Under this heading will appear the text of proposed rules and changes. The notice of proposed rulemaking is required to contain an explanation of any new rule or any change in an existing rule and the reasons therefor. This is set out in the Purpose section with each rule. Also required is a citation to the legal authority to make rules. This appears following the text of the rule, after the word "Authority."

Entirely new rules are printed without any special symbology under the heading of the proposed rule. If an existing rule is to be amended or rescinded, it will have a heading of proposed amendment or proposed rescission. Rules which are proposed to be amended will have new matter printed in boldface type and matter to be deleted placed in brackets.

An important function of the *Missouri Register* is to solicit and encourage public participation in the rulemaking process. The law provides that for every proposed rule, amendment or rescission there must be a notice that anyone may comment on the proposed action. This comment may take different forms.

If an agency is required by statute to hold a public hearing before making any new rules, then a Notice of Public Hearing will appear following the text of the rule. Hearing dates must be at least thirty (30) days after publication of the notice in the *Missouri Register*. If no hearing is planned or required, the agency must give a Notice to Submit Comments. This allows anyone to file statements in support of or in opposition to the proposed action with the agency within a specified time, no less than thirty (30) days after publication of the notice in the *Missouri Register*.

An agency may hold a public hearing on a rule even though not required by law to hold one. If an agency allows comments to be received following the hearing date, the close of comments date will be used as the beginning day in the ninety (90)-day-count necessary for the filing of the order of rulemaking.

If an agency decides to hold a public hearing after planning not to, it must withdraw the earlier notice and file a new notice of proposed rulemaking and schedule a hearing for a date not less than thirty (30) days from the date of publication of the new notice.

Proposed Amendment Text Reminder:
Boldface text indicates new matter.
[Bracketed text indicates matter being deleted.]

Chapter 23—Motor Vehicle

PROPOSED AMENDMENT

12 CSR 10-23.420 Secure Power of Attorney Requirements. The director proposes to amend sections (1), (2) and (4).

PURPOSE: Section 407.536(8), RSMo and the Motor Vehicle Information and Cost Savings Act allow for the usage of a secure power of attorney form in certain situations to facilitate the sale of a motor vehicle. The department has developed a new form for this purpose. This amendment provides for the new secure power of attorney form and establishes the time frame for submitting the secure power of attorney forms and title copies to the department when sales reports are filed electronically.

PUBLISHER'S NOTE: The secretary of state has determined that the publication of the entire text of the material which is incorporated by reference as a portion of this rule would be unduly cumbersome or expensive. This material as incorporated by reference in this rule shall be maintained by the agency at its headquarters and shall be made available to the public for inspection and copying at no more than the actual cost of reproduction. This note applies only to the reference material. The entire text of the rule is printed here.

(1) Section 407.536(8), RSMo and the Motor Vehicle Information and Cost Savings Act allow the transferor of a motor vehicle to execute a secure power of attorney **(POA)** when the certificate of ownership is held by a lienholder or for the purpose of assigning a duplicate title in order to comply with federal and state odometer disclosure requirements. **The Secure Power of Attorney form, which has been incorporated by reference, published by the Missouri Department of Revenue, PO Box 100, Jefferson City, MO 65105-0100, contains a revision date of November 2005. The Secure Power of Attorney form does not include any amendments or additions to the November 2005 document.**

[(2) For any motor vehicles purchased by a dealer on or after November 28, 1990, where the dealer elects not to apply for title in the dealership's name, the purchasing dealer listed on a secure power of attorney form (DOR-3020S) shall attach—

(A) The top sheet (dark brown) of the secure power of attorney form, which has been completed in full and signed by all sellers and an authorized agent of the purchasing dealer, to the assigned certificate of ownership and give both to the purchaser; and

(B) The second (blue) sheet of the secure power of attorney form to a photocopy of the front and back of the assigned title showing the restatement of the mileage and the assignment properly completed as authorized by the secure power of attorney form and submit both with the dealer's monthly sales report.]

(2) If the dealer sells the vehicle before the title is received as provided in section 301.894, RSMo, the dealer and purchaser may complete the secure POA to authorize the dealer to sign on behalf of the purchaser and make the odometer disclosure on the second title assignment so the purchaser is not required to return to the dealership once the title issues to acknowledge the disclosure. In this case, upon receipt of the title, the dealer must:

(A) Inspect the title to ensure the mileage on the title is consistent with what was recorded on the POA;

(B) Complete the first and second title assignments; and

(C) Complete the secure POA certifying that the mileage the dealer disclosed on the title document is consistent with the mileage provided to the dealer in the POA.

(4) Secure power of attorney forms and copies of corresponding titles received by a dealer in a particular month shall be submitted with the sales report completed for the month. **If the dealer sales report is filed electronically, the POA forms and the title copies must be filed with the Department of Revenue by the fifteenth day of the month following the month in which the sale occurred.** The dealer shall ensure that the original and all other copies of the secure power of attorney form and certificate of title are completed in full and are legible. The dealer shall retain a photocopy of the secure power of attorney form and the front and back of the corresponding certificate of ownership as a part of the dealership's records for a period of five (5) years.

PROPOSED AMENDMENT

12 CSR 30-3.060 Exchange of Exhibits, Prefiled Direct Testimony and Objections. The commission is amending this rule by adding section (2).

PURPOSE: This amendment sets forth the procedures to be used when preparing appraisal reports for personal property.

(2) In appeals pertaining to the assessment of personal property, the commission shall, unless judicial economy or fairness dictates otherwise, require the parties to adhere to the following procedure:

(A) Access to the Subject Personal Property. During the initial period of discovery set out in the scheduling order, the property owner must provide reasonable access to the property. The parties are urged to agree to a simultaneous inventory by appraisers

of both parties; however, if this proves to be impracticable, the appraiser for the taxing jurisdiction must be given a reasonable amount of time and adequate cooperation to thoroughly inspect and inventory the subject property;

(B) Additional Discovery Period. Scheduling orders shall include, in addition to the initial discovery period, a second period of discovery after the exchange of exhibits. The discovery period shall be short and limited in scope to the workfiles, as defined by the Uniform Standards of Professional Appraisal Practice (USPAP) and to the deposition(s) of appraiser(s). Each party's appraiser, upon request of the opposing party and at the cost of the appraiser's client, shall forward to the requesting party a copy of the workfile related to the exchanged appraisal. The workfile provided shall contain the specific data required in the USPAP standard and not contain extraneous materials which would hinder an efficient examination of the materials;

(C) Evidentiary Hearing. The scheduling order shall require all appraisers to have their workfile present and accessible at hearing; and

(D) Sanctions. Upon finding that either party has not complied with a provision of a scheduling order, the commission shall exact sanctions, which may include exclusion of the offending party's evidence or dismissal of the appeal.

Title 12—DEPARTMENT OF REVENUE
Division 30—State Tax Commission
Chapter 4—Agricultural Land Productive Values

PROPOSED AMENDMENT

12 CSR 30-4.010 Agricultural Land Productive Values

PURPOSE: Pursuant to section 137.021 requirements, the State Tax Commission proposes that there is no change in the existing agricultural land grades and values. The State Tax Commission proposes to implement the same use values which are in effect to date.

PURPOSE: This rule complies with the requirement of section 137.021, RSMo, to publish a range of productive values for agricultural and horticultural land for the ensuing tax year.

