*REVISED PUBLIC COST:* This proposed amendment will not cost state agencies or political subdivisions more than five hundred dollars (\$500) in the aggregate. The removal of the classification and related “fishable/swimmable” provisions reduced costs considerably since previously affected facilities will no longer be required to install disinfection. All other revisions to the rule are considered no cost as they either implement federal requirements in state regulation (e.g., revised sulfate, chloride, and phenol criteria), provide relief to permitted facilities (e.g., compliance schedule language, revisions to Table K, Use Attainability Analyses), or confirm changes already in rule (Use Attainability Analyses, Mississippi River UAA).

*REVISED PRIVATE COST:* This proposed amendment will not cost private entities more than five hundred dollars (\$500) in the aggregate. The removal of the classification and related “fishable/swimmable” provisions reduced costs considerably since previously affected facilities will no longer be required to install disinfection. All other revisions to the rule are considered no cost as they either implement federal requirements in state regulation (e.g., revised sulfate, chloride, and phenol criteria), provide relief to permitted facilities (e.g., compliance schedule language, revisions to Table K, Use Attainability Analyses), or confirm changes already in rule (Use Attainability Analyses, Mississippi River UAA).

PUBLIC COST

I. RULE NUMBER

<i>Rule Number and Name:</i>	10 CSR 20-7.031 Water Quality Standards
<i>Type of Rulemaking:</i>	Proposed Amendment

This rulemaking includes revisions that ensure that state water quality standards (WQS) are functionally equivalent to federal standards and that improve the clarity, specificity and effectiveness of the rule. In summary, the revisions include the following:

**Revised numeric water quality criteria for sulfate and chloride:** In response to a February 5, 2010 petition to the Missouri Clean Water Commission by the Missouri Agribusiness Association, the department is proposing revised numeric water quality criteria for sulfate and chloride. This revision will follow the approach and methods used by the State of Iowa to revise its water quality criteria for these parameters;

**Revised numeric water quality criteria for phenol:** In response to an October 12, 2010 petition to the Missouri Clean Water Commission by the Associated Industries of Missouri, the department is proposing revised numeric water quality criteria for phenol. This revision will follow the approach and methods used by EPA in developing new Section 304(a) criteria for phenol;

**Revision of schedule of compliance language:** This revision removes the current three-year maximum duration for complying with water quality-based effluent limitations. The department is revising the existing language to provide consistency with federal regulations at 40 CFR 122.47;

**Proposed site-specific water quality criteria for dissolved oxygen:** This revision proposes new site-specific dissolved oxygen water quality criteria for Main Ditch and Pike Creek in Butler County. The revision follows the reference stream approach used by EPA to develop site-specific water quality criteria;

**Changes to the designation of Whole Body Contact Recreation and Secondary Contact Recreation as a result of Use Attainability Analyses:** These changes are results from the last series of Use Attainability Analyses (UAAs) conducted in 2007 and 2008. This action would include adding whole body contact recreation (WBC) use to 23 stream segments where this use is attainable or existing, designating secondary contact recreation (SCR) to 219 stream segments where existing SCR uses were observed, and removing the WBC use on 111 stream segments where this use is unattainable. Costs to facilities where WBC is confirmed to be an existing or attainable use were considered and estimated in a previous rulemaking;

**Responding to EPA's October 29, 2009 decision on the Mississippi River:** The department is also responding to EPA's October 29, 2009 decision that new or revised water quality standards are needed to satisfy the requirements of the federal Clean Water Act for a 28.6-mile segment of

the Mississippi River around St. Louis that flows from North Riverfront Park to the confluence with the Meramec River. Based on an overall weight of evidence, the department affirms the current designation of Secondary Contact Recreation (SCR) and associated SCR bacteria criterion for this segment;

## II. SUMMARY OF FISCAL IMPACT

This proposed amendment will not cost public entities more than five hundred dollars (\$500) in the aggregate. All revisions to the rule are considered no cost as they either implement federal requirements in state regulation (e.g., revised sulfate, chloride and phenol criteria), provide relief to permitted facilities (e.g., compliance schedule language, revisions to Table K, Use Attainability Analyses), or confirm changes already in rule (Use Attainability Analyses, Mississippi River UAA).

## II. SUMMARY OF FISCAL IMPACT

This proposed amendment will not cost private entities more than five hundred dollars (\$500) in the aggregate. All revisions to the rule are considered no cost as they either implement federal requirements in state regulation (e.g., revised sulfate, chloride and phenol criteria), provide relief to permitted facilities (e.g., compliance schedule language, revisions to Table K, Use Attainability Analyses), or confirm changes already in rule (Use Attainability Analyses, Mississippi River UAA).

**Title 12—DEPARTMENT OF REVENUE  
Division 30—State Tax Commission  
Chapter 4—Agricultural Land Productive Values**

**ORDER OF RULEMAKING**

By the authority vested in the State Tax Commission under section 137.021, RSMo 2000, the commission withdraws a proposed amendment as follows:

**12 CSR 30-4.010 Agricultural Land Productive Values  
is withdrawn.**

A notice of proposed rulemaking containing the text of the proposed amendment was published in the *Missouri Register* on February 1, 2012 (37 MoReg 157-159). This proposed amendment is withdrawn.

**SUMMARY OF COMMENTS:** The commission received one comment from the Department of Agriculture which opposed the amendment. The Missouri House of Representatives, on February 21, 2012, and the Missouri Senate, on March 1, 2012, each passed the resolution rejecting the agricultural land productive values as proposed in the amendment.

**RESPONSE:** Section 137.021, RSMo, authorizes the tax commission to promulgate a rule setting a productive capability value for each of the several grades of agricultural and horticultural land, but further provides that the General Assembly, within sixty (60) days of convening, may disapprove such a rule. As a result of that body's passage of House Concurrent Resolution No. 8 disapproving the proposed amendment, the commission hereby withdraws its proposed rulemaking.

**Title 14—DEPARTMENT OF CORRECTIONS  
Division 80—State Board of Probation and Parole  
Chapter 4—Rights of Alleged Probation, Parole, or  
Conditional Release Violator**

**ORDER OF RULEMAKING**

By the authority vested in the State Board of Probation and Parole under sections 217.040, 217.720, and 217.722, RSMo 2000, the board amends a rule as follows:

**14 CSR 80-4.010 Arrest and Detention of an Alleged Violator  
is amended.**

A notice of proposed rulemaking containing the text of the proposed amendment was published in the *Missouri Register* on February 1, 2012 (37 MoReg 160). No changes have been made in the text of the proposed amendment, so it is not reprinted here. This proposed amendment becomes effective thirty (30) days after publication in the *Code of State Regulations*.

**SUMMARY OF COMMENTS:** No comments were received.

**Title 14—DEPARTMENT OF CORRECTIONS  
Division 80—State Board of Probation and Parole  
Chapter 4—Rights of Alleged Probation, Parole, or  
Conditional Release Violator**

**ORDER OF RULEMAKING**

By the authority vested in the State Board of Probation and Parole under sections 217.040, 217.720, and 217.722, RSMo 2000, the board amends a rule as follows:
