

This section will contain the final text of the rules proposed by agencies. The order of rulemaking is required to contain a citation to the legal authority upon which the order of rulemaking is based; reference to the date and page or pages where the notice of proposed rulemaking was published in the *Missouri Register*; an explanation of any change between the text of the rule as contained in the notice of proposed rulemaking and the text of the rule as finally adopted, together with the reason for any such change; and the full text of any section or subsection of the rule as adopted which has been changed from that contained in the notice of proposed rulemaking. **Title 3—DEPARTMENT OF CONSERVATION
Division 10—Conservation Commission
Chapter 7—Wildlife Code: Hunting: Seasons, Methods,
Limits**

ORDER OF RULEMAKING

By the authority vested in the Conservation Commission under sections 40 and 45 of Art. IV, Mo. Const., the commission amends a rule as follows:

3 CSR 10-7.440 is amended.

This amendment establishes hunting seasons and limits and is exempted by section 536.021, RSMo, from the requirement for filing as a proposed amendment.

The Department of Conservation amended 3 CSR 10-7.440 by establishing seasons and limits for hunting migratory waterfowl during the 2012–2013 seasons.

3 CSR 10-7.440 Migratory Game Birds and Waterfowl: Seasons, Limits

(3) Seasons and limits are as follows:

(H) Ducks and coots may be taken from one-half (1/2) hour before sunrise to sunset as follows:

1. Ducks and coots may be taken from October 27, 2012, through December 25, 2012, in the North Zone; from November 3, 2012, through January 1, 2013, in the Middle Zone; and from November 22, 2012, through January 20, 2013, in the South Zone; and

2. Duck and coot limits are as follows: The daily bag limit of ducks is six (6) and may include no more than four (4) mallards (no more than two (2) of which may be female), three (3) wood ducks, two (2) redheads, two (2) hooded mergansers, four (4) scaup, two (2) pintails, one (1) mottled duck, one (1) canvasback, and one (1) black duck. The possession limit is twelve (12), including no more than eight (8) mallards (no more than four (4) of which may be female), six (6) wood ducks, four (4) redheads, four (4) hooded mergansers, eight (8) scaup, four (4) pintails, two (2) mottled ducks, two (2) canvasbacks, and two (2) black ducks. The daily limit of coots is fifteen (15) and the possession limit for coots is thirty (30);

(I) Geese may be taken from one-half (1/2) hour before sunrise to sunset as follows:

1. Blue, snow, and Ross's geese may be taken from October 27, 2012, through January 31, 2013, statewide;

2. White-fronted geese may be taken from November 22, 2012, through January 31, 2013, statewide;

3. Canada geese and brant may be taken from October 6, 2012, through October 14, 2012, and November 22, 2012, through January 31, 2013, statewide; and

4. Goose limits—The daily bag limit is three (3) Canada geese, twenty (20) blue, snow, or Ross's geese, two (2) white-fronted geese, and one (1) brant, statewide. The possession limit is six (6) Canada geese, four (4) white-fronted geese, and two (2) brant. There is no possession limit for blue, snow, and Ross's geese;

(J) Ducks, geese, brant, and coots may be taken by youth hunters fifteen (15) years of age or younger from October 20, 2012, through October 21, 2012, in the North Zone; from October 27, 2012, through October 28, 2012, in the Middle Zone; and from November 17, 2012, through November 18, 2012, in the South Zone. The daily and possession limits for ducks, geese, and coots are the same as during the regular duck, goose, and coot hunting seasons. Any person fifteen (15) years or younger may participate in the youth waterfowl hunting days without permit provided they are in the immediate presence of an adult eighteen (18) years of age or older. If the youth hunter does not possess a hunter education certificate card, the adult must be properly licensed (i.e., must meet any permit requirements that allows small game hunting) and have in his/her possession a valid hunter education certificate card unless they were born before January 1, 1967. The adult may not hunt ducks but may participate in other seasons that are open on the special youth days;

