**Title 10—DEPARTMENT OF NATURAL RESOURCES
Division 25—Hazardous Waste Management Commission
Chapter 19—Electronics Scrap Management**

ORDER OF RULEMAKING

By the authority vested in the Hazardous Waste Management Commission under sections 260.1062, 260.1065, 260.1089, and 260.1101, RSMo Supp. 2009, the commission adopts a rule as follows:

10 CSR 25-19.010 is adopted.

A notice of proposed rulemaking containing the text of the proposed rule appeared in the August 3, 2009, *Missouri Register* (34 MoReg 1553-1560). Those sections with changes are reprinted here. This rule becomes effective thirty (30) days after publication in the *Code of State Regulations*.

SUMMARY OF TESTIMONY: During the public hearing before the Missouri Hazardous Waste Management Commission on October 15, 2009, the department testified that the proposed rule establishes a program for manufacturers of certain electronic equipment, including laptop and personal computers, to adopt a recovery plan for recycling computer equipment. The rule further establishes a procedure for the Department of Natural Resources to maintain a list of manufacturers who have submitted an approved recovery plan. The department testified that the rule resulted from a law passed by the general assembly in 2008. The department further testified that most of the substantive portions of the rule concerning submittal of recovery plans and the requirements of the plans and that the rule expanded on terms not defined in the law, such as the requirement that recovery

plans offer recycling opportunities, are reasonable and convenient for consumers. Other than the department, there was no testimony at the public hearing either in support of or opposed to the rule. The department received seven (7) comments by electronic mail, one (1) from Dave Beal, Vice President of EPC Recycling and six (6) from Mr. Wang Nini, Director General of the National Notification and Enquiry Center in Beijing, China. Their comments and the department's response to the comments are summarized below.

COMMENT #1: Dave Beal of EPC Recycling commented, "On pages 1553 and 1554, under (3) Manufacturer Responsibility, section (C) 'Reasonably convenient collection of covered equipment' generally reflects the level of effort exerted for the purchase of the covered equipment. The following collection methods, alone or combined, meet the convenience requirements of this section; paragraph 4. states 'A system using a minimum of one (1) collection event held by the manufacturer or the manufacturer's designee at which the consumer may return covered equipment. Collection event(s) shall, at a minimum, be located in each city or town with a population of greater than five thousand (5,000) or per county or per solid waste district.' I believe that the way this language reads, it allows the manufacturers to run one (1) event, and they have complied with the rule. In my opinion, it should read one (1) event *per year*, not just one (1) event."

RESPONSE AND EXPLANATION OF CHANGE: The department agrees with the comment. It is our understanding, and we believe the understanding of the stakeholder workgroup that helped draft the proposed rule language, that if a manufacturer offers collection events to satisfy the statutory mandate, at a minimum, they need to offer one (1) collection event per year. We believe this is consistent with the statutory requirement that manufacturers implement a recovery plan that includes recycling opportunities for consumers that are reasonably convenient and available. Language was added to paragraph 10 CSR 25-19.010(3)(C)4. of the rule in response to this comment.

COMMENT #2: Mr. Wang Nini commented that they appreciate the efforts to protect the environment but regret that the proposed rule does not include any prohibition of trans-boundary movements of the hazardous wastes generated by the computer recycling process and for their disposal. They suggest that language be included in the rule to address the responsibility to prevent improper disposal of these wastes outside the boundaries of the United States.

RESPONSE: Section (5) of the proposed rule titled "Sound Environmental Management" requires equipment to be recycled and reused in compliance with federal, state, and local law. Section (5) also adopts the Institute of Scrap Recycling Industries' standards for "Electronics Recycling Operating Practices" and the United States Environmental Protection Agency's "Responsible Recycling (R2) Practices for Use In Accredited Certification Programs For Electronics Recyclers." These standards are required for plans submitted pursuant to subsection (3)(E). These standards both address trans-boundary movement of electronics scrap, and the department believes that these requirements are sufficient to address the commenter's concerns. No changes to the rule are proposed in response to this comment.

COMMENT #3: Mr. Wang Nini commented that, under section (3) of the rule on Manufacturer Responsibility, manufacturers must submit recovery plans on a form provided by the department. He suggests that the forms used by the department should be provided publicly and that the department should offer the opportunity to submit comments on the form.

