HOW TO CITE RULES AND RSMo

RULES—Cite material in the *Missouri Register* by volume and page number, for example, Vol. 28, *Missouri Register*, page 27. The approved short form of citation is 28 MoReg 27.

The rules are codified in the *Code of State Regulations* in this system—

Title	Code of State Regulations	Division	Chapter	Rule
1	CSR	10-	1.	010
Department		Agency, Division	General area regulated	Specific area regulated

They are properly cited by using the full citation, i.e., 1 CSR 10-1.010.

Each department of state government is assigned a title. Each agency or division within the department is assigned a division number. The agency then groups its rules into general subject matter areas called chapters and specific areas called rules. Within a rule, the first breakdown is called a section and is designated as (1). Subsection is (A) with further breakdown into paragraph 1., subparagraph A., part (I), subpart (a), item I. and subitem a.

RSMo—The most recent version of the statute containing the section number and the date.

Rules appearing under this heading are filed under the authority granted by section 536.025, RSMo 2000. An emergency rule may be adopted by an agency if the agency finds that an immediate danger to the public health, safety or welfare, or a compelling governmental interest requires emergency action; follows procedures best calculated to assure fairness to all interested persons and parties under the circumstances; follows procedures which comply with the protections extended by the *Missouri* and the *United States Constitutions*; limits the scope of such rule to the circumstances creating an emergency and requiring emergency procedure, and at the time of or prior to the adoption of such rule files with the secretary of state the text of the rule together with the specific facts, reasons and findings which support its conclusion that there is an immediate danger to the public health, safety or welfare which can be met only through the adoption of such rule and its reasons for concluding that the procedure employed is fair to all interested persons and parties under the circumstances.

Rules filed as emergency rules may be effective not less than ten (10) days after filing or at such later date as may be specified in the rule and may be terminated at any time by the state agency by filing an order with the secretary of state fixing the date of such termination, which order shall be published by the secretary of state in the *Missouri Register* as soon as practicable.

All emergency rules must state the period during which they are in effect, and in no case can they be in effect more than one hundred eighty (180) calendar days or thirty (30) legislative days, whichever period is longer. Emergency rules are not renewable, although an agency may at any time adopt an identical rule under the normal rulemaking procedures.

**Title [12]7—DEPARTMENT OF [REVENUE]
TRANSPORTATION**

**Division [20—Highway Reciprocity] 10—Missouri
Highways and Transportation Commission**

**Chapter [3—Apportion Registration] 25—Motor
Carrier Operations**

EMERGENCY AMENDMENT

[12 CSR 20-3.010] 7 CSR 10-25.030 Apportion Registration.
The Missouri Highways and Transportation Commission is amending sections (1), (7), (8), (12), (20), (21), (24), (25), (27), (29), and (34) of this rule and moving the rule to 7 CSR.

PURPOSE: *This emergency amendment broadens the forms of proof of identifying registration, or cab cards, that may be used by operators of apportioned vehicles as evidence such vehicles are currently and validly registered with the Missouri Highways and Transportation Commission, clarifies procedure for returning registration credentials, and corrects references to the commission to replace non-existent state agencies.*

EMERGENCY STATEMENT: *Pursuant to section 536.025, RSMo, this emergency amendment is necessary to preserve a compelling governmental interest requiring an early effective date of the rule.*

History: *The International Registration Plan (IRP) is a registration reciprocity agreement among states of the United States and*

provinces of Canada providing for payment of registration fees, which are then apportioned among participating IRP member jurisdictions on the basis of fleet miles operated in such jurisdictions. Missouri is a participating member of IRP.

According to IRP Section 204, an apportioned vehicle means any vehicle except for: 1) recreational vehicles; 2) vehicles displaying restricted plates; 3) city pick up and delivery vehicles; 4) buses used in transportation of chartered parties; and 5) government-owned vehicles, used or intended for use in two (2) or more member jurisdictions that allocate or proportionally register vehicles, and is used for the transportation of persons for hire or designed, used or maintained primarily for the transportation of property, and:

1) Is a power unit having two (2) axles and a gross vehicle weight or registered gross vehicle weight in excess of twenty-six thousand (26,000) pounds or 11,793.401 kilograms; or

2) Is a power unit having three (3) or more axles, regardless of weight; or

3) Is used in combination, when the weight of such combination exceeds twenty-six thousand (26,000) pounds or 11,793.401 kilograms gross vehicle weight.

Trucks and truck tractors, and combinations of vehicles having a gross vehicle weight of twenty-six thousand (26,000) pounds or 11,793.401 kilograms or less and buses used in transportation of chartered parties may be proportionally registered at the option of the registrant.

Also, current Section 500 of the IRP requires that the base jurisdiction, upon receiving payment of the apportioned vehicles registration fees, shall issue a license plate and a document evidencing registration, referred to as a cab card. The cab card is to be carried in the apportioned vehicle at all times.

Recent Developments: The Missouri Department of Transportation (MoDOT) on September 26, 2005, implemented an integrated web-based computer system, which allows a motor carrier who has designated Missouri as their base jurisdiction under IRP to apply on the Internet for their apportioned registration. The motor carrier may then receive their original cab card by electronic mail or facsimile transmission. However, on May 12, 2006, a representative from the Missouri Motor Carriers Association (MMCA) met with MoDOT staff to discuss a problem in out-of-state acceptance of the electronic cab card. The state of Arizona failed to recognize MoDOT's electronic issued cab cards under the new web-based computer system as official cab cards under the IRP. Arizona's failure to recognize Missouri's electronic cab cards led to Arizona law enforcement writing traffic citations, requiring Missouri motor carriers to purchase specific trip permits from Arizona as evidence or authority to conduct interstate commerce in the state of Arizona, and, in the interim, prevented Missouri motor carriers from being able to continue their deliveries until such specific trip permits were issued.

Arizona's failure to recognize Missouri's electronically issued cab cards contributed to the IRP's Dispute Resolution Committee, at the September 30, 2006 annual IRP meeting, approving a motion that all jurisdictions participating in IRP must accept cab cards for properly registered motor carriers that have been properly issued in accordance with the registration requirements of the base jurisdiction.

Compelling Governmental Interest for this Emergency Amendment: *Because of the recent decision by the IRP's Dispute Resolution Committee allowing an expanded list of approved forms of proof of properly apportioned original registration to be recognized by participating IRP jurisdictions, an emergency amendment is necessary to conform Missouri's current administrative rule to such decision. Missouri's current administrative rule, 12 CSR 20-3.010, fails to include the broadened interpretation of cab card adopted by the IRP's Dispute Resolution Committee in September 2006. It only authorizes an undefined originally issued cab card as the sole evidence of properly apportioned registration under IRP and contains references to state agencies that were abolished by Truly Agreed to*

and Finally Passed Senate Bill 1202 in the 2002 legislative session. The IRP Dispute Resolution Committee's recent decision adopted a broadened definition of cab card and requires IRP participating members to recognize cab cards issued in accordance with the registration requirements of the base jurisdiction. Missouri's administrative rule needs to be amended to specifically authorize electronically issued cab cards, photocopies, or facsimile transmissions as evidence of properly apportioned original registration so that other participating IRP jurisdictions will recognize and accept these additional forms of registration for Missouri motor carriers operating in their jurisdiction.

Unless and until the current administrative rule is amended, Arizona and other participating IRP jurisdictions will not allow Missouri motor carriers to conduct their travels in those jurisdictions unless the original cab card issued by MoDOT is in the motor carrier's vehicle. Expedited clarification is needed with the issuance of electronic cab cards for the first quarter registration renewals in 2007. The expanded forms of evidence of apportioned registration (i.e., electronically issued, fax, photocopies) will allow Missouri motor carriers to: 1) replace lost or illegible cab cards quickly for their drivers in order to prove to other IRP participating member's law enforcement officials that the Missouri motor carrier vehicle is properly registered, thereby avoiding traffic citations; 2) eliminate the need for a Missouri motor carrier to purchase trip permits in other jurisdictions, thereby saving such motor carrier this additional operating expense; and 3) ensure that Missouri motor carriers have uninterrupted travel in other jurisdictions as the motor carrier can simply fax a copy of the cab card to their driver, rather than wait for MoDOT's Motor Carrier Services Division to issue an original cab card and then send the cab card to the driver, which reduces trip delays and the significant, negative financial and administrative impacts to Missouri motor carriers. And, under the proposed emergency amendment, the motor carrier can send a fax or photocopy of the original, electronic cab card issued by MoDOT, which will eliminate the need for MoDOT to issue an original cab card, which will save MoDOT staff time and resources.