(1) Agricultural Land Grades and Values. The following are definitions of agricultural land grades and the productive values of each:

(A) Grade #1. This is prime agricultural land. Condition of soils is highly favorable with no limitations that restrict their use. Soils are deep, nearly level (zero to two percent (0–2%) slope) or gently sloping with low erosion hazard and not subject to damaging overflow. Soils that are consistently wet and poorly drained are not placed in Grade #1. They are easily worked and produce dependable crop yields with ordinary management practices to maintain productivity—both soil fertility and soil structure. They are adapted to a wide variety of crops and suited for intensive cropping. Use value: nine hundred eighty-five dollars ($985);

(B) Grade #2. These soils are less desirable in one (1) or more respects than Grade #1 and require careful soil management, including some conservation practices on upland to prevent deterioration. This grade has a wide range of soils and minimum slopes (mostly zero to five percent (0–5%)) that result in less choice of either crops or management practices. Primarily bottomland and best upland soils. Limitations—

1. Low to moderate susceptibility to erosion;
2. Rare damaging overflows (once in five to ten (5–10) years); and

3. Wetness correctable by drainage. Use value: eight hundred ten dollars ($810);

(C) Grade #3. Soils have more restrictions than Grade #2. They require good management for best results. Conservation practices are generally more difficult to apply and maintain. Primarily good upland and some bottomland with medium productivity. Limitations—

1. Gentle slope (two to seven percent (2–7%));

2. Moderate susceptibility to erosion;

3. Occasional damaging overflow (once in three to five (3–5) years) of Grades #1 and #2 bottomland; and

4. Some bottomland soils have slow permeability, poor drainage, or both. Use value: six hundred fifteen dollars ($615);

(D) Grade #4. Soils have moderate limitations to cropping that generally require good conservation practices. Crop rotation normally includes some small grain (for example, wheat or oats), hay, or both. Soils have moderately rolling slopes and show evidence of serious erosion. Limitations—

1. Moderate slope (four to ten percent (4–10%));

2. Grade #1 bottomland subject to frequent damaging flooding (more often than once in two (2) years), or Grades #2 and #3 bottomland subject to occasional damaging flooding (once every three to five (3–5) years);

3. Poor drainage in some cases; and

4. Shallow soils, possibly with claypan or hardpan. Use value: three hundred eighty-five dollars ($385);

(E) Grade #5. Soils are not suited to continuous cultivation. Crop rotations contain increasing proportions of small grain (for example, wheat or oats), hay, or both. Upland soils have moderate to steep slopes and require conservation practices. Limitations—

1. Moderate to steep slopes (eight to twenty percent (8–20%));

2. Grades #2 and #3 bottomland subject to frequent damaging flooding (more than once in two (2) years) and Grade #4 bottomland subject to occasional damaging flooding; and

3. Serious drainage problems for some soils. Use value: one hundred ninety-five dollars ($195);

(F) Grade #6. Soils are generally unsuited for cultivation and are limited largely to pasture and sparse woodland. Limitations—

1. Moderate to steep slopes (eight to twenty percent (8–20%));

2. Severe erosion hazards present;

3. Grades #3 and #4 bottomland subject to frequent damaging flooding (more than once in two (2) years), and Grade #5 bottomland subject to occasional damaging flooding (once every three to five (3–5) years); and

4. Intensive management required for crops. Use value: one hundred fifty dollars ($150);

(G) Grade #7. These soils are generally unsuited for cultivation and may have other severe limitations for grazing and forestry that cannot be corrected. Limitations—

1. Very steep slopes (over fifteen percent (15%));

2. Severe erosion potential;

3. Grades #5 and #6 bottomland subject to frequent damaging flooding (more than once in two (2) years);

4. Intensive management required to achieve grass or timber productions; and

5. Very shallow topsoil. Use value: seventy-five dollars ($75);

(H) Grade #8. Land capable of only limited production of plant growth. It may be extremely dry, rough, steep, stony, sandy, wet or severely eroded. Includes rivers, running branches, dry creek and swamp areas. The lands do provide areas of benefit for wildlife or recreational purposes. Use value: thirty dollars ($30); and

(I) Definitions. The following are definitions of flooding for purposes of this rule:

1. Damaging flooding. A damaging flood is one that limits or affects crop production in one (1) or more of the following ways:

A. Erosion of the soil;

B. Reduced yields due to plant damage caused by standing or flowing water;

C. Reduced crop selection due to extended delays in planting and harvesting; and

D. Soil damage caused by sand and rock being deposited on the land by flood waters;

2. Frequent damaging flooding. Flooding of bottomlands that is so frequent that normal row cropping is affected (reduces row crop selection); and

3. Occasional damaging flooding. Flooding of bottomland that is so infrequent that producing normal row crops is not compromised in most years.