RESPONSE: The department will prepare forms covering the requirements of this rule, and the content of the forms will directly reflect the requirements of the law and the rule. As the department prepares these forms, we will request input from the stakeholders

who have participated in the rule development process. The department intends to post the draft form for manufacturers' recovery plans on its website prior to the effective date of the rule and the form for annual reports at a later date. No change to the rule is proposed in response to this comment.

COMMENT #4: Mr. Wang Nini commented that, in section (1) of the rule, the third definition given for manufacturer seems to be in conflict with paragraph (3)(A)2. under Manufacturer Responsibility. He further suggests that the rule be amended to clarify this apparent conflict.

RESPONSE: The definition of manufacturer in section (1) of the rule refers to equipment that may have been manufactured prior to the effective date of the statute and the rule. Paragraph (3)(A)2. provides direction for products sold after the effective date of the rule. In the event that a manufacturer sells covered equipment without a brand in violation of paragraph (3)(A)2., they will still be held responsible for recycling that equipment. No change to the rule is proposed in response to this comment.

COMMENT #5: Mr. Wang Nini commented that, in paragraph (1)(D)5. of the rule, importers of covered equipment are considered manufacturers unless the company that sold the covered equipment to the importer has a sufficient presence in the United States to be considered the manufacturer. He further comments that it is uncertain as to how the department will determine when the company that sells the equipment to the importer has sufficient assets to be considered the manufacturer and that the department should publicize the criteria the department will use to make this determination.

RESPONSE: In general, the department will look to the manufacturer of covered equipment as the entity responsible for recycling the covered equipment. If the importer sold or sells equipment in Missouri from a manufacturer who is unable or unwilling to assume responsibility, the importer will take on the responsibility. Since covered equipment can not be sold in Missouri without a responsible party to recycle the equipment, the department does not feel that establishing specific criteria is necessary to implement the rule. No changes were proposed to the rule in response to this comment.

COMMENT #6: Mr. Wang Nini noted the similarity of the notification for this proposed rule to the notification provided when the Missouri General Assembly passed the *Manufacturer Responsibility and Consumer Convenience Computer Equipment Collection and Recovery Act*. He suggests that the difference, if any, be clarified.

RESPONSE: As noted by the commenter, there is a significant similarity between the content of the proposed rule and the content of the act passed by the general assembly. In order to make the requirements of the law clearer and more accessible to individuals who may only have the language of the regulation to refer to, much of the rule is simply duplication of the language of the law. The primary difference between the law and the proposed rule is the additional detail provided on some of the definitions and on the definitions of the terms reasonably convenient and available to the consumers of the state. No changes were proposed to the rule in response to this comment.

COMMENT #7: Mr. Wang Nini commented that the costs of the rule are detailed in the public entity fiscal note and private entity fiscal note, respectively. He suggests that the fiscal notes be publicized.

RESPONSE: We agree that it is appropriate to publicize the fiscal notes. Both fiscal notes were published in the Missouri Register on August 3, 2009, along with the text of the proposed rule. The text of the proposed rule and the fiscal notes are also available on the department's web site. We believe the publication of the fiscal notes in the *Missouri Register* and on the web provides ample notice about the subject and content of the fiscal notes. No changes were proposed to the rule in response to this comment.

10 CSR 25-19.010 Electronics Scrap Management

(3) Manufacturer Responsibility.

(C) Reasonably convenient collection of covered equipment generally reflects the level of effort exerted for the purchase of the covered equipment. The following collection methods, alone or combined, meet the convenience requirements of this section:

1. A system by which the manufacturer or the manufacturer's designee offers the consumer a system for returning covered equipment by mail, without the consumer having to pay any mailing, shipping, handling, or any other cost directly related to mailing;

2. A system by which the manufacturer or the manufacturer's designee offers the consumer direct pick up of the covered equipment;

3. A system using physical collection sites or alternate collection services that the manufacturer or the manufacturer's designee keeps open and staffed and to which the consumer may return covered equipment. At a minimum, there shall be one (1) collection site located in each city or town with a population greater than ten thousand (10,000);

4. A system using a minimum of one (1) collection event per year held by the manufacturer or the manufacturer's designee at which the consumer may return covered equipment. Collection event(s) shall, at a minimum, be located in each city or town with a population of greater than five thousand (5,000) or per county or per solid waste district;

5. A system by which the manufacturer or the manufacturer's designee offers a designated drop-off facility within a thirty (30)-mile radius of retailer and to which the consumer may return covered equipment;

6. A system by which the manufacturer or the manufacturer's designee offers a designated local recycler within a thirty (30)-mile radius of retailer and to which the consumer may return covered equipment; or

7. Other method approved by the department.

Title 19—DEPARTMENT OF HEALTH AND SENIOR SERVICES

Division 30—Division of Regulation and Licensure

Chapter 40—Comprehensive Emergency Medical Services Systems Regulations

ORDER OF RULEMAKING

By the authority vested in the Missouri Department of Health and Senior Services under sections 190.142, 190.160, 190.165, and 190.185, RSMo Supp. 2009, the department amends a rule as follows:

19 CSR 30-40.342 is amended.

A notice of proposed rulemaking containing the text of the proposed amendment was published in the *Missouri Register* on October 1, 2009 (34 MoReg 2147-2153). Those sections with changes are reprinted here. This proposed amendment becomes effective thirty (30) days after publication in the *Code of State Regulations*.

SUMMARY OF COMMENTS: The department received one (1) comment on the proposed amendment.

COMMENT: Department staff noted that the changes to the criminal background requirements in subsections (1)(B) and (C) and the license application form would shift the cost of conducting background checks to applicants for licensure. Department staff also noted the private cost statement reflected the increased cost that private entities would incur as a result of having to conduct and provide background checks for license applicants.

RESPONSE AND EXPLANATION OF CHANGE: The new language in subsections (1)(B) and (C) requiring the applicant to provide a copy of their criminal background check has been changed back to the original language in the rule and item 12.D. in the license application form has been deleted. A revised private cost statement will also be included with the order of rulemaking since private entities will not incur any costs for conducting criminal background checks under the original language of the rule.

19 CSR 30-40.342 Application and Licensure Requirements for the Initial Licensure and Relicensure of Emergency Medical Technician-Basics, Emergency Medical Technician-Intermediate, and Emergency Medical Technician-Paramedics

(1) Application Requirements for Emergency Medical Technician (EMT) Licensure.

(B) An application shall include, but is not limited to, the following information: whether an initial licensure or relicensure application; if previously licensed, their license number and expiration date; type of licensure applied for (EMT-Basic (EMT-B), EMT-Intermediate (EMT-I), or EMT-Paramedic (EMT-P)); type of certification or education used for licensure or relicensure; applicant's name, signature, address, date of birth, sex, daytime telephone number, email address (if applicable), and Social Security number; if applicable, type of present primary EMS affiliation; prior administrative licensure actions taken against any license or certification in Missouri or any other state; whether they have been finally adjudicated and found guilty, or entered a plea of guilty or *nolo contendere*, in a criminal prosecution under the laws of any state or of the United States, whether or not they received a suspended imposition of sentence for any criminal offense; if the answer is yes to the preceding statement, they must attach to their application a certified copy of all charging documents (such as complaints, informations, or indictments), judgments and sentencing information, plea agreements and probation terms, and any other information they wish considered; certification by the applicant that they have the ability to speak, read, and write the English language; certification by the applicant that they do not have a physical or mental impairment which would substantially limit their ability to perform the essential functions of an emergency medical technician position with or without a reasonable accommodation; certification by the applicant that if relicensing using continuing education that they have successfully completed the required continuing education in accordance with state regulations, have attached a list of these continuing education units, and are in possession of documents of the required continuing education, and will make all records available to the EMS Bureau upon request under penalty of license action up to and including revocation; certification by the applicant that the application contains no misrepresentation or falsifications and that the information given by them is true and complete to the best of their knowledge; certification by the applicant that they have the intention and the ability to comply with the regulations promulgated under the Comprehensive Emergency Medical Services Systems Act, Chapter 190, RSMo; and certification by the applicant that they have been a resident of Missouri for five (5) consecutive years prior to the date on their application or have attached to the application at least two (2) completed fingerprint cards supplied by the Bureau of EMS.

(C) All applicants shall provide their Social Security number on their application so the Bureau of EMS can perform criminal history checks to determine the recency and relatedness of any criminal convictions prior to the licensure or relicensure of the applicant. Criminal history checks that the EMS Bureau finds not to be relevant to the licensure or relicensure of an EMT will not be maintained in the applicant's file.

SUMMARY OF COMMENTS: The committee received one (1) comment on the proposed amendment.

COMMENT: The National Association of Social Workers (NASW) questioned what mechanism the committee requires for accountability by the supervisors or supervisees in attesting or reporting the required fifty percent (50%) of supervision. NASW also recommended additional language be added to section (4) stating that the license must be received by the applicant to reinforce the intent of the committee to have the licensee remain under supervision until the licensee has been fully approved and notified in writing.

RESPONSE: Documentation of the face-to-face supervision in the responsibility of the supervisor. The committee appreciates the comments made by NASW, however, voted to make no additional changes to the proposed amendment.

By the authority vested in the State Committee for Social Workers under sections 337.600, 337.612, 337.615, 337.627, and 337.665, RSMo Supp. 2009, the board adopts a rule as follows:

20 CSR 2263-2.031 is adopted.

A notice of proposed rulemaking containing the text of the proposed rule was published in the *Missouri Register* on October 1, 2009 (34 MoReg 2226-2232). Those sections with changes are reprinted here. This proposed rule becomes effective thirty (30) days after publication in the *Code of State Regulations*.

SUMMARY OF COMMENTS: The committee received eleven (11) comments on the proposed rule.

COMMENT #1: Steve Franklin, masters social worker (MSW), licensed clinical social worker (LCSW), in regards to section (1) of the proposed rule, stated that he believes the board should consider allowing adequate time for supervisors to meet the supervision training course requirement after the rule has been made effective, as well as for various entities to develop and present supervision training programs. Otherwise, he is concerned that there will be an insuffi-

cient number of potential supervisors to choose from while there is a rush to satisfy the new course requirement. In example, it might be considered that the supervision training course requirement will be effective six (6) months after the implementation of the rule. Mr. Franklin also believes the board should consider any supervision approved and compliant with the rules at the time of the registration of supervision shall continue to be valid as long as the supervisor is compliant with the rules that were in effect at the time of registration.

RESPONSE AND EXPLANATION OF CHANGE: The board appreciates the comment submitted by Mr. Franklin and voted to adjust the current language to add "if seeking approval of supervision on or after September 30, 2010" to paragraph (1)(A)3.

COMMENT #2: Steve Franklin, MSW, LCSW, commented, in regards to section (5), that the proposed amendment has an unnecessary effect of inhibiting the ability of someone outside an agency to provide supervision for services within the agency and also believes this would unnecessarily reduce the opportunities for smaller agencies to hire provisionally licensed staff. He believes it is helpful for a supervisor to have a general overview of an agency's policies and procedures but feels it unnecessary and inappropriate to expect them to be authorities on them. As for individual screening of each client, he is not certain that is necessary. He believes that procedures could be developed to establish the range of client issues/diagnoses that fall within the competence of the supervisee/supervisor and bring selected individuals to the direct attention of the supervisor. Mr. Franklin also feels it inappropriate to put responsibility of agency business under the control of a non-employee supervisor. He suggested requiring the supervisor to make recommendations to the agency in regards to workload. Mr. Franklin also feels that subsection (5)(I) is incomprehensible and therefore unenforceable.

RESPONSE: The committee appreciates the comment made by Mr. Franklin, however, voted to make no changes to the proposed rule.

COMMENT #3: The National Association of Social Workers (NASW) stated that the language in subsections (1)(B)-(D) indicates that a licensed baccalaureate social worker (LBSW) needs supervision. According to the statute, under section 337.653.3, RSMo, LBSWs who pursue supervision become LBSW independent practice. NASW feels the proposed rule needs to reflect this same licensure title as indicated in the above statutory language for the master's level pursuing a licensed advanced macro social worker (LAMSWS) license or licensed clinical social worker (LCSW). NASW recommends adding the phrase "independent practice" to subsections (1)(B)-(D).

RESPONSE AND EXPLANATION OF CHANGE: The committee appreciates the comments made by NASW and voted to accept their language recommendation by adding "independent practice" following LBSW in subsections (1)(B)-(D) to provide a clear understanding of who needs to be supervised or can provide supervision.

COMMENT #4: NASW noted an incorrect statutory reference in section (4); where the rule states section "...337.639, RSMo," it should state "...337.689, RSMo."

RESPONSE AND EXPLANATION OF CHANGE: The committee appreciates the comment made by NASW and voted to accept their recommendation to correct the statute citation.

COMMENT #5: NASW questioned what mechanism the committee requires for accountability by the supervisors or supervisees in attesting or reporting the required fifty percent (50%) of supervision.

RESPONSE: Documentation of the supervision is the responsibility of the supervisor. The committee appreciates the comment made by NASW, however, voted to make no changes to the proposed rule.

COMMENT #6: NASW commented that clarification is needed as to if the committee means business or calendar days in subsections

(5)(H), (5)(K), and (5)(L), section (6), and subsection (6)(C) to strengthen the intent of the language.

RESPONSE: The committee goes by calendar days. The comment made by NASW is appreciated, however, since the comment posed no changes to the proposed rule, the committee voted to make no changes.

COMMENT #7: NASW suggested changing "...qualified licensed social worker supervisor..." in subsection (5)(J) to "...qualified licensed social work supervisor..."

RESPONSE: The committee appreciates the comment made by NASW, however, voted to make no changes to the proposed rule.

COMMENT #8: NASW stated clarification was needed for the licensee on the type of setting, whether it be employment or practice, in subsection (5)(K) and also suggested that the change of status form should be capitalized in the rule as that is proper formatting for the name or title of a specific form.

RESPONSE: The committee appreciates the comment made by NASW, however, the committee follows formatting standards set forth by the secretary of state's office and therefore voted to make no changes to the proposed rule.

COMMENT #9: NASW stated that according to sections 337.615(2), 337.645(2), and 337.653.3, RSMo, "...an applicant must complete three thousand (3,000) hours of supervised...and no more than forty-eight (48) consecutive calendar months; therefore a report submitted to the committee on the forty-eighth month of supervision is outside the statutory allowance for licensure." Clarification for the supervisor of "what is expected" in the report on progress to the committee. This will provide direction and consistence among reports submitted for better evaluation and minimize confusion. That being said, NASW suggested adding "The progress report will provide an overview of the licensee's practice knowledge of licensure, statute, and rules, licensure scope of practice, understanding and adherence to approved standards of professional and ethical conduct, areas of continued growth and development, and accountability of supervision hours thus far in the process" to subsection (5)(M).

RESPONSE AND EXPLANATION OF CHANGE: The committee appreciates the comments made by NASW and has voted to accept their language recommendation with minor changes.

COMMENT #10: Amy Bantz, MSW, AU Social Worker for Missouri Psychiatric Center, commented that she is in the process of starting supervision for her licensed clinical social worker (LCSW). She states that there are many qualified LCSWs at her place of employment but few of them have been licensed for five (5) consecutive years. Having such strict requirements has limited opportunities for supervision by LCSWs that have had years of clinical experience. Ms. Bantz is strongly in favor of changing the proposal to state five (5) years rather than five (5) consecutive years.

RESPONSE: The committee appreciates the comment made by Ms. Bantz, however, voted to make no changes to the proposed rule as this change will need to be done statutorily.

COMMENT #11: Dasi Schlup, MSW, LCSW, commented that she would like to see a change of section 337.600, RSMo, regarding the requirement to become a social work supervisor to state, "licensed social worker have five (5) years of post licensure experience." This would allow many more seasoned and experienced masters prepared social workers to provide the much needed supervision to prospective licensed social workers. As the requirements for licensure has been increased, it behooves the profession to enhance the availability of experienced professional social workers to provide such supervision. Ms. Schlup thanks the committee for their consideration.

RESPONSE: The committee appreciates the comment made by Ms. Schlup, however, voted to make no changes to the proposed rule as this change will need to be done statutorily.

Title 20—DEPARTMENT OF INSURANCE, FINANCIAL INSTITUTIONS AND PROFESSIONAL REGISTRATION Division 2263—State Committee for Social Workers Chapter 2—Licensure Requirements

ORDER OF RULEMAKING

By the authority vested in the State Committee for Social Workers under sections 337.600, 337.612, 337.615, 337.627, and 337.665, RSMo Supp. 2009, the board amends a rule as follows:

20 CSR 2263-2.032 is amended.

A notice of proposed rulemaking containing the text of the proposed amendment was published in the *Missouri Register* on October 1, 2009 (34 MoReg 2233-2237). Those sections with changes are reprinted here. This proposed amendment becomes effective thirty (30) days after publication in the *Code of State Regulations*.

SUMMARY OF COMMENTS: The committee received four (4) comments on the proposed amendment.

COMMENT #1: The National Association of Social Workers (NASW) commented that clarification is needed for the licensee on the timeframe as to how to stay in compliance as well as adding a better understanding of what the consequence is for not complying with the committee's request to report. This clarification would hopefully institute a better response and minimize the non-compliance and confusion of the licensee's responsibility. NASW suggested adding "...but must be submitted in writing within fourteen (14) business or calendar days. Failure to submit a change will result in supervision hours not calculated toward the three thousand (3,000) hours of supervised licensed social work experience" at the end of section (5).