Proposed Permanent Amended Rule Filed: Also, the Missouri Highways and Transportation Commission (MHTC) is filing an identical, proposed permanent amended administrative rule regarding this same subject, with the Secretary of State's Office and the Joint Committee on Administrative Rules, which will appear in the March 15, 2007 Missouri Register but is not intended to become effective until August 30, 2007. Because of the lengthy delay in the effective date of the proposed permanent amended administrative rule, an emergency amendment is necessary.

Limited Scope: Finally, the scope of this emergency rule is limited to the circumstances creating the emergency and complies with the protections extended in the Missouri and United States Constitutions. It is limited to correcting the references to the proper state agency responsible for issuing apportioned registration, MHTC; to clarifying IRP's Dispute Resolution Committee's interpretation authorizing recognition by IRP member states of electronically issued, facsimile and photocopies of proper apportioned registration of Missouri motor carriers; and clarifying the procedure for returning registration credentials when vehicles are removed or withdrawn from an operator's fleet. No other changes are proposed.

Fairness to All Interested Parties and Support from Industry: MHTC believes this emergency amendment is fair to all interested persons and parties under the circumstances. On November 21, 2006, Ron Breau, Vice President for the Missouri Motor Carriers Association (which represents almost eight hundred (800) motor carriers and associated businesses), sent a letter to Jan Skouby detailing their recommendation that their members obtain the ability to transmit a copy of the apportioned registration cab card to their drivers when such credentials are lost or illegible to minimize operation delays and continue delivering goods in commerce.

Effective Date and Duration: MHTC filed this emergency amendment on February 8, 2007, effective on March 3, 2007, expires August 29, 2007.

PUBLISHER'S NOTE: The secretary of state has determined that the publication of the entire text of the material which is incorporated by reference as a portion of this rule would be unduly cumbersome or expensive. This material as incorporated by reference in this rule shall be maintained by the agency at its headquarters and shall be made available to the public for inspection and copying at no more than the actual cost of reproduction. This note applies only to the reference material. The entire text of the rule is printed here.

(1) Whenever the **Missouri Highways [Reciprocity] and Transportation Commission (commission)** has entered into an agreement providing for the payment of taxes and fees on an apportionment basis with another jurisdiction, the operator of a fleet of vehicles based in any one (1) of the contracting jurisdictions must register his/her fleet under the agreement. The International Registration Plan (IRP) and [State of Missouri Highway Reciprocity Commission] Missouri Department of Transportation Motor Carrier Services Instruction Manual, 2005 Edition, which is incorporated herein by reference and made a part of this rule as published by the Missouri Highways and Transportation Commission, Motor Carrier Services Division, 1320 Creek Trail Drive, Jefferson City, MO 65102, provide specific details and procedures and will be furnished upon request from the Missouri [Highway Reciprocity Commission] Department of Transportation, Motor Carrier Services Division. This rule does not incorporate any subsequent amendments or additions of this manual.

(7) The operator must keep accurate and complete mileage records for the period of twelve (12) consecutive months immediately prior to July 1 of the year immediately preceding the commencement of the registration or license year for which proportional registration is sought. Applicants may estimate mileage for a fleet anticipating operation in Missouri for the first registration period, expanded operations and if mileage was not accrued in an IRP jurisdiction during the reporting period. Estimated mileage by the applicant will not be acceptable if the operator has registered with the [Highway Reciprocity C]commission under a different or assumed name for the same or a similar operation.

(8) In-jurisdiction miles means the total number of miles operated by a fleet of proportionally registered vehicles in a jurisdiction during the preceding year. In those cases where the registrant operated a fleet of proportionally registered vehicles in jurisdictions that require no apportionment and grant reciprocity, the base jurisdiction shall add the miles to the in-jurisdiction miles. The [Highway Reciprocity C]commission reserves the privilege to adjust the mileage percentage by the addition or deletion of nonapportional states' miles.

(12) Missouri law forbids the granting of an exemption by the [Highway Reciprocity C]commission from any or all registration fees to any motor vehicle owners or operators duly licensed in another jurisdiction where substantially equivalent exemptions are not extended by that jurisdiction to vehicles which are duly licensed in this jurisdiction.

(20) Properly prepared proportional applications will be accepted, subject to an audit. The [secretary] commission may refuse to accept applications which list unrealistic mileage or number of vehicles. All plates and cab cards and reciprocal exemptions are subject to cancellation and revocation in the event of erroneous issuance or if any fees remain unpaid.

(21) *[All identifying credentials must be the original issued and carried upon the vehicle to which it has been assigned at all times and displayed to any appropriate official upon request]. Cab Card. Evidence of registration other than the license plate which shall be carried at all times in the vehicle for which it is issued and shall be valid for the current registration period. Acceptable forms of a cab card include, but are not limited to, the originally issued registration, including such registration issued by electronic means, and any facsimile transmission or photocopy of such original cab card. All acceptable forms of a cab card shall be legible upon visual inspection.*

(24) If an operator elects to *[delete] remove or withdraw* a vehicle from its fleet, *[the credentials must be removed by]* the operator shall either: 1) *[and] return[ed to the Highway Reciprocity] the cab card issued to the operator by the [C]commission* with a supplemental application for the transfer of proportional credentials *[or credit which may be used on a later supplemental application within the current registration year]* or 2) **certify that the cab card has been lost, stolen or destroyed. Applications for transfer of apportioned credentials that request a replacement plate must be accompanied by a replacement fee for each plate replaced.** Vehicles registered in excess of fifty-four thousand pounds (54,000 lbs.) shall receive a refund or credit of the Missouri registration fees based on the calendar quarters remaining before expiration of the license plate if in accordance with section 301.120, RSMo.

(25) Telegraphic authority or temporary authorization will be issued for forty-five (45) days for Missouri-base licensed vehicles and thirty (30) days for vehicles based in a member jurisdiction in lieu of proportional registration and licenses so that a vehicle may immediately operate upon the highways of Missouri unless the *[secretary] commission* has cause to believe that the applicant will not forward immediately the fees and old credentials due the state of Missouri. A Missouri-base licensed vehicle may have one (1) fifteen (15)-day telegraphic extension. Copies of the telegram or temporary authorization must be carried in the vehicles at all times when no cab cards are available and displayed upon request of any official. If the *[secretary] commission* determines that telegraphic authority is being abused or temporary authorities are unaccountable, the *[secretary] commission* can revoke or suspend the privileges for either six (6) months or one (1) year and until all the required fees are paid. Revocation of privileges will be reviewed not later than one (1) year after implementation of the suspension.

(27) The nonfleet operator in a prorate state may be required to apply for a reciprocity cab card from the *[Highway Reciprocity C]commission*.

(29) The *[Highway Reciprocity C]commission* reserves the power to fix and collect a reasonable fee to cover the costs of handling and issuing all credentials or other evidence of proper registration necessary for operating a motor vehicle in this state. In every event, the charge made against owners-operators from other jurisdictions will be at least equal to charges directed against Missouri-based owners-operators by other jurisdictions.

(34) Does Not Cover *[Division of Transportation] Missouri Highways and Transportation Commission* Fees. Nothing in these rules shall be interpreted to govern any provisions or agreements as to reciprocity concerning the *[Division of Transportation] commission's* fees and charges. All questions concerning the fees and charges of the *[Division of Transportation] commission* are to be determined exclusively by the reciprocal agreements entered into by the *[Division of Transportation, Department of Economic Development] commission*.

Amended: Filed Oct. 28, 1974, effective Nov. 7, 1974. Amended: Filed Oct. 15, 1986, effective Jan. 30, 1987. Amended: Filed Nov. 1, 1991, effective March 9, 1992. Emergency amendment filed Feb. 8, 2007, effective March 3, 2007, expires Aug. 29, 2007. A proposed amendment covering this same material is published in this issue of the Missouri Register.

The Secretary of State shall publish all executive orders beginning January 1, 2003, pursuant to section 536.035.2, RSMo Supp. 2006.

EXECUTIVE ORDER

07-08

WHEREAS, severe storm systems causing extensive damage associated with snow, freezing rain, sleet and ice impacted communities across the State of Missouri on January 12, 2007 and continuing which resulted in a significant interruption of public services; and

WHEREAS, Executive Order 07-02 was issued on January 12, 2007, declaring a State of Emergency within the State of Missouri; and

WHEREAS, Executive Order 07-04 was issued on January 12, 2007, authorizing the Director of the Missouri Department of Natural Resources to waive or suspend temporarily the operation of statutory or administrative rules or regulations in order to expedite the cleanup and recovery process; and

WHEREAS, in response to Executive Order 07-04, the Director of the Missouri Department of Natural Resources issued a waiver on January 15, 2007, suspending specific air pollution and solid waste regulations to address wastes generated by the severe storm systems; and

WHEREAS, several communities in the State of Missouri continue to clear debris caused by the severe storm systems; and

WHEREAS, Executive Orders 07-02 and 07-04 expire on February 15, 2007, unless extended in whole or in part.

NOW THEREFORE, I, Matt Blunt, Governor of the State of Missouri, by virtue of the authority vested in me by the Constitution and laws of the State of Missouri, hereby extend the declaration of emergency contained in Executive Order 07-02 and the terms of Executive Order 07-04 through May 15, 2007, for the purpose of continuing the cleanup efforts in the affected Missouri communities.

IN WITNESS WHEREOF, I have hereunto set my hand and caused to be affixed the Great Seal of the State of Missouri, in the City of Jefferson, on this 6th day of February, 2007.

Matt Blunt
Governor

ATTEST:

Robin Carnahan
Secretary of State

Under this heading will appear the text of proposed rules and changes. The notice of proposed rulemaking is required to contain an explanation of any new rule or any change in an existing rule and the reasons therefor. This is set out in the Purpose section with each rule. Also required is a citation to the legal authority to make rules. This appears following the text of the rule, after the word "Authority."

Entirely new rules are printed without any special symbolology under the heading of the proposed rule. If an existing rule is to be amended or rescinded, it will have a heading of proposed amendment or proposed rescission. Rules which are proposed to be amended will have new matter printed in boldface type and matter to be deleted placed in brackets.

An important function of the *Missouri Register* is to solicit and encourage public participation in the rulemaking process. The law provides that for every proposed rule, amendment or rescission there must be a notice that anyone may comment on the proposed action. This comment may take different forms.

If an agency is required by statute to hold a public hearing before making any new rules, then a Notice of Public Hearing will appear following the text of the rule. Hearing dates must be at least thirty (30) days after publication of the notice in the *Missouri Register*. If no hearing is planned or required, the agency must give a Notice to Submit Comments. This allows anyone to file statements in support of or in opposition to the proposed action with the agency within a specified time, no less than thirty (30) days after publication of the notice in the *Missouri Register*.

An agency may hold a public hearing on a rule even though not required by law to hold one. If an agency allows comments to be received following the hearing date, the close of comments date will be used as the beginning day in the ninety (90)-day-count necessary for the filing of the order of rulemaking.

If an agency decides to hold a public hearing after planning not to, it must withdraw the earlier notice and file a new notice of proposed rulemaking and schedule a hearing for a date not less than thirty (30) days from the date of publication of the new notice.

PUBLISHER'S NOTE: The secretary of state has determined that the publication of the entire text of the material which is incorporated by reference as a portion of this rule would be unduly cumbersome or expensive. This material as incorporated by reference in this rule shall be maintained by the agency at its headquarters and shall be made available to the public for inspection and copying at no more than the actual cost of reproduction. This note applies only to the reference material. The entire text of the rule is printed here.

(1) The following definitions shall apply to the interpretations and enforcement of sections 196.931-196.959, RSMo:

Title 2—DEPARTMENT OF AGRICULTURE Division 80—State Milk Board Chapter 2—Grade A Pasteurized Milk Regulations

PROPOSED AMENDMENT

2 CSR 80-2.010 Definitions. The board is amending the purpose statement and section (1).

PURPOSE: This amendment updates definitions to comply with the Food and Drug Administration Oversight Triennial Review of the states rules and compliance methods.

PURPOSE: This rule defines terms used in the regulations of the State Milk Board. This rule corresponds with Part II, Section 1 of the Grade A Pasteurized Milk Ordinance with Administrative Procedures—[1989] 2005 Recommendations of the United States Public Health Service/Food and Drug Administration.

1. Cultured lowfat milk is the product defined in the [21 CFR] Code of Federal Regulations Title 21 section 131.138;

(K) Acidified milk is the product defined in the [21 CFR] Code of Federal Regulations Title 21 section 131.111.

1. Acidified lowfat milk is the product defined in the [21 CFR] Code of Federal Regulations Title 21 section 131.136;

(L) Yogurt is the product defined in the [21 CFR] Code of Federal Regulations Title 21 section 131.200.

1. Lowfat yogurt is the product defined in the [21 CFR] Code of Federal Regulations Title 21 section 131.203.

2. Nonfat yogurt is the product defined in the [21 CFR] Code of Federal Regulations Title 21 section 131.206;

(O) Cottage cheese is that product defined in the [21 CFR] Code of Federal Regulations Title 21 section 133.128. The grading of this product is optional.

1. Dry curd cottage cheese is that product defined in the [21 CFR] Code of Federal Regulations Title 21 section 133.129. The grading of this product is optional.

2. Lowfat cottage cheese is that product defined in the [21 CFR] Code of Federal Regulations Title 21 section 133.131. The grading of this product is optional;

(P) Grade A dry milk and whey products are products which have been produced for use in Grade A pasteurized milk products and which have been manufactured under the provisions of the [Grade A Condensed and Dry Milk Products and Condensed and Dry Whey—1989 Recommended Sanitarian Ordinance for Condensed and Dry Milk Products and Condensed and Dry Whey Used in Grade A Pasteurized Milk Products;] 2005 edition of the Grade A Pasteurized Milk Ordinance with Administrative Procedures is hereby incorporated by reference as published by the Department of Health and Human Services, Public Health Service, Food and Drug Administration, Milk Safety Branch (HFS-626), 5100 Paint Branch Parkway, College Park, MD 20740-3835. This rule does not incorporate any subsequent amendments or additions to the Pasteurized Milk Ordinance (PMO).

(T) The terms pasteurization, pasteurized and similar terms shall mean the process of heating every particle of milk or milk product in properly designed and operated equipment, to one (1) of the temperatures given in the following table and held continuously at or above that temperature for at least the corresponding specified time:

Temperature	Time
*145°F (63°C)	30 minutes
*161°F (72°C)	15 seconds
191°F (89°C)	1 second
194°F (90°C)	0.5 second
201°F (94°C)	0.1 second
[204°F (96°C)]	[0.05 second]
205°F (96°C)	0.05 second
212°F (100°C)	0.01 second

*If the fat content of the milk product is ten percent (10%) or more or if it contains added sweeteners, the specified temperature shall be increased by five degrees Fahrenheit (5°F) (3°C). Provided, that eggnog shall be heated to at least the following temperature and time specifications:

Temperature	Time
155°F (69°C)	30 minutes
175°F (80°C)	25 seconds
180°F (83°C)	15 seconds

Provided further, that nothing in this definition shall be construed as barring any other pasteurization process which has been recognized by the Food and Drug Administration to be equally efficient and which is approved by the regulatory agency;

(JJ) The State Milk Board is the board appointed by the governor as outlined in section 196.941, RSMo [(1986)] 2000. Sanitary control of fluid milk in Missouri is the responsibility of this board;

AUTHORITY: section 196.939, RSMo [Supp. 1993] 2000. Original rule filed April 20, 1973, effective April 30, 1973. Rescinded and readopted: Filed March 11, 1980, effective July 1, 1980. Amended: Filed Feb. 1, 1990, effective April 26, 1990. Amended: Filed Feb. 15, 2007.

PUBLIC COST: This proposed amendment will not cost state agencies or political subdivisions more than five hundred dollars (\$500) in the aggregate.

PRIVATE COST: This proposed amendment will not cost private entities more than five hundred dollars (\$500) in the aggregate.

NOTICE TO SUBMIT COMMENTS: Anyone may file a statement in support of or in opposition to this proposed amendment with Terry S. Long, Executive Secretary, State Milk Board, PO Box 630, Jefferson City, MO 65102. To be considered, comments must be received within thirty (30) days after publication of this notice in the Missouri Register. No public hearing is scheduled.

PROPOSED AMENDMENT

2 CSR 80-2.070 Standards for Milk and Milk Products. The board is amending the purpose statement and sections (1) and (2).

PURPOSE: This amendment updates definitions to comply with the Food and Drug Administration Oversight Triennial Review of the states rules and compliance methods.

PURPOSE: This rule provides standards which Grade A raw or pasteurized milk or milk products must meet with regard to cooling temperatures, bacterial limits, somatic cell counts, antibiotics, coliform limits, phosphatase determinations and sanitation requirements for dairy farms, milk haulers, transfer stations, receiving stations and milk plants. This rule corresponds with Part II, Section 7 of the Grade A Pasteurized Milk Ordinance with Administrative Procedures—[1989] 2005 Recommendations of the United States Public Health Service/Food and Drug Administration.

PUBLISHER'S NOTE: The secretary of state has determined that the publication of the entire text of the material which is incorporated by reference as a portion of this rule would be unduly cumbersome or expensive. This material as incorporated by reference in this rule shall be maintained by the agency at its headquarters and shall be made available to the public for inspection and copying at no more than the actual cost of reproduction. This note applies only to the reference material. The entire text of the rule is printed here.

(1) All Grade A raw milk for pasteurization and all Grade A pasteurized milk and milk products shall be produced, processed and pasteurized to conform with the following chemical, bacteriological and temperature standards and the sanitation requirements of this rule. **The 2005 edition of the *Grade A Pasteurized Milk Ordinance with Administrative Procedures* is hereby incorporated by reference as published by the Department of Health and Human Services, Public Health Service, Food and Drug Administration, Milk Safety Branch (HFS-626), 5100 Paint Branch Parkway, College Park, MD 20740-3835. This rule does not incorporate any subsequent amendments or additions to the Pasteurized Milk Ordinance (PMO).**

(2) No process or manipulation other than pasteurization, processing methods integral to pasteurization and appropriate refrigeration shall be applied to milk and milk products for the purpose of removing or deactivating microorganisms. Provided that in the bulk shipment of raw cream, skim milk or lowfat milk, the heating of the raw milk to temperatures no greater than one hundred twenty-five degrees Fahrenheit (125°F) (52°C) for separation purposes is permitted when the resulting bulk shipments of cream, skim milk and lowfat milk are labeled heat-treated.

Table 1—Chemical, Bacteriological and Temperature Standards

PURPOSE: This rule provides a uniform procedure for sign owners to obtain and maintain permits issued by the [State] Missouri Highways and Transportation Commission for outdoor advertising specified by section [226.550] 226.530, RSMo.

(6) Permits.

(A) Issuance of the Permit. Upon proper application and payment of fee for any sign eligible for a permit, the *[right-of-way director or designee] outdoor advertising permit specialist* shall issue a *[one (1)-time permanent]* permit. The permit owner must erect the sign, if not already in existence within two (2) years of the date the permit was issued by the commission and the erected outdoor advertising structure must comply with all current sections of 226.500 through 226.600, RSMo, and 7 CSR 10-6.010 through 7 CSR 10-6.100. This permit is for the erection of a legal conforming outdoor advertising structure.

(B) Transfer of Permit. When a sign owner transfers ownership of a sign for which a permit is required by section 226.550, RSMo, the new sign owner shall notify the commission by filing an application for transfer, along with a ten dollar (\$10) fee[,] on a form supplied by the *[right-of-way director or designee] outdoor advertising permit specialist* for the area in which the sign is located (see 7 CSR 10-6.010). Applications must be completed in full. Incomplete or incorrectly completed application forms *[shall] may* be rejected *[and] or* returned by the outdoor advertising permit specialist to the applicant.

(C) Voiding of Permits **Without Compensation**. Permits may be voided **without compensation to be paid to the permit holder** under the following conditions:

1. *[Any misrepresentation of material fact on any application under this section or violation of any one (1) or more of the requirements of this section shall be grounds for voiding the permit. Any existing sign is then maintained without a permit and subject to removal under section 226.580, RSMo and 7 CSR 10-6.080(2). A notice to remove outdoor advertising shall be sent to the sign owner and to the landowner;] When there has been any misrepresentation of a material fact by the applicant on a permit application and the sign is removed under section 226.580, RSMo;*

2. The permit for any unbuilt structure shall be voided if the sign, complete with message, is not in existence within two (2) years of the date the permit was issued by the commission[.];

3. **When the commission determines that a change has been made to a conforming sign by the sign owner and the sign has been removed under section 226.580, RSMo; or**

4. **When the commission determines that a substantial change has been made to a nonconforming sign by the sign owner such that the sign's nonconforming status was terminated and the sign was removed under the commission's administrative rules for maintenance of nonconforming signs.**

(D) Voiding of Permits With Compensation. The commission is also authorized to void any permit when the commission determines that such permit has been erroneously issued by department staff in violation of any state law or administrative rule and the outdoor advertising shall be subject to removal and compensation shall be paid pursuant to section 226.570, RSMo.

AUTHORITY: sections 226.150[, RSMo 2000] and [226.500–226.600] 226.530, RSMo 2000 [and Supp. 2002]. Original rule filed May 16, 1977, effective Oct. 15, 1977. Amended: Filed Jan. 16, 1990, effective June 11, 1990. Amended: Filed June 15, 1993, effective Jan. 31, 1994. Amended: Filed Aug. 31, 1999, effective March 30, 2000. Amended: Filed April 15, 2003, effective Nov. 30, 2003. Amended: Filed Feb. 8, 2007.

PUBLIC COST: This proposed amendment will not cost state agencies or political subdivisions more than five hundred dollars (\$500) in the aggregate.

PRIVATE COST: This proposed amendment will not cost private entities more than five hundred dollars (\$500) in the aggregate.

NOTICE TO SUBMIT COMMENTS: Anyone may file a statement in support of or in opposition to this proposed amendment with the

Missouri Department of Transportation, Mari Ann Winters, Secretary to the Commission, PO Box 270, Jefferson City, MO 65102. To be considered, comments must be received within thirty (30) days after publication of this notice in the Missouri Register. No public hearing is scheduled.

**Title 8—DEPARTMENT OF LABOR AND INDUSTRIAL RELATIONS
Division 10—Division of Employment Security
Chapter 3—Unemployment Insurance**

PROPOSED AMENDMENT

8 CSR 10-3.130 [Direct Deposit] Electronic Transfer of Unemployment Benefits. The division is amending the title, purpose, sections (1) through (4), deleting sections (5) through (7), adding a new section (3), and renumbering the remaining sections.

PURPOSE: This amendment provides for the disbursement of unemployment benefits to claimants through the use of electronic payment cards. This amendment also provides that the direct deposit of unemployment benefits into claimants' accounts at financial institutions is optional.

