11 CSR 45-30.020 Advertising

PURPOSE: This rule clarifies the amount of money licensees can use for advertising in relationship to the management, conduct or operation of bingo pursuant to 313.040(9), RSMo and the recent decision rendered by the U.S. Western District Court of Missouri which eliminated the advertising restriction in the Missouri Constitution.

(1) Advertising expenditures for all type (A), (B), and (C) licensees as defined in rule 11 CSR 45-30.065 may not exceed two percent (2%) of the total receipts available for charitable, religious or philanthropic purposes. The percentage shall be calculated based on the licensee's prior calendar year use of receipts for charitable, religious or philanthropic purposes as reported on the licensee's quarterly reports. New licensees will be allowed to estimate the funds available for advertising for the first two (2) calendar quarters of operation. After two (2) quarters, the total must be based on the actual receipts to be used for charitable, religious or philanthropic purposes.

(2) All expenditures for advertising of a licensed bingo game must be paid from the licensee's special bingo checking account. All invoices, receipts and other documentation used to account for advertisements must be maintained for three (3) years.

(3) The cost of advertising must represent the fair market value within the licensee's geographical area.

(4) The provisions of this rule apply to all type (A), (B), and (C) licensees as defined in rule 11 CSR 45-30.065.

If the winning pattern was achieved on a Braille bingo card, a photocopy of the Braille card must be signed, dated and retained for a period of (1) year.

(7) If sight-impaired players are sold Braille bingo cards for use during an occasion an equal amount of paper bingo cards shall be destroyed.

11 CSR 45-30.280 Net Receipts from Bingo and Bank Account

PURPOSE: This rule explains the proper disposition of bingo receipts.

(1) Pursuant to section 313.040.1, RSMo, the entire net receipts over and above the actual cost of conducting the game of bingo as enumerated in section 313.040.1, RSMo may be paid from the bingo checking account into the general treasury of the licensed bingo organization. All bingo funds paid into the general treasury of the licensed bingo organization shall be devoted exclusively to lawful, charitable, religious or philanthropic purposes of the licensed organization. However, no funds from any source shall be used to compensate anyone affiliated with the licensee for managing, conducting or operating the game of bingo or to provide any services or equipment for the game of bingo.

(2) The bookkeeping or accounting records of the licensed organization shall completely and accurately reflect the net amount received from operating bingo. The total expenditures for lawful, charitable, religious or philanthropic purposes, from all revenue sources, shall equal or exceed the net receipts from bingo.

(3) All receipts from each bingo occasion, less the amount awarded as cash prizes for that occasion, shall be deposited in a special bingo checking account in a financial institution located in Missouri no later than the next business day following the date of the bingo occasion. Disbursements for reasonable and necessary expenses incidental to the conduct of bingo games must be paid from the special bingo checking account on preprinted, serially numbered checks. Checks must be payable to a specific payee. At no time may checks be made payable to "cash."

(4) If an organization uses starting cash, a check must be written to a financial institution, retail establishment, or to a charitable organization to obtain the starting cash. The entire amount of the starting cash obtained by the organization must be redeposited into the bingo checking account no later than the next business day. An organization may use a debit transaction instead of a check to obtain starting cash from their bingo checking account, however, each debit transaction must be reported with other disbursements from the bingo checking account on the quarterly report, as required by 11 CSR 45-30.210.

(5) Bingo operators may not deposit receipts from any other fund-raising activities of the organization into the bingo checking account; except as needed, game operators may transfer funds from another account into the bingo checking account to cover bingo game related expenses. Any monies deposited into the bingo checking account are deemed to be bingo proceeds and can only be used to pay bingo gaming expenses or for religious, charitable, or philanthropic purposes.

(6) The commission upon request may examine any account into which bingo proceeds are deposited or transferred.

(7) Any licensee who denies the commission access to any account into which bingo proceeds are deposited or transferred may have its license immediately suspended until such access is granted.

(1) Licensed manufacturers shall submit a list of all bingo paper and bingo pull-tab products intended to be marketed, sold, or distributed in this state and the price of each to the commission no later than the last calendar day of each March, June, September, and December. New applicants for a manufacturer's license shall submit a price list with their license application.

(2) Price lists shall include the prices charged to licensed suppliers including any special offers, discounts, or rebates and any price ranges associated with special offers, discounts, or rebates. 11 CSR 45-30.575 Pull-Tab Packaging, Assembly and Distribution

PURPOSE: This rule establishes pull-tab packaging, distribution and randomization requirements to be followed by manufacturers, suppliers and operators to ensure fairness and integrity of the tabs when sold to the

players pursuant to section 313.057(10), RSMo.

(1) Manufacturers of pull tabs shall assemble, and package each pull-tab deal or series intended for sale in Missouri as follows:

(A) Each series of pull tabs shall contain a packing slip placed inside or attached to the box(es) or container(s); and

(B) The packing slip must contain the name of the manufacturer, serial number, person(s) who packed it and the date the deal or series was packaged.

(2) Winning pull tabs must be randomly distributed and mixed among all other pull tabs within a deal and or series so as to eliminate any pattern as between series, or portions of series, from which the location or approximate location of any of the winning tabs may be determined. The pull-tab deal or series must be assembled so that no placement of winners or losers exists that allows the possibility of prize manipulation or "pick out."

(3) Manufacturers must mix pull tabs prior to placing them in their final packaging container(s). The mix shall insure that pull-tabs are separated from the original collated row position and dispersed amongst all rows in the final packaging container.

(4) Pull-tab containers must be sealed by the manufacturer with a sticker or seal of the manufacturer and shrink wrapped. This seal and shrink wrap can only be removed by an authorized member of the bingo organization whose name shall appear on the organization's worker list on file with the Missouri Gaming Commission. At no time can this seal or shrink wrap be removed by a supplier. Suppliers are prohibited from repackaging or bundling, etc., the pull tabs.

(5) Any pull-tab protection shall be shipped in one single box, for all pull-tab deals containing more than one (1) box or unit container.

(6) The commission shall have the authority to select any pull-tab deal or series, whether held by an operator, supplier, or manufacturer and to examine the quality and/or integrity of the pull-tab series in any manner including pulling all chances. Manufacturers shall be responsible for reimbursing suppliers or operators for unused games selected by the commission for quality control testing purposes.

(7) Pull-tabs shall be manufactured so that it is impossible to determine by any method or device the covered or concealed numbers, symbol, set of symbols, or game protection on the pull-tab until it has been dispensed to and opened by the player.

(8) All pull-tabs will be manufactured to ensure that, when offered for sale to the public, the pull-tab is free of security defects so that the winning or losing pull-tabs cannot be determined by any method or device prior to being opened by the player.

(9) There shall be no consideration awarded for purchasing the last pull tab in a pull-tab deal. The prohibition against such practice, commonly referred to as a "last sale feature" shall include but not be limited to, pull-tab games that utilize coin boards and merchandise boards.

This notice shall include the identity of the candidate, the nature and scope of the circumstances or reasons that the person should be placed on the ineligible persons list, names of potential witnesses and a recommendation as to whether the determination of ineligibility shall be permanent. The notice shall also inform the person of the availability of a hearing by the commission. A request for a hearing must be made within thirty (30) days from the date the Notice of Ineligibility was filed. If no hearing is requested, the name shall be placed on the list and such listing will be considered a final order of the commission. If a hearing is requested, it shall

follow the procedures as set out in 11 CSR 45-13 et seq.

(2) When a person is determined to be ineligible, that person is not eligible for any license under the provisions of sections 313.005 to 313.080, RSMo, and shall not participate in the management, conduct or operation of any bingo game or be employed or work in any capacity for any entity required to be licensed pursuant to section 313.057, RSMo.

(3) If the commission or a subsequent judicial review finds in favor of the candidate or ineligible person, then his/her name shall be removed from the ineligible persons list and his/her ineligibility shall be terminated as of the date of the action by the commission or court.

PURPOSE: This rule requires licensed organizations to exclude persons on the list from engaging in the management, conduct or operation of any bingo game. It also creates a duty on the part of the licensee to report persons they believe meet the criteria for placement on the list.

(1) No person who has been placed on the list of ineligible persons shall be permitted to participate in the management, conduct or operation of any bingo game. It shall be the duty of any licensee to exclude persons on the list from engaging in any of the above activities when the licensee or any employee/member of the licensee knows or reasonably should know of the presence of the ineligible person. In addition, no licensee shall employ or associate with a person on the list. It shall further be the duty of the holder of a license to inform the commission in writing of the names of persons the holder reasonably believes meet the criteria for placement on the list.

PURPOSE: This rule establishes procedures to petition for removal from the list.

(1) Any person who has been placed on the list of ineligible persons may petition the executive director of the commission in writing and request that his/her name be removed from the list after a period of two (2) years has elapsed from the initial placement.

(2) The executive director at his/her discretion may remove the person's name from the list if sufficient evidence exists to show that such person is no longer a threat to the public interest or to the effective regulation and control of bingo or the carrying on of the business and financial arrangements incident-

tal to the conduct of bingo. To assist in this determination, the executive director may order that an evidentiary hearing be held to determine if sufficient evidence exists to warrant a name's removal from the list.

11 CSR 45-30.600 Electronic Bingo Card Monitoring Devices

PURPOSE: This rule defines Electronic Bingo Card Monitoring Devices (EBCMD) and the requirements licensees must follow when using EBCMDs in this state.

(1) "Electronic Bingo Card Monitoring Device" "EBCMD" means an electronic device, approved by the commission, that is used by a bingo player to monitor bingo cards purchased at the time and place of a licensed organization's bingo occasion, and which—

(A) Provides a means for bingo players to input numbers announced by a bingo caller; and

(B) Compares the numbers entered by the player to the numbers contained on cards previously stored in the electronic memory of the device; and

(C) Identifies the winning pattern. EBCMD shall not mean or include any device into which coin, currency, or tokens are inserted to activate play.

(2) "Electronic bingo card" means an electronic representative of a bingo card as defined in section 313.005(2), RSMo.

(3) "EBCMD bingo sheet" means a disposable piece of paper containing one or more bingo cards which is a physical representation of the electronic bingo cards loaded into an EBCMD. All EBCMD bingo sheets printed from the EBCMD site system must be in a form approved by the commission.

(4) "Site system," means the computer hardware, software, and peripheral equipment, approved by the commission, that is used by a licensed organization at the site of its bingo occasion which provides bingo card monitoring devices to players, and which receipts the sale or rental of such cards and devices and

generates reports relative to such sales or rentals.

(5) EBCMDs must be acquired by licensed suppliers from a licensed manufacturer and may only be rented or leased by licensed suppliers to licensed bingo operators. Bingo operators using the EBCMD site system must procure and maintain a dedicated phone line at the bingo hall for the commission and the licensed supplier and/or licensed manufacturer to remotely connect to the system.

(6) All aspects of an EBCMD unit and site system, including all hardware and software used therein, shall be subject to testing by the commission or an independent testing laboratory designated by the commission prior to the sale, installation, or use of the EBCMD network by a licensed bingo organization or in a licensed bingo facility and prior to any changes thereto following the initial installation, or at any other time the commission deems appropriate, the cost for which in all cases shall be borne by the licensed manufacturer. In addition, all aspects must be reviewed and approved by the commission and the licensed manufacturer will be required to provide the following before installation in a licensed bingo facility:

(A) A demonstration of the equipment and software to commission staff as deemed necessary by the commission;

(B) A computer system to be housed at the commission which will allow the commission uninterrupted access to remotely connect to the licensed bingo facilities using the licensed manufacturer's system to verify sales information and to verify that the approved version of software is being utilized;

(C) Training for the system, as deemed necessary by the commission; and

(D) Additional information as deemed necessary by the commission. Any changes or upgrades to the approved system or system hardware or software must meet the same review and approval standards as original equipment and the changes or upgrades must also be made to the system housed at the commission.

(7) No EBCMD shall be able to monitor more than fifty-four (54) bingo cards per game.

(A) An EBCMD shall be downloaded with electronic bingo cards only by an approved bingo worker or authorized representative of the licensed supplier if accompanied by an approved member of the licensed organization. In the event the EBCMD is the type

used to monitor disposable paper bingo cards, an approved bingo worker or authorized representative of the licensed supplier accompanied by an approved member of the licensed organization must enter the bingo card face number(s) into the device. The entering of bingo card face number(s) into a device shall be done only on the premises of the licensed organization and during the bingo occasion.

(B) All downloading into the EBCMD, either from electronic bingo cards or disposable paper bingo cards, must be completed prior to the drawing of the first ball for that bingo game. If an EBCMD must be voided and reissued after the start of the game, the EBCMD must be reloaded with the same bingo face numbers or replaced with an EBCMD which was downloaded prior to the drawing of the first ball for that game.

(C) Organizations using EBCMD which require a site system to download electronic bingo cards to EBCMD must ensure that any disposable paper bingo cards used at the bingo occasion are of a different series than the electronic bingo cards, in order to avoid duplication of faces in play.

(D) Organizations using EBCMDs which are used in conjunction with disposable paper bingo cards must ensure that the disposable cards used with the EBCMD are of a unique color, either by screen face or by border, and not sold by the organization for use other than with an EBCMD.

(8) Each EBCMD shall be programmed to automatically erase all electronic bingo cards and/or bingo card face numbers stored in the device a) upon turning off the device after the last bingo game of the occasion has been played, and b) by some secondary timing method.

(9) No EBCMD may be designed to allow bingo players the ability to design their own bingo cards by choosing, rearranging, or placing numbers on a card.

(10) A site system shall not be able to engage in any type of sale, void, or reload transaction unless the EBCMD is connected to and communicating with the site system.

(11) A site system shall not be able to load more than fifty-four (54) electronic bingo cards per bingo game into any one EBCMD. The site system must be interfaced with a printer which produces a continuous hard copy transaction log, including all sale, void

and reload transactions and a printout showing the device identification number, and all of the bingo cards and their face numbers loaded into the device. A receipting function for electronic bingo cards must be self-contained within the site system and must record and print out on a copy which is given to the player, the device identification number or ticket number identifying the device, the date, number of electronic bingo cards purchased or loaded, and the total amount charged for the electronic bingo cards.

(12) A site system shall be able to provide the winning game patterns required for the entire bingo occasion on a hard copy printout. The printout must be available upon demand at the bingo occasion. The game operator shall provide an EBCMD bingo sheet from the site system of all electronic bingo cards sold to each player at the time of purchase.

(13) If the commission detects or discovers any malfunction or problem with an EBCMD or site system that could affect the security or integrity of the bingo game or if the commission is unable to remotely connect to a licensed bingo facility, the commission may direct the supplier or licensed organization to cease providing or using the EBCMD or site system, as applicable. The commission may require the supplier to correct the problem or recall the devices or system immediately upon notification by the commission to the supplier.

(A) If a supplier or licensed organization detects or discovers any malfunction or problem with the EBCMD or site system which could affect the security or integrity of the bingo game, EBCMD, or site system, the supplier or licensed organization, as applicable, shall discontinue use of the devices or site system and notify the commission the next working day.

(B) Failure to discontinue use of the EBCMD or site system in such instances will result in disciplinary action by the commission.

(14) The licensed supplier shall serve as the initial contact for the licensed organization with respect to requests for installation, service, maintenance, or repair of EBCMD and site systems.

(A) A licensed supplier may, with commission approval, authorize or subcontract with a person or company to service, maintain, or repair EBCMD and/or site systems; however, the ultimate liability for such service, main-

tenance, or repair shall be solely that of the licensed supplier.

(15) The licensed supplier shall invoice the licensed organization the next business day following usage and collect any and all payments for the rental or lease of the EBCMD used by the licensed organization, and the sale, rental or lease of the site systems to the licensed organization. The supplier shall also invoice the licensed organization the next business day following usage and collect any and all payments for the sale of electronic bingo cards, including the applicable taxes as described in accordance with section 313.055, RSMo.

(16) EBCMDs may be transported by a licensed supplier from one location to another for use by more than one licensed organization provided the supplier notifies the commission of the rotation schedule of the EBCMD. However, each licensed organization utilizing a site system must have its own site system, which cannot be moved from its bingo location or be used by another organization without prior approval from the commission. A licensed organization may obtain computer terminals and/or printers to be used in conjunction with site system software obtained from a licensed supplier, from any source.

(17) The use of a player-owned EBCMD at a bingo occasion is prohibited.

(18) EBCMDs shall be rented or leased to bingo players only by the licensed organization conducting the bingo occasion, and only at the time and place of the bingo occasion. A bingo player using an EBCMD must be physically present on the premises, during the time of the bingo occasion, in order to be eligible to play bingo or win any bingo prize.

(19) Regardless of the number of EBCMDs made available for play, at least one device shall be reserved by the licensed organization as a back-up device, in the event a device in play malfunctions.

(20) EBCMDs shall be made available to players on a first-come, first-serve basis. No EBCMD may be reserved for any player, except that a device may be reserved for any player with a disability that would restrict his or her ability to mark cards and such disability is consistent with definitions set forth in the Americans with Disabilities Act.

(21) No bingo player shall be allowed to utilize more than one EBCMD at any time during a bingo occasion.

(22) A bingo player may, in addition to the maximum fifty-four (54) bingo cards per game which he or she purchases to monitor with an EBCMD, purchase additional disposable paper bingo cards to play.

(23) A licensed organization may, at its discretion, charge a separate fee to players for the use of an EBCMD; however, if an organization charges a separate fee for the use of an EBCMD—

(A) The fee charged must be a flat fee, regardless of the number of bingo cards purchased or any other factor; and

(B) The fee charged must be separately stated.