RESPONSE AND EXPLANATION OF CHANGE: The committee appreciates the comments made by NASW and voted to accept their recommendation with minor changes. The committee goes by calendar days and, therefore, removed "business or calendar" suggested by NASW.

COMMENT #2: NASW commented that clarification is needed as to if the committee means business or calendar days in section (11) to strengthen the intent of the language.

RESPONSE: The committee goes by calendar days. The comment made by NASW is appreciated, however, since the comment proposed no changes to the proposed rule, the committee voted to make no changes.

COMMENT #3: NASW stated that according to sections 337.615(2), 337.645(2), and 337.653.3, RSMo, "An applicant must complete three thousand (3,000) hours of supervised...and no more than forty-eight (48) consecutive calendar months; therefore a report submitted to the committee on the forty-eighth month of supervision is outside the statutory allowance for licensure." Therefore, NASW recommends section (12) be amended to state, "...during the twenty-fourth and fortieth months..."

RESPONSE AND EXPLANATION OF CHANGE: The committee appreciates the comments made by NASW and voted to accept their recommendation with minor changes.

COMMENT #4: NASW requests the committee remove section (13) from the rule completely as sections 337.615(2), 337.645(2), and 337.653.3, RSMo do not allow for any grace period or extensions to this requirement as the proposed amendment suggests.

RESPONSE: The committee appreciates the comment made by NASW, however, pursuant to section 337.627.1(8), RSMo, the committee voted to make no change to the proposed amendment.

20 CSR 2263-2.032 Registration of Supervised Social Work Experience

(5) Whenever a supervisee changes a supervisor or adds a supervisor or new setting, a change of status form, provided by the committee, shall be submitted to the committee by the supervisee. There is no fee for updating a change of supervision and/or setting, but must be submitted in writing within fourteen (14) days. Failure to submit a change will result in supervision hours not calculated towards the three thousand (3,000) hours of supervised licensed social work experience.

(12) The supervisor shall provide annual reports of progress to the committee. These will be due on the anniversary date of the initial approval for the twelfth, twenty-fourth, and thirty-sixth months of supervision. The annual report will provide an overview of the licensee's practice knowledge of the licensure statutes and rules, licensure scope of practice, understanding and adherence to approved standards of professional and ethical conduct, areas of continued growth and development, and accountability of supervision hours thus far in the process.

Division 2263—State Committee for Social Workers Chapter 2—Licensure Requirements

ORDER OF RULEMAKING

By the authority vested in the State Committee for Social Workers under sections 337.600, 337.612, 337.615, 337.627, and 337.630, RSMo Supp. 2009, the board amends a rule as follows:

20 CSR 2263-2.045 Provisional Licenses is amended.

A notice of proposed rulemaking containing the text of the proposed amendment was published in the *Missouri Register* on October 1, 2009 (34 MoReg 2238-2241). No changes have been made to the text of the proposed amendment, so it is not reprinted here. This proposed amendment becomes effective thirty (30) days after publication in the *Code of State Regulations*.

SUMMARY OF COMMENTS: The committee received three (3) comments on the proposed amendment.

COMMENT #1: The National Association of Social Workers (NASW) recommends adding language to subsection (3)(D) to minimize the committees duties of promulgating new rules if the named entity, Association of Social Work Boards (ASWB), dissolves or restructures under a new business name. The new language would read as follows: "Verification of a passing score...by the ASWB, its predecessor, or an organization approved by the committee. Verification of score(s) must be sent directly to the committee office by the ASWB, its predecessor, or an organization approved by the committee."

RESPONSE: The committee appreciates the comment made by NASW, however, voted to make no change to the proposed amendment.

COMMENT #2: NASW recommends removing paragraph (3)(D)2. as an applicant for baccalaureate social work does not have the option of obtaining a provisional license, according to section 337.653, RSMo. NASW also stated that this rule conflicts with the proposed amendment language of 20 CSR 2263-2.045, subsection (1)(A).

RESPONSE: The committee appreciates the comment made by NASW, however, voted to make no change to the proposed amendment.

COMMENT #3: NASW stated that according to section 337.600(17), RSMo, a provisional licensee must comply with sections 337.615(2) and 337.615.3, RSMo, which requires "the applicant must complete three thousand (3,000) hours of supervised...and no more than forty-eight (48) consecutive calendar months..." The statute does not allow for any grace period or extensions to this requirement as proposed in this rule.

RESPONSE: The committee appreciates the comment made by NASW, however, pursuant to 337.627.1(8), RSMo, the committee voted to make no change to the proposed amendment.

The section with changes is reprinted here. This proposed amendment becomes effective thirty (30) days after publication in the *Code of State Regulations*.

SUMMARY OF COMMENTS: The commission received two (2) comments on the proposed amendment.

COMMENT #1: The National Association of Social Workers (NASW) recommends adding language to subsection (4)(D) to make the rules consistent with the levels of licensure identified in statute and to make sure all levels of licensure are included in this section. The suggested language reads as follows: (4)(D)6. Provisional licensed clinical social worker-clinical examination. (4)(D)6.A. An examination taken before the completion of the supervised work experience is acceptable.

RESPONSE AND EXPLANATION OF CHANGE: The committee appreciates the comments made by NASW and voted to accept their recommendation with minor changes.

COMMENT #2: NASW stated that, as proposed, 20 CSR 2263-2.050 (3) removes all of the language in the current section (3). Therefore current subsections (3)(B), (3)(E), and (3)(F) would need to be included under the new section (4).

RESPONSE: The committee appreciates the comment made by NASW, however, voted to make no change to the proposed amendment. The aforementioned subsections are still in the text of the rule and were printed in the *Missouri Register* as renumbered subsections

(4)(B), (4)(E), and (4)(F).

**Title 20—DEPARTMENT OF INSURANCE,
FINANCIAL INSTITUTIONS AND PROFESSIONAL
REGISTRATION
Division 2263—State Committee for Social Workers
Chapter 2—Licensure Requirements**

ORDER OF RULEMAKING

By the authority vested in the State Committee for Social Workers under section 337.627, RSMo Supp. 2009, the board amends a rule as follows:

20 CSR 2263-2.082 Continuing Education is amended.

A notice of proposed rulemaking containing the text of the proposed amendment was published in the *Missouri Register* on October 1, 2009 (34 MoReg 2253–2255). No changes have been made to the text of the proposed amendment, so it is not reprinted here. This proposed amendment becomes effective thirty (30) days after publication in the *Code of State Regulations*.

SUMMARY OF COMMENTS: The committee received five (5) comments on the proposed amendment.

COMMENT #1: Kim Thomas, masters social worker (MSW), licensed clinical social worker (LCSW), commented that according to this rule only fifteen (15) of the thirty (30) continuing education units (CEUs) are allowed to be completed online. Ms. Thomas stated that several online courses appear to be very beneficial to her practice. Ms. Thomas also stated that available workshops are often limited, given the area they are provided in as well as topic/clinical issues, and since she is self-employed, she would have to cancel several clients to attend. Ms. Thomas requests the board provide the reasoning for this requirement.

RESPONSE: The committee appreciates the comment made by Ms. Thomas, however, voted to make no change to the proposed amendment. This language was not changed by the proposed amendment; therefore, the committee did not take this comment for consideration.

COMMENT #2: The National Association of Social Workers (NASW) stated that clarifying what types of ethics courses are acceptable for the licensee will minimize confusion. NASW suggested adding language as follows to section (2): “complete three (3) clock hours of ethics either through formal or self-study courses presented...”

RESPONSE: The committee appreciates the comment made by NASW, however, the portion of section (2) this comment refers to was not changed from the original rule; therefore, the committee voted to make no change to the proposed amendment.

COMMENT #3: NASW questions how a licensee shows or submits proof to the committee showing completion of the three (3) clock hours of ethics presented by a professional not of the social work profession and if that professional is knowledgeable of ethics as it relates to the practice of social work.

RESPONSE: The committee appreciates the comment made by NASW, however, subsection (6)(l) states that workshops or seminars approved by certain organizations, which are listed, are acceptable, and, therefore, they voted to make no change to the proposed amendment.

COMMENT #4: NASW commented that submission of a receipt showing a licensee paid for a continuing education program does not indicate the individual actually attended the program. Attendance acknowledgement for a receipt is not to the same level as certificates or affidavits provided by the program/sponsor for the continuing education verification.

RESPONSE: The committee appreciates the comment made by NASW, however, the portion of the rule this comment refers to was not changed in the original amendment; therefore, the committee voted to make no change to the proposed amendment.

COMMENT #5: NASW suggested removing the current subsection (12)(B) and replacing it with “written verification from the university program director of the licensee’s submission of dissertation” to provide clarification to licensees who have completed a PhD dissertation of the ability to utilize the research and publication hours for continuing education.

RESPONSE: The committee appreciates the comment made by NASW, however, the portion of the rule this comment refers to was not changed in the original amendment; therefore, the committee voted to make no change to the proposed amendment.

A notice of proposed rulemaking containing the text of the proposed rule was published in the *Missouri Register* on October 1, 2009 (34 MoReg 2266). No changes have been made to the text of the proposed rule, so it is not reprinted here. This proposed rule becomes effective thirty (30) days after publication in the *Code of State Regulations*.

SUMMARY OF COMMENTS: The committee received two (2) comments on the proposed rule.

COMMENT #1: Steve Franklin, masters social worker (MSW), licensed clinical social worker (LCSW), commented that the language in section (1) is too broad and feels it is unenforceable language. He questions that, in sections (3), (4), and (6), if a supervisee is charged for services by a supervisor, is that exploitation? If two (2) colleagues, not coworkers, fall in love, is that a sexual relationship? If someone discloses a professional relationship with a respected colleague, is that exploitation? He believes that the concepts in these sections are poorly defined, unenforceable, and provide no valuable guidance. He also stated that the requirement to “consult with an impaired social worker” is vague and unenforceable.

RESPONSE: The committee appreciates the comments from Mr. Franklin, however, this language was not changed from the original rule; therefore, the committee did not take this comment for consideration.

COMMENT #2: The National Association of Social Workers (NASW) commented that section (5) of this rule is in reference to relationships with colleagues which does not define sexual intimacies or contact, nor does it reference a section of rules in which a member of the profession who functions as a supervisor or educator can review for the definition. Therefore NASW suggested adding language mirroring that in 20 CSR 2263-3.020(6)(A)-(F).

RESPONSE: The committee appreciates the comment made by NASW, however voted to make no change to the proposed rule as “sexual intimacies” are defined in 20 CSR 2263-3.020 for the profession.

No changes have been made to the text of the proposed rule, so it is not reprinted here. This proposed rule becomes effective thirty (30) days after publication in the *Code of State Regulations*.

SUMMARY OF COMMENTS: The committee received one (1) comment on the proposed rule.

COMMENT #1: The National Association of Social Workers (NASW) commented that the current wording of the proposed rule only identifies two (2) licensure levels that may not hold themselves out if their license has lapsed or been revoked. It would seem the intent of this rule would be to indicate all levels of licensure shall not hold themselves out as licensed at their level if their license has lapsed or been revoked. NASW suggested adding (i.e., “licensed clinical social worker”) to section (5) instead of listing out specific licensure types.

RESPONSE AND EXPLANATION OF CHANGE: The committee appreciates the comment made by NASW and voted to make the suggested changes to eliminate confusion.

20 CSR 2263-3.080 Public Statements/Fees

(5) Social workers whose licenses have lapsed or been revoked shall not hold themselves out to be currently licensed (i.e., “licensed clinical social worker”).

SUMMARY OF COMMENTS: The committee received two (2) comments on the proposed rule.

COMMENT #1: Steve Franklin, masters social worker (MSW), licensed clinical social worker (LCSW), commented that subsections (1)(D) and (1)(E) appear to be very vague and incomprehensible and therefore unenforceable. He also commented that subsection (1)(F)'s requirement to "stress the personal risks" seems to compel the therapist to present every description of services as if each has more risk inherent than benefit. Mr. Franklin suggested requiring the professional to "explain the personal risks..." instead.

RESPONSE: The committee appreciates the comments on this rule but voted not to change the proposed rule.

COMMENT #2: The National Association of Social Workers (NASW) commented that in sections 337.600 or 337.653, RSMo, it defines a scope of practice for each level of licensure for social workers to be the same. Licensure also needs to be acknowledged in the

listing of where competences are demonstrated. Therefore, NASW recommends adding "licensure" between "training" and "or" in section (2).

RESPONSE: The committee appreciates the comment made by NASW, however, the portion of the rule this comment refers to was not changed from the original rule; therefore, the committee voted to make no change to the proposed rule.

This section may contain notice of hearings, correction notices, public information notices, rule action notices, statements of actual costs, and other items required to be published in the *Missouri Register* by law.
