchandise will be shown on the form. Licensees shall retain all Bingo Promotion Winner Record forms and invoices for merchandise given as prizes for a three (3)-year period.

(13) Violation Subject to Disciplinary Action: Licensees who fail to comply with this rule will be subject to disciplinary action as provided in section 313.052, RSMo.

AUTHORITY: section 313.065, RSMo 2000. Original rule filed Oct. 29, 2001.

PUBLIC COST: This proposed rule will not cost state agencies or political subdivisions more than five hundred dollars (\$500) in the aggregate.

PRIVATE COST: This proposed rule will not cost private entities more than five hundred dollars (\$500) in the aggregate.

NOTICE OF PUBLIC HEARING AND NOTICE TO SUBMIT COMMENTS: Anyone may file a statement in support of or in opposition to this proposed rule with the, Missouri Gaming Commission, Bingo Division, PO Box 1847, Jefferson City, MO 65102. To be considered, comments must be received within thirty (30) days after publication of this notice in the Missouri Register. Title 15—ELECTED OFFICIALS
Division 30—Secretary of State
Chapter 55—Hearings Under Securities Act

PROPOSED RULE

15 CSR 30-55.030 Answers and Supplementary Pleadings

PURPOSE: This rule describes the form and content of the answer and supplementary pleadings and how they shall be filed.

(1) Answers.

(A) Matters Prosecuted by Securities Division Before the Commissioner. In any proceeding in which the Securities Division has filed a petition with the commissioner, a party challenging the factual basis for an order shall file an answer to allegations made by the Securities Division in its petition. The answer shall be filed within thirty (30) days of receipt of the hearing order, unless the commissioner orders additional time. All answers shall be in writing and should admit those portions of the petition which respondent believes are true and deny those portions of the petition which respondent believes are not true. The answer shall contain a short and concise statement of those facts, which the respondent believes are true and relevant to the issues raised in the complaint. The respondent or legal counsel must sign the answer.

(B) Matters Prosecuted by Others Before the Commissioner. In those cases where an applicant has filed a petition and the Securities Division files an answer, the answer shall set forth the factual and legal basis for the action of the commissioner. Unless the answer specifically pleads that petitioner has failed to comply with 15 CSR 30-55.020, objections for failure to comply will be deemed as waived by the Securities Division. Absent a showing that the division has complied with the law and these rules, no complaint of an applicant shall be dismissed without a hearing on the merits.

(C) Matters Prosecuted by the Securities Division Before the Administrative Hearing Commission. In any proceeding that the commissioner has referred to the Administrative Hearing Commission, the respondent shall file an answer within ten (10) days after respondent receives a copy of the complaint. However, the failure to file an answer within the time provided in this rule will not prevent the Administrative Hearing Commission from holding a prehearing conference or a hearing at the time and place specified in the notice. Neither will the failure to file an answer divest the commissioner or Administrative Hearing Commission of jurisdiction to render a decision in the case.

(D) Matters Prosecuted by Others Before the Administrative Hearing Commission. In those cases where an applicant has filed a petition and the commissioner files an answer, the answer shall set forth the factual and legal basis for the action of the commissioner.

(2) Amendments and Supplementary Pleadings.

(A) A petition may be modified or amended without leave of the commissioner or Administrative Hearing Commission at any time preceding the filing of an answer or other responsive pleading by the respondent. After respondent has filed his/her responsive pleading, leave must be granted to amend or modify any petition.

(B) Answers may be modified or amended without leave of the commissioner or Administrative Hearing Commission at any time up to five (5) days preceding the date on which the hearing in the case is actually held. After this time, all modifications or amendments to answers may be made only upon leave being granted by the commissioner or Administrative Hearing Commission.

(C) Any pleading, other than a complaint or an answer, may be filed in any case pending before the Administrative Hearing Commission if leave is first granted.

AUTHORITY: section 409.413, RSMo 2000. Original rule filed Aug. 11, 1978, effective Feb. 11, 1979. Rescinded and readopted: Filed Nov. 1, 2001.

