(1) The commissioner, pursuant to the provisions of section 409.2-203 of the Missouri Securities Act of 2003 (the Act), exempts any offer or sale of a security by an issuer in a transaction that meets the requirements of this rule from the requirements of section 409.3-301 and 409.5-504 of the Act. Sales of securities shall be made only to persons who are or the issuer reasonably believes are accredited investors. "Accredited investor" is defined in 17 CFR 230.501(a).

(2) The exemption is not available to an issuer that is in the development stage that either has no specific business plan or purpose or has indicated that its business plan is to engage in a merger or acquisition with an unidentified company or companies, or other entity or person.

(3) The issuer reasonably believes that all purchasers are purchasing for investment and not with the view to or for sale in connection with a distribution of the security. Any resale of a security sale in reliance on this exemption within twelve (12) months of sale shall be presumed to be with a view to distribution and not for investment, except a resale pursuant to a registration statement effective under section 409.3-301 of the Act or to an accredited investor pursuant to an exemption available under section 409.2-203 of the Act.

(4) The exemption is not available to an issuer if the issuer, any of the issuer's predecessors, any affiliated issuer, any of the issuer's directors, officers, general partners, beneficial owners of ten percent (10%) or more of any class of its equity securities, any of the issuer's promoters presently connected with the issuer in any capacity, any underwriter of the securities to be offered, or any partner, director or officer of such underwriter:

(A) Within the last five (5) years, has filed a registration statement which is the subject of a currently effective registration stop order entered by any state securities administrator or the United States Securities and Exchange Commission;

(B) Within the last five (5) years, has been convicted of any criminal offense in connection with the offer, purchase or sale of any security, or involving fraud or deceit;

(C) Is currently subject to any state or federal administrative enforcement order or judgment, entered within the last five (5) years, finding fraud or deceit in connection with the purchase or sale of any security; or

(D) Is currently subject to any order, judgment or decree of any court of competent

jurisdiction, entered within the last five (5) years, temporarily, preliminarily or permanently restraining or enjoining such party from engaging in or continuing to engage in any conduct or practice involving fraud or deceit in connection with the purchase or sale of any security.

(5) Section (4) shall not apply if:

(A) The party subject to the disqualification is licensed or registered to conduct securities related business in the state in which the order, judgment or decree creating the disqualification was entered against such party;

(B) Before the first offer under this exemption, the state securities administrator, or the court or regulatory authority that entered the order, judgment, or decree, waives the disqualification; or

(C) The issuer establishes that it did not know and in the exercise of reasonable care, based on a factual inquiry, could not have known that a disqualification existed under this section.

(6) A general announcement of the proposed offering may be made by any means.

(7) The general announcement shall include only the following information, unless additional information is specifically permitted by the commissioner:

(A) The name, address and telephone number of the issuer of the securities;

(B) The name, a brief description and price (if known) of any security to be issued;

(C) A brief description of the business of the issuer in twenty-five (25) words or less;

(D) The type, number and aggregate amount of securities being offered;

(E) The name, address and telephone number of the person to contact for additional information; and

(F) A statement that:

1. Sales will only be made to accredited investors;

2. No money or other consideration is being solicited or will be accepted by way of this general announcement; and

3. The securities have not been registered with or approved by any state securities agency or the U.S. Securities and Exchange Commission and are being offered and sold pursuant to an exemption from registration.

(8) The issuer, in connection with an offer, may provide information in addition to the general announcement under section (7), if such information:

(A) Is delivered through an electronic database that is restricted to persons who

have been prequalified as accredited investors; or

(B) Is delivered after the issuer reasonably believes that the prospective purchaser is an accredited investor.

(9) No telephone solicitation shall be permitted unless prior to placing the call, the issuer reasonably believes that the prospective purchaser to be solicited is an accredited investor.

(10) Dissemination of the general announcement of the proposed offering to persons who are not accredited investors shall not disqualify the issuer from claiming the exemption under this rule.

(11) The issuer shall file with the securities division a Form AI, a consent to service of process, a copy of the general announcement, and a notice filing fee in compliance with rule 15 CSR 30-50.030 within fifteen (15) days after the first sale in this state.

PURPOSE: This rule prescribes the circumstances under which transactions in securities listed on the National Association of Securities Dealers, Inc., Automated Quotation System are exempt from the requirements of sections 409.3-301 and 409.5-504 of the Missouri Securities Act of 2003.

(1) The commissioner, pursuant to the provisions of section 409.2-203 of the Missouri Securities Act of 2003 (the Act), exempts the following transactions from the requirements of sections 409.3-301 and 409.5-504 of the Act:

(A) The offer or sale of a security designated or approved for designation upon notice of issuance (including initial public offerings) on the National Market of the National Association of Securities Dealers, Inc., Automated Quotation System (NASDAQ) and any other security of the same issuer that is of senior or substantially equal rank, any security called for by subscription rights or warrants or any warrant or right to purchase or subscribe to any of the foregoing securities;

(B) The administrator shall have the authority, after notice and hearing and upon written Findings of Fact and Conclusions of Law subject to judicial review:

1. To terminate this exemption if the administrator finds that the designation standards have been so changed or insufficiently applied that the protection of investors contemplated by the original designation standards is no longer afforded;

2. To deny the exemption from registration of, or revoke, a specific issue of securities; and

3. To deny the exemption by rulemaking to a category of securities when necessitated by the public interest and for the protection of investors; and

(C) For purposes of the exemption granted in this section of the Act, the commissioner shall apply the following standards for designation of additional quotation systems:

1. The association providing the automated quotation system (association) shall require at least the following standards to be met for designation of securities of an issuer on the quotation system:

	Alt. No. 1	Alt. No. 2
Net Tangible Assets 1/	\$4,000,000	\$12,000,000
Public Float	\$ 500,000	\$ 1,000,000
Pretax Income	\$ 750,000	_____
Net Income	\$ 400,000	_____
Shareholders 2/	800/400	800/400
Market Value of Float	\$3,000,000	\$15,000,000
Minimum Bid	\$ 5/Share	_____
Operating History	_____	3 Years

The rules of each association shall require at least two (2) authorized market makers for each issuer;

2. The association shall require at least the following minimum corporate governance standards for its domestic issuers:

A. Distribution of annual and interim reports.

(I) Each issuer shall distribute to shareholders copies of an annual report containing audited financial statements of the company and its subsidiaries. The report shall be distributed to shareholders a reasonable period of time prior to the company's annual meeting of shareholders and shall be filed with the association at the time it is distributed to shareholders.

(II) Each issuer which is subject to U.S. Securities and Exchange Commission (SEC) Rule 13A-13 shall make available to shareholders copies of quarterly reports, including statements of operating results, either prior to or as soon as practicable following the company's filing its Form 10-Q with the SEC. If the form of the quarterly report differs from the Form 10-Q, both the quarterly report and the Form 10-Q shall be filed with the association. The statement of operations contained in quarterly reports shall disclose, at a minimum, any substantial items of an unusual or nonrecurrent nature and net income and the amount of estimated federal taxes.

(III) Each issuer which is not subject to SEC Rule 13A-13 and which is required to file with the SEC or another federal or state regulatory authority interim reports relating primarily to operations and financial position, shall make available to shareholders reports which reflect the information contained in those interim reports. These reports shall be made available to shareholders either before or as soon as practicable following filing with the appropriate regulatory authority. If the form of the interim report made available to shareholders differs from that filed with the regulatory authority, both the report to shareholders and the report to the regulatory authority shall be filed with the association;

B. Independent directors. Each issuer shall maintain a minimum of two (2) independent directors on its board of directors. For purposes of subsection (1)(C), independent director shall mean a person other than an officer or employee of the company or its subsidiaries or any other individual having a relationship which, in the opinion of the board of directors, would interfere with the exercise of independent judgment in carrying out the responsibilities of a director;

C. Audit committee. Each issuer shall establish and maintain an audit committee, a majority of the members of which shall be independent directors;

D. Shareholder meetings. Each issuer shall hold an annual meeting of shareholders and shall provide notice of the meeting to the association;

E. Quorum. Each issuer shall provide for a quorum as specified in its bylaws for any meeting of the holders of common stock; provided, however, that in no case shall the quorum be less than thirty-three and one-third percent (33 1/3%) of the outstanding shares of the company's common voting stock;

F. Solicitation of proxies. Each issuer shall solicit proxies and provide proxy statements for all meetings of shareholders and shall provide copies of the proxy solicitation to the association;

G. Conflicts of interest. Each issuer shall conduct an appropriate review of all related party transactions on an ongoing basis and shall use the company's audit committee or a comparable body for the review of potential conflict of interest situations where appropriate; and

H. Shareholder approval policy. Each issuer shall require shareholder approval of the issuance of securities in connection with the following:

(I) Options, plans or other special remuneration plans for directors, officers or key employees;

(II) Actions resulting in a change in control of the issuer; and

(III) The acquisition, direct or indirect, of a business, a company, tangible or intangible assets or property or securities representing any such interests—

(a) From a director, officer or substantial security holder of the company (including its subsidiaries and affiliates) or from any company or party in which one of these persons has a direct or indirect interest; and

(b) Where the present or potential issuance of common stock or securities convertible into common stock could result in an increase in outstanding common shares of twenty-five percent (25%) or more;

3. Voting rights.

A. The rules of each association shall provide as follows: No rule, stated policy, practice or interpretation of this association shall permit the designation on the NASDAQ System's National Market (authorization), or the continuance of authorization, of any common stock or other equity security of a domestic issuer if, on or after July 7, 1988, the issuer of the security issues any class of security or takes other corporate action with the effect of nullifying, restricting or disparately reducing the per share voting rights of holders of an outstanding class(es) of common stock of the issuer registered pursuant to Section 12 of the Securities Exchange Act of 1934.

B. For purposes of subparagraph (1)(C)3.A., the following shall be presumed to have the effect of nullifying, restricting or disparately reducing the per share voting rights of an outstanding class(es) of common stock:

(I) Corporate action to impose any restriction on the voting power of shares of the common stock of the issuer held by a ben-

eficial owner or record holder based on the number of shares held by the beneficial or record holder;

(II) Corporate action to impose any restriction on the voting power of shares of the common stock of the issuers held by a beneficial or record holder based on the length of time the shares have been held by that beneficial or record holder;

(III) Any issuance of securities through an exchange offer by the issuer for shares of an outstanding class of common stock of the issuer, in which the securities issued having voting rights greater than or less than the per share voting rights of any outstanding class of the common stock of the issuer; and

(IV) Any issuance of securities pursuant to a stock dividend, or any other type of distribution of stock, in which the securities issued have voting rights greater than the per share voting rights of any outstanding class of the common stock of the issuer.

C. For purposes of subparagraph (1)(C)3.A., the following, standing alone, shall be presumed not to have the effect of nullifying, restricting or disparately reducing the per share voting rights of holders of an outstanding class(es) of common stock:

(I) The issuance of securities pursuant to an initial registered public offering;

(II) The issuance of any class of securities, through a registered public offering, with voting rights not greater than the per share voting rights of any outstanding class of the common stock of the issuer;

(III) The issuance of any class of securities to effect a *bona fide* merger or acquisition, with voting rights not greater than the per share voting rights of any outstanding class of the common stock of the issuer; and

(IV) Corporate action taken pursuant to state law requiring a state's domestic corporation to condition the voting rights of a beneficial or record holder of a specified threshold percentage of the corporation's voting stock on the approval of the corporation's independent shareholders.

D. Definitions. The following terms shall mean, for purposes of this subsection, and the rules of each association shall include these definitions for the purposes of the prohibition in subparagraph (1)(C)3.A. of this rule:

(I) The term common stock shall include any security of an issuer designated as common stock and any security of an issuer, however designated which, by statute or by its terms, is common stock (for example, a security which entitles the holders of

the security to vote generally on matters submitted to the issuer's security holders for a vote);

(II) The term domestic issuer shall mean an issuer that is not a foreign private issuer as defined in Rule 3b-4 under the Securities Exchange Act of 1934 (17 CFR 240.3b-4);

(III) The term equity security shall include any equity security defined as such pursuant to Rule 3a11-1 under the Securities Exchange Act of 1934 (17 CFR 240.3a11-1); and

(IV) The term security shall include any security defined as such pursuant to Section 3(a)(10) of the Securities Exchange Act of 1934, but shall exclude any class of security having a preference or priority over the issuer's common stock as to dividends, interest payments, redemption or payments in liquidation, if the voting rights of the securities only become effective as a result of specified events, not relating to an acquisition of the common stock or the issuer, which reasonably can be expected to jeopardize the issuer's financial ability to meet its payment obligations to the holders of that class of securities;

4. Maintenance criteria. After designation or authorization for quotation on a quotation system, a security must meet the following criteria to continue to be designated or authorized for quotation on the quotation system:

A. The issuer of the security has net tangible assets of at least—

(I) Two (2) million dollars if the issuer has sustained losses from continuing operations or net losses, or both, in two (2) of its three (3) most recent fiscal years; or

C. There are at least four hundred (400) shareholders or at least three hundred (300) shareholders of round lots; and

D. The aggregate market value of publicly held shares is at least one (1) million dollars;

5. The associations promptly shall notify the commissioner of the revocation of designation of an issue of securities by their marketplace; and

6. The marketplace receiving an exemption will use its best efforts to make available on a timely basis information from existing data bases regarding offerings of securities subject to the exemption.
