Chapter 8—Continuing Education**

20 CSR 2245-8.010 Requirements

PURPOSE: This rule implements the continuing education mandates.

(1) Each licensee who holds a certificate or license shall complete, during the two (2)-year license period prior to renewal, as a condition precedent to certification or license renewal, the required number of hours of real estate appraisal instruction approved for continuing education credit by the Missouri Real Estate Appraisers Commission as specified in section (2) of this rule. Licensees shall maintain their evidence of course participation or course completion certificates for the period set for appraisal file retention. Such evidence must be submitted upon request by the commission.

(2) Licensees whose renewal period began prior to January 1, 1998 are required to complete ten (10) hours of continuing education per year as approved by the commission. Licensees whose renewal period began subsequent to January 1, 1998 are required to complete fourteen (14) hours of continuing education per year as approved by the commission. The commission may require specific courses of continuing education. A licensee shall provide verification of completion of continuing education by affidavit at the time of renewal. The affidavit must contain a truthful statement of approved courses by the commission of continuing education taken by the licensee.

(3) Individual licensees may receive continuing education credit for courses taken in Missouri or another state which have not been submitted previously by the course provider for approval; provided course content, instructor qualifications and course administration are acceptable to the commission. Applications for nonpreapproved course credit must be received by the commission on or before December 31 in the year preceding license expiration and must be on a form prescribed by the commission.

(4) The commission may waive all or part of the continuing education requirements upon a showing by the licensee that due to serious physical injury or illness, active duty in the armed services for an extended period of

time, residence outside the United States or other good cause it was and is not feasible for the licensee to satisfy the requirements prior to the renewal date.

(5) The following offerings will not be considered by the commission to meet Missouri continuing education requirements even though the offerings may be approved by states with which Missouri enters into continuing education reciprocity:

(A) Training or education not directly related to real estate appraisal or real estate appraisal practice;

(B) Training or education in office and business skills, such as typing, speedreading, memory improvement, report writing, personal motivation, salesmanship, sales psychology and time management;

(C) Sales promotions or other meetings held in conjunction with general real estate brokerage activity;

(D) Meetings which are a normal part of in-house training;

(E) That portion of any offering devoted to meals or refreshments;

(F) Sales or brokerage prelicensure education; and

(G) Any course or program that is less than two (2) hours in duration.

(6) Hours obtained in excess of the requirement for continuing education shall not be carried forward to satisfy the requirements for any subsequent renewal period.

(7) A licensee must be physically present in the classroom during at least ninety percent (90%) of the actual classroom instruction.

(8) Credit will be given to a licensee for attending a specific or substantially similar course offering only once during a certificate or license renewal period with the exception of Uniform Standards of Professional Appraisal Practices (USPAP) as will be determined by the commission.

(9) Time spent as an instructor may be counted as classroom attendance for an approved instructor who is also a licensee. This credit may be gained by an instructor only once for each course or substantially similar course offered during any renewal period. Continuing education credit may also be granted for participation, other than as a student, in appraisal educational processes and programs. Examples of activities for which credit may be granted are teaching, program development, authorship of textbooks or similar activities which are determined to be equivalent to obtaining continuing education.

(10) Passing an examination shall not be required for credit under this chapter even when an examination is required by the provider of the course. Time devoted to examinations, other than brief periods for review and self-graded quizzes, may not be credited toward the required minimum hours of continuing education.

(11) No part of any course for continuing education shall be used to solicit memberships in organizations, recruit licensees for affiliation with any organization or advertise the merits of any organization.
