HOW TO CITE RULES AND RSMo

RULES—Cite material in the *Missouri Register* by volume and page number, for example, Vol. 28, *Missouri Register*, page 27. The approved short form of citation is 28 MoReg 27.

The rules are codified in the *Code of State Regulations* in this system—

Title	Code of State Regulations	Division	Chapter	Rule
1	CSR	10-	1.	010
Department		Agency, Division	General area regulated	Specific area regulated

They are properly cited by using the full citation, i.e., 1 CSR 10-1.010.

Each department of state government is assigned a title. Each agency or division within the department is assigned a division number. The agency then groups its rules into general subject matter areas called chapters and specific areas called rules. Within a rule, the first breakdown is called a section and is designated as (1). Subsection is (A) with further breakdown into paragraph 1., subparagraph A., part (I), subpart (a), item I. and subitem a.

RSMo—The most recent version of the statute containing the section number and the date.

The Secretary of State shall publish all executive orders beginning January 1, 2003, pursuant to section 536.035.2, RSMo Supp. 2014.

ATTEST:

Jason Kander
Secretary of State

Under this heading will appear the text of proposed rules and changes. The notice of proposed rulemaking is required to contain an explanation of any new rule or any change in an existing rule and the reasons therefor. This is set out in the Purpose section with each rule. Also required is a citation to the legal authority to make rules. This appears following the text of the rule, after the word "Authority."

Entirely new rules are printed without any special symbology under the heading of proposed rule. If an existing rule is to be amended or rescinded, it will have a heading of proposed amendment or proposed rescission. Rules which are proposed to be amended will have new matter printed in boldface type and matter to be deleted placed in brackets.

An important function of the *Missouri Register* is to solicit and encourage public participation in the rulemaking process. The law provides that for every proposed rule, amendment, or rescission there must be a notice that anyone may comment on the proposed action. This comment may take different forms.

If an agency is required by statute to hold a public hearing before making any new rules, then a Notice of Public Hearing will appear following the text of the rule. Hearing dates must be at least thirty (30) days after publication of the notice in the *Missouri Register*. If no hearing is planned or required, the agency must give a Notice to Submit Comments. This allows anyone to file statements in support of or in opposition to the proposed action with the agency within a specified time, no less than thirty (30) days after publication of the notice in the *Missouri Register*.

An agency may hold a public hearing on a rule even though not required by law to hold one. If an agency allows comments to be received following the hearing date, the close of comments date will be used as the beginning day in the ninety- (90-) day-count necessary for the filing of the order of rulemaking.

If an agency decides to hold a public hearing after planning not to, it must withdraw the earlier notice and file a new notice of proposed rulemaking and schedule a hearing for a date not less than thirty (30) days from the date of publication of the new notice.

Proposed Amendment Text Reminder:
Boldface text indicates new matter.

[Bracketed text indicates matter being deleted.]

Title 6—DEPARTMENT OF HIGHER EDUCATION Division 10—Commissioner of Higher Education Chapter 12—Interstate Reciprocity

PROPOSED RULE

6 CSR 10-12.010 State Authorization Reciprocity Agreement

PURPOSE: This rule sets forth the standards and procedures through which schools may be approved to participate in the State Authorization Reciprocity Agreement (SARA) and that students enrolling in SARA schools have financial and educational safeguards as provided in the rule.

(1) Definitions.

(A) "Accredited" means holding institutional accreditation by name as a U.S.-based institution from an accreditor recognized by the U.S. Department of Education.

(B) "Approve" or "Approval" in the context of an institutional application to operate under State Authorization Reciprocity Agreement (SARA) means a written statement by a home state that an institution meets the standards required by SARA and is eligible to operate under SARA.

(C) "Authorized" means holding a current valid charter, license, or other written document issued by a state, the federal government, or a recognized Indian tribe, granting the named entity the authority to issue degrees and operate within a state or jurisdiction.

(D) "Charter" means a document bearing the word Charter issued by proper governmental authority that names a college or university as a degree-granting institution authorized to operate under the laws of the issuing jurisdiction.

(E) "Clinical" means a supervised field experience through which students earn academic credit through observation, treatment, and interaction with actual patients.

(F) "Complaint" means a formal assertion in writing that the terms of this agreement, or of laws, standards, or regulations incorporated by this agreement, are being violated by a person, institution, state, agency, or other organization or entity operating under the terms of this agreement.

(G) "C-RAC Guidelines" or "Council of Regional Accrediting Commissions (C-RAC)" refers to the *Interregional Guidelines for the Evaluation of Distance Education Programs (Online Learning)* for best practices in postsecondary distance education developed by leading practitioners of distance education and adopted by the C-RAC.

(H) "Credits" means numeric descriptors of completion of academic work applicable toward a degree, including the Carnegie unit system and competency units.

