SUMMARY OF COMMENTS:

COMMENT: One (1) comment suggested that, in the phrase "misuse funds/property," the department should insert the word "of" after the word "misuse" each time this occurs in the proposed amendment. **RESPONSE AND EXPLANATION OF CHANGE:** The department agrees with the comment and has revised the amendment accordingly, specifically in the following places: the title of the rule, the Purpose, subsections (1)(D), (2)(A), (3)(C), section (6), subsections (6)(C) and (6)(D), and sections (7), (9) and (11).

COMMENT AND RESPONSE AND EXPLANATION OF CHANGE: Even though no specific comment was received during the comment period, the department is revising section (11) of the proposed amendment to incorporate a statutory change. On July 1, 2003, the governor signed SB 184. Among the provisions of this bill is authorization for the department to grant an exception to a person who is disqualified from employment due to substantiation of abuse, neglect or misuse of client funds. Accordingly the department is revising the rule to provide for the exception option.

9 CSR 10-5.200 Report of Complaints of Abuse, Neglect and Misuse of Funds/Property

PURPOSE: This rule prescribes procedures for reporting and investigating complaints of abuse, neglect and misuse of funds/property in a residential facility, day program or specialized service that is licensed, certified or funded by the Department of Mental Health (department) as required by sections 630.135, 630.168, 630.655 and 630.710, RSMo. The rule also sets forth due process procedures for persons who have been accused of abuse, neglect and misuse of funds/property.

(1) The following words and terms, as used in this rule, mean:

(D) Misuse of funds/property, the misappropriation or conversion of a consumer's funds or property by an employee for another person's benefit;

(2) This section applies to any employee or consumer of any residential facility, day program or specialized service, as defined under section 630.005, RSMo. Facilities, programs and services that are operated by the department are regulated by the department's operating regulations and are not included in this definition.

(A) Any such employee who has reasonable cause to believe that a consumer has been subjected to physical abuse, sexual abuse, misuse of funds/property, class I neglect, class II neglect or verbal abuse while under the care of a residential facility, day program or specialized service that is licensed, certified or funded by the department shall immediately make a verbal or written complaint.

(3) The head of the facility, day program or specialized service that is licensed, certified or funded by the department shall immediately report to the local law enforcement official any alleged or suspected—

(C) Abuse, neglect or misuse of funds/property which may result in a criminal charge.

(6) Within ten (10) working days of receiving the final report from the board of inquiry, local investigator or central investigative unit, if there is a preliminary determination of abuse, neglect or misuse of funds/property, the head of the supervising facility or department designee shall send to the alleged perpetrator a summary of the allegations and findings which are the basis for the alleged abuse/neglect/misuse of funds or property; the provider will be

copied. The summary shall comply with the constraints regarding confidentiality contained in section 630.167, RSMo and shall be sent by regular and certified mail.

(C) Within ten (10) working days of the meeting, or if no request for a meeting is received within ten (10) working days of the alleged perpetrator's receipt of the summary, the head of the supervising facility or department designee shall make a final determination as to whether abuse/neglect/misuse of funds or property took place. The perpetrator shall be notified of this decision by regular and certified mail; the provider will be copied.

(D) The letter shall advise the perpetrator that they have ten (10) working days following receipt of the letter to contact the department's hearings administrator if they wish to appeal a finding of abuse, neglect or misuse of funds/property.

(7) If an appeal is requested, the hearings administrator shall schedule the hearing to take place within thirty (30) working days of the request, but may delay the hearing for good cause shown. At the hearing, the head of the supervising facility or designee, or other department designee shall present evidence supporting its findings of abuse, neglect, misuse of funds/property, or all. The provider or perpetrator may submit comments or present evidence to show why the decision of the head of the supervising facility or department designee should be modified or overruled. The hearings administrator may obtain additional information from department employees as s/he deems necessary.

(9) The opportunities described in sections (6), (7) and (8) of this rule regarding a meeting with the head of the supervising facility and an appeal before the department's hearings administrator apply also to providers and alleged perpetrators in an investigation of misuse of funds/property.

(11) If the department substantiates that a person has perpetrated physical abuse, sexual abuse, class I neglect, or misuse of funds/property, the perpetrator shall not be employed by the department, nor be licensed, employed or provide services by contract or agreement at a residential facility, day program or specialized service that is licensed, certified or funded by the department. The perpetrator's name shall be placed on the department Disqualification Registry pursuant to section 630.170, RSMo. Persons who have been disqualified from employment may request an exception by using the procedures described in 9 CSR 10-5.210 Exception Committee Procedures.

(14) No director, supervisor or employee of a residential facility, day program or specialized service shall evict, harass, dismiss or retaliate against a consumer or employee because he or she or any member of his or her family has made a report of any violation or suspected violation of consumer abuse, neglect or misuse of funds/property. Penalties for retaliation may be imposed up to and including cancellation of agency contracts and/or dismissal of such person.

ORDER OF RULEMAKING

By the authority vested in the director of the Department of Health and Senior Services under sections 192.020, 192.067 and 192.667, RSMo 2000, the department adopts a rule as follows:

19 CSR 10-33.040 is adopted.

A notice of proposed rulemaking containing the text of the proposed rule was published in the *Missouri Register* on July 15, 2003 (28 MoReg 1287–1291). Those sections with changes are reprinted here. This proposed rule becomes effective thirty (30) days after publication in the *Code of State Regulations*.

SUMMARY OF COMMENTS: Comments were received from fifty (50) hospitals and the Missouri Hospital Association (MHA).

COMMENT: Hospitals and MHA commented that we should implement the regulations in phases and the first phase should be to test the proposed surveillance system through a pilot project with volunteer hospitals. The regulation should not be imposed on all hospitals in the initial phase. After a reasonable test an independent reviewer should evaluate the test phase.

RESPONSE AND EXPLANATION OF CHANGE: The rule has been changed to include a pilot phase with volunteer hospitals as recommended by the commenters. The implementation date has been delayed until after the pilot is completed as recommended. We will ask the department's Advisory Committee on Communicable Diseases and Bioterrorism Response to review the findings of the pilot project.

COMMENT: Hospitals and MHA suggested that hospitals not participating in the pilot project should be exempt from the requirement to file an implementation plan until after the regulations have been updated to reflect the lessons learned during the pilot project phase.

RESPONSE AND EXPLANATION OF CHANGE: The date required for the submission of an implementation plan has been changed from October 1, 2003 to November 1, 2003. The implementation plan is very simple in format and will not require much time to complete. It is important to the department to have basic information on the hospitals for our planning purposes. Therefore, the plan will be required as of November 1, 2003. We have amended the rule to allow for an extension of the implementation date if the results of the pilot indicate that changes need to be made.

COMMENT: Hospitals and MHA suggested that hospitals should be compensated for the costs associated with implementing the regulations.

RESPONSE: The department has placed in the Health Resources Services Administration bioterrorism grant funding to compensate hospitals for the cost of implementing the regulation.

COMMENT: Hospitals and MHA suggested that we should create an alternative process for small rural hospitals, rehabilitative hospitals, psychiatric and post-acute care hospitals.

RESPONSE AND EXPLANATION OF CHANGE: The rule has been changed to exclude a hospital in a rural area as defined in section 191.500, RSMo; a hospital designated by the Health Resources Services Administration as a small rural hospital, a hospital licensed as a psychiatric or a rehabilitative hospital; or a hospital without an emergency room. The department has determined that it may review the need to expand this definition to include hospitals in a rural area or otherwise designated as a small rural hospital after the completion of implementation of the plans submitted to and approved by the department under section (4) of this rule. Presently the department has an alternative manual process for collecting syndromic data. Hospitals had expressed concern about the labor intensiveness of the present data collection process. The original rule was developed to address the concerns raised by hospitals. Hospitals that are excluded from this rule will be allowed to participate in the voluntary manual system already in place.

COMMENT: MHA recommended that the DHSS should establish an advisory board to advise the department on syndromic surveillance.

