#### HOW TO CITE RULES AND RSMo

RULES—Cite material in the *Missouri Register* by volume and page number, for example, Vol. 28, *Missouri Register*, page 27. The approved short form of citation is 28 MoReg 27.

The rules are codified in th	e Code of State Regulations in this sys	stem—		
Title	Code of State Regulations	Division	Chapter	Rule

Department		Agency, Division	General area regulated	Specific area regulated

They are properly cited by using the full citation, i.e., 1 CSR 10-1.010.

Each department of state government is assigned a title. Each agency or division within the department is assigned a division number. The agency then groups its rules into general subject matter areas called chapters and specific areas called rules. Within a rule, the first breakdown is called a section and is designated as (1). Subsection is (A) with further breakdown into paragraph 1., subparagraph A., part (I), subpart (a), item I. and subitem a.

ules appearing under this heading are filed under the authority granted by section 536.025, RSMo 2000. An emergency rule may be adopted by an agency if the agency finds that an immediate danger to the public health, safety or welfare, or a compelling governmental interest requires emergency action; follows procedures best calculated to assure fairness to all interested persons and parties under the circumstances; follows procedures which comply with the protections extended by the Missouri and the United States Constitutions; limits the scope of such rule to the circumstances creating an emergency and requiring emergency procedure, and at the time of or prior to the adoption of such rule files with the secretary of state the text of the rule together with the specific facts, reasons and findings which support its conclusion that there is an immediate danger to the public health, safety or welfare which can be met only through the adoption of such rule and its reasons for concluding that the procedure employed is fair to all interested persons and parties under the circumstances.

Rules filed as emergency rules may be effective not less than ten (10) days after filing or at such later date as may be specified in the rule and may be terminated at any time by the state agency by filing an order with the secretary of state fixing the date of such termination, which order shall be published by the secretary of state in the *Missouri Register* as soon as practicable.

All emergency rules must state the period during which they are in effect, and in no case can they be in effect more than one hundred eighty (180) calendar days or thirty (30) legislative days, whichever period is longer. Emergency rules are not renewable, although an agency may at any time adopt an identical rule under the normal rulemaking procedures.

#### **EMERGENCY RULE**

#### 20 CSR 2220-6.040 Administration by Medical Prescription Order

PURPOSE: This rule establishes procedures for pharmacists to administer drugs and devices pursuant to medical prescription orders.

EMERGENCY STATEMENT: During the First Regular Session of the 94th General Assembly, Senate Substitute for Senate Bill 195 was passed. This legislation amended the definition of "practice of pharmacy" to include the administration of drugs and devices pursuant to medical prescription orders.

This emergency rule is necessary to preserve a compelling governmental interest requiring an early effective date of the rule to allow the Missouri State Board of Pharmacy to establish a procedure for pharmacists to administer drugs, in particular, vaccinations, per medical prescription orders, which are now covered under Medicare Part D. Effective January 1, 2008, Center for Medicaid Services (CMS) changed the reimbursement structure for immunizations such that Medicare Part D now covers many immunizations formerly covered by Medicare Part B. Pharmacies are the primary provider of Part D services.

CMS clearly intends for pharmacists to administer these immunizations. CMS bulletin SE0727 states:

Enrollees could obtain a prescription from the physician and bring it to their local network retail pharmacy for filling. In some states, it will already be possible for the vaccine to be administered by the pharmacist. Forty-six states currently allow pharmacists to provide some type of vaccinations. When it is safe to dispense and administer these vaccines in the pharmacy, plans will be exploring utilization of their network pharmacists as a provider of adult Medicare Part D vaccines.

Because pharmacists in Missouri cannot administer these immunizations until this rule is finalized, the CMS changes create billing and reimbursement issues that can deter a patient from receiving the needed immunizations. As described in the bulletin, when a physician now administers a Part D immunization, alternative billing mechanisms may require the patient to pay out-of-pocket full cost and apply to Medicare for reimbursement.

Of the Part D immunizations, the Herpes zoster vaccine (trade name Zostavax), which is used to prevent shingles, is of primary concern. The board has received patient complaints because of inability to access this vaccine. The vaccine is costly, and because it is only reimbursable under Part D, many physician offices do not choose to stock the vaccination. Storage of the vaccine poses even more of a challenge because the product must remain frozen at all times prior to administration. Due to this requirement, the CMS suggested method of a patient obtaining the drug at a pharmacy and taking the drug to a physician for administration is a questionable practice.

The Medicare billing issues and product storage requirements pose a hindrance to patients in need of this immunization. A recent Centers for Disease Control and Prevention (CDC) presentation estimated that there are one (1) million cases of shingles per year in the United States resulting in approximately twelve thousand through nineteen thousand (12,000–19,000) hospitalizations each year. The lifetime risk of developing shingles is approximately thirty-two percent (32%). The average work loss related to shingles is approximately three through seven (3-7) days per episode. A recent CDC survey showed that only 1.9% of the adults to qualify for the Herpes zoster vaccines have received it.

In Missouri pharmacists are often the most accessable health care provider, especially in rural areas of the state. Immediate adoption of rules, authorizing pharmacists to administer drugs per medication order will help prevent unnecessary debilitation and hospitalization of Missouri residents afflicted with shingles, especially in the medically underserved rural areas of the state. Adoption of these rules only through the ordinary rulemaking process will leave the people of the state of Missouri at risk of developing shingles unnecessarily for most of 2008.

Moving this rule forward as an emergency rule will allow pharmacists to provide this important service in a timelier manner to ensure the health of Missouri residents. This is especially important to those residents who live in rural areas of the state who have the largest barriers to health care access.

As a result, the Missouri State Board of Pharmacy finds that there is an immediate danger to the public health, safety, and/or welfare and a compelling governmental interest that require this emergency action. A proposed rule, which covers the same material, is published in this issue of the **Missouri Register**. The scope of this emergency rule is limited to the circumstances creating the emergency and complies with the protections extended in the **Missouri** and **United States Constitutions**. The Missouri State Board of Pharmacy believes this emergency rule is fair to all interested persons and parties under the circumstances. This emergency rule was filed May 1, 2008, effective May 11, 2008, expires Feb. 18, 2009.

### **Proposed Rules**

MISSOURI REGISTER

June 2, 2008 Vol. 33, No. 11

Under this heading will appear the text of proposed rules and changes. The notice of proposed rulemaking is required to contain an explanation of any new rule or any change in an existing rule and the reasons therefor. This is set out in the Purpose section with each rule. Also required is a citation to the legal authority to make rules. This appears following the text of the rule, after the word "Authority."

The proposed amended or rescinded, it will have a heading of proposed amendment or proposed rescission. Rules which are proposed to be amended will have new matter printed in boldface type and matter to be deleted placed in brackets.

An important function of the *Missouri Register* is to solicit and encourage public participation in the rulemaking process. The law provides that for every proposed rule, amendment or rescission there must be a notice that anyone may comment on the proposed action. This comment may take different forms.

f an agency is required by statute to hold a public hearing before making any new rules, then a Notice of Public Hearing will appear following the text of the rule. Hearing dates must be at least thirty (30) days after publication of the notice in the *Missouri Register*. If no hearing is planned or required, the agency must give a Notice to Submit Comments. This allows anyone to file statements in support of or in opposition to the proposed action with the agency within a specified time, no less than thirty (30) days after publication of the notice in the *Missouri Register*.

An agency may hold a public hearing on a rule even though not required by law to hold one. If an agency allows comments to be received following the hearing date, the close of comments date will be used as the beginning day in the ninety (90)-day-count necessary for the filing of the order of rulemaking.

f an agency decides to hold a public hearing after planning not to, it must withdraw the earlier notice and file a new notice of proposed rulemaking and schedule a hearing for a date not less than thirty (30) days from the date of publication of the new notice.

#### II. SUMMARY OF FISCAL IMPACT

Estimate of the number of entities by class which would likely be affected by the adoption of the proposed rule:	Classifications by types of the business entities which would likely be affected:	Annual estimate as to the cost of compliance with the rule by the affected entities:
377 Insurers	Insurers who have written premium for individual covered annuity contracts	Development of Suitability Forms (1-time cost): 377 Insurers x 40 hours x \$50 = \$754,000 or \$2,000 per insurer
		Annual Supervision: 66,652 Insurance Producers x 8 hours x \$50 = \$27,460,800 Or approximately \$72,830 per Insurer

#### III. WORKSHEET & ASSUMPTIONS

This proposed rule adds a requirement that an insurer issuing covered annuity contracts establish a system to supervise producers to achieve compliance with Rule 20 CSR 700-1.146(1)(B). The supervisory system will require periodic review of records.

2006 data reflects that there are 377 insurers who have written premium for individual covered annuity contracts. The department assumes development and implementation of a supervisory system including suitability forms will require 40 hours per insurer at a rate of \$50.00 per hour. Total one-time costs for development and implementation of systems:

 $377 \times 40 \times 50 = $754,000$ 

Average one-time cost per insurer would be approximately \$2,000.

Ongoing supervision with annual review is estimated at 8 hours per producer per year at a rate of \$50.00 per hour. Total estimated cost for supervision and reviews:  $68,652 \times 8 \times 50 = $27,460,800$ Average cost per insurer would be approximately \$72,830

#### **PROPOSED RULE**

### 20 CSR 1100-2.012 Accuracy of Advertising and Use of Credit Union Name

PURPOSE: This rule explains what is allowed in the use of advertising and when a credit union uses an assumed name, also known as a "dba" (doing business as).

(1) No insured credit union may use any advertising (which includes print, electronic, or broadcast media, displays and signs, stationery, and other promotional material) or make any representation which is inaccurate, misleading, or deceptive in any particular manner, or which in any way misrepresents its services, contracts, or financial condition, or which violates the requirements of the National Credit Union Administration's Truth In Savings Regulation 707.8. The exception to this section is the approved use of an assumed name as described in sections (4) through (7) of this rule.

(2) If the director notifies a credit union that an advertisement is deemed to be inaccurate, misleading, or deceptive, the credit union will have fifteen (15) days following receipt of the notification to pro-

vide the director with information substantiating the truthfulness of the advertisement.

(3) The use by any person, co-partnership, association, or corporation, except credit unions formed under the provisions of this chapter or any association composed exclusively of credit unions, including any service corporation wholly owned by credit unions or an association of them, of any name or title which contains the words "credit union" shall be a misdemeanor.

(4) Subject to the requirements of this rule, a credit union may adopt an assumed name to be used in advertising or signage, provided that the credit union uses its official charter name in communications with the division's office and for share certificates, signature cards, loan agreements, account statements, checks, drafts, and other legal documents. The assumed name may also be used in the above materials provided that it is clearly identified as such (e.g., ABC Credit Union dba XYZ Credit Union).

(5) A credit union shall not use an assumed name until it has received written approval from the director and has registered the name with the secretary of state.

(6) The director shall not issue approval to use an assumed business name if, by the director's determination, the designation may confuse or mislead the public, or if it is not readily distinguishable from, or is too similar to a name of another credit union doing business in this state. The director shall also make this determination in the event a credit union requests to change its official charter name.

(7) It is the responsibility of the individual credit union to comply with state and federal law applicable to corporate names.

(8) A credit union that intends to use an assumed name shall take reasonable steps to ensure that use of the assumed name will not result in confusion to the extent that its different facilities will be mistaken as different credit unions or that the shares deposited at or through the different facilities are separately insured from those of the other facilities.

(9) Each credit union will take the necessary steps to follow the National Credit Union Administration's requirements for the official sign display noting federal insurance.

(10) Any advertising that mentions share or savings accounts insurance provided by a party other than federal insurance must clearly explain the type and amount of such insurance and the identity of the carrier and must avoid any statement or implication that the carrier is affiliated with the federal government.

#### **PROPOSED AMENDMENT**

**20 CSR 1100-2.030 Surety Bond Requirement**. The director of the Division of Credit Unions is amending section (1) and adding new sections (3) through (7).

PURPOSE: This proposed amendment clarifies issues pertaining to surety bond coverage required for Missouri state-chartered credit unions.

(1) All credit unions are required to carry a surety blanket bond with the types and amounts of coverage required to qualify for and maintain, if required, federal share insurance as stated in National Credit Union Association (NCUA) Rules and Regulations, Part 713, and in addition must provide for faithful-performance-of-duty coverage for any officer or employee.

(3) All credit unions must use a basic bond form that has been approved by the NCUA board unless prior written approval has been acquired from the director.

(4) All credit unions should maintain increased coverage above the minimum required in section (1), equal to the greater of either of the following amounts within thirty (30) days of discovery of the need for such increase:

(A) The amount of daily cash plus anticipated daily money receipts on any of the credit union's premises; or

(B) The total amount of the credit union's money in transit in any one (1) shipment.

(C) Increased coverage is not required when the credit union temporarily increased its cash fund because of unusual events which cannot reasonably be expected to recur.

(5) Any aggregate limit of liability provided for in a surety blanket bond policy must be at least twice the single loss of liability. This requirement does not apply to optional insurance coverage.

(6) The maximum amount of deductible may not exceed the limit stated in NCUA Rules and Regulations, Part 713.

(A) Any deductibles in excess of the above amounts must receive the prior written permission of the director.

(B) A deductible may not exceed ten percent (10%) of a credit union's Irrevocable Reserves unless a separate Contingency Reserve is set up for the excess. In computing the maximum deductible, valuation accounts such as the allowance for loan losses cannot be considered.

(7) For purposes of this regulation, the term surety bond is synonymous with the term fidelity bond.

#### PROPOSED AMENDMENT

**20 CSR 1100-2.040 Loans.** The director of the Division of Credit Unions is amending section (3), deleting subsection (3)(A), consolidating subsection (3)(B) into section (3), amending subsections (4)(A) and (4)(C), and adding section (5).

PURPOSE: This amendment removes outdated language which assumes all credit unions have a credit committee and removes the requirement that board minutes include the board member's account number for privacy purposes. The amendment also cautions credit unions of the potential for insider abuse in the purchasing of repossessed collateral.

(3) In processing the loan application of a member of the board of directors or of the credit or supervisory committee where the official makes application to the credit union of which s/he is an official[-], the loan application must be approved by the loan officer in the manner provided in the Credit Union Act and the bylaws of the credit union adopted and where the loan is so approved.

[(A) The loan application to be approved must receive the majority approval of the members of the credit committee present at the meeting at which the loan application is considered; or]

[(B) The loan application must be approved by the loan officer in the manner provided in the Credit Union Act and the bylaws of the credit union adopted and where the loan is so approved.]

(4) When a member of the board of directors or of the credit or supervisory committee makes application to the credit union of which s/he is an official—

(A) The approval of the loan application shall be reported at the next regularly scheduled meeting of the board of directors. The minutes of the meeting of the board shall include *[number of the account,]* the name of applicant and amount of loan;

(C) Any loan to a member of the board of directors or to a member of the supervisory or credit committee that becomes sixty (60) days or more delinquent shall be reported to the board of directors by the president or manager at the next board meeting following the discovery of the delinquency. That report shall be recorded in the board minutes. A copy of this report shall be forwarded by mail to the director of the Division of Credit Unions. The board then shall act to make appropriate arrangements to bring the loan(s) current. Arrangements to bring the loan current shall be on terms no more favorable than those available to other members and be acceptable to the director of the Division of Credit Unions. In no event shall a loan to an official become more than ninety (90) days delinquent nor shall any loan remain in a delinquent status [more than one hundred eighty (180) days] of more than sixty (60) days in any one hundred eighty (180) days of the previous twelve (12) calendar months;

(5) It is highly recommended that employees and elected officials and their family members refrain from bidding and/or purchasing assets, such as vehicles, that were previously repossessed by the credit union. At a minimum, the credit union's board of directors must adopt a clear and concise policy regarding this type of transaction and implement the proper steps to ensure the policy is followed which should include preventing the possibility of insider abuse, which includes a bidding process.