(2) Forest Land and Horticultural Land. The following prescribes the treatment of forest land and horticultural land:

(A) Forest land, whose cover is predominantly trees and other woody vegetation, should not be assigned to a land classification grade based on its productivity for agricultural crops. Forest land of two (2) or more acres in area, which if cleared and used for agricultural crops, would fall into land grades #1–#5 should be placed in land grade #6; or if land would fall into land grades #6 or #7 should be placed in land grade #7. Forest land may or may not be in use for timber production, wildlife management, hunting, other outdoor recreation or similar uses; and

(B) Land utilized for the production of horticultural crops should be assigned to a land classification grade based on productivity of the land if used for agricultural crops. Horticultural crops include fruits, ornamental trees and shrubs, flowers, vegetables, nuts, Christmas trees and similar crops which are produced in orchards, nurseries, gardens or cleared fields.

AUTHORITY: section 137.021, RSMo 2000. Original rule filed Dec. 13, 1983, effective March 12, 1984. For intervening history, please consult the ***Code of State Regulations****. Amended: Filed Dec. 29, 2005.*

PUBLIC COST: This proposed amendment will not cost state agencies or political subdivisions more than five hundred dollars ($500) in the aggregate.

PRIVATE COST: Because this proposed amendment does not change the use value per acre placed on agricultural land, the assessed value of agricultural property remains the same, therefore there will be no increased cost to private entities as a result of this proposed amendment.

NOTICE TO SUBMIT COMMENTS: Anyone may file a statement in support of or in opposition to this proposed amendment with the State Tax Commission of Missouri, Sandy Wankum, Administrative Secretary, PO Box 146, Jefferson City, MO 65102, (573) 751-2414. To be considered, comments must be received within thirty (30) days after publication of this notice in the ***Missouri Register****. No public hearing is scheduled.*

Such remittance advices shall be submitted in a format agreed to by DESE.

4. Coordination of benefits requirements.

(4) Prior Authorization.

(A) Health carriers shall not require prior authorization for First Steps treatments and shall not deny, delay or reduce claim payments for failure to obtain prior authorization.

(5) Transactions Affecting Affiliation of Health Carriers.

(A) In the event of a transaction affecting affiliation of health carriers, the NAIC group code as of December 31 of the preceding year that payment for First Steps claims is due will determine affiliation of health carriers, and also, the total amount due to DESE if the applicable health carriers elect a lump sum payment option under paragraphs (3)(A)2. and 3.

Title 22—MISSOURI CONSOLIDATED HEALTH CARE PLAN
Division 10—Health Care Plan
Chapter 2—State Membership

PROPOSED AMENDMENT

22 CSR 10-2.020 Subscriber Agreement and General Membership Provisions. The board is amending sections (2), (3) and (8).

PURPOSE: This amendment modifies the policy of the board of trustees in regard to the employee's subscriber agreement and membership period for participation in the Missouri Consolidated Health Care Plan.

(2) The effective date of participation shall be determined, subject to the effective date provision in subsection (2)(C), as follows:

(B) Dependent Coverage. Dependent participation cannot precede the subscriber's participation. Application for participants must be made in accordance with the following provisions. **Effective dates for all dependent coverage is wholly dependent upon paragraph (2)(B)1.**

1. Proof of eligibility documentation is required for all dependents. The plan reserves the right to request that such proof of eligibility be provided at any time upon request. If such proof is not received or is unacceptable as determined by the plan administrator, coverage for the applicable dependent will either be terminated or will never take effect.