(L) Persons who possess a valid Conservation Order permit may chase, pursue, and take blue, snow, and Ross's geese from one-half (1/2) hour before sunrise to one-half (1/2) hour after sunset from February 1, 2013, through April 30, 2013. Any other regulation notwithstanding, methods for the taking of blue, snow, and Ross's geese include using shotguns capable of holding more than three (3) shells, and with the use or aid of recorded or electrically amplified bird calls or sounds, or recorded or electrically amplified imitations of bird calls or sounds. An exception to the above permit requirement includes any person fifteen (15) years of age or younger, provided either 1) s/he is in the immediate presence of a properly licensed adult (must possess a Conservation Order permit) who is eighteen (18) years of age or older and has in his/her possession a valid hunter education certificate card, or was born before January 1, 1967, or 2) s/he possesses a valid hunter education certificate card. A daily bag limit will not be in effect February 1, 2013, through April 30, 2013 (See 3 CSR 10-5.436 and 3 CSR 10-5.567 for Conservation Order Permit requirements.); and

(M) Migratory birds may be taken by hunters with birds of prey as follows (See 3 CSR 10-9.442 for additional provisions about falconry including season lengths and limits for wildlife other than migratory birds. See 3 CSR 10-9.440 for falconry permit requirements.):

1. Doves may be taken from September 1 to December 16 from one-half (1/2) hour before sunrise to sunset. Daily limit: three (3) doves; possession limit: six (6) doves, except that any waterfowl taken by falconers must be included within these limits; and

2. Ducks, mergansers, and coots may be taken from sunrise to sunset from September 8, 2012, through September 23, 2012, statewide, and from one-half (1/2) hour before sunrise to sunset as follows: in the North Zone, October 20, 2012, through October 21, 2012, October 27, 2012, through December 25, 2012, and February 10, 2013, through March 10, 2013; in the Middle Zone, October 27, 2012, through October 28, 2012, November 3, 2012, through January 1, 2013, and February 10, 2013, through March 10, 2013; and, in the South Zone, November 17, 2012, through November 18, 2012, November 22, 2012, through January 20, 2013, and February 10, 2013, through March 10, 2013. Daily limit: three (3) birds singly or in the aggregate, including doves; possession limit: six (6) birds singly or in the aggregate, including doves.

SUMMARY OF PUBLIC COMMENT: Seasons and limits are exempted from the requirement of filing as a proposed amendment under section 536.021, RSMo.

This amendment was filed August 24, 2012, and becomes effective **September 1, 2012.**

**Title 11—DEPARTMENT OF PUBLIC SAFETY
Division 45—Missouri Gaming Commission
Chapter 5—Conduct of Gaming**

ORDER OF RULEMAKING

By the authority vested in the Missouri Gaming Commission (MGC) under section 313.805, RSMo Supp. 2011, the commission amends a rule as follows:

11 CSR 45-5.181 is amended.

A notice of proposed rulemaking containing the text of the proposed amendment was published in the *Missouri Register* on May 1, 2012 (37 MoReg 679-680). Changes have been made to the text of the proposed amendment, so those sections with changes are reprinted here. This proposed amendment becomes effective thirty (30) days after publication in the *Code of State Regulations*.

SUMMARY OF COMMENTS: A public hearing was held on this proposed amendment on June 13, 2012. No one commented at the public hearing. Written comments were received from Harrah's North Kansas City, LLC and Harrah's Maryland Heights, LLC, and Bally Technology, Inc. (Bally).

COMMENT #1: Harrah's North Kansas City, LLC's and Harrah's Maryland Heights, LLC's comments were as follows: The revisions to sections (1) and (2), including the new definition of a "promotional activity" and the characterization of player rewards programs as "promotional activities," are overly broad as written. The term "discretionary compensation" is ambiguous and undefined.

COMMENT #2: After review and discussion MGC staff commented that the definition of promotional activity in subsection (1)(A) is unnecessary.

RESPONSE AND EXPLANATION OF CHANGE: The other definitions in section (1) and the list of promotional activities in section (2) suffice to define promotional activities, so subsection (1)(A) is deleted.