**20 CSR 1100-2.060 Delinquent Loan and Extension Agreements Reporting Procedures.** The director of the Division of Credit Unions is amending section (7).

*PURPOSE:* This amendment is designed to clarify the procedures regarding the reporting and definition of extension agreements.

(7) The proper control of extension agreements is of considerable significance and is singled out for special attention. Extension agreements, by their very nature, may lend themselves to misuse and *[should]* must be monitored carefully by the board of directors at least quarterly. For purposes of this regulation, extension agreements do not include changes to payment schedules to facilitate changes in a borrower's pay schedule, assuming the borrower is current. However, for purposes of this regulation, the reporting of extension agreements does include the refinancing of delinquent loans for the purpose of removing them from the delinquent loan list or changing their delinquent status.

SUMMARY OF COMMENTS: The commissioner of administration received one (1) comment from John Hoskins, Director of the Department of Conservation on this proposed amendment.

COMMENT: John Hoskins suggested changing section (3) to either read "Officials or employees incurring commuting miles in a state vehicle should report such use utilizing the cents-per-mile method for inclusion in employee gross income and in accordance with procedures issued by the commissioner of administration" or "Officials or employees incurring commuting miles in a state vehicle shall report such use utilizing an Internal Revenue Service allowed method." RESPONSE: Our office has determined the language in the originally filed amendment is necessary to regulate the cost to the state as the Internal Revenue Service (IRS) allows several calculations regarding commuting miles. No changes have been made to the rule as a result of this comment.

#### Title 5—DEPARTMENT OF ELEMENTARY AND SECONDARY EDUCATION Division 110—Missouri Assistive Technology Advisory Council Chapter 1—Assistive Technology Programs

#### **ORDER OF RULEMAKING**

By the authority vested in the Missouri Assistive Technology Advisory Council under section 209.253, RSMo 2000, the council amends a rule as follows:

#### 5 CSR 110-1.010 is amended.

A notice of proposed rulemaking containing the text of the proposed amendment was published in the *Missouri Register* on January 16, 2008 (33 MoReg 194–197). Those sections with changes are reprinted here. This proposed amendment becomes effective thirty (30) days after publication in the *Code of State Regulations*.

SUMMARY OF COMMENTS: The council received seven (7) comments on the proposed amendment.

COMMENT #1: Seven (7) Hearing Instrument Specialists (HIS) practices submitted identical comments related to consumer support services. The comments opposed proposed amendment 5 CSR 110-010(10)(C)2. for the following reasons:

a) It restricts Missouri licensed Hearing Instrument Specialists (HIS) from designating telecommunications equipment;

b) It restricts an HIS from providing consumer support and continuity of care to his/her patients;

c) It forces consumers to drive long distances; and

d) It allows for providers who are unqualified.

These commenters recommended alternative rule language that would allow only licensed hearing instrument specialists, audiologists, or physicians to be eligible to designate equipment for eligible applicants.

RESPONSE AND EXPLANATION OF CHANGE: 209.253.3, RSMo requires the telecommunication access program (TAP) to ensure "an appropriate match between an individual with a disability and adaptive telecommunications equipment" and to "procure and distribute adaptive telecommunications equipment in the most costeffective manner possible." It also requires the program to "provide a full range of adaptive telecommunications equipment to meet the needs of individuals with all types of disabilities."

Since the program must provide adaptive equipment to individuals with all types of disabilities, it is not appropriate to limit those eligible to designate equipment to only licensed audiologists, HIS, and physicians as was recommended by the commenters. The audiology scope of practice in Missouri includes habilitation, rehabilitation, or aural rehabilitation related to disorders of the auditory system, balance system, or related structures and systems. The HIS scope of practice includes the selection, adaptation, and sale of hearing aids (wearable instruments or devices). Thus both professions are limited to hearing disabilities, while TAP must provide adaptive telephone equipment to individuals with motor disabilities such as cerebral palsy, quadriplegia, multiple sclerosis, and muscular dystrophy; individuals with speech disabilities such as stuttering, dysarthria, and laryngeal incompetence; along with individuals with vision disabilities and other/multiple disabilities.

For individual practitioners to address the range of disabilities TAP must serve, a variety of professional credentials far beyond audiologists, HIS, and physicians would be necessary, such as physical therapists, occupational therapists, speech-language pathologists, orientation and mobility specialists, and vision rehabilitation counselors. By policy, TAP historically only approved those individuals whose license or certification scope of practice allowed them to designate rehabilitative or habilitative equipment as part of their licensure or certification and restricted such designations to disability areas that corresponded to the certification or licensure. For example, a licensed speech-language pathologist could designate equipment for individuals with a speech disability. That was done to ensure providers were not engaging in actions outside their approved scope of practice under state licensure or certification standards.

However, to ensure cost effective and appropriate equipment match as required by law, TAP has not approved individuals to designate equipment for many years. Program administration experience demonstrated a potential financial conflict of interest for private practice individuals designating equipment. As a result, current program policies limit equipment designation approval to non-profit or public agencies that have no financial interest in such designations and who have available a range of adaptive equipment to use in device trials to determine an appropriate device-disability match.

There are currently twenty-six (26) state-funded centers for independent living that provide consumer support services free of charge to eligible consumers with all types of disabilities. As a result, no consumer must travel a long distance to reach an approved agency. Each of these agencies is able to provide in-home services to consumers if travel to the center is not possible.

Each approved agency has available an appropriate range of adaptive telephone equipment for consumers to try out to ensure appropriate device-disability match. Trying out equipment to identify an appropriate disability-device match is the only reliable mechanism to ensure cost effective use of public dollars when purchasing equipment. It is simply not possible to determine an appropriate match without access to demonstration equipment. Many TAP consumers are seniors who have multiple limitations (vision, hearing, and motor) and find different equipment features important to usability. Staff members of each independent living center receive ongoing training on the equipment and procedures used to make decisions based on device trials. Of the current center staff, approximately ten percent (10%) have masters' degrees, fifty percent (50%) have bachelors' degrees, and thirty percent (30%) have one to three (1-3) years of college. Many are individuals with disabilities themselves who have personal experience with adaptive equipment and living with a disability. All are qualified to conduct device trials and determine appropriate disability-equipment match.

In summary, the proposed amendment does not restrict an HIS from providing consumer support and continuity of care to his/her patients. Any provider can provide follow-up services to his/her clientele to support use of adaptive telephone equipment obtained through the program. Only equipment designation is limited to approved entities. The proposed amendment does not force consumers to drive long distances as agency staff can go to a consumer's home when necessary. The proposed amendment does not allow "unqualified" individuals to make equipment designations as all agency staff must undergo specific training and must have available a full range of equipment for consumers to try to ensure appropriate device-disability match.

The council determined the comments do indicate a great deal of misunderstanding of program operation and the final amendment should be revised to better reflect the current exclusive use of non-profit and public agencies to provide device trials for equipment selection. The final regulation has been revised to clarify the procedures used to ensure cost-effective equipment match as required by statute by making changes in paragraph (10)(C)2. and adding a paragraph (10)(C)4.

COMMENT #2: The same seven (7) HIS commenters also objected to the lack of a small business impact statement. All noted that an HIS office in Texas reported gross revenue over eighty thousand dollars (\$80,000) a year from the Texas telecommunications equipment distribution program.