A. For the addition of dependents: Required documentation should accompany the application for coverage. Failure to provide acceptable documentation with the application will result in the dependent not having coverage until such proof is received, subject to the deadline noted in part (2)(B)1.A.(I).

(I) If proof of eligibility is not received with the application, such proof will be requested by letter sent to the subscriber. Documentation shall be received no later than thirty (30) days from the date of the letter requesting such proof. Failure to provide the required documentation in a timely manner will result in the dependent being ineligible for coverage until the next open enrollment period unless a life event occurs.

2. Documentation is also required when a subscriber attempts to terminate a dependent's coverage in the case of divorce or death.

3. Acceptable forms of proof of eligibility are included in the following chart:

Circumstance	Documentation
Birth of dependent(s)	• Birth certificate; or • Hospital certificate
Addition of step -child(ren)	• Marriage license to biological parent of child(ren); *and* • Birth or Hospital certificate for child(ren) that names the subscriber's spou se as a parent
Addition of foster - child(ren)	• Placement papers in subscriber's care
Adoption of dependent(s)	• Adoption papers; or • Placement papers
Legal guardianship of dependent(s)	• Court-documented guardianship papers (Power of Attorney is not acceptable)
Newborn of covered dependent	• Birth certificate for subscriber's child(ren); *and* • Birth certificate for subscriber's grandchild(ren)
Marriage	• Marriage license; • Marriage certificate; or • Newspaper notice of the wedding
Divorce	• Final divorce decree; or • Notarized letter from spouse stating he/she is agreeable to termination of coverage pending divorce
Death	• Death Certificate

4. For family coverage, once a subscriber is participating with respect to dependents, newly acquired dependents are automatically covered on their effective dates as long as the plan administrator is notified within thirty-one (31) days of the person becoming a dependent. First eligible dependents must be added within thirty-one (31) days of such qualifying event. The employee is required to notify the

plan administrator on the appropriate form of the dependent's name, date of birth, eligibility date and Social Security number, if available. Claims will not be processed until the required information is provided.

*[1.]***5.** If an employee makes concurrent application for dependent participation on or before the date of eligibility or within thirty-one (31) days thereafter, participation for dependent will become effective on the date the employee's participation becomes effective;

*[2.]***6.** When an employee participating in the plan first becomes eligible with respect to a dependent child(ren), coverage may become effective on the eligibility date or the first day of the month coinciding with or following the date of eligibility if application is made within thirty-one (31) days of the date of eligibility and provided any required contribution for the period is made;

*[3.]***7.** Unless required under federal guidelines—

A. An emancipated dependent who regains his/her dependent status is immediately eligible for coverage if an application is submitted within thirty-one (31) days of regaining dependent status; and

B. An eligible dependent that is covered under a spouse's health plan who loses eligibility under the criteria stipulated for dependent status under the spouse's health plan is not eligible for coverage until the next open enrollment period. (Note: Subparagraphs (2)(B)*[3.]***7.**A. and B. do not include dependents of retirees or long-term disability members covered under the plan); and

*[4.]***8.** Survivors, retirees, vested subscribers and long-term disability subscribers may only add dependents to their coverage when the dependent is first eligible for coverage;

(C) Effective Date Proviso. **The effective date of coverage is the first of the month coinciding with or following your eligibility date and the date the form is received by the plan. The effective date of coverage cannot be prior to the date of receipt of the enrollment form by the plan. The effective date for dependent coverage is wholly dependent upon the appropriate proof of eligibility documentation being timely received by the plan (see (2)(B)1.).**

[1. In any instance when the employee is not actively working full-time on the date participation would otherwise have become effective, participation shall not become effective until the date the employee returns to full-time active work;]

(3) Termination of participation shall occur on the last day of the calendar month coinciding with or following the happening of any of the following events, whichever shall occur first:

(D) Termination of Eligibility for Participation.

1. With respect to employees, termination of participation shall occur upon termination of employment in a position covered by the MCHCP, except as specified in sections (4) and (5).

2. With respect to dependents, termination of participation shall occur upon ceasing to be a dependent as defined in this rule **or upon failure to provide the plan with acceptable proof of eligibility** with the following exception: unemancipated mentally retarded and/or physically handicapped children will continue to be eligible beyond age twenty-three (23) during the continuance of a permanent disability provided documentation satisfactory to the plan administrator is furnished by a physician prior to the dependent's twenty-third birthday, and as requested at the discretion of the plan administrator.

3. Termination of employee's participation shall terminate the participation of dependents, except as specified in section (5).

(8) Medicare. Participants eligible for Medicare who are not eligible for this plan as their primary plan, shall be eligible for benefits no less than those benefits for participants not eligible for Medicare. For such participants who elect to continue their coverage, benefits of this plan shall be coordinated with Medicare benefits on the then standard coordination of benefits basis to provide up to one hundred percent (100%) reimbursement for covered charges.

(A) If a participant eligible for Medicare who is not eligible for this plan as the primary plan is not covered by Medicare, an estimate of Medicare Part A and/or Part B benefits shall be made and used for coordination or reduction purposes in calculating benefits. Benefits will be calculated on a claim submitted basis so that if, for a given claim, Medicare reimbursement was for more than the benefits provided by this plan without Medicare, the balance will not be considered when calculating subsequent claims; *[and]*

(B) If a participant eligible for Medicare Part D enrolls in a Medicare Part D plan in addition to coverage under this plan, such participant's coverage may be terminated under this plan in order for the plan to avoid liability for filing a false claim under the subsidy reimbursement portion of Medicare Part D; and

[(B)] **(C)** If any retired participants or long-term disability recipients, their eligible dependents or surviving dependents eligible for coverage elect not to be continuously covered from the date first eligible, or do not apply for coverage within thirty-one (31) days of their eligibility date, they shall not thereafter be eligible for coverage.

Title 22—MISSOURI CONSOLIDATED HEALTH CARE PLAN
Division 10—Health Care Plan
Chapter 2—State Membership

PROPOSED RULE

22 CSR 10-2.090 Pharmacy Benefit Summary

PURPOSE: This rule establishes the benefit provisions, covered charges, limitations and exclusions of the Missouri Consolidated Health Care Plan pharmacy benefit.

(1) The pharmacy benefit provides coverage for prescription drugs, as described in the following:

(A) Medications.

1. In-network:

A. Generic: Ten dollar ($10) co-payment for thirty (30)-day supply for generic drug on the formulary;

B. Formulary brand: Thirty dollar ($30) co-payment for thirty (30)-day supply for brand drug on the formulary;

C. Non-formulary: Fifty dollar ($50) co-payment for thirty (30)-day supply for non-formulary drug;

D. Prescriptions filled with a formulary brand drug when a generic is available will be subject to the generic co-payment amount in addition to paying the difference between the cost of the generic and the formulary brand drug;

E. Mail order program—Prescriptions may be filled through the mail order program and the member will receive up to a ninety (90)-day supply for twice the regular co-payment.

2. Non-network pharmacies—If a member chooses to use a non-network pharmacy, s/he will be required to pay the full cost of the prescription, then file a claim with the pharmacy plan administrator. S/he will be reimbursed the amount that would have been allowed at an in-network pharmacy, less any applicable co-payment. Any difference between the amount paid by the member at a non-network pharmacy and the amount that would have been allowed at an in-network pharmacy will not be applied to any out-of-pocket maximum. All such claims must be filed within twelve (12) months of the incurred expense.

(2) If the co-payment amount is more than the cost of the drug, the member is only responsible for the cost of the drug rather than the co-payment.

