HOW TO CITE RULES AND RSMo

RULES—Cite material in the *Missouri Register* by volume and page number, for example, Vol. 28, *Missouri Register*, page 27. The approved short form of citation is 28 MoReg 27.

The rules are codified in the *Code of State Regulations* in this system—

Title	Code of State Regulations	Division	Chapter	Rule
1	CSR	10-	1.	010
Department		Agency, Division	General area regulated	Specific area regulated

They are properly cited by using the full citation, i.e., 1 CSR 10-1.010.

Each department of state government is assigned a title. Each agency or division within the department is assigned a division number. The agency then groups its rules into general subject matter areas called chapters and specific areas called rules. Within a rule, the first breakdown is called a section and is designated as (1). Subsection is (A) with further breakdown into paragraph 1., subparagraph A., part (I), subpart (a), item I. and subitem a.

RSMo—The most recent version of the statute containing the section number and the date.

Under this heading will appear the text of proposed rules and changes. The notice of proposed rulemaking is required to contain an explanation of any new rule or any change in an existing rule and the reasons therefor. This is set out in the Purpose section with each rule. Also required is a citation to the legal authority to make rules. This appears following the text of the rule, after the word "Authority."

Entirely new rules are printed without any special symbology under the heading of the proposed rule. If an existing rule is to be amended or rescinded, it will have a heading of proposed amendment or proposed rescission. Rules which are proposed to be amended will have new matter printed in boldface type and matter to be deleted placed in brackets.

An important function of the *Missouri Register* is to solicit and encourage public participation in the rulemaking process. The law provides that for every proposed rule, amendment or rescission there must be a notice that anyone may comment on the proposed action. This comment may take different forms.

If an agency is required by statute to hold a public hearing before making any new rules, then a Notice of Public Hearing will appear following the text of the rule. Hearing dates must be at least thirty (30) days after publication of the notice in the *Missouri Register*. If no hearing is planned or required, the agency must give a Notice to Submit Comments. This allows anyone to file statements in support of or in opposition to the proposed action with the agency within a specified time, no less than thirty (30) days after publication of the notice in the *Missouri Register*.

An agency may hold a public hearing on a rule even though not required by law to hold one. If an agency allows comments to be received following the hearing date, the close of comments date will be used as the beginning day in the ninety (90)-day-count necessary for the filing of the order of rulemaking.

If an agency decides to hold a public hearing after planning not to, it must withdraw the earlier notice and file a new notice of proposed rulemaking and schedule a hearing for a date not less than thirty (30) days from the date of publication of the new notice.

Proposed Amendment Text Reminder:

Boldface text indicates new matter.

[Bracketed text indicates matter being deleted.]

**Title 13—DEPARTMENT OF SOCIAL SERVICES
Division 70—Division of Medical Services
Chapter 3—Conditions of Provider Participation,
Reimbursement and Procedure of General Applicability**

PROPOSED AMENDMENT

13 CSR 70-3.030 Sanctions for False or Fraudulent Claims for Title XIX Services. The division is amending section (1) and paragraph (3)(A)7. and adding a new paragraph (2)(A)13.

PURPOSE: This amendment outlines documentation requirements for targeted case management programs and services administered by the Department of Mental Health.

(1) Administration. The Missouri Medicaid program shall be administered by the Department of Social Services, Division of Medical Services. The services covered and not covered, the limitations under which services are covered, and the maximum allowable fees for all covered services shall be determined by the division and shall be included in the Medicaid provider manuals, which are incorporated by reference and made a part of this rule as published by the Department of Social Services, Division of Medical Services, 615 Howerton Court, Jefferson City, MO 65102, at its website www.dss.mo.gov/dms, [August 1, 2006] **December 15, 2006**. This rule does not incorporate any subsequent amendments or additions.

(2) The following definitions will be used in administering this rule:

(A) Adequate documentation means documentation from which services rendered and the amount of reimbursement received by a provider can be readily discerned and verified with reasonable certainty. Adequate medical records are records which are of the type and in a form from which symptoms, conditions, diagnosis, treatments, prognosis and the identity of the patient to which these things relate can be readily discerned and verified with reasonable certainty. All documentation must be made available at the same site at which the service was rendered. An adequate and complete patient record is a record which is legible, which is made contemporaneously with the delivery of the service, which addresses the patient/client specifics, which include, at a minimum, individualized statements that support the assessment or treatment encounter, and shall include documentation of the following information:

1. First name, and last name, and either middle initial or date of birth of the Medicaid recipient;
2. An accurate, complete, and legible description of each service(s) provided;
3. Name, title, and signature of the Missouri Medicaid enrolled provider delivering the service. Inpatient hospital services must have signed and dated physician or psychologist orders within the patient's medical record for the admission and for services billed to Missouri Medicaid. For patients registered on hospital records as outpatient, the patient's medical record must contain signed and dated physician orders for services billed to Missouri Medicaid. Services provided by an individual under the direction or supervision are not reimbursed by Missouri Medicaid. Services provided by a person not

enrolled with Missouri Medicaid are not reimbursed by Missouri Medicaid;

4. The name of the referring entity, when applicable;
5. The date of service (month/day/year);
6. For those Medicaid programs and services that are reimbursed according to the amount of time spent in delivering or rendering a service(s) (except for services as specified under 13 CSR 70-91.010 Personal Care Program (4)(A)) the actual begin and end time taken to deliver the service (for example, 4:00–4:30 p.m.) must be documented;
7. The setting in which the service was rendered;
8. The plan of treatment, evaluation(s), test(s), findings, results, and prescription(s) as necessary. Where a hospital acts as an independent laboratory or independent radiology service for persons considered by the hospital as “nonhospital” patients, the hospital must have a written request or requisition slip ordering the tests or procedures;
9. The need for the service(s) in relationship to the Medicaid recipient's treatment plan;
10. The Medicaid recipient's progress toward the goals stated in the treatment plan (progress notes); *[and]*
11. Long-term care facilities shall be exempt from the seventy-two (72)-hour documentation requirements rules applying to paragraphs (2)(A)9. and (2)(A)10. However, applicable documentation should be contained and available in the entirety of the medical record; *[and]*
12. For applicable programs it is necessary to have adequate invoices, trip tickets/reports, activity log sheets, employee records (excluding health records), and training records of staff; **and**
13. **For targeted case management programs and services administered by the Department of Mental Health, documentation shall include:**
 - A. **First name, last name, and either middle initial or date of birth of the Medicaid recipient;**
 - B. **An accurate, complete, and legible case note of each service provided;**
 - C. **Name of the case manager providing the service;**
 - D. **Date the service was provided (month/day/year);**
 - E. **Amount of time in minutes/hour(s) spent completing the activity;**
 - F. **Setting in which the service was rendered;**
 - G. **Individual treatment plan or person centered plan with regular updates;**
 - H. **Progress notes;**
 - I. **Discharge summaries when applicable; and**
 - J. **Other relevant documents referenced in the case note such as letters, forms, quarterly reports and plans of care;**

(3) Program Violations.

(A) Sanctions may be imposed by the Medicaid agency against a provider for any one (1) or more of the following reasons:

1. Presenting, or causing to be presented, for payment any false or fraudulent claim for services or merchandise in the course of business related to Medicaid;
2. Submitting, or causing to be submitted, false information for the purpose of obtaining greater compensation than that to which the provider is entitled under applicable Medicaid program policies or rules, including, but not limited to, the billing or coding of services which results in payments in excess of the fee schedule for the service actually provided or billing or coding of services which results in payments in excess of the provider's charges to the general public for the same services or billing for higher level of service or increased number of units from those actually ordered or performed or both, or altering or falsifying medical records to obtain or verify a greater payment than authorized by a fee schedule or reimbursement plan;
3. Submitting, or causing to be submitted, false information for the purpose of meeting prior authorization requirements or for the

purpose of obtaining payments in order to avoid the effect of those changes;

4. Failing to make available, and disclosing to the Medicaid agency or its authorized agents, all records relating to services provided to Medicaid recipients or records relating to Medicaid payments, whether or not the records are commingled with non-Title XIX (Medicaid) records. All records must be kept a minimum of five (5) years from the date of service unless a more specific provider regulation applies. The minimum five (5)-year retention of records requirement continues to apply in the event of a change of ownership or discontinuing enrollment in Medicaid. Services billed to the Medicaid agency that are not adequately documented in the patient's medical records or for which there is no record that services were performed shall be considered a violation of this section. Copies of records must be provided upon request of the Medicaid agency or its authorized agents, regardless of the media in which they are kept. Failure to make these records available on a timely basis at the same site at which the services were rendered or at the provider's address of record with the Medicaid agency, or failure to provide copies as requested, or failure to keep and make available adequate records which adequately document the services and payments shall constitute a violation of this section and shall be a reason for sanction. Failure to send records, which have been requested via mail, within the specified time frame shall constitute a violation of this section and shall be a reason for sanction;

5. Failing to provide and maintain quality, necessary and appropriate services, including adequate staffing for long-term care facility Medicaid recipients, within accepted medical community standards as adjudged by a body of peers, as set forth in both federal and state statutes or regulations. Failure shall be documented by repeat discrepancies. The discrepancies may be determined by a peer review committee, medical review teams, independent professional review teams, utilization review committees or by Professional Standards Review Organizations (PSRO). The medical review may be conducted by qualified peers employed by the single state agency;

6. Engaging in conduct or performing an act deemed improper or abusive of the Medicaid program or continuing the conduct following notification that the conduct should cease. This will include inappropriate or improper actions relating to the management of recipients' personal funds or other funds;

7. Breaching of the terms of the Medicaid provider agreement of any current written and published policies and procedures of the Medicaid program (*/s/*Such */as/* **policies and procedures** are contained in provider manuals or bulletins which are incorporated by reference and made a part of this rule as published by the Department of Social Services, Division of Medical Services, 615 Howerton Court, Jefferson City, MO 65102, at its website www.dss.mo.gov/dms, *[June 15, 2005]* **December 15, 2006**. This rule does not incorporate any subsequent amendments or additions.) or failing to comply with the terms of the provider certification on the Medicaid claim form;

8. Chapter 60—Licensing of Foster Family Homes**

ORDER OF RULEMAKING

By the authority vested in the Children's Division under sections 207.020 and 210.506, RSMo 2000, the director adopts a rule as follows:

13 CSR 35-60.030 is adopted.

A notice of proposed rulemaking containing the text of the proposed rule was published in the *Missouri Register* on September 1, 2006 (31 MoReg 1320-1321). Those sections with changes are reprinted here. This proposed rule becomes effective thirty (30) days after publication in the *Code of State Regulations*.

SUMMARY OF COMMENTS: The Department of Social Services, Children's Division received three (3) comments on the proposed rule.

COMMENT: A comment was received from Danny and Lydia Reiter, Dent County foster parents which requested that we not allow the proposed rule regarding the collection of information to be shared with the family support team in making placement decisions be allowed to go into effect. Their concern was with personal information regarding the foster family being shared with the parents and relatives of children in care. The concern was with personal information regarding the biological and adopted children of the foster parents would be shared with people who commit crimes against children.

RESPONSE AND EXPLANATION OF CHANGE: The Children's Division will not be providing copies of the complete assessment on foster homes with all of this information to the family support team. The division is still bound by the Health Information Portability and Accountability Act (HIPAA) that protects certain information. However, much of the information that the family is requesting be kept confidential cannot by statute. Much of the information collected is already available to the general public by request under open records law. However language has been changed in section (8) below to make what is released more clear.

COMMENT: A comment was received by Rep. Jason Smith in which he requested that the information collected on the foster family be provided to only one (1) person, such as the caseworker, in order to cut back on identity theft and keep the child safe. His concern was about biological parents having knowledge of where the children are staying in a foster home.

RESPONSE: The personal information collected which could be used for identity theft would not be released in the foster family profile as it is protected information and would not be released. The information regarding where a child is placed is information that is already shared with the parents of the child unless there are concerns about the safety of the child and/or foster family. This information would again not be shared if there were safety concerns. We ask that our foster families work closely with the biological parents and therefore would not keep this information from the parents of the child.

COMMENT: A comment was received asking that a change be made to the proposed rule regarding the Health of Foster Family. She asked that (4)(A) be changed from "At the time of application for an initial license. . . ." to "At the time of application for an initial license and at the time of license renewal. . . ." This would allow for the division to update information on the physical and mental health status of foster parents. Also, many parents do not have their children immunized for various religious and health reasons and we would like to have the ability to license them if a physician does not feel the lack of immunization presents a serious health risk to the foster children. RESPONSE AND EXPLANATION OF CHANGE: Suggested changes to the rule are being submitted.

13 CSR 35-60.030 Minimum Qualifications of Foster Parent(s)

(4) Health of Foster Family.

(A) At the time of application for an initial license and at the time of license renewal, foster parents shall authorize their physician to submit a statement on a prescribed form, regarding his/her opinion of the mental health of each foster family member and certifying that a physical examination was completed within the past year and that all household members were free from communicable disease or are not a threat to the health of foster children and are up-to-date on all immunizations. If any member of the family is not up-to-date on immunizations, there must be a statement from the family physician indicating that the health of foster children is not at risk. A tuberculosis (TB) test and a chest Xray may be completed, if recommended by the physician.

(8) All information which is collected by the division in the licensing study will be condensed to comprise a foster home profile which will be available to team members when children are placed into the care of the division, in order for placement decisions to be made in the best interests of the child. The profile will not contain any protected health information, financial information, or information on biological or adopted children of the foster family.