RESPONSE: The Texas program utilizes a dollar amount voucher that is issued to individual consumers to purchase equipment from hundreds of vendors nationwide. The voucher amounts are intended to be a reflection of reasonable cost for the type and class of equipment approved for a particular eligible individual. If a vendor is making a large profit from redeeming those vouchers, it means they are taking in higher voucher amounts than the cost of the equipment they are delivering which is inconsistent with the intended design of a voucher program.

Missouri does not utilize vouchers. Equipment is directly purchased from a contract that is competitively bid which results in a more cost-effective program. As a result, there is no profit to be made from the program for any private businesses, large or small, related to equipment purchase. The only private business option is to bid on the equipment contract, which is open to any and all vendors during the bid process. No changes are necessary as a result of these comments.

COMMENT #3: One (1) HIS commenter provided an additional objection to 5 CSR 110-1.010(5)(C) and recommended that the proposed amendment be deleted, because it would prohibit providers from charging a fee for hearing examinations.

RESPONSE AND EXPLANATION OF CHANGE: The intent of the proposed amendment is not to in any way infringe on a provider charging a fee for a professional service pursuant to his/her scope of practice. The certification process as described in 5 CSR 110-1.010(4)(C) consists of completing the certification part of the program application form and is distinct from a hearing examination or any other professional service for which a provider might charge a fee. The final rule has been revised in subsection (5)(C) to ensure better understanding of this rule.

#### 5 CSR 110-1.010 Telecommunications Access Program

(5) Certifying Agents.

(C) Agencies or individuals who charge a fee to sign the certification form identified in 5 CSR 110-1.010(4)(C) shall provide the applicant with information about certifying agents who will provide that service free of charge. The program administrator will make a list of such certifying agents readily available on the Internet or upon request.

(10) TAP for Telephone Specific Procedures.

Title 13—DEPARTMENT OF SOCIAL SERVICES Division 70—MO HealthNet Division Chapter 92—Adult Day Health Care Program

#### **ORDER OF RULEMAKING**

By the authority vested in the MO HealthNet Division under sections 208.153 and 208.201, RSMo Supp. 2007 and sections 208.159 and 208.168, RSMo 2000, the division amends a rule as follows:

13 CSR 70-92.010 Adult Day Health Care Program is amended.

A notice of proposed rulemaking containing the text of the proposed amendment was published in the *Missouri Register* on January 16, 2008 (33 MoReg 213–217). No changes have been made in the text of the proposed amendment, so it is not reprinted here. This proposed amendment becomes effective thirty (30) days after publication in the *Code of State Regulations*.

SUMMARY OF COMMENTS: The division received two (2) comments on the proposed amendment.

COMMENT #1: The Missouri Adult Day Care Association requested a change to the eligibility requirements which would allow adults, eighteen (18) and over, who reside in a licensed long-term residential care facility, to be eligible for adult day health care if it is stated in the individual's plan that adult day health care would benefit the individual and enhance the overall plan of care as determined by the caseworker or service coordinator.

RESPONSE: The recommendation would change program policy and potentially duplicate services already provided, thereby creating a significant budget impact. No changes have been made to the rule as a result of this comment.

COMMENT #2: The Missouri Adult Day Care Association requested a change to the number of hours used to determine the half-day and full-day rates and recommended publishing the current fees for each.

RESPONSE: Service fees are published on the MO HealthNet website at www.dss.mo.gov/mhd/providers/index.htm and selecting the fee schedules link. The recommendation to allow hourly reimbursement in addition to half-day and full-day rates to the adult day health care program will require program changes. Additional discussions with the Department of Health and Senior Services would be necessary to determine budget impacts. No changes have been made to the rule as a result of this comment.

#### **ORDER OF RULEMAKING**

By the authority vested in the director of the Missouri Department of Insurance, Financial Institutions and Professional Registration under sections 374.045 and 381.042, RSMo 2000, the director adopts a rule as follows:

20 CSR 400-4.050 is adopted.

A notice of proposed rulemaking containing the text of the proposed rule was published in the *Missouri Register* on December 17, 2007 (32 MoReg 2512–2513). Those sections with changes are reprinted here. This proposed rule becomes effective thirty (30) days after publication in the *Code of State Regulations*.

SUMMARY OF COMMENTS: The department received four (4) comments.

COMMENT #1: The department received comments from the American Council of Life Insurers (ACLI) and America's Health Insurance Plans (AHIP) that "Form LTC-6," which is provided at time of sale and disclosure, would be the same form that would accompany a partnership policy or endorsement. ACLI and AHIP believe that Form LTC-6, to be given at the initial stages of the solicitation process, must provide only an overall description of the partnership program including what would make a policy eligible for participation under the program. They propose the adoption of a LTC-7 and provide language for adoption and suggest applicable changes to the rule.

RESPONSE AND EXPLANATION OF CHANGE: The department agrees and has modified the rule and forms accordingly. Department of Insurance, Financial Institutions and Professional Registration (DIFP) has revised LTC-6 and created LTC-7 in conjunction with the language existing in LTC-6.

COMMENT #2: The department received a comment from John Hancock that the top portion of forms should be bracketed so carriers can insert information in the order the insurer needs.

RESPONSE AND EXPLANATION OF CHANGE: The department agrees and has modified forms LTC-4 and LTC-7 accordingly.

COMMENT #3: The department received a comment from ACLI and AHIP that the proposed rule references "model #641 in January 2007" but perhaps the department intended to say "2006."

RESPONSE AND EXPLANATION OF CHANGE: The department proposed the rule based on the NAIC January 2007 model draft. NAIC later developed the October 2007 draft. In response to the comment and the later NAIC draft, the department has made revisions to the rule consistent with and in reference to the October 2007 draft.

COMMENT #4: ALCI and AHIP also recommended amending LTC-C and LTC-F to reflect the new text in the NAIC model.

RESPONSE: The department agrees and has made no changes to the rule or forms.

#### Title 20—DEPARTMENT OF INSURANCE, FINANCIAL INSTITUTIONS AND PROFESSIONAL REGISTRATION Division 400—Life, Annuities and Health Chapter 4—Long-Term Care

#### **ORDER OF RULEMAKING**

By the authority vested in the director of the Missouri Department of Insurance, Financial Institutions and Professional Registration under sections 374.045 and 536.016, RSMo 2000 and sections 376.1109, 376.1127, and 376.1130, RSMo Supp. 2007, the director amends a rule as follows:

#### 20 CSR 400-4.100 is amended.

A notice of proposed rulemaking containing the text of the proposed amendment was published in the *Missouri Register* on December 17, 2007 (32 MoReg 2513–2532). Those sections with changes are reprinted here. This proposed amendment becomes effective thirty (30) days after publication in the *Code of State Regulations*.

SUMMARY OF COMMENTS: The department received seven (7) comments.

COMMENT #1: The department received a comment from American Council of Life Insurers (ACLI) and America's Health Insurance Plans (AHIP) that the proposed amendment references "model #641 in January 2007" but perhaps the department intended to say "2006."

RESPONSE AND EXPLANATION OF CHANGE: The department proposed the rule based on the NAIC January 2007 model draft. National Association of Insurance Commissioners (NAIC) later developed the October 2007 draft. In response to the comment, the department has made revisions to the rule consistent with and in reference to the October 2007 draft.

COMMENT #2: ACLI and AHIP commented that subsection (3)(Q) should be updated to reflect the new "cross-border" provider definition as found in the NAIC model.

**RESPONSE:** The subsection referenced, (3)(Q), was not included in the *Missouri Register* for amendment, but the comment will be considered for future amendment of the rule.

COMMENT #3: The department received a comment from ACLI and AHIP that "20 CSR 400-4.100(11) Requirement to Offer Inflation Protection" should remain exactly as it appears in Missouri's current regulations. The offer should not be revised to allow for three percent (3%) inflation. This regulation provides the mandatory offer of inflation protection that meets the requirements of the Health Insurance Portability and Accountability Act (HIPAA). Once the mandatory offer requirement is met, other inflation features can also be offered.