(I) "Degree" means an award conferred at the associate level or higher by an institution as official recognition for the successful completion of a program of studies.

(J) "Distance education" means instruction offered by any means where the student and faculty member are in separate physical locations. It includes, but is not limited to, online, interactive video, or correspondence courses or programs.

(K) "Faculty" means a professional individual employed by or contracting with an institution primarily to teach, conduct research, or provide related professional education services.

(L) "Home state" means a member state where the institution holds its legal domicile for purposes of accreditation. To operate under SARA an institution must have a single home state.

(M) "Host state" means a member state in which an institution operates under the terms of this agreement, other than the home state.

(N) "Hybrid" means an educational program or course that includes both face-to-face and distance education. Also known by the name "blended" and, sometimes, other terms.

(O) "Institution" means a degree-granting, postsecondary entity holding recognized accreditation for purposes of participation in SARA.

(P) "Internship" means a supervised field experience through which students earn academic credit and practical experience through training, observation, and interaction with employees and customers in an ongoing organizational or business setting. The term "internship" may be interchangeable with "externship" based on state or institutional definitions.

(Q) "Member state" means any state, district, or territory that has joined a SARA agreement through a regional compact.

(R) "Non-degree award" means a formal postsecondary award that does not carry the designation of Associate degree or higher.

(S) “Operate” means activities conducted by an institution in support of offering distance education degree or non-degree courses or programs in a state, including, but not limited to, instruction, marketing, recruiting, tutoring, field experiences, and other student support services.

(T) “Physical presence” means a measure by which a state defines the status of an educational institution’s presence within the state. An institution or an institution’s program meeting one (1) or more of the criteria for physical presence must meet the non-SARA requirements to operate legally in the state of Missouri.

1. Physical presence includes—

A. A physical location for groups of five (5) or more students to receive synchronous or asynchronous instruction;

B. A requirement for students to meet in a location for instructional purposes more than twice per quarter or semester for a total of more than six (6) contact or clock hours;

C. Administrative office spaces for instructional and non-instructional staff;

D. A physical site on behalf of an institution from which prospective students may receive information regarding enrollment or students may receive support services;

E. Short courses that require more than twenty (20) contact hours; or

F. A mailing address or phone exchange within the state.

2. An institution is not considered to have a physical presence and therefore eligible for purposes of participation in SARA if it only—

A. Advertises via print, billboard, mail, or electronic media;

B. Offers courses of programs on military bases and enrollment is restricted to federal employees and their family members;

C. Maintains a server, router, or similar device in a facility that otherwise would not constitute a physical presence;

D. Employs faculty or other academic personnel who reside in the state;

E. Holds proctored exams at a Missouri location on behalf of the institution;

F. Recruits for a distance education program;

G. Participates in a consortia agreement to offer academic programs among SARA institutions and approved by each participating institution;

H. Has a contractual arrangement with the home or host state; or

I. Offers students educational field experiences or limited supervised field experiences in Missouri. Field experiences originating from campus-based programs are considered distance education for the purposes of participation in SARA if they place fewer than ten (10) students per program cohort and do not involve multi-year contracts between the institution and a location within the host state.

(U) “Portal agency” means the single agency designated by each SARA member state to serve as the interstate point of contact for SARA questions, complaints, and other communications. The Missouri Department of Higher Education is the portal agency for the state of Missouri.

(V) “Regional compact” means the New England Board of Higher Education, Midwestern Higher Education Compact, Southern Regional Education Board, or Western Interstate Commission for Higher Education. The Midwestern Higher Education Compact is the regional compact to which Missouri is a signatory.

(W) “SARA” means the State Authorization Reciprocity Agreement, which is an agreement among member states, districts, and territories that establishes comparable national standards for interstate offering of postsecondary distance education courses and programs.

(X) “State” means any state, commonwealth, district, or organized territory of the United States.

(Y) “Supervised field experience” means a student learning experience under the oversight of a supervisor, mentor, faculty member, or other qualified professional, located in the host state, who has a direct or indirect reporting responsibility to the institution where the student is enrolled, whether or not credit is granted. Examples include practica, student teaching, or internships. Independent off-campus study by individual students not engaged in a supervised field experience does not constitute a physical presence of a postsecondary institution in a SARA member state.

(2) Responsibilities of the Missouri Department of Higher Education (MDHE).

(A) Consistent with Midwest State Authorization Reciprocity Agreement (M-SARA) requirements, MDHE shall—

1. Serve as the primary point of contact for Missouri institutions participating in SARA for any issues that may arise between the institution and other SARA member states;

2. Serve as the point of contact for all other SARA member states and their agencies for questions about SARA within Missouri;

3. Determine whether a Missouri institution is eligible for participation in SARA, and lead any investigations regarding whether an institution is in compliance with SARA rules and policies; and

4. Serve as the contact point for complaints about any institutions in the state that are operating under SARA.

(B) MDHE will require each Missouri applicant institution to apply for state approval using the standard SARA institutional application including the agreement to operate under the C-RAC guidelines.