(3) Retail and mail order coverage includes the following:

(A) Diabetic supplies, including:

1. Insulin;
2. Syringes:
3. Test strips;
4. Lancets; and
5. Glucometers;

(B) Prescribed vitamins, excluding those vitamins that may be purchased over-the-counter;

(C) Prescribed self-injectables;

(D) Oral chemotherapy agents;

(E) Hematopoietic stimulants;

(F) Growth hormones with prior authorization;

(G) Infertility drugs—subject to fifty percent (50%) member coinsurance; and

(H) Smoking cessation prescriptions—subject to formulary restrictions and limited to five hundred dollar ($500) annual benefit. Patches or gum are not covered.

(4) Step Therapy—Step therapy requires that drug therapy for a medical condition begin with the most cost-effective and safest drug therapy before moving to other more costly therapy, if necessary. This program involves the member's physician and is only for members who take prescription drugs to treat certain ongoing medical conditions. The member is responsible for paying the full price for the prescription drug unless the member's physician prescribes a first step drug. If the member's physician decides for medical reasons that the member's treatment plan requires a different medication without attempting to use the first step drug, the physician may request a prior authorization from the pharmacy plan administrator. If the prior authorization is approved, the member is responsible for the applicable co-payment which may be higher than the first step drug. If the requested prior authorization is not approved, then the member is responsible for the full price of the drug.

(A) First Step:

1. Uses primarily generic drugs;

2. Lowest applicable co-payment is charged; and

3. First step drugs must be used before the plan will authorize payment for second step drugs.

(B) Second Step:

1. This step applies if the member's treatment plan requires a different medication after attempting the first step medication;

2. Uses primarily brand name drugs; and

3. Typically, a higher co-payment amount is applicable.

(5) Prior Authorization—Certain medications are subject to prior authorization. Network pharmacies will notify the member if prior authorization is required. The member or the pharmacy must contact the pharmacy plan administrator before payment will be approved.

(6) Filing of Claims—Claims must be filed within twelve (12) months of filling the prescription. Members may request claim forms from the plan or the pharmacy plan administrator. In order to file a claim, members must:

(A) Complete the claim form;

(B) Attach a prescription receipt or label with the claim form. Patient history printouts from the pharmacy are acceptable, but must be signed by the pharmacist. Cash register receipts are not acceptable for any prescriptions, except diabetic supplies. If attaching a receipt or label, the receipt or label shall include:

1. Pharmacy name and address;
2. Patient's name;
3. Price;
4. Date filled;
5. Drug name, strength, and national drug code (NDC);
6. Prescription number;
7. Quantity; and
8. Days supply.

(7) Formulary—The formulary does not change during a calendar year, unless:

(A) A generic drug becomes available to replace the brand name drug. If this occurs, the generic co-payment applies; or

(B) A drug becomes available over-the-counter. If this occurs, then the drug is no longer covered under the pharmacy benefit.

AUTHORITY: section 103.059, RSMo 2000. Emergency rule filed Dec. 22, 2005, effective Jan. 1, 2006, expires June 29, 2006. Original rule filed Dec. 22, 2005.

PUBLIC COST: The fiscal impact of this proposed rule is estimated to be less than five hundred dollars ($500) in the aggregate for state agencies or political subdivisions.

PRIVATE COST: This proposed rule will cost private entities $3,707,604 in the aggregate.

NOTICE TO SUBMIT COMMENTS: Anyone may file a statement in support of or in opposition to this proposed rule with the Missouri Consolidated Health Care Plan, Ron Meyer, PO Box 104355, Jefferson City, MO 65110. Based on the assumptions below, the expected increase in cost per member is three dollars ($3) per month for a total of thirty-six dollars ($36) per year.

No changes have been made to the text of the proposed amendment, so it is not reprinted here. This proposed amendment becomes effective thirty (30) days after publication in the *Code of State Regulations*.

SUMMARY OF COMMENTS: Three (3) comments were received.