RESPONSE AND EXPLANATION OF CHANGE: The department agrees and has modified the rule accordingly.

COMMENT #4: ACLI and AHIP also recommended that paragraph (21)(A)8. be revised to cover limited payment policies consistent with the NAIC model.

RESPONSE AND EXPLANATION OF CHANGE: The department agrees and has modified the rule accordingly.

COMMENT #5: ACLI and AHIP commented that section (24), "Nonforfeiture Benefit," should include the contingent nonforfeiture benefit for limited payment policies as found in the NAIC model.

RESPONSE: The section referenced, (24), was not included in the *Missouri Register* for amendment, but the comment will be considered for future amendment of the rule.

COMMENT #6: The department received a comment from ACLI and AHIP that "paragraphs (1)(B)4. through 9." of 20 CSR 400-4.110 should be revised to provide that a partnership policy exchange would be exempt from sections 20 CSR 400-4.100(12) and (22) and the reporting requirements of subsections (13)(B)–(F) (consistent with 20 CSR 400-4.100(25)(E)).

RESPONSE AND EXPLANATION OF CHANGE: The department agrees in part and has modified the rule to be consistent with section 20 CSR 400-4.100(25). However, the comment highlighted the fact that the long-term care insurance and the partnership program would be exempt from the suitability standards of 20 CSR 400-4.100(22). Such exemption would not be in the public interest and therefore, the rule has been revised accordingly.

COMMENT #7: The department received a comment from the ACLI and AHIP that it is unclear within this regulation as to what date all revisions are to become effective. Certain provisions require form filings with the department while others require carriers to update their administration systems as well as marketing/distribution materials. Traditionally, states which are updating their regulations in conformance with NAIC model changes usually provide up to a year for provisions to become effective.

RESPONSE: The department disagrees and has made no changes to the rule that would delay implementation of the rule. Companies may choose when to start the marketing of their partnership policies. There is no requirement to start marketing partnership plans on the effective date of this rule. Insurers have had notification of Missouri's partnership program since SB 577 was signed on July 3, 2007 and have had adequate time to prepare for the effective date of the rule.

#### 20 CSR 400-4.100 Long-Term Care Insurance

(1) Applicability and Scope. This regulation is based upon the Long-Term Care Insurance Model Regulation adopted by the National Association of Insurance Commissioners (NAIC), Model #641, published October 2007 ("2007 LTC Model").

(11) Requirement to Offer Inflation Protection.

(A) No insurer may offer a long-term care insurance policy unless the insurer also offers to the policyholder, in addition to any other inflation protection, the option to purchase a policy that provides for benefit levels to increase with benefit maximums or reasonable durations which are meaningful to account for reasonably anticipated increases in the costs of long-term care services covered by the policy. Insurers must offer to each policyholder, at the time of purchase, the option to purchase a policy with an inflation protection feature no less favorable than one (1) of the following:

1. Increases benefit levels annually in a manner so that the increases are compounded annually at a rate not less than five percent (5%);

2. Guarantees the insured individual the right to periodically increase benefit levels without providing evidence of insurability or health status so long as the option for the previous period has not been declined. The amount of the additional benefit shall be no less than the difference between the existing policy benefit and that benefit compounded annually at a rate of at least five percent (5%) for the period beginning with the purchase of the existing benefit and extending until the year in which the offer is made; or

3. Covers a specified percentage of actual or reasonable charges and does not include a maximum specified indemnity amount or limit.

#### (21) Standards for Marketing.

(A) Every insurer, health care service plan, or other entity marketing long-term care insurance coverage in this state, directly or through its producers, shall:

1. Establish marketing procedures and producer training requirements to assure that:

A. Any marketing activities, including any comparison of policies, by its producers will be fair and accurate; and

B. Excessive insurance is not sold or issued.

2. Display prominently by type, stamp or other appropriate means, on the first page of the outline of coverage and policy the following:

"Notice to buyer: This policy may not cover all of the costs associated with long-term care incurred by the buyer during the period of coverage. The buyer is advised to review carefully all policy limitations."

3. Provide copies of the disclosure forms required in subsection (7)(C) of this regulation (Form LTC-B and Form LTC-F) to the applicant.

4. Inquire and otherwise make every reasonable effort to identify whether a prospective applicant or enrollee for long-term care insurance already has accident and sickness or long-term care insurance and the types and amounts of any such insurance, except that in the case of qualified long-term care insurance contracts, an inquiry into whether a prospective applicant or enrollee for long-term care insurance has accident and sickness insurance is not required.

5. Every insurer or entity marketing long-term care insurance shall establish auditable procedures for verifying compliance with subsection (A) of this section, above.

6. If the state in which the policy or certificate is to be delivered or issued for delivery has a state senior health insurance assistance program approved by the director, the insurer shall, at solicitation, provide written notice to the prospective policyholder and certificateholder that the program is available and the name, address and telephone number of the program.

7. For long-term care health insurance policies and certificates, use the terms "noncancellable" or "level premium" only when the policy or certificate conforms to the provisions of (4)(A)3. of this regulation.

8. Provide an explanation of contingent benefit upon lapse provided for in the provisions of paragraph (24)(D)3. and, if applicable, the additional contingent benefit upon lapse provided to policies with fixed or limited premium paying periods in paragraph (24)(D)4.

#### (25) Availability of New Services or Providers.

(E) Policies issued pursuant to this section shall be considered exchanges and not replacements. These exchanges shall not be subject to section (12) and the reporting requirements of subsections (13)(A) to (E) of this regulation.

#### Title 20—DEPARTMENT OF INSURANCE, FINANCIAL INSTITUTIONS AND PROFESSIONAL REGISTRATION Division 400—Life, Annuities and Health Chapter 4—Long-Term Care

#### **ORDER OF RULEMAKING**

By the authority vested in the director of the Missouri Department of Insurance, Financial Institutions and Professional Registration under sections 208.696, 374.045, 536.016, 376.1109, 376.1127, and 376.1130, RSMo the director adopts a rule as follows:

#### 20 CSR 400-4.110 is adopted.

A notice of proposed rulemaking containing the text of the proposed rule was published in the *Missouri Register* on December 17, 2007 (32 MoReg 2532–2534). Those sections with changes are reprinted here. This proposed rule becomes effective thirty (30) days after publication in the *Code of State Regulations*.

SUMMARY OF COMMENTS: The department received nine (9) comments.

COMMENT #1: The department received a comment from American Council of Life Insurers (ACLI) and America's Health Insurance Plans (AHIP) that "paragraphs (1)(B)4. through 9." should be revised to provide that a partnership policy exchange would be exempt from sections 20 CSR 400-4.100(12) and (22) and the reporting requirements of subsections (13)(B)–(F) (consistent with 20 CSR 400-4.100(25)(E)).

RESPONSE AND EXPLANATION OF CHANGE: The department agrees in part and has modified the rule, paragraph (1)(B)10, to be consistent with section 20 CSR 400.4.100(25). The department disagrees that a partnership policy exchange should be exempted from 20 CSR 400-4.100(22) as such exemption is not in the public interest.

COMMENT #2: The department received a comment from ACLI and AHIP that the rule should be revised to be based on three percent (3%) compound annual inflation protection, compound consumer price index (CPI), automatic purchase options with specific limitations, or an alternative approved by the director. ACLI and AHIP presented revised language for proposed new paragraph in (1)(A)4. to be consistent with their recommendation. The department received a comment from John Hancock urging the department to allow a CPI-based annual compound inflation protection.

RESPONSE AND EXPLANATION OF CHANGE: The department agrees with part of this comment and has modified the rule to allow inflation protection to be based on three percent (3%) compound annual inflation protection, compound CPI, or an alternative approved by the director.

COMMENT #3: The department received a comment from Missouri Association of Insurance and Financial Advisors (MAIFA) that the CPI should not be adopted as inflation protection, but that the inflation protection should remain at five percent (5%).

RESPONSE AND EXPLANATION OF CHANGE: The department agrees in part. The rule has been changed to reflect a five percent (5%) offer of inflation protection for partnership plans. However, compound annual inflation protection must have a minimum rate of three percent (3%).

COMMENT #4: ACLI and AHIP commented that in paragraph (1)(A)3., it is unclear what exception is being carved out.

**RESPONSE:** The department disagrees and has made no changes to the rule. The language in the section is clear regarding the exception.

COMMENT #5: The department received a comment from ACLI and AHIP that "paragraph (1)(B)1." should allow a one (1)-year period for insurers to notify policyholders of the option to exchange coverage for a partnership policy and that, under paragraph (1)(B)2., the exchange option period only be open for ninety (90) days.

RESPONSE: The department disagrees and has made no changes to the rule. Once a company starts marketing partnership plans, it has one hundred eighty (180) days to offer an exchange after the company starts to market partnership plans. Once the offer is made, the consumer has one hundred eighty (180) days to accept the offer. This is a potential year time frame for exchanges. Reducing the exchange option period is not in the best interest of the consumer.

COMMENT #6: The department received comments from the ACLI and AHIP that "Form LTC-6," which is provided at time of sale and disclosure, would be the same form that would accompany a partnership policy or endorsement. ACLI and AHIP believe that Form LTC-6, to be given at the initial stages of the solicitation process, must provide only an overall description of the partnership program including what would make a policy eligible for participation under the program. They propose the adoption of Form LTC-7 and suggest applicable changes to the rule for new paragraph (1)(D)2.

RESPONSE AND EXPLANATION OF CHANGE: The department agrees and has modified the rule and forms accordingly.

COMMENT #7: The department received a comment from Thau, Inc. contending that people who access Medicaid prior to exhausting their partnership policy should continue to develop "asset disregard" for purposes of estate recovery.

RESPONSE: The department agrees but has made no changes to the rule. Asset disregard, pursuant to section 208.690, RSMo is part of the requirements and authority of MO HealthNet and is beyond the scope of this rule and the jurisdiction of the department.

COMMENT #8: Thau, Inc. also commented that there should be a provision protecting insureds if the partnership were to be discontinued in the future.

RESPONSE: The department agrees but has made no changes to the

rule. Such protection already exists in section 208.694.2, RSMo.

### 20 CSR 400-4.110 Qualified Long-Term Care Partnership Program

(1) Requirements. For the purposes of this section, "Qualified Long-Term Care Partnership coverage" shall mean any long-term care coverage that is intended to be marketed as part of a long-term care partnership program, as outlined in sections 208.690 to 208.698, known as the "Missouri Long-Term Care Partnership Program Act."

(A) Coverage Requirements. Coverage will be considered meeting the requirements of the Missouri Long-Term Care Partnership Program if the following requirements are met:

1. The insured was a resident of this state when coverage first became effective;

2. The coverage is a qualified long-term care insurance policy (as defined in section 7702B(b) of the *Internal Revenue Code* of 1986);

3. The coverage meets the requirements of the Deficit Reduction Act of 2005, except for Subchapter B, Section 6021(a)(1)(iii)(IV) as stated in section 208.696.1(2), RSMo; and

4. The coverage includes inflation protection no less favorable than the following:

A. For a person who is less than sixty-one (61) years of age as of the date of purchase, the coverage provides compound annual inflation protection; and

B. For a person who is at least sixty-one (61) years of age but less than seventy-six (76) years of age, the policy provides some level of inflation protection; and

C. For any person who has attained the age of seventy-six (76), inflation protection may be provided but is not required.

D. In order for coverage to meet the requirements of subparagraph (1)(A)4.A., if the required inflation protection offer of five percent (5%) compound annual inflation protection referenced in 20 CSR 400-4.100(11) is rejected, the inflation protection included shall:

(I) Provide automatic annual compounded inflation increases at a rate not less than three percent (3%); or

(II) Provide automatic annual compound inflation increases at a rate based on changes in the consumer price index. "Consumer price index" means consumer price index for all urban consumers, U.S. city average, all items, as determined by the Bureau of Labor Statistics of the United States Department of Labor; or

(III) The director may approve an alternative inflation protection method so long as such method is submitted to the director with an explanation and demonstration as to how the alternative method provides for meaningful benefits which are in the best interest of the consumer and provide assurances that the policy or certificate will remain a partnership plan.

(B) Offers of Exchange. In addition to complying with the requirements of 20 CSR 400-4.100(25), where applicable—

1. Within one hundred eighty (180) days of the date that an insurer begins to advertise, market, offer, sell or issue policies that qualify under the state long-term care partnership program, the insurer shall offer, on a one (1)-time basis, in writing, to all existing policyholders and certificateholders that were issued long-term care coverage by the insurer on or after February 8, 2006, the option to exchange their existing long-term care coverage for coverage that is intended to qualify under the Missouri Long-Term Care Partnership Program (Partnership Plan). The written offer of exchange shall include the Long-Term Care Partnership Program Exchange Notification letter (Form LTC-4);

2. An exchange occurs when an insurer offers a policyholder or certificateholder (hereinafter "insured") the option to replace an existing long-term care insurance policy with a policy that qualifies as a Partnership Plan, and the insured accepts the offer to terminate the existing policy and accepts the new policy. In making an offer to exchange, an insurer shall comply with all of the following requirements:

A. The offer shall be made on a nondiscriminatory basis without regard to the age or health status of the insured;

B. The offer shall remain open for a minimum of one hundred eighty (180) days from the date of mailing by the insurer to the insured's last known address; and

C. At the time the offer is made, the insurer shall provide the insured a copy of Form LTC-4;

3. Notwithstanding paragraphs (1)(B)1. and 2., above:

A. An offer to exchange may be deferred for any insured who is currently eligible for benefits under an existing policy or who is subject to an elimination period on a claim, but such deferral shall continue only as long as such eligibility or elimination period exists, or the insured is no longer in claims status;

B. An offer to exchange does not have to be made if the insured would be required to purchase additional benefits to qualify for the state long-term care partnership program and the insured is not eligible to purchase the additional benefits under the insurer's new business, long-term care, underwriting guidelines;

4. If the new policy has an actuarial value of benefits equal to or lesser than the actuarial value of benefits of the existing policy, then all of the following apply:

A. The new policy shall not be underwritten; and

B. The rate charged for the new policy shall be determined using the original issue age and risk class of the insured that was used to determine the rate of the existing policy;

5. If the new policy has an actuarial value of benefits exceeding the actuarial value of the benefits of the existing policy, then all of the following apply:

A. The insurer shall apply its new business, long-term care, underwriting guidelines to the increased benefits only; and

B. The rate charged for the new policy shall be determined using the method set forth in subparagraph (1)(B)4.B., above, for the existing benefits, increased by the rate for the increased benefits using the then current attained age and risk class of the insured for the increased benefits only;

6. The new policy offered in an exchange shall be on a form that is currently offered for sale by the insurer in the general market and the effective date of the Partnership Plan policy shall be the same as the new policy;

7. In the event of an exchange, the insured shall not lose any rights, benefits or built-up value that has accrued under the original policy with respect to the benefits provided under the original policy, including, but not limited to, rights established because of the lapse of time related to pre-existing condition exclusions, elimination periods, or incontestability clauses;

8. Insurers may complete an exchange by issuing a new policy with an effective date no earlier than the effective date of Missouri's State Plan Amendment;

9. For those insureds with long-term care policies issued before February 8, 2006, any insurer may offer any insured an option to exchange an existing policy for a policy that qualifies as a Partnership Plan. The requirements set forth in paragraphs (1)(B)2. through 9. shall apply to any such exchange; and

10. Policies or certificates issued pursuant to this section shall be considered exchanges and not replacements. These exchanges shall not be subject to 20 CSR 400-4.100(12) and the reporting requirements of subsections (13)(B) through (F), in accordance with subsection (25)(E) of regulation 20 CSR 400-4.100.

