Title 10—DEPARTMENT OF NATURAL RESOURCES
Division 10—Air Conservation Commission
Chapter 6—Air Quality Standards, Definitions, Sampling
and Reference Methods and Air Pollution Control
Regulations for the Entire State of Missouri

ORDER OF RULEMAKING

By the authority vested in the Missouri Air Conservation Commission under section 643.050, RSMo 2000, the commission amends a rule as follows:

10 CSR 10-6.110 is amended.

A notice of proposed rulemaking containing the text of the proposed amendment was published in the *Missouri Register* on July 1, 2008 (33 MoReg 1231). Those sections with changes are reprinted here. This proposed amendment becomes effective thirty (30) days after publication in the *Code of State Regulations*.

SUMMARY OF COMMENTS: The Missouri Department of Natural Resources' Air Pollution Control Program received a comment on the proposed amendment from one (1) source: St. Louis County Health Department.

COMMENT #1: The St. Louis County Health Department commented that the proposed threshold change in paragraph (3)(D)1. would mean a source that is allowed to use a short form for reporting can increase or decrease emissions by nine (9) tons and still use the short form. Any change in the amount of emissions or operations at the facility from the original reporting year are not recorded on the short form. For example, a source could report three (3) tons of emissions on their full Emission Inventory Questionnaire (EIQ), and then report three (3) tons on Form EZ for the next two (2) to five (5) years even though their emissions increased to twelve (12) tons. Saint Louis County reported emissions from one hundred seventy (170) sources for 2006 data. Of these, there are sixty-one (61) sources that are eligible to use a short form and each reported less than ten (10) tons of total emissions. If this change goes through, these sources could double their emissions (or more) without reporting it until the next full EIQ reporting year. Saint Louis County commented that the current twenty percent (20%) threshold is too low for these types of facilities but ten (10) tons is too high. Saint Louis County suggests five (5) tons as a more reasonable number because the short form is designed for the smaller reporting sources and should account for significant emission increases.

RESPONSE AND EXPLANATION OF CHANGE: The department's Air Pollution Control Program has established goals of reducing the annual emissions reporting burden and improving the quality of emissions data. This effort requires prioritization in order to make the best use of state resources. After review of the concerns expressed by the St. Louis County Health Department, the rule text was revised to reflect the five (5) ton threshold suggested by St. Louis County. The department's Air Pollution Control Program will measure how many more full Emission Inventory Questionnaires the five (5) ton threshold triggers over the next reporting period to ensure the best allocation of state resources.

10 CSR 10-6.110 Submission of Emission Data, Emission Fees and Process Information

(3) General Provisions.

(D) Emission Fees.

1. Any air contaminant source required to obtain a permit under sections 643.010–643.190, RSMo, except sources that produce charcoal from wood, shall pay an annual emission fee, regardless of their EIQ reporting frequency, of forty dollars and no cents (\$40.00) per ton of regulated air pollutant emitted starting with calendar year 2007

in accordance with the conditions specified in paragraph (3)(D)2. of this rule. Sources which are required to file reports once every three (3) or six (6) years may use the information in their most recent EIQ to determine their annual emission fee if they have an EIQ on file. Sources that increase or decrease emissions by five (5) tons or more will be required to provide a complete (rather than the short form) EIQ for that year and every CERR reporting year thereafter (i.e., 2011, 2014, 2017, etc. as applicable).

2. General requirements.

A. The fee shall apply to the first four thousand (4,000) tons of each regulated air pollutant emitted. However, no air contaminant source shall be required to pay fees on total emissions of regulated air pollutants in excess of twelve thousand (12,000) tons in any calendar year. A permitted air contaminant source which emitted less than one (1) ton of all regulated pollutants shall pay a fee equal to the amount of one (1) ton.

B. The fee shall be based on the information provided in the facility's EIQ.

C. An air contaminant source which pays emissions fees to a holder of a certificate of authority issued pursuant to section 643.140, RSMo, may deduct those fees from the emission fee due under this section.

D. The fee imposed under paragraph (3)(D)1. of this rule shall not apply to ammonia, carbon monoxide, and PM_{2.5} particulate matter emissions.

E. The fees for emissions produced during the previous calendar year shall be due June 1 each year for all United States Department of Labor Standard Industrial Classifications. The fees shall be payable to the Department of Natural Resources.

F. All Emissions Inventory Questionnaire forms or equivalent approved by the director shall be due annually on June 1 according to the required reporting schedules in paragraph (3)(A)6. of this rule for all United States Department of Labor Standard Industrial Classifications.

G. For the purpose of determining the amount of air contaminant emissions on which the fees are assessed, a facility shall be considered one (1) source under the definition of section 643.078.2, RSMo, except that a facility with multiple operating permits shall pay emission fees separately for air contaminants emitted under each individual permit.

3. Fee collection. Any emission fee changes to this rule do not relieve any source from the payment of emission fees for any previous year.

**Title 20—DEPARTMENT OF INSURANCE,

REGISTRATION
Division 700—Insurance Licensing
Chapter 1—Insurance Producers**

ORDER OF RULEMAKING

By the authority vested in the Missouri Department of Insurance, Financial Institutions and Professional Registration under section 374.045, RSMo 2000 and section 375.141, RSMo Supp. 2007, the department amends a rule as follows:

20 CSR 700-1.140 is amended.

A notice of proposed rulemaking containing the text of the proposed amendment was published in the *Missouri Register* on June 16, 2008 (33 MoReg 1167). Those sections with changes are reprinted here. This proposed amendment becomes effective **January 1, 2009**.

SUMMARY OF COMMENTS: A public hearing was held on July 21, 2008, and the comment period ended at 5:00 p.m. on July 25, 2008. At the public hearing, department staff explained the proposed amendment and made comments in support of the proposed amendment.

COMMENT #1: Dennis Fitzpatrick, on behalf of the department, suggested that Section 5.A.(2)(d)(i)–5.A.(2)(d)(iv) of the NAIC (National Association of Insurance Commissioners) “A” Committee-approved Model Regulation on the Use of Senior-Specific Certifications and Professional Designations in the Sale of Life Insurance and Annuities be incorporated into the proposed amendment in paragraph (6)(A)4., and that the rule be more consistent with the NAIC Model, generally.

RESPONSE AND EXPLANATION OF CHANGE: The director appreciates this comment and has modified the rule to be more consistent with the NAIC “A” Committee-approved Model and made changes to section (6), paragraph (6)(A)4., and subsections (6)(B) and (6)(D) to be consistent with the model.

20 CSR 700-1.140 Minimum Standards of Competency and Trustworthiness for Insurance Producers Concerning Personal Insurance Transactions

(6) It shall be a dishonest or unethical practice in the business of insurance for an insurance producer to use a senior-specific certification or professional designation that indicates, or implies in such a way as to mislead a purchaser or prospective purchaser, that the insurance producer has special certification or training in advising or servicing seniors in connection with the solicitation, sale, or negotiation of an insurance product, or in the provision of advice as to the value of or the advisability of purchasing or selling an insurance product, either directly or indirectly through publications or writings, or by issuing or promulgating analyses or reports related to an insurance product.

(A) The prohibited use of such certifications or professional designation includes, but is not limited to, the following:

1. Use of a certification or professional designation by a person who has not actually earned or is otherwise ineligible to use such certification or designation;
2. Use of a nonexistent or self-conferred certification or professional designation;
3. Use of a certification or professional designation that indicates or implies a level of occupational qualifications obtained through education, training, or experience that the insurance producer using the certification or professional designation does not have; and
4. Use of a certification or professional designation that was obtained from a designating or certifying organization that:

A. Is primarily engaged in the business of instruction in sales or marketing;

B. Does not have reasonable standards or procedures for assuring the competency of its certificants or designees;

C. Does not have reasonable standards or procedures for monitoring and disciplining its certificants or designees for improper or unethical conduct; or

D. Does not have reasonable continuing education requirements for its certificants or designees in order to maintain the certificate or designation.

(B) There is a rebuttable presumption that a designating or certifying organization is not disqualified solely for purposes of paragraph (6)(A)4. above, when the designation or certification from the organization does not primarily apply to sales or marketing and when the organization has been accredited by:

1. The American National Standards Institute (ANSI);
2. The National Commission for Certifying Agencies; or
3. Any organization that is on the United States Department of Education's list entitled "Accrediting Agencies Recognized for Title IV Purposes."

(D) For purposes of this rule—

1. "Certification or professional designation" does not include a job title within an organization that is licensed or registered by a state or federal financial services regulatory agency, when that job title:

- A. Indicates seniority or standing within the organization; or
- B. Specifies an individual's area of specialization within the organization;

2. "Elderly or senior person" is a person sixty (60) years of age or older; and

3. "Federal financial services regulatory agency" includes, but is not limited to, any agency that regulates—

- A. Insurers;
- B. Insurance producers;
- C. Broker-dealers;
- D. Investment advisers; or
- E. Investment companies as defined under the Investment Company Act of 1940.

**Title 20—DEPARTMENT OF INSURANCE,
FINANCIAL INSTITUTIONS AND PROFESSIONAL
REGISTRATION
Division 700—Insurance Licensing
Chapter 1—Insurance Producers**

ORDER OF RULEMAKING

By the authority vested in the Missouri Department of Insurance, Financial Institutions and Professional Registration under section 374.045, RSMo 2000 and sections 375.141 and 375.143, RSMo Supp. 2007, the department adopts a rule as follows:

20 CSR 700-1.148 is adopted.

A notice of proposed rulemaking containing the text of the proposed rule was published in the *Missouri Register* on June 2, 2008 (33 MoReg 1078–1080). Those sections with changes are reprinted here. This proposed rule becomes effective thirty (30) days after publication in the *Code of State Regulations*.

SUMMARY OF COMMENTS: A public hearing was held on July 9, 2008, and the comment period ended at 5:00 p.m. on July 16, 2008. At the public hearing, department staff explained the proposed rule and made comments in support of the proposed rule. At the public hearing and in written comments, a representative of American Council of Life Insurers (ACLI) made comments regarding the rule and submitted written comments. A representative of Kansas City Life Insurance Company submitted written comments.

COMMENT #1: Gary K. Hoffman, on behalf of Kansas City Life Insurance Company, commented that in subsection (1)(A), the words "or selling" should be deleted. The rule should be limited to sales which are recommended by the producer. Addition of the phrase "or selling" broadens the rule beyond annuities that are recommended by producers. Producers do not "sell" annuity products; they take applications, which are thereafter approved or disapproved by the insurance company. Mr. Hoffman suggested subsection (1)(A) be revised to read as follows:

"Each individual producer, prior to recommending any indexed or non-indexed fixed annuity contract to any person . . ."

Mr. Hoffman suggested that the title of the rule reflect this change as well.

RESPONSE: The director appreciates this comment but has not modified the rule in response.

COMMENT #2: Gary K. Hoffman, on behalf of Kansas City Life Insurance Company, commented that subparagraph (1)(B)1.A. requires establishment and maintenance of written procedures which are reasonably designed to "detect and prevent" violations of the rule. Mr. Hoffman suggested that the word "detect" be deleted from the rule, because the function of written procedures is to prevent violations, not detect them after the fact.

RESPONSE: The director appreciates this comment but has not modified the rule in response.

COMMENT #3: Gary K. Hoffman, on behalf of Kansas City Life Insurance Company, commented that, similar to his comment above, subparagraph (1)(B)1.B. be amended to delete the word "prevent." Periodic reviews of records are intended to detect violations of the rule, but they will be too late to prevent those violations.

RESPONSE: The director appreciates this comment but has not modified the rule in response. In addition to detecting violations, periodic reviews may also prevent violations because producers will anticipate future reviews.

COMMENT #4: Gary K. Hoffman, on behalf of Kansas City Life Insurance Company, commented that section 412(i) plans should be added to the list of tax qualified, employer-sponsored benefit plans that are exempt from this rule in paragraph (2)(A)2.

RESPONSE: The director appreciates this comment. The proposed exemption is not specifically listed in the NAIC Suitability in Annuity Transactions Model, and the director declines to modify the rule to specifically include the exemption.

COMMENT #5: Bryan Cox, on behalf of ACLI, commented that the fiscal note per insurer estimate is misleading. According to NAIC data, eighty-two percent (82%) of the annuity sales governed by this regulation are sold by the top twenty (20) fleets of companies. With a correlation that this roughly reflects the number of producers, those top twenty (20) insurers would be paying \$22,517,856 of the total supervisory cost. Although the numbers within that top twenty (20) vary, the average would be more than one (1) million dollars per year for those companies.

RESPONSE: The fiscal note was prepared by multiplying the cost per producer and multiplying that by the number of insurers. The department did not consider market share. It is true that insurers with a larger market share and more producers will bear more of the cost of compliance than an insurer with a smaller market share and fewer producers. The director appreciates this comment but has not modified the rule or fiscal note in response.

COMMENT #6: Bryan Cox, on behalf of ACLI, suggested that supervising entities should not be required to obtain a producer license, and that such a requirement varies from the NAIC Suitability in Annuity Transactions Model Rule. Further, Mr. Cox suggested that the licensing requirement requires licensure of individuals and entities that play no role in the sale, solicitation, or negotiation of

insurance, and that such a requirement is at odds with the NAIC's model law on producer licenses which requires a license only for persons or entities engaged in sales, solicitation, or negotiation of insurance.

RESPONSE AND EXPLANATION OF CHANGE: The director appreciates this comment and has modified the rule to eliminate the licensing requirement for supervising entities. The director also modified the rule to clarify the director's authority over non-licensed supervising entities that materially aid violations of the insurance laws.

COMMENT #7: Bryan Cox, on behalf of ACLI, commented that the proposed rule is inconsistent with the supervisory duties imposed by Financial Industry Regulatory Authority (FINRA).

RESPONSE: The director appreciates this comment but has not modified the rule in response.

20 CSR 700-1.148 Reasonable Supervision in Indexed and Fixed Annuity Sales

(1) The standards of conduct codified in this rule reflect the professionalism of a licensed insurance producer. Grounds for the discipline or disqualification of producers shall include, in addition to other grounds specified in section 375.141, RSMo, failure to comply with or violation of the following professional standards of conduct:

(B) Supervisory System.

1. An insurer issuing indexed annuity contracts in this state shall assure that a system to supervise producers, which is reasonably designed to achieve compliance with rule 20 CSR 700-1.146(1)(B), is established and maintained under this rule. An insurer issuing fixed annuity contracts in this state shall assure that a system to supervise producers, which is reasonably designed to achieve compliance with rule 20 CSR 700-1.146(1)(C), is established and maintained under this rule. A supervisory system shall provide, at a minimum, for the following:

A. The establishment and maintenance of written procedures reasonably designed to detect and prevent violations of rule 20 CSR 700-1.146 and this rule; and

B. Conducting periodic reviews of records that are reasonably designed to detect and prevent violations of rule 20 CSR 700-1.146 and this rule;

2. An insurer may establish and maintain such a system directly, or may contract with a third party, including a general agent or independent agency (supervising entity), to establish and maintain a system of supervision as required by this rule;

3. An insurer, which elects to contract with a supervising entity, shall make reasonable inquiry to assure that the supervising entity is performing the supervisory functions under this rule, and shall immediately report to the director any failure to perform the functions as required by this rule;

4. An insurer may comply with its obligation to make reasonable inquiry by doing all of the following:

A. Annually obtain a certification from the supervising entity senior manager who has the responsibility for the delegated functions that the manager has a reasonable basis to represent, and does represent that the supervising entity is performing the functions as required by section (1) of this rule; and

B. Based on reasonable selection criteria, periodically select supervising entities contracting under this rule for a review to determine whether the supervising entity is performing the required functions. The insurer shall perform those procedures to conduct the review that are reasonable under the circumstances.

(C) Supervising Entity as Producer. The failure of any supervising entity contracted to establish and maintain the supervisory system required by this rule, to establish and maintain written procedures and policies reasonably designed to detect and prevent violations of rule 20 CSR 700-1.146 or this rule, shall be subject to discipline or disqualification under section 375.141, RSMo, for failure to comply

with this conduct rule and for materially aiding individual producers in failing to comply with rule 20 CSR 700-1.146;

(D) Supervising Entity That is Not a Producer. The failure of any supervising entity that is not also a producer contracted to establish and maintain the supervisory system required by this rule, to establish and maintain written procedures and policies reasonably designed to detect and prevent violations of rule 20 CSR 700-1.146 or this rule, shall subject such supervising entity to an order of the director pursuant to section 374.046, RSMo, for materially aiding individual producers in failing to comply with rule 20 CSR 700-1.146 and this rule; and

(E) Record Keeping. Records required to be maintained by this rule may be maintained in paper, photographic, microprocess, magnetic, mechanical, or electronic media or by any process that accurately reproduces the document.

1. Suitability Records. An insurance producer shall maintain records of the information collected from the customer and other information used in making any recommendation of an indexed or fixed annuity for five (5) years after the insurance transaction is completed by the insurer. Pursuant to its duty to supervise, a supervising entity or insurer may perform this obligation to maintain records.

2. Supervision Records. An insurer or a supervising entity shall maintain records related to actions performed pursuant to the supervisory system as implemented under this rule for three (3) years from the date of each action performed pursuant to its system.

Background

The individuals listed in this notice have recently filed applications requesting MoDOT to issue SPE Certificates to exempt them from the physical qualification requirements relating to vision in 49 CFR 391.41(b)(10), or to diabetes in 49 CFR 391.41(b)(3), which otherwise apply to drivers of CMVs in Missouri intrastate commerce.

Under section 622.555, RSMo Supp. 2007, MoDOT may issue a Skill Performance Evaluation Certificate, for not more than a two (2)-year period, if it finds that the applicant has the ability, while operating CMVs, to maintain a level of safety that is equivalent to or greater than the driver qualification standards of 49 CFR 391.41. Upon application, MoDOT may renew an exemption upon expiration.

Accordingly, the agency will evaluate the qualifications of each applicant to determine whether issuing a SPE Certificate will comply with the statutory requirements and will achieve the required level of safety. If granted, the SPE Certificate is only applicable to intrastate transportation wholly within Missouri.

- Transmittal Sheet;
- Cover letters for JCAR and SOS;
- Affidavit of public cost;
