Title 22—MISSOURI CONSOLIDATED HEALTH CARE PLAN

Division 10—Health Care Plan

Chapter 3—Public Entity Membership

22 CSR 10-3.010 Definitions

PURPOSE: This rule establishes the policy of the board of trustees in regard to the definitions of the Missouri Consolidated Health Care Plan relative to public entities and public entity members.

- (1) Accident. An unforeseen and unavoidable event resulting in an injury.
- (2) Active employee. A benefit-eligible person employed by a public entity who meets the plan eligibility requirements.
- (3) Activities of daily living. Bathing, dressing, toileting, and associated personal hygiene; transferring (being moved in and out of a bed, chair, wheelchair, tub, or shower); mobility, eating (getting nourishment into the body by any means other than intravenous), and continence (voluntarily maintaining control of bowel and/or bladder function; in the event of incontinence, maintaining a reasonable level of personal hygiene).
- (4) Administrative appeal. A written request submitted by or on behalf of a member involving plan-related administrative issues such as eligibility, effective dates of coverage, and plan changes.
- (5) Adverse benefit determination. An adverse benefit determination means any of the following:
 (A) A denial, reduction, or termination of, or a failure to provide or make payment (in whole or in part) for a benefit based on a determination of an individual's eligibility to participate in the plan;
 (B) A denial, reduction, or termination of, or a failure to provide or make payment (in whole or in part) for a benefit resulting from the application of any utilization review, or failure to cover an item or service for which benefits are otherwise provided because it is determined to be experimental, investigational, or not medically necessary or appropriate; or
 (C) Rescission of coverage after an individual has been covered under the plan.
- (6) Allowed amount. Maximum amount on which payment is based for covered health care services. This may be called eligible expense, payment allowance, or negotiated rate. If the provider charges more than the allowed amount, the member may be balance-billed (see balance billing, section (8)).
- (7) Applied behavior analysis. The design, implementation, and evaluation of environmental modifications, using behavior stimuli and consequences, to produce socially-significant improvement in human behavior, including the use of observation, measurement, and functional analysis of the relationship between environment and behavior.
- (8) Balance billing. When a provider bills for the difference between the provider's charge and the allowed amount. For example, if the provider's charge is one hundred dollars (\$100) and the allowed amount is seventy dollars (\$70), the provider may bill the member for the remaining thirty dollars (\$30). A network provider may not balance bill.
- (9) Benefits. Health care services covered by the plan.
- (10) Board. The board of trustees of the Missouri Consolidated Health Care Plan (MCHCP).
- (11) Cancellation of coverage. The ending of medical, dental, or vision coverage per a subscriber's voluntary request.
- (12) Claims administrator. An organization or group responsible for processing claims and associated services for a health plan.
- (13) Coinsurance. The member's share of the costs of a covered health care service, calculated as a percent (for example, twenty percent (20%)) of the allowed amount for the service. The member pays coinsurance plus any deductibles owed. For example, if the health insurance or plan's allowed amount for an office visit is one hundred dollars (\$100) and the member has met his/her deductible, the member's coinsurance payment of twenty percent (20%) would be twenty dollars (\$20). The health insurance or plan pays the rest of the allowed amount.
- (14) Congenital defect. Existing or dating from birth. Acquired through development while in the uterus.
- (15) Copayment. A fixed amount, for example, fifteen dollars (\$15), the member pays for a covered health care service, usually when the member receives the service. The amount can vary by the type of covered health care service.
- (16) Date of service. Date medical services are received.
- (17) Deductible. The amount the member owes for health care services that the health plan covers before the member's health plan begins to pay. For example, if the deductible is one thousand dollars (\$1,000), the member's plan will not pay anything until s/he meets his/her one thousand dollar (\$1,000) deductible for covered health care services subject to the deductible. The deductible may not apply to all services.
- (18) Disease management. A program offered to members, who do not have primary Medicare coverage, to help manage certain chronic diseases.
- (19) Doctor/physician. A licensed practitioner of the healing arts, as approved by the plan administrator, including:
 (A) Doctor of medicine;
 (B) Doctor of osteopathy;
 (C) Podiatrist;
 (D) Optometrist;
 (E) Chiropractor;
 (F) Psychologist;
 (G) Doctor of dental medicine, including dental surgery;
 (H) Doctor of dentistry; or
 (I) Qualified practitioner of spiritual healing whose organization is generally recognized for health insurance reimbursement purposes and whose principles and practices of spiritual healing are well established and recognized.
- (20) Effective date. The date on which coverage takes effect.
- (21) Eligibility date. The first day a member is qualified to enroll for coverage.
- (22) Eligibility period. The time allowed to enroll in accordance with the rules in this chapter.
- (23) Emergency medical condition. The sudden and, at the time, unexpected onset of a health condition that manifests itself by symptoms of sufficient severity that would lead a prudent layperson, possessing an average knowledge of medicine and health, to believe that immediate medical care is required, which may include, but shall not be limited to:
 (A) Placing a person's health in significant jeopardy;
 (B) Serious impairment to a bodily function;

(C) Serious dysfunction of any bodily organ or part;

(D) Inadequately controlled pain; or

(E) With respect to a pregnant woman who is having contractions—

1. That there is inadequate time to effect a safe transfer to another hospital before delivery; or

2. That transfer to another hospital may pose a threat to the health or safety of the woman or unborn child.

(24) Emergency services. With respect to an emergency medical condition—

(A) A medical screening examination that is within the capability of the emergency department of a hospital, including ancillary service routinely available to the emergency department to evaluate such emergency medical condition; and

(B) Such further medical examination and treatment, to the extent they are within the capabilities of the staff and facilities available at the hospital, as are required to stabilize the patient. The term “to stabilize” means to provide such medical treatment of the condition as may be necessary to ensure, within reasonable medical probability, that no material deterioration of the condition is likely to result from, or occur during, the transfer of the individual from a facility.

(25) Employee. A benefit-eligible person employed by a participating public entity and present and future retirees from the participating public entity who meet the plan eligibility requirements.

(26) Employer. The public entity that employs the eligible employee.

(27) Essential benefits. The plan covers essential benefits as required by the Patient Protection and Affordable Care Act. Essential benefits include:

(A) Ambulatory patient services—office visits, urgent care, outpatient diagnostic procedures, outpatient surgery, and outpatient hospice;

(B) Emergency services—ambulance services and emergency room services;

(C) Hospitalization—inpatient hospital benefits, inpatient surgery, transplants, and inpatient hospice;

(D) Maternity and newborn care—maternity coverage and newborn screenings;

(E) Mental health and substance abuse disorder services, including behavioral health treatment—inpatient and outpatient and mental health/chemical dependency office visits;

(F) Prescription drugs;

(G) Rehabilitative and habilitative services and devices—durable medical equipment; cardiac and pulmonary rehabilitation; outpatient physical, speech, and occupational therapy; and home health care;

(H) Laboratory services—lab and X-ray;

(I) Preventive and wellness services and chronic disease management; and

(J) Pediatric services, including oral and vision care—routine vision exam, dental care/accidental injury, immunizations, preventive services, and newborn screenings.

(28) Excluded services. Health care services that the member’s health plan does not pay for or cover.

(29) Experimental/investigational/unproven. A treatment, procedure, device, or drug that meets any of the criteria listed below and that the plan administrator determines, in the exercise of its discretion, is considered experimental/investigational/unproven and is not eligible for coverage under the plan—

(A) Has not received the approval of the U.S. Food and Drug Administration for marketing the drug or device at the time it is furnished, if such approval is required by law;

(B) Is shown by reliable evidence to be the subject of ongoing Phase I clinical trials or under study to determine its maximum tolerated dose, its toxicity, its safety, its efficiency, or its efficacy as compared with the standard means of treatment or diagnosis; or

(C) Is shown by reliable evidence that the consensus of opinion among experts regarding the treatment, procedure, device, or drug is that further studies or clinical trials are necessary to determine its maximum tolerated dose, its toxicity, its safety, its efficacy, or its efficiency as compared with the standard means of treatment or diagnosis.

(D) Reliable evidence includes anything determined to be such by the plan administrator, in the exercise of its discretion, and may include published reports and articles in the medical and scientific literature generally considered to be authoritative by the national medical professional community.

(30) Formulary. A list of U.S. Food and Drug Administration approved drugs and supplies developed by the pharmacy benefit manager and covered by the plan administrator.

(31) Generic drug. The chemical equivalent of a brand-name drug with an expired patent. The color or shape may be different, but the active ingredients must be the same for both.

(32) Health savings account (HSA). A tax-advantaged savings account that may be used

to pay for current or future qualified medical expenses. Enrollment in the plan’s qualified High Deductible Health Plan is required for participation in an HSA.

(33) High Deductible Health Plan (HDHP). A health plan with a higher deductible than a traditional health plan that, when combined with an HSA, provides a tax-advantaged way to help save for future medical expenses.

(34) Illness. Any bodily sickness, disease, or mental/nervous disorder. For purposes of this plan, pregnancy is considered an illness.

(35) Incident. A definite and separate occurrence of a condition.

(36) Injury. A condition that results independently of an illness and all other causes and is a result of an external force or accident.

(37) Lifetime maximum. The amount payable by a medical plan during a covered member’s life for specific non-essential benefits.

(38) Long-term disability subscriber. A subscriber eligible for long-term disability coverage through a public entity’s retirement system.

(39) MCHCPid. An individual MCHCP member identifier used for member verification and validation.