(D) Partnership Plan Disclosure Form.

1. For policies intended to qualify under the partnership program, the producer or insurer shall give the consumer a partnership disclosure notice using the Long-Term Care Partnership Program Disclosure Notice (Form LTC-6), either—

A. Along with the outline of coverage required by regulation at the time of solicitation;

B. In the case of a policy issued to a group where an outline

of coverage is not delivered, along with the enrollment forms; or

C. In the case of a life insurance policy that offers long-term care insurance as a term of the policy or in a rider, along with the policy summary at the time of solicitation.

2. A partnership policy or certificate issued or issued for delivery in Missouri shall be accompanied by a Long-Term Care Partnership Delivery Notice (Form LTC-7) explaining the benefits associated with a partnership policy and indicating that at the time issued, the policy is intended to be a qualified state long-term care insurance partnership policy. A similar notice may be used if filed and approved by the director.

#### Title 20—DEPARTMENT OF INSURANCE, FINANCIAL INSTITUTIONS AND PROFESSIONAL REGISTRATION Division 400—Life, Annuities and Health Chapter 4—Long-Term Care

#### **ORDER OF RULEMAKING**

By the authority vested in the director of the Missouri Department of Insurance, Financial Institutions and Professional Registration under sections 208.696 and 375.143, RSMo Supp. 2007 and section 374.045, RSMo 2000, the director adopts a rule as follows:

### 20 CSR 400-4.120 Producer Training and Continuing Education is adopted.

A notice of proposed rulemaking containing the text of the proposed rule was published in the *Missouri Register* on December 17, 2007 (32 MoReg 2535–2536). No changes have been made to the text of the proposed rule, so it is not reprinted here. This proposed rule becomes effective thirty (30) days after publication in the *Code of State Regulations*.

SUMMARY OF COMMENTS: The department received five (5) comments.

COMMENT #1: The department received a comment from American Council of Life Insurers (ACLI) and America's Health Insurance Plans (AHIP) that the regulation would only require producers selling partnership policies to receive training. The ACLI and AHIP recommend that the department adopt the National Association of Insurance Commissioners (NAIC) Model provision relating to producer training (including a reasonable transition period) which would apply to all producers regardless of whether or not they sell partnership policies. The department also received a comment from the Missouri Association of Insurance and Financial Advisors (MAIFA) that insurance companies will be confused if not all producers are trained (certified) for partnership plans.

RESPONSE: The department disagrees and has made no changes to the rule. The department does not interpret section 208.692.3(2) or section 208.696.1(1), RSMo to require that all producers receive the required training.

COMMENT #2: The department received a comment from Thau, Inc. that insurers should be allowed to compensate licensed-butuncertified secondary insurance agents on up to fifty percent (50%) of the premium.

RESPONSE: The department disagrees and has made no changes to the rule. The department does not interpret section 208.692.3(2) or section 208.696.1(1), RSMo to require that all producers receive the required training. Producers that solicit, negotiate, or sell a long-term care partnership plan need the required training.

COMMENT #3: The department received a comment from the MAIFA that producers who are over the age of seventy (70) should also receive the required partnership training.

RESPONSE: The department agrees with the comment but has made no changes to the rule. There is no conflict between the rule and section 375.020.5(4), RSMo as that section only states that waivers "may be granted" to a licensee who is at least seventy (70) years of age.

COMMENT #4: MAIFA also commented that there should be no grandfather clause or grace period for producers to be trained prior to selling partnership policies.

RESPONSE: The department agrees but has made no changes to the rule.

#### Title 20—DEPARTMENT OF INSURANCE, FINANCIAL INSTITUTIONS AND PROFESSIONAL REGISTRATION Division 700—Insurance Licensing Chapter 1—Insurance Producers

#### **ORDER OF RULEMAKING**

By the authority vested in the Department of Insurance, Financial Institutions and Professional Registration under section 374.045, RSMo 2000, the department withdraws a proposed rule as follows:

# 20 CSR 700-1.148 Reasonable Supervision in Fixed, Indexed or Other Covered Annuity Sales is withdrawn.

A notice of proposed rulemaking containing the text of the proposed rule was published in the *Missouri Register* on January 2, 2008 (32 MoReg 88–90). This proposed rule is withdrawn.

SUMMARY OF COMMENTS: A public hearing was held on February 7, 2008 and the comment period ended at 5:00 p.m. on February 7, 2008. At the public hearing and in written comments, department staff explained the proposed rule and made comments in support of the proposed rule and suggested changes to the proposed rule. At the public hearing and in written comments, representatives of Kansas City Life Insurance Company, Old American Insurance Company, Sunset Life Insurance Company of America, Missouri Association of Insurance Agents (MAIA), MetLife American Council of Life Insurers (ACLI), Missouri Insurance Coalition (MIC), National Association for Fixed Annuities, Primerica Life Insurance Company, Property Casualty Insurers Association of America (PCI), Producer Advisory Board, and Primerica made comments regarding the rule.

COMMENT #1: C. Bryan Cox, on behalf of ACLI, commented that producers who sell for several insurance companies might have to have several supervision systems in place for his agency.

COMMENT #2: Mark Rhodes, on behalf of MetLife, questioned the meaning of "reasonable inquiry" in paragraph (1)(B)3.

COMMENT #3: Kim O'Brien, on behalf of National Association for Fixed Annuities, commented that if the department decides not to adopt the NAIC Suitability Model, the department should incorporate the NAIC Suitability Model provisions that acknowledge the unique differences between fixed and variable annuities for record keeping, suitability determination, and supervision, and remove those that are in conflict or incongruent with the determination of suitability ad sales of fixed annuities.

COMMENT #4: Eric C. Dupont, on behalf of MetLife, commented that the "reasonable inquiry" requirement in paragraph (1)(B)3. be made in a manner similar to that which the Iowa Department of Insurance and Financial Industry Regulatory Authority (FINRA) have agreed to proceed. In relevant part, a letter from Iowa to FINRA provides:

I am confirming that an insurance company will be deemed to have satisfied its obligations, under rules reference in your letter, which regard to the supervision of distributors if the company obtains a certification from the distributor stating that the distributor (a) is a registered broker-dealer and a member of FINRA; and (b) supervises sales of the insurance company's insurance contracts by the distributor's registered represents in accordance with FINRA rules and jurisdiction. We understand that the certification may be part of the selling agreement.

COMMENT #5: Members of the Producers Advisory Board commented that banks and other FDIC-member depository organizations already have well-respected and functioning supervisory systems in place coupled with detailed suitability analyses for current customers. Applying this rule to such banks and other FDIC-member depository organizations would impose additional unneeded oversight and supervisory systems of affiliated insurance companies.

COMMENT #6: C. Bryan Cox, on behalf of ACLI, commented that some captive agents use a broker-dealer as a supervisory system. Why would an individual whose duties are purely supervisory with no negotiation, selling, or solicitation require a producer license? RESPONSE: Based on industry comments, the director has significantly reworked the rule and filed a new version on April 30, 2008. Thus this proposed rule is withdrawn.

SUMMARY OF COMMENTS: No comments were received.

#### Title 20—DEPARTMENT OF INSURANCE, FINANCIAL INSTITUTIONS AND PROFESSIONAL REGISTRATION Division 2030—Missouri Board for Architects, Professional Engineers, Professional Land Surveyors, and Landscape Architects Chapter 11—Renewals

#### **ORDER OF RULEMAKING**

By the authority vested in the Missouri Board for Architects, Professional Engineers, Professional Land Surveyors, and Landscape Architects under section 41.946, RSMo 2000 and sections 327.041 and 327.621, RSMo Supp. 2007, the board adopts a rule as follows:

20 CSR 2030-11.035 is adopted.

A notice of proposed rulemaking containing the text of the proposed rule was published in the *Missouri Register* on February 15, 2008 (33 MoReg 447-450). Those sections with changes are reprinted here.