PURPOSE: This rule implements and sets forth the requirements regarding the [mandatory direct deposit] electronic funds transfer of unemployment benefits [into claimants' accounts at financial institutions] payable to claimants pursuant to Chapter 288, RSMo.

(1) The Division of Employment Security has established an electronic funds transfer system to transfer directly to claimant's accounts *[in financial institutions]* benefits payable to them pursuant to Chapter 288, RSMo. *[This program shall be known as the Unemployment Benefit Direct Deposit Program.]*

(2) *[Unless the division waives application of this rule, all benefits payable pursuant to Chapter 288, RSMo shall be transferred by means of electronic funds transfer directly into claimant's accounts in financial institutions designated by the claimants.]* For purposes of this rule, the "electronic payment card" shall be an electronic access-type card which shall not have a line of credit. The only funds which may be deposited in an electronic payment card account established under this rule shall be unemployment insurance benefits payable pursuant to Chapter 288, RSMo and related federal benefits.

(3) Unless an individual files a timely direct deposit application with the division, all benefits payable pursuant to Chapter 288, RSMo shall be disbursed by means of an electronic payment card. The division shall not be in any way liable for any transaction or other associated costs that cause a claimant/cardholder to exceed the amount available in his or her electronic payment card account. The division reserves the right to initiate credit entries and debit entries to correct erroneous entries to a claimant/cardholder's electronic payment card account. If a claimant/cardholder's electronic payment card account is closed prior to the claimant/cardholder drawing down all available funds in the account, the unexpended funds shall be returned to the division and deposited in the unemployment compensation trust fund.

[(3)] (4) [Each individual filing an initial claim for a determination of insured worker status shall complete a direct deposit application form authorizing the division to deposit benefit payments into a designated checking or savings account.] An individual desiring the direct deposit of unemployment benefits into a designated checking or savings account

at a financial institution shall complete and file with the division a direct deposit application form. The direct deposit application form shall be [completed and transmitted to] filed with the division within [ten (10)] seven (7) days after the filing of the initial claim. The [completion of a] direct deposit application form shall authorize the division to initiate credit entries, and debit entries to correct erroneous credit entries, to the claimant's designated checking or savings account. On the direct deposit application form the claimant shall provide the following: claimant's name, claimant's Social Security number, name of the designated financial institution, type of deposit account, signature, and date. The claimant shall [transmit] file the completed direct deposit application form [to the division] along with a [void] voided or canceled check or deposit slip for the designated deposit account. At any time during the benefit year, a claimant may change the designated checking or savings account by filing with the division a new direct deposit application form. Unless the claimant changes the designated checking or savings account by filing a new direct deposit application form, the division shall direct all benefits payable to the claimant during his or her benefit year to the checking or savings account designated by the claimant on the direct deposit application form currently on file with the division. Direct deposit application forms may be obtained by contacting one of the division's regional claim centers or by downloading the form through the division's Internet website at <http://dolir.mo.gov/es/ui-benefits/B-6-5-AI.pdf>.

[[4]] (5) [At any time during the benefit year, a claimant may change the designated checking or savings account by completing and transmitting to the division a new direct deposit application form. Unless the claimant changes the designated checking or savings account by completing a new direct deposit application form, the division shall direct all benefits payable to the claimant during his or her benefit year to the checking or savings account designated by the claimant on the direct deposit application form currently on file with the division. All individuals currently claiming benefits pursuant to Chapter 288, RSMo shall complete a direct deposit application form as directed by the division.] The provisions of this rule regarding electronic payment cards will not become effective until the division has entered into a contract with a contractor to issue the electronic payment cards. The division will implement the provisions of this rule regarding electronic payment cards over a period of six (6) months following the execution of such contract.

[[5]] The division may waive application of this rule and continue to pay benefits by warrant under any of the following circumstances:

(A) The claimant has a physical or mental disability, as documented by a health care professional, that would impede the claimant's ability to gain access to electronically deposited funds;

(B) The claimant certifies that his or her religious convictions preclude the use of direct deposits;

(C) The claimant is precluded from having a checking or savings account because his or her primary residence is too remote to have access to a financial institution;

(D) The claimant's financial institution submits a written statement to the division confirming the institution's inability to accept an electronic deposit or withdrawal;

(E) The claimant's financial institution submits a written statement to the division confirming that the institution charges for an electronic deposit or withdrawal;

(F) The claimant does not have a checking or savings account currently and is unable to establish such an account within the claimant's geographic area without the payment of a service fee;

(G) The claimant does not have a checking or savings account currently and all financial institutions within the claimant's geographic area charge a service fee to establish or maintain such an account unless the claimant maintains a minimum balance in the account; or

(H) The division determines that the facts of the particular case warrant a waiver of this rule.

(6) Any request for a waiver of this rule shall be in writing, signed by the claimant, and transmitted to the division. The request must set forth in detail why the claimant cannot utilize direct deposit of unemployment benefit payments. The request must also include any required supporting documentation.

(7) If the division denies a claimant's request for a waiver of this rule, the claimant may appeal the denial to the appeals tribunal within thirty (30) calendar days after the denial notice is mailed to the claimant's last known address.]

[[8]] (6) Notwithstanding the provisions of [section (2) of] this rule, the division may continue to pay benefits by warrant when necessary to comply with federal or state law.

AUTHORITY: sections 288.060, *RSMo Supp. 2006* and 288.220, *RSMo 2000*. Emergency rule filed April 14, 2003, effective May 1, 2003, expired Oct. 27, 2003. Original rule filed April 14, 2003, effective Oct. 30, 2003. Amended: Filed Feb. 14, 2007.

PUBLIC COST: This proposed amendment will not cost state agencies or political subdivisions more than five hundred dollars (\$500) in the aggregate.

PRIVATE COST: This proposed amendment will not cost private entities more than five hundred dollars (\$500) in the aggregate.

NOTICE TO SUBMIT COMMENTS: Anyone may file a statement in support of or in opposition to this proposed amendment with the Division of Employment Security, Attn: Katharine Barondeau, PO Box 59, Jefferson City, MO 65104-0059. To be considered, comments must be received within thirty (30) days after publication of this notice in the *Missouri Register*. No public hearing is scheduled.

Title 10—DEPARTMENT OF NATURAL RESOURCES

Division 10—Air Conservation Commission

Chapter 6—Air Quality Standards, Definitions, Sampling and Reference Methods and Air Pollution Control Regulations for the Entire State of Missouri

PROPOSED AMENDMENT

10 CSR 10-6.300 Conformity of General Federal Actions to State Implementation Plans. The commission proposes to amend the rule purpose and subsections (2)(B) and (3)(B). If the commission adopts this rule action, it will be submitted to the U.S. Environmental Protection Agency to replace the current rule in the Missouri State Implementation Plan. The evidence supporting the need for this proposed rulemaking is available for viewing at the Missouri Department of Natural Resources' Air Pollution Control Program at the address and phone number listed in the Notice of Public Hearing at the end of this rule. More information concerning this rulemaking can be found at the Missouri Department of Natural Resources' Environmental Regulatory Agenda website, www.dnr.mo.gov/reg/regagenda.htm.

PURPOSE: This rule implements section 176(c) of the Clean Air Act, as amended (42 U.S.C. 7401-7671q.) and regulations under 40 CFR

part 51 subpart W, with respect to the conformity of general federal actions to the applicable implementation plan. Under those authorities, no department, agency or instrumentality of the federal government shall engage in, support in any way or provide financial assistance for, license or permit, or approve any activity which does not conform to an applicable implementation plan. This rule sets forth policy, criteria, and procedures for demonstrating and assuring conformity of such actions to the applicable implementation plan. This rule applies to all areas in the state of Missouri which are designated as nonattainment or maintenance for any criteria pollutant or standard for which there is a national ambient air quality standard. This rule amendment will adopt specific revisions to the federal rule: *Determining Conformity of General Federal Actions to State or Federal Implementation Plans*. The evidence supporting the need for this proposed rulemaking, per section 536.016, RSMo, is the *Federal Register Notice*, published July 17, 2006, pages 40420–40427.

