Dear Speech Pathologist/Clinical Audiologist:

Transmitted herewith are the materials you will need to make application for licensure to practice speech pathology/clinical audiology in the State of Missouri. Included in the packet are:

1. The application with specific instructions for completing it;
2. A Documents and Fee page which will help you through the application process;
3. A Verification of Licensure form (if necessary, please make additional copies);
4. A booklet containing the text of the Speech Pathology/Clinical Audiology Practice Act and the attendant rules and regulations of the Missouri Board.

It is suggested that you read the Documents and Fee page before beginning the process. Next, read the Practice Act. Besides containing applicant information, this statute governs your professional conduct as a practitioner of speech pathology/clinical audiology in the State of Missouri.

No application can be considered by the Board until the entire file is complete. Therefore, you should not make any firm commitment to actually begin working until you have received notification of licensure in writing from this office. Proof that a speech pathologist/clinical audiologist has practiced speech pathology/clinical audiology in Missouri before becoming licensed, is grounds for denial of licensure.

Please be advised that no application will be processed without a fee. You will be notified in writing, one (1) time if your application is deficient in any way. Therefore, you should allow a minimum of thirty (30) days for the processing of your application once you have filed the completed application and the required documents in this office.

Please be reminded that it is unlawful to misrepresent any material fact, in any way, in connection with application for Missouri licensure. Proof that a speech pathologist/clinical audiologist has misrepresented any material fact is grounds for denial of licensure.

If you have any questions during the process which are not answered in the enclosed material, you may contact the Board of Healing Arts for assistance by dialing 314/751-0144.

Sincerely Yours,

SPEECH PATHOLOGY/CLINICAL AUDIOLOGY DEPARTMENT

4 CSR 150-4.020 Examinations

PURPOSE: This rule outlines the requirements and procedures for obtaining a speech-language pathology or audiology license, or both, by examination.

(1) The examination given pursuant to section 345.050.1(4), RSMo shall be the National Examination for Speech-Language Pathology and Audiology.

(2) The candidate shall submit the applicable nonrefundable licensing application fee to the commission and shall meet the requirements of section 345.050.1(1)–345.050.1(3), RSMo prior to taking the examination. If the commission finds that the applicant has met these qualifications, it then shall be the responsibility of the candidate to contact the National Teachers Examination Program Policy Council, Praxis Series at Post Office Box 6051 in Princeton, NJ 08541-6051; or its successor, to sit for the examination.

(3) The candidate shall have the Praxis Series of the National Teachers Examination Program Policy Council; or its successor, notify the commission of the candidate's test result(s), in writing.

(4) The passing score required for licensure must meet the minimum score required for the certificate of clinical competence as set by the American Speech-Language-Hearing Association.

(5) A candidate approved by the commission for an examination shall take that examination within one (1) year from the date of the initial commission approval. If the candidate has not taken the examination by the end of the one (1)-year period the candidate must resubmit an application form and the application fee for commission consideration.

(6) Following the commission's review, the applicant will be informed by letter either that the application has been approved or that it has been rejected. Any rejection letter will outline, with as much specificity as practicable, the reasons for rejection.

AUTHORITY: sections 345.030 and 345.050, RSMo Supp. 1998.* Original rule filed July 1, 1988, effective Oct. 27, 1988. Amended: Filed Nov. 16, 1998, effective July 30, 1999.

*Original authority: 345.030, RSMo 1973, amended 1981, 1995, 1998 and 345.050, RSMo 1973, amended 1981, 1984, 1985, 1986 and 1990, 1995, 1998.

4 CSR 150-4.030 Reexamination

PURPOSE: This rule outlines the requirements and procedures for retaking the licensure examination for speech-language pathologists or audiologists, or both.

(1) A candidate whose license has lapsed for more than three (3) years, pursuant to section 345.055(1), RSMo, must submit a new application (see 4 CSR 150-4.010) pursuant to 4 CSR 150-4.010 and 4 CSR 150-4.020. The board may require such applicants to be reexamined pursuant to section 345.055(1), RSMo.