(40) myMCHCP. A secure MCHCP member website that allows members to review coverage selections, verify covered dependents, make coverage changes, add/change email address, retrieve and send secure messages, upload documents, and access health plan websites.

(41) Medically necessary. Treatments, procedures, services, or supplies that the plan administrator determines, in the exercise of its discretion—

(A) Are expected to be of clear clinical benefit to the patient; and

(B) Are appropriate for the care and treatment of the injury or illness in question; and

(C) Conform to standards of good medical practice as supported by applicable medical and scientific literature. A treatment, procedure, service, or supply must meet all criteria listed above to be considered medically necessary and to be eligible for coverage under the plan. In addition, the fact that a provider has prescribed, ordered, or recommended a treatment, procedure, service, or supply does not, in itself, mean that it is medically necessary as defined above. Further,

the treatment, procedure, service, or supply must not be specifically excluded from coverage under this plan.

(42) Medicare-allowed amount. The fee Medicare sets as reasonable for a covered medical service. This is the amount a provider is paid by the member and Medicare for a service or supply. It may be less than the actual amount charged by a health care provider.

(43) Member. Any person covered as either a subscriber or a dependent in accordance with the terms and conditions of the plan.

(44) Network. The facilities, providers, and suppliers the health insurer or plan has contracted with to provide health care services.

(45) Non-formulary. A drug not contained on the pharmacy benefit manager's list of covered drugs.

(46) Non-network. The facilities, providers, and suppliers the health plan does not contract with to provide health care services.

(47) Out-of-pocket maximum. The most the member will pay during a plan year before the plan begins to pay one hundred percent (100%) of the allowed amount. This limit never includes the member's premium, copayments, balance-billed charges, or health care services the plan does not cover.

(48) Participant. Shall have the same meaning as the term member defined herein (see member, section (43)).

(49) Plan. The program of health care benefits established by the board of trustees of the Missouri Consolidated Health Care Plan as authorized by state law.

(50) Plan administrator. The board of trustees of the Missouri Consolidated Health Care Plan, which is the sole fiduciary of the plan. The board has all discretionary authority to interpret its provisions and to control the operation and administration of the plan and whose decisions are final and binding on all parties.

(51) Plan year. The period of January 1 through December 31.

(52) Preferred provider organization (PPO). An arrangement with providers whereby discounted rates are given to plan members. Benefits are paid at a higher level when network providers are used.

(53) Premium. The monthly amount that must be paid for health insurance.

(54) Primary care physician (PCP). An internist, family/general practitioner, or pediatrician.

(55) Prior authorization. A decision by the plan that a health care service, treatment plan, prescription drug, or durable medical equipment is medically necessary. Sometimes called pre-authorization, prior approval, or precertification. The plan may require prior authorization for certain services before the member receives them, except in an emergency. Prior authorization is not a promise the plan will cover the cost. The provider must contact the appropriate plan administrator to request prior authorization.

(56) Provider. A physician, hospital, medical agency, specialist, or other duly licensed health care facility or practitioner certified or otherwise authorized to furnish health care services pursuant to the law of the jurisdiction in which care or treatment is received. A doctor/physician as defined in 22 CSR 10-3.010(19). Other providers include but are not limited to:

- (A) Audiologist (AUD or PhD);
- (B) Certified Addiction Counselor for Substance Abuse (CAC);
- (C) Certified Nurse Midwife (CNM)—when acting within the scope of his/her license in the state in which s/he practices and performing a service which would be payable under this plan when performed by a physician;
- (D) Certified Social Worker or Masters in Social Work (MSW);
- (E) Chiropractor;
- (F) Licensed Clinical Social Worker;
- (G) Licensed Professional Counselor (LPC);
- (H) Licensed Psychologist (LP);
- (I) Nurse Practitioner (NP);
- (J) Physician Assistant (PA);
- (K) Occupational Therapist;
- (L) Physical Therapist;
- (M) Speech Therapist;
- (N) Registered Nurse Anesthetist (CRNA);
- (O) Registered Nurse Practitioner (ARNP); or
- (P) Therapist with a PhD or Master's Degree in Psychology or Counseling.

(57) Prudent layperson. An individual possessing an average knowledge of health and medicine.

(58) Public entity. A state-sponsored institution of higher learning, political subdivision,

or governmental entity or instrumentality that has elected to join the plan and has been accepted by the board.

(59) Qualified Medical Child Support Order (QMCSO). A child support order from a court of competent jurisdiction or state child care agency, which requires the plan to provide coverage for a dependent child or member if the plan normally provides coverage for dependent children.

(60) Retiree. Notwithstanding any provision of law to the contrary, for the purposes of these regulations a "retiree" is defined as a former employee who, at the time of retirement, is receiving an annuity benefit from an entity-sponsored retirement system.

(61) Sound, natural teeth. Teeth and/or tissue that is viable, functional, and free of disease. A sound, natural tooth has no decay, fillings on no more than two (2) surfaces, no gum disease associated with bone loss, no history of root canal therapy, is not a dental implant, and functions normally in chewing and speech.

(62) Specialty care physician/specialist. A physician who is not a primary care physician and provides medical services to members concentrated in a specific medical area of expertise.

(63) Specialty medications. High-cost drugs that treat chronic complex conditions such as hepatitis C, multiple sclerosis, and rheumatoid arthritis.

(64) State. Missouri.

(65) Step therapy. Therapy designed to encourage use of therapeutically equivalent, lower-cost alternatives before using more expensive therapy. It is especially for people who take prescription drugs regularly to treat ongoing medical conditions and is developed under the guidance and direction of independent, licensed doctors, pharmacists, and other medical experts.

(66) Subrogation. The substitution of one (1) "party" for another. Subrogation entitles the insurer to the rights and remedies that would otherwise belong to the insured (the subscriber) for a loss covered by the insurance policy. Subrogation allows the plan to stand in the place of the member and recover the money directly from the other insurer.

(67) Subscriber. The employee or member who elects coverage under the plan.

(68) Survivor. A dependent of a deceased vested active employee, terminated vested subscriber, vested long-term disability subscriber, or retiree of a public entity with a retirement system.

(69) Terminated vested subscriber. A previous active employee eligible for a future retirement benefit through a public entity's retirement system.

(70) Termination of coverage. The termination of medical, dental, or vision coverage initiated by the employer or required by MCHCP eligibility policies.

(71) Usual, customary, and reasonable. The amount paid for a medical service in a geographic area based on what providers in the area usually charge for the same or similar medical service.

(72) Vendor. The current applicable third-party administrators of MCHCP benefits.

(73) Vested subscriber. An active employee eligible for coverage under the plan and eligible for future benefits through a public entity's retirement system.

(74) Waiting/probationary periods. The length of time the employer requires an employee to be employed before he or she is eligible for health insurance coverage. Public entities may set different waiting/probationary periods for different employee classifications (full-time vs. part-time).

22 CSR 10-3.020 General Membership Provisions

PURPOSE: This rule establishes the policy of the board of trustees in regard to the general membership provisions of the Missouri Consolidated Health Care Plan.

(1) Terms and Conditions. This rule provides the terms and conditions for membership in the Missouri Consolidated Health Care Plan (MCHCP). Public entities and members are required to provide complete, true, and accurate information to MCHCP in connection with enrollment, change, or cancellation processes, whether by online, written, or verbal communication. MCHCP may rely on, but reserves the right to audit, any information provided by a public entity or member and seek recovery and/or pursue legal action to the extent the public entity or member has provided incomplete, false, or inaccurate information.

(2) Eligibility Requirements.

(A) Active Employee Coverage. An active employee is one who is employed and meets the minimum number of hours worked per year as established by his/her employer.

1. If the public entity allows elected/appointed officials to participate in medical coverage, the definition of an employee includes elected/appointed officials where applicable.

2. The entity will determine the eligibility requirements of waiting periods, required number of working hours, pay status, and contribution levels.

3. An active employee cannot be covered as an employee and as a dependent.

4. A subscriber may enroll eligible dependents as long as the employee is also enrolled subject to the provisions herein.

5. If an active employee has elected coverage as a dependent of another MCHCP subscriber as allowed by these rules, and the subscriber dies before coverage as a dependent goes into effect, the active employee may elect coverage as a subscriber within thirty-one (31) days of the date of death.

6. If one (1) spouse is an active state employee or retiree with MCHCP benefits and the other is an active public entity employee or retiree with MCHCP benefits, each spouse may enroll under his or her employer's plan or together under one (1) employer's plan. The spouses cannot have coverage in both places.

(B) Retiree Coverage.

1. An employee may participate in an MCHCP plan when s/he retires if s/he is fully vested in the retirement plan upon ter-

mination and the public entity remains with MCHCP. The public entity must make the benefits available to all retirees, past and future, who meet the vesting requirements. The employee may elect coverage for him/herself and dependents, provided the employee and any dependents have been continuously covered for health care benefits—

A. Through MCHCP since the effective date of the last open enrollment period;

B. Through MCHCP since the initial date of eligibility; or

C. Through group or individual medical coverage for the six (6) months immediately prior to retirement. Proof of prior group or individual coverage (letter from previous insurance carrier or former employer with dates of effective coverage and list of dependents covered) is required.

2. If the retiree's spouse is an active public entity employee or retiree and currently enrolled in MCHCP, both spouses may transfer to coverage under the plan in which his/her spouse is enrolled or from his/her spouse's coverage to his/her coverage at any time as long as both spouses are eligible for MCHCP coverage and their coverage is continuous.

