HOW TO CITE RULES AND RSMo

RULES—Cite material in the *Missouri Register* by volume and page number, for example, Vol. 28, *Missouri Register*, page 27. The approved short form of citation is 28 MoReg 27.

The rules are codified in the *Code of State Regulations* in this system—

Title	Code of State Regulations	Division	Chapter	Rule
1	CSR	10-	1.	010
Department		Agency, Division	General area regulated	Specific area regulated

They are properly cited by using the full citation, i.e., 1 CSR 10-1.010.

Each department of state government is assigned a title. Each agency or division within the department is assigned a division number. The agency then groups its rules into general subject matter areas called chapters and specific areas called rules. Within a rule, the first breakdown is called a section and is designated as (1). Subsection is (A) with further breakdown into paragraph 1., subparagraph A., part (I), subpart (a), item I. and subitem a.

RSMo—The most recent version of the statute containing the section number and the date.

The Secretary of State shall publish all executive orders beginning January 1, 2003, pursuant to section 536.035.2, RSMo Supp. 2007.

EXECUTIVE ORDER 08-08

WHEREAS, The Director of the Missouri State Emergency Management Agency has advised me that severe weather has caused a natural disaster of significant proportions in Missouri; and

WHEREAS, the severe winter weather that began on February 10, 2008, has created a condition of distress and hazards to the safety and welfare of the citizens of the state of Missouri beyond the capabilities of some local jurisdictions and other established agencies; and

WHEREAS, the Missouri Department of Natural Resources is charged by law with protecting and enhancing the quality of Missouri's environment and with enforcing a variety of environmental rules and regulations; and

WHEREAS, in order to respond to the emergency and expedite the cleanup and recovery process, it is necessary to adjust certain environmental rules and regulations on a temporary and short-term basis.

NOW, THEREFORE, I, MATT BLUNT, GOVERNOR OF THE STATE OF MISSOURI, by virtue of the authority vested in me by Chapter 44, RSMo, do hereby issue the following order:

The Director of the Missouri Department of Natural Resources is vested with full discretionary authority to temporarily waive or suspend the operation of any statutory or administrative rule or regulation currently in place under his purview in order to best serve the interests of the public health and safety during the period of the emergency and the subsequent recovery period.

This order shall terminate on April 1, 2008, unless extended in whole or in part.

IN WITNESS WHEREOF, I have hereunto set my hand and caused to be affixed the Great Seal of the State of Missouri, in the City of Jefferson, on this 20th day of February, 2008.

Matt Blunt
Governor

ATTEST:

Robin Carnahan
Secretary of State

Under this heading will appear the text of proposed rules and changes. The notice of proposed rulemaking is required to contain an explanation of any new rule or any change in an existing rule and the reasons therefor. This is set out in the Purpose section with each rule. Also required is a citation to the legal authority to make rules. This appears following the text of the rule, after the word "Authority."

Entirely new rules are printed without any special symbology under the heading of the proposed rule. If an existing rule is to be amended or rescinded, it will have a heading of proposed amendment or proposed rescission. Rules which are proposed to be amended will have new matter printed in boldface type and matter to be deleted placed in brackets.

An important function of the *Missouri Register* is to solicit and encourage public participation in the rulemaking process. The law provides that for every proposed rule, amendment or rescission there must be a notice that anyone may comment on the proposed action. This comment may take different forms.

If an agency is required by statute to hold a public hearing before making any new rules, then a Notice of Public Hearing will appear following the text of the rule. Hearing dates must be at least thirty (30) days after publication of the notice in the *Missouri Register*. If no hearing is planned or required, the agency must give a Notice to Submit Comments. This allows anyone to file statements in support of or in opposition to the proposed action with the agency within a specified time, no less than thirty (30) days after publication of the notice in the *Missouri Register*.

An agency may hold a public hearing on a rule even though not required by law to hold one. If an agency allows comments to be received following the hearing date, the close of comments date will be used as the beginning day in the ninety (90)-day-count necessary for the filing of the order of rulemaking.

