7 CSR 10-25.010 Skill Performance Evaluation Certificates for Commercial Drivers

PUBLIC NOTICE

Public Notice and Request for Comments on Applications for Issuance of Skill Performance Evaluation Certificates to Intrastate Commercial Drivers with Diabetes Mellitus or Impaired Vision

SUMMARY: This notice publishes MoDOT's receipt of applications for the issuance of Skill Performance Evaluation (SPE) Certificates from individuals who do not meet the physical qualification requirements in the Federal Motor Carrier Safety Regulations for drivers of commercial motor vehicles in Missouri intrastate commerce, because of impaired vision or an established medical history or clinical diagnosis of diabetes mellitus currently requiring insulin for control. If granted, the SPE Certificates will authorize these individuals to qualify as drivers of commercial motor vehicles (CMVs), in intrastate commerce only, without meeting the vision standard prescribed in 49 CFR 391.41(b)(10), if applicable, or the diabetes standard prescribed in 49 CFR 391.41(b)(3).

DATES: Comments must be received at the address stated below, on or before August 15, 2011.

ADDRESSES: You may submit comments concerning an applicant, identified by the Application Number stated below, by any of the following methods:

- Email: Kathy.Hatfield@modot.mo.gov
Mail: PO Box 893, Jefferson City, MO 65102-0893
Hand Delivery: 1320 Creek Trail Drive, Jefferson City, MO 65109
Instructions: All comments submitted must include the agency name and Application Number for this public notice.

COMMENTS RECEIVED BECOME MoDOT PUBLIC RECORD

- By submitting any comments to MoDOT, the person authorizes MoDOT to publish those comments by any available means.
Docket: For access to the department's file, to read background documents or comments received, 1320 Creek Trail Drive, Jefferson City, MO 65109, between 7:30 a.m. and 4:00 p.m., CT, Monday through Friday, except state holidays.

FOR FURTHER INFORMATION CONTACT: Ms. Kathy Hatfield, Motor Carrier Specialist, (573) 522-9001, MoDOT Motor Carrier Services Division, PO Box 893, Jefferson City, MO 65102-0893. Office hours are from 7:30 a.m. to 4:00 p.m., CT, Monday through Friday, except state holidays.

SUPPLEMENTARY INFORMATION:

Public Participation

If you want us to notify you that we received your comments, please include a self-addressed, stamped envelope or postcard.

Background

The individuals listed in this notice have recently filed applications requesting MoDOT to issue SPE Certificates to exempt them from the physical qualification requirements relating to vision in 49 CFR 391.41(b)(10), or to diabetes in 49 CFR 391.41(b)(3), which otherwise apply to drivers of CMVs in Missouri intrastate commerce.

Under section 622.555, RSMo Supp. 2010, MoDOT may issue a Skill Performance Evaluation Certificate, for not more than a two (2)-year period, if it finds that the applicant has the ability, while

operating CMVs, to maintain a level of safety that is equivalent to or greater than the driver qualification standards of 49 CFR 391.41. Upon application, MoDOT may renew an exemption upon expiration.

Accordingly, the agency will evaluate the qualifications of each applicant to determine whether issuing a SPE Certificate will comply with the statutory requirements and will achieve the required level of safety. If granted, the SPE Certificate is only applicable to intrastate transportation wholly within Missouri.

Qualifications of Applicants

Application #MP040903065

Renewal Applicant's Name & Age: Shawn L. Collins, 34

Relevant Physical Condition: Mr. Collins's best-corrected visual acuity in his right eye is 20/80 Snellen and his left eye is 20/20 Snellen. He has been diagnosed with having amblyopia (lazy eye) in his right eye and this has been present since birth. He currently holds a valid SPE Certificate for Missouri and is applying for a renewal.

**Title 11—DEPARTMENT OF PUBLIC SAFETY
Division 10—Adjutant General
Chapter 11—State Emergency Management Agency**

IN ADDITION

The following public notice regarding the severe storms, tornadoes, and flooding occurring from April 19, 2011, to June 6, 2011, is issued by the Department of Homeland Security, Federal Emergency Management Agency Joint Field Office located in Columbia, Missouri. Pursuant to this declaration, federal funding is available to individuals, state and eligible local governments, and certain private non-profits on a cost-sharing basis in the designated jurisdictions. This public notice is published per federal regulation requirements found in Section 2(a)(4) of Executive Order 11988 and Section 2(b) of Executive Order 11990.

**PUBLIC NOTICE
FEMA-1980-DR-MO**

The Department of Homeland Security, Federal Emergency Management Agency (FEMA) hereby gives notice to the public of its intent to reimburse State and local governments and agencies, and eligible private non-profit organizations for eligible costs incurred to repair and/or replace facilities damaged by severe storms, tornadoes and flooding occurring from April 19, 2011 to June 6, 2011. This notice applies to the Public Assistance (PA) and Hazard Mitigation Grant (HMGP) programs implemented under the authority of the Robert T. Stafford Disaster Relief and Emergency Assistance Act, 42 USC §§ 5121-5206.as amended.

Under a major disaster declaration (FEMA-1980-DR-MO) signed by the President on May 9, 2011 the following counties in the State of Missouri have been designated adversely affected by the disaster and are eligible for PA only: Barry County, Bollinger County, Butler County, Cape Girardeau County, Carter County, Christian County, Douglas County, Dunklin County, Howell County, Iron County, Jasper County, Madison County, McDonald County, Miller County, Mississippi County, New Madrid County, Newton County, Oregon County, Ozark County, Pemiscot County, Perry County, Pettis County, Polk County, Reynolds County, Ripley County, Saint Francois County, Saint Louis County, Sainte Genevieve County, Scott County, Shannon County, Stoddard County, Stone County, Taney County, Texas County, Washington County, Wayne County, Webster County, and Wright County. All counties in the State of Missouri are eligible for HMGP.