(C) MDHE will review applications for renewal of approval to participate in SARA on an annual basis.

(D) MDHE will recommend, and the Coordinating Board for Higher Education (CBHE) will approve, an annual fee schedule that provides sufficient funds to cover the administrative costs for oversight of SARA.

(E) MDHE will verify institutional accreditation by an accrediting body recognized by the U.S. Department of Education. Such accreditation is considered by MDHE to be sufficient initial evidence of academic quality for approving institutions for participation in SARA.

(F) MDHE will accept applications from accredited degree-granting institutions of all sectors. Applications are approved based on the same criteria regardless of sector.

(G) For non-public institutions, MDHE will accept an institutional federal financial responsibility rating of 1.5 or above as sufficient evidence of financial stability to qualify for participation in SARA.

(H) In the event an institution does not participate in federal Title IV financial aid, and therefore has no federal financial responsibility rating, MDHE will calculate this rating before allowing an institution to participate in SARA.

1. For an institution with a financial responsibility rating of 1.0 to 1.4, MDHE will consider the institution for participation in SARA if the institution provides one (1) of the following:

A. A performance bond or irrevocable letter of credit in an amount equivalent to the unearned tuition of SARA students; or

B. Evidence and commitment of sufficient financial resources available to the institution to meet the above requirement.

2. MDHE will not consider an initial or renewal application for participation in SARA from an institution with a financial responsibility rating less than 1.0.

(I) In the event of an unanticipated closure or natural disaster impacting a campus, MDHE will work with the institution to develop and approve a plan for the protection of student records. All Missouri institutions participating in SARA must agree to provide a comprehensive plan for providing students with opportunities to complete their education program and for preservation of student records upon request from the MDHE.

(3) Institutional Responsibilities.

(A) Missouri institutions seeking participation in SARA must hold

proper authorization from Missouri to offer postsecondary education, hold accreditation from an accrediting association recognized by the U.S. Department of Education, and maintain minimally accepted financial responsibility scores. (See Responsibilities of MDHE)

(B) Any Missouri institution operating under SARA that offers courses or programs potentially leading to professional licensure must keep all students and potential students informed as to whether such offerings actually meet state licensing requirements. An e-mail dedicated solely to this purpose and sent to the student's best known e-mail address meets this requirement. The institution should use other means to notify the student if needed. SARA eligibility of the course or program offered will result for failure to provide proper notice in one (1) of the two (2) ways listed below:

1. The institution will notify the applicant or student in writing that the institution has determined the course or program meets the requirements for professional licensure in the state where the applicant or student resides; or

2. The institution will notify the applicant or student in writing that the institution cannot confirm the course or program meets requirements for professional licensure in the student's state. The institution must provide the student with current contact information for any applicable licensing boards and advise the student to determine whether the program meets requirements for licensure in the state where the student resides. Such contact information may include, but is not limited to, the current, active website of the applicable licensing board.

(C) In order to maintain approval, an institution must agree to—

1. Abide by the *Interregional Guidelines for the Evaluation of Distance Education* adopted by the Council of Regional Accrediting Commissions, as summarized below:

A. Online learning is appropriate to the institution's mission and purposes;

B. The institution's plans for developing, sustaining, and, if appropriate, expanding online learning offerings are integrated into its regular planning and evaluation processes;

C. Online learning is incorporated into the institution's systems of governance and academic oversight;

D. Curricula for the institution's online learning offerings are coherent, cohesive, and comparable in academic rigor to programs offered in traditional instructional formats;

E. The institution evaluates the effectiveness of its online learning offerings, including the extent to which the online learning goals are achieved, and uses the results of its evaluations to enhance the attainment of the goals;

F. Faculty responsible for delivering the online learning curricula and evaluating students' success in achieving the online learning goals are appropriately qualified and effectively supported;

ORDER OF RULEMAKING

By the authority vested in the Missouri Gaming Commission (MGC) under section 313.805, RSMo Supp. 2014, the commission adopts a rule as follows:

11 CSR 45-8.140 is adopted.

A notice of proposed rulemaking containing the text of the proposed rule was published in the *Missouri Register* on September 2, 2014 (39 MoReg 1458-1461). The section with changes is reprinted here. This proposed rule becomes effective thirty (30) days after publication in the *Code of State Regulations*.

SUMMARY OF COMMENTS: A public hearing was held on this proposed rule on October 6, 2014. No one attended the public hearing. One (1) written comment was received from Mike Winter, Executive Director of the Missouri Gaming Association (MGA). The MGC staff commented on the rule.

COMMENT #1: Regarding 11 CSR 45-8.140(3), a staff member requested section (3) be revised to clarify that this segregation of duties is by job title, and also noted that the job descriptions in the Internal Control System need to specify those positions which have the authority to verify credit applications and those positions which have the authority to approve credit applications. These duties need to be segregated and shall not be listed for the same job position.

RESPONSE AND EXPLANATION OF CHANGE: Due to these comments, the language in section (3) has been revised to clarify that this segregation of duties is by job title. Corresponding changes regarding this issue are included with the responses in 11 CSR 45-9.108 with regard to H §21.04.

COMMENT #2: Regarding 11 CSR 45-8.140(3), the MGA asked if this section could be re-written with the caveat that the approver may verify provided they do not approve any lines they have verified. This would allow for some additional flexibility but still have separation in these areas.

RESPONSE: To provide effective preventive controls, these duties should remain segregated to allow for access control by job title. No change was made as a result of this comment.

COMMENT #3: A staff member requested that the language in 11 CSR 45-8.140(3) be modified in order to avoid any potential inconsistency with statutory language in § 313.317.8, RSMo.

RESPONSE AND EXPLANATION OF CHANGE: Staff agreed to modify the second sentence of 11 CSR 45-8.140(3) to clarify that the information required to be kept in the credit file be the information that is required by §313.317.8, RSMo.

11 CSR 45-8.140 Application and Verification Procedures for Granting Credit

(3) Upon receipt of an application for credit, a confidential credit file for that person containing the information required under section (1) shall be prepared by a cage or credit employee of the Class B licensee either manually or electronically prior to the Class B licensee's approval of a person's credit limit. The information used to determine that an applicant is a "qualified person" pursuant to section 313.317.8, RSMo, must be contained in the person's credit file. A cage or credit employee who is responsible for receiving, processing, or verifying the information in credit applications shall not have authority to approve any credit limits or credit limit increases.

Changes have been made to the text of the proposed rule, so it is reprinted here. This proposed rule becomes effective thirty (30) days after publication in the *Code of State Regulations*.

SUMMARY OF COMMENTS: A public hearing was held on this proposed rule on October 6, 2014. No one attended the public hearing. One (1) written comment was received from Mike Winter, Executive Director of the Missouri Gaming Association (MGA).

COMMENT: Regarding 11 CSR 45-8.142(2), the MGA noted player ratings would be accessible but would not be part of the credit file.
RESPONSE AND EXPLANATION OF CHANGE: The staff revised section (2) and added a section (3) to clarify that the player ratings may be retained separately from the credit file.

11 CSR 45-8.142 Documentation of Customer Credit Transactions

(2) Evidence of creditworthiness and related documents shall be retained in the credit file for a minimum of five (5) years, or as long as the debt remains unpaid, whichever is longer.

(3) Player ratings (if rated) shall be retained for a minimum of five (5) years, or as long as the debt remains unpaid, whichever is longer. These records may be maintained separately from the credit file.

Division 45—Missouri Gaming Commission
Chapter 9—Internal Control System**

ORDER OF RULEMAKING

By the authority vested in the Missouri Gaming Commission (MGC) under section 313.805, RSMo Supp. 2014, the commission adopts a rule as follows:

11 CSR 45-9.104 is adopted.

A notice of proposed rulemaking containing the text of the proposed rule was published in the *Missouri Register* on September 2, 2014 (39 MoReg 1466-1469). Changes have been made to the text of the proposed revision of the Minimum Internal Control Standards (MICS) as incorporated by reference in Chapter D, and those changes are explained below. Changes have been made to the text of the proposed rule, so it is reprinted here. This proposed rule becomes effective thirty (30) days after publication in the *Code of State Regulations*.

SUMMARY OF COMMENTS: A public hearing was held on this proposed rule on October 6, 2014. No one attended the public hearing. Written comments were received from Mike Winter, Executive Director of the Missouri Gaming Association (MGA). The MGC staff also commented on the rule.

COMMENT #1: D §20.01(D)—A staff member requested that §20.01(D) be revised to clarify the process following the examination of the credit file in order to avoid any potential inconsistency with the statutory language in §313.317.8, RSMo.

RESPONSE AND EXPLANATION OF CHANGE: The staff revised D §20.01(D) to read—“(D) Examine the patron’s credit file to verify the requested credit does not exceed the approved credit

limit. If a manual system is used, the employee shall contact the cashier or other independent source to verify the requested credit does not exceed the approved credit limit. If it does exceed the limit, obtain the required authorizations for the extension of credit.”