COMMENT #3: Bally commented on the language in subsection (1)(F) defining player reward programs. Bally stated that as they read the proposed amendment, it appears to offer a "safe harbor" for certain defined "player reward programs," which would permit casino operators to offer such player reward programs so long as certain conditions were met.

While the proposed amendment does not directly impose any requirements on Bally, we want to point out that certain player reward programs may provide points or other rewards to patrons on a basis other than wagering. For instance, points may be awarded based on purchases at restaurants in the casino, or nights at the casino hotel.

Does the commission desire to regulate player reward programs regardless of how the points or other rewards are issued, rather than make a distinction between player reward programs that are based on wagering (subject to the safe harbor provisions of 11 CSR 45-5.181) and player reward programs that are not based on wagering (not subject to safe harbor provisions, and might require separate commission approval)?

COMMENT #4: Harrah's suggests deleting the definition of "player reward programs" in subsection (1)(F) and the reference to "player reward programs" in section (2).

COMMENT #5: The MGC staff found the definition of "player reward program" in subsection (1)(F) to be unclear.

RESPONSE AND EXPLANATION OF CHANGE: The commission revised the player reward definition to be limited to redeemable player rewards. These programs advertise to patrons that certain rewards will be earned in exchange for gambling certain dollar amounts. This clearly meets the definition of "promotional activity," which requires dated written rules to protect the casinos and the patrons. The commission does not intend to regulate player reward programs that are based on non-gaming activities.

COMMENT #6: Also, Harrah's suggests revising subsection (2)(C) by adding this sentence after the first sentence: "A licensee shall not be required to include confidential and proprietary information in rules."

RESPONSE: This statement is overly broad as written. To add this statement would allow virtually anything to be excluded from the rules, which would undermine the intent of this regulation. No change has been made as a result of this comment.

COMMENT #7: Harrah's commented that the addition of new section (3) and the revival of subsection (6)(G) requiring pre-approval from the commission for "any changes or cancellation of a promotional activity" is too restrictive because it encompasses every single change to promotional rules rather than just material changes. Section (3) is also problematic because it contains no deadline for responding to requests for approval and it could be interpreted and

enforced to require approval of requests for changes and cancellations by the commissioners themselves. Situations that prompt a need to change or cancel a promotion often arise without warning and outside of normal business hours, and must be resolved immediately to avoid a negative reflection on the licensee, commission, and the integrity of gaming.

COMMENT #8: The MGC staff noted that section (3) is worded as though the MGC should have responsibility to define changes or cancellations to promotional activities.

RESPONSE AND EXPLANATION OF CHANGE: Section (3) was deleted because the MGC would need more staffing to oversee these activities. Removing this section allows the licensees to retain the responsibility.

COMMENT #9: Subsection (6)(G) refers to the MGC responsibility to monitor changes in promotional activities.

RESPONSE AND EXPLANATION OF CHANGE: Subsection (6)(G) was deleted to allow the casinos to cancel or change promotions without MGC notification, since this is not required of other promotional activities.

11 CSR 45-5.181 Promotional Activities

(1) For the purposes of this rule, the following words are defined as:

(A) Promotional giveaway—a promotional gift or item given by a licensee to any person meeting the licensee's promotional criteria, where the person provides no consideration and there is no chance or skill involved in the awarding of the promotional gift or item, and all persons meeting the criteria receive the same promotional gift or item;

(B) Patron—any person present on the premises of a Class B licensee that is not employed by such Class B licensee or the commission and is not on the premises as a vendor of the Class B licensee;

(C) Promotional coupon—any instrument offering any person something of value and issued by a Class B licensee to entice the person to come to the Class B licensee's premises or for use in or related to licensed gambling games at a licensee's gaming establishment;

(D) Promotional game—a drawing, event, contest or game in which patrons of a Class B licensee may, without giving consideration, participate or compete for the chance to win a prize or prizes of different values; and

(E) Player reward program—a promotional activity that provides redeemable player reward points to patrons as a result of wagering regardless of game outcome and based on predetermined formulas.