COMMENT: Mary Mitchel, Vice President, Resident Services, Superior Nursing Solutions, LLC commented that the rule should outline how the board will treat the results of the criminal background checks and requested to know what findings will cause an applicant to be declined or will prevent licensure.

RESPONSE: The board stated that if criminal history information is received, the board requests pertinent court documents, a statement of explanation from the nurse/applicant and character reference letters. Each situation is evaluated on a case by case basis. The Board of Nursing considers the nature, severity and recency of offenses, as well as rehabilitation and other factors.

COMMENT: Harvey Tettlebaum, Husch & Eppenberger, LLC, submitted a comment on behalf of the Missouri Health Care Association. The association supports the rule, however, suggested that the rule be strengthened by permitting employers of nurses to have access to the information obtained from the criminal background check. The association felt by adding additional language, health care providers employing nurses who comply with other provisions of the law requiring criminal background checks would be assisted and, at the same time, assist the board's licensees in obtaining employment by having third party proof that they have not been convicted of a disqualifying offense. In the event that the board does not believe that the suggestion is appropriate, the letter of comment was to be considered as a petition submitted pursuant to section 536.041, RSMo.

RESPONSE: The board appreciated Mr. Tettlebaum's suggestion, but is barred by law from adopting a regulation with the provisions as suggested. Specifically the board's authority to use fingerprints for background searches is section 43.543, RSMo. Subsection 2 provides that the records are accessible and available to the state agency. No provision is made for the agency to provide those records to a third-party, either with or without the consent of the subject of the record. Further, section 610.120, RSMo, controls dissemination of closed records which might be part of a criminal history record. Subsection 2 provides that closed records are available only for the purposes and to the entities listed in the section. No provision is made for the agency to provide those records to a third-party, either with or without the consent of the subject of the record. Finally, the information referenced in the letter is available to employers of nurses under the provisions of sections 43.540 and 660.317, RSMo. These sections also have additional restrictions regarding the information that can be disclosed. The board concluded, therefore, that it is inappropriate to amend the regulation as suggested. Pursuant to Mr. Tettlebaum's request the board did consider the letter a petition under section 536.041, RSMo.

COMMENT: Harvey Tettlebaum, Husch & Eppenberger, LLC, submitted a further comment on behalf of the Missouri Health Care Association in reply to the board's response. Mr. Tettlebaum suggested that section 610.120.1, RSMo Supp. 2004 permits the "closed records" which contain the results of criminal background checks to be available "to qualified entities for the purpose of screening providers defined in section 43.540, RSMo . . . ." Section 43.540, RSMo Supp. 2004 defines a "qualified entity" in pertinent parts as: "A person, business or organization, whether public or private, for profit, not for profit, or voluntary, that provide care, placement, or

educational services for . . . the elderly, or persons with disabilities that licenses or certifies other to provide care or placement services . . . .” The word provider is defined in section 43.540.1(6), in pertinent part as: “A person who: (a) has or may have unsupervised access to . . . the elderly, or persons with disabilities; and (b) is employed by or seeks employment with a qualified entity. . . .” Section 43.540.3, RSMo provides “3. A qualified entity may request a Missouri criminal record review and a national criminal record review of a provider through an authorized agency.” The term “authorized state agency” is defined in section 43.540.1(1), RSMo to include: “A division of state government or an office of state government designated by statutes or Missouri to issue a renewal license, permit, certification, or registration of authority to a qualified entity. . . .” Mr. Tettlebaum concluded that it would appear that the Missouri Board of Nursing is an “authorized state agency” which can make available to Missouri nursing facilities as “providers” the information which it will obtain as a result of the above-referenced regulation.

RESPONSE: After further dialogue between Mr. Tettlebaum and the division’s legal counsel regarding the legal impediments to the suggested language, Mr. Tettlebaum indicated he was pursuing resolution of this matter through federal legislation. Therefore, the board took no further action on his petition.