COMMENT #2: D §20.01(E)(6)—The MGA inquired if when the approver and the “prepared by” and “approved by” are the same person, whether they need to sign twice, or if “N/A” or “same” be sufficient?

RESPONSE: Each signature line represents who performed that distinct function and must have a signature. No changes were made as a result of this comment.

COMMENT #3: D §20.01(G)—A staff member requested a revision to this standard to allow the counter checks to be accepted without comparing the signature on the counter check to the signature on the credit application. Limiting access to the credit application provides better protection of the patron’s financial information because it reduces the number of employees who have access to that information.

RESPONSE AND EXPLANATION OF CHANGE: The staff agrees to remove “and the signature on the credit application” from D §20.01(G) to read—“(G) Receive the signed counter check directly from the patron and verify the signature on the counter check matches the signature on the identification presented by the patron.” Corresponding changes regarding this issue are included with the responses in 11 CSR 45-9.108 with regard to H §21.08.

COMMENT #4: D §20.01(H)—A staff member requested a revision to this standard to clarify that the dealer signs the issue slip at the time it is accepted and to include a cross-reference to the procedures for accepting counter checks as described in D §10.

RESPONSE AND EXPLANATION OF CHANGE: The staff revised the language to clarify that the counter check issue slip is given to the dealer or boxperson to read—“(H) Give the counter check issue slip to the dealer or boxperson who shall process the counter check as described in § 10 of this chapter.” Corresponding changes regarding this issue are included with the responses in 11 CSR 45-9.118 with regard to R §7.01(NNN).

COMMENT #5: D §20.01(I)—A staff member commented that feedback had been received from casino(s) suggesting the removal of the requirement for the guest signature on the counter check receipt.

RESPONSE AND EXPLANATION OF CHANGE: The staff concluded that the intent is for the counter check receipt to include the printed information from the system, and replaced “recorded” with “printed” in D §20.01(I) to make an exception for the signatures on the receipt and the payment slip at the time of issuance/acceptance. D §20.01(I) was changed to read—“(I) Issue a counter check receipt to the patron that contains the information printed on the counter check.” Corresponding changes regarding this issue are included with the responses in 11 CSR 45-9.108 with regard to H §21.09 and §21.19, as well as 11 CSR 45-9.118 with regard to R §7.01(NNN).

COMMENT #6: D §20.01(I)—The MGA stated that in other jurisdictions the receipt is not given unless the marker is bought back at the cage. Meeting this requirement is costly and not necessary. The receipt has no value to the patron. The MGA noted that the proof the patron took out the marker is the signed marker itself, which can be produced at any time if there is an issue.

RESPONSE: Staff believes the patron should be provided with a receipt at the time credit is issued. No change will be made as a result of this comment.

COMMENT #7: D §20.01(J)—MGA commented that this action should only be done when the marker is actually going for deposit. If the marker is bought back, then this is an unnecessary and wasted action. The marker cannot be deposited, cashed or have any other

action taken until it is embossed with an American Bankers Association (ABA) routing number. The MGA stated that the stamps have sensitive banking information and should not be placed on the marker until going for deposit.

RESPONSE AND EXPLANATION OF CHANGE: The staff revised D §20.01(J) to only require “For Deposit Only” to be stamped on the back of the counter check to read—“(J) Stamp the back of the original counter check ‘For Deposit Only’.” This is a security measure to discourage theft of the counter check. Corresponding changes regarding this issue are included with the responses in 11 CSR 45-9.108 with regard to similar wording in H §21.09(D).

COMMENT #8: D §20.01(K)—A staff member commented that feedback had been received from various casinos requesting the ability to transfer counter checks issued at table games to the floating employee window for acceptance, reconciliation and accountability, instead of the main bank.

RESPONSE AND EXPLANATION OF CHANGE: The staff added language to D §20.01(K) requiring the internal controls to specify whether counter checks would be under the accountability of the main bank or the floating employee window to read—“(K) Ensure Security immediately transports the original and the payment slip of the counter check to the main bank or floating employee window, as specified in the internal controls, following the acceptance of the counter check. The original and payment slip shall be maintained and controlled by the main bank cashier or floating employee window cashier.” Corresponding changes are included with the responses in 11 CSR 45-9.108 with regard to H §3.04, §21.03, §21.09, §22.03, §22.07, and §22.11; and to 11 CSR 45-9.109 with regard to I §8.02(B)(9) and §8.02(F)(12).

11 CSR 45-9.104 Minimum Internal Control Standards (MICS)—Chapter D

(1) The commission shall adopt and publish minimum standards for internal control procedures that in the commission’s opinion satisfy 11 CSR 45-9.020, as set forth in *Minimum Internal Control Standards* (MICS) Chapter D—Table Games (Live Games), which has been incorporated by reference herein, as published by the Missouri Gaming Commission, 3417 Knipp Dr., PO Box 1847, Jefferson City, MO 65102. Chapter D does not incorporate any subsequent amendments or additions as adopted by the commission on October 29, 2014.