(24) All bingo cards used in conjunction with EBCMDs must conform to the restrictions in sections 313.005(2) and 313.040(17), RSMo. Organizations utilizing EBCMDs must ensure that all bingo cards including electronic facsimiles used in conjunction with EBCMDs are disposable and are adequately marked to prevent reuse. Bingo cards of a series dedicated to or uniquely compatible with EBCMDs are permitted.

(25) Numbers appearing on a bingo card, identified by an EBCMD to be a winning bingo card, must be verified in the presence of the majority of the players or entry into an electronic card verifier.

(26) Game operators must require that all disposable bingo paper used in conjunction with the game is turned in by each player to the game operator and destroyed, unless instructed otherwise by the commission. Game operators who fail to comply with this requirement are subject to discipline pursuant to section 313.052, RSMo.

(27) The site system must be capable of providing accounting and revenue reports on a daily basis. Additionally, the system must be capable of providing weekly and monthly summaries of the daily reports. The daily report must include, at a minimum, the following:

(A) Gross sales of all bingo cards sold and loaded into an EBCMD, gross sales voided and/or canceled and net sales of all bingo cards sold;

(B) Gross number of all bingo cards sold and loaded into an EBCMD, total number of bingo cards voided and/or canceled and net number of bingo cards sold;

(C) Adequate documentation must be maintained to explain any voids or cancellations; and

(D) The number of units sold, the number of bingo cards per game and the number of games played.

(28) The supplier is responsible for the collection and payment of all the taxes for electronic bingo cards sold and loaded into an EBCMD in accordance with section 313.055, RSMo and any rules and regulations promulgated thereunder. The tax computation will be based upon the information provided in the daily reports generated by the EBCMD site system. Copies of the reports used to compute the tax amount must be attached to the supplier's original sales invoices.

(29) The manufacturer, supplier or game operator may be required to maintain and submit additional information at the request of the commission.

11 CSR 45-30.610 Wireless Technology

PURPOSE: This rule sets forth the requirements for using wireless electronic products in the conduct of bingo games.

(1) Wireless products used in conjunction with any bingo equipment as defined in section 313.005(3), RSMo and 11 CSR 45-30.155 must meet minimum standards as defined by the commission.

(2) The system manufacturer shall employ a security process that complies with Federal Information Protection Standard 1.40 (FIPS 140), et seq.

(3) The operating system used shall be validated to provide adequate security, including domain separation and non-bypassability in

accordance with security requirements recommended by the National Institute of Standards and Technology.

(4) The system shall use approved cryptographic algorithms for encryption/decryption, authentication, and signature generation/verification; approved key generation techniques and FIPS 140-1 validated cryptographic modules.

(5) All data packets shall be encrypted before transmission, regardless of which protocol is used.

(6) The system shall employ an Extensible Authentication Protocol (EAP) utilizing Transport Layer Security (TLS) that is Internet Engineering Task Force (IETF)-standardized and a Public Key Infrastructure (PKI) security certificate-based authentication process, whereby mutual authentication between the supplicant and the authentication server occurs before any wireless communication takes place.

(7) The system shall use a dual-homed intermediary server to isolate the wireless network from the wired network, each having its own firewall. Networks and components must be designed/configured with IP forwarding and broadcast mode disabled.

(8) The system shall employ a stand-alone firewall for port blocking. The firewall must be configured in a manner that precludes any wireless product from gaining access to the network without first being scrutinized and passing the rules contained in the firewall.

(9) All aspects of a wireless network, including all hardware and software used therein, shall be subject to testing by the commission or an approved independent testing laboratory designated by the commission, and review and approval by the commission prior to the sale, installation, or use of the network by a licensed organization or in a licensed bingo facility and following installation, prior to any changes thereto, or at any other time the commission deems appropriate, the cost for which in all cases shall be borne by the licensed manufacturer.

(10) The licensed manufacturer shall ensure the commission is provided at least five (5) days advanced written notice of any proposed changes or upgrades to an existing wireless network by an authorized representative of the licensed manufacturer, which shall include, without limitation:

(A) A description of the reason(s) for the proposed modification;

(B) A list of the component(s) and program(s) or version(s) to be modified or replaced;

(C) A description of any operating process(es) that will be affected;

(D) The method to be used to complete the proposed modification;

(E) The date the proposed modification will be installed and the estimated time for completion;

(F) The name, title, and employer of the person(s) to perform the installation; and

(G) A diagrammatic representation of the proposed hardware design change.

(11) No device may be connected to or disconnected from a wireless network without the written approval of the commission.

(12) The commission may waive requirements contained in this section for one-way wireless communications when a lesser level of security is required.