(2) A candidate who is reexamined because of a lapsed license and who fails the reexamination is disqualified from retaking the examination until the applicant satisfies requirements of the commission. This requires the applicant to meet with the commission, for the commission to specify further education and experience needed and for the applicant to document that these requirements have been satisfied.

(3) All other candidates may retake the examination two (2) subsequent times. Both of the two (2) subsequent reexaminations must be retaken within three (3) years of the date of the approval of the candidate's application. A candidate who fails the initial examination and fails two (2) subsequent reexaminations shall be disqualified until the applicant satisfies requirements of the commission. This requires the applicant to meet with the commission, for the commission to specify further education and experience needed and for the applicant to document that these requirements have been satisfied before being allowed to take the examination for the final time.

(4) If the candidate has not taken the subsequent two (2) reexaminations by the end of the three (3)-year period prescribed in this rule, the initial commission approval to sit for the examinations shall then become invalid and in order to be considered for further reexamination, the applicant shall file a complete new application including the nonrefundable application fee with the commission.

AUTHORITY: sections 345.030 and 345.050 and 345.055, RSMo Supp. 1998.* Original rule filed July 1, 1988, effective Oct. 27, 1988. Amended: Filed Nov. 16, 1998, effective July 30, 1999.

The credential evaluation service must be approved by the commission.

PURPOSE: This rule provides information to speech-language pathologists and audiologists in Missouri regarding renewal of licensure.

(1) A license may be renewed on or before the expiration of the license by submitting the signed renewal notice and fee to the commission.

(2) The commission shall mail an application for renewal to each person licensed in this state at the last known mailing address. The failure to mail the application or the failure to receive it does not, however, relieve any person of the duty to renew and to pay the fee required nor provide exemption from the penalties provided for failure to renew. Renewal forms postmarked by the post office February 1 or after will be considered delinquent. Should January 31 fall on a Saturday, Sunday or legal holiday, renewal forms postmarked by the post office on the next business day will not be considered delinquent.

4 CSR 150-4.052 Continuing Education Requirements

PURPOSE: This rule details the board’s minimum continuing education requirement for renewal or reinstatement of a speech-language pathology and/or audiology license, and specifies the record documentation requirements.

(1) Each licensee shall biennially complete and report at least thirty (30) hours of continuing education. A person holding licensure in both speech-language pathology and audiology shall biennially collect and report at least thirty (30) hours of continuing education in speech-language pathology and at least thirty (30) hours in audiology. The board shall not issue a renewal of a licensee’s certificate of registration unless the licensee documents completion of thirty (30) hours of continuing education in the immediately preceding reporting period.

(2) The period for completion of the continuing education requirements shall be the twenty-four (24)-month period beginning January 1 and ending December 31 of each reporting period. Continuing education hours cannot be carried over into the next reporting period. A licensee who has failed to obtain and report, in a timely fashion, the required thirty (30) hours of continuing education shall not engage in the practice of speech-language pathology and/or audiology unless an extension is obtained and approved pursuant to rule 4 CSR 150-4.054.

(3) Each licensee shall certify by signature, on his/her licensure renewal form, under penalty of perjury, that s/he has completed the required thirty (30) hours of continuing education, and that the continuing education obtained meets the qualifying criteria specified in rule 4 CSR 150-4.053.

(4) Each licensee shall retain records documenting his/her attendance at and completion of the required hours of continuing education for a minimum of three (3) years after the reporting period in which the continuing education was completed. The records shall document the titles of the courses taken, dates, locations, course sponsors, category of hours earned, and number of hours earned. The board may conduct an audit of licensees to verify compliance with the continuing education requirement. Licensees shall assist the board in its audit by providing timely and complete responses to the board’s inquiries.

(5) To reinstate the license of a speech-language pathologist and/or audiologist whose license has been in a noncurrent state for any reason, for a period of three (3) years or less, that licensee shall obtain, in addition to any other requirements of law, all the continuing education that the licensee would otherwise have been required to obtain if the license had been current and active during that period. To reinstate a license which has been noncurrent for any reason, for more than three (3) years, that licensee shall comply with rule 4 CSR 150-4.030 and any other requirements of law. No license shall be reinstated unless and until all required continuing education is obtained and reported to the board and all other requirements of law have been satisfied.

(6) Violation of any provision of this rule shall constitute misconduct, fraud, misrepresentation, dishonesty, unethical conduct or unprofessional conduct in the performance of the functions or duties of a speech-language pathologist and/or audiologist depending on the licensee’s conduct. PURPOSE: This rule details the requirements for licensed speech-language pathologists and audiologists requesting an extension of time to complete the required continuing education hours necessary for licensure renewal.

(1) A licensee who cannot complete the required hours of continuing education because of personal illness, military service or other circumstances beyond the licensee's control which the board deems to be sufficient to impose an insurmountable hardship may apply for an extension of time to complete the continuing education requirements. Any extension of time to complete the continuing education requirements will be granted solely in the discretion of the board. The licensee must make a written application for extension of time prior to the December 31 deadline for completion of the continuing education requirement. The application for extension shall be accompanied by a processing fee as specified in rule 4 CSR 150-4.060, together with the application for extension. The licensee shall provide full and complete written documentation of the grounds supporting the reasons for which an extension is sought. A licensee who requests an extension of time to complete the required hours of continuing education shall not engage in active practice of speech-language pathology and/or audiology until the board grants the licensee's request for extension and the licensee receives express written authorization to do so.

(A) Military service extensions may be granted only to a licensee who was absent from the United States for at least a majority of the reporting period due to his/her military service commitment under combat circumstances or pursuant to a state of national emergency. At a minimum, the licensee must submit written documentation from the appropriate military authorities verifying the licensee's military service commitment and the periods during which the commitment was being fulfilled under a combat or national emergency status; the number of hours earned during the reporting period and a plan

for completing the balance of the required continuing education.

(B) Illness extensions may be granted only to a licensee who has suffered a personal illness or personal disability of a nature as to prevent him/her from engaging in the active practice of speech-language pathology and/or audiology for at least a majority of the reporting period. At a minimum, the licensee shall provide the board with written documentation from the licensee's treating physician stating the nature of the illness or disability, the period of the illness or disability, any limitations on the licensee's activities which resulted from the illness or disability; and a statement from the licensee reporting the number of hours earned in the reporting period and a plan for completing the balance of the required continuing education.

(C) The board, solely in its discretion, may grant an extension on unforeseeable circumstances beyond the licensee's control which impose an insurmountable hardship precluding the licensee from obtaining the required continuing education. At a minimum, the licensee must provide written documentation explaining specifically and in detail the nature of the circumstances, why the circumstances were unforeseeable and beyond the licensee's control, the period during which the circumstances were in existence, the number of continuing education hours earned in the reporting period and the licensee's plan for completing the balance of the required continuing education. The board, in its discretion, shall determine if the situation described in the licensee's application constitutes unforeseeable circumstances beyond the licensee's control which impose an insurmountable hardship precluding the licensee from obtaining the required continuing education.

(2) A licensee who is granted an extension of time shall complete the balance of his/her continuing education requirements no later than February 28 immediately following the end of the reporting period for which an extension was sought and shall provide the board with written documentation of his/her completion of the continuing education requirements no later than March 10 immediately following the end of the reporting period for which an extension was sought. Failure to complete the continuing education requirements by February 28 or to file the documentation with the board by March 10 shall constitute a violation of section 345.051, RSMo and this rule.

(3) An extension of time shall not be granted to any licensee who obtained an extension in

the immediately preceding reporting period in which the licensee held an active license, except in the case of a licensee who is unable to complete the requirements due to military service commitment pursuant to a combat or national emergency assignment.

(4) Violation of any provision of this rule shall constitute misconduct, fraud, misrepresentation, dishonesty, unethical conduct or unprofessional conduct in the performance of the functions or duties of a speech-language pathologist and/or audiologist depending on the licensee's conduct. In addition, a licensee who has failed to complete and report in a timely fashion the required hours of continuing education and engages in the active practice of speech-language pathology and/or audiology without the express written authority of the board shall be deemed to have engaged in the unauthorized practice of speech-language pathology and/or audiology and punishable as such under section 345.075, RSMo.