**Title 11—DEPARTMENT OF PUBLIC SAFETY
Division 45—Missouri Gaming Commission
Chapter 9—Internal Control System**

ORDER OF RULEMAKING

By the authority vested in the Missouri Gaming Commission (MGC) under section 313.805, RSMo Supp. 2014, the commission amends a rule as follows:

11 CSR 45-9.108 is amended.

A notice of proposed rulemaking containing the text of the proposed amendment was published in the *Missouri Register* on September 2, 2014 (39 MoReg 1472–1474). Changes have been made to the text of the proposed revision of the *Minimum Internal Control Standards* (MICS) as incorporated by reference in Chapter H, and those changes are explained in the comments below. Changes have been made to the text of the proposed amendment, so it is reprinted here. This proposed amendment becomes effective thirty (30) days after publication in the *Code of State Regulations*.

SUMMARY OF COMMENTS: A public hearing was held on this proposed amendment on October 6, 2014. No one attended the public hearing. A written comment was received from Mike Winter, Executive Director of the Missouri Gaming Association (MGA). The MGC staff also commented on the rule.

COMMENT #1: H §3.04, §21.03, §21.09(E), §22.03, §22.07, and §22.11—A staff member commented that feedback had been received from various casinos to allow counter checks to be under the accountability of the floating employee window, instead of the main bank.

RESPONSE AND EXPLANATION OF CHANGE: Staff agreed to allow casinos to transfer counter checks to the floating employee window instead of the main bank, and added a sentence to the end of H

§3.04 to read—“If counter checks are maintained at the floating employee window, the credit instrument payment and documentation shall be sold to the floating employee window at the time of payment.”

Revised H §21.03 and §22.07 to replace “main bank cashier” with “cashier responsible for credit instrument accountability.”

Revised H §21.09(E) to require only the original and payment slip to be transferred by the end of the cashier’s shift and to be maintained and controlled by the “floating bank responsible for counter check accountability.” Revised the second sentence of H §21.09(E) to read—“If processed by a front line window cashier, the original and payment slip of the counter check shall be transferred to the floating bank responsible for counter check accountability by the end of the cashier’s shift.” Also revised the last sentence of H §21.09(E) to read—“The original and payment slip shall be maintained and controlled by the floating bank responsible for counter check accountability.”

Revised the last sentence of H §22.03 to read—“If processed at a front line window, the payment slip shall be transferred to the main bank or floating employee window along with the additional funds at the time of payment.”

Staff removed “transferred to the main bank and” from the beginning of H §22.11(B). Additionally, the first sentence of H §22.11(B)(2) was changed to read—“A full payment shall be transferred to the floating bank responsible for counter check accountability, as specified in the internal controls, and applied to the counter check(s).” Corresponding changes regarding this issue are included with the responses to 11 CSR 45-9.104 with regard to D §20.01(K) and to 11 CSR 45-9.109 with regard to I §8.02(B)(9) and §8.02(F)(12).

COMMENT #2: The MGA noted that some properties may have a second floating bank requirement. The MGA would like to better understand why that is required and the purpose it serves.

RESPONSE: The rules do not require a second floating bank. However, some casinos requested approval to transfer counter checks to the floating employee window instead of the main bank. The main bank is a cashiering location with a floating balance. The casinos are allowed to have a second cashiering location with a floating balance; however, this is not required. No changes have been made as a result of this comment.

COMMENT #3: H §21.04—A staff member requested a revision to require the Internal Control System (ICS) to specify those positions that receive, process, and verify credit applications. Employees who are responsible for receiving, processing, or verifying credit applications shall not have authority to approve credit limits. The job descriptions in the ICS need to specify those positions which have the authority to verify credit applications and those positions which have the authority to approve credit limits. These duties need to be segregated and shall not be listed for the same job position.

RESPONSE AND EXPLANATION OF CHANGE: Due to these comments staff revised the language in H §21.04 to clarify the segregation of duties and require the duties to be included in the job descriptions. The following language has been added to H §21.04—“The internal controls shall also specify those positions with authority to receive, process, and verify credit applications. Employees who are responsible for receiving, processing, or verifying credit applications shall not have authority to approve credit limits.” Corresponding changes regarding this issue are included with the responses to 11 CSR 45-8.140(3).

COMMENT #4: H §21.07—A staff member commented that requirement(s) in 11 CSR 45-8.141(3) need to be clarified in H §21.07. As written, this standard does not make it clear that re-verifying the patron’s credit application is not required for all credit increases.

RESPONSE AND EXPLANATION OF CHANGE: The staff agreed

to clarify when re-verification is required and to mirror the language in the rule. H §21.07 has been revised to read—“The internal controls shall describe the procedures for increasing credit limits. Once the licensee makes the determination that a person is a qualified person, additional credit checks are not required. However, if the licensee determines that it wants to perform a re-verification of the credit information, then the criteria used to determine when re-verification is required shall be included in the procedures. The procedures shall identify which job positions are authorized to increase credit limits. The job positions responsible for approving increases shall not be the same job position(s) that are responsible for verifying or re-verifying the information in the credit application. Increases to credit limits shall be documented in the credit files. (11 CSR 45-8.141)”

COMMENT #5: H §21.08—A staff member requested revising this standard by deleting subsection (D)(2) to allow the counter checks to be accepted without comparing the signature on the counter check to the signature on the credit application, in that limiting access to the credit application provides better protection of the patron’s financial information and reduces the number of employees who have access to that information. The staff member also suggested moving the language in subsection (D)(1) to H §21.08(D).

Another staff member suggested adding a sentence to H §21.08(D) to clarify the process following the examination of the credit file in order to avoid any potential inconsistency with the statutory language in §313.317.8, RSMo.

RESPONSE AND EXPLANATION OF CHANGE: The staff agreed with these recommendations and made the suggested changes. H §21.08(D) has been revised to read—“(D) Examine the person’s credit file to verify the requested credit does not exceed the approved credit limit. If it does exceed the limit, obtain the required authorizations for the extension of credit.” Corresponding changes regarding this issue are included with the responses to 11 CSR 45-9.104 with regard to D §20.01(D) and §20.01(G).

Due to the similarity of the following two (2) comments, they are addressed with one (1) response.

COMMENT #6: H §21.09(B) and §21.19(A)—A staff member inquired whether the patron needs to sign the payment slip at the time the counter check is processed and requested that revisions be made to specify the portions of the counter check on which the patron’s signature is required at the time the counter check is processed.

COMMENT #7: H §21.09(B), §21.09(E), and §21.19(A)—A staff member commented that feedback had been received from casino(s) requesting the removal of the requirement for the guest signature on the counter check receipt.

RESPONSE AND EXPLANATION OF CHANGE: The staff concluded that the intent is for the counter check receipt to include the printed information from the system and revised the language to replace “recorded” with “printed” in H §21.09(E) to make an exception for the signatures on the receipt and the payment slip at the time of issuance/acceptance. Staff also revised H §21.09(B) to replace “all copies” with “the issue slip.” Staff deleted “and signature” from H §21.19(A). Corresponding changes regarding this issue are included with the responses to 11 CSR 45-9.104 with regard to D §20.01(I), as well as 11 CSR 45-9.118 with regard to R §7.01(NNN).

COMMENT #8: H §21.09(C)—A staff member requested this be revised to clarify it is the patron’s identification presented at the time of issuance.

RESPONSE AND EXPLANATION OF CHANGE: H §21.09(C) has been revised to read—“(C) Receive the signed counter check directly from the patron and verify the signature matches the signature on the identification presented by the patron at the time of issuance.”

COMMENT #9: H §21.09(D)—Staff noted that this standard should be consistent with the revisions made to D §20.01(J).

RESPONSE AND EXPLANATION OF CHANGE: This is a security measure to discourage theft of the counter check. The staff revised H §21.09(D) to only require “For Deposit Only” to be stamped on the back of the counter check by removing “to the Class B Licensee’s bank account” from the standard. Corresponding changes are included with the responses to 11 CSR 45-9.104 with regard to similar wording in D §20.01(J).

COMMENT #10: H §21.14—A staff member suggested rewording the first sentence to move the “be” before the clause “at a minimum,” instead of after it.

RESPONSE AND EXPLANATION OF CHANGE: The first sentence of H §21.14 has been revised to read—“The counter check shall be, at a minimum, in triplicate form, pre-numbered or numbered by the printer, and shall be used in numerical sequence.”

COMMENT #11: H §21.18—A staff member commented that the voiding procedures of H §21.18 include redundant language of void procedures already addressed in Chapter R. The staff member noted that we need to require the original and all copies be sent to accounting, but suggested it was not necessary to repeat the language already included in Chapter R.

RESPONSE AND EXPLANATION OF CHANGE: Staff agreed to remove the redundant language and revised H §21.18 to read—“Voided counter checks shall be date and time stamped at the time of the void. The original and all copies of each voided counter check shall be forwarded to Accounting on a daily basis.”

COMMENT #12: H §22.03—A staff member suggested this be revised to require the signature of the cashier on the payment slip regardless of any other documentation that a licensee may choose to maintain.