(3) Documentation of any change or cancellation of a promotional activity shall be maintained on file for two (2) years with the legal counsel's affidavit.

(4) Payouts from promotional activities are not winnings paid to wagerers under section 313.800.1(1), RSMo, and as such shall not be deductible when calculating adjusted gross receipts.

(5) Promotional coupons shall contain the following information preprinted on the coupon:

(A) The name of the gaming facility;

(B) The city or other locality and state where the gaming facility is located;

(C) Specific value of any monetary coupon stated in U.S. dollars;

(D) Sequential identification numbers, player tracking numbers with unique numbers added to them, or other similar means of unique identification of each coupon for complete, accurate tracking and accounting purposes;

(E) A specific expiration date or condition; and

(F) All conditions required to redeem the coupon.

(6) Class B licensees may use mass media to provide promotional

coupon offers to prospective patrons; however, such offers may only be redeemed for a preprinted coupon that contains all of the information required for a promotional coupon in section (5) of this rule. This does not apply to coupons issued via mass media for food.

(7) Class B licensees offering promotional coupons shall track the issuance and redemption of each promotional coupon. Documentation of the promotional coupon tracking shall be maintained on file for two (2) years and made readily available to the commission upon request. The inventory of un-issued promotional coupons must be maintained in a reasonable manner that prevents theft or fraud.

(8) Promotional coupons shall be cancelled at the time they are redeemed in a manner that will prevent multiple redemptions of the same coupon.

Title 11—DEPARTMENT OF PUBLIC SAFETY Division 45—Missouri Gaming Commission Chapter 9—Internal Control System

ORDER OF RULEMAKING

By the authority vested in the Missouri Gaming Commission under section 313.805, RSMo Supp. 2011, the commission amends a rule as follows:

11 CSR 45-9.114 Minimum Internal Control Standards (MICS)— Chapter N is amended.

A notice of proposed rulemaking containing the text of the proposed amendment was published in the *Missouri Register* on May 1, 2012 (37 MoReg 680–681). No changes have been made to the text of the proposed amendment, so it is not reprinted here. This proposed amendment becomes effective thirty (30) days after publication in the *Code of State Regulations*.

SUMMARY OF COMMENTS: A public hearing was held on this proposed amendment on June 13, 2012. No one commented at the public hearing, and no written comments were received.

Title 19—DEPARTMENT OF HEALTH AND SENIOR SERVICES Division 30—Division of Regulation and Licensure Chapter 84—Training Program for Nursing Assistants

ORDER OF RULEMAKING

By the authority vested in the Department of Health and Senior Services under sections 198.073 and 198.076, RSMo Supp. 2011, the department amends a rule as follows:

19 CSR 30-84.030 is amended.

A notice of proposed rulemaking containing the text of the proposed amendment was published in the *Missouri Register* on May 1, 2012 (37 MoReg 684–693). Those sections with changes are reprinted here. This proposed amendment becomes effective thirty (30) days after publication in the *Code of State Regulations*.

SUMMARY OF COMMENTS: The department received twenty-three (23) comments on the proposed amendment during the public comment period.

COMMENT #1: Keith Sappington, Executive Director of Missouri Assisted Living Association, recommended amending the language in

section (3) to replace the words “document possible medication reactions” with the original language “record unusual responses to medications.”

RESPONSE AND EXPLANATION OF CHANGE: The department believes the proposed language has the exact same meaning as the original language. However, in order to avoid any future issues, the department will amend the language.

COMMENT #2: Keith Sappington commented section (4) regarding the training program should not be changed and that the additional costs involved for rural and smaller facilities is not reflected in the fiscal note.

RESPONSE AND EXPLANATION OF CHANGE: The requirement for sixteen (16) hours of integrated formal instruction and practice sessions supervised by an approved instructor has not changed. The independent self-study has not been a component of the supervised formal instruction. Lastly, since the independent self-study is not a requirement of the supervised formal instruction and to prevent any future confusion, the department will delete the proposed subsection (4)(A) regarding self-study.

COMMENT #3: Denise Clemonds, Chief Executive Officer, LeadingAge Missouri, recommended that the manual content referenced in subsection (5)(B) contain a section for medication errors – reporting, etc.

RESPONSE: The currently approved Level I Medication Aide (LIMA) manual, 1993 edition does not contain a section referencing medication errors. The department believes this would add a new requirement that has not been available for public review and/or comment. However, the new proposed language would allow for additional LIMA manuals with departmental approval. The department is willing to review a LIMA manual that includes a section on medication errors and allow others the choice of utilizing it. No changes have been made as a result of this comment.

COMMENT #4: Keith Sappington commented that subsection (5)(B) should not include instruction on a “resident’s rights” for appeal of a discharge notice, or right to enter and leave a facility.

RESPONSE: LIMA’s are considered mandatory reporters; therefore, they would need to receive some instruction on resident’s rights. These resident’s rights are outlined in the currently approved LIMA manual, 1993 edition. It is important for instructors to have a discussion regarding the legalities of administration of medications as they relate to resident rights and some material on understanding the needs of the residents. The LIMA students should be receiving instruction on the importance of resident’s rights in order to protect the individual. No changes have been made as a result of this comment.

COMMENT #5: Denise Clemonds commented that subsection (6)(C) would be burdensome if facilities/organizations were required to submit information to the certifying agency prior to the start of every class (exact schedule, class roster with name, address, phone, Social Security number, date of birth, and employer, date of final exam, etc.) and requiring facilities/organizations to notify the certifying agency in advance of any change in class schedule.

RESPONSE: With the exception of the language “nursing license number” the remaining requirements listed (approved instructor’s legal name, Social Security number, nursing license number, current address, and telephone number; each student’s legal name, address, telephone number, Social Security number, date of birth, and employer’s name and address, if applicable; the date and location of each class to be held; and the date and location of the final examination) are only required to be obtained prior to the beginning of class. Additionally, these requirements have not changed and were just moved from deleted section (11). The requirement for certifying agencies being notified in advance of any changes in dates or locations is not a new standard. No changes have been made as a result

of this comment.

COMMENT #6: Keith Sappington commented that subsection (6)(C) should not require certifying agencies to include a Social Security number for the instructors.

RESPONSE: The department’s Certified Nurse Aide (CNA) registry database is designed to locate approved instructors via their Social Security number. No changes have been made as a result of this comment.

COMMENT #7: Keith Sappington commented that subsection (6)(C) should not require a student’s address and telephone number because it changes too frequently to track.

RESPONSE: The requirement to obtain each student’s address and telephone number is only required prior to the beginning of class. The department is not requiring agencies to track this information throughout the entire course. Lastly, these requirements have not changed and were just moved from deleted section (11). No changes have been made as a result of this comment.

COMMENT #8: Keith Sappington recommended changing the language in subsection (6)(C) to reflect that the training agency instructor shall certify the training was completed rather than providing information on the dates and locations of each class and exam and, if applicable, any changes in the dates and location.

RESPONSE: The requirement for providing the date and location of each class to be held, the date and location of the final exam, and notifying the certifying agency in advance of changes in the dates or locations for training has not changed. These requirements were just moved from deleted section (11). While the department acknowledges that dates and locations of training can change, it does not relieve the training agency from its responsibilities to ensure that the certifying agency is notified in advance of changes in dates and locations. No changes have been made as a result of this comment.

COMMENT #9: Keith Sappington commented subsection (7)(D) should be changed to “obtains certificate from certifying agency” since technically the student is not certified until the certifying agency reviews for accuracy and completeness.

RESPONSE: Unfortunately, the department has observed extensive delays between the time some certifying agencies have issued certificates and when a LIMA successfully completes the course. As a result, LIMA’s have either been forced to put employment on hold or pass up job opportunities because they did not have a paper certificate to verify successful completion of the course. The department believes the benefit of placing a LIMA to work as soon as they successfully passed the course outweighs the waiting time for a paper certificate. No changes have been made as a result of this comment.