If an agency decides to hold a public hearing after planning not to, it must withdraw the earlier notice and file a new notice of proposed rulemaking and schedule a hearing for a date not less than thirty (30) days from the date of publication of the new notice.

The board will send all applicants an approval letter once their application is completed. The board estimates that 40% of land surveyors and 60% of engineers will be sent a congratulatory letter once they have completed their exams. Based on these numbers, the expenses for the mailings are figured below. The board also pays the exam preparation and grading fee for land surveyors.

Expense and Equipment Costs for the Proposed Rule	Cost Per Item	Number of Items	Total Cost Per Item
Letterhead	\$0.20	46	\$9.20
Envelopes	\$0.15	46	\$6.90

Total Expense and Equipment Costs to the APELSLA Board for Implementation of this Rule			\$142.96

IV. ASSUMPTION

1. Employee's salaries were calculated using the annual salary multiplied by 48.89% for fringe benefits and then divided by 2080 hours per year to determine the hourly salary. For the employee in the 60% part-time position, the salary with fringe benefits was divided by 1248 hours per year to determine the hourly salary. The hourly salary was then divided by 60 minutes to determine the cost per minute. The cost per minute was then multiplied by the amount of time individual staff spent on the processing of applications or renewals. The total cost was based on the cost per application multiplied by the estimated number of applications.
2. It is anticipated that the total cost will recur annually for the life of the rule, may vary with inflation and is expected to increase at the rate projected by the Legislative Oversight Committee.

NOTE: The public fiscal note for this rule only reflects the cost for this particular process. However, private entity fees are set at an amount to cover the total actual cost incurred by the office, which includes personal service, expense and equipment and transfers.

(15) Retired License Status.

(A) An applicant for renewal of a nurse license who is retired from the profession may apply for a retired license status by completing a form provided by the board.

(B) Retired from the profession means that the licensee does not intend to practice nursing for monetary compensation for at least two (2) years; such person may provide volunteer services.

(C) A licensee may qualify for retired license status provided the licensee:

1. Is retired from the profession;
2. Holds a current, unrestricted, and undisciplined nurse license; and
3. Submits the required form.

(D) Retired license renewal for a professional nurse shall be biennial; occurring on odd-numbered years and the license shall expire on April 30 of each odd-numbered year. Retired license renewal for a practical nurse shall be biennial; occurring on even-numbered years and the license shall expire on May 31 of each even-numbered year.

(E) Individuals wishing to reactivate licenses after being carried as retired shall request a petition for renewal from the board. Fees shall be accepted only if accompanied by a completed petition for renewal. Back fees shall not be required for the years the licensee's records were carried as retired. The petition for renewal shall show, under oath or affirmation of the nurse, a statement:

1. That the nurse is not presently practicing nursing in Missouri for monetary compensation; and
2. As to whether the nurse did practice nursing for monetary compensation while the license was retired and, if so, how long and where. If the nurse was practicing nursing for monetary compensation in Missouri at the time his/her license was retired, s/he also must submit a notarized statement indicating employment dates, employer names and addresses, and an explanation of why the nurse practiced for compensation while the license was retired. In addition, the nurse must cause his/her employer to submit a statement on the employer's letterhead stationery or a notarized statement indicating that the nurse ceased working as soon as s/he realized that the license was retired.

(F) A nurse who petitions for renewal of a retired license who answers yes to one (1) or more of the questions on the petition which relate to possible grounds for denial of renewal under section 335.066, RSMo shall submit copies of appropriate documents related to that answer, as requested by the board, before his/her petition will be considered complete. The copies shall be certified if they are records of a court or administrative government agency. If a nurse requesting reinstatement of his/her retired license is denied by the State Board of Nursing based upon the fact that the nurse is subject to disciplinary action under any provisions of Chapter 335, RSMo, the nurse shall be notified of the statutory right to file a complaint with the Administrative Hearing Commission.

Title 4—DEPARTMENT OF ECONOMIC DEVELOPMENT
Division 240—Public Service Commission
Chapter 3—Filing and Reporting Requirements

ORDER OF RULEMAKING

By the authority vested in the Missouri Public Service Commission under sections 386.040, 386.250, 393.140 and 393.290, RSMo 2000, and section 393.291, RSMo Supp. 2007, the commission adopts a rule as follows:

4 CSR 240-3.050 is adopted.

A notice of proposed rulemaking containing the text of the proposed rule was published in the *Missouri Register* on December 17, 2007 (32 MoReg 2498-2500). Those sections with changes are reprinted here. This proposed rule becomes effective thirty (30) days after publication in the *Code of State Regulations*.

SUMMARY OF COMMENTS: A public hearing on the proposed rule was held January 16, 2008, and the public comment period ended January 16, 2008. One (1) written comment was received from the Raytown Water Company in general support of the rule, one (1) verbal comment was made by the Office of the Public Counsel, also in general support and one (1) person testified at the hearing. The person testifying at the hearing was Dale Johansen on behalf of the staff of the Missouri Public Service Commission. Mr. Johansen generally supported the rule, but suggested minor changes as set out below.

COMMENT #1: Change the word “will” to “shall” where it appears in sections (3) and proposed section (25).

RESPONSE AND EXPLANATION OF CHANGE: The suggested changes are reasonable and will be made.

COMMENT #2: In section (11), second sentence, clarify “this” by replacing it with “the filing of the disposition agreement.” In the same section, add “regarding unresolved issues identified in the agreement” to the end of the last sentence.

RESPONSE AND EXPLANATION OF CHANGE: The suggested changes are reasonable and will be made.

COMMENT #3: Remove the word “approved” from the last sentence of section (18).

RESPONSE AND EXPLANATION OF CHANGE: The suggested change is reasonable and will be made.

COMMENT #4: Create a new section (25), consisting of the last sentence of proposed section (25) and slightly modified proposed section (22), which more clearly states the commission’s discretion in these cases. In conjunction therewith, delete the last sentence of section (25) and section (22), and renumber and change references to those sections accordingly.

RESPONSE AND EXPLANATION OF CHANGE: The suggested changes are reasonable and will be made.

4 CSR 240-3.050 Small Utility Rate Case Procedure

(3) When a small utility’s letter is filed, the secretary shall cause a rate case to be opened, but no specific actions shall be taken in that case, pending completion of the process set out in this rule, including the possible mediation or arbitration of issues among the parties. The regulatory law judge assigned to the case may be asked at any time to mediate disputes that may arise while the case is pending. If the commission staff (staff) and the utility do not reach agreement on a full resolution of the utility’s revenue increase request, they may elect to arbitrate unresolved issues. Such arbitration shall allow the utility, the staff and the public counsel to present their positions on the unresolved issues to the regulatory law judge, who shall establish, on a case-by-case basis, procedures for identification and submission of issues and the presentation of the parties’ positions. Parties need not be represented by counsel during arbitration, and each issue shall be determined using the “final offer” method, under which the position of one of the parties shall be adopted based upon the evidence presented and commission precedent. The regulatory law judge shall issue a written opinion resolving all issues presented for arbitration within twenty (20) days of the close of the arbitration proceeding. The arbitration decision and any partial, unanimous or non-unanimous disposition agreement shall be submitted to the commission for its consideration in issuing its decision regarding the resolution of the utility’s revenue increase request.

(11) No later than one hundred fifty (150) days after a case is opened, the staff shall file a disposition agreement between at least the staff and the utility providing for a full or partial resolution of the utility’s revenue increase request. At any time prior to the filing of the disposition agreement, the assigned regulatory law judge may be called upon to meet with the participants and mediate discussions to assist them in reaching at least a partial agreement. If the disposition agreement filed by the staff provides for only partial resolution of the utility’s request, it may contain provisions whereby the signatories request that the assigned regulatory law judge initiate an arbitration procedure regarding unresolved issues identified in the agreement.