3. A retiree who returns to employment and becomes eligible for benefits through MCHCP will be treated as a new employee.

4. If a retiree or his/her dependents who are eligible for coverage elect not to be continuously covered with MCHCP from the date first eligible, or do not apply for coverage within thirty-one (31) days of their eligibility date, they shall not thereafter be eligible for coverage.

(C) Survivor Coverage.

1. At the time of the subscriber's death, a survivor of an active employee who is a vested subscriber and his/her dependents or a survivor of a vested subscriber who was receiving long-term disability benefits and his/her dependents may elect or continue coverage if the survivor and his/her dependents had coverage—

A. Through MCHCP since the effective date of the last open enrollment period;

B. Through MCHCP since the initial date of eligibility; or

C. Through group or individual medical coverage for the six (6) months immediately prior to subscriber's death. Proof of prior group or individual coverage (letter from previous insurance carrier or former employer with dates of effective coverage and list of dependents covered) is required.

2. A survivor of a retiree or terminated vested subscriber may continue coverage if the survivor had MCHCP coverage as a

dependent at the time of the subscriber's death.

3. If a survivor adds a new spouse to his/her coverage and the survivor subsequently dies, the new spouse is no longer eligible for coverage.

4. If a survivor or his/her dependents who are eligible for coverage elect not to be continuously covered with MCHCP from the date first eligible, or do not apply for coverage within thirty-one (31) days of their eligibility date, they shall not thereafter be eligible for coverage.

(D) Terminated Vested Coverage.

1. An employee may participate in an MCHCP plan when his/her employment with the public entity terminates if s/he is vested and is eligible for future benefits in a retirement plan with the public entity when s/he reaches retirement age. The employee must elect to continue coverage within thirty-one (31) days of the last day of the month in which his/her employment is terminated. The employee and his/her dependents may elect or continue coverage if the terminated vested employee and his/her dependents had coverage—

A. Through MCHCP since the effective date of the last open enrollment period;

B. Through MCHCP since the initial date of eligibility; or

C. Through group or individual medical coverage for the six (6) months immediately prior to termination of employment. Proof of prior group or individual coverage (letter from previous insurance carrier or former employer with dates of effective coverage and list of dependents covered) is required.

2. If a terminated vested employee does not elect coverage within thirty-one (31) days of their eligibility date, or if s/he cancels or loses his/her coverage or dependent coverage, the terminated vested employee and his/her dependents cannot enroll at a later date.

3. The terminated vested employee may temporarily continue coverage under the provisions of Consolidated Omnibus Budget Reconciliation Act (COBRA).

(E) Long-Term Disability Coverage.

1. An employee is eligible for long-term disability coverage if the employee is eligible for long-term disability benefits from the public entity and the employee and his/her dependents may elect or continue coverage if the employee with long-term disability coverage and his/her dependents had coverage—

A. Through MCHCP since the effective date of the last open enrollment period;

B. Through MCHCP since the initial date of eligibility; or

C. Through group or individual medical coverage for the six (6) months immedi-

ately prior to becoming eligible for long-term disability benefits. Proof of prior group or individual coverage (letter from previous insurance carrier or former employer with dates of effective coverage and list of dependents covered) is required.

2. If an enrolled, vested, long-term disability subscriber becomes ineligible for disability benefits, the long-term disability subscriber and his/her dependents will have continuous coverage as a terminated vested subscriber. If an enrolled long-term disability subscriber is not vested, and becomes ineligible for disability benefits, coverage is terminated and the subscriber and his/her dependents are offered COBRA benefits. If an enrolled long-term disability subscriber becomes ineligible for disability benefits, and returns to work, the subscriber is considered a new employee and must submit a form to enroll.

3. If the employee's spouse is an active state employee or retiree, s/he may transfer coverage under the plan in which his/her spouse is enrolled. If the employee wishes to be covered individually at a later date, s/he can make the change, as long as coverage is continuous.

(F) Elected/Appointed Official Coverage.

1. If the public entity allows elected/appointed officials to participate in medical coverage, the definition of an active employee includes elected/appointed officials.

(G) Dependent Coverage. Eligible dependents include:

1. Spouse.

A. Active Employee Coverage of a Spouse.

(I) If both spouses have access to MCHCP benefits through two (2) different public entities, the employee and his/her spouse may elect to enroll in coverage separately through his/her respective employer or together through one (1) of the employers. The employee cannot have coverage through both public entities.

(II) If both spouses are employed by the same public entity with access to MCHCP benefits, the employee and spouse may elect coverage either as individuals or under the spouse (if allowed by the employer).

B. Retiree Coverage of a Spouse.

(I) A public entity retiree may enroll as a spouse under a public entity employee's coverage or elect coverage as a retiree;

2. Children.

A. Children may be covered through the end of the month in which they turn twen-

ty-six (26) years old if they meet one (1) of the following criteria:

(I) Natural child of subscriber or spouse;

(II) Legally-adopted child of subscriber or spouse;

(III) Child legally placed for adoption of subscriber or spouse;

(IV) Stepchild of subscriber. Such child will continue to be considered a dependent after the stepchild relationship ends due to the death of the child's natural parent and subscriber's spouse;

(V) Foster child of subscriber or spouse. Such child will continue to be considered a dependent child after the foster child relationship ends by operation of law when the child ages out if the foster child relationship between the subscriber or spouse and the child was in effect the day before the child ages out;

(VI) Grandchild for whom the covered subscriber or covered spouse has legal guardianship or legal custody;

(VII) A child for whom the subscriber or spouse is the court-ordered legal guardian under a guardianship of a minor. Such child will continue to be considered a dependent child after the guardianship ends by operation of law when the child becomes eighteen (18) years old if the guardianship of a minor relationship between the subscriber or spouse and the child was in effect the day before the child became eighteen (18) years old;

(VIII) Newborn of a dependent so long as the parent continues to be covered as a dependent of the subscriber;

(IX) Child for whom the subscriber or covered spouse is required to provide coverage under a Qualified Medical Child Support Order (QMCSO); or

(X) A child under twenty-six (26) years, who is eligible for MCHCP coverage as a subscriber, may be covered as a dependent of a public entity employee.

B. A child who is twenty-six (26) years old or older and is permanently disabled in accordance with subsection (5)(F), may be covered only if such child was disabled the day before the child turned twenty-six (26) years old and has remained continuously disabled.

C. A child may only be covered by one (1) parent if his/her parents are married to each other and are both covered under an MCHCP medical plan.

D. A child may have dual coverage if the child's parents are divorced or have never married, and both have coverage under an MCHCP medical plan. MCHCP will only pay for a service once, regardless of whether

the claim for the child's care is filed under multiple subscribers' coverage. If a child has coverage under two (2) subscribers, the child will have a separate deductible, copayment, and coinsurance under each subscriber. The claims administrator will process the claim and apply applicable cost-sharing using the coverage of the subscriber who files the claim first. The second claim for the same services will not be covered. If a provider files a claim simultaneously under both subscribers' coverage, the claim will be processed under the subscriber whose birthday is first in the calendar year. If both subscribers have the same birthday, the claim will be processed under the subscriber whose coverage has been in effect for the longest period of time; or

3. Changes in dependent status. If a covered dependent loses his/her eligibility, the subscriber must notify MCHCP within thirty-one (31) days of the loss of eligibility. (A) A subscriber may cancel medical coverage, which will be effective on the last day of the month in which the form is received by MCHCP to cancel coverage.

1. If a subscriber has his/her premium collected pre-tax by qualified payroll deduction through a cafeteria plan, the subscriber

may only cancel medical coverage if the reason given is allowed by the cafeteria plan.

(B) If a member receives covered services after the voluntary cancellation of coverage, MCHCP may recover the contracted charges for such covered services from the subscriber or the provider, plus its cost to recover such charges, including attorneys' fees.

(C) A subscriber cannot cancel medical coverage on his/her spouse or children during divorce or legal separation proceedings unless s/he submits a notarized letter from his/her spouse stating s/he is agreeable to termination of coverage pending divorce. If premiums are collected pre-tax through a cafeteria plan, medical coverage can only be cancelled at the time of divorce.

(D) A subscriber may only cancel dental and/or vision coverage during the year for him/herself or his/her dependents for one (1) of the following reasons:

1. Upon retirement;

or

3. No longer eligible for coverage.

(9) Continuation of Coverage.

(A) Leave of Absence.

1. An employee on an approved leave of absence may continue participation in the plan by paying the required contributions. The employing public entity must officially notify MCHCP of the leave of absence and any extension of the leave of absence by submitting the required form.

2. If the employee does not elect to continue coverage, coverage for the employee and his/her covered dependents is terminated effective the last day of the month in which the employee is employed.

3. If the employee fails to pay the premium due to the public entity, coverage on the employee and his/her dependents terminates.

4. If the employee's spouse is an active employee or retiree, the employee may transfer coverage under the plan in which the spouse is enrolled. If the employee wishes to be covered individually at a later date, s/he can make the change as long as coverage is continuous. When the employee returns to work, s/he and his/her spouse must be covered individually.

5. Any employee on an approved leave of absence who was a member of MCHCP when the approved leave began, but who subsequently terminated coverage in MCHCP while on leave, may recommence his/her coverage in the plan at the same level (employee only or employee and dependents) upon returning to employment directly from the leave. For coverage to be reinstated, the

employee must submit a completed form within thirty-one (31) days of returning to work. Coverage is reinstated on the first of the month coinciding with or after the date the form is received. Coverage will be continuous if the employee returns to work in the subsequent month following the initial leave date.

6. If the employee chooses to maintain employee coverage but not coverage for his/her covered dependents, the employee is eligible to regain dependent coverage upon return to work.

(B) Leave of Absence—Family and Medical Leave Act (FMLA).

1. An employee must be approved for a leave of absence under FMLA and meet the requirements and guidelines set forth by FMLA and his/her public entity for his/her employer to continue to pay the monthly contribution toward the employee's and his/her dependents' coverage. Coverage is continuous unless the employee chooses to cancel coverage.

2. If the employee cancels coverage, coverage ends on the last day of the month in which MCHCP received a premium payment.

3. If the employee canceled coverage, the employee may reinstate coverage by submitting a completed form within thirty-one (31) days of returning to work. Coverage will be reinstated with the same plan and level of coverage as enrolled in prior to the employee going out on leave of absence.

4. If the employee continued coverage and is unable to return to work after his/her FMLA leave ends, his/her coverage will be continuous at the retiree rate or the employee may cancel coverage.

(10) Federal Consolidated Omnibus Budget Reconciliation Act (COBRA).

(A) Eligibility. In accordance with COBRA, eligible employees and their dependents may temporarily continue their coverage when coverage under the plan would otherwise end. Coverage is identical to the coverage provided under MCHCP to similarly-situated employees and family members. If members cancel COBRA coverage, they cannot enroll at a later date.

1. Employees voluntarily or involuntarily terminating employment (for reasons other than gross misconduct) or receiving a reduction in the number of hours of employment may continue coverage for themselves and their covered dependent(s) for eighteen (18) months at their own expense.

2. If a subscriber marries, has a child, or adopts a child while on COBRA coverage, subscriber may add such eligible dependents

to the subscriber's plan if MCHCP is notified within thirty-one (31) days of the marriage, birth, or adoption. The subscriber may also add eligible dependents during open enrollment.

3. Dependents may continue coverage for up to thirty-six (36) months at their own expense if the covered employee becomes eligible for Medicare.

4. A surviving spouse and dependents who have coverage due to the death of a non-vested employee may elect coverage for up to thirty-six (36) months at their own expense.

5. A divorced or legally-separated spouse and dependents may continue coverage at their own expense for up to thirty-six (36) months.

6. Children who would no longer qualify as dependents may continue coverage for up to thirty-six (36) months at their (or their parent's/guardian's) own expense.

7. If the Social Security Administration determines a COBRA member is disabled within the first sixty (60) days of coverage, the member may continue coverage for up to twenty-nine (29) months.

8. If the eligible member has Medicare prior to becoming eligible for COBRA coverage, the member is entitled to coverage under both.

(B) Premium Payments.

1. Initial payment for continuation coverage must be received within forty-five (45) days of election of coverage.

2. After initial premium payment, MCHCP bills on the last working day of the month. There is a thirty-one- (31-) day grace period for payment of regularly scheduled monthly premiums.

3. Premiums for continued coverage will be one hundred two percent (102%) of the total premium for the applicable coverage level. Once coverage is terminated under the COBRA provision, it cannot be reinstated.

(C) Required Notifications.

1. To be eligible for COBRA, the subscriber or applicable member must notify MCHCP of a divorce, legal separation, a child turning age twenty-six (26), or Medicare entitlement within sixty (60) days of the event date.

2. The human resource/payroll office of the subscriber must notify MCHCP of an employee's death, termination, or reduction of hours of employment.

3. If a COBRA participant is disabled within the first sixty (60) days of COBRA coverage and the disability continues for the rest of the initial eighteen- (18-) month period of continuing coverage, the member must notify MCHCP that s/he wants to continue coverage within sixty (60) days, starting from

the latest of: 1) the date on which the SSA issues the disability determination; 2) the date on which the qualifying event occurs; or 3) the date on which the member receives the COBRA general notice. The member must also notify MCHCP within thirty-one (31) days of any final determination that the individual is no longer disabled.

(D) Election Periods.

1. When MCHCP is notified that a COBRA-qualifying event has occurred, MCHCP notifies eligible members of the right to choose continuation coverage.

2. Eligible members have sixty (60) days from the date of coverage loss or notification from MCHCP, whichever is later, to inform MCHCP that they want continuation coverage.

3. If eligible members do not choose continuation coverage within sixty (60) days of lost coverage or notification from MCHCP, coverage ends.

(E) Continuation of coverage may be cut short for any of these reasons—

1. The state of Missouri no longer provides group health coverage to any of its employees;

2. Premium for continuation coverage is not paid on time;

3. The covered employee or dependent becomes covered (after the date s/he elects COBRA coverage) under another group health plan that does not contain any exclusion or limitation with respect to any pre-existing condition s/he may have;

4. The covered employee or dependent becomes entitled to Medicare after the date s/he elects COBRA coverage; or

5. The covered employee or dependent extends coverage for up to twenty-nine (29) months due to disability and there has been a final determination that the individual is no longer disabled.

(F) MCHCP assumes coverage for existing COBRA members until their eligibility period expires or until the public entity terminates coverage with MCHCP, whichever occurs first.

(11) Missouri State Law COBRA Wrap-Around Provisions.

(A) Missouri law provides that if a member loses group health insurance coverage because of a divorce, legal separation, or the death of a spouse, the member may continue coverage until age sixty-five (65) under two (2) conditions—

1. The member continues and maintains coverage under the thirty-six- (36-) month provision of COBRA; and

2. The member is at least fifty-five (55) years old when COBRA benefits end. The

qualified beneficiary must apply to continue coverage through the wrap-around provisions and will have to pay the entire premium. MCHCP may charge up to an additional twenty-five percent (25%) of the applicable premium.

(B) For a member to continue coverage under this subsection, a member must either—

1. Within sixty (60) days of legal separation or the entry of a decree of dissolution of marriage or prior to the expiration of a thirty-six- (36-) month COBRA period, the legally-separated or divorced spouse who seeks such coverage shall give MCHCP written notice of the qualifying event, including his/her mailing address; or

2. Within thirty (30) days of the death of an employee whose surviving spouse is eligible for continued coverage or prior to the expiration of a thirty-six (36) month COBRA period, the public entity or surviving spouse shall give MCHCP written notice of the death and the mailing address of the surviving spouse.

(C) Within fourteen (14) days of receipt of the notice, MCHCP shall notify the legally-separated, divorced, or surviving spouse that coverage may be continued. The notice shall include:

1. A form for election to continue the coverage;

2. The amount of premiums to be charged and the method and place of payment; and

3. Instructions for returning the elections form by mail within sixty (60) days after MCHCP mails the notice.

(D) Continuation of coverage terminates on the last day of the month prior to the month the subscriber turns age sixty-five (65). The right to continuation coverage shall also terminate upon the earliest of any of the following:

1. The state of Missouri no longer provides group health coverage to any of its employees;

2. Premium for continuation coverage is not paid on time;

3. The date on which the legally-separated, divorced, or surviving spouse becomes insured under any other group health plan;

4. The date on which the legally-separated, divorced, or surviving spouse remarries and becomes insured under another group health plan; or

5. The date on which the legally-separated, divorced, or surviving spouse reaches age sixty-five (65).

(12) Medicare.

(A) If a member does not enroll in Medi-

care when s/he is eligible and Medicare should be the member's primary plan, the member will be responsible for paying the portion Medicare would have paid. An estimate of Medicare Part A and/or Part B benefits shall be made and used for coordination or reduction purposes in calculating benefits. Benefits will be calculated on a claim-submitted basis so that if, for a given claim, Medicare reimbursement would be for more than the benefits provided by this plan without Medicare, the balance will not be considered when calculating subsequent claims for this plan's deductible and out-of-pocket maximum expenses.

(B) MCHCP's prescription drug plan is evaluated by a third party to determine whether it is creditable and considered equal to or better than Medicare Part D. The member will receive notification of the outcome from MCHCP. If MCHCP's plan is considered creditable, the member does not need to enroll in Medicare Part D and will not be penalized if s/he signs up for Part D at a later date.

(C) If a member enrolls in a Medicare Part D plan in addition to coverage under this plan, Medicare Part D becomes the member's primary plan. Such member's benefit must be adjusted in order for the plan to avoid liability for filing claims under the subsidy reimbursement portion of Medicare Part D. This plan will pay primary with appropriate copayments or coinsurance when the member is within the donut hole.

(13) Members are required to annually disclose to the claims administrator whether they have other health coverage and, if so, information about the coverage. A member may submit other coverage information to the claims administrator by phone, fax, mail, or online. Dependent claims will not be processed until the information is received. Once the information is received claims will be processed subject to all applicable rules.

(14) Communications to Members.

(A) It is the member's responsibility to ensure that MCHCP has current contact information for the member and any dependent(s).

(B) A member must notify MCHCP of a change in his/her mailing or email address as soon as possible, but no later than thirty-one (31) days after the change.

(C) It is the responsibility of all members who elect to receive plan communication through email to ensure plan emails are not blocked as spam or junk mail by the member or by the member's service provider.

(D) Failure to update a mailing or email address may result in undeliverable mail/email of important informational material, delayed or denied claims, loss of coverage, loss of continuation rights, missed opportunities relating to covered benefits, and/or liability for claims paid in error.

(15) Deadlines. Unless specifically stated otherwise, MCHCP computes deadlines by counting day one as the first day after the qualifying event. If the last day falls on a weekend or state holiday, the plan administrator may receive required information on the first working day after the weekend or state holiday.