PURPOSE: This rule implements section 176(c) of the Clean Air Act, as amended (42 U.S.C. 7401 [et seq.]-7671q.) and regulations under 40 CFR part 51 subpart W, with respect to the conformity of general federal actions to the applicable implementation plan. Under those authorities, no department, agency or instrumentality of the federal government shall engage in, support in any way or provide financial assistance for, license or permit, or approve any activity which does not conform to an applicable implementation plan. This rule sets forth policy, criteria, and procedures for demonstrating and assuring conformity of such actions to the applicable implementation plan. This rule applies to all areas in the state of Missouri which are designated as nonattainment or maintenance for any criteria pollutant or standard for which there is a national ambient air quality standard.

(2) Definitions.

(B) Additional definitions specific to this rule are as follows:

1. Affected federal land manager—the federal agency or the federal official charged with direct responsibility for management of an area designated as Class I under the CAA (42 U.S.C. 7472) that is located within one hundred kilometers (100 km) of the proposed federal action;

2. Applicable implementation plan—the [//portion//] of the implementation plan, or most recent revision thereof, which has been approved under section 110 of the CAA, or promulgated under section 110(c) of the CAA (federal implementation plan), or promulgated or approved pursuant to regulations promulgated under section 301(d) of the CAA and which implements the relevant requirements of the CAA;

3. Area wide air quality modeling analysis—an assessment on a scale that includes the entire nonattainment or maintenance area which uses an air quality dispersion model to determine the effects of emissions on air quality;

4. CAA—the Clean Air Act, as amended;

5. Cause or contribute to a new violation—a federal action that—

A. Causes a new violation of a national ambient air quality standard (NAAQS) at a location in a nonattainment or maintenance area which would otherwise not be in violation of the standard during the future period in question if the federal action were not taken; or

B. Contributes, in conjunction with other reasonably foreseeable actions, to a new violation of a NAAQS at a location in a nonattainment or maintenance area in a manner that would increase the frequency or severity of the new violation;

6. Caused by, as used in the terms “direct emissions” and “indirect emissions”—emissions that would not otherwise occur in the absence of the federal action;

7. Criteria pollutant or standard—any pollutant for which there is established a NAAQS at 40 CFR part 50;

8. Direct emissions—those emissions of a criteria pollutant or its precursors that are caused or initiated by the federal action and occur at the same time and place as the action;

9. Emergency—a situation where extremely quick action on the part of the federal agencies involved is needed and where the timing of such federal activities makes it impractical to meet the requirements of this rule, such as natural disasters like hurricanes or earthquakes, civil disturbances such as terrorist acts, and military mobilizations;

10. Emissions budgets—those portions of the total allowable emissions defined in an EPA approved revision to the applicable implementation plan for a certain date for the purpose of meeting reasonable further progress milestones or attainment or maintenance demonstrations, for any criteria pollutant or its precursors, specifically allocated by the applicable implementation plan to mobile sources, to any stationary source or class of stationary sources, to any federal action or class of action, to any class of area sources, or to any subcategory of the emissions inventory. The allocation system must be specific enough to assure meeting the criteria of section 176(c)(1)(B) of the CAA. An emissions budget may be expressed in terms of an annual period, a daily period, or other period established in the applicable implementation plan;

11. Emission offsets, for purposes of section (8) of this rule—emissions reductions which are quantifiable, consistent with the applicable implementation plan attainment and reasonable further progress demonstrations, surplus to reductions required by, and credited to, other applicable implementation plan provisions, enforceable under both state and federal law, and permanent within the time frame specified by the program. Emissions reductions intended to be achieved as emissions offsets under this rule must be monitored and enforced in a manner equivalent to that under EPA’s new source review requirements;

12. Emissions that a federal agency has a continuing program responsibility for—emissions that are specifically caused by an agency carrying out its authorities, and does not include emissions that occur due to subsequent activities, unless such activities are required by the federal agency. Where an agency, in performing its normal program responsibilities, takes actions itself or imposes conditions that result in air pollutant emissions by a nonfederal entity taking subsequent actions, such emissions are covered by the meaning of a continuing program responsibility;

13. EPA—the United States Environmental Protection Agency;

14. Federal action—any activity engaged in by a department, agency, or instrumentality of the federal government, or any activity that a department, agency or instrumentality of the federal government supports in any way, provides financial assistance for, licenses, permits, or approves, other than activities related to transportation plans, programs, and projects developed, funded, or approved under Title 23 U.S.C. or the Federal Transit Act (49 U.S.C. 1601 et seq.). Where the federal action is a permit, license, or other approval for some aspect of a nonfederal undertaking, the relevant activity is the part, portion, or phase of the nonfederal undertaking that requires the federal permit, license, or approval;

15. Federal agency—for purposes of this rule, a federal department, agency, or instrumentality of the federal government;

16. Increase the frequency or severity of any existing violation of any standard in any area—to cause a nonattainment area to exceed a standard more often or to cause a violation at a greater concentration than previously existed or would otherwise exist during the future period in question, if the project were not implemented;

17. Indirect emissions—those emissions of a criteria pollutant or its precursors that—

A. Are caused by the federal action, but may occur later in time or may be farther removed in distance from the action itself but are still reasonably foreseeable; and

B. The federal agency can practicably control and will maintain control due to a continuing program responsibility of the federal agency, including, but not limited to—

(I) Traffic on or to, or stimulated or accommodated by, a proposed facility which is related to increases or other changes in the scale or timing of operations of such facility;

(II) Emissions related to the activities of employees of contractors or federal employees;

(III) Emissions related to employee commutation and similar programs to increase average vehicle occupancy imposed on all employers of a certain size in the locality; or

(IV) Emissions related to the use of federal facilities under lease or temporary permit.

18. Local air quality modeling analysis—an assessment of localized impacts on a scale smaller than the entire nonattainment or maintenance area, including, for example, congested roadway intersections and highways or transit terminals, which uses an air quality dispersion model to determine the effects of emissions on air quality;

19. Maintenance area—any geographic region of the United States previously designated nonattainment pursuant to the CAA Amendments of 1990 and subsequently redesignated to attainment subject to the requirement to develop a maintenance plan under section 175A of the CAA;

20. Maintenance plan—a revision to the applicable implementation plan, meeting the requirements of section 175A of the CAA;

21. Metropolitan planning organization (MPO)—that organization designated as being responsible, together with the state, for conducting the continuing, cooperative, and comprehensive planning process under 23 U.S.C. 134 and 49 U.S.C. 1607;

22. Milestone—has the meaning given in sections 182(g)(1) and 189(c)(1) of the CAA. A milestone consists of an emissions level and the date on which it is required to be achieved;

23. National ambient air quality standards (NAAQS)—those standards established pursuant to section 109 of the CAA and include standards for carbon monoxide (CO), lead (Pb), nitrogen dioxide (NO₂), ozone, particulate matter (PM₁₀), and sulfur dioxide (SO₂);

24. NEPA—the National Environmental Policy Act of 1969, as amended (42 U.S.C. 4321 et seq.);

25. Nonattainment area (NAA)—any geographic area of the United States which has been designated as nonattainment under section 107 of the CAA and described in 40 CFR part 81;

26. Precursors of a criteria pollutant are—

A. For ozone, nitrogen oxides (NO_x) (unless an area is exempted from NO_x requirements under section 182(f) of the CAA), and volatile organic compounds (VOCs); *[and]*

B. For PM₁₀, those pollutants described in the PM₁₀ nonattainment area applicable implementation plan as significant contributors to the PM₁₀ levels; **and**

C. For particulate matter with an aerodynamic diameter equal or less than 2.5 microns (PM_{2.5})—

(I) Sulfur dioxide (SO₂) in all PM_{2.5} nonattainment and maintenance areas;

(II) Nitrogen oxides in all PM_{2.5} nonattainment and maintenance areas unless both the state and EPA determine that it is not a significant precursor; **and**

(III) Volatile organic compounds (VOC) and ammonia (NH₃) only in PM_{2.5} nonattainment or maintenance areas where either the state or EPA determines that they are significant precursors.