(18) If a local public hearing is set, the utility shall mail written notice of that hearing to its customers. The notice must be consistent

with the order setting the hearing and must be approved by the staff and the public counsel before it is mailed. When the utility mails the notice to its customers, it shall also send a copy to the staff and the staff shall file a copy in the case file.

(20) If the public counsel files a request for an evidentiary hearing, the request shall include a specified list of issues that the public counsel believes should be the subject of the hearing. The utility's pending tariff revisions shall then be suspended, and the utility's case shall be resolved through contested case procedures conducted in the time remaining in the rate case process, consistent with the requirements of section (24), the requirements of due process, and fairness to the participants in the matter and the utility's ratepayers.

(21) If at any time after a case is opened it becomes clear to the utility or the staff that agreements cannot be reached on even a portion of the issues related to the utility's request, even through the use of mediation or arbitration, either may file a motion asking that the utility's request be resolved through contested case procedures conducted in the time remaining in the rate case process, consistent with the requirements of section (24), the requirements of due process, and fairness to the participants in the matter and the utility's ratepayers.

(22) If the commission approves tariff revisions resulting from a small utility rate case, the utility shall mail written notice of that approval, including a summary of the revised rates and charges and the impact of the revised rates on an average residential customer's bill, to each of its customers. The notice must be approved by the staff and the public counsel prior to being mailed and shall be mailed to the customers prior to or with the first billing issued under the revisions. When the utility mails the notice to its customers, it shall also send a copy to the staff and the staff shall file a copy in the case file.

(23) If at any time after a case is opened the utility and the staff agree that an increase in the utility's annual operating revenues is not necessary, or if the utility advises the staff that it no longer wishes to pursue an increase, the staff shall file a verified statement to that effect in the case file, whereupon the regulatory law judge shall issue a notice closing the case.

(24) The proposed full resolution of a small utility rate case must be finally presented to the commission no later than nine (9) months after the case is opened, regardless of how it is presented, and the commission's decision and order regarding the case shall be issued and effective no later than eleven (11) months after the case was opened.

(25) The commission shall set just and reasonable rates, which may result in a revenue increase more or less than the increase originally sought by the utility, or which may result in a revenue decrease. In doing so, the commission may approve, reject or alter a disposition agreement, or an arbitration opinion and any related partial disposition agreement.

ORDER OF RULEMAKING

By the authority vested in the Missouri Soil and Water Districts Commission under section 278.080, RSMo Supp. 2007, the commission amends a rule as follows:

10 CSR 70-1.010 is amended.

A notice of proposed rulemaking containing the text of the proposed amendment was published in the *Missouri Register* on November 1, 2007 (32 MoReg 2150). Two (2) changes were made to the amendment, and it is reprinted here. The first change is based on comments received and the second corrects an error in grammar. This proposed rule becomes effective thirty (30) days after publication in the *Code of State Regulations*.

SUMMARY OF COMMENTS: Three (3) local soil and water conservation districts commented expressing concern that the proposed amendment refers to the commissioners as persons and not farmers.

COMMENT #1: The Miller Soil and Water Conservation District Board of Supervisors commented that the word "farmer" should remain as originally stated.

RESPONSE AND EXPLANATION OF CHANGE: While the statute refers to the commission members as "farmers," the rule has always referred to them as "persons." It is agreed that the rule should reference the six (6) members as farmers to reflect the terminology in the statute, and this change will be made to section (1).

COMMENT #2: The Camden and Pulaski Soil and Water Conservation District Board of Supervisors commented that they were concerned that the commission members remain farmers.

RESPONSE AND EXPLANATION OF CHANGE: As indicated in the previous response, a change will be made to state that the six (6) commissioners will be farmers.

COMMENT #3: During the review, it was noticed that the RSMo date needed to be updated.

RESPONSE AND EXPLANATION OF CHANGE: The commission decided to update the RSMo date in order to reflect the most current edition.

10 CSR 70-1.010 Organization

The commission is comprised of six (6) farmer members and four (4) non-voting ex officio members and operates with an assigned staff as an agency within the Department of Natural Resources. In addition, the Soil and Water Districts Commission has the authority to—

ORDER OF RULEMAKING

By the authority vested in the Missouri Soil and Water Districts Commission under section 278.080, RSMo Supp. 2007, the commission amends a rule as follows:

10 CSR 70-5.010 Apportionment of Funds is amended.

A notice of proposed rulemaking containing the text of the proposed amendment was published in the *Missouri Register* on November 1, 2007 (32 MoReg 2150). No changes have been made in the text of the proposed amendment, so it is not reprinted here. This proposed amendment becomes effective thirty (30) days after publication in the *Code of State Regulations*.

SUMMARY OF COMMENTS: Eleven (11) Soil and Water Conservation District Board of Supervisors (Barton, Camden, Christian, Lawrence, McDonald, Mercer, Miller, Moniteau, Morgan, Pulaski, and Warren) commented that they opposed changing the procedures for allocating cost-share funds to the districts. In particular, the commenters opposed changing that portion of the rule that divides one-half (1/2) of the annual appropriation equally among the one hundred fourteen (114) local soil and water conservation districts.

COMMENT #1: Eight (8) comments were received stating opposition to the change because the current procedure of dividing one-half (1/2) of the appropriation equally among the districts provides each district with a definite minimum allocation and that the proposed amendment could allow an unfair and inequitable situation to arise.
RESPONSE: The proposed amendment provides the commission with the ability to apportion to each district funds that more closely represent their need. The current rule conflicts with the statute by requiring the commission to allocate a specific portion of the appropriation to each district regardless of each district's individual need to address their resource concerns. To be able to determine the cost-share needs of each district, the commission will need the assistance of the local soil and water conservation districts in determining their individual needs. The commission will collectively review the cumulative districts' needs and prioritize funding. The funding will then be allocated based on the commission's prioritization. With this amendment, the commission can more closely match each district's needs and can eliminate the current practice of allocating funds to some districts, funds that are significantly in excess of their needs and allocating additional funds to other districts who have resource needs in excess of their current funding.

COMMENT #2: Three (3) comments stated that the change could lessen some districts ability to increase participation in the future, especially if new allocations were based on past history.

RESPONSE: The commission will continue to review the cumulative needs of all the districts on an annual basis. The commission will prioritize needs based on a five (5)-year plan developed by the districts. As districts' needs and the commission's prioritization change, changes will be made in the individual district allocations.

COMMENT #3: Two (2) districts commented that the change could leave the funds vulnerable to political preference rather than actual need.

RESPONSE: The rule change will enable the commission to follow statutory requirements by allocating the cost-share appropriation based upon the character of the districts' needs.

COMMENT #4: One (1) district opposed the change due to lack of information and preferred to review the specific new allocation criteria before changing the rule.

RESPONSE: In order to provide each district with sufficient time to develop a plan which identifies their individual needs, for the first year the new allocation will provide each district with a minimum allocation which is at least equal to their highest cost-share amount claimed during the last three (3) years. Once the districts have developed a plan that identifies their individual needs and the commission has prioritized the needs and made available new practices, individual allocations can be established.

COMMENT #5: One (1) comment indicated the district was opposed to the change because they would likely not gain from it.

RESPONSE: As indicated in the above response, every district's allocation the first year will be at least in an amount equal to their highest amount claimed during the last three (3) years. Following that, allocations will be based on needs as identified by each district, a review of the cumulative needs of the districts, and funds then allocated to correlate with the commission's priorities.

TIPS FOR ORDERS OF RULEMAKING

- If changes are made in the order of rulemaking that increase or reduce costs in the original fiscal note(s) and cost statement(s) by more than ten percent (10%), prepare a revised fiscal note(s) and cost statement(s) for your order.
- Be sure your order of rulemaking is filed with the Joint Committee on Administrative Rules (JCAR) no later than the 59th day after the end of public comment/hearing period.
- Order(s) of rulemaking may be filed with SOS no sooner than the 31st day after filing with JCAR and must be filed no later than the 90th day after the end of public comment/hearing period; SOS cannot take any order on the 91st day, and you will have to restart the rule-making process.