22 CSR 10-3.030 Public Entity Membership Agreement and Participation Period

PURPOSE: This rule establishes the policy of the board of trustees in regard to the Public Entity Membership Agreement and Participation Period of the Missouri Consolidated Health Care Plan.

(1) The participation agreement, these rules, and applicable provisions of law constitute the membership agreement between a public entity and the Missouri Consolidated Health Care Plan (MCHCP).

(A) By applying for coverage under MCHCP, a public entity agrees that—

1. A public entity must make health care coverage available to all eligible employees, their dependents, former employees entitled to a future retirement benefit, and retirees;

2. MCHCP will be the only health care offering made to its eligible members;

3. The public entity shall contribute at least fifty percent (50%) of the lowest-cost

employee-only premium per month toward each active employee's premium for the plan(s) offered through MCHCP. There is no contribution requirement for dependents or retirees;

4. The public entity shall contribute at least fifty percent (50%) toward the employee-only dental premium per month. One hundred percent (100%) of the employees enrolled in the medical plan and fifty percent (50%) of dependents enrolled in the medical plan must participate in the dental plan. The number of employees enrolled in the dental plan must be equal to or exceed the number in the medical plan, but the same employees do not have to be enrolled in both plans;

5. There are no participation or contribution requirements for vision coverage;

6. The Employee Assistance Program is paid by the employer and requires one hundred percent (100%) participation of employees eligible for medical coverage and can be expanded to additional classifications;

7. For public entities with fewer than twenty-five (25) employees, the public entity shall only offer one (1) MCHCP medical plan choice to its employees. For public entities with twenty-five (25) or more employees, the public entity may offer two (2) MCHCP medical plan choices;

8. For public entities with more than a total of three (3) employees, at least seventy-five percent (75%) of all eligible employees must enroll in MCHCP. If an employee declines coverage, s/he must submit a form stating coverage is waived. If the employee is waiving coverage because s/he is covered under another group health plan, Medicare or Medicaid, the employee must submit proof of other coverage. An employee with other group coverage, Medicare, or Medicaid is exempt from the seventy-five percent (75%) enrollment participation requirement. A participation audit will be conducted annually to ensure the participation requirement is met;

9. Any individual eligible as an employee may be covered as either an employee or dependent, but not both. Employees enrolled as dependents will not be considered as eligible employees;

10. A public entity may apply a probationary period, not to exceed applicable federal guidelines, before benefits become effective; and

11. A public entity must notify MCHCP of a member's termination within thirty (30) days of the termination.

(B) In order to provide retiree coverage, any participating member agency joining MCHCP must have one (1) of the criteria listed below.

1. An established retirement plan with contributions shared by both the employee and the employer (or made by the employer only) with an established minimum vesting period. The employer must offer coverage to retirees who have met this minimum vesting period requirement.

2. An employer-sponsored (but no contribution made by employer) retirement plan in which the employee is currently participating or from which the employee is eligible to receive a benefit. In this case, in order to be considered an eligible retiree, the prospective member must have met a vesting criterion equal to Missouri State Employees' Retirement System (MOSERS). If this criterion was not met, the employer may not offer coverage to that person as a retiree.

(2) Eligibility Changes.

(A) The following changes can be made prior to open enrollment or fiscal year end:

1. Change the classifications of employees that are offered benefits; or

2. Change the waiting or probationary period that determines when employees are eligible for benefits.

(B) A public entity may change its eligibility requirements during any of the following:

1. Prior to the annual open enrollment period, the public entity must submit the Selection of Offerings form selecting the new requirements. The requirements will go into effect January 1 of the following year;

2. Thirty (30) days prior to the end of its fiscal year. The public entity's top administrator must write a letter requesting the change. The effective date of the change will be the first day of the new fiscal year; or

3. A new employee classification is added to the public entity. The determination of the employee classification for eligibility is at the discretion of the public entity, effective the first day of the month coinciding with or following notification.

(3) Total premium costs for coverage levels of employee participation, based on employment status, eligibility for Medicare, and for various classifications of dependent participation, are established by the plan administrator.

(4) Premiums. Premiums are billed the fifteenth day of the current month for the next month's coverage. Premiums are due the fifteenth day of the next month or the next business day if the fifteenth falls on a weekend or holiday. Except for Consolidated Omnibus Budget Reconciliation Act (COBRA) and retiree members, the public entity will be billed and responsible for collecting any pre-

mium due directly from the subscriber. COBRA and retiree members are billed directly by MCHCP.

(A) If a retiree or COBRA member is delinquent for two (2) months of premiums and payment is not received by the fifteenth of the month following the delinquency, coverage will be terminated for nonpayment retroactive to the last day of the month for which full premium was received (example: Bill sent September 15 for October premiums and no payment was received; bill mailed October 15 for October and November premiums, due on November 15. If payment is not received, coverage will be terminated due to nonpayment effective September 30). The member will be responsible for the repayment of the services rendered after the retroactive termination date.

(B) If a public entity is delinquent for one (1) month of premiums and the delinquent payment is not received at the end of the month for the month of coverage, coverage for members is terminated for nonpayment on the last day of the month for which full premium was received (example: Bill sent September 15 for October premiums and no payment was received; bill mailed October 15 for November premiums due November 15 and October delinquent premiums due on October 31. If the October premium is not received by October 31, coverage will be terminated due to nonpayment effective September 30). The public entity will be responsible for repayment of the services rendered after the retroactive termination date. A termination of coverage resulting from nonpayment will not relieve the public entity of obligations assumed by the public entity in the Amended and Restated Participation Agreement and under state law. Moneys are due to MCHCP upon or following termination pursuant to Chapter 103, RSMo.

(5) If a subscriber is on a leave of absence, the public entity will be billed the active rate and is responsible for collecting any premium due directly from the subscriber.

(6) Termination Policy.

(A) MCHCP may terminate a public entity for any of the following reasons:

1. Failure to pay premiums;

2. Failure to abide by the terms and conditions of the participation agreement;

3. Failure to maintain participation requirements;

4. Failure to abide by the applicable provisions of Chapter 103, RSMo, or rules and regulations promulgated by MCHCP; or

5. MCHCP ceases to operate.

(B) A public entity may terminate voluntarily with ninety (90) days written notice prior to the end of the plan year, effective January 1 of the following year.

(7) Refunds of overpayments are limited to the amount overpaid during the twelve- (12-) month period preceding the month during which notice of overpayment is received.

(III) The member's mental health disorder must meet diagnostic criteria as described in the most recent edition of the American Psychiatric Association *Diagnostic and Statistical Manual* (DSM). Such psychiatrist must be United States board eligible or board certified. If outside of the United States, inpatient services must be provided by an individual who has received a diploma from a medical school recognized by the government agency in the country where the medical school is located. The attending physician must meet the requirements, if any, set out by the foreign government or regionally-recognized licensing body for treatment of mental health disorders;

The treatment program is generally a minimum of twenty (20) hours of scheduled programming extended over a minimum of five (5) days per week.

The program is designed to treat patients with serious mental or nervous disorders and offers major diagnostic, psychosocial, and prevocational modalities. Such programs must be a less-restrictive alternative to inpatient treatment;

22 CSR 10-3.070 Coordination of Benefits

PURPOSE: This rule establishes the policy of the board of trustees in regard to the coordination of benefits (COB) in the Missouri Consolidated Health Care Plan.

- (1) If a member is also covered under any other plan (as defined here) and is entitled to benefits or other services for which benefits are also payable under Missouri Consolidated Health Care Plan (MCHCP), the benefits under MCHCP will be adjusted as shown in this rule.
 - (A) This coordination of benefits (COB) provision applies to MCHCP when a member has health care coverage under more than one (1) plan.
 - (B) If this COB provision applies, the order of benefit determination rules should be looked at first. Those rules determine whether the benefits of MCHCP are determined before or after those of another plan. The benefits of MCHCP—
 - 1. Shall not be reduced when, under the order of benefit determination rules, MCHCP determines its benefits before another plan; but

- 2. May be reduced when, under the order of benefits determination rules, another plan determines its benefits first.

(2) Definitions. The following words and terms, when used in this rule, shall have the following meanings unless the context clearly indicates otherwise:

- (A) Allowable expenses.
 - 1. Allowable expense means the necessary, reasonable, and customary item of expense for health care when the item of expense is covered at least in part under any of the plans involved, except where a statute requires a different definition.

- 2. Notwithstanding this definition, items of expense under coverage, such as dental care, vision care, prescription drug, or hearing-aid programs, may be excluded from the definition of allowable expense. A plan which provides benefits only for any of these items of expense may limit its definition of allowable expenses to like items of expense.

- 3. When a plan provides benefits in the form of service, the reasonable cash value of each service will be considered as both an allowable expense and a benefit paid.

- 4. The difference between the cost of a private hospital room and the cost of a semi-private hospital room is not considered an allowable expense under this definition unless the patient’s stay in a private hospital room is medically necessary in terms of generally-accepted medical practice.

- 5. When COB is restricted in its use to specific coverage in a contract (for example, major medical or dental), the definition of allowable expense must include the corresponding expenses or services to which COB applies.

- 6. When benefits are reduced under a primary plan because a covered person does not comply with the plan provisions, the amount of this reduction will not be considered an allowable expense. Examples of these provisions are those related to second surgical opinions, precertification of admissions or services, and preferred provider arrangements.

- A. Only benefit reductions based upon provisions similar in purpose to those described previously and which are contained in the primary plan may be excluded from allowable expenses.

