

**T**his section will contain the final text of the rules proposed by agencies. The order of rulemaking is required to contain a citation to the legal authority upon which the order of rulemaking is based; reference to the date and page or pages where the notice of proposed rulemaking was published in the *Missouri Register*; an explanation of any change between the text of the rule as contained in the notice of proposed rulemaking and the text of the rule as finally adopted, together with the reason for any such change; and the full text of any section or subsection of the rule as adopted which has been changed from that contained in the notice of proposed rulemaking. The effective date of the rule shall be not less than thirty (30) days after the date of publication of the revision to the *Code of State Regulations*.

**T**he agency is also required to make a brief summary of the general nature and extent of comments submitted in support of or opposition to the proposed rule and a concise summary of the testimony presented at the hearing, if any, held in connection with the rulemaking, together with a concise summary of the agency's findings with respect to the merits of any such testimony or comments which are opposed in whole or in part to the proposed rule. The ninety (90)-day period during which an agency shall file its order of rulemaking for publication in the *Missouri Register* begins either: 1) after the hearing on the proposed rulemaking is held; or 2) at the end of the time for submission of comments to the agency. During this period, the agency shall file with the secretary of state the order of rulemaking, either putting the proposed rule into effect, with or without further changes, or withdrawing the proposed rule.

**Title 2—DEPARTMENT OF AGRICULTURE  
Division 70—Plant Industries  
Chapter 40—Missouri Treated Timber Products  
Law Rules**

**ORDER OF RULEMAKING**

By the authority vested in the Department of Agriculture under section 280.050, RSMo 2000, the director amends a rule as follows:

2 CSR 70-40.015 is amended.

A notice of proposed rulemaking containing the text of the proposed amendment was published in the *Missouri Register* on March 17, 2008 (33 MoReg 627-628). Those sections with changes are reprinted here. This proposed amendment becomes effective thirty (30) days after publication in the *Code of State Regulations*.

**SUMMARY OF COMMENTS:** Comments were accepted from March 17 through April 16, 2008. The Missouri Department of Agriculture received written comments from the Merichem Chemicals & Refinery Service, Universal Forest Products, Osmose, Inc., Arch Chemical, and the American Wood Protection Association.

**COMMENT #1:** Merichem Chemicals & Refinery Service, American Wood Protection Association, and Osmose, Inc. stated that the address listed for the American Wood Protection Association (AWPA) was no longer in Selma, Alabama, but rather in Birmingham, Alabama.

**RESPONSE AND EXPLANATION OF CHANGE:** Suggestion noted, and AWPA contact information will be changed to reflect the

correct address.

**COMMENT #2:** Universal Forest Products, American Wood Protection Association, and Osmose, Inc. stated that the "International Code Council (ICC)" reference should be changed to "International Code Council Evaluation Service (ICC-ES)."

**RESPONSE AND EXPLANATION OF CHANGE:** Suggestion noted, and recommended change will be made to reference "ICC-ES."

**COMMENT #3:** Universal Forest Products, American Wood Protection Association, and Osmose, Inc. stated that the reference to the AWPA Appendix A should be eliminated.

**RESPONSE AND EXPLANATION OF CHANGE:** Suggestion noted, and recommended change will be made to the language.

**COMMENT #4:** Universal Forest Products and Osmose, Inc. suggested that the department consider referencing the ICC Evaluation Service as an acceptable alternative in section (2) of 2 CSR 70-40.015.

**RESPONSE AND EXPLANATION OF CHANGE:** Suggestion noted, and reference to the ICC Evaluation Service will be added to section (2) of 2 CSR 70-40.015.

**COMMENT #5:** Universal Forest Products recommended that the department consider the following requests: 1) Suggested that department should adopt an exemption for all treated wood products that do not conform to AWPA or Evaluation Service Reports (ESR) standards, similar to the exemption currently in place for peeler core landscape timbers; 2) Suggested that the department should require hardwood products treated to less than AWPA or ESR standards to possess labels that contained language warning consumers that these products do not conform to AWPA standards and should not be used for structural purposes; and 3) Stated that the AWPA standardizes wood preservatives but does not "approve" wood preservatives and suggested that we remove the word "approve" from rule.

**RESPONSE AND EXPLANATION OF CHANGE:** 1) The department disagrees that peeler core exemption should be extended to ALL treated wood products. If suggestion was followed, businesses would essentially be able to avoid AWPA or ESR standards by simply putting a disclaimer tag on the product; 2) The department feels that since these particular products are listed to a "specific" retention level, as required by rule, the current label language is adequate; and 3) Suggestion noted, and recommended change will be made to remove the word "approve."

**COMMENT #6:** Osmose, Inc. recommended the following changes: 1) Opposes the establishment of a minimum copper azole standard for hardwood products; and 2) Consider referencing the ICC Evaluation Service as an acceptable alternative in section (4) of 2 CSR 70-40.015.

**RESPONSE AND EXPLANATION OF CHANGE:** 1) Since Missouri has established minimum treating standards for certain hardwood products treated with a variety of different wood preservatives, it is felt that the treating standard is needed to maintain consistency. Currently, these products are being treated and sold in Missouri with no accountability other than a disclaimer tag. Without a minimum treating standard, these particular products are unable to be regulated; and 2) Suggestion noted, and reference to the ICC Evaluation Service will be added to sections (3) and (4) of 2 CSR 70-40.015.

**COMMENT #7:** Arch Chemical recommended the following changes: 1) Suggested changing the word "solutions" in subsection (1)(A) to the word "systems"; 2) Suggested inserting the word "valid" in front of the word "ESR" in subsection (1)(A); and 3)

Recommended that subsection (1)(A) be modified to allow wood preservatives that have valid research reports other than those issued by the International Code Council “if” the product conforms to Appendix A of the AWPA standards.

RESPONSE AND EXPLANATION OF CHANGE: 1) Suggestion noted, and the word “systems” will be added to the language in subsection (1)(A); 2) The department intends to use the phrase “approved, current evaluation report” which implies that the report must be “valid”; and 3) The department feels that only wood preservatives that have been standardized by AWPA or evaluated by the ICC-ES should be allowed to be sold to consumers.

COMMENT #8: The American Wood Protection Association recommended the following changes: 1) Suggested that the Internet URL for AWPA included with association address; 2) Suggested that ALL wood products not treated in accordance with AWPA standards be labeled “Does not conform to AWPA Standards”; and 3) Raised a question regarding how the department would determine conformance with the ESR since only the ICC-ES, the report holder, the wood treater, and the monitoring third-party inspection agency have access to the quality control manual.

RESPONSE AND EXPLANATION OF CHANGE: 1) Suggestion noted, and the internet URL will be added to the contact information for the AWPA; 2) Since the department has accepted the ICC-ES as a viable alternative to AWPA standardization, and since current exemptions in the law call for specific retention requirements on certain hardwood products, the department feels that additional language is unnecessary; and 3) It is felt that the AWPA has pointed out an important issue, and the department intends to begin requesting copies of quality control manuals or specifically, the portion of the manual dealing with analytical methods, sampling protocol, or any other pertinent information that would allow the department to ensure compliance with the law.

## 2 CSR 70-40.015 Standards for Treated Timber

(1) Unless otherwise noted, all wood preservatives, preservative solutions, and preservative systems used shall be standardized by the American Wood Protection Association (AWPA) and listed in the current *AWPA Book of Standards*, published annually in May as incorporated by reference in this rule. This material may be obtained by contacting the AWPA at PO Box 361784, Birmingham, AL 35236-1784, by visiting the Uniform Resource Locator of the AWPA at [www.awpa.com](http://www.awpa.com), or by contacting the Missouri Department of Agriculture at PO Box 630, Jefferson City, MO 65101. This rule does not incorporate any subsequent amendments or additions.

(A) Standards for wood preservatives, preservative solutions, or preservative systems established by virtue of an approved, current evaluation report issued by the International Code Council Evaluation Service (ICC-ES) shall constitute an acceptable alternative to AWPA listing. Evaluation Service Reports (ESR) or National Evaluation Reports (NER) are available by visiting the Uniform Resource Locator of the ICC at [www.icc-es.org](http://www.icc-es.org).

(2) Standards for Treatment of Coniferous, Softwood Species. The requirements for retention and penetration of wood preservatives used shall not be less than the current *American Wood Protection Association Book of Standards*, published annually in May, as incorporated by reference in this rule, except that—

(B) Softwood peeler core landscape timbers shall be exempted from meeting AWPA standards, if each individual timber possesses a label or end tag that states the following, “Does not conform to AWPA Standards, not recommended for structural purposes.” If these commodities are not labeled with this particular language, AWPA requirements for retention and penetration will be enforced.

(C) Standards for retention and penetration established by virtue of an approved, current evaluation report issued by the International

Code Council Evaluation Service (ICC-ES) shall constitute an acceptable alternative to AWPA listing.

(D) All products as defined by this rule shall be labeled with a tag in accordance to the following requirements:

1. Tags shall remain attached at each point of sale and may only be removed by the final purchaser;
2. Each tag shall be placed on the surface of each product so that it is readily visible to the purchaser;
3. Each tag shall be legible; and
4. Tags shall be constructed of water resistant material.

(3) Standards for Treatment of Deciduous, Hardwood Species. The requirements for retention and penetration of wood preservatives used shall not be less than the current *American Wood Protection Association Book of Standards*, published annually in May, as incorporated by reference in this rule, except that—

(D) The minimum net retention for water-borne copper azole in the treatment of hardwoods, other than white oak, shall be 0.10 pounds per cubic foot (pcf). White oak shall be treated to refusal;

(E) All hardwood posts, lumber, and timbers treated under the exemptions listed shall be labeled with a tag indicating the retention level of the product. An example of proper labeling for penta treated hardwoods is the following: “Red oak treated to retention level of 0.20 pcf, white oak treated to refusal.”;

(F) Hardwoods not listed in the *AWPA Use Category Tables* as “treatable species” shall be labeled, “Does not conform to AWPA Standards.” Furthermore, products that fall under this classification and are intended for ground contact use shall also include the statement, “Not recommended for structural purposes.”;

(G) Standards for retention and penetration established by virtue of an approved, current evaluation report issued by the International Code Council Evaluation Service (ICC-ES) shall constitute an acceptable alternative to AWPA listing; and

(H) All products as defined by this rule shall be labeled with a tag in accordance to the following requirements:

1. Tags shall remain attached at each point of sale and may only be removed by the final purchaser;
2. Each tag shall be placed on the surface of each product so that it is readily visible to the purchaser;
3. Each tag shall be legible; and
4. Tags shall be constructed of water resistant material.

(4) Other Treatment Standards. All other standards for treatment of timber or timber products with preservatives not covered by 2 CSR 70-40.015 shall not be less than the current *American Wood Protection Association Book of Standards*, published annually in May as incorporated by reference in this rule, except that—

(A) Other alternative standards for wood preservatives established by virtue of an approved, current evaluation report issued by the International Code Council Evaluation Service (ICC-ES) shall constitute an acceptable alternative to AWPA listing.

## Title 2—DEPARTMENT OF AGRICULTURE Division 70—Plant Industries Chapter 40—Missouri Treated Timber Products Law Rules

### ORDER OF RULEMAKING

By the authority vested in the Department of Agriculture under section 280.050, RSMo 2000, the director adopts a rule as follows:

#### 2 CSR 70-40.017 Preservatives Required to be Registered Pesticides is adopted.

A notice of proposed rulemaking containing the text of the proposed rule was published in the *Missouri Register* on March 17, 2008 (33

MoReg 628). No changes have been made in the text of the proposed rule, so it is not reprinted here. This proposed rule becomes effective thirty (30) days after publication in the *Code of State Regulations*.

SUMMARY OF COMMENTS: Comments were accepted from March 17 through April 16, 2008. The Missouri Department of Agriculture received written comments from the American Wood Protection Association.

COMMENT: The American Wood Protection Association (AWPA) stated that this new rule is similar to an AWPA requirement currently in place and did not request any change in the proposed language. RESPONSE: The department appreciates the AWPA's effort to ensure that all wood preservatives are registered with the Environmental Protection Agency (EPA) prior to standardizing the product.

**Title 2—DEPARTMENT OF AGRICULTURE**  
**Division 70—Plant Industries**  
**Chapter 40—Missouri Treated Timber Products**  
**Law Rules**

**ORDER OF RULEMAKING**

By the authority vested in the Department of Agriculture under section 280.050, RSMo 2000, the director amends a rule as follows:

2 CSR 70-40.025 is amended.

A notice of proposed rulemaking containing the text of the proposed amendment was published in the *Missouri Register* on March 17, 2008 (33 MoReg 628-629). Those sections with changes are reprinted here. This proposed amendment becomes effective thirty (30) days after publication in the *Code of State Regulations*.

SUMMARY OF COMMENTS: Comments were accepted from March 17 through April 16, 2008. The Missouri Department of Agriculture received written comments from Universal Forest Products, Osmose, Inc., Missouri Forest Products Association, and the American Wood Protection Association.

COMMENT #1: Universal Forest Products and Osmose, Inc. both recommended that the department consider the following requests: 1) Section (1) should allow for inspection procedures in accordance with an Evaluation Service Report (ESR); 2) Section (2) should allow for sampling and quality control procedures in accordance with an ESR; and 3) Section (3) should allow for analysis methods in accordance with an ESR.

RESPONSE AND EXPLANATION OF CHANGE: 1) Suggestion noted, and recommended language shall be added to reflect products treated in accordance to an ESR; 2) Suggestion noted, and recommended language shall be added to reflect products treated in accordance to an ESR; and 3) Suggestion noted, and recommended language shall be added to reflect products treated in accordance to an ESR.

COMMENT #2: The Missouri Forest Products Association recommended that the department provide a definition page in association with the rule to help explain terms in the rule such as "ESR" and "service sample."

RESPONSE: The department agrees that it would be a good idea to include a definition page in the rule section of the Missouri Treated Timber Law and will begin work on a new proposed rule that will help define the terms used throughout the rules.

COMMENT #3: Osmose, Inc. and the American Wood Protection Association (AWPA) both stated that the address listed for the AWPA was no longer in Selma, Alabama, but rather in Birmingham, Alabama.

RESPONSE AND EXPLANATION OF CHANGE: Suggestion noted, and AWPA contact information will be changed to reflect the correct address.

**2 CSR 70-40.025 Standards for Inspection, Sampling and Analyses**

(1) Unless otherwise noted, standards for inspection procedures shall be in accordance with the current *American Wood Protection Association (AWPA) Book of Standards*, published annually in May, as incorporated by reference in this rule. This material may be obtained by contacting the AWPA at PO Box 361784, Birmingham, AL 35236-1784, by visiting the Uniform Resource Locator of the AWPA at [www.awpa.com](http://www.awpa.com), or by contacting the Missouri Department of Agriculture at PO Box 630, Jefferson City, MO 65101.

(A) When inspection procedures have been altered for products treated to an Evaluation Service Report (ESR) or National Evaluation Report (NER), the wood treater shall provide a summary of the relevant changes to the department with appropriate documentation. The department shall then assess the products based on those changes.

(2) Unless otherwise noted, standards for sampling and quality control procedures shall be in accordance with the current *American Wood Protection Association (AWPA) Book of Standards*, published annually in May, as incorporated by reference in this rule.

(A) Where these sampling and quality control procedures have been altered for products treated to an Evaluation Service Report (ESR) or National Evaluation Report (NER), the wood treater shall provide a summary of the relevant changes to the department with appropriate documentation. The department shall then assess the products based on those changes.

(B) Any core samples taken during an inspection shall consist of one (1) lot. A lot for inspection at the treating plant will normally be a retort charge. A lot for inspection at plant storage yards or at sales yards where the final purchase has not been made shall be that material available at the time and place of inspection which contains products from any one (1) treating plant and shall contain only one (1) species and one (1) preservative treatment. Lumber, plywood, and posts shall not be mixed in one (1) inspection lot.

(C) "Regulatory" samples will be collected from a minimum of two (2) units or bundles of treated material, however, "service" samples may be collected from any quantity of material available during the inspection.

(D) Hardwood species treated with pentachlorophenol or creosote covered under 2 CSR 70-40.015(2)(A)-(D) will be analyzed for retention by assay.

(E) Effective March 30, 2003, all treated timber producers will be required to maintain an eighty percent (80%) compliance rating. Samples will be taken from a minimum of two (2) units or bundles of treated material. After ten (10) samples have been taken from separate lots, compliance rates will be calculated. Every effort will be made to ensure that separate lots are sampled, however, if bundles are not marked with a lot number or if the treater is unsure of the lot number, samples will simply be taken from available material of the same dimensions, treated by the same treater with the same preservative. If a producer has three (3) or more stop sales based on either retention or penetration failures within these ten (10) samples, the producer will be contacted and informed that if an eighty percent (80%) compliance rating is not met after an additional ten (10) samples have been taken, the director or his/her representative will hold a hearing to determine if the producer's license should be suspended or revoked. If it is determined that the producer has not made a good faith effort to gain compliance, the director may suspend or revoke

the license of the treated timber producer as provided under section 280.040, RSMo.

(3) Unless otherwise noted, standards for methods of analysis for wood preservatives shall be in accordance with the current *American Wood Protection Association (AWPA) Book of Standards*, published annually in May, as incorporated by reference in this rule.

(A) Where these analysis methods have been altered for products treated to an Evaluation Service Report (ESR) or National Evaluation Report (NER), the wood treater shall provide a summary of the relevant changes to the department with appropriate documentation. The department shall then assess the products based on those changes.

**Title 2—DEPARTMENT OF AGRICULTURE  
Division 70—Plant Industries  
Chapter 40—Missouri Treated Timber Products  
Law Rules**

**ORDER OF RULEMAKING**

By the authority vested in the Department of Agriculture under section 280.050, RSMo 2000, the director amends a rule as follows:

2 CSR 70-40.040 is amended.

A notice of proposed rulemaking containing the text of the proposed amendment was published in the *Missouri Register* on March 17, 2008 (33 MoReg 629-630). Those sections with changes are reprinted here. This proposed amendment becomes effective thirty (30) days after publication in the *Code of State Regulations*.

**SUMMARY OF COMMENTS:** Comments were accepted from March 17 through April 16, 2008. The Missouri Department of Agriculture received written comments from Universal Forest Products, Massie Pole Yard, Sentinel Industries, and the American Wood Protection Association.

**COMMENT #1:** Universal Forest Products recommended that the department consider changing the minimum size requirements on labels from one-half inch (1/2") in diameter to one-half inch (1/2") in width and length.

**RESPONSE AND EXPLANATION OF CHANGE:** Suggestion noted, and the department agrees that this change is needed. The word "diameter" will be stricken and replaced with the words "width and length."

**COMMENT #2:** Massie Pole Yard felt that requiring companies to tag all of their treated material would result in increased cost and increased labor and feared that labels would be lost during transit of treated material to retail and wholesale facilities.

**RESPONSE:** The department acknowledges that there will be a nominal cost in purchasing end tags, however, seventy-two (72) out of seventy-four (74) wood treating companies are currently using end tags. It is felt that hammerstamps fail to inform the consumer who treated the material, what type of wood preservative was used, and what level of treatment was applied. It is also felt that the amount of time required to apply end tags should be equal to the amount of time required to apply hammerstamps.

**COMMENT #3:** Sentinel Industries made the following observations: 1) Supports requiring all wood treaters to tag treated wood products; 2) Believes that some of the companies currently using hammerstamps are not applying them as required by law; and 3) States that hammerstamps fail to inform the consumer of crucial information regarding the treatment of the product.

**RESPONSE:** The department agrees with all comments submitted by

Sentinel Industries and believes the elimination of hammerstamps will enhance consumer awareness regarding treated wood products purchased.

**COMMENT #4:** The American Wood Protection Association (AWPA) suggested that ALL wood preservatives not treated in accordance with AWPA standards be labeled "Does not conform to AWPA Standards, not recommended for structural use."

**RESPONSE:** Since the Department has accepted that the International Code Council Evaluation Service (ICC-ES) is a viable alternative to AWPA standardization, additional end tag language is felt to be unnecessary.

**COMMENT #5:** During staff review of the rule, it was noticed that the word "all" should be added to the beginning of section (5).

**RESPONSE AND EXPLANATION OF CHANGE:** The suggested change will be made.

**2 CSR 70-40.040 Branding of Treated Timber**

(2) All end tags shall be registered with the director of agriculture.

(3) All commercial product brands shall be registered with the director of agriculture and shall not be identical to nor closely resemble any other company's brand or brands registered with the director of agriculture.

(4) All end tags used under this regulation shall not be less than one-half inch (1/2") in width and length.

(5) All end tags must possess the following requirements:

**Title 2—DEPARTMENT OF AGRICULTURE  
Division 70—Plant Industries  
Chapter 40—Missouri Treated Timber Products  
Law Rules**

**ORDER OF RULEMAKING**

By the authority vested in the Department of Agriculture under section 280.050, RSMo 2000, the director amends a rule as follows:

2 CSR 70-40.055 is amended.

A notice of proposed rulemaking containing the proposed rescission was published in the *Missouri Register* on March 17, 2008 (33 MoReg 630). This proposed rescission is withdrawn, and the rule is amended. Changes have been made to the text of the rule, so it is reprinted here. The rule is amended and becomes effective thirty (30) days after publication in the *Code of State Regulations*.

**SUMMARY OF COMMENTS:** Comments were accepted from March 17 through April 16, 2008. The Missouri Department of Agriculture received written comments from the Treated Wood Council, Missouri Forest Products Association, and the American Wood Protection Association.

**COMMENT #1:** The Treated Wood Council recommended that the department drop its proposal to rescind the rule and re-propose the rule by amending it to remove the exemption for products sold for "outside exposure situations," thus making the rule a prohibition on the sale or distribution of ALL wood products similar in appearance to treated timber.

**RESPONSE AND EXPLANATION OF CHANGE:** Suggestion is noted, and the rule will be amended to eliminate the exemption for "outside exposure situations." By the elimination of this language, the rule will prohibit the sale or distribution of ALL wood products

similar in appearance to treated timber.

COMMENT #2: The Missouri Forest Products Association opposes the rescission of this rule.

RESPONSE AND EXPLANATION OF CHANGE: Opposition is noted, and the rule will be modified rather than eliminated entirely to prohibit the sale or distribution of ALL wood products similar in appearance to treated timber.

COMMENT #3: The American Wood Protection Association suggested that the rescission of the rule in its entirety could make it difficult for consumers or end users to distinguish between “dip-treated” products from pressure-treated products.

RESPONSE AND EXPLANATION OF CHANGE: Opposition is noted, and the rule will be modified rather than eliminated entirely to prohibit the sale or distribution of ALL wood products similar in appearance to treated timber.

## 2 CSR 70-40.055 Sale or Distribution of Wood Products Similar in Appearance to Treated Timber—Identification—Penalties

(1) The sale of wood products to which nonpreservative solutions have been applied, such as used motor oil, diesel fuel, and tar solutions, green or brown stains, or any other solutions similar in appearance to acceptable wood preservatives, but not recognized as such under 2 CSR 70-40.015(1) of this law, is prohibited.

(2) Violation of this rule shall be considered prima facie evidence of violation of the Merchandising Practices Act, Chapter 407, RSMo and shall subject the violator to all its enforcement provisions.

### Title 4—DEPARTMENT OF ECONOMIC DEVELOPMENT Division 240—Public Service Commission Chapter 33—Service and Billing Practices for Telecommunications Companies

#### ORDER OF RULEMAKING

By the authority vested in the Public Service Commission under sections 386.250, 392.185(9), 392.470, and 393.140, RSMo 2000, the commission amends a rule as follows:

4 CSR 240-33.160 is amended.

A notice of proposed rulemaking containing the text of the proposed amendment was published in the *Missouri Register* on March 3, 2008 (33 MoReg 522-525). Those sections with changes are reprinted here. This proposed amendment becomes effective thirty (30) days after publication in the *Code of State Regulations*.

SUMMARY OF COMMENTS: The public comment period ended April 2, 2008 and a public hearing on the proposed amendment was held April 3, 2008. Timely written comments were received from Missouri Telecommunications Industry Association (MTIA), AT&T Companies, Missouri Cable Telecommunications Association (MCTA), XO Communications Services, Inc., MCImetro Access Transmission Services LLC d/b/a Verizon Access Transmission Services and MCI Communications Services, Inc. d/b/a Verizon Business Services (collectively Verizon), and the staff of the Missouri Public Service Commission (staff). MCTA concurred with and adopted all comments of MTIA. At the hearing, Walt Cecil, Natelle Dietrich, John VanEschen, and Shelley Syler Brueggemann testified on behalf of staff, Leo Bub testified on behalf of AT&T, and John Idoux testified on behalf of Embarq. The testimony and comments generally supported the adoption of the amendments with certain modifications and both opponents and supporters of the amendments

made specific recommendations for changes in the language and operation of the rule. Comments were made by XO concerning rule provisions that are not subject of this rulemaking proceeding; they are not addressed in this order.

COMMENT #1: Staff generally supports the proposed amendments, with only a few suggested revisions as described below, and recommends the commission approve these revisions in order to more closely align the current Missouri customer proprietary network information (CPNI) rules with the FCC’s recent rule modifications to secure CPNI.

AT&T maintains that the federal rules provide sufficient protection and therefore separate state CPNI rules are unnecessary. However, AT&T concedes that the FCC does allow states to create rules that protect CPNI, as long as they do not conflict with federal requirements.

RESPONSE: No change is required by this comment.

COMMENT #2: XO raises general concerns with the current language of 4 CSR 240-33.160(3)(A)1., 2., and 3., as beyond the FCC’s rules and that they would impair XO’s Indirect Channel. However, as staff notes in its comments, telecommunications companies are already required to comply with these provisions. Staff also points out that the few changes made to the language of Missouri’s existing CPNI rule are to comport with FCC rule modifications to limit release to joint venture partners and independent contractors.

RESPONSE: No change is required by this comment.

COMMENT #3: The proposed amendment defines breach as “(C) Breach has occurred when a person, without authorization or exceeding authorization, has gained access to, used, or disclosed CPNI.” AT&T and MTIA raise concern about the deletion or omission of the word “intentionally” in the commission’s proposed definition from the FCC rule’s definition of breach, at 47 CFR section 64.2011(e). They assert that this creates inconsistent standards and, as a result, an employee’s inadvertent access or access beyond their authority would be considered a reportable breach under Missouri’s rules, but not the FCC’s rules. AT&T also comments that deletion of the word “intentionally” significantly expands the scope of what constitutes a breach and materially changes the FCC’s intent. Finally, AT&T asserts that this change will require carriers to develop and implement special procedures to report the inadvertent errors that occasionally occur, incurring significant time and cost, while increasing staff’s burden to manage such new reports.

Staff commented that all improper disclosures, even if unintentionally released, could nonetheless result in harm to customers and therefore the commission has an interest in being informed of such breaches. However, staff, at the hearing, decided not to further oppose insertion of the word “intentionally” to conform to the FCC’s definition of breach.

RESPONSE AND EXPLANATION OF CHANGE: As the commission will require annual reporting instead of requiring a report after a breach occurs, the proposed definition of breach will not be included.

COMMENT #4: The internal reference to “(1)(J)” be changed to “(1)(K)” to correctly reflect the renumbering of the subsections as a result of the rulemaking.

RESPONSE: With the removal of the definition of breach, this change is no longer necessary.

COMMENT #5: Staff comments that the FCC recently limited the release of CPNI to a company’s joint venture partners or independent contractors if the customer provides affirmative express consent or opt-in consent, necessitating similar language in Missouri’s rule. Staff makes specific language modifications to paragraph (3)(A)1.

MTIA proposes that this section should be revised differently to conform with the FCC rule and state, at the end of the first sentence,

“for the purpose of marketing communications related services to that customer.” MTIA points out that telecommunications companies use joint venture partners and independent contractors for a variety of reasons including, but not limited to, provisioning, billing and customer service functions, where the FCC rules do not apply. MTIA asserts that 47 U.S.C. section 222 states that nothing in the federal CPNI statute prohibits a telecommunications carrier from using CPNI to initiate, render, bill, and collect for telecommunications services and therefore, this revision will bring Missouri’s rule into alignment with federal law and FCC rules.

Verizon further comments that requiring opt-in consent before sharing CPNI with joint venture partners and independent contractors violates the First Amendment; and even if protecting CPNI from this type of sharing was a legitimate concern this is not the most restrictive means.

Staff agrees clarification is needed and proposes using the language of Section 222 of the Telecommunications Act.

XO suggests that the rules’ proposed language concerns confidentiality agreements and contracts with agents, affiliates, independent contractors, and third party vendors, which are over and above the FCC’s rules. However, staff notes that XO is already required to comply with these and the FCC’s provisions.

**RESPONSE AND EXPLANATION OF CHANGE:** This section will be modified by incorporating the language of Section 222 of the Telecommunications Act as more fully set forth below.

**COMMENT #6:** Staff notes that a reference to the new authentication procedures, found in the proposed amendment at 4 CSR 240-33.160(4)(C)8., which must be met prior to CPNI disclosure to a customer, was added to this paragraph. AT&T commented that the added phrase is misplaced, while XO stated the language was also confusing and potentially misleading. Staff suggests that the language be changed from “and subject to” to “or following.”

**RESPONSE AND EXPLANATION OF CHANGE:** This change will be made as set forth below.

**COMMENT #7:** AT&T proposes the language in this section be revised to better mirror the FCC’s rules and include within the body of subparagraph (5)(A)1.A., and part (5)(A)1.A.(III), the language “based on a customer-initiated telephone contact.” Verizon suggests this subsection be amended to make it clear that this requirement only applies to inbound calls, consistent with the FCC rules; while Verizon recommends that part (5)(A)1.A.(II) of the rule be amended to clarify that any CPNI can be sent to the customer’s address or telephone number of record.

Within subparagraph (5)(A)2.A., Verizon proposes to add the word “online” to read as follows: “A telecommunications company shall authenticate a customer without the use of readily available biographical information or account information prior to allowing customer online access to CPNI related to a telecommunications service account.”

Staff does not recommend any changes to this section because the language suggested by AT&T and Verizon is already included as headings to the subsections.

**RESPONSE:** No change will be made as a result of this comment.

**COMMENT #8:** AT&T notes a typographical error in subparagraph (5)(C)1.C., where the word “to” should be changed to the word “or.” Staff and others agree with this edit.

**RESPONSE AND EXPLANATION OF CHANGE:** This change will be made as set forth below.

**COMMENT #9:** AT&T comments that the proposed breach notification in section (8) appears to conflict with the new FCC requirement that carriers notify certain law enforcement agencies of breaches and prohibits carriers from publicly disclosing such breaches until at least seven (7) business days after that notification, to avoid impeding an investigation or national security. AT&T asserts that the FCC

itself is not to receive notice of such breaches and suggests that this section be deleted. AT&T proposes amending this section’s language to require notification of CPNI breaches concurrent with carrier notification to customers.

MTIA asserts that this subsection be deleted in its entirety because it conflicts with provisions in the FCC rule requiring initial and exclusive notification to the FBI and United States Secret Service (USSS), along with the ability to prohibit disclosure during the relevant investigation. MTIA further suggests that, at the very least, the rule be amended to include a secure notification process and treat notifications as Highly Confidential under commission rules to prevent disclosure prohibited by the FCC’s rule. XO suggested the commission require notice of CPNI breaches on the same schedule as the FCC rules, and allow more than seven (7) days to report breaches.

In response to these comments, staff suggests that the language be revised to require notification of breach no later than fourteen (14) days, under a highly confidential designation, to the commission via electronic mail sent to specific commission staff. Other commenters agreed that this would satisfy their concerns.

**RESPONSE AND EXPLANATION OF CHANGE:** Having reviewed the comments and testimony concerning the difficulties inherent in the requirement that carriers notify the commission after each breach, the commission believes that a single annual report of compliance with this rule is more appropriate and cost-effective for those carriers who will be subject to this rule. Therefore, the entire proposed section (8) on breaches is deleted, and an annual report requirement is included in new subsection (7)(F).

#### **4 CSR 240-33.160 Customer Proprietary Network Information**

(1) Definitions. For the purposes of 4 CSR 240-33.160, the following definitions are applicable:

(C) Categories of service include local exchange telecommunications services and interexchange telecommunications services;

(D) Communications-related services are telecommunications services, information services typically provided by telecommunications companies, and services related to the provision or maintenance of customer premises equipment;

(E) Control (including the terms “controlling,” “controlled by,” and “common control”) is the possession, directly or indirectly, of the power to direct, or to cause the direction of the management or policies of an entity, whether such power is exercised through one (1) or more intermediary entities, or alone, or in conjunction with, or pursuant to an agreement with, one (1) or more other entities, whether such power is exercised through a majority or minority ownership or voting of securities, common directors, officers or stockholders, voting trusts, holding trusts, affiliated entities, contract or any other direct or indirect means. The commission shall presume that the beneficial ownership of ten percent (10%) or more of voting securities or partnership interest of an entity constitutes control for purposes of this rule;

(F) Customer is a person or entity to which the telecommunications company is currently providing service;

(G) Customer proprietary network information (CPNI) is information that relates to the quantity, technical configuration, type, destination, location, and amount of use of a telecommunications service subscribed to by any customer of a telecommunications company, and that is made available to the telecommunications company by the customer solely by virtue of the customer-telecommunications company relationship. Customer proprietary network information also is information contained in bills pertaining to basic local exchange telecommunications service or interexchange telecommunications service received by a customer of a telecommunications company. Customer proprietary network information does not include subscriber list information;

(H) Customer premises equipment (CPE) is equipment employed on the premises of a person (other than a carrier) to originate, route, or terminate telecommunications;

(I) Independent contractor is a third party who contracts with a telecommunications company for the provision of services to the telecommunications company, but who is not controlled by the telecommunications company;

(J) Information service is the offering of a capability for generating, acquiring, storing, transforming, processing, retrieving, utilizing, or making available information via telecommunications, and includes electronic publishing, but does not include any use of any such capability for the management, control, or operation of a telecommunications system or the management of a telecommunications service;

(K) Information services typically provided by telecommunications companies are only those information services as defined in subsection (1)(J) that are typically provided by telecommunications companies, such as Internet access or voice mail services. Information services typically provided by telecommunications companies as used in this rule shall not include retail consumer services provided using Internet websites (such as travel reservation services or mortgage lending services), whether or not such services may otherwise be considered to be information services;

(L) Joint venture partner is a third party that agrees to share with a telecommunications company in the profits and losses of a business entity formed by the telecommunications company and the third party;

(M) Local exchange telecommunications company (LEC) is any company engaged in the provision of local exchange or exchange access telecommunications services;

(N) Opt-in approval is a method for obtaining customer consent to use, disclose, or permit access to the customer's CPNI. This approval method requires that the telecommunications company obtain from the customer affirmative, express consent allowing the requested CPNI usage, disclosure, or access after the customer is provided appropriate notification of the telecommunications company's request consistent with the requirements set forth in this rule;

(O) Opt-out approval is a method for obtaining customer consent to use, disclose, or permit access to the customer's CPNI. Under this approval method, a customer is deemed to have consented to the use, disclosure, or access to the customer's CPNI if the customer has failed to object thereto within a thirty (30)-day minimum period of time after the customer is provided appropriate notification of the telecommunications company's request for consent consistent with these rules. A telecommunications company may, in its discretion, provide for a longer period. Telecommunications companies must notify customers as to the applicable waiting period for a response before approval is assumed;

(P) Party is a participant in, or an agent or designee acting on behalf of and for the benefit of a participant to a transaction in which an end-user's CPNI is sold, transferred, shared or otherwise disseminated;

(Q) Public safety answering point (PSAP) is a communications location used by public safety agencies for answering emergency telephone service calls which originate in a given area. A PSAP may be designated as primary or secondary, which refers to the order in which calls are directed for answering. PSAPs may be located at police, fire or emergency medical service communications centers, or may be located in a specialized centralized communications center which handles all emergency communications for an area;

(R) Subscriber list information (SLI) is any information identifying the listed names of subscribers of a telecommunications company and such subscribers' telephone numbers, addresses, or primary advertising classifications (as such classifications are assigned at the time of the establishment of such service), or any combination of such listed names, numbers, addresses, or classifications; and that the telecommunications company or an affiliate has published, caused to be published, or accepted for publication in any directory format;

(S) Telecommunications company is used as defined in section 386.020, RSMo 2000;

(T) Telecommunications service is used as defined in section 386.020, RSMo 2000;

(U) Third party is a company not owned or controlled by or owning or controlling a telecommunications company. The third party usually operates outside the market in which a telecommunications company operates and does not provide communications-related services.

### (3) Approval Required for Use of CPNI.

#### (A) Use of Opt-Out and Opt-In Approval Process.

1. A telecommunications company shall obtain opt-in approval from a customer before disclosing that customer's CPNI to the telecommunications company joint venture partners or independent contractors. Nothing in this section prohibits a telecommunications carrier from using, disclosing, or permitting access to customer proprietary network information obtained from its customers, either directly or indirectly through its agents to initiate, render, bill and collect for telecommunications services. Any disclosure to joint venture partners and independent contractors for purposes other than those specifically listed above shall be subject to the safeguards set forth in paragraph (3)(A)3. below.

2. A telecommunications company may, subject to opt-out approval or opt-in approval, use its customer's individually identifiable CPNI for the purpose of marketing communications-related services to that customer. A telecommunications company may, subject to opt-out approval or opt-in approval, disclose its customer's individually identifiable CPNI, for the purpose of marketing communications-related services to that customer, to its agents and its affiliates that provide communications-related services. A telecommunications company may also permit such persons or entities to obtain access to such CPNI for such purposes. Any such disclosure to or access provided to agents and affiliates shall be subject to the safeguards set forth in paragraph (3)(A)3. below. A telecommunications company may elect not to apply the safeguards set forth in paragraph (3)(A)3. below, however, if the telecommunications company so elects, then it shall be held responsible if its agents or affiliates further use, allow access to, or disclose customers' CPNI.

3. Agents/affiliates/joint venture/contractor safeguards. A telecommunications company that discloses or provides access to CPNI to its agents, affiliates, joint venture partners or independent contractors pursuant to paragraphs (3)(A)1. and 2. above shall enter into confidentiality agreements with those agents, affiliates, joint venture partners, or independent contractors that comply with the following requirements. The confidentiality agreement shall:

A. Require that those agents, affiliates, joint venture partners, or independent contractors use the CPNI only for the purpose of marketing or providing the communications-related services for which that CPNI has been provided;

B. Disallow the agents, affiliates, joint venture partners, or independent contractors from using, allowing access to, or disclosing the CPNI to any other party, unless required to make such disclosure under force of law; and

C. Require that the agents, affiliates, joint venture partners, and independent contractors have appropriate protections in place to ensure the ongoing confidentiality of customers' CPNI.

### (4) Customer Notification Requirements.

(C) Content of Notice. Customer notification must provide sufficient information to enable the customer to make an informed decision as to whether to permit a carrier to use, disclose, or permit access to, the customer's CPNI.

1. The notification must state that the customer has a right, and the telecommunications company a duty, under federal and state law, to protect the confidentiality of CPNI.

2. The notification must specify the types of information that constitute CPNI and the specific entities that will receive the CPNI, describe the purposes for which CPNI will be used, and inform the

customer of his or her right to disapprove those uses, and deny or withdraw access to CPNI at any time.

3. The notification must advise the customer of the precise steps the customer must take in order to grant or deny access to CPNI, and must clearly state that a denial of approval will not affect the provision of any services to which the customer subscribes. However, companies may provide a brief statement, in clear and neutral language, describing consequences directly resulting from the lack of access to CPNI.

4. The notification shall be comprehensible and shall not be misleading.

5. If written notification is provided, the notice must be clearly legible, use at least a ten (10)-point font, and be placed in an area so as to be readily apparent to a customer.

6. If any portion of a notification is translated into another language, then all portions of the notification must be translated into that language.

7. A telecommunications company may state in the notification that the customer's approval to use CPNI may enhance the telecommunications company's ability to offer products and services tailored to the customer's needs. The notification required under subsection (4)(C) shall be in a font size no smaller than such statement.

8. A telecommunications company also may state in the notification that it may be compelled to disclose CPNI to any person upon affirmative written request by the customer or following the appropriate authentication procedures as described in section (5) below.

9. A telecommunications company may not include in the notification any statement attempting to encourage a customer to freeze third party access to CPNI.

10. The notification must state that any approval, or denial of approval for the use of CPNI outside of the service to which the customer already subscribes to from that telecommunications company is valid until the customer affirmatively revokes or limits such approval or denial.

11. A telecommunications company's solicitation for approval must include a notification of a customer's CPNI rights. The CPNI rights must be in close proximity to the solicitation.

(5) Requirements Specific to Customer-Initiated Contacts.

(C) Notification of Account Changes.

1. Telecommunications companies shall notify customers immediately whenever a password, customer response to a back-up means of authentication for lost or forgotten passwords, online account, or address of record is created or changed.

A. Notification is not required when the customer initiates service, including the selection of a password at service initiation.

B. Notification may be through a company-originated voice-mail or text message to the telephone number of record or by mail to the address of record.

C. Notification shall not reveal the changed information or be sent to the new account information.

(7) Safeguards Required for Use of Customer Proprietary Network Information.

(F) A telecommunications company shall have an officer, as an agent of the company, sign and file with the commission a compliance certificate on an annual basis. The officer shall state in the certification that he or she has personal knowledge that the company has established operating procedures that are adequate to ensure compliance with the rules in this section. The company shall provide a statement accompanying the certificate explaining how its operating procedures ensure that it is or is not in compliance with the rules in this section. In addition, the company shall include an explanation of any actions taken against any individual or entity that unlawfully obtains, uses, discloses, or sells CPNI and a summary of all customer complaints received in the past year concerning the unauthorized release of CPNI. This filing must be made annually with the commission on or before March 1, for data pertaining to the previous calendar year.

**BEFORE THE PUBLIC SERVICE COMMISSION  
OF THE STATE OF MISSOURI**

In the Matter of a Proposed Rulemaking )  
to Amend 4 CSR 240-33.160, Customer ) Case No. TX-2008-0090  
Proprietary Network Information )

**OPINION OF COMMISSIONER ROBERT M. CLAYTON III,  
CONCURRING, IN PART, AND DISSENTING, IN PART**

This Commissioner believes protecting telephone customers' private calling and billing information, known as "customer proprietary network information," (CPNI) is of the utmost importance. The Commission's CPNI rules addressing the unauthorized release of private information, whether intentional or by mistake, need to be regularly evaluated and updated to firmly assert the Commission's jurisdiction to protect consumers. Telecommunications companies must be held to a high standard in protecting their customers and those who violate Commission rules should be penalized as authorized by law. The Commission has before it an updated rule, including provisions for Commission notification in the event of a breach of confidential information to third parties. This Commissioner supports the adoption of the final rule but believes the Commission should have rejected the proposed amendment which effectively abandons the Commission's role in privacy enforcement at the time of known breaches of confidentiality.

A meaningful CPNI rule should include a section dealing with Commission notification of breaches of customers' CPNI. The rule proposed by staff contained such a provision that would have required telecommunications

companies to notify the Commission within 14 days of the breach. A breach has occurred when a person, without authorization or exceeding authorization, has intentionally gained access to, used or disclosed CPNI. The abandoned language merely required inexpensive electronic notification of Commission staff of inappropriate releases of customers' CPNI. The information would have been deemed highly confidential while staff evaluated whether the telecommunications carrier was complying with the Commission's CPNI rules and determining whether the Commission should take any enforcement action, such as a complaint. Assuming this is purely a law enforcement matter ignores the actions or omissions of the carriers. The Commission must hold the carriers to the highest standards, and the circumstances involving a breach require the Commission to review the carriers' practices.

The alternate language adopted by the majority in place of direct notification is inadequate for the Commission to improve customer protections. First, rather than notify the Commission upon individual breaches of security, the substitute language requires only that the carrier annually file a report of compliance with the Commission. Second, notifications of breach will be made in an untimely manner. Reports are due once a year on March 1<sup>st</sup> and, if a breach occurs on March 2<sup>nd</sup> of the same year, the Commission will be unaware of the breach until the next filing, one year later. Timely Commission notification is necessary for timely corrective action.

Further, the mandated report lacks specific reporting requirements. While the report requires that an officer certify that the company has procedures that

"are adequate" to comply with this rule and state how the procedures ensure compliance with the rule, very little detail is required to support the conclusory statements. Specifically related to "breaches," the annual report requires the company to generally disclose instances of an individual or entity that unlawfully obtained, used, disclosed or sold CPNI. The report requires general disclosure of whether customers did or did not have complaints about the release of unauthorized CPNI, although the report does not address the issue when customers are not aware of the breach. General observations will not give the Commission staff sufficient detail to identify good or bad practices.

The public expects that the Commission will be aware of this information and will use it to evaluate and improve the carriers' best practices. While this Commissioner has confidence that law enforcement will address some instances of privacy breaches, this Commission should not rely exclusively on Washington when protecting the public interest.

In conclusion, it has been argued that with the recent passage of HB1779 in the General Assembly, these rules will have no effect on the largest telecommunications carriers in the state and that this will be an unfair burden on the remaining operators. While this Commissioner agrees that the three largest ILECs and many CLECs may avoid all state mandates on privacy, this Commission must move forward with constructive policy in the public interest. State regulation of telecommunications may return in the future, and the Commission must have its rules in place should that ever occur. Commission waivers can address issues of unfairness and instances of undue burden or cost.

This Commissioner supports the remaining provisions of the rule and concurs, in part, however, for the foregoing reasons, this Commission dissents, in part.

Respectfully submitted,

Robert M. Clayton III, Commissioner

Dated this 20<sup>th</sup> day of May 2008,  
At Jefferson City

**Title 5—DEPARTMENT OF ELEMENTARY AND  
SECONDARY EDUCATION  
Division 80—Teacher Quality and Urban Education  
Chapter 800—Educator Certification**

**ORDER OF RULEMAKING**

By the authority vested in the State Board of Education under sections 168.011, 168.405, and 168.409, RSMo 2000 and sections 161.092, 168.021, 168.071, 168.081, and 168.400, RSMo Supp. 2007, the board amends a rule as follows:

5 CSR 80-800.200 is amended.

A notice of proposed rulemaking containing the text of the proposed amendment was published in the *Missouri Register* on March 3, 2008 (33 MoReg 525-526). The section with changes is reprinted here. This proposed amendment becomes effective thirty (30) days after publication in the *Code of State Regulations*.

SUMMARY OF COMMENTS: The board received seven (7) letters of comment on the proposed amendment.

COMMENT: School psychologists from seven (7) schools submitted comments to clarify section (7).

RESPONSE AND EXPLANATION OF CHANGE: The board considered the comments and has agreed to change the wording in section (7).

**5 CSR 80-800.200 Application for Certificate of License to Teach**

(7) In addition to all the above criteria, an applicant for a Missouri certificate of license to teach who has successfully obtained certification by the National Board for Professional Teaching Standards (NBPTS), or for school psychologists, the certificate of nationally certified school psychologist issued by the National Association of School Psychologists (NASP), and possesses good moral character may be granted a Missouri certificate of license to teach in their area of NBPTS or NASP certification most closely aligned with the current areas of certification approved by the board. The certificate of license to teach will be an initial professional classification or a career continuous professional classification (CCPC), if the applicant possesses four (4) years of teaching experience.

**Title 5—DEPARTMENT OF ELEMENTARY AND  
SECONDARY EDUCATION  
Division 80—Teacher Quality and Urban Education  
Chapter 800—Educator Certification**

**ORDER OF RULEMAKING**

By the authority vested in the State Board of Education under sections 168.011, 168.405, and 168.409, RSMo 2000 and sections 161.092, 168.021, 168.071, 168.081, and 168.400, RSMo Supp. 2007, the board amend a rule as follows:

**5 CSR 80-800.220** Application for Certificate of License to Teach for Administrators **is amended.**

A notice of proposed rulemaking containing the text of the proposed amendment was published in the *Missouri Register* on March 3, 2008 (33 MoReg 526). No changes have been made in the text of the proposed amendment, so it is not reprinted here. This proposed amendment becomes effective thirty (30) days after publication in the *Code of State Regulations*.

SUMMARY OF COMMENTS: No comments were received.

**Title 5—DEPARTMENT OF ELEMENTARY AND

Division 80—Teacher Quality and Urban Education  
Chapter 850—Professional Development**

**ORDER OF RULEMAKING**

By the authority vested in the State Board of Education under sections 160.720 and 161.092, RSMo Supp. 2007, the board rescinds a rule as follows:

**5 CSR 80-850.045 Mentoring Programs Standards is rescinded.**

A notice of proposed rulemaking containing the proposed rescission was published in the *Missouri Register* on March 3, 2008 (33 MoReg 529-530). No changes have been made in the proposed rescission, so it is not reprinted here. This proposed rescission becomes effective thirty (30) days after publication in the *Code of State Regulations*.

SUMMARY OF COMMENTS: No comments were received.

**Title 5—DEPARTMENT OF ELEMENTARY AND  
SECONDARY EDUCATION  
Division 80—Teacher Quality and Urban Education  
Chapter 850—Professional Development**

**ORDER OF RULEMAKING**

By the authority vested in the State Board of Education under sections 160.720, 161.092, and 161.375, RSMo Supp. 2007, the board adopts a rule as follows:

5 CSR 80-850.045 is adopted.

A notice of proposed rulemaking containing the text of the proposed rule was published in the *Missouri Register* on March 3, 2008 (33 MoReg 530-534). Those sections with changes are reprinted here. This proposed rule becomes effective thirty (30) days after publication in the *Code of State Regulations*.

SUMMARY OF COMMENTS: The State Board of Education (board) received four (4) letters of comment on the proposed rule.

COMMENT #1: Missouri State Teachers Association (MSTA) submitted a comment to paragraph (1)(D)1. to clarify that mentors have a minimum of three (3) years of experience.

RESPONSE AND EXPLANATION OF CHANGE: The board considered the comment and has clarified the wording in paragraph (1)(D)1.

COMMENT #2: MSTa submitted a comment to paragraph (1)(G)3. to allow districts to use a coaching model as well as three (3) direct mentor meetings.

RESPONSE AND EXPLANATION OF CHANGE: The board considered the comment and, as some districts do use a coaching model, has agreed to change the wording in paragraph (1)(G)3.

COMMENT #3: MSTa submitted four (4) suggestions for clarification of Appendix A.

RESPONSE AND EXPLANATION OF CHANGE: The board considered the comments and has agreed to modify the wording regarding the following: Training: Principal; Documentation: District, PDC and School Board; Evaluation of Mentoring Process: District, PDC and School Board; Professional Development Plan: Mentor or Professional Development Committee.

COMMENT #4: Missouri National Education Association (MNEA) President Chris Guinther, as a member of the mentoring work committee, submitted a comment regarding the inclusion of teacher standards.

RESPONSE: No change is proposed. The board is aware of recommendations from various groups regarding teaching standards; however, the statute specifically addressed mentoring standards, not teaching standards.

COMMENT #5: Donna Gardner, college professor, submitted a comment regarding paragraph (1)(D)9. noting the importance of the

principal and Professional Development Committee (PDC) members working together in assigning mentors.

RESPONSE AND EXPLANATION OF CHANGE: The wording of paragraph (1)(D)9. was changed accordingly.

COMMENT #6: Donna Collins, teacher, suggested that teaching standards be developed and included in the mentoring standards rule.

RESPONSE: No change is proposed. The board is aware of recommendations from various groups regarding teaching standards; however, the statute specifically addressed mentoring standards, not teaching standards.

COMMENT #7: Mr. Ben Simmons, executive director of Missouri National Education Association, proposed changing paragraph (1)(D)9. by deleting “/or” in “and/or” as it weakens the assignment of mentors.

RESPONSE AND EXPLANATION OF CHANGE: The wording of paragraph (1)(D)9. was changed accordingly.

COMMENT #8: Mr. Simmons also recommended the inclusion of teaching standards.

RESPONSE: No change is proposed. The board is aware of recommendations from various groups regarding teaching standards; however, the statute specifically addressed mentoring standards, not teaching standards.

COMMENT #9: Mr. Simmons further recommended changing the wording of paragraph (1)(C)6. to encourage reflection on the part of the new teacher.

RESPONSE AND EXPLANATION OF CHANGE: The wording of paragraph (1)(C)6. was changed accordingly.

**5 CSR 80-850.045 Mentoring Program Standards**

(1) A successful mentoring program will include, but may not be limited to, the standards listed below:

(C) An individualized plan for beginning educators that aligns with the district’s goals and needs that:

1. Is aligned with the department’s Performance Based Teacher/Educator Evaluation (PBTE) standards;
2. Is a systematic and concise mentoring and professional development plan that prioritizes the immediate and future needs of the new educator;
3. Aligns with district’s CSIP and certification requirements;
4. Establishes outcomes for new educators;
5. Is an extension or part of a professional development plan that may have begun during student teaching/internship or culminating project in college;
6. Establishes classroom or on-the-job observations that are guided by practices. Observations should include pre- and post-observation conferences, including reflective questions; and
7. Encourages structured experiences and expectations for all new educators.

(D) Appropriate criteria for selecting mentors that:

1. Should have a minimum of three (3) years of experience;
2. Have traits such as enthusiasm and job commitment;
3. Are committed to self-growth as well as mentoring;
4. Hold a same or similar position/job of grade/subject area (in- or out-of-building/district);
5. May use a mechanism to end pairing if either mentor or protégé is not satisfied;
6. Understand broad educational issues as well as specific teaching/education issues;
7. Have a strong understanding of pedagogy, instructional expertise, and relevant administrative issues;
8. Are available to mentor (release time, fewer additional assignments);
9. Are assigned collaboratively by administrator(s) and local

professional development committee with input from grade-level or department chair; and

10. Are supported in time/effort by administration and school board.

(G) Sufficient time for mentors to observe beginning educators, and for the beginning educators to observe master educators, are structured to provide multiple opportunities over time to minimize the need to require substitute teachers to facilitate observations by:

1. Aligning class schedules and planning periods to complement mentoring duties;

2. Utilizing state and local professional development funds, Career Ladder, or stipends to support mentors' additional duties;

3. Providing release time for coaching, observation, and meeting (minimum of three (3) each year); and

4. Encouraging college support of resources, on-line classes, personal visits, and/or beginning educators' assistance programs.

APPENDIX A

TOPIC	Beginning Teacher	Mentor or Professional Development Committee	Principal	District, PDC and School Board	College or University	DESE, Associations, and Others
SELECTION		PDC collaboratively assists in selection and pairing	Principal or superintendent collaboratively assists in selection and pairing	PDC collaboratively assists in selection and pairing		
TRAINING		Mentor attends training	Attends mentor training and supports mentor and protégé	Provides policy and support for ongoing mentor training program	Provides awareness or expectation for graduates and may provide training for mentors	Provides regional training for mentors with cognitive coaching information
CONTACT	Seeks contact prior to beginning of school year	Contacts protégé and welcomes him/her to community. Confirms first meeting	Contacts protégé and welcomes him/her to community. Arranges first meeting	Provides curriculum guides, handbooks and pertinent grade/subject level information	Instructs student teachers on expectation of mentoring	
COMMUNICATION	Seeks support and assistance with mentor and colleagues	Follows through on contacts and individualizes topics for protégé	Assures mentor and protégé communicate regularly	May provide district-wide opportunities for mentors and protégés	Provides a minimum of annual contact for 1 <sup>st</sup> & 2 <sup>nd</sup> year teachers	Supports communication between colleges and new teachers
CONFIDENTIALITY	Maintains confidentiality at all times and appreciates assistance	Maintains confidentiality at all times and reinforces trust	Appreciates mentor/protégé confidentiality and does not undermine effort	Remains neutral party.		
DOCUMENTATION	Maintains log/list of in-service, professional workshops, reading, and organizational activities	Reviews documentation	Reviews formal professional development plan	Keeps required documentation for beginning educators and mentors for verification purposes	May collect data on strength or weakness of first-year teachers	May assist in data collection and review
PROFESSIONAL DEVELOPMENT PLAN	Maintains and regularly evaluates personal plan; shares with mentor	Assists in development of the PD plan and encourages growth and career advancement	Supports new educators' professional development plans	Protégé and support team complete end-of-year district checklist or assessment	May provide ongoing or advanced coursework	Provides models and workshop opportunities

SUPPORT			Supports time for observation, collaboration & compensation	Formalizes written guidelines, mentor time & resources	Offer support to graduates from any Missouri college	Develops rules and standards
EVALUATION OF MENTORING PROCESS	Participate in formal evaluation of mentoring program	Participate in formal evaluation of mentoring program	Participate in formal evaluation of mentoring program	Develops mentoring assessment/ evaluation tool that aligns with standards and assesses formal evaluation of mentoring and makes revisions	May utilize information to improve preparation programs	Provides models; evaluates for MSIP purposes

**Title 10—DEPARTMENT OF NATURAL RESOURCES  
Division 10—Air Conservation Commission  
Chapter 6—Air Quality Standards, Definitions, Sampling  
and Reference Methods and Air Pollution Control  
Regulations for the Entire State of Missouri**

**ORDER OF RULEMAKING**

By the authority vested in the Missouri Air Conservation Commission under section 643.050, RSMo 2000, the commission amends a rule as follows:

10 CSR 10-6.020 is amended.

A notice of proposed rulemaking containing the text of the proposed amendment was published in the *Missouri Register* on March 17, 2008 (33 MoReg 630-643). Those sections with changes are reprinted here. This proposed amendment becomes effective thirty (30) days after publication in the *Code of State Regulations*.

**SUMMARY OF COMMENTS:** The Missouri Department of Natural Resources received three (3) comments on the proposed amendment from two (2) sources: the U.S. Environmental Protection Agency (EPA) and from The Boeing Company.

**COMMENT #1:** EPA commented that, throughout the rule, there are numerous definitions proposed to be deleted. In order to understand the implications of these deleted definitions, a justification should be provided for each definition stating why the department believes a definition should be deleted from the rule and why the deletion would not negatively impact air quality.

**RESPONSE:** The definitions being removed from the rule are for terms not used anywhere throughout the *Missouri Code of State Regulations* (CSR) in 10 CSR 10, Chapters 1-6. Because these definitions are not utilized, air quality will not be affected. Therefore, no changes have been made to the proposed amendment text as a result of this comment.

**COMMENT #2:** EPA commented that in reviewing the changes to the listing of Hazardous Air Pollutants, it was noticed that there was an error in the listing for Methyl bromide (Boimomethane). The listing should be—(Bromomethane)—. Given the length of the list of Hazardous Air Pollutants, it would be advantageous to double-check the listings to ensure their accuracy.

**RESPONSE AND EXPLANATIONS OF CHANGE:** The list of Hazardous Air Pollutants and the list of compounds not considered Volatile Organic Compounds have been double-checked and amended to correct the listing for Methyl bromide (Bromomethane) as well as several other discrepancies discovered when double-checking the list.

**COMMENT #3:** The Boeing Company commented that the updates to 10 CSR 10-6.020 are important and helpful in making the air rules more clear and precise.

**RESPONSE:** The department appreciates The Boeing Company's supportive comment on the proposed rulemaking. No changes have been made to the proposed rule text as a result of this comment.

**10 CSR 10-6.020 Definitions and Common Reference Tables**

(2) Definitions.

(V) All terms beginning with "V."

1. Vapor recovery system—A vapor gathering system capable of collecting the hydrocarbon vapors and gases discharged and a vapor disposal system capable of processing the hydrocarbon vapors and gases so as to limit their emission to the atmosphere.

2. Vapor tight—When applied to a delivery vessel or vapor recovery system as one that sustains a pressure change of no more

than seven hundred fifty (750) pascals (three inches (3") of H<sub>2</sub>O) in five (5) minutes when pressurized to a gauge pressure of four thousand five hundred (4,500) pascals (eighteen inches (18") of H<sub>2</sub>O) or evacuated to a gauge pressure of one thousand five hundred (1,500) pascals (six inches (6") of H<sub>2</sub>O).

3. Varnish—An unpigmented surface coating containing VOC and composed of resins, oils, thinners, and driers used to give a glossy surface to wood, metal, etc.

4. Vehicle—Any mechanical device on wheels, designed primarily for use on streets, roads, or highways, except those propelled or drawn by human or animal power or those used exclusively on fixed rails or tracks.

5. Vinyl coating—The application of a decorative or protective topcoat, or printing or vinyl-coated fabric or vinyl sheet.

6. Visible emission—Any discharge of an air contaminant, including condensibles, which reduces the transmission of light or obscures the view of an object in the background.

7. Volatile organic compounds (VOC)—For all areas in Missouri, VOC means any compound of carbon, excluding carbon monoxide, carbon dioxide, carbonic acid, metallic carbides or carbonates, and ammonium carbonate, that participates in atmospheric photochemical reactions to produce ozone.

A. The following compounds are not considered VOCs because of their known lack of participation in the atmospheric reactions to produce ozone:

CAS #	Compound
138495428	1,1,1,2,3,4,4,5,5,5-decafluoropentane (HFC 43-10mee)
431890	1,1,1,2,3,3,3-heptafluoropropane (HFC 227ea)
375031	1,1,1,2,2,3,3-heptafluoro-3-methoxypropane (n-C <sub>3</sub> F <sub>7</sub> OCH <sub>3</sub> , HFE-7000)
690391	1,1,1,3,3,3-hexafluoropropane (HFC-236fa)
679867	1,1,2,2,3-pentafluoropropane (HFC-245ca)
24270664	1,1,2,3,3-pentafluoropropane (HFC-245ea)
431312	1,1,1,2,3-pentafluoropropane (HFC-245eb)
460731	1,1,1,3,3-pentafluoropropane (HFC-245fa)
431630	1,1,1,2,3,3-hexafluoropropane (HFC-236ea)
406586	1,1,1,3,3-pentafluorobutane (HFC-365mfc)
422560	3,3-dichloro-1,1,1,2,2-pentafluoropropane (HCFC-225ca)
507551	1,3-dichloro-1,1,2,2,3-pentafluoropropane (HCFC-225cb)
354234	1,2-dichloro-1,1,2-trifluoroethane (HCFC-123a)
1615754	1-chloro-1-fluoroethane (HCFC-151a)
163702076	1,1,1,2,2,3,3,4,4-nonafluoro-4-methoxy-butane (C <sub>4</sub> F <sub>9</sub> OCH <sub>3</sub> or HFE-7100)
163702087	2-(difluoromethoxymethyl)-1,1,1,2,3,3,3-heptafluoropropane ((CF <sub>3</sub> ) <sub>2</sub> CF <sub>2</sub> OCH <sub>3</sub> )
163702054	1-ethoxy-1,1,2,2,3,3,4,4-nonafluorobutane (C <sub>4</sub> F <sub>9</sub> OC <sub>2</sub> H <sub>5</sub> or HFE-7200)
163702065	2-(ethoxydifluoromethyl)-1,1,1,2,3,3,3-heptafluoropropane ((CF <sub>3</sub> ) <sub>2</sub> CF <sub>2</sub> OC <sub>2</sub> H <sub>5</sub> )

297730939	3-ethoxy-1,1,1,2,3,4,4,5,5,6,6,6-dodecafluoro-2-(trifluoromethyl)hexane (HFE-7500)
71556	1,1,1-trichloroethane (methyl chloroform)
67641	acetone
25497294	1-chloro 1,1-difluoroethane (HCFC-142b)
75456	chlorodifluoromethane (HCFC-22)
593704	chlorofluoromethane (HCFC-31)
76153	chloropentafluoroethane (CFC-115)
63938103	2-chloro-1,1,1,2-tetrafluoroethane (HCFC-124)
75718	dichlorodifluoromethane (CFC-12)
1717006	1,1-dichloro 1-fluoroethane (HCFC-141b)
1320372	1,2-dichloro 1,1,2,2-tetrafluoroethane (CFC-114)
34077877	1,1,1-trifluoro 2,2-dichloroethane (HCFC-123)
75376	1,1-difluoroethane (HFC-152a)
75105	difluoromethane (HFC-32)
74840	ethane
353366	ethylfluoride (HFC-161)
74828	methane
79209	methyl acetate
75092	methylene chloride (dichloromethane)
98566	parachlorobenzotrifluoride (PCBTF)
354336	pentafluoroethane (HFC-125)
127184	perchloroethylene (tetrachloroethylene)
359353	1,1,2,2-tetrafluoroethane (HFC-134)
811972	1,1,1,2-tetrafluoroethane (HFC-134a)
75694	trichlorofluoromethane (CFC-11)
26523648	1,1,2-trichloro-1,2,2-trifluoroethane (CFC-113)
306832	1,1,1-trifluoro 2,2-dichloroethane (HCFC-123)
27987060	1,1,1-trifluoroethane (HFC-143a)
75467	trifluoromethane (HFC-23)
107313	methyl formate (HCOOCH <sub>3</sub> ), (1)
	1,1,1,2,2,3,4,5,5,5-decafluoro-3-methoxy-4-trifluoromethyl-pentane (C <sub>2</sub> F <sub>5</sub> CF(OCH <sub>3</sub> )CF(CF <sub>3</sub> ) <sub>2</sub> or HFE-7300)
0	Cyclic, branched or linear, completely fluorinated alkanes
0	Cyclic, branched or linear, completely fluorinated ethers with no unsaturations
0	Cyclic, branched or linear, completely methylated siloxanes
0	Cyclic, branched or linear, completely fluorinated tertiary amines with no unsaturations
0	Sulfur-containing perfluorocarbons with no unsaturations and with sulfur bonds only to carbon and fluorine

VOC may be measured by a reference method, an equivalent method, an alternative method, or by procedures specified in either 10 CSR 10-6.030 or 40 CFR 60. These methods and procedures may measure nonreactive compounds, so an owner or operator must exclude these nonreactive compounds when determining compliance.

B. The following compound(s) are considered VOC for purposes of all record keeping, emissions reporting, photochemical dispersion modeling, and inventory requirements which apply to VOC

and shall be uniquely identified in emission reports, but are not VOC for purposes of VOC emissions limitations or VOC content requirements.

CAS #	Compound
540885	t-butyl acetate

(3) General Provisions. Common reference tables are provided in this section of the rule.

(C) Table 3—Hazardous Air Pollutants.

CAS #	Hazardous Air Pollutant
75070	Acetaldehyde
60355	Acetamide
75058	Acetonitrile
98862	Acetophenone
53963	2-Acetylaminofluorene
107028	Acrolein
79061	Acrylamide
79107	Acrylic acid
107131	Acrylonitrile
107051	Allyl chloride
92671	4-Aminobiphenyl
62533	Aniline
90040	o-Anisidine
1332214	Asbestos
71432	Benzene (including from gasoline)
92875	Benzidine
98077	Benzotrifluoride
100447	Benzyl chloride
92524	Biphenyl
117817	Bis(2-ethylhexyl)phthalate (DEHP)
542881	Bis(chloromethyl)ether
75252	Bromoform
106990	1,3-Butadiene
156627	Calcium cyanamide
133062	Captan
63252	Carbaryl
75150	Carbon disulfide
56235	Carbon tetrachloride
463581	Carbonyl sulfide
120809	Catechol
133904	Chloramben
57749	Chlordane
7782505	Chlorine
79118	Chloroacetic acid
532274	2-Chloroacetophenone
108907	Chlorobenzene
510156	Chlorobenzilate
67663	Chloroform
107302	Chloromethyl methyl ether
126998	Chloroprene
1319773	Cresols/Cresylic acid (isomers and mixture)
108394	m-Cresol
95487	o-Cresol
106445	p-Cresol
98828	Cumene
94757	2,4-D, salts and esters
3547044	DDE
334883	Diazomethane
132649	Dibenzofurans
96128	1,2-Dibromo-3-chloropropane
84742	Dibutylphthalate
106467	1,4-Dichlorobenzene(p)
91941	3,3-Dichlorobenzidene
111444	Dichloroethyl ether (Bis(2-chloroethyl)ether)

542756	1,3-Dichloropropene	101779	4,4-Methylenedianiline
62737	Dichlorvos	91203	Naphthalene
111422	Diethanolamine	98953	Nitrobenzene
121697	N,N-Diethyl aniline (N,N-Dimethyl-aniline)	92933	4-Nitrobiphenyl
64675	Diethyl sulfate	100027	4-Nitrophenol
119904	3,3-Dimethoxybenzidine	79469	2-Nitropropane
60117	Dimethyl aminoazobenzene	684935	N-Nitroso-N-methylurea
119937	3,3-Dimethyl benzidine	62759	N-Nitrosodimethylamine
79447	Dimethyl carbamoyl chloride	59892	N-Nitrosomorpholine
68122	Dimethyl formamide	56382	Parathion
57147	1,1-Dimethyl hydrazine	82688	Pentachloronitrobenzene (Quintobenzene)
131113	Dimethyl phthalate	87865	Pentachlorophenol
77781	Dimethyl sulfate	108952	Phenol
534521	4,6-Dinitro-o-cresol and salts	106503	p-Phenylenediamine
51285	2,4-Dinitrophenol	75445	Phosgene
121142	2,4-Dinitrotoluene	7803512	Phosphine
123911	1,4-Dioxane (1,4-Diethyleneoxide)	7723140	Phosphorus
122667	1,2-Diphenylhydrazine	85449	Phthalic anhydride
106898	Epichlorohydrin (1-Chloro-2,3-epoxypropane)	1336363	Polychlorinated biphenyls (Aroclors)
106887	1,2-Epoxybutane	1120714	1,3-Propane sultone
140885	Ethyl acrylate	57578	beta-Propiolactone
100414	Ethyl benzene	123386	Propionaldehyde
51796	Ethyl carbamate (Urethane)	114261	Propoxur (Baygon)
75003	Ethyl chloride (Chloroethane)	78875	Propylene dichloride (1,2-Dichloropropane)
106934	Ethylene dibromide (1,2-Dibromoethane)	75569	Propylene oxide
107062	Ethylene dichloride (1,2-Dichloroethane)	75558	1,2-Propylenimine (2-Methylaziridine)
107211	Ethylene glycol	91225	Quinoline
151564	Ethylene imine (Aziridine)	106514	Quinone
75218	Ethylene oxide	100425	Styrene
96457	Ethylene thiourea	96093	Styrene oxide
75343	Ethylidene dichloride (1,1-Dichloroethane)	1746016	2,3,7,8-Tetrachlorodibenzo-p-dioxin
50000	Formaldehyde	79345	1,1,2,2-Tetrachloroethane
76448	Heptachlor	127184	Tetrachloroethylene (Perchloroethylene)
118741	Hexachlorobenzene	7550450	Titanium tetrachloride
87683	Hexachlorobutadiene	108883	Toluene
77474	Hexachlorocyclopentadiene	95807	2,4-Toluene diamine
67721	Hexachloroethane	584849	2,4-Toluene diisocyanate
822060	Hexamethylene-1,6-diisocyanate	95534	o-Toluidine
680319	Hexamethylphosphoramide	8001352	Toxaphene (chlorinated camphene)
110543	Hexane	120821	1,2,4-Trichlorobenzene
302012	Hydrazine	79005	1,1,2-Trichloroethane
7647010	Hydrochloric acid	79016	Trichloroethylene
7664393	Hydrogen fluoride (hydrofluoric acid)	95954	2,4,5-Trichlorophenol
123319	Hydroquinone	88062	2,4,6-Trichlorophenol

74884	Methyl iodide (Iodomethane)	95476	o-Xylenes
108101	Methyl isobutyl ketone (Hexone)	106423	p-Xylenes
624839	Methyl isocyanate	0	Antimony Compounds
80626	Methyl methacrylate	0	Arsenic Compounds (inorganic including arsine)
1634044	Methyl tert butyl ether	0	Beryllium Compounds
101144	4,4-Methylene bis(2-chloroaniline)	0	Cadmium Compounds
75092	Methylene chloride (Dichloromethane)	0	Chromium Compounds
101688	Methylene diphenyl diisocyanate (MDI)	0	Cobalt Compounds
		0	Coke Oven Emissions

0	Cyanide Compounds <sup>1</sup>
0	Glycol ethers <sup>2</sup>
0	Lead Compounds
0	Manganese Compounds
0	Mercury Compounds
0	Fine mineral fibers <sup>3</sup>
0	Nickel Compounds
0	Polycyclic Organic Matter <sup>4</sup>
0	Radionuclides (including radon) <sup>5</sup>
0	Selenium Compounds

**Note:** For all listings in this table that contain the word compounds and for glycol ethers, the following applies: Unless otherwise specified, these listings are defined as including any unique chemical substance that contains the named chemical (that is, antimony, arsenic, and the like) as part of that chemical's infrastructure.

<sup>1</sup> X-CN where X-H' or any other group where a formal dissociation may occur, for example, KCN or Ca(CN)<sub>2</sub>.

<sup>2</sup> Includes mono- and diethers of ethylene glycol, diethylene glycol and triethylene glycol R-(OCH<sub>2</sub>CH<sub>2</sub>)<sub>n</sub>-OR' where n = 1, 2, or 3; R = Alkyl or aryl groups; R' = R, H, or groups which, when removed, yield glycol ethers with the structure R-(OCH<sub>2</sub>CH<sub>2</sub>)<sub>n</sub>-OH. Polymers and ethylene glycol monobutyl ether are excluded from the glycol category.

<sup>3</sup> Includes glass microfibers, glass wool fibers, rock wool fibers, and slag wool fibers, each characterized as respirable (fiber diameter less than three and one-half (3.5) micrometers) and possessing an aspect ratio (fiber length divided by fiber diameter) greater than or equal to three (3), as emitted from production of fiber and fiber products.

<sup>4</sup> Includes organic compounds with more than one (1) benzene ring, and which have a boiling point greater than or equal to one hundred degrees Celsius (100°C).

<sup>5</sup> A type of atom which spontaneously undergoes radioactive decay.

**Title 10—DEPARTMENT OF NATURAL RESOURCES**  
**Division 10—Air Conservation Commission**  
**Chapter 6—Air Quality Standards, Definitions, Sampling**  
**and Reference Methods and Air Pollution Control**  
**Regulations for the Entire State of Missouri**

**ORDER OF RULEMAKING**

By the authority vested in the Missouri Air Conservation Commission under section 643.050, RSMo 2000, the commission amends a rule as follows:

10 CSR 10-6.220 is amended.

A notice of proposed rulemaking containing the text of the proposed amendment was published in the *Missouri Register* on March 17, 2008 (33 MoReg 643-644). Those sections with changes are reprinted here. This proposed amendment becomes effective thirty (30) days after publication in the *Code of State Regulations*.

**SUMMARY OF COMMENTS:** The Missouri Department of Natural Resources' Air Pollution Control Program received four (4) comments on the proposed amendment from four (4) sources: AmerenUE, Empire District Electric Company, Kansas City Power & Light Company, and U.S. Environmental Protection Agency (EPA).

Due to similar concerns addressed in the following three (3) comments, one (1) response that addresses these concerns can be found at the end of these three (3) comments:

**COMMENT #1:** AmerenUE questioned whether proposed Procedure 3 in paragraph (5)(A)4. was referenced by mistake and the reference should have been 40 CFR Part 60 Appendix B Performance Specification 1. If proposed Procedure 3 was intended, they believe that the inclusion of the proposed federal test procedure is inappropriate for the following reasons: 1) the method is proposed and will likely change from its current form when finalized and require additional revision to the rule; 2) there is a question of whether the inclusion of a proposed method makes the Missouri rule more stringent than the federal rule since the method has not been finalized; and 3) there is a concern of the additional burden the inclusion of Procedure 3 would place on sources by requiring quarterly audits of continuous opacity monitoring systems.

**COMMENT #2:** Empire District Electric Company (EDE) commented that implementation of Procedure 3 would increase labor costs and other plant expenses without providing additional benefits to air quality. EDE believes that inclusion of Procedure 3 is inappropriate due to the fact that Procedure 3 is only a proposed method and will likely change from its current form when finalized. EDE also questions whether the inclusion of a proposed method makes the Missouri rule more stringent than the federal rule since the method has not yet been finalized.

**COMMENT #3:** Kansas City Power & Light (KCP&L) expressed concern over using EPA proposed Procedure 3 because there is every possibility that it could change again before it is adopted as a final rule or it could live on as a proposal without receiving final formal approval. KCP&L is also concerned about the quarterly quality assurance requirements, which they believe are unnecessary and add needless expense.

**RESPONSE AND EXPLANATION OF CHANGE:** The original intent was for proposed Procedure 3 to replace proposed Method 203. Procedure 3 was proposed in the *Federal Register* as a test method to replace the proposed Method 203. Subsection (3)(F) of the rule does not require the use of this method, but the department is not opposed to any source using it as EPA intended. When this test method is final, the department plans to update this rule accordingly. The question of whether the inclusion of a proposed method makes the Missouri rule more stringent than the federal rule since the method has not been finalized was raised. Discussions with the Attorney General's Office and the Secretary of State's Office in 1996 concurred with the use of the proposed method in the rule. As a result of concerns expressed in these comments, the original language referring to proposed Method 203 will be kept in the rule so that opacity of visible emissions can be determined by that proposed method until such time that the Continuous Opacity Monitoring System method/procedure is finalized.

**COMMENT #4:** U.S. Environmental Protection Agency (EPA) commented that the added incorporation by reference dates varied between July 1, 2006, and July 1, 2007, and should all be July 1, 2007, for consistency purposes.

**RESPONSE AND EXPLANATION OF CHANGE:** As a result of the comment, all text with incorporation by reference language has been reviewed and updated to the latest incorporation by reference language.

**10 CSR 10-6.220 Restriction of Emission of Visible Air Contaminants**

(1) Applicability. This rule applies to all sources of visible emissions throughout the state of Missouri with the exception of the following:

(H) Emission sources regulated by 10 CSR 10-6.070 and the provisions of 40 CFR part 60, promulgated as of July 1, 2007, and hereby incorporated by reference in this rule, as published by the U.S. Government Printing Office, 732 N Capitol Street NW, Washington,

DC 20401. This rule does not incorporate any subsequent amendments or additions; and

(2) Definitions.

(C) Six (6)-minute period—A three hundred sixty (360) consecutive second time interval. Six (6)-minute block averages shall be utilized for COMS data per the provisions of Appendix B to 40 CFR part 60, Performance Specification 1, promulgated as of July 1, 2007, and hereby incorporated by reference in this rule, as published by the U.S. Government Printing Office, 732 N Capitol Street NW, Washington, DC 20401. This rule does not incorporate any subsequent amendments or additions.

(5) Test Methods.

(A) Emissions from Stationary Sources—Use one (1) of the following four (4) methods:

1. Qualified observer in accordance with 10 CSR 10-6.030(9), Reference Method 9—Visual Determination of the Opacity of Emissions from Stationary Sources;

2. Qualified observer in accordance with the provisions of 40 CFR part 51, Appendix M—Recommended Test Methods, Method 203A—Visual Determination of Opacity of Emissions from Stationary Sources for Time-Averaged Regulations, promulgated as of July 1, 2007, and hereby incorporated by reference in this rule, as published by the U.S. Government Printing Office, 732 N Capitol Street NW, Washington, DC 20401. This rule does not incorporate any subsequent amendments or additions;

3. Qualified observer in accordance with the provisions of 40 CFR part 51, Appendix M—Recommended Test Methods, Method 203B—Visual Determination of Opacity of Emissions from Stationary Sources for Time-Exception Regulations, promulgated as of July 1, 2007, and hereby incorporated by reference in this rule, as published by the U.S. Government Printing Office, 732 N Capitol Street NW, Washington, DC 20401. This rule does not incorporate any subsequent amendments or additions; or

4. Continuous Opacity Monitoring System that complies with and is installed, calibrated, maintained, and operated in accordance with proposed Test Method 203—Visual Determination of the Opacity of Emissions from Stationary Sources by Continuous Opacity Monitoring Systems (as proposed in the October 7, 1992, *Federal Register*, Volume 57, pp. 46114–46119).

(B) Emissions from Mobile Internal Combustion Engines—Use a qualified observer in accordance with the provisions of 40 CFR part 60, Appendix A—Test Methods, Method 22—Visual Determination of Fugitive Emissions from Material Sources and Smoke Emissions from Flares, promulgated as of July 1, 2007, and hereby incorporated by reference in this rule, as published by the U.S. Government Printing Office, 732 N Capitol Street NW, Washington, DC 20401. This rule does not incorporate any subsequent amendments or additions.

(C) Fugitive Emissions from Material Sources, Smoke Emissions from Flares and As Required by Permit Condition—Use a qualified observer in accordance with the provisions of 40 CFR part 60, Appendix A—Test Methods, Method 22—Visual Determination of Fugitive Emissions from Material Sources and Smoke Emissions from Flares, promulgated as of July 1, 2007, and hereby incorporated by reference in this rule, as published by the U.S. Government Printing Office, 732 N Capitol Street NW, Washington, DC 20401. This rule does not incorporate any subsequent amendments or additions.

**Title 13—DEPARTMENT OF SOCIAL SERVICES**  
**Division 70—MO HealthNet Division**  
**Chapter 3—Conditions of Provider Participation,**  
**Reimbursement and Procedure of General Applicability**

**ORDER OF RULEMAKING**

By the authority vested in the MO HealthNet Division under sections 208.201, 208.431, and 208.435, RSMo Supp. 2007, the division amends a rule as follows:

**13 CSR 70-3.170 Medicaid Managed Care Organization**  
**Reimbursement Allowance is amended.**

A notice of proposed rulemaking containing the text of the proposed amendment was published in the *Missouri Register* on April 15, 2008 (33 MoReg 785–788). No changes have been made in the text of the proposed amendment, so it is not reprinted here. This proposed amendment becomes effective thirty (30) days after publication in the *Code of State Regulations*.

SUMMARY OF COMMENTS: No comments were received.

**Title 19—DEPARTMENT OF HEALTH AND**  
**SENIOR SERVICES**  
**Division 30—Division of Regulation and Licensure**  
**Chapter 20—Hospitals**

**ORDER OF RULEMAKING**

By the authority vested in the Department of Health and Senior Services under section 197.287, RSMo 2000, the department adopts a rule as follows:

**19 CSR 30-20.125 Unlicensed Assistive Personnel Training**  
**Program is adopted.**

A notice of proposed rulemaking containing the text of the proposed rule was published in the *Missouri Register* on March 3, 2008 (33 MoReg 550–556). No changes have been made in the text of the proposed rule, so it is not reprinted here. This proposed rule becomes effective thirty (30) days after publication in the *Code of State Regulations*.

SUMMARY OF COMMENTS: No comments were received.

This section may contain notice of hearings, correction notices, public information notices, rule action notices, statements of actual costs and other items required to be published in the *Missouri Register* by law.

**Title 7—DEPARTMENT OF TRANSPORTATION  
Division 10—Missouri Highways and  
Transportation Commission  
Chapter 25—Motor Carrier Operations**

**IN ADDITION**

**7 CSR 10-25.010 Skill Performance Evaluation Certificates for  
Commercial Drivers**

**PUBLIC NOTICE**

Public Notice and Request for Comments on Applications for Issuance of Skill Performance Evaluation Certificates to Intrastate Commercial Drivers with Diabetes Mellitus or Impaired Vision

**SUMMARY:** This notice publishes MoDOT's receipt of applications for the issuance of Skill Performance Evaluation (SPE) Certificates from individuals who do not meet the physical qualification requirements in the Federal Motor Carrier Safety Regulations for drivers of commercial motor vehicles in Missouri intrastate commerce because of impaired vision or an established medical history or clinical diagnosis of diabetes mellitus currently requiring insulin for control. If granted, the SPE Certificates will authorize these individuals to qualify as drivers of commercial motor vehicles (CMVs), in intrastate commerce only, without meeting the vision standard prescribed in 49 CFR 391.41(b)(10), if applicable, or the diabetes standard prescribed in 49 CFR 391.41(b)(3).

**DATES:** Comments must be received at the address stated below, on or before September 2, 2008.

**ADDRESSES:** You may submit comments concerning an applicant, identified by the application number stated below, by any of the following methods:

- Email:* [Kathy.Hatfield@modot.mo.gov](mailto:Kathy.Hatfield@modot.mo.gov)
- Mail:* PO Box 893, Jefferson City, MO 65102-0893
- Hand Delivery:* 1320 Creek Trail Drive, Jefferson City, MO 65109
- Instructions:* All comments submitted must include the agency name and application number for this public notice. For detailed instructions on submitting comments, see the Public Participation heading of the Supplementary Information section of this notice. All comments received will be open and available for public inspection, and MoDOT may publish those comments by any available means.

**COMMENTS RECEIVED  
BECOME MoDOT PUBLIC RECORD**

- By submitting any comments to MoDOT, the person authorizes MoDOT to publish those comments by any available means.
- Docket:* For access to the department's file, to read background documents or comments received, 1320 Creek Trail Drive, Jefferson City, MO 65109, between 7:30 a.m. and 4:00 p.m., Monday through Friday, except state holidays.

**FOR FURTHER INFORMATION CONTACT:** Ms. Kathy Hatfield, Motor Carrier Specialist, (573) 522-9001, MoDOT Motor Carrier Services Division, PO Box 893, Jefferson City, MO 65102-

0893. Office hours are from 7:30 a.m. to 4:00 p.m., CT, Monday through Friday, except state holidays.

**SUPPLEMENTARY INFORMATION:**

**Public Participation**

If you want us to notify you that we received your comments, please include a self-addressed, stamped envelope or postcard.

**Background**

The individuals listed in this notice have recently filed applications requesting MoDOT to issue SPE Certificates to exempt them from the physical qualification requirements relating to vision in 49 CFR 391.41(b)(10), or to diabetes in 49 CFR 391.41(b)(3), which otherwise apply to drivers of CMVs in Missouri intrastate commerce.

Under section 622.555, *Missouri Revised Statutes* (RSMo) Supp. 2007, MoDOT may issue a Skill Performance Evaluation Certificate, for not more than a two (2)-year period, if it finds that the applicant has the ability, while operating CMVs, to maintain a level of safety that is equivalent to or greater than the driver qualification standards of 49 CFR 391.41. Upon application, MoDOT may renew an exemption upon expiration.

Accordingly, the agency will evaluate the qualifications of each applicant to determine whether issuing a SPE Certificate will comply with the statutory requirements and will achieve the required level of safety. If granted, the SPE Certificate is only applicable to intrastate transportation wholly within Missouri.

**Qualifications of Applicants**

**Application # MP031222018**

Applicant's Name & Age: Doyle Gene Hyten, 65  
Relevant Physical Condition: Mr. Hyten's best uncorrected visual acuity in his right eye is 20/40 Snellen and his left eye is 20/200 Snellen, due to an injury accident in 1960.

Relevant Driving Experience: Currently retired. He has 22 years previous commercial motor vehicle driving experience.  
Drives personal vehicle(s) daily.

Doctor's Opinion & Date: Following an examination in March 2008, his optometrist certified, "In my medical opinion, Mr. Hyten's visual deficiency is stable and has sufficient vision to perform the driving tasks required to operate a commercial motor vehicle, and that his condition will not adversely affect his ability to operate a commercial motor vehicle safely."

Traffic Accidents and Violations: No accidents or violations within the past three (3) years.

**Request for Comments**

The Missouri Department of Transportation, Motor Carrier Services Division, pursuant to section 622.555, RSMo, and rule 7 CSR 10-25.010, requests public comment from all interested persons on the applications for issuance of Skill Performance Evaluation Certificates described in this notice. We will consider all comments received before the close of business on the closing date indicated earlier in this notice.

Issued on: July 1, 2008

*Jan Skouby, Motor Carrier Services Director, Missouri Department of Transportation.*

**Title 19—DEPARTMENT OF HEALTH AND  
SENIOR SERVICES  
Division 60—Missouri Health Facilities Review  
Committee  
Chapter 50—Certificate of Need Program**

**EXPEDITED APPLICATION REVIEW SCHEDULE**

The Missouri Health Facilities Review Committee has initiated review of the expedited applications listed below. A decision is tentatively scheduled for August 21, 2008. These applications are available for public inspection at the address shown below:

**Date Filed**

**Project Number:** Project Name  
City (County)  
Cost, Description

**07/08/08**

**#4235 NP:** Oakdale Care Center  
Poplar Bluff (Butler County)  
\$56,000, Long-term care bed expansion through the purchase of 7 skilled nursing facility beds from Lutheran Good Shepherd Home, Concordia (Lafayette County)

**07/10/08**

**#4234 HS:** St. Mary's Health Center  
Richmond Heights (St. Louis County)  
\$1,170,687, Replace cardiac catheterization laboratory

**#4238 HS:** St. John's Mercy Medical Center  
St. Louis (St. Louis County)  
\$2,042,642, Replace angiography system

Any person wishing to request a public hearing for the purpose of commenting on these applications must submit a written request to this effect, which must be received by August 11, 2008. All written requests and comments should be sent to:

Chairman  
Missouri Health Facilities Review Committee  
c/o Certificate of Need Program  
Post Office Box 570  
Jefferson City, MO 65102

For additional information contact  
Donna Schuessler, (573) 751-6403.

**T**he Secretary of State is required by sections 347.141 and 359.481, RSMo 2000 to publish dissolutions of limited liability companies and limited partnerships. The content requirements for the one-time publishing of these notices are prescribed by statute. This listing is published pursuant to these statutes. We request that documents submitted for publication in this section be submitted in camera ready 8 1/2" x 11" manuscript by email to [dissolutions@sos.mo.gov](mailto:dissolutions@sos.mo.gov).

## **NOTICE OF DISSOLUTION OF LIMITED LIABILITY COMPANY TO ALL CREDITORS AND CLAIMANTS AGAINST SUGGAR, L.L.C.**

On May 12, 2008, Suggar, L.L.C., filed its Notice of Winding Up with the Missouri Secretary of State.

Suggar, L.L.C. requests that all persons and organizations who have claims against it present them immediately by correspondence to Suggar, L.L.C., c/o Gregory F. Herkert, Attorney at Law, 8000 Maryland Avenue, Suite 1060, St. Louis, Missouri 63105.

All claims must include: the name, address, and telephone number of the Claimant; the amount claimed; the basis for the claim; any supporting documentation; and the dates on which the events on which the claim is based occurred.

All claims against Suggar, L.L.C. will be barred unless a proceeding to enforce the claim is commenced within three (3) years after the publication of this notice.

## **NOTICE OF DISSOLUTION TO ALL CREDITORS OF AND CLAIMANTS AGAINST NIFONG FLORIDA PROPERTIES, LLC**

On April 22, 2008, the Notice of Winding Up for Nifong Florida Properties, LLC, a Missouri limited liability company (the "Company"), was filed with the Missouri Secretary of State.

All claims against the Company should be presented in writing and sent to the following company at this mailing address:

EPL II, LLC  
222 South Central Avenue, Suite 800  
Clayton, MO 63105

The claim must contain: (1) the name, address and telephone number of the claimant; (2) the amount of the claim; (3) the basis for the claim; and (4) documentation of the claim.

Any and all claims against the Company will be barred unless a proceeding to enforce the claim is commenced within three years after the publication of this notice.

**NOTICE OF CORPORATE DISSOLUTION TO ALL CREDITORS OF AND  
CLAIMANTS AGAINST INNOVATIVE CONNECTIONS, INC.**

On June 20, 2008, Innovative Connections, Inc., a Missouri corporation, filed its Articles of Dissolution with the Missouri Secretary of State. Dissolution was effective upon filing.

You are hereby notified that if you believe you have a claim against Innovative Connections, Inc., you must submit a summary in writing of the circumstances surrounding your claim to Keith K. Grissom, Attorney At Law, LLC, 4704 Prague Ave., St. Louis, MO 63109. The summary of your claim must include the following information:

1. The name, address and telephone number of the claimant;
2. The amount of the claim;
3. The date on which the event on which the claim is based occurred;
4. The basis for the claim together with a brief description of the nature of the claim and copies of any supporting documentation; and
5. Whether the claim is secured and if so, the collateral used as security together with copies of any documents evidencing the claim.

**NOTICE: BECAUSE OF THE DISSOLUTION OF INNOVATIVE CONNECTIONS, INC., ANY CLAIMS AGAINST IT WILL BE BARRED UNLESS A PROCEEDING TO ENFORCE THE CLAIM IS COMMENCED WITHIN TWO (2) YEARS AFTER THE PUBLICATION DATE OF THIS NOTICE OR THE PUBLICATION DATE OF ANY OTHER NOTICE REQUIRED BY LAW, WHICHEVER IS LATER.**

## Rule Changes Since Update to Code of State Regulations

This cumulative table gives you the latest status of rules. It contains citations of rulemakings adopted or proposed after deadline for the monthly Update Service to the *Code of State Regulations*, citations are to volume and page number in the *Missouri Register*, except for material in this issue. The first number in the table cite refers to the volume number or the publication year—30 (2005) and 31 (2006). MoReg refers to *Missouri Register* and the numbers refer to a specific *Register* page, R indicates a rescission, W indicates a withdrawal, S indicates a statement of actual cost, T indicates an order terminating a rule, N.A. indicates not applicable, RUC indicates a rule under consideration, and F indicates future effective date.