COMMENT #10: Keith Sappington commented subsection (7)(E) regarding Biennial Training should be removed entirely. Mr. Sappington further commented that the method to safely pass medication does not evolve on a biannual basis and the department had, at one time, required a “one-time” update.

RESPONSE: The department does not believe a “one-time” update is sufficient. Medication information and procedures can change rapidly as new drugs are discovered. Drug reference books can become outdated quickly. Because LIMA certifications can and have lapsed for periods of time, the department believes it would be irresponsible to assume a LIMA could safely pass medications without periodic updates. The ultimate goal of the LIMA training program is to provide competent and quality care to our long term care residents. No changes have been made as a result of this comment.

COMMENT #11: Keith Sappington recommended changing the language in paragraph (7)(E)1. from “by the anniversary date” to “by the first bi-annual anniversary”

RESPONSE AND EXPLANATION OF CHANGE: The department

has made changes in paragraph (7)(E)1. in order to clarify the training should be completed by the "biennial" anniversary date of the original issue of the LIMA certificate. The department also noticed the same change needed to be made in paragraph (7)(E)3. and subparagraph (7)(E)3.A.

COMMENT #12: Keith Sappington questioned the need for two (2) forms as proposed in subparagraph (7)(E)1.B.

RESPONSE: The department has worked in collaboration with industry representatives and the Department of Mental Health (DMH) in order to access a larger group of trained medication technicians for possible employment in long term care facilities. The department is not requiring two (2) forms. Rather, this rule simply states the department will also accept DMH's training form as documentation for completion of their biennial training. The department does not have authority over DMH's training program. No changes have been made as a result of this comment.

COMMENT #13: Keith Sappington commented that subparagraph (7)(E)3.A. would cost the department additional work to administer this new requirement which is not reflected in the fiscal note.

RESPONSE: After review, the department has concluded the fiscal note accurately reflects the public costs. The department will utilize existing resources and staff to implement and maintain the LIMA registry. No additional department staff will be necessary to monitor the biennial training documentation. No changes have been made as a result of this comment.

COMMENT #14: Denise Clemonds questioned how a facility would know if a LIMA is removed from the approved register as referenced in subparagraph (7)(E)3.B.

RESPONSE: Facilities will have to check the registry to verify LIMA removal. It appears the majority of facilities do complete a LIMA check once a year; however, there is no requirement for an employer to track it. The department will not issue a citation as long as the facility did not knowingly employ a LIMA who was removed from the active registry. The department will make every attempt to copy the facility based on employment security records if a LIMA was removed from the active registry. No changes have been made as a result of this comment.

COMMENT #15: Denise Clemonds questioned if there was a register for approved instructors and approved nurse presenters regarding section (8). Ms. Clemonds also questioned how a certifying agency would know if someone had its instructor's status revoked.

RESPONSE: The department maintains a registry of approved instructors and nurse presenters via the Certified Nurse Assistant (CNA) registry. Instructor and nurse presenters' Social Security numbers are utilized for the registry. The department notifies all associations when an instructor or nurse presenter has been revoked and removed from the registry. No changes have been made as a result of this comment.

COMMENT #16: Denise Clemonds questioned where the course content is defined for the "Train the Trainer" workshop as noted in subsection (8)(B).

RESPONSE: The course content is not defined other than to attend the workshop established by the certifying agency. Each workshop's content will vary depending on the certifying agency. No changes have been made as a result of this comment.

COMMENT #17: Denise Clemonds commented that paragraph (8)(C)4. made no mention of any notification or registration process.

RESPONSE: Paragraph (8)(C)4. references if, after an investigation an instructor is found to have administered the final examination incorrectly or not in accordance with section (9) of the rule, the instructor's status will be revoked. There is not a notification or registration process. However, the department does notify all associa-

tions when an instructor's status has been revoked and removed. No changes have been made as a result of this comment.