- B. This provision shall not be used to refuse to pay benefits because a health maintenance organization (HMO) member has elected to have health care services provided by a non-HMO provider and the HMO, pursuant to its contract, is not obligated to pay for providing those services;

(B) Claim. A request for benefits of a plan to be provided or paid is a claim. The benefit claimed may be in the form of—

1. Services (including supplies);
2. Payment for all or a portion of the expenses incurred;
3. A combination of paragraphs (2)(B)1. and 2.; or
4. An indemnification;

(C) Claim determination period means a calendar year. However, it does not include any part of a year during which a person has no coverage under this plan or any part of a year before the date this COB provision or similar provision takes effect;

(D) Coordination of benefits. This is a provision establishing an order in which plans pay their claims;

(E) Plan includes:

1. Group insurance and group subscriber contracts;
2. Uninsured arrangements of group or group-type coverage;

3. Group or group-type coverage through HMOs and other prepayment, group practice, and individual practice plans;

4. Group-type contracts. Group-type contracts are contracts which are not available to the general public and can be obtained and maintained only because of membership in or connection with a particular organization or group. Group-type contracts answering this description may be included in the definition of plan, at the option of the insurer or the service provider and the contract client, whether or not uninsured arrangements or individual contract forms are used and regardless of how the group-type coverage is designed (for example, franchise or blanket). Individually underwritten and issued guaranteed renewable policies would not be considered group-type even though purchased through payroll deduction at a premium savings to the insured since the insured would have the right to maintain or renew the policy independently of continued employment with the employer. Note: The purpose and intent of this provision are to identify certain plans of coverage which may utilize other than a group contract but are administered on a basis more characteristic of group insurance. These group-type contracts are distinguished by two (2) factors—1) they are not available to the general public, but may be obtained only through membership in, or connection with, the particular organization or group through which they are marketed (for example, through an employer payroll withholding system); and 2) they can be obtained only through that affiliation (for example, the contracts might provide that they cannot be renewed if the insured leaves the particular employer or organization, in

which case they would meet the group-type definition). On the other hand, if these contracts are guaranteed renewable allowing the insured the right to renewal regardless of continued employment or affiliation with the organization, they would not be considered group-type;

5. Group or group-type hospital indemnity benefits which exceed one hundred dollars (\$100) per day;

6. The medical benefits coverage in group, group-type, and individual automobile no-fault type contracts but, as to traditional automobile fault contracts, only the medical benefits written on a group or group-type basis may be included; and

7. Medicare or other governmental benefits. That part of the definition of plan may be limited to the hospital, medical, and surgical benefits of the governmental program;

(F) Plan shall not include:

1. Individual or family insurance contracts;

2. Individual or family subscriber contracts;

3. Individual or family coverage under other prepayment, group practice, and individual practice plans;

4. Group or group-type hospital indemnity benefits of one hundred dollars (\$100) per day or less;

5. School accident-type coverages. These contracts cover grammar, high school, and college students for accidents only, including athletic injuries, either on a twenty-four- (24-) hour basis or on a to-and-from-school basis; and

6. A state plan under Medicaid and shall not include a law or plan when its benefits are in excess of those of any private insurance plan or other non-governmental plan; and

(G) Primary plan/secondary plan. The order of benefit determination rules state whether MCHCP is a primary plan or secondary plan as to another plan covering this person. When MCHCP is a primary plan, its benefits are determined before those of the other plan and without considering the other plan's benefits. When MCHCP is a secondary plan, its benefits are determined after those of the other plan and may be reduced because of the other plan's benefits. When there are more than two (2) plans covering the person, MCHCP may be a primary plan as to one (1) or more other plans and may be a secondary plan as to a different plan(s).

(3) Order of Benefit Determination Rules.

(A) General. When there is a basis for a claim under MCHCP and another plan, MCHCP is a secondary plan which has its benefits determined after those of the other plan, unless—

1. The other plan has rules coordinating its benefits with those of MCHCP; and

2. Both those rules and MCHCP rules require MCHCP benefits be determined before those of the other plan.

(B) Rules. MCHCP determines its order of benefits using the first of the following rules which applies:

1. Active/inactive employee. The benefits of the plan which covers the person as an employee who is neither laid off nor retired (or as that employee's dependent) are determined before those of the plan which covers that person as a laid off or retired employee (or as that employee's dependent);

2. Nondependent/dependent. The benefits of the plan which covers the person as an employer or subscriber (that is, other than as a dependent) are determined before those of the plan which covers the person as a dependent;

3. Medicare.

A. If a member is an active employee and has Medicare, MCHCP is the primary plan for the active employee and his/her dependents. Medicare is the secondary plan except for members with end stage renal disease (ESRD) as defined in subparagraph (3)(B)3.C.

B. If a member is a retiree and has Medicare, Medicare is the primary plan for the retiree and his/her Medicare-eligible dependents. MCHCP is the secondary plan.

C. If a member or his/her dependents are eligible for Medicare solely because of ESRD, the member's MCHCP plan is primary to Medicare during the first thirty (30) months of Medicare eligibility for home peritoneal dialysis or home hemodialysis and thirty-three (33) months for in-center dialysis. After the thirty (30) or thirty-three (33) months, Medicare becomes primary, and claims are submitted first to Medicare, then to MCHCP for secondary coverage. The member is responsible for notifying MCHCP of his/her Medicare status;

4. Dependent child/parents not separated or divorced. When MCHCP and another plan cover the same child as a dependent of different persons, called parents—

A. The benefits of the plan of the parent whose birthday falls earlier in a year are determined before those of the plan of the parent whose birthday falls later in that year; but

B. If both parents have the same birthday, the benefits of the plan which covered

one (1) parent longer are determined before those of the plans which covered the other parent for a shorter period of time;

5. Dependent child/separated or divorced, or never married. If two (2) or more plans cover a person as a dependent child of divorced, separated, or never married parents, benefits for the child are determined in this order—

A. First, the plan of the parent with custody of the child;

B. Then, the plan of the spouse of the parent with the custody of the child;

C. Then, the plan of the parent not having custody of the child; and

D. Finally, the plan of the spouse of the parent not having custody of the child. However, if the specific terms of a court decree state that one (1) of the parents is responsible for the health care expense of the child and the entity obligated to pay or provide the benefits of the plan of that parent or spouse of the other parent has actual knowledge of those terms, the benefits of that plan are determined first. The plan of the other parent shall be the secondary plan. This paragraph does not apply with respect to any claim determination period or plan year during which any benefits are actually paid or provided before the entity has that actual knowledge;

6. Joint custody. If the specific terms of a court decree state that the parents shall share joint custody, without stating that one (1) of the parents is responsible for the health care expenses of the child, the plans covering the child shall follow the order of benefit determination rules outlined in paragraph (3)(B)4.;

7. Dependent child/parents both parents covered by MCHCP. If both parents are covered by MCHCP and both parents cover the child as a dependent, MCHCP will not coordinate benefits with itself;

8. The plan that covers the member as a spouse is primary over the plan that covers the member as a dependent child; and

9. Longer/shorter length of coverage. If none of the previous rules determines the order of benefits, the benefits of the plan which covered a person longer are determined before those of the plan which covered that person for the shorter term.

(4) Effect on the Benefits of MCHCP. This section applies, which in accordance with section (3), Order of Benefit Determination Rules, MCHCP is a secondary plan as to one (1) or more other plans.

(A) In the event that MCHCP is a secondary plan as to one (1) or more other plans, the benefits of MCHCP's PPO plans

and High Deductible Plan may be reduced under this section so as not to duplicate the benefits of the other plan. The other plan's payment is subtracted from what MCHCP or its claims administrator would have paid in absence of this COB provision using the following criteria. If there is any balance, MCHCP or its claims administrator will pay the difference not to exceed what it would have paid in absence of this COB provision.

1. In the case where Medicare is primary for physician and outpatient facility claims, Medicare's allowed amount is used as MCHCP's allowed amount to determine what MCHCP would have paid in absence of this COB provision.

2. In the case where Medicare is primary for inpatient facility claims, the amount the facility billed is used as MCHCP's allowed amount to determine what MCHCP would have paid in absence of this COB provision. Medicare's actual paid amount is combined with the provider's Medicare contractual write off to determine what MCHCP considers the Medicare paid amount. Effective April 1, 2013, Medicare's allowed amount will be used as MCHCP's allowed amount for inpatient facility claims to determine what MCHCP would have paid in absence of this COB provision and the Medicare paid amount will no longer be combined with the provider's Medicare contractual write off.

3. In the case where another plan is primary, the lower allowed amount of either the primary plan or MCHCP is used as MCHCP's allowed amount to determine what MCHCP would have paid in absence of this COB provision.

(5) Right to Receive and Release Needed Information. Certain facts are needed to apply these COB provisions. MCHCP or its claims administrator has the right to decide which facts it needs. MCHCP or its claims administrator may get needed facts from or give them to any other organization or person. MCHCP or its claims administrator need not tell, or get the consent of, any person to do this. Each person claiming benefits under MCHCP must give MCHCP or its claims administrator any facts it needs to pay the claim.

(6) A payment made under another plan may include an amount which should have been paid under MCHCP. If it does, MCHCP or its claims administrator may pay that amount to the organization which made the payment. That amount will then be treated as though it were a benefit paid under MCHCP. MCHCP or its claims administrator will not have to pay that amount again. The term, payment

made includes providing benefits in the form of services, in which case payment made means reasonable cash value of the benefits provided in the form of services.

(7) If the amount of the payments made by MCHCP or its claims administrator is more than it should have paid under this COB provision, MCHCP or its claims administrator may recover the excess from one (1) or more of—

(A) The person it has paid or for whom it has paid;

(B) Insurance companies; or

(C) Other organizations. The amount of the payments made includes the reasonable cash value of any benefits provided in the form of services.

(8) MCHCP shall, with respect to COB and recoupment of costs, exercise all rights and remedies as permitted by law.

22 CSR 10-3.075 Review and Appeals Procedure

PURPOSE: This rule establishes the policy of the board of trustees in regard to review and appeals procedures for participation in, and coverage of services under, the Missouri Consolidated Health Care Plan.

(1) General Provision. The board of trustees has the right to suspend, revise, or remove eligibility and benefit requirements in the case of a disaster or emergency situation.

(2) Claims Submissions and Initial Benefit Determinations.

(A) Members shall use the claims and administration procedures established by the vendor administering the particular service for which coverage, authorization, or payment is sought.

(B) Medical and pharmacy service claims are divided into three (3) types: pre-service, post-service, and concurrent claims.

1. Pre-service claims are requests for approval that the plan or vendor requires a member to obtain before getting medical care or filling a prescription, such as prior authorization or a decision whether a treatment, procedure, or medication is medically necessary.

A. Pre-service claims must be decided within a reasonable period of time appropriate to the medical circumstances, but no later than fifteen (15) days from the date the vendor receives the claim. The vendor may extend the time period up to an additional fifteen (15) days if, for reasons beyond the vendor's control, the decision cannot be made within the first fifteen (15) days. The vendor must notify the member prior to the expiration of the first fifteen- (15-) day period, explain the reason for the delay, and request any additional information. If more information is requested, the member has at least forty-five (45) days to provide the information to the vendor. The vendor then must decide the claim no later than fifteen (15) days after the additional information is supplied or after the period of time allowed to supply it ends, whichever is first.

B. Urgent care claims are a special type of pre-service claim that require a quicker decision because waiting the standard time could seriously jeopardize the member's life, health, or ability to regain maximum function. A request for an urgent care claim may be submitted verbally or in writing and will be decided within seventy-two (72) hours. Written confirmation of the decision will be sent by the vendor as soon as possible thereafter.

2. Post-service claims are all other claims for services including claims after medical or pharmacy services have been provided, such as requests for reimbursement or payment of the costs for the services provided.

A. Post-service claims must be decided within a reasonable period of time, but not later than thirty (30) days after the vendor receives the claim. If, because of reasons beyond the vendor's control, more time is needed to review the claim, the vendor may extend the time period up to an additional fifteen (15) days. The vendor must notify the member prior to the expiration of the first fifteen- (15-) day period, explain the reason for the delay, and request any additional information. If more information is requested, the member has at least forty-five (45) days to provide the information to the vendor. The vendor then must decide the claim no later

than fifteen (15) days after the additional information is supplied or after the period of time allowed to supply it ends, whichever is first.

3. Concurrent claims are claims related to an ongoing course of previously approved treatment. If the plan or vendor has approved an ongoing course of treatment to be provided over a period of time or number of treatments, any reduction or termination of the course of treatment will be treated as a benefit denial. The plan or vendor will notify a member in writing prior to reducing or ending a previously approved course of treatment in sufficient time to allow the member or the member's provider to appeal and obtain a determination before the benefit is reduced or terminated.

(C) Claims incurred should be furnished to the vendor by the provider or the member as soon as reasonably possible. Claims filed more than one (1) year after charges are incurred will not be honored. All claims are reviewed and/or investigated by the vendor before they are paid.

(D) If a member, or a provider, or authorized representative on behalf of a member, submits a request for coverage or a claim for services that is denied in whole or in part, the member will receive an initial denial notice within the time frames described in this rule that will include the following information:

1. The reasons for the denial;
2. Reference to the plan provision, regulation, statute, clinical criteria, or guideline on which the denial was based, with information as to how the member can obtain a copy of the provision, regulation, statute, clinical criteria, or guideline free of charge;
3. A description of any documentation or information that is necessary for the member to provide if documentation or information is missing and an explanation as to why the documentation or information is needed, if applicable; and
4. Information as to steps the member can take to submit an appeal of the denial.

(3) General Appeal Provisions.

(A) All individuals seeking review or appeal of a decision of the plan, plan administrator, claims administrator, or any vendor shall follow the procedures applicable to the type of decision appealed as set forth in this rule.

(B) All appeals must be submitted in writing to the appropriate reviewer as established in this rule by the member, the individual seeking review, or his/her authorized representative.

(C) Unless specifically provided otherwise in this rule, all appeals to the plan, plan

administrator, claims administrator, or applicable vendor must be made, initiated in writing, within one hundred eighty (180) days of receiving the denial or notice which gave rise to the appeal.

(4) Appeal Process for Medical and Pharmacy Determinations.

(A) Definitions. Notwithstanding any other rule in this chapter to the contrary, for purposes of a member's right to appeal any adverse benefit determination made by the plan, the plan administrator, a claims administrator, or a medical or pharmacy benefit vendor, relating to the provision of health care benefits, other than those provided in connection with the plan's dental or vision benefit offering, the following definitions apply.

1. Adverse benefit determination. An adverse benefit determination means any of the following:

A. A denial, reduction, or termination of, or a failure to provide or make payment (in whole or in part) for a benefit, including any denial, reduction, termination, or failure to provide or make payment that is based on a determination of an individual's eligibility to participate in the plan;

B. A denial, reduction, or termination of, or a failure to provide or make payment (in whole or in part) for a benefit resulting from the application of any utilization review, as well as a failure to cover an item or service for which benefits are otherwise provided because it is determined to be experimental or investigational or not medically necessary or appropriate; or

C. Any rescission of coverage after an individual has been covered under the plan.

2. Appeal (or internal appeal). An appeal or internal appeal means review by the plan, the plan administrator, a claims administrator, or a medical or pharmacy benefit vendor of an adverse benefit determination.

3. Claimant. Claimant means an individual who makes a claim under this subsection. For purposes of this subsection, references to claimant include a claimant's authorized representative.

4. External review. The United States Department of Health and Human Services (HHS) conducts external reviews for adverse benefit determinations regarding medical and pharmacy benefits administered by UMR, Coventry Health Care, and Express Scripts, Inc. that involve medical judgment (including, but not limited to, those based on medical necessity, appropriateness, health care setting, level of care, or effectiveness of a covered benefit; or a determination that a treatment is experimental or investigational)

and a rescission of coverage (regardless of whether or not the rescission has any effect on any particular benefit at that time).

5. Final internal adverse benefit determination. A final internal adverse benefit determination means an adverse benefit determination that has been upheld by the plan, the plan administrator, a claims administrator, or a medical or pharmacy benefit vendor at the completion of the internal appeals process under this subsection, or an adverse benefit determination with respect to which the internal appeals process has been deemed exhausted by application of applicable state or federal law.

6. Final external review decision. A final external review decision means a determination rendered under the external review process at the conclusion of an external review.

7. Rescission. A rescission means a termination or discontinuance of medical or pharmacy coverage that has retroactive effect except that a termination or discontinuance of coverage is not a rescission if—

A. The termination or discontinuance of coverage has only a prospective effect; or

B. The termination or discontinuance of coverage is effective retroactively to the extent it is attributable to a failure to timely pay required premiums or contributions towards the cost of coverage.

(B) Internal Appeals.

1. Eligibility, termination for failure to pay, or rescission. Adverse benefit determinations denying or terminating an individual's coverage under the plan based on a determination of the individual's eligibility to participate in the plan or the failure to pay premiums, or any rescission of coverage based on fraud or intentional misrepresentation of a member or authorized representative of a member are appealable exclusively to the Missouri Consolidated Health Care Plan (MCHCP) Board of Trustees (board).

A. The internal review process for appeals relating to eligibility, termination for failure to pay, or rescission shall consist of one (1) level of review by the board.

B. Adverse benefit determination appeals to the board must identify the eligibility, termination, or rescission decision being appealed and the reason the claimant believes the MCHCP staff decision should be overturned. The member should include with his/her appeal any information or documentation to support his/her appeal request.

C. The appeal will be reviewed by the board in a meeting closed pursuant to section 610.021, RSMo, and the appeal will be responded to in writing to the claimant within sixty (60) days from the date the board

received the written appeal.

D. Determinations made by the board constitute final internal adverse benefit determinations and are not eligible for external review except as specifically provided in 22 CSR 10-32.075(4)(A)4.

2. Medical and pharmacy services. Members may request internal review of any adverse benefit determination relating to urgent care, pre-service claims, and post-service claims made by the plan's medical and pharmacy vendors.

A. Appeals of adverse benefit determinations shall be submitted in writing to the vendor that issued the original determination giving rise to the appeal at the applicable address set forth in this rule.

B. The internal review process for adverse benefit determinations relating to medical services consists of two (2) levels of internal review provided by the medical vendor that issued the adverse benefit determination.

(I) First level appeals must identify the decision being appealed and the reason the member believes the original claim decision should be overturned. The member should include with his/her appeal any additional information or documentation to support the reason the original claim decision should be overturned.

(II) First level appeals will be reviewed by the vendor by someone who was not involved in the original decision and will consult with a qualified medical professional if a medical judgment is involved. First level medical appeals will be responded to in writing to the member within thirty (30) days for post-service claims and fifteen (15) days for pre-service claims from the date the vendor received the first level appeal request.

(III) An expedited appeal of an adverse benefit determination may be requested when a decision is related to a pre-service claim for urgent care. Expedited appeals will be reviewed by the vendor by someone who was not involved in the original decision and will consult with a qualified medical professional if a medical judgment is involved. Expedited appeals will be responded to within seventy-two (72) hours after receiving a request for an expedited review with written confirmation of the decision to the member within three (3) working days of providing notification of the determination.

(IV) Second level appeals must be submitted in writing within sixty (60) days of the date of the first level appeal decision letter that upholds the original adverse benefit determination. Second level appeals should include any additional information or documentation to support the reason the member

believes the first level appeal decision should be overturned. Second level appeals will be reviewed by the vendor by someone who was not involved in the original decision or first level appeal and will include consultation with a qualified medical professional if a medical judgment is involved. Second level medical appeals shall be responded to in writing to the member within thirty (30) days for post-service claims and within fifteen (15) days for pre-service claims from the date the vendor received the second level appeal request.

(V) For members with medical coverage through UMR—

(a) First and second level pre-service and concurrent claim appeals must be submitted in writing to—

UMR Appeals
PO Box 400046
San Antonio, TX 78229

(b) First and second level post-service appeals must be sent in writing to—

(c) Expedited pre-service appeals must be communicated by calling (800) 808-4424, ext. 15227 or by submitting a written fax to (888) 615-6584, Attention: Appeals Unit.

(VI) For members with medical coverage through Coventry Health Care—

(a) First and second level appeals must be submitted in writing to—

(b) Expedited appeals must be communicated by calling (816) 221-8400 or by submitting a written fax to (866) 769-2408.

C. The internal review process for adverse benefit determinations relating to pharmacy consists of one (1) level of internal review provided by the pharmacy vendor.

(I) Pharmacy appeals must identify the matter being appealed and should include the member's (and dependent's, if applicable) name, the date the member attempted to fill the prescription, the prescribing physician's name, the drug name and quantity, the cost of the prescription, if applicable, the reason the member believes the claim should be paid, and any other written documentation to support the member's belief that the original

decision should be overturned.

(II) All pharmacy appeals must be submitted in writing to—

Express Scripts
Attn: Pharmacy Appeals—MH3
Mail Route 0390
6625 W. 78th St.
Bloomington, MN 55439
or by fax to (877) 852-4070

(III) Pharmacy appeals will be reviewed by someone who was not involved in the original decision and the reviewer will consult with a qualified medical professional if a medical judgment is involved. Pharmacy appeals will be responded to in writing to the member within sixty (60) days for post-service claims and thirty (30) days for pre-service claims from the date the vendor received the appeal request.

D. Members may seek external review only after they have exhausted all applicable levels of internal review or received a final internal adverse benefit determination.

(I) A claimant or authorized representative may file a written request for an external review within four (4) months after the date of receipt of a final internal adverse benefit determination.

(II) The claimant can submit an external review request in writing to—

Office of Consumer Information and Oversight
Department of Health and Human Services
PO Box 791
Washington, DC 20044
or by fax to (202) 606-0036
or by email to disputedclaim@opm.gov

(III) The claimant may call the toll-free number (877) 549-8152 with any questions or concerns during the external review process and can submit additional written comments to the external reviewer at the mailing address above.

(IV) The external review decision will be made as expeditiously as possible and within forty-five (45) days after receipt of the request for the external review.

(V) A claimant may make a written or oral request for an expedited external review if the adverse benefit determination involves a medical condition of the claimant for which the time frame for completion of a standard external review would seriously jeopardize the life or health of the claimant; or would jeopardize the claimant's ability to regain maximum function; or if the final internal adverse benefit determination involves an

admission, availability of care, continued stay, or health care item or service for which the claimant received services, but has not been discharged from a facility.

3. For all internal appeals of adverse benefit determinations, the plan or the vendor reviewing the appeal will provide the member, free of charge, with any new or additional evidence or rationale considered, relied upon, or generated by the plan or the vendor in connection with reviewing the claim or the appeal and will give the member an opportunity to respond to such new evidence or rationale before issuing a final internal adverse determination.

(5) Except as otherwise expressly provided in this rule, appeals of adverse determinations made by MCHCP may be appealed to the board by fax or letter to the following address:

Attn: Appeal
Board of Trustees
Missouri Consolidated Health Care Plan
PO Box 104355
Jefferson City, MO 65110

(6) In reviewing appeals, notwithstanding any other rule, the board and/or staff may grant any appeals when there is credible evidence to support approval under the following guidelines.

(A) Newborns—If a member currently has coverage under the plan, he/she may enroll his/her newborn retroactively to the date of birth if the request is made within three (3) months of the child's birth date.

(B) Agency error—MCHCP may grant an appeal and not hold the member responsible when there is credible evidence that there has been an error or miscommunication, either through the member's payroll/personnel office, MCHCP, or plan offered by MCHCP that was no fault of the member.

(C) Any member wishing to change his/her plan selection made during the annual open enrollment period must request to do so in writing to the board of trustees within thirty-one (31) calendar days of the beginning of the new plan year. If a subscriber has his/her premium collected pre-tax by qualified payroll deduction through a cafeteria plan, changes may be approved if the reason given is allowed by the cafeteria plan.

(D) Non-payment—MCHCP may allow one (1) reinstatement for terminations due to non-payment (per lifetime of account).

(E) Reinstatement before termination—MCHCP may reinstate coverage if request is received prior to end of current coverage.

(F) Termination dental and/or vision coverage—MCHCP may terminate dental and/or vision coverage if request is received prior to February 1 and if no claims have been made/paid for January. If a subscriber has his/her premium collected pre-tax by qualified payroll deduction through a cafeteria plan, termination may be approved if the reason given is allowed by the Missouri State Employees' Cafeteria Plan.

(G) Proof of eligibility—MCHCP may approve late receipt of proof-of-eligibility documentation if MCHCP can verify that it took an unreasonable amount of time for the public entity (county or state) to provide subscriber with requested documentation.

(H) Change in medical plan selection—MCHCP may approve change of medical plans prospectively if request is received within the first thirty (30) days of the start of coverage. If a subscriber has his/her premium collected pre-tax by qualified payroll deduction through a cafeteria plan, changes may be approved if the reason given is allowed by the cafeteria plan.

(I) Loss of coverage notice—MCHCP may approve a late request to enroll due to late notice of loss of coverage from previous carrier if request is timely from date of late notice.

(J) Proof of open enrollment confirmation—MCHCP may approve appeals if subscriber is able to provide a confirmation sheet from open enrollment. However, such administrative appeals must be received by MCHCP on or before the last day of February.

(K) Substantiating evidence—MCHCP may approve appeals, other than those relating to non-payment, if subscriber is able to provide substantiating evidence that requisite information was sent during eligibility period.

(L) New employee changes—MCHCP may approve plan changes retrospectively for new employees within thirty (30) days of election of coverage if no claims have been filed with the previous carrier. If a subscriber has his/her premium collected pre-tax by qualified payroll deduction through a cafeteria plan, changes may be approved if the reason given is allowed by the cafeteria plan.

22 CSR 10-3.080 Miscellaneous Provisions

PURPOSE: This rule establishes the policy of the board of trustees in regard to miscellaneous provisions under the Missouri Consolidated Health Care Plan.

(1) Termination of the Plan. Any other provision of this plan to the contrary notwithstanding, no benefit will be paid for charges incurred by a member or former member after the termination of this plan.

(2) Facility of Payment. Plan benefits will be paid to the subscriber if living and capable of giving a valid release for the payment due. If the subscriber, while living, is physically, mentally, or for any other reason incapable of giving a valid release for any payment due, the claims administrator at his/her option, unless and until request is made by the duly appointed guardian, may pay benefits which may become due to any blood relative or relative connected by marriage to the subscriber, or to any other person or institution appearing to the claims administrator to have assumed responsibility for the affairs of the subscriber. Any payments made by the claims administrator in good faith pursuant to this provision shall fully discharge the claims administrator to the extent of the payment. Any benefit unpaid at the time of the subscriber's death will be paid to the subscriber's estate. If any benefits shall be payable to the estate of the subscriber, the claims administrator may pay these benefits to any relative by blood or connection by marriage of the subscriber who is deemed by the claims administrator to be equitably entitled to it. Any payments made by the claims administrator in good faith pursuant to this provision shall fully discharge the claims administrator to the extent of this payment. Subject to any acceptable written direction and assignment by the subscriber, any benefits provided, at the claims administrator's option, may be paid directly to an eligible

provider rendering covered services; but it is not required that the service be rendered by a particular provider.

(3) Confidentiality of Records. The health records of the members in the plan are confidential and shall not be used or disclosed unless such use or disclosure is in compliance with the Health Insurance Portability and Accountability Act.

(4) Should any provision of this plan conflict with the requirements of federal or state law, including but not limited to the Health Insurance Portability and Accountability Act, Family and Medical Leave Act, the Americans with Disabilities Act or the Older Workers Benefit Protection Act, the plan shall be administered in such a way as to comply with the requirements of law, and will be deemed amended to conform with law.

The member is responsible for paying the full price for the prescription drug unless the member's physician prescribes a first-step drug. If the member's physician decides for medical reasons that the member's treatment plan requires a different medication without attempting to use the first-step drug, the physician may request a prior authorization from the pharmacy benefit manager. If the prior authorization is approved, the member is responsible for the applicable copayment, which may be higher than the first-step drug. If the requested prior authorization is not approved, then the member is responsible for the full price of the drug.