RESPONSE: The department has an Advisory Committee on Communicable Diseases and Bioterrorism Response that is made up of experts in communicable diseases. We will use this committee to advise the department on the syndromic surveillance system.

COMMENT: Barnes Jewish Christian (BJC) Health Care made several additional comments. They commented that there needed to be a specific analysis and intervention plan. They also commented that the Natural Language Processor the department plans to use has not been validated. In addition, they were concerned about the amount of work that might be generated from the notifications.

RESPONSE: Since the comments were received the department has had two (2) meetings with BJC. BJC and the department will be working together to address the issues raised by BJC. The department validated the Natural Language Processor and found it can translate the chief complaint to an ICD code at a very high rate. The department will work with BJC and other hospitals to ensure that the system does not create a high number of notifications that would overload both the hospitals and the department.

COMMENT: Mineral Area Regional Medical Center commented that they did not collect the data in the rule and it would impact them significantly to collect the data. They also indicated the rule will create an impact to comply with HIPAA.

RESPONSE: The data elements that the hospital cited are voluntary and are not mandated by the rule. The hospital already has to comply with HIPAA record keeping for submitting patient abstract data to the department. This rule should not add substantially to what a hospital is already doing to comply with HIPAA.

COMMENT: Shriners Hospital commented that they felt it was inappropriate for them to submit data because of the nature of the patients they treat.

RESPONSE AND EXPLANATION OF CHANGE: Under the amended rule Shriners will not have to report the data.

19 CSR 10-33.040 Electronic Reporting of Patient Abstract Data by Hospitals for Public Health Syndromic Surveillance

(1) The following definitions shall be used in the interpretation of this rule in addition to the definitions found in 19 CSR 10-33.010:

(I) Hospital means a hospital as defined in section 197.020, RSMo. For the purposes of this rule only, hospital shall not include a hospital in a rural area as defined in section 191.500, RSMo; a hospital designated by the Health Resources Services Administration as

a small rural hospital; a hospital licensed as a psychiatric or a rehabilitative hospital; or a hospital without an emergency room. Following the completion of implementation of plans submitted to and approved by the department pursuant to section (4), the department may review the need to expand this definition to include hospitals in a rural area as defined in section 191.500, RSMo or hospitals designated by the Health Resources Services Administration as a small rural hospital.

(2) All hospitals shall submit to the department a minimum data set on acute care hospital encounters occurring after the date proposed by the hospital and approved by the department. This date shall be either between April 2004 and January 2007 or an earlier date agreed upon by the hospital and the department. Before April 2004, the department shall conduct a pilot study with hospitals that volunteer to participate in the pilot study. At the sole discretion of the department, the pilot study may be extended. If the pilot study is continued, the department shall inform hospitals that their planned implementation date has been postponed to a new date as determined by the department. The data shall be submitted as a default standard electronic message or other format as agreed upon by the hospital and the department, using secure message transport protocols and data encryption.

(4) Every hospital shall submit to the department by November 1, 2003 a plan that specifies how and when they will submit data to the department in compliance with section (2) of this rule. This plan may be revised by the hospital, with the approval of the department, in the event the hospital's capacity to report electronic messages changes to support the default standard electronic message as either batch or real time messages. The hospital shall notify the department by sixty (60) days in advance of the date they plan to change the method in which they report data. This plan shall include but not be limited to:

REVISED PUBLIC COST: This rule is estimated to cost state agencies and political subdivisions two hundred twelve thousand fifteen dollars (\$212,015) initial hospital costs versus two hundred twenty thousand eight hundred dollars (\$220,800), which we submitted in the original estimate.

REVISED PRIVATE COST: This rule is estimated to cost private entities three hundred eighty-four thousand dollars (\$384,000) initial hospital costs versus six hundred thirty-eight thousand four hundred dollars (\$638,400), which we submitted in the original estimate. This rule is also estimated to cost private entities one hundred forty-four thousand dollars (\$144,000) for each subsequent year versus two hundred thirty-nine thousand four hundred dollars (\$239,400), which we submitted in the original estimate. Federal bioterrorism funds will be available to the hospitals for this cost.