This proposed rule becomes effective thirty (30) days after publication in the *Code of State Regulations*.

SUMMARY OF COMMENTS: One (1) letter of comment was received from the Missouri Association of Landscape Architects (MALA). In MALA's letter to the board, three (3) minor concerns were voiced.

COMMENT #1: MALA commented in regard to limiting credit for teaching or preparing courses or seminars. Since a specific limit was not addressed in the proposed rule, MALA has suggested that the board consider amending paragraph (4)(A)5. of the rule to limit the credit for teaching or preparing for a landscape architecture course or seminar to the "first occurrence." MALA felt no credit should be given for someone repeating essentially the same course or seminar to a different classroom or audience.

RESPONSE AND EXPLANATION OF CHANGE: The board reviewed this comment and agreed that the intent was to limit the credit for the first time only. However, in view of the fact that course content and instruction have to periodically change in order to keep up with present day practice and procedures, the board felt credit for teaching or preparing a course should be limited for the first time only per each two (2)-year renewal period. Since it was noted that this limitation was not specifically spelled out in the proposed rule, the board agreed that clarification was necessary and therefore decided to amend paragraph (4)(A)5.

COMMENT #2: MALA suggested that the inclusion of service to the profession by actively serving with the American Society of Landscape Architects (ASLA), MALA, or other, be limited to credit of one (1) continuing education unit (CEU) per annum.

RESPONSE AND EXPLANATION OF CHANGE: The board reviewed the comment and agreed that the proposed rule should be amended to include service to the profession and therefore decided to add new paragraph (4)(A)9. and renumber the remaining paragraph to (4)(A)10.

COMMENT #3: MALA suggested the board prepare a standardized form that the licensed landscape architect would be required to submit with their renewal. On this standardized form the applicant would declare not only the contact hours, sponsor, topic, and date, but also the Health, Safety, Welfare (HSW) benefit derived from each activity. Should that licensed professional be audited for compliance to this CEU rule, this type of submittal would demonstrate to the auditors what specific HSW benefit that the individual believes he/she gained from the coursework.

RESPONSE: The board has already created a form as suggested by MALA and will provide such form to its landscape architect licensees for their use in reporting and documenting their CEUs. Since the creation of such a form does not require an amendment to the proposed rule, no changes were made as a result of this comment.

# 20 CSR 2030-11.035 Continuing Education for Landscape Architects

#### (4) Activities.

(A) The following suggested list may be used by all licensed landscape architects in determining the types of activities that may fulfill continuing education requirements:

1. Contact hours in attendance at short courses or seminars, dealing with landscape architectural, architectural, engineering or land surveying subjects, as appropriate to each discipline and sponsored by colleges or universities;

2. Contact hours in attendance at technical presentations on subjects which are held in conjunction with conventions or at seminars related to materials use and function. Such presentations as those sponsored by the Council of Landscape Architectural Registration Boards (CLARB), American Society of Landscape Architects (ASLA), or similar organizations devoted to landscape architectural, architectural, engineering, or land surveying education may qualify;

3. Contact hours in attendance at short courses or seminars, relating to business practice or new technology and offered by colleges, universities, professional organizations, or system suppliers;

4. Contact hours spent in self-study courses sponsored by the CLARB, ASLA or similar organizations;

5. Three (3) units preparing for each class hour spent teaching landscape architectural courses or seminars. Credit is allowed for first occurrence of teaching course or seminar per two (2)-year renewal period. College or university faculty may not claim credit for teaching regular curriculum courses;

6. Contact hours spent in landscape architectural research, which is published or formally presented to the profession or public;

7. College or university credit courses dealing with landscape architectural subjects or business practice. Each semester hour shall equal fifteen (15) CEUs;

8. Contact hours spent in professional service to the public that draws upon the licensee's professional expertise on boards or commissions, such as: serving on planning commissions, park boards, city council, county commissions or state registration boards;

9. Contact hours, maximum of one (1) per annum, spent actively participating in a technical profession society or organization as an officer or member of a committee; or

10. Contact hours spent in education tours of landscape architecturally significant projects, where the tour is sponsored by a college, university or professional organization.

#### Title 10—DEPARTMENT OF NATURAL RESOURCES Division 140—Division of Energy Chapter 2—Energy Set-Aside Fund

#### IN ADDITION

#### Notification: Energy-Efficiency Loans for Emergency Situations

In accordance with sections 640.651 to 640.686, RSMo and 10 CSR 140-2.010 to 10 CSR 140-2.030, the Department of Natural Resources is herein publishing terms for assistance from the Energy Set-Aside Loan Fund for emergency situations. Eligible applicants for this assistance are city governments; county governments; public school districts; and public vocational-technical schools, colleges, and universities. By statute, Energy Set-Aside Loan Fund monies may be used to implement cost-effective energy-efficiency projects in buildings or facilities operated by said eligible applicants. Loans must be paid back through energy savings.

This announcement pertains, specifically, to the use of Energy Set-Aside Loan Fund monies to address emergencies. Effective April 15, 2008, the department will consider loan applications involving emergency failure of, or damage to, energy-using systems, equipment, or materials resulting from an unexpected situation or sudden occurrence of a serious and urgent nature that demands immediate action. The Department of Natural Resources' Energy Center will accept applications for emergency situations on a first-come, first-served basis at any time. The applications must be fully completed in accord with provisions contained in statute (sections 640.651 to 640.686, RSMo) and in rule (10 CSR 140-2.010 to 10 CSR 140-2.030).

Approximately five hundred thousand dollars (\$500,000) is available for energy-efficiency projects under this emergency assistance. The maximum amount for which an individual applicant may apply is two hundred thousand dollars (\$200,000). Upon department review and approval, loan agreements will be awarded until funds are depleted.

Please consult the department's website, http://www.dnr.mo.gov/energy/financial/loan.htm, for information about loan interest rates. Interest rates may be changed frequently.

#### Special conditions for applicants:

•Applications may be submitted only if repair/replacement cannot wait until a normal loan-application cycle. The applicant must submit documentation that clearly justifies the need for an emergency loan. The documentation, at a minimum, must explain the urgent operational hardship or health and safety peril that the situation poses to building occupants. The documentation, at a minimum, also must include information from an engineer explaining the nature of the equipment failure, the severity of the equipment failure, and whether the equipment can be repaired.

•Except in the case of emergency situations resulting from tornadoes, floods, or fire (see below), emergency loans will be confined to heating and air conditioning systems and associated materials.

•In the case of emergency situations resulting from tornadoes or floods, the applicant must be located within a Missouri county declared a disaster area for public assistance by the Federal Emergency Management Agency. Energy-related systems, equipment, or materials of the building or facility in question must have sustained direct damage during the tornado or flood. Emergency loan funds will not be awarded for any energy-related systems, equipment, or materials that did not sustain direct damage.

•In the case of loan financing requested for energy-using components of a new building, the proposed project must be a direct replacement of a building or buildings whose energy-related systems, equipment, or materials sustained direct damage during a tornado, flood, or fire.

•In all cases, emergency loan funds will not be awarded for any equipment or materials that did not sustain damage during the event that created the emergency situation.

•Loan funds will be awarded only for portions of the project not covered by other funds available to the loan applicant to address the emergency, including but not limited to, insurance coverage, special federal disaster monies, or special state disaster monies.

Eligible applicants may obtain an application packet and additional information about the energy loan program at the Department of Natural Resources' website: http://www.dnr.mo.gov/energy/financial/loan.htm.

Eligible applicants also may contact one (1) of the department's Energy Center staff members listed below:
