**5 CSR 60-900.010 Standards for the
Approval of Courses for the Education of
Veterans or Eligible Persons**

(Rescinded November 16, 1981)

AUTHORITY: section 161.172, RSMo 1978. Original rule filed Dec. 23, 1975, effective Jan. 2, 1976. Amended: Filed March 9, 1977, effective July 1, 1977. Rescinded: Filed May 20, 1981, effective Nov. 16, 1981.

**5 CSR 60-900.020 Standards for the
Approval of Flight School Courses for the
Education of Veterans**

(Rescinded October 13, 1983)

AUTHORITY: section 161.172, RSMo 1978. Original rule filed July 23, 1975, effective Aug. 2, 1975. Amended: Filed March 13, 1979, effective June 15, 1979. Rescinded: Filed June 24, 1983, effective Oct. 13, 1983.

**5 CSR 60-900.030 Standards for Approval
and Continued Approval of On-the-Job
Training for the Training of Veterans**

PURPOSE: The State Board of Education has the authority to establish a state approving agency and standards for approval and continued approval of on-the-job training for the training of veterans or eligible persons (Reference: 38, United States Code 1771 and 161.172, RSMo). These standards will serve as a guide for those business establishments desiring to provide training for veterans and for the state approving agency in the approval of the courses.

(1) Approval will not be granted for training in occupations which require a relatively short period of experience for a trainee to obtain and hold employment at the market wage in the occupation. This includes occupations such as automobile service station attendant or manager, soda fountain attendant, food service worker, salesman, window washer, building custodian or other unskilled or common labor positions as well as clerical positions for which on-the-job training is not the normal method of procuring qualified personnel.

(2) An application will be approved when the training establishment and its courses are found, upon investigation, to have met these standards—

(A) The job which is the objective of the training is one in which progression and appointment to the next higher classification are based upon skills learned through organized training on the job and not on such factors as length of service and normal turnover. Approval will not be granted for supervisory or managerial positions where the normal method of obtaining the position is by selection based on such factors as experience, demonstrated ability, education and longevity;

(B) The training content of the course is adequate to qualify the veteran for appointment to the job for which he is to be trained;

(C) The job customarily requires a period of training of not less than six (6) months and not more than two (2) years of full-time training;

(D) The length of the training period is not longer than that customarily required by the training establishments in the community to provide the veteran with the required skills, arrange for the acquiring of job knowledge, technical information and other facts which the veteran will need to learn in order to become competent on the job for which he is being trained. Appropriate credit must be given to veterans who have had prior experience or training, with the training period shortened proportionately and the individual's wage schedule adjusted accordingly;

(E) Provision is made for related instruction for the individual veteran who may need it;

(F) There is in the training establishment adequate space, equipment, instructional material and instructor personnel to provide satisfactory training on the job;

(G) Adequate records are kept to show the progress made by each veteran toward his/her job objective;

(H) The veteran is not already qualified by training and experience for the job;

(I) The wages to be paid the veteran upon entrance into training are not less than wages paid nonveterans in the same training position and are at least fifty percent (50%) of the wages paid for the job for which s/he is to be trained and will be increased in regular periodic increments until, not later than the last full month of the scheduled training period, they will be at least eighty-five percent (85%) of the wages paid for the job for which the veteran is being trained.

1. Wages based on piece work, job rates or commissions are not acceptable.

2. Beginning wages and increases shown in the approved wage schedule are considered minimum wages that must be paid to trainees making satisfactory progress; otherwise, the veteran's benefits must be interrupted or terminated.

3. Trainees may be paid at rates that are higher than the rates shown in the approved wage schedule except that a veteran's training benefits must be terminated when s/he is paid at or above the rate that is the approved "wage at completion of program;"

(J) There is a reasonable certainty that the job for which the veteran is to be trained will be available to him/her at the end of the training period; and

(K) A signed copy of the training agreement for each veteran, including the training program and wage schedule as approved by the state approving agency, is provided to the veteran and the VA and the state approving agency by the employer.

AUTHORITY: section 161.172, RSMo 1986. Original rule filed Dec. 23, 1975, effective Jan. 2, 1976.*

**Original authority: 161.172, RSMo 1963.*

**5 CSR 60-900.040 Standards for the
Approval of Apprentice Courses for the
Training of Veterans Under the Provisions
of PL 90-77**

PURPOSE: The State Board of Education has the authority to establish a state approving agency and standards for approval of apprentice courses for the training of veterans under the provisions of PL 90-77 (Reference: 38, United States Code, 1771 and 161.172, RSMo). These standards will serve as a guide for those training establishments desiring to provide apprentice training for veterans and for the state approving agency in the approval of the courses.

(1) Apprentice courses provide training for those occupations commonly known as skilled crafts or trades that require a wide and diverse range of skills and knowledge as well as maturity and independence of judgment. Occupations recognized by the Federal Committee on Apprenticeship are those that customarily have been learned in a practical way through two (2) or more years' training and work experience on the job and that are clearly identified and commonly recognized throughout industry. Occupations that traditionally have not used apprenticeship are—

- (A) Selling, retailing or similar occupations in the distributive field;
- (B) Managerial occupations;
- (C) Clerical occupations;
- (D) Professional and semiprofessional occupations; and
- (E) Agricultural occupations.

(2) An application will be approved when the training establishment and the apprentice course are found, upon investigation, to have met these standards.

(A) The standards of apprenticeship published by the Secretary of Labor under section 50(a) of Title 29, United States Code. An apprentice course should provide for the following:

1. The starting age of an apprentice to be not less than sixteen (16);
2. Full and fair opportunity to apply for apprenticeship;
3. Selection of apprentices on the basis of qualifications alone;
4. A schedule of work processes in which an apprentice is to receive training and experience on the job;
5. Organized instruction designed to provide the apprentice with knowledge in technical subjects related to his/her trade (a minimum of one hundred forty-four (144) hours per year is normally considered necessary);
6. A progressively increasing schedule of wages;
7. Proper supervision of on-the-job training with adequate facilities to train apprentices;
8. Periodic evaluation of the apprentice's progress, both in job performance and related instruction and the maintenance of appropriate records;
9. Employee-employer cooperation;
10. Recognition for successful completions; and
11. Nondiscrimination in all phases of apprenticeship employment and training.

(B) A signed copy of the training agreement for each veteran, making reference to the training program and wage schedule as approved by the state approving agency, is provided to the veteran and the Veterans Administration and the state approving agency by the employer.

AUTHORITY: section 161.172, RSMo 1986. Original rule filed Dec. 23, 1975, effective Jan. 2, 1976.*

**Original authority: 161.172, RSMo 1963.*

5 CSR 60-900.050 Standards for the Approval of Courses for the Education of Persons Under Veterans' Education and Vocational Rehabilitation

PURPOSE: The State Board of Education has the authority to establish standards for the approval of courses for the education of eligible persons as provided by Chapters 32-36, Title 38, United States Code and the Rehabilitation Act of 1973. This rule proposes common approval standards for these programs.

(1) All references to the State Board of Education (the board) in this rule may be construed to include the Department of Elementary and Secondary Education (the department) and the appropriate program sections. The provisions of this section apply to accredited courses and nonaccredited courses.

(A) A course shall not be approved unless the institution has operated that course successfully for a period of twenty-four (24) calendar months for veterans' education courses or six (6) calendar months or for one (1) graduating class for vocational rehabilitation courses. Successful operation shall mean an operation which is sound educationally and financially. The following are exceptions:

1. Any course to be pursued in a public or other tax-supported educational institution;
2. Any course which is offered by an educational institution which has been in operation for more than two (2) years or six (6) calendar months, whichever is appropriate, if the course is similar in character to a course previously given by the institution;
3. Any course which has been offered by an educational institution for a period of more than two (2) years or six (6) calendar months, whichever is appropriate, notwithstanding the institution has moved to another location within the same general locality or has made a complete move with substantially the same faculty, curricula and students, without change in ownership;
4. Any course which is offered by an educational institution of college level and which is recognized for credit toward a standard college degree; or
5. Any course for vocational rehabilitation when a needed course is not available at any other institution offering approved courses within a fifty-five (55)-mile commuting distance as approved by the department.

(B) The educational institution must operate in compliance with all applicable federal, state laws and/or regulations and/or local ordinances.

(C) The institution shall make available the instructional facilities and all appropriate records and accounts for inspection by the authorized representatives of the department, United States Department of Education and the Department of Veterans Affairs.

(D) Institutions may make a request for an exception to any of the requirements or provisions of this rule. The institutions must make the request in writing and provide justification for the exception. An exception may be allowed only at the discretion of the department.

(E) Any approval issued under the provisions of this rule may be withdrawn or suspended by the department for cause. Before any approval is suspended or withdrawn, the department shall serve a notice in writing to the affected institution with a statement of the reason for its action, unless exigent circumstances warrant immediate suspension of future enrollments. The notice shall be served not less than ten (10) days before the effective date of the action. Upon request during the ten (10)-day period, the institution shall be entitled to a hearing before the department. The affected institution shall be notified within a reasonable time of the department's action.

(F) Advertising must be completely truthful and factual and must avoid leaving any misleading, false or exaggerated impression, either by actual statement, omission or intimation.

1. Institutions which have courses approved for eligible persons shall limit their advertisement of this fact to a statement such as Approved for Veterans' Education by the department, Approved for Veterans, or G.I. Approved. Statements such as Approved by the Department of Veterans Affairs (VA) or VA Approved are not acceptable as the Department of Veterans Affairs is not the approving agency.

2. Advertising must clearly indicate that training or education and not employment, is being offered. Advertising under help wanted classifications is prohibited.

3. Advertising must include the correct name and location of the institution.

4. Institutions shall assume full responsibility for the actions, statements and conduct of their field representatives.

5. Institutions with courses approved by the department must comply with the advertising criteria of state-approving agencies in the states in which advertising is used.

(G) For veterans' education, a course with a vocational objective will not be approved unless the eligible person or the institution offering that course, establishes that at least one-half (1/2) of the persons completing the

course, over the preceding two (2)-year period, excluding the number of persons who completed those courses with assistance under Title 38, *United States Code* (U.S.C.), while serving on active duty and the number of persons who are unavailable for employment, have been employed in the occupational category for which the course was designed to provide training.

(H) A change of ownership, administration or location without consent of the department shall be sufficient cause to withdraw the approval or suspend future enrollments.

(I) Institutions which have live projects as a part of the instruction program shall submit a statement of policies for approval by the department. The purpose of the policy is to prevent schools from emphasizing a commercial enterprise rather than work related to hands-on and classroom training.

1. The statement of policies must provide information regarding charges for instructor and student labor and materials used in live projects instruction.

2. The institution shall keep records on file concerning live projects which will show that the institution is not violating its statement of policies.

3. The utilization of participants in custodial maintenance within the school for areas other than the immediate shop or work area is expressly forbidden.

4. Students cannot perform capital improvements on buildings and facilities owned by a private-for-profit agency. Capital improvements are any modification, addition or restoration which increases the usefulness, productivity or serviceable life of an existing building or structure, or major item of equipment which is classified for accounting purposes as a fixed asset and the recorded value is increased by the cost of the improvement and subject to depreciation.

(J) The charges for tuition, fees and other charges for the course or program of education shall be reasonable, based on the services to be rendered, the books, supplies and equipment to be furnished and the operating costs of the institution.

(2) The provisions of this section apply to accredited courses.

(A) A course may be approved as an accredited course if it meets one (1) of the following requirements:

1. The course has been accredited and approved by a nationally recognized accrediting agency or association. Candidate for accreditation status is not a basis for approval of a course as accredited;

2. Credit for the course is recognized by the department for credit toward a high

school diploma or for a certificate of license to teach; or

3. The course is conducted under 20 U.S.C. 11-28 concerning vocational education.

(B) Any curriculum offered by an educational institution which is a member of one of the nationally recognized accrediting agencies or associations and which leads to a degree, diploma or certificate may be accepted as an accredited course by the department. Any curriculum accredited by one of the specialized nationally recognized accrediting agencies or associations and which leads to a degree, diploma or certificate may also be accepted as an accredited course by the department. Approval of the individual subjects, required or elective, which are designated as a part of the curriculum will not be necessary. This approval may include non-credit subjects that are prescribed as a required part of the curriculum. The course objective may be educational leading to a high school diploma or a standard college degree or it may be vocational or professional leading to an occupation.

(C) A nationally recognized accrediting agency or association is one (1) that appears on the list published by the United States Department of Education. The department may utilize the accreditation of accrediting agencies or associations for approval of the course specifically accredited and approved by that agency or association.

(D) Applications for initial approval or for approval of additional courses shall be made on the application provided by the department. The application form and attachments should be submitted to the director of Veterans' Education, Department of Elementary and Secondary Education, P.O. Box 480, Jefferson City, MO 65102. Courses approved under Veterans' Education guidelines may be accepted for vocational rehabilitation. Courses for program specific purposes will be approved by the respective program. The application shall include the required copies of the school's catalog or bulletin which must be certified as true and correct in content and policy by an authorized representative of the school. The catalog, bulletin or separate publication must specifically state the following:

1. Institution policy and regulations relative to standards of progress required of the student by the institution. This policy will define the grading system of the institution, the minimum grade considered satisfactory, conditions for the interruption for unsatisfactory grades or progress, and a description of the probationary period, if any, allowed by the institution and conditions of reentrance for those students dismissed for unsatisfactory

progress. A statement will be made regarding progress records kept by the institution and furnished the student;

2. Institution policy and regulations relating to student conduct, conditions for dismissal for unsatisfactory conduct, conditions of reentrance of students dismissed for unsatisfactory conduct; and

3. Institution policy and regulations relating to student attendance for resident courses not leading to a standard college degree, conditions for dismissal for unsatisfactory attendance and conditions of reentrance of students dismissed for unsatisfactory attendance.

(E) The department may approve the application of the school when the school and the courses are found to have met the following criteria:

1. Adequate records are kept by the school to show the progress of each eligible person.

A. The records must be sufficient to show continued pursuit at the rate for which enrolled and the progress being made.

B. They must include a final grade in each subject for each term, quarter or semester; record of withdrawal from any subject to include the last day of attendance for a resident course; and record of reenrollment in subjects from which there was a withdrawal.

C. The school must provide a system for establishing and reporting promptly to the department, Department of Veterans Affairs or other appropriate federal agency, the last date of attendance or the last date of pursuit of an eligible person who discontinues a subject(s) or fails to comply with the school's withdrawal procedures.

D. They may include records such as attendance for resident courses, periodic grades and examination results;

2. The school maintains a written record of previous education and training of the eligible person which clearly indicates that appropriate credit has been given by the school for previous education and training, with the training period shortened proportionately and the person and the Department of Veterans Affairs and vocational rehabilitation so notified. The record must be cumulative in that the results of each enrollment period, whether term, quarter or semester, must be included so that it shows each subject undertaken and the final result—that is, passed, failed, incomplete or withdrawn;

3. The school enforces a policy relative to standards of conduct and progress required of the eligible persons.

A. The school policy relative to standards of progress must be specific enough to determine the point in time when educational

benefits should be discontinued, when the eligible person ceases to make satisfactory progress.

B. No eligible person will be considered to have made satisfactory progress when s/he fails all subjects undertaken, except when there is a showing of mitigating circumstances, when enrolled in two (2) or more unit subjects.

C. The policy must include the grade or grade point average that will be maintained if the student is to graduate. For example, a college must require a 1.5 grade point average the first year, a 1.75 average at mid-year the second year and a cumulative average of 2.0 thereafter on the basis of 4.0 for an A. The policy may include a probationary period of two (2) quarters or semesters when the student falls below the required average. If a probationary period is allowed, it will not be necessary to report unsatisfactory progress to the Department of Veterans Affairs until the completion of the probationary period.

D. The enrollment of a veteran or other person eligible for veterans' benefits shall not be considered valid under applicable federal law and/or regulation, for a course for which the grade assigned is not used in computing the requirements for graduation; including a course from which a student withdraws after an official drop-add period, not to exceed thirty (30) days, unless there are mitigating circumstances;

4. The school maintains adequate attendance records for eligible persons enrolled in resident courses not leading to a standard college degree; and

5. The school must provide, upon request by the department, an authenticated copy of the latest report of accreditation from the appropriate accreditation agency(ies).

(3) The provisions of this section apply to courses which cannot be considered as accredited courses pursuant to this rule.

(A) Applications for initial approval or for approval of additional courses shall be made on the application provided by the department. The required copies of the completed application and all attached materials should be submitted to the department.

(B) The school shall notify the appropriate section of the department of any change in personnel, charges, ownership or any other information contained in the initial application. The changes shall be submitted promptly on forms provided by the department.

(C) The institution must be financially sound and capable of fulfilling its commitments for the approved educational program.

(D) The institution must require good discipline, orderliness and regular attendance at all times.

(E) The institution shall publish its standards of conduct, progress and attendance which are required of students and shall enforce these standards. These standards must define the following:

1. The school's grading system;

2. The minimum satisfactory grade level;

3. Conditions for interruption of training due to unsatisfactory grades or progress;

4. A description of any probationary period;

5. Conditions for a student's reentrance/readmission following dismissal and/or suspension for unsatisfactory progress, conduct or attendance; and

6. Conditions for dismissal due to unsatisfactory conduct and/or attendance.

(F) Good housekeeping must be maintained throughout the institution at all times.

(G) There shall be sufficient, qualified and capable personnel connected with the institution to ensure good administration, supervision and instruction.

1. All personnel connected with the institution shall be of good reputation and character.

2. The administrator shall have at least three (3) years of experience in a public or private school in administrative work or possess a college degree with at least a minor in the field of administration.

3. All instructors must be proficient in the trade or occupation to be taught, as evidenced by at least three (3) years of experience beyond the learning stage in the trade, occupation or subject or shall possess a college degree with at least a minor in the subject involved. These qualifications must be clearly shown on a personnel record form provided by the department for each person on the school staff.

4. No instructor shall have a daily schedule (both in school and outside of school) of more than fifty-five (55) hours per week, nor shall any instructor be engaged in instructional work for more than forty-eight (48) hours per week. The instructional work-day of instructors will include break times allowed the students. Business school teachers shall not teach more than forty-eight (48) hours per week including evening school.

(H) The institution must provide adequate facilities.

1. All classroom, laboratory and shop areas must be well-lighted, heated and ventilated.

2. Adequate space must be provided in classrooms, laboratories and shops for the number to be trained.

3. Separate toilet facilities must be provided for both sexes, if both sexes are enrolled in the institution. At least one (1) stool must be provided for each twenty-five (25) students and at least one (1) urinal for each thirty-five (35) male students. Adequate lavatory facilities must be provided in those institutions involving work with laboratory or shop tools.

4. Adequate locker space must be provided each student in those institutions where needed for storage of student tools, supplies and/or clothing.

5. Classrooms must be equipped with comfortable chairs and tables or armchairs and with a blackboard of sufficient size for use by the instructors. Classrooms must be separate from shops and laboratories and must be partitioned so that there is a minimum of noise from shops and laboratories.

6. An adequate library must be provided which is easily accessible and which contains sufficient reference materials so that each student will be provided with essential related information.

7. Tools and/or laboratory equipment must be provided in sufficient quantities and in good quality.

8. Teaching materials must include modern teaching aids, charts, films, projectors, mock-ups, models, and the like, when those materials are necessary to the teaching of the trade, occupation or subject.

9. Institutions may not be operated in connection with a commercial enterprise unless approved by the department.

10. Institutions shall not be located in conjunction with living quarters.

11. Accommodations for the disabled shall be provided by the institution in accordance with applicable federal and state laws and/or regulations.

(I) The course of study must be adequate to prepare the student for the stated course objective.

1. The course of study applicable to veterans and other persons eligible for veterans' benefits shall provide for a minimum of twelve (12) weeks and a minimum of three hundred (300) hours of instruction. Shorter courses will not be approved unless an exception is granted by the department pursuant to the rules promulgated by the board.

2. The course of study shall be consistent in quality, content and length with similar courses offered by public and private schools in the state which have recognized accepted standards.

3. The course of study shall provide for a schedule of the tests and examinations to be given.

4. The grading policy must provide for periodic evaluation of the student's proficiency and progress.

(J) A copy of the course outline, schedule of tuition, fees and other charges, regulations pertaining to absences, grading policy and rules of operation and conduct will be furnished the eligible person upon enrollment. The established student complaint procedures must be posted in a conspicuous place within the school.

(K) Upon completion of training, the eligible person will be given a certificate by the school indicating the approved course and indicating that training was satisfactorily completed.

(L) The school must maintain adequate records which include the following:

1. A written record of the previous education and training of the eligible person that clearly indicates that appropriate credit has been given for previous education and training, with the training period shortened proportionately and the eligible persons, the Department of Veterans Affairs and vocational rehabilitation so notified;

2. Accurate and current records of attendance, tardiness, makeup work, proficiency and progress;

3. Individual instructor's class records and permanent office records for each student;

4. Placement or location records for graduates;

5. The institution shall maintain financial records in accordance with generally accepted accounting principles and which accurately reflect and support the receipts and charges applicable to veterans and vocational rehabilitation supported students. Further, that all these records and supporting documents shall be retained in accordance with current state and/or federal laws, and/or regulations; and

6. The institution shall submit any records, documents, reports and/or data requested by the department necessary for the administration of the veterans and vocational rehabilitation programs.

(M) The charges for tuition, fees and other charges for the course or program of education shall be reasonable, based on the services to be rendered, the books, supplies and equipment to be furnished and the operating costs of the institutions. The following referral policy applies only to eligible persons receiving veterans benefits:

1. The institution shall establish and maintain a policy for the refund of the unused

portion of tuition, fees and other charges in the event an eligible person fails to enter the course or withdraws or is discontinued at any time prior to completion and the policy shall provide that the amount charged to the eligible person for tuition, fees and other charges for a portion of the course does not exceed the approximate *pro rata* portion of the total charges for tuition, fees and other charges that the length of the completed portion of the course bears to its total length.

(N) The institution shall use a satisfactory method of selecting students. Entrance requirements shall be based upon ability of the individual to perform at a level commensurate with the physical or mental demands, or both, of the course. Instruments for measuring ability shall include previous school records, previous work records, psychological testing as and when necessary.

(O) An accurate and current organizational chart shall be available showing the following:

1. Daily hours of instruction including beginning and ending time of classes, lunch, break periods, and the like;

2. Instructor's schedule including instructor's name, subject taught, time and room assignment; and

3. A class schedule must be maintained for each student in institutions having a curriculum composed of single unit subjects.

(4) The provisions of this section apply to charges and reimbursements for accredited and nonaccredited courses. For the purpose of administering this rule, an individual referral is a student referred by a sponsoring agency for skill training or training-related service for which the department has contracted to reimburse a public, not-for-profit or for-profit institution. The cost of training for individual referrals with the Division of Vocational Rehabilitation shall be reimbursed in the following way:

(A) The department shall enter into written agreements with public, not-for-profit and for-profit institutions for the purpose of administering individual referrals and shall develop and provide procedures which assist in administering the program;

(B) Courses which meet the following conditions are eligible to be included in the individual referral program:

1. Courses which are approved under this rule; and

2. Courses which are offered outside of the boundaries of Missouri may be utilized when they are approved by a comparable agency as determined by the department;

(C) Tuition payments shall be made on the basis of the school's instructional periods,

(that is, quarters, terms or semesters). However, the following guidelines shall apply:

1. Any instructional period that is at least twenty (20) weeks but no more than thirty-nine (39) weeks, will be treated as having a minimum of two (2) equal instructional periods;

2. Any instruction period that is at least forty (40) weeks but no more than fifty-nine (59) weeks, will be treated as three (3) equal instructional periods. Programs of instruction in licensed practical nursing, surgical technology, respiratory therapy, dental technology, emergency medical technician-paramedic, radiology and massage therapy are excluded;

3. Courses with instructional periods that are at least sixty (60) weeks or more will be divided into additional segments of twenty (20) weeks; and/or

4. The total instructional program for licensed practical nursing, surgical technology, respiratory therapy, dental technology, emergency medical technician-paramedic, radiology and/or massage therapy will be treated as one (1) instructional period;

(D) Costs for equipment, fees and supplies are to be reimbursed separately as those costs are incurred. Registration fees are limited to a maximum of one hundred dollars (\$100) per student;

(E) In case of a student termination, the following refund policy shall apply to funds received from the department:

1. Within the first week of each instructional period, the school may retain ten percent (10%) of the tuition;

2. Within the second and third week of each instructional period, the school may retain twenty percent (20%) of the tuition;

3. After the beginning of the fourth week in each instructional period but prior to twenty-five percent (25%) of each instructional period, the school may retain twenty-five percent (25%) of the tuition;

4. After completing twenty-five percent (25%) but prior to completing fifty percent (50%) of the instructional period, the school may retain fifty percent (50%) of the tuition;

5. After completing fifty percent (50%) of the instructional period, the school may retain one hundred percent (100%) of the tuition;

6. For short courses where there is a conflict in the refund pursuant to this rule, the school will retain the greater amount; or

7. For courses offered by an accredited school that lead toward an associate or higher degree or programs of instruction in licensed practical nursing, surgical technology, respiratory therapy, dental technology, emergency medical technician-paramedic,

radiology and/or massage therapy the refund policy of the institution will be applied;

(F) Services provided prior to or after dates approved by the authorizing document will not be reimbursed;

(G) Institutions shall submit reimbursement request for tuition payments of individual referrals for each instructional period; and

(H) Due to the short-term, intense nature of proprietary, trade or technical school courses, and the close involvement by vocational rehabilitation counselors and others in the vocational training process, monthly progress reports to the vocational rehabilitation counselor are required.