RESPONSE AND EXPLANATION OF CHANGE: Staff agreed to require a uniform standard and revised the third sentence of H §22.03 to read—“The payment slip shall also include the signature of the cashier receiving the payment.”

COMMENT #13: H §22.06—A staff member requested deleting H §22.06 in order to avoid any potential inconsistency with the statutory language in §313.317.8, RSMo.

RESPONSE AND EXPLANATION OF CHANGE: The staff agreed to delete H §22.06 and H §22.07–22.11 were renumbered H §22.06–22.10.

COMMENT #14: H §24.05—A staff member suggested this standard should be revised to note that the internal controls shall include how the write-off/settlement/discount shall be documented, such as whether the documentation is a letter, a form, etc.

RESPONSE AND EXPLANATION OF CHANGE: The last sentence of H §24.05 has been revised to read—“The individuals approving the write-off or settlement/discount shall sign a document, identified in the internal controls, indicating authorization.”

11 CSR 45-9.118 is amended.

COMMENT #1: R §7.01(NNN)—A staff member requested to add a form requirement to have the “name of the person making the payment” recorded on the payment slip portion of the counter check to be consistent with the requirements described in H §22.03.

RESPONSE AND EXPLANATION OF CHANGE: The staff revised R §7.01(NNN)13 to add the requirement—“13) name of the person making the payment (payment slip only)” and renumbered the list.

COMMENT #2: R §7.01(NNN)—The MGA would like to revisit who is required to sign the counter check. The MGA stated that there are a lot of spaces that are not clearly defined with regard to positions.

RESPONSE AND EXPLANATION OF CHANGE: The staff agreed and revised R §7.01(NNN) to read—“2) person’s signature (original and issue slip only); “7) signature of pit clerk/table games supervisor or cashier”; “8) signature of employee dealer or cashier accepting the counter check (issue slip only);” and “14) signature of cashier receiving payment (payment slip only)” to clarify which employees are required to sign counter checks.

COMMENT #3: R §7.01(NNN)2)—A staff member commented that feedback had been received from casino(s) suggesting the removal of the requirement for the guest signature on the counter check payment slip at the time the counter check is issued.

RESPONSE AND EXPLANATION OF CHANGE: The staff concluded that the intent is for the counter check receipt to include the

printed information from the system, and updated §7.01 (NNN)2) to read—“2) person’s signature (original and issue slip only).” Corresponding changes regarding this issue are included with the responses to 11 CSR 45-9.108 with regard to H §21.09 and §21.19, as well as 11 CSR 45-9.104 with regard to D §20.01(I).

COMMENT #4: R §7.01(NNN)6)—A staff member commented that feedback had been received from casino(s) inquiring why the location of the counter check issuance is required on all copies of the counter check, and suggested revising to only require the location to be included on the issue slip and possibly the payment slip.

RESPONSE AND EXPLANATION OF CHANGE: The staff agreed and revised R §7.01(NNN)6) for the requirement to read—“6) location of counter check issuance (table number or cage window number) (issue slip only).” Corresponding changes regarding this issue are included with R §7.01(OOO)1)c).

COMMENT #5: R §7.01(OOO)—A staff member requested changing the name of the “Main Bank Counter Check Accountability Form” to “Counter Check Accountability Form” due to revisions in Chapter H and Chapter D that allow counter checks to be under the accountability of the main bank or a floating employee window.

RESPONSE AND EXPLANATION OF CHANGE: The staff agreed to change the name of R §7.01(OOO) “Main Bank Counter Check Accountability Form” to “Counter Check Accountability Form.” Corresponding changes are included with the responses to 11 CSR 45-9.109 with regard to name of the form in I §8.02(B)(9) and (F)(12).

COMMENT #6: R §7.01—A staff member requested adding the Credit Application to R §7.01 and including the requirements listed in 11 CSR 45-8.140 to help ensure these requirements are met.

Background

The individuals listed in this notice have recently filed applications requesting MoDOT to issue SPE Certificates to exempt them from the physical qualification requirements relating to vision in 49 CFR 391.41(b)(10), or to diabetes in 49 CFR 391.41(b)(3), which otherwise apply to drivers of CMVs in Missouri intrastate commerce.

Under section 622.555, RSMo Supp. 2014, MoDOT may issue an SPE Certificate, for not more than a two- (2-) year period, if it finds that the applicant has the ability, while operating CMVs, to maintain a level of safety that is equivalent to or greater than the driver qualification standards of 49 CFR 391.41. Upon application, MoDOT may renew an exemption upon expiration.

Accordingly, the agency will evaluate the qualifications of each applicant to determine whether issuing an SPE Certificate will comply with the statutory requirements and will achieve the required level of safety. If granted, the SPE Certificate is only applicable to intrastate transportation wholly within Missouri.