The following counties are available for Individual Assistance: Bollinger County, Butler County, Cape Girardeau County, Dunklin County, Howell County, Jasper County, McDonald County, Mississippi County, New Madrid County, Newton County, Pemiscot County, Pettis County, Phelps County, Pulaski County, Reynolds County, Ripley County, Saint Francois County, Saint Louis County, Scott County, Stoddard County, Stone County, and Taney County.

This public notice concerns public assistance activities that may affect historic properties, activities that are located in or affect wetland areas or the 100-Year Floodplain (areas determined to have a one percent probability of flooding in any given year), and critical actions within the 500-Year Floodplain. Such activities may adversely affect the historic property, floodplain or wetland, or may result in continuing vulnerability to flood damage.

Such activities may include restoring facilities located in a floodplain with eligible damage to pre-disaster condition. Examples of such activities include, but are not limited to, the following:

1. Non-emergency debris removal and disposal;
2. Non-emergency protective measures;
3. Repair/replacement of roads, including streets, culverts, and bridges;
4. Repair/replacement of public dams, reservoirs and channels;
5. Repair/replacement of public buildings and related equipment;
6. Repair/replacement of public water control facilities, pipes and distribution systems;
7. Repair/replacement of public utilities, including sewage treatment plants, sewers and electrical power distribution systems; and
8. Repair/replacement of eligible private, non-profit facilities (hospitals, educational centers, emergency and custodial care services, etc.).

The President's Executive Order 11988, Floodplain Management, and Executive Order 11990, Protection of Wetlands, requires that all Federal actions in or affecting the 100-Year floodplain or wetland areas be reviewed for opportunities to move the facility out of the floodplain or wetland and to reduce the risk of future damage or loss from flooding and minimize harms to wetlands. However, FEMA has determined that in certain situations, there are no alternatives to restoring an eligible facility located in the floodplain to its pre-disaster condition. These situations meet all of the following criteria:

1. The FEMA estimated cost of repairs is less than 50 percent of the estimated cost to replace the facility and the replacement cost of the facility is less than \$100,000.
2. The facility is not located in a floodway or coastal high hazard area.
3. The facility has not sustained structural damage in a previous presidentially declared flood disaster or emergency.
4. The facility is not defined as critical (e.g., hospital, generating plant, contains dangerous materials, emergency operation center, etc.).

FEMA will provide assistance to restore the facilities described above to their predisaster condition except when measures to mitigate the effects of future flooding may be incorporated into the restoration work. For example, insufficient waterway openings under culverts and bridges may cause water back up to wash out the structures. The water back up could wash out the facility and could damage other facilities in the area. Increasing the size of the waterway opening would mitigate, or lessen, the potential for this damage. Additional examples of mitigation measures include providing erosion protection at bridge abutments or levees, and extending entrance tubes on sewage lift stations.

Disaster assistance projects to restore facilities, which do not meet the criteria listed above, must undergo a detailed review. The review will include a study to determine if the facility can be moved out of the floodplain. The public is invited to participate in the review. The public may identify alternatives for restoring the facility and may participate in analyzing the impact of the alternatives on the facility and the floodplain. An address and phone number for obtaining information about specific assistance projects is provided at the end of this Notice. The final determination regarding the restoration of these facilities in a floodplain will be announced in future Public Notices.

Due to the urgent need for and/or use of the certain facilities in a floodplain, actions to restore the facility may have started before the Federal inspector visits the site. Some of these facilities may meet the criteria for a detailed review to determine if they should be relocated. Generally, facilities may be restored in their original location where at least one of the following conditions applies:

1. The facility, such as a flood control device or bridge, is functionally dependent on its floodplain location.
2. The facilities, such as a park or other open-use space, already represent sound floodplain management and, therefore, there is no need to change it.
3. The facility, such as a road or a utility, is an integral part of a larger network that could not be relocated economically.
4. Emergency action is needed to address a threat to public health and safety.

The effects of not relocating the facilities will be examined. In each case, the examination must show an overriding public need for the facility at its original location that clearly outweighed the requirements in the Executive Order to relocate the facility out of the floodplain. FEMA will also consult State and local officials to make certain that no actions taken will violate either State or local floodplain protection standards. The restoration of these facilities may also incorporate certain measures designed to mitigate the effects of future flooding. This will be the only Notice to the public concerning these facilities.

The National Historic Preservation Act requires federal agencies to take into account the effects of their undertakings on historic properties. Those actions or activities affecting buildings, structures, districts or objects 50 years or older or that affect archeological sites or undisturbed ground will require further review to determine if the property is eligible for listing in the National Register of Historic Places (Register). If the property is determined to be eligible for the Register, and FEMA's undertaking will adversely affect it, FEMA will provide additional public notices. For historic properties not adversely affected by FEMA's undertaking, this will be the only public notice.

FEMA also intends to provide Hazard Mitigation Grant Program (HMPG) funding under Section 404 of the Stafford Act to the State of Missouri for the purposes of mitigating future disaster damages. Hazard mitigation projects may involve the construction of a new facility (e.g., retention pond, or debris dam), modification of an existing undamaged facility (e.g., improving waterway openings of bridges or culverts), and the relocation of facilities out of the floodplain. Subsequent Notices will provide more specific information as project proposals are developed.

Information about assistance projects may be obtained by submitting a written request to the Regional Director, DHS-FEMA Region VII; 9221 Ward Parkway, Suite 300; Kansas City, MO 64114-3372. The information may also be obtained by calling: (816) 283-7060, between the hours of 8:00 a.m. and 4:30 p.m., Monday through Friday. Comments should be sent in writing to the Regional Director, at the above address, within 15 days of the date of publication of this notice.