**Title 3—DEPARTMENT OF CONSERVATION
Division 10—Conservation Commission

ORDER OF RULEMAKING

By the authority vested in the Conservation Commission under sections 40 and 45 of Art. IV, Mo. Const., the commission amends a rule as follows:

3 CSR 10-1.010 Organization and Methods of Operation is amended.

A notice of proposed rulemaking containing the text of the proposed amendment was published in the *Missouri Register* on September 17, 2001 (26 MoReg 1795). No changes have been made in the text of the proposed amendment, so it is not reprinted here. This proposed amendment becomes effective thirty (30) days after publication in the *Code of State Regulations*.

SUMMARY OF COMMENTS: No comments were received during the comment period.

**Title 4—DEPARTMENT OF ECONOMIC
DEVELOPMENT
Division 240—Public Service Commission
Chapter 21—Electric Service Territorial Agreements**

ORDER OF RULEMAKING

By the authority vested in the Missouri Public Service Commission under sections 394.312 and 386.800, RSMo 2000, the commission amends a rule as follows:

4 CSR 240-21.010 Schedule of Fees is amended.

A notice of proposed rulemaking containing the text of the proposed amendment was published in the *Missouri Register* on July 2, 2001 (26 MoReg 1312-1316). No changes have been made in the text of the proposed amendment, so it is not reprinted here. This proposed amendment becomes effective thirty (30) days after publication in the *Code of State Regulations*.

SUMMARY OF COMMENTS: A hearing was held on August 7, 2001, at 10:00 a.m., in the Governor Office Building, 200 Madison Street, Jefferson City, Missouri. Oral testimony was received during the comment period regarding proposed rule 4 CSR 240-21.010. No written comments were received during the comment period.

COMMENT: A comment was made that the proposed language doesn't differentiate between regulated and non-regulated companies that would come before the Missouri Public Service Commission in a territorial dispute. Regulated companies already pay an annual assessment, which non-regulated companies do not pay, and the regulated company will be asked to pay again, along with the non-regulated company, in a territorial dispute.

RESPONSE: The Commission thanks all parties for their valuable comments. Fees collected under the existing rule and under the proposed amendment are credited to the Public Service Commission fund, section 394.312.7, RSMo 2000, and any amount remaining in the fund at the end of any fiscal year reduces the succeeding years assessment in accordance with section 386.370.4, RSMo 2000. Therefore the assessment paid by regulated companies does not include amounts for the Commission resolving territorial matters under sections 394.312 and 386.800, RSMo 2000 and regulated utilities are not paying twice for Commission services. Non-regulated utilities do not pay an assessment, however as with regulated utilities a non-regulated utility will pay fees for the Commission resolving territorial matters and the fees collected will be credited to the Public Service Commission fund. The proposed language will also charge fees for the resolution of annexation matters as previously there was no language addressing this issue.

**Title 4—DEPARTMENT OF ECONOMIC
DEVELOPMENT
Division 240—Public Service Commission
Chapter 51—Water Service Territorial Agreements**

ORDER OF RULEMAKING

By the authority vested in the Missouri Public Service Commission under section 247.172, RSMo 2000, the commission amends a rule as follows:

4 CSR 240-51.010 Schedule of Fees is amended.

A notice of proposed rulemaking containing the text of the proposed amendment was published in the *Missouri Register* on July 2, 2001 (26 MoReg 1317-1319). No changes have been made in the text of the proposed amendment, so it is not reprinted here. This proposed amendment becomes effective thirty (30) days after publication in the *Code of State Regulations*.

SUMMARY OF COMMENTS: A hearing was held on August 7, 2001, at 11:00 a.m., in the Governor Office Building, 200 Madison Street, Jefferson City, Missouri. Oral testimony and written comments were received during the comment period regarding proposed amendment 4 CSR 240-51.010.

COMMENT: A comment was made that the increase in fees is opposed on the premise that the fees would be paid twice. The Missouri Public Service Commission bills all public utilities for the estimated cost of regulating public utilities and also will again charge regarding the territorial dispute.

RESPONSE: The Commission thanks all parties for their valuable comments. Fees collected under the existing rule and under the proposed amendment are credited to the Public Service Commission fund, section 247.172.7, RSMo 2000, and any amount remaining in the fund at the end of any fiscal year reduces the succeeding years assessment in accordance with section 386.370.4, RSMo 2000. Therefore, the assessment does not include amounts for the Commission resolving territorial matters under section 247.172, RSMo 2000 and utilities are not paying twice for Commission services.