27. Reasonably foreseeable emissions—projected future indirect emissions that are identified at the time the conformity determination is made; the location of such emissions is known to the extent adequate to determine the impact of such emissions; and the emissions are quantifiable, as described and documented by the federal agency based on its own information and after reviewing any information presented to the federal agency;

28. Regionally significant action—a federal action for which the direct and indirect emissions of any pollutant represent ten percent (10%) or more of a nonattainment or maintenance area's emissions inventory for that pollutant;

29. Regional water or wastewater projects—include construction, operation, and maintenance of water or wastewater conveyances, water or wastewater treatment facilities, and water storage reservoirs which affect a large portion of a nonattainment or maintenance area; and

30. Total of direct and indirect emissions—the sum of direct and indirect emissions increases and decreases caused by the federal action; that is, the net emissions considering all direct and indirect emissions. Any emissions decreases used to reduce such total shall have already occurred or shall be enforceable under state and federal law. The portion of emissions which are exempt or presumed to conform under subsections (3)(C), (D), (E), or (F) of this rule are not included in the “total of direct and indirect emissions,” except as provided in subsection (3)(J). The “total of direct and indirect emissions” includes emissions of criteria pollutants and emissions of precursors of criteria pollutants. The segmentation of projects for conformity analyses when emissions are reasonably foreseeable is not permitted by this rule.

(3) Applicability.

(B) For federal actions not covered by subsection (3)(A) of this rule, a conformity determination is required for each **criteria pollutant or precursor** where the total of direct and indirect emissions of **the criteria pollutant or precursor** in a nonattainment or maintenance area caused by a federal action would equal or exceed any of the rates in paragraph (3)(B)1. or 2. of this rule.

1. For purposes of subsection (3)(B) of this rule, the following rates apply in nonattainment areas (NAAs):

	Tons/Year
Ozone (VOC or NO _x)	
Serious NAAs	50
Severe NAAs	25
Extreme NAAs	10
Other ozone NAAs outside an ozone transport region	100
Marginal and moderate NAAs inside an ozone transport region	
VOC	50
NO _x	100
Carbon monoxide	
All NAAs	100
SO ₂ or NO ₂	
All NAAs	100
PM ₁₀	
Moderate NAAs	100
Serious NAAs	70
PM _{2.5}	
Direct emissions	100
SO ₂	100
NO _x (unless determined not to be significant precursor)	100
VOC or ammonia (if determined to be significant precursors)	100
Pb	
All NAAs	25

2. For purposes of subsection (3)(B) of this rule, the following rates apply in maintenance areas:

	Tons/Year
Ozone (NO _x), SO ₂ or NO ₂	
All maintenance areas	100
Ozone (VOC)	
Maintenance areas inside an ozone transport region	50
Maintenance areas outside an ozone transport region	100
Carbon monoxide	
All maintenance areas	100
PM ₁₀	
All maintenance areas	100

PM _{2.5}	
Direct emissions	100
SO ₂	100
NO _x (unless determined not to be significant precursor)	100
VOC or ammonia (if determined to be significant precursors)	100
Pb	
All maintenance areas	25

AUTHORITY: section 643.050, RSMo [1994] 2000. Original rule filed Oct. 4, 1994, effective May 28, 1995. Amended: Filed Jan. 30, 1996, effective Sept. 30, 1996. Amended: Filed Feb. 9, 2007.

PUBLIC COST: This proposed amendment will not cost state agencies or political subdivisions more than five hundred dollars (\$500) in the aggregate.

PRIVATE COST: This proposed amendment will not cost private entities more than five hundred dollars (\$500) in the aggregate.

NOTICE OF PUBLIC HEARING AND NOTICE TO SUBMIT COMMENTS: A public hearing on this proposed amendment will begin at 9:00 a.m., April 26, 2007. The public hearing will be held at the Elm Street Conference Center, 1738 East Elm Street, Lower Level, Roaring River Conference Room, Jefferson City, Missouri. Opportunity to be heard at the hearing shall be afforded any interested person. Written request to be heard should be submitted at least seven (7) days prior to the hearing to Director, Missouri Department of Natural Resources' Air Pollution Control Program, PO Box 176, Jefferson City, MO 65102-0176, (573) 751-4817. Interested persons, whether or not heard, may submit a written statement of their views until 5:00 p.m., May 3, 2007. Written comments shall be sent to Chief, Operations Section, Missouri Department of Natural Resources' Air Pollution Control Program, PO Box 176, Jefferson City, MO 65102-0176.

**Title [12]7—DEPARTMENT OF [REVENUE]
TRANSPORTATION
Division [20—Highway Reciprocity] 10—Missouri
Highways and Transportation Commission
Chapter [3—Apportion Registration] 25—Motor
Carrier Operations**

PROPOSED AMENDMENT

[12 CSR 20-3.010] 7 CSR 10-25.030 Apportion Registration. The Missouri Highways and Transportation Commission is amending the Purpose and sections (1), (7), (8), (12), (20), (21), (24), (25), (27), (29), and (34) of this rule and moving the rule to 7 CSR.

PURPOSE: This proposed amendment broadens the forms of identifying registration that may be used by operators of apportioned vehicles as evidence such vehicles are currently and validly registered with the Missouri Highways and Transportation Commission, clarifies procedure for returning registration credentials, and corrects references to the commission to replace non-existent state agencies.

PURPOSE: The Missouri Highways [Reciprocity] and Transportation Commission has the authority to negotiate and to enter reciprocal agreements with other jurisdictions. This rule explains the provisions under which apportioning of registration fees with other jurisdictions can be accomplished.

PUBLISHER'S NOTE: The secretary of state has determined that the publication of the entire text of the material which is incorporated by reference as a portion of this rule would be unduly cumbersome

or expensive. This material as incorporated by reference in this rule shall be maintained by the agency at its headquarters and shall be made available to the public for inspection and copying at no more than the actual cost of reproduction. This note applies only to the reference material. The entire text of the rule is printed here.

(1) Whenever the Missouri Highways [Reciprocity] and Transportation Commission (commission) has entered into an agreement providing for the payment of taxes and fees on an apportionment basis with another jurisdiction, the operator of a fleet of vehicles based in any one (1) of the contracting jurisdictions must register his/her fleet under the agreement. The International Registration Plan (IRP) and [State of Missouri Highway Reciprocity Commission] Missouri Department of Transportation Motor Carrier Services Instruction Manual, 2005 Edition, which is incorporated herein by reference and made a part of this rule as published by the Missouri Highways and Transportation Commission, Motor Carrier Services Division, 1320 Creek Trail Drive, Jefferson City, MO 65102, provide specific details and procedures and will be furnished upon request from the Missouri [Highway Reciprocity Commission] Department of Transportation, Motor Carrier Services Division. This rule does not incorporate any subsequent amendments or additions of this manual.

(7) The operator must keep accurate and complete mileage records for the period of twelve (12) consecutive months immediately prior to July 1 of the year immediately preceding the commencement of the registration or license year for which proportional registration is sought. Applicants may estimate mileage for a fleet anticipating operation in Missouri for the first registration period, expanded operations and if mileage was not accrued in an IRP jurisdiction during the reporting period. Estimated mileage by the applicant will not be acceptable if the operator has registered with the [Highway Reciprocity C]commission under a different or assumed name for the same or a similar operation.

(8) In-jurisdiction miles means the total number of miles operated by a fleet of proportionally registered vehicles in a jurisdiction during the preceding year. In those cases where the registrant operated a fleet of proportionally registered vehicles in jurisdictions that require no apportionment and grant reciprocity, the base jurisdiction shall add the miles to the in-jurisdiction miles. The [Highway Reciprocity C]commission reserves the privilege to adjust the mileage percentage by the addition or deletion of nonapportional states' miles.