COMMENT #18: Keith Sappington commented that new language needs to be inserted for paragraph (8)(C)1. that reflects an instructor may not keep monies if because of the instructor's failure to follow through or fault the class is not completed. Mr. Sappington further commented if the student fails to complete the class or take the exam, the costs of the instruction remain and should not be returned.

RESPONSE: The department believes this would add a new requirement that has not been available for public review and/or comment. The department views this as more of a breach of contract between the two (2) parties. No changes have been made as a result of this comment.

COMMENT #19: Keith Sappington commented that the wording "failed to teach" in paragraph (8)(C)3. is open to interpretation and subjective.

RESPONSE AND EXPLANATION OF CHANGE: The intent of the proposed language is related to how an individual is supposed to teach - to communicate knowledge of the course. However, to avoid any future issues, the department will revise the language.

COMMENT #20: Denise Clemonds commented that section (11) would be burdensome for the certifying agency to approve course schedules and classroom space, providing test booklets, and test sheets, etc. Ms. Clemonds further commented it was similar to her comments she made in 19 CSR 30-84.030(6)(C).

RESPONSE AND EXPLANATION OF CHANGE: Despite a previous requirement that certifying agencies' responsibility is to approve "classroom space" the department will remove only this requirement in proposed paragraph (11)(A)6. Additionally, the remaining requirements regarding class schedules and providing test booklets and test sheets have not changed and were just moved from deleted section (14).

COMMENT #21: Keith Sappington commented the language in paragraph (11)(A)6. should be removed because it places responsibility on the certifying agency and it would be impossible to achieve because the certifying agency cannot physically inspect all training locations throughout the state in a timely manner.

RESPONSE AND EXPLANATION OF CHANGE: The requirement for "classroom space" has not changed and was just moved from deleted section (14). However, the department will remove only this requirement in proposed paragraph (11)(A)6.

COMMENT #22: Keith Sappington commented the public fiscal note cost is not adequate for the additional staffing and other requirements set forth in this regulation. Mr. Sappington further commented that monitoring the status of the bi-annual training requirements and the register will far exceed this amount.

RESPONSE: After review, the department has concluded the fiscal note accurately reflects the public costs. The department will utilize existing resources and staff to implement and maintain the LIMA registry. No additional department staff will be necessary to monitor the proposed biennial training. The department went ahead and developed this fiscal note in case the existing requirement regarding sixteen (16) hours of supervised integrated formal instruction and practice sessions had not been previously clear. No changes have been made as a result of this comment.

COMMENT #23: Keith Sappington commented the private entity fiscal note assumption of twelve dollars and fifty cents (\$12.50) per hour is well below the actual cost. The cost of rural facilities to make the entire sixteen (16) plus hours be directly supervised training and instruction will necessitate more days of travel and expenses for the nurse instructor to certify students.

RESPONSE: After review, the department has concluded the fiscal

note is correct. The requirement for sixteen (16) hours of integrated formal instruction and practice sessions that are supervised by an approved instructor is not a new requirement. Facilities have been required to supervise the training and should have been doing so all along. However, the department went ahead and developed this fiscal note in case the requirement was not previously clear. No changes have been made as a result of this comment.

19 CSR 30-84.030 Level I Medication Aide Training Program

(3) The objective of the LIMA Training Program shall be to ensure that the LIMA will be able to define the role, limitations, and responsibilities of a LIMA; prepare, administer, and document administration of medications by those routes listed in section (2) of this rule; observe, report, and record unusual responses to medications; identify responsibilities associated with acquiring, storing, and securing medications; utilize appropriate medication reference materials; and identify what constitutes a medication error.

CERTIFICATION LETTER

Due to the passage of House Bill 45 in the 2011 legislative session, the requirement regarding small businesses in section 1.310, RSMo, was extended to small businesses with **fifty or less** employees.

The third paragraph of the certification letter for proposed rulemakings will need to be reworded to reflect this change in statute. The paragraph should be changed from “fewer than twenty-five full- or part-time employees” to “fewer than fifty full- or part-time employees” in two instances.

An updated example of the certification letter is available on our website at www.sos.mo.gov/adrules/forms.asp.