(12) Missouri law forbids the granting of an exemption by the [Highway Reciprocity C]commission from any or all registration fees to any motor vehicle owners or operators duly licensed in another jurisdiction where substantially equivalent exemptions are not extended by that jurisdiction to vehicles which are duly licensed in this jurisdiction.

(20) Properly prepared proportional applications will be accepted, subject to an audit. The [secretary] commission may refuse to accept applications which list unrealistic mileage or number of vehicles. All plates and cab cards and reciprocal exemptions are subject to cancellation and revocation in the event of erroneous issuance or if any fees remain unpaid.

(21) *[All identifying credentials must be the original issued and carried upon the vehicle to which it has been assigned at all times and displayed to any appropriate official upon request]. Cab Card. Evidence of registration other than the license plate which shall be carried at all times in the vehicle for which it is issued and shall be valid for the current registration period. Acceptable forms of a cab card include, but are not limited to, the originally issued registration, including such registration issued by electronic means, and any facsimile transmission or photocopy of such original cab card. All acceptable forms of a cab card shall be legible upon visual inspection.*

(24) If an operator elects to *[delete] remove or withdraw* a vehicle from its fleet, *[the credentials must be removed by]* the operator shall either: 1) *[and]* return *[ed to the Highway Reciprocity]* the cab card issued to the operator by the *[C]*commission with a supplemental application for the transfer of proportional credentials *[or credit which may be used on a later supplemental application within the current registration year]* or 2) **certify that the cab card has been lost, stolen or destroyed. Applications for transfer of apportioned credentials that request a replacement plate must be accompanied by a replacement fee for each plate replaced.** Vehicles registered in excess of fifty-four thousand pounds (54,000 lbs.) shall receive a refund or credit of the Missouri registration fees based on the calendar quarters remaining before expiration of the license plate if in accordance with section 301.120, RSMo.

(25) Telegraphic authority or temporary authorization will be issued for forty-five (45) days for Missouri-base licensed vehicles and thirty (30) days for vehicles based in a member jurisdiction in lieu of proportional registration and licenses so that a vehicle may immediately operate upon the highways of Missouri unless the *[secretary]* **commission** has cause to believe that the applicant will not forward immediately the fees and old credentials due the state of Missouri. A Missouri-base licensed vehicle may have one (1) fifteen (15)-day telegraphic extension. Copies of the telegram or temporary authorization must be carried in the vehicles at all times when no cab cards are available and displayed upon request of any official. If the *[secretary]* **commission** determines that telegraphic authority is being abused or temporary authorities are unaccountable, the *[secretary]* **commission** can revoke or suspend the privileges for either six (6) months or one (1) year and until all the required fees are paid. Revocation of privileges will be reviewed not later than one (1) year after implementation of the suspension.

(27) The nonfleet operator in a prorate state may be required to apply for a reciprocity cab card from the *[Highway Reciprocity C]*commission.

(29) The *[Highway Reciprocity C]*commission reserves the power to fix and collect a reasonable fee to cover the costs of handling and issuing all credentials or other evidence of proper registration necessary for operating a motor vehicle in this state. In every event, the charge made against owners-operators from other jurisdictions will be at least equal to charges directed against Missouri-based owners-operators by other jurisdictions.

(34) Does Not Cover *[Division of Transportation]* **Missouri Highways and Transportation Commission Fees.** Nothing in these rules shall be interpreted to govern any provisions or agreements as to reciprocity concerning the *[Division of Transportation]* **commission's** fees and charges. All questions concerning the fees and charges of the *[Division of Transportation]* **commission** are to be determined exclusively by the reciprocal agreements entered into by the *[Division of Transportation, Department of Economic Development]* **commission.**

**Title 16—RETIREMENT SYSTEMS
Division 10—The Public School Retirement System
of Missouri
Chapter 5—Retirement, Options and Benefits**

ORDER OF RULEMAKING

By the authority vested in the board of trustees under section 169.020, RSMo Supp. 2006, the board hereby amends a rule as follows:

16 CSR 10-5.010 Service Retirement is amended.

A notice of proposed rulemaking containing the text of the proposed amendment was published in the *Missouri Register* on December 1, 2006 (31 MoReg 2001-2002). No changes have been made in the text of the proposed amendment, so it is not reprinted here. This proposed amendment becomes effective thirty (30) days after publication in the *Code of State Regulations*.

SUMMARY OF COMMENTS: The Public School Retirement System of Missouri received one (1) comment on the proposed amendment.

COMMENT: Dr. Carter Ward, Executive Director of the Missouri School Boards' Association, requested that the Public School Retirement System of Missouri clarify "employed in a position covered by the retirement system" and how the proposed amendment integrates with current statutory provisions authorizing employment of retirees.

RESPONSE: The proposed amendment sets forth the requirements for termination of employment so that a member of the Public School Retirement System (PSRS) may qualify for retirement. Pursuant to the proposed amendments, the member has neither properly terminated nor qualified for retirement if he or she is employed in a position covered by the retirement system within sixty (60) days of the member's effective date of retirement without regard to the provisions of sections 169.560 and 169.596. Also, the same applies if a member executes a contract for employment in a position covered by the retirement system prior to receiving his or her first retirement benefit payment (i.e., within thirty (30) days after the effective date of retirement). A "position covered by the retirement system" is a position in which an individual meets all of the requirements for membership in PSRS or the Public Education Employee Retirement System of Missouri (PEERS) regardless of the provisions of sections 169.560 and 169.596. Those statutory sections relating to working after retirement do not apply until a member has properly terminated employment. PSRS will consider a member to be properly retired only if the member has properly terminated employment according to the proposed amendments. Only at that point will the working after retirement provisions in sections 169.560 and 169.596 apply to post-retirement employment. As an example, a member may not be employed in a PSRS/PEERS covered position under the working after retirement provisions of section 169.560 or 169.596 within sixty (60) days of the member's effective date of retirement. In addition, a member may not execute a contract with such an employer for employment under section 169.560 or 169.596 within thirty (30) days after his or her effective date of retirement. The comment also cites section 169.331; however, that section applies only to the Public School Retirement System of Kansas City. No changes have been made to the amendment as a result of this comment.

SUMMARY OF COMMENTS: The Public Education Employee Retirement System of Missouri received one (1) comment on the proposed amendment.

COMMENT: Dr. Carter Ward, Executive Director of the Missouri School Boards' Association, requested that the Public Education Employee Retirement System of Missouri clarify "employed in a position covered by the retirement system" and how the proposed amendment integrates with current statutory provisions authorizing employment of retirees.

RESPONSE: The proposed amendment for each system sets forth the requirements for termination of employment so that a member of the Public Education Employee Retirement System (PEERS) may qualify for retirement. Pursuant to the proposed amendments, the member has neither properly terminated nor qualified for retirement if he or she is employed in a position covered by the retirement system within sixty (60) days of the member's effective date of retirement without regard to the provisions of sections 169.560 and 169.596. Title 20—DEPARTMENT OF INSURANCE

IN ADDITION

Pursuant to section 538.210, RSMo regarding the medical malpractice award limit, the director of insurance is required to calculate the new limitation for non-economic damages in medical malpractice awards.

Using the Implicit Price Deflator (IPD) for Personal Consumption Expenditures (PCE), as required by section 538.210, RSMo the new medical malpractice award limit was established by the following calculations:

Index Based on 2000 Dollars
Third Quarter 2006 IPD Index 115.00
Third Quarter 2005 IPD Index 112.86

New 2007 Limit = 2006 Limit × (2006 Index/2005 Index)
607,980 = 596,666 × (1.1500/1.1286)

2007 Non-Economic Damages Limit (Rounded) = \$608,000

The Secretary of State is required by sections 347.141 and 359.481, RSMo 2000 to publish dissolutions of limited liability companies and limited partnerships.
