General

In your favor of 16th ult. you say "If there is any money "due to such (disloyal persons) on Contracts. rent "or otherwise, give me names and proof, and it "will stop payment at once." I mean to have "the lines drawn most distinctly - friends on "one side, and rebels on the other - there is to "be no neutrality." I mean that every one shall "show his hand. if not for us he is against us"

I am informed - that the owners of the South West Military Hospital are endeavoring to get their rent for the building. No definite price having been agreed upon, the authorities (I presume your orders) left the price to be fixed by the Sanitary Commission - They agreed to $600 per Month as the price - the owners not being satisfied with that Estimate are making further Efforts, and had succeeded in being allowed $9500 per annum, or $2300 per Annum more than the Sanitary Commission adjudged sufficient. The owners J.M. Wills. Mrs Schonberg and Mrs Wills are notorious secessionists. J.M. Wills is reported as

having contributed at one time $500 to the cause of Secession. I would refer you to one of our most loyal citizens - (Mr Carlos S Greeley) for further particulars - I deem it but justice that you consider this matter, and as the loyal men have to wait an indefinite period for their pay, these parties be politely informed that they must not be in too great haste to receive theirs. Two of these names were on the list of assessments, shown to me by Gen Curtis, for aid of Union refugees -

I am informed that the "secesh" natives look upon your assessment as a license for open rebellion, and being sufficiently wealthy to afford the luxury, look upon themselves as privileged persons

I am also informed that Mr. Wm N. MacQueen, although he has taken the oath of the Union merchants, exchange still remain secesh in his sympathies and declares this war on the part of our government an outrage, and claims the right to condemn the government. The said MacQueen enjoys the lucrative post of Inspector for Commissary department (T. J. Haines Commissary) and although a harmless, blathering fellow, a great cause of complaint and scandal would be removed, were he deposed. I feel positive that every Union member of Union Merchants Exchange will corroborate the above -

Also I sometimes see going into Commissary & Quartermasters Office, who I presume to collect monies. W. P. Shryock, and out and out traitor. His partner Bro. is now in Confederate Service. W.P.S. will bear watching, and ought not be countenanced -

Many recent Merchants are in the habit of having Sales made out in the name of ~~Gentry~~ Clerk - and large numbers of Secesh are often seen meeting about different government offices whether they have business in them or not

Sir

Accompanying I make a statement of facts that you would very much oblige me by reading notice of. On the night of Thursday the 23rd inst. armed men presuming to act under United States authority entered our house forcibly under the pretence of getting some thing contraband. (I say this because they hammered at the doors until I was compelled to let them in, to save them from being broken in.) They said they wanted guns, revolvers &c. I told them that I had no revolvers, but that I had a shot gun: at the same time showing it to them: he (the person presuming to be officer) said he did not want it and left it: then struck my mother in the face and made her nose bleed. The next day a different lot of men came back demanding a rifle and revolver I was not at home and the women (my mother & sister) told them I had none.

They said if I did not deliver them up they would come back the next night or ever day and break all the furniture, and then left. I forgot to say that they (in the night) knocked the candle out of my mothers hand with the bayonet fixed on the musket.

All the above statement I willing to testify to and so can any of the family on oath and identify the parties engaged in this outrage.

Very Respectfully

Thos Tunstall

They also visited my house on the same night demanding a musket that I had, and I gave it to them. I would say that I have had this musket in my possession for about 25 years. They would also have hammered in the door if I had not opened it. And again the next day they visited me the ~~next~~ day and wanted to arrest the two Tunstalls But I was not at home that morning

But at 11 o'clock we both went to the Meramec Station to see the captain Mr John Dietrich and he said he had not sent them either time. I wish you to know who they are. They are a company of Home Guards enlisted under the above named Captain John Dietrich stationed at Meramec Station P.O.
I also am willing to testify to any and all of the above facts on oath. I hope of you to remedy this state of things

Very Respectfully

after being duly sworn gave the following evidence against ~~W Lodge & Co~~ and S.C. Lee of to which I certify

On the evening of the 26th day of May 1861 I was standing in my door and I saw from the strange movements of the men on Greenwood that there was something strange on hands. Presently Mrs Thomas and Mrs Ellifits passed through my door yard. I asked them what was up, and they said that the northern soldiers were coming, and the bridge will be burned tonight, and the troops will march the pike and in a few minutes George Ellifits passed through my door yard carrying his gun, when the question was asked him where he was going, he said he was going to meet the troops and if he did meet them he was going to turn them back, and at dark I saw him and Ed Lee in the direction of the bridge that was burned.

The persons, Lieut H. Baddeley, Andrew Thompson, Austin Mattingly and John Sliverston were taken prisoners near Green River in Pulaski Co. on the 3rd or 4th of Jan 1862 by Capt. Terry of 9th Ky. and brought to Louisville by me. When first taken Baddeley and Mattingly gave petitions under false assumed names. Father Sayers, independent Chaplain to the 11th Ky. informed me after a conference with the prisoners at Camp Wickliffe that Mattingly was acting as guide to the others. Mattingly's statements under oath as different times have been very contradictory. Sir.

Please find inclosed a petition from several citizens of this place setting forth some facts relative to J. H. Hutchison and W. R. Spencer who were arrested by the force under my command —

They were sworn by a lady of my own, at the deserted camp of Gen Marshall. and supposing from men & the rebels declared themselves to be secessionists & said they had been sounding Again & the other army —

It was that Confession which led me to hold them as prisoners and send them to you —

From the facts set forth in the petition. I think it quite probable that they may have made the Confession, under fear of being murdered — and that they had really had nothing to do with the

rebel Commissary Department.

To His Excellency Richard Gates, Governor of the State of Illinois.

The undersigned citizens of the City of Warsaw in the County of Hancock, Respectfully represent to Your Excellency, that our City is peculiarly exposed at the present time (the River being bridged with ice) to incursions of marauding parties from Missouri. Such parties, we learn are prowling about on the border, and the peculiar facilities now offered for crossing the river, may tempt some of them to pay us a very unwelcome visit,- more especially as the Government has at this place about three hundred horses, which offer a tempting bait to the lawless gangs now infesting the Country on the opposite side of the Mississippi River. With a view to prevent such an inroad, we Respectfully request Your Excellency to station at this place, for the winter, one or two hundred of the troops now quartered in the State. Good houses for their accommodation can be procured and any troops sent here may be assured of kind treatment from our citizens

With sentiments of High Respect we subscribed ourselves Your Obt. Servants

When the 12th Regt Mo vols left on the 15th inst., two laundresses, Mrs Schulz and Mrs Buchholz, who have been with that regiment since the commencement of the campaign, were left behind, as they did not feel able to bear the hardships of a winter campaign. As they are anxious to return to their homes in St Louis by to-morrow morning's train I would respectfully recommend, that rail road transportation be furnished to them. Of the granting of free transportation in a case like this is not in accordance however with existing regulations, I would respectfully ask to have them furnished with half-price rail road tickets for the journey from Rolla to St Louis.

Sir — Refering conversation of this date in relation to the proposed Commission for relief of Union Refugees from South West I have to say that I had a conference with Mr Howe and the names of Wm Patrick, E.S. Greely and J. B. Edgar were agreed upon to be submitted to you as suitable persons for appointment on the Commission

We did not have any opportunity of seeing the parties to know if they would serve

But they are all men who take a deep interest in the success of the Union cause

Mr Howe suggested that if the two citizens could be a private advisory Committee whose names were not to appear there might be less difficulty in getting good men to serve.

If Genl Halleck was not so much engaged I should call to suggest a change of programme for the future which would be to send three Sympathizers with the South across the enemies lines taking them in squads of ten or twenty

when you assess them you only make them mad and more ready for mischief

when sent off they can

A force under command of Capt Oliver composed of 2 Cos of the 7th Iowa & D & 3 Cos of the 7th & a small detachment of Artillery in charge of Capt Howard has occupied this point for the last ten or twelve days

Having been informed that this command has been ordered to rejoin their respective regiments as early as practicable the Undersigned would most respectfully request you to direct at least an equivalent force to be Stationed here

Some trouble yet exists within the borders of our county and we feel that the safety of loyal citizens will be greatly imperilled if the command at present here is removed before another is established

The fact of a Military force having been quartered here will upon the removal of that force make our condition much more insecure than before. As regards the necessity of Military occupancy here we beg to refer you to our fellow townsman Col. Gates Esq at present in Saint Louis —

Your immediate attention to our wants will confer a favor upon us for which we will be pleased under renewed obligations.

you would confer a great favor upon him by so doing

You may enquire why he is there. On or about the 9th of September

Came to my house and took from me my
gun. They rode up to the house, and Cook
Came to the door, demanding the gun. I
appealed to them, but Cook said they had taken

They were all armed, but Kelly and while Cook was

Brig. Genl. S. Williams,
Adjutant General,
Army of the Potomac;
General,

I have the honor to report that John T. Herbert reported to me to day and expressed a willingness to take the oath of allegiance, which was administered, and he was discharged from arrest, and permitted to return to his home. His case, you will remember was reported to you in my communication of the 28th ultimo.

I shall forward by the first opportunity two prisoners sent into me from Lake Lookout. Their names are Francis K. La Crosse, and Moses P. Donelson. A full account of them, and the circumstances of their arrest, will be found in the accompanying report from Major Chapman 3d Indiana Cavalry, dated January 3. 1862.

I also forward to you herewith a list of property captured by that officer on the 29th ult. This will be forwarded to you by the first opportunity; also the silver now in my hands, found on the sloop Victory. Unless otherwise

instructed I shall make no objection to the disposition made of the retained box of surgical instruments. They are reserved for the use of his troops.

Nothing of interest has been done to day either by the rebels or ourselves.

In response to the inquiry in your telegram of to day concerning the order of Col. Dwight to his Commissary Sergeant, I can say that I do not sanction such order, but concede to others, what I claim for myself. A few days since on learning informally that General Sickles had ordered Brigade Quarter Master Smith without my Knowledge to report to the Chief Quarter Master in Washington, I forbid in orders on the 23d ult. that no one except of superior rank should add to, or take from my command without my authority. If escape is made, it is by accident - not design.

Very respectfully,
Your obedient servant,

Head Quarters,

Dear Sir,

We have occasion to believe that a private of Capt Manchester Company of the 10th Regt has refused that he bought a bottle of Cleret at our store house.

The orders from Head Quarters are posted at our front door. & all the clerks of this house are ducted to strictly conform to them. & we deem it a great misfortune, that fault should be found with the only concern in this parish who strenuously endeavors to prevent drunkenness. the refusal fifty people a day & make many enemies by it. by orders refusing one other keg wife greatly. & we can only say. that of the same Concern have been practiced by all the traders at this post. there would be but few examples of drunkenness to report to Head Quarters. the members of this house are gentlemen, who are not concerning to make money either by liquor selling.

We are greatly engaged to day or would see you in person

Evidence of
Haynes & McEntire

Isaac N. McEntire being duly sworn on his oath says. I know both Saml Martins sons - One of them the eldest now at home was at the Rail Road on the night of its destruction. He went with the rest - stayed as long as any of us. I saw him going into the crowd where they were tearing up the track and he came away with us. He said while we were going up there, that he was going to help tear up the road. I would know him again if I saw him. Saml Martin has a son who is married & lame, lives near his father - J. T. Haynes, Congo, Robt Hughes, John Meredith and myself staid at his house one night on our way to the road. (Thursday night) - He showed us into a room & said there were two beds there. He was at his fathers when we got there, and he (the lame one) said, "Come & go over to my house & stay all night. There is not room at my fathers." I. N. McEntire

The Subcommittee of Ralls County, submit a Schedule of claims allowed by them, showing the names and places of residence of the claimants, and the amount of each claim, together with a brief description of the property stolen or destroyed, with such special circumstances in connection, worthy of note. These claims amount to $5586.75/100. In addition claims amounting to $11341.10/100 were rejected, because accruing before the issue of Gen. Order No 3 Adgts Dist of Mo. providing for the re-compensation of Union men in such cases. The committee know of only two other claims likely to be presented, which will not exceed $600. Of Murders committed within the County, R.S. Carter was killed under circumstances of great brutality and cruelty, almost immediately upon the line of Ralls & Monroe and by citizens of Marion Co; Thomas A Mills was murdered within a short distance of the Pike co line by citizens of Pike. The proof is ample in both cases. Wm. A Abbenbrandt James Gray, Robert O'Brien, Henry Couch, George Henry all citizens of Ralls Co. belonging to the U.S. service have been killed in battle. The proof is complete. George W. Melody, Co. in Scotland Co. in Audrain Co. Bulkley, Ithra Brashear, and Hosea Northcut, all citizens in scotland in scotland in scotland of Ralls Co. and belonging to the U.S. service have been wounded in battle. The proof is complete. In the six cases of killing out of the County the claim in each case is $5000, in Melody's case $2500; in Bulkley $2500, in Brashear's $1000, Northcut's $2500.

Francis Shrock also presents and proves a claim for $120. The judgement of the commissioners endorsed upon his claim is as follows viz "In this case the claimant failed to enrol, concealed his arms, and made false statements in reference to them, and these acts being considered as acts of disloyalty, the claim in this ground is disallowed." This case is sent as test case for approval, or disapproval. The arms of claimant were lost by his own failure to deliver his arms to enrolling officer. In addition to his arms, claimant lost a horse. The whole claim is $120.

The commissioners have no knowledge of more than two claims yet outstanding likely to be presented, both to=gether not exceeding $600.

of this case of Killing and wounding, with the exception of Carter & Mills, all have occurred since the date of Gen. Order No 3 Hd Qrs Dist of Mo. One other case of different Circumstances occurred in the Co. E & L Page was assaulted early in August 1861, by rebels, while a prisoner in their hands, and badly wounded by a blow upon the head with a gun. Page was badly hurt, and disabled for a good while. His claim is $1000.

The committee would respectfully ask the Gen. Commanding to raise their per diemage. The labors committed to them are heavy and pressing, and require their unremitting attention to accomplish the work assigned. The committee is composed entirely of farmers, who at a considerable sacrifice of interest, and to the neglect of important home business, have to give their time to the details of the orders of the orders of the Gen Comdg.

Common hands are worth $100. and board added leaves them no compensation for their labor.

The Clerk has been laborious and prompt, and ~~deserves the commission for his duty. He certainly~~ deserves with us, an ample increase of pay.

The expenses of the subcommittee for incidental items, the legal fees for affairs for oaths, affidavits and certificates, with office rent, stationery and per diemage of Committee, will amount to some $800.00.

To Maj Genl 2nd Kans Vols
Provost Marshal

Sir

In accordance with orders recd from Hd Qrs Troops in Kansas. Dated Decm 31. 61 and Recd Jany 1. 62. I have the honor to render to you an acct of property taken by the forces under my Command in Platte Co Mo

In proceeding through the County I ordered the horse and mule property and arms of all men known to be in the Southern Army, or known to have been out-fitting them who were, or known to have been aiding & abetting Cy Gordon or his gang, to be taken & brought into camp.

In accordance with these orders a large amount of horses mules &c &c were taken during the passage of the troops through Platte County Mo. The majority of this stock was returned to the owners thereof upon them making their appearance and taking the oath of allegiance & to support the Govt of the United States The remainder of it was tendered to the Q. Master of Col Morgan at Weston, who said he had no use for it there, and proposed it should be turned over to the Q. Master at Fort Leavenworth. One pair of Grey mares taken as the property of A J. Miller who raised and commanded a Company which has gone to Price

(19)

army from Platte Co, Mo. were claimed in Weston as the property of A J Millers Children & the subject was investigated by Maj Williams Provost Marshal at Weston, who decided to return the horses on the testimony introduced but to let the parties they might introduce further testimony. On this state of the case the horses, one of which I rode from Weston through Atchison to Leavenworth were retained by me subject to the order of Maj Williams when the subject of ownership should be finally determined. On the day of our departure from Weston news was brought me that some men claiming to act under my authority took a pair of mules & buggy some miles from town & immediately took a squad of men & went in search of the property & finding it & understanding it to be property taken from A J Miller ordered it brought along with the command — On Atchison the tire of a wheel having come off the Carriage & mules remained behind the command to have the tire put on

The Carriage was brought down to town instead of being taken to the Fort & has remained here since, — — as I was not entirely certain of its ownership and supposed if it were not owned as alleged by Miller that inquiry would be made at Weston for the same & I should hear from the

Provost Marshal there. I have in possession also a saddle, the property of David Clark now as his wife informed me in the Southern Army, All of which will be delivered to the Provost Marshals order

The remainder of the property was turned over by Capt Fuller of Co B 1st Mo Cavalry under an order given him the day of our return to St Louis by me & I holed the receipt of May Easton on my vouches which I am ready to exhibit to you at any time

I also learned after my return to this city that Jno Boyer had brought some horses of Thos Smiths over the river to this city & that they were in your custody - You will remember my calling upon you with Boyer when you told me the horses would be delivered to my order, Boyer directed me to give an order for them alleging that Col Jennison had promised him horses in place of them stolen from him by Secessionists, I told him I would go with him to the Fort & see Genl Hunter & if the Genl said so I would give him the horses We went to the Fort but the Genl being engaged in a review did not see him. That evening he applied to me again for an order alleging that the horses were eating their heads off at the stable - I told him if he

(24)

would seek the horses where they could be reached to abide the decision of the Genl & would give the order which he promised to do! I gave an order upon his description never having seen the property & understood that your guard have the horses in possession

These horses I understand were taken by Co A. Capt Sterling 1st Mo Cavalry while under orders from me to report to Col Morgan at Weston And I understand these to be the horses of Thos Smith who is a rank secessionist, who was among the party who attacked May Joseph at Bee Creek Bridge & who has been actively engaged in supplying Cy Gordon and his men with whatever they wanted aiding & abetting & encouraging in their outrages

Respectfully submitted by
E N. C. Clough

I should also state I made a report to Col Morgan

To the Major General
Commdg: Dept of South
Port Royal

The Undersigned would respectfully represent to the Major General Commanding the Department of the South, that they have been, in Compliance with an Order from you, and through an Order by Command of Brigadier General J. M Brannan Commanding at Key West of date 17th June 1862 arrested in the City of Key West aforesaid and Confined in Fort Taylor (where we now are) on the Charge of being Members of a Convention of the State of Florida, which Convened at Tallahassee in January 1861, and by whose Act the State rebelled against the Authority of the United States Government.

The Undersigned Respectfully allege, that true it is, they were Members of said Convention, and voted finally in favor of an Ordinance of Secession, but say that they did not do so, until they had made every effort to have said Ordinance sent back to the People of the State for Ratification, failing in which, and believing as it proved to be on the taking of the vote on the Passage of said Ordinance, that our Resistance was of No use, (the vote being Nearly unanimous) we voted for

its passage.

The Undersigned would further represent, that Soon after the passage of said Ordinance the Convention adjourned to be Called together at some future day for the ratification of the Constitution of the So Called Southern Confederacy, which Adjourned or Called Meeting was held Some Six Weeks Subsequent, but in which we did not take our Seats or participate in - That we have had nothing to do with the Matter, Since the first Meeting of the Convention in January 1861 and to the Adjournment of that Session - That We have ever Since been in the Religious observance of our Allegiance to the United States Government - That the Proclamation issued by the President on the 15th day of April 1861, Commanding all persons &c to disperse and Retire Peaceably to their respective abodes within twenty days from date thereof found us not in league with persons violating the laws of the United States, but on the Contrary, in the Strict observance of said Laws and of our Allegiance to the Government -

The Undersigned, Would further represent, that When Called upon, Some time in the Month of September 1861 by Brigadier General French (then Major) on

Command of the Post at Key West to take the Oath of Allegiance to the said United States, to ignore all Secession and Ordinances of Secession and Government of the Southern Confederacy, And to protect and defend the Constitution of the United States against Domestic as well as Foreign foes, We promptly did so, And We Aver on our honors, that we have ever since religiously and loyally observed said Oath, and have not by word or deed violated any Order issued from the Department at Washington or from your entire Command, but on the Contrary have studied faithfully to observe them, and have been living as peaceable and loyal Citizens, attending to our daily business Avocations.

The Undersigned further declare upon their honor, that they have not at any time before the first Meeting of said Convention in January 1861 and Refered to in the foregoing, taken any Oath to support the State of Florida as an independent Sovereign State, or Subsequent thereto, Nor have they ever taken an Oath to support the Constitution of the So Called Southern Confederacy -

All of which is respectfully

Submitted to the favorable Consideration
of the Major General Commanding the
Department of the South to the end
that they may be released from their
present Confinement

We have the honor to be

Statement of Lawson

I was in Sacramento when the fight took place; on Saturday last, I was standing on the street near Jetts Tavern when I saw the cavalry coming - I ran up stairs to avoid danger; S. J. Rhoads, Mr Jett and Mr Preston went with me. No weapon was fired by Mr Rhoads or any of us. None could have been fired by any one of us without my seeing or knowing it as I fully believe. I saw a running soldier fire when opposite the Tavern and I saw another soldier shoot when a little past Eaton's store. I saw no arms in Rhoads hands or about him, it is impossible that he could have fired or any one with me without my knowing it from sight, hearing or the smoke. I am an old and infirm man, I live near Sacramento, and refer to Col Hammond Hall Whitt Allen and my neighbors for my character. I give this Statement that justice may be done. January 4, 1862.

Brig. Gen. Schofield

Sir!

You have submitted to me a letter dated January 6th 1862 and signed by Jas Bozier & others in which complaints are made of the acts of a party of soldiers of cavalry & some Reserved Home Guards on their recent scout through part bottom & Howell Prairie in St Charles County. You request me to give you my opinion of the men who signed the letter, & of their wrongs if any.

I know all of the men who addressed you except one Jas C Mason & know their positions in reference to this Rebellion. The cavalry 24 men under command of Lieutenant Baer was sent by me to report themselves to Capt Fleiny who is at Millville with a Company of my command guarding the North Mo. R.R. Captain Fleiny on his own responsibility sent them on the Scout mentioned & joined to them the H. G. John Luckett who was killed was one of the most active and noisy secessionists in St Charles County, and he is charged

with having aided the Rebellion by all means in his power and there are reasons to believe that he has actually committed hostilities in the early part of last summer. He was arrested in his house as reported to me and shot while attempting to escape. My own impression is that he cannot properly be called an "innocent loyal citizen" as your correspondent designates him. James Lozier of whom the letter speaks has taken an active part in this Rebellion has harbored disloyal men who have made his place a resort. He lives on the Mo River and there is but little doubt but that a system of communication was kept up at his place with St Louis County rebels. A number of boats & skiffs for crossing the Mo River were found on & near his premises who he must have known that such was prohibited. Two of the signers of the letter to you are his sons & living with him. A fourth signer is Peter H. Tuckerson a man who may seek to keep his neck out of. The latter but will go as far as he can with that intention to overthrow this government. He is disloyal in every sense. Of Jas Mason &

know nothing. He is not a well known person in our community and I think thrown in for make weight. W. H. Gray is if I mistake not a store keeper at Milville and as disloyal as he can well be. That all of these men should flee from home I am not surprised at for the government has a right to look after them. That they are in no further danger I am satisfied of or if they think they are they may take the oath of allegiance and I will furnish them papers which will protect them. I speak of these men with reference to the attitude which they assume in this rebellion and not as citizens for in that character the most of them have born a good name. As to Dr Johnson who was killed under circumstances certainly justifiable (if truly reported) I know but little except from reputation which does rate him as a ~~very~~ hardened scoundrel. You will not understand me in making this statement as justifying the acts of the soldiers for I know nothing of them except by the parties on the one side or the other. Their doings is a legitimate subject of enquiry. As to the property

taken 2 have ordered the same to be returned
from Horses & guns have been reported
& I will try & obtain our inventory
from as soon as they shall be delivered
in conformity to the existing regulations.

Respectfully &

Robert Martin

Note. Chs Johnson & Daniel Hays are two old & respectable citizens but their sons are violent secessionist. Chs Johnson son of Johnson was commanding & organizing a company which was in the ~~recent Zion fight~~ Mount Zion fight. Mr. Hays had a son in the Mount Zion fight & he purchased all the powder he could find in the neighborhood & distributed it among the members of Johnson Company. This cause I shall ask.

Colonel,

In pursuance of your orders, I proceeded with my guard to the Butt House on the Hill, known as the "Eight Square house", & arrested the parties trading & selling in house, barn, & small outhouse. The names of the different parties are as follows — Luke Osborn & Brown — Sweetser & Co, all occupying the Barn, & G. W. Smith & James Conklin occupying the outhouse.

As was suspected, a quantity of liquor was found on the barn — in the dept of Sweetser & Co, amounting to Seventeen bottles of liquor, & twelve cans of "Milk Punch", hermetically sealed, — a pleasant decoction of sugar, magnesia, whiskey & C, of a strong intoxicating nature. As was also suspected, a quantity of inconvenient & bad money was found upon the several parties, all of which is minutely taken down & recorded. As was indubitable proof of all these visitations selling liquors, & dealing in bad money, & all the

men above named are now under arrest & in the Guard House, their property being locked up & under charge of a guard.

The money seized from the Frenties amount to the following sums.

J. H. Smith	149.00
Luke Astorn	642.86

Statement of Simon Olden

for Surplus, County Va.

15th January 1862

This is to certify that Forrest Alden has been examined before the C. S. Conscription Bd and discharged & is now entitled to return to his home in Fairfax Co Va Approved by the Richmond Dany / 1862 Surgeon General
J. H. Winder
Surgeon

Provost Marshal's office
Washington D.C. 15th Jany 1862.

Forrest Olden,
Statement of,

I am about 36 years of age, born in Alexandria, and am now a resident of Cholchester Fairfax County Va. my last occupation Farming; I was arrested on Monday night last at the house of John Haislip at Mason's Neck about 4 miles S.W. of Pohick Church;

My occupation had previous to the early part of last Summer been boating between Occoquan Creek and Washington in the wood business. This last Summer I worked at harvesting for Richd P. Price in the neighborhood of Colchester, after which I attended to a little property rented by me (of Mr Price) until the 15th day of November when I was arrested and conveyed to Richmond as a prisoner, being a Union man, having voted for it, I was charged as such and dangerous to the Southern confederacy; I was Kept as a prisoner at Richmond until the 2nd instant, when I was liberated through the influence of a Lawyer named Thomas to whom like others I gave him my note for twenty five dollars for his services, before I was liberated I was constrained to Sign or

paper or rather just my mark on it, never not
being a Scholar I know not its contents fur-
ther than that I am not to give aid, to or assist
the Government at Washington;

After my discharge from prison
I was given a pass over the Railroad from
Richmond to Manapas, on my arrival at Manap-
as a Major Boyle tried to prevent me from leav-
ing home saying I must fall to the rear of
the army or go to jail; I told the major that
I could not go to the rear of the army as I
had no money, no winter clothes and no friends
therefore I could not help but perish, so I beg-
ged that I might be allowed to go to my family
that I was then covered with vermin and that
I had no change of clothes; he refused to give
me permission and said on leaving that he
would give me until 11 o'clock to determine
what I would do;

Some of the Soldiers requested
me to let them see my discharge I did so
and all of them said I was a damn fool if
I did not go home, some of them said they work-
ed they had such a discharge they would be them
all in hell before they would stop — so I con-
cluded not to wait until 11 o'clock to see Major
Boyle again — but left, taking the road for
Cedar Run where I passed through four Regi-
ments at the first of which I was compelled to

show my pass after which I had no trouble for I avoided all pickets; I have no knowledge of the number of men in those Regiments nor the name of the Genl. Comdg. I arrived at home about 7 p.m. on Friday 3rd instant

Since my return home, being very weak and sick, I have done but little work of any kind, and that little was in fixing a fence for the wife of Andrew Jackson Hazlip who is now a prisoner at Richmond on a similar charge to what I was detained for; This was on Monday last and is not yet finished, at night of said day I went to the house of John Hazlip for the purpose of getting a horse to haul some rails the next day to finish the fence with, and being late when I arrived at John H's house I was pressed upon to stay there until morning, so I went to bed and asleep but ere morning I was awakened by loud knocking and soon after I was told by Mr Hazlip to get up and dress myself which I did, and saw a number of Soldiers I then understood that I was under arrest and that I must accompany them; I was taken to the house of a Mr Potter and detained there until about 2 p.m. after which I was taken to headquarters and was there examined I was then taken to the camp of Col Jamieson; and detained there one night; This morning I left the camp and came to Alexandria, thence under guard by steam

Court to this City and delivered at this office
I have no idea of the charge against me
I have heard that some Texan Rangers had Shot
3 Federal Soldiers, that they had killed two and
thought they had killed 3, this I heard from my wife
I dont know who told her, I have never seen more
than three of these Rangers together,

The Hampton Legion have thrown
up entrenchments at Wood Bridge farm belonging
to Samuel Smith, these works are situated on
Occoquan Creek in Prince William County, I
have no Knowledge of the number of men there
nor guns Mounted they say these works are of
Considerable Strength,

I believe that James Potter a farmer
living at Colchester knows the Rangers who Shot the Federal Soldiers, they have been at his house since the
men were Shot,

Statement of Constant Utterback

General:

I have sent to day to the Provost Marshal in Washington seven (7) prisoners: Forest Olden, William Hicks, John Hailip, James Hailip, Thomas Hailip, A. C. Landstreet brought in yesterday and Mr Ward who has been for some time in Alexandria.

I can find enclosed statement of John Mann (colored) containing evidence against Hutchings & Brown forwarded 13 inst. I have retained this prisoner, for the moment, he being immediately useful to us.

If Ward is released I would suggest that he be consigned to Baltimore as he is in constant communication with his son in the Rebel army, and his return home near our pickets would be imprudent.

The statements of the other prisoners will be forwarded tomorrow.

Brig. Gen. B F Kelley

Dear Sir

The three horsemen taken at Hanging Rock James Pearce & his son & Joseph Cline is I consider innocent of any wrong so far as I know in taking up arms against the government Pearce the elder is over age & has not been in service Pearce the younger has been in bad health for a considerable time, & never was in service, Cline was mustered into service last Spring at Winchester & on account of bodily infirmity was discharged & has not taken up arms since that I know of they are all very poor men & I think it would be an act of charity to discharge them

I am Sir very
Respectively

Sir: You will find inclosed a letter addressed to me by Mr Vance, in relation to the three prisoners, Paine and Son, and Cline.

I do not know anything about the men myself, but have the utmost confidence in any statement made by Mr Vance.

Inasmuch as they all poor men, and captured without any cause, I would suggest they be released and furnished transportation home.

I would here state that Mr Vance is a sound Union man, and furnished me much valuable information while at Romney.

I send you this morning two Gentlemen - who came over the river yesterday afternoon at Harpers Ferry - Messrs William Smith and Charles F. Smith, Uncle and Nephew. They report themselves from the Kenawha valley - Western Virginia. Left about ten weeks ago, came to Staunton, where they remained about ten weeks, thence to Strasburg, to Winchester, to Charlestown and Harpers Ferry. They have nothing of interest, concerning the vicinity of my Post, to tell me, except the fact, known before, that all the rebel press formerly about Winchester have gone up towards Martinsburg. They have no papers at all, not a ~~paper~~ which certainly is unusual. But they account for it by saying that now no papers are allowed to be brought from the other side.

Reporting all quiet along my lines I am

The Undersigned certify upon their honours that Mrs Emily Markwood and her niece, in Company with other women, did cross the river (Potomac) from Harpers Ferry to this place on the 17th day of December 1861 Ulto. and that to the best of their knowledge they, the said women, have neither of them returned to Virginia from that time to this. And, furthermore, Lieutenant Caleb Greenawalt, one of the Undersigned, does certify that Mr. Noakes, bearer of a pass from Genl: Banks to cross the river at this point to Harpers Ferry, came to this place and crossed into Virginia but once and that on Sunday the 29th Dech Ulto., carrying with him a young woman named — Hills, who has not returned to this place so far as Lieut: Greenawalt knows, and that in the afternoon or evening of same day a man named — Gibson and a boy named — Reiter came over with Mr. Noakes from Harpers Ferry, and that these are the only persons who crossed the river (Potomac) in either direction in connection with Mr Noakes except the Soldiers who ferried the boat

I certify that the above statements are correct and that Mr. Gibson and the boy above named were the only persons who crossed the Potomac river brought or sent for by Mr Noakes in relation to the case Magruder, of which I was made cognizant by Mr Noakes on Saturday the 28th Dech Ulto for the first time by Mr Noakes

Hector Tyndale Major 28th Reg P.V.

Sandy Hook Md: Janᵛ 8ᵗʰ 1862

The Undersigned do hereby declare that they came over from Harpers Ferry to this place on Tuesday the 17th day of December 1861 - Ult.: that they promised, before having permission to remain on this side, not to seek to return to the other side of the Potomac river until the United States troops went on to occupy Virginia at this point, and that they would leave this place within twenty four (24) hours after landing, or as soon as Major Tyndale, a other Officer Commanding here might ask, and that the object of their coming was solely to seek protection and shelter under the Government of the United States - having no thought of coming for the purpose of testifying in the case of Magraw or in any other case - indeed not knowing of the case Magraw at all until it was mentioned to Mrs. Markwood, one of the Undersigned by Mr. Noakes at Frederick City Md. And, furthermore Mrs Markwood, one of the Undersigned, declares that the pass from Genl: Banks, dated Janᵛ 2ⁿᵈ inst., giving permission to herself and Niece to cross the river again to Harpers Ferry Va., was gotten for her by Mr. Noakes

Herewith I send you declaration of the two women, Mrs Markwood and Niece, as to the facts of their coming here, as also the statements of Capt. Copeland and Lieut Greenawalt of Comp F. this Regt relative to the same women (the subjects of telegraphic correspondence between us) and to the coming and crossing of Mr Makes upon the business relative to Magruder, as well as my own certificate to correctness of these statements. These certainly are sufficient to prove an error, at least, on the part of Mr Makes - perhaps more.

By this train, in charge of Corporal Beché, I send you 3 (three) Refugees. viz:

Fredk. Kogle of Loudoun County near Hamilton
C. F. Virts of —— " —— " —— near Waterford
Samuel A. Ball —— " —— " —— " —— " —

The two last can possibly give you some information as to movements of Leesburg, the first named seems to know nothing. There were 4 persons in all of

them except a few old notes of land &c.

Statement not under oath

I was born in St Charles County Missouri in 1825 lived there with my parents untie I was about seven years old when we removed to the Settlement where my father Henry Zumwalt died and my mother now resides. I came to St charles County on the 18th day of June 1861 at which time I returned from the mountains. After I returned I married in July a daughter of John Murdock. My wife is now residing with her father. I enlisted in Doctor Johnson Company it was composed of 86 men Johnson was the Captain D. Pringle was first Lieutenant Frank Moore was 2nd Lieutenant. The company first met West of Bogue Prairie in the woods. We met on Saturday night I took up our march on Saturday night & passed through Wentzville on Sunday morning early. The Company had passed before us & the 18 with whom I was were behind the Company. We overtook the Company on Loutre creek. Lane's company had joined with our Company before we joined it. The next Co we fell in with was Lindsey's at Williamsburg. The next Co we fell in with was Bowyers near Jones on the other side of Williamsburg from where the whole command turned North. ~~Then was also the force I know of~~ After we passed Jones and going towards Concord we were joined by Breckenridges men whose number I estimated at 60 or 70 men. We made but a short stay at Concord & moved North

towards mound Jim in Boon County. On the way we were joined by John Boon, Bill Grimsley and a man called Baskel. We arrived at Mount Zion on Friday evening. The whole force collected was upwards of 500 men. We took possession of Mount Zion church on Friday evening. There is a farm within 200 yds of the church. The fight was that the next day & Johnson Co was cut off some killed some wounded others taken prisoners & some made their escape. Cap Johnson was taken prisoner. When we organized in St Charles Coun, I 16 of us met at Hays mill in same county Billy Webb — Webb & Mayfield Bye John Bell done hego Van Zumwalt, Jas Allen, Alvin Steel, John Cunningham, Charles Kruger, John Hays, John & Jack ~~two of the~~ from Co McClenny Sidney Hayse, Jackson Cochran, Lank Johnson, Thos John Johnson. Sir

By order of Major Asher S. Leidy the being Officer in command, I went to the residence of Michael Haines accompanied by my First Serjt. and seven other of the members of my Company (F.) for the purpose of seizing any and all Spirituous and intoxicating Liquors that might be found on or about the premises on searching the house I found in a small closet a box in which was packed twenty six bottles which bottles contained whiskey the box was addressed to C. M. Roche & Co. and purported to have come from C. F. Thunder & Bro. Manufacturers of French Candies at Baltimore Md. in an adjoining room I found a Keg containing about one Gallon of ale. I should judge by its weight, in same room I found a United States carbine which was charged. I enquired of the Prisoners Father (Patrick Haines), and his wife and daughter who were present as to how the carbine came there they gave no satisfaction answer merely saying they had it there to defend themselves. I then the Soldiers, I ordered the Serjt. to take charge of the carbine and the box containing the whiskey, and the Keg containing the ale and have them taken to camp and placed in my tent which was done.

& then returned to camp the said Michael Hines not being found & reported the fact to the commanding Officer on my return to Camp he (the commanding Officer) however caused his arrest the same evening and both him Michael Hines, and his Father Patrick Hines were brought into camp of our Regt. 99th N.Y. and placed in charge of the Regimental guard. where they remained during the night on the following morning January 8th at 9/2 O'clock they were taken before Brigadier Genl. Journeys of said Burks. I Before starting I
caused Thomas & Michael Burk to be arrested. They were anxious to know what was
the cause of their arrest. I told them that
there had been many articles lost about the
Hospital and that they were charged with
taking them. I then asked when they lived
and they Evaded the answer. When Dr Short
who was present. asked don't you live

at the place which was stated in the letter to be their residence in which they said we live near there. One of them, Michael Dwined the charges forcibly and Thomas Burke said he had taken nothing but what Mrs Brodie, Steward in the Hospital had told him he might take. I then proceeded to the Police-Marshall Capt Leighton's Office and related to him some of the facts and showed him the anonymous letter whereupon after reading said letter he, issued a writ to Capt of the detective police detailing me to accompany the detectives to the aforesaid premises when upon arrival immediately in front of the house we met Patrick Burke. One of the police made him a prisoner and told him they wanted to search the premises. He said they will and went in. We searched and not finding any thing in that department that I could identify we proceeded to search the premises of his brother, however not till I asked him where the articles were that his brother (who was then in custody at the hospital) said they had got from off the coal Brodie said I he then said there were some blankets that they might take if they did not belong to the hospital. He then produced a blanket was then produced whereupon the police made further search and found a think twelve shirts two blankets part Cotton several pairs of pants and shoes of which I could identify. I then asked them if they had been in the Asylum to which they

Replyed that they had not been found
by him asked them where they got the suits
of Military Clothing He said that some of
the Clothing they had were down from
the hospital and just on their Sunday
Clothes with the intention of returning them to
the hospital at some other time. He also
said he had burried considerable Clothing
but did not say what
They further said that they had taken Clothing
from the hospital and cleaned the same and
had taken it home. The police took all the
articles that I could identify as being
Government Clothing such as is worn by Volunteers

Office of Provost Marshal
St. Louis, Janu 30. 1862

William Williams, residing at Saint Lawrence Hotel in this city, being duly sworn, says that on or about the 7th day of August, 1861, he was employed by Brig. Gen. Asboth, who acted under the orders of Major General Fremont, to make or have made a breech loading rifled cannon from a model similar to one which had recently been sent by defendant to the patent office at Washington - the understanding being that if said cannon should stand a satisfactory trial, an order for other guns of like model & calibre would be given to defendant by said General Fremont; that agreeably to said arrangement between defendant and Gen. Asboth, defendant had a rifled cannon cast for him at the Lacede Foundry in this city; that defendant borrowed from William Laurence of this city eight hundred dollars to pay for said cannon, - the total cost of it being in the neighborhood of eleven hundred dollars; that owing to defendants inability to raise the balance due the proprietors of the Lacede Foundry for casting said

cannon (Lawrence positively refusing to advance any more money) defendant was obliged to leave the cannon in the foundry, where it now is; that defendant is now informed that said Lawrence has paid the balance due for casting the gun, & that he intends to take the gun to Quincy, Illinois.

Defendant further says that the United States mark is upon said gun, and he fears, & believes that if Lawrence is allowed to take the gun out of the city it will find its way to North Missouri, & be used by the rebels thro against the authority of the Government of the United States.

Office of Provost Marshal,
St. Louis, Feby 18th, 1864

Joseph Kilpatrick, residing at 298 north Ninth street, being duly sworn, says that some time about the last of August or first of September, William Williams applied to the firm of Marshall & Co., of which deponent is a member, to make a brass howitzer rifled cannon according to a model which he exhibited at the time. He stated that he had no money of his own, but that the cost of making the cannon would be defrayed by Wm B. Laurence, to which remark deponent replied that the firm would not commence until they were notified that the sum had been ordered by said Laurence. During the running of the second interview, in regard to the same, between Williams and deponent, the latter went to the residence of Captain Laurence, brother of Wm B., for the purpose of inquiring if said Wm B. Laurence had authorized Williams to say that he would pay for casting the cannon, and when deponent informed Captain L. that the cost of making the cannon would probably be not less than one thousand dollars, the Captain said he deponent had better go on with the work. Deponent then said that he would not

fact before in taking the order by Perry, that before beginning work on the gun he would want a direct order from Mr B. Lawrence, and also an advance sufficient to buy the stock. In about a week after this interview Superintendent Raw- Mr B. Lawrence, and although the latter at first objected to the estimated price of the gun, he finally ordered it to be made, and advanced three hundred and twenty-five dollars for purchase of materials. Work on the gun was accordingly commenced, and while it was in progress Superintendent received money at various times from said Mr B. Lawrence, the total amount thus paid being about four hundred and seventy-five dollars — and the whole amount, including the first payment, about eight hundred dollars. The gun was completed between two and three weeks after the day before it was to have been taken to the arsenal for trials by Mr B. Lawrence, Superintendent was heard by said Williams that if Lawrence took it away before paying the balance that day that upon it he never would have it. Upon this representation Superintendent refused to allow Lawrence to take the

gun from the foundry until the balance due upon it — two hundred and twenty-five dollars — was paid.

About the time the gun was completed Millaney exhibited to Sherman a written paper which purported to be an agreement between said Millaney and Lawrence, by which, in consideration of the payment of one hundred dollars by Lawrence to Millaney, the former was to have a half interest in the invention, & was to secure a patent for the gun. Millaney never complied to Sherman, while the gun was being made, that he was a partner of Wm. B. Lawrence, and owned one half of the gun when it was finished. No directions in regard to the gun while it was being manufactured, which directions were carried out, but Sherman did not understand that he had any financial interest in the gun, with this exception, that if the gun were to sell for more than its original cost, one half of this proceeds were to be paid to Mr. Millaney. This statement was made to Sherman by Wm B. Lawrence.

Millaney never paid a cent towards defraying the cost of casting & finishing the gun. Soon after its completion

Defendant was notified by Gen. Beatty not to allow it to leave the foundry, & a few days ago he received a similar notice from the Asst Marshal of this city. The gun still remains in the foundry.

On the morning of January 30th defendant received from Capt. Lawrence, on account of Mr B., the sum of two hundred and seventy-five dollars - being in full of all charges against said Mr. B. for working the gun; and defendant considered said gun the property of said Mr B. Lawrence, & of nobody else - all of the world having been given in his name.

At the time the first money was paid to defendant by Mr. B. Lawrence a verbal contract was made, & defendant considered that he was working the gun for Mr. Lawrence, & not for Mr. Billings; and if Mr. Lawrence had not paid the balance due on the gun defendant would not have thought that he had any claim against Billings for it.

Defendant believes that Lawrence has made every possible endeavor to get this gun to the arsenal so that it could be tested, but believes he was on the

point of getting it done, Williams owned succeed in having an order issued for its retention at the foundry.

Deponent further says that he never heard Lawrence Tuck of taking the gun to any place but the Arsenal in this city and Washington, D. C.

I, W. B. Lawrence, being duly sworn, say that William Gilliam has never paid him a dollar on account of any transaction relating to the breech loading cannon manufactured by Marshall & Co, nor on any other account, but that on the contrary defendant has at various times & amounts loaned money to support his family, and is now keeping his rent. He does not owe Gilliam any thing, & never did owe him, except on a note for ninety dollars, which was given as part payment for a half interest in a patent of a cannon, & which has been paid in full.

General;

Your letter of the 6th Inst. in regard to the release of Nicholas and Thomas, was recieved this evening. In reply, I have the honor to state, that they very readily took the oath, and gave their parole of honor before being released. Besides, I have the most reliable information that can be obtained from Lexington, that they have been greatly misrepresented. According to my information, they have been the most forbearing towards union men, and the least objectionable in their conduct of all the secessionists in that region. Major Brittenden and Mr. Neill from Lexington, or rather, who were driven from that Place some time ago on account of

their loyalty to the government, will be in St Louis tomorrow, and will give you a full account of this matter, as well as any other information in regard to that part of this State, that you may desire. Whatever they may say can be relied upon implicitly, and there are not, in this part of the country, two more intelligent gentlemen than they are, or more loyal.

If you should be in want of a good officer for Staff or other confidential appointment, may I call your attention to a friend of mine, for whose ability & trustworthiness I would pledge myself. It is Capt. Adolphus Hugo, - formerly 1st Lieut. in the Danish Army, Captain by Brevet, in the Danish Guards, Infantry: he attended (just before leaving Denmark) the national School for Artillerists, at Copenhagen, one year, but did not complete the course. Marrying a very beautiful English woman, of inferior station, circum-

For 5 yrs I have known him & his family intimately, and he can be trusted in any relation of life. He is one of the best & most accurate accountants, writes well & quickly, & for these five years has been engaged in responsible positions as Book-keeper. speaks German, French, & English well, and is in general a well educated man. Aide de Camp

Sir!

In reply to inquiry of 21st inst. in relation to proceedings of a Court of inquiry ordered by me I would most respectfully report, that on taking the command of this Post I found in confinement the three prisoners, mentioned in the proceedings which I enclosed to you. For the purpose of ascertaining the facts connected with and leading to their arrest I ordered the Court of inquiry and for the further purpose of ascertaining, whether I would be justified in sending the prisoners to you. The three prisoners referred to were delivered to Capt Louis Marco Provost Marshal of Lipton January the 1st 1863 for which I hold his receipt a copy of which is herewith enclosed.

In obedience to special orders No 3 the 6th Regiment of the 3d Div. Cav. have left here this morning at half past 10 o'clk.

Dear Colonel

Understanding that a Commission has been appointed to ascertain the amount of Compensation to be made to the parties owning the lands upon which the troops of General Burnside's division have been drilled and encamped, I beg to call your attention to the case of the property of my father in Carroll County (Mr James Murray) adjoining the town and lying along the

road leading to the Camps.

The fence along the road bounding a rye field of 14 acres has been rendered entirely impassable by the frequent passage in and out of a regiment of infantry which has been drilled in one of the adjoining fields, and the rye upon the land has been almost destroyed by the depredations of roaming cattle. A man has been sent around the fence daily to see that it was kept in repair, but his efforts have proved unavailing, as the troops pulled it down as

fact as it was represented

The Army Clothier in the field asked for drilling has also been much injured thereby.

I do not know that this business falls within the Sphere of your duties, but if it does not, may I beg that you will call the attention of the officers of the Commission to the case.

Sir. This will be handed you by Mrs Diana Hutchins who with 2 of the children goes to see her husband George N Hutchins of the city of Capitol. Please furnish her with a Pass to go and also to Return to Alexandria. Mr Hutchins I believe is a loyal Man & was so in May last, at any rate this fact can be ascertained. I presume he has no objections to taking the oath of Loyalty to the Union. I of course know nothing of why he was detained in Washington after his examination but I presume Genl Heintzelman has communicated on the subject. If he will take the oath of loyalty he could be granted a Parole to visit his Family here. Which I am sure he would Respect. he has not been in the Southern Army, but was an operator on the Orange & Alexandria Road and only Remained as long as he could because he could not get away sooner. I have every confidence in Mr Hutchins, and it affords me pleasure to say so. —

Sir

I learn this evening that the two men Brown & Hutchins, brought in here from Acquia on Saturday night, have been sent on to Washington for examination.

It is well known here that those men left here of their own choice, both being rabid Secessionist, that work was offered them here by those employed by the U.S Govt., & that they refused it, saying they would not work for such a Govt but would go to Virginia where they could do much better

Now as they went there from choice I think they ought to be sent back, that is the place for such people, they are not wanted here, even by their relations, this I can assure you, & more particularly the man Brown who I learn is as bitter as ever. Very Respectfully

Captain,

From dusk last Evening until 3 o'clock A.M. this Morning, the pickets on our outposts were attracted by noises of whistling and ringing bells, apparently as signals, & two men were seen dodging in and out from the woods with a dark lantern; our sentry challenged them, two answers being received, fired; the lantern was immediately obscured. Search was immediately made instituted by Lieut. Sullivan Co. K. Capt. Brannan and some of his pickets, but nothing could be seen, or anyone found. This morning between 10 & 11 o'clock two men were observed outside our lines, who appeared in a suspicious way to avoid us, & they were arrested by 2nd Lieut. McConnell of the same Co. They represent themselves as from Alexandria, and absent since last June. They give their names as, Henry C. Brown, and Geo. Washington Hutchings. They have in their possession some $60 in Gold, and some Virginia paper Money. ~~I have ordered the President to detain them until the receipt of your further orders~~

Statement of,

I am about 39 years of age am a native and resident of Alexandria, have a wife and five children that are now living on Bell Street near the Catholic Church, I am a furniture Varnisher and Chair painter served any time with Mr Charles Koones for whom I worked for a number of years and until the time of his death, after which I was engaged by Mr G. G. Brady furniture Manufacturer who has his place of business on King Street, I worked for him some years I afterwards worked at the paint Shop of the Orange and Alexandria Railroad Depot in Alexandria I remained some five years there leaving there some time in the early part of last Summer all work been Stopped there at that time, after which xx down to the 25th of June I had no work to do, at that date I left home to collect some eighty odd dollars due me by said Railroad Company; for this purpose I went to Gordonsville to see Mr Fisher who had occasionally found the hands Mr Fisher gave me an order on Mr Jas Reid Paymaster of said Road who was then at

Charlottesville to which place I succeed after staying a couple of days at Gordonsville on my arrival at Charlottesville I called on Mrs Reid presented my demand and was immediately paid by her in Alexandria Corporation money; the next morning I returned to Gordonsville intending to reach home soon as I could, I remained with some friends at Gordonsville one night, the next morning I took the cars for home and arrived as far as Manassas Junction where I was stopped; Genl Beauregard Comdg. had issued orders that no one should pass the lines; failing to return home I returned to Gordonsville and there got a job at painting cars at the Depot for the Railroad Company, with the exception of some five weeks during which I was sick I worked at the Depot steadily until the early part of December when I left Gordonsville and made another effort to reach Home I took the cars to Bristoe Station, I then walked over the bridge that crosses Broad Run some 2 or 3 miles South of Manassas Junction, leaving the Railroad I struck to the country on the Occoquan road, after travelling some twelve miles, we stopped a small country store kept by a Mr. Cole who informed me that there was a brigade under Comd of Genl Whiting some few miles below here learning which and fearing that I might be caught I returned to the bridge over Broad Run and

there stood over night with an Irishman who lives
to the water tank at the end of said bridge, the
next morning I took the Cars and returned to
Gordonville, & where I went to work again at the
Railroad Shops: the foreman was cognizant of my
object in leaving, so were many of the men several
of whom would gladly leave if they could,
Some three of whom had already left and others
will shortly make the attempt.

On Thursday 9th instant I left Gordon
ville telling the cars to Bristow Station Same
point as before crossed over Broad Run saw the
Irishman at his post by the water tank and then
took to the Occoquan road which I followed Some
9 miles and put up for the night at a widow
woman named Norman, about 7 Pm, on
Friday 10th inst I followed Same road to within
about 2 miles of Occoquan village which I left
on the right reaching Occoquan River at Selli-
man's ford. which I forded, in about one mile
distant I arrived at Mr Sellickman's house
where I remained until next morning; Mr. S
then very Kindly showed me the road and
accompanied me beyond the pickets, he would
not charge me any thing for the accommodation
he is a Union Man: I continued in a Northwesterly
direction crossing the Occoquin River on a log. I then
followed the road direct for Alexandria, having arrived
Some Short distance North of the widow Rhodes' house where

I came up to the Federal pickets, to one of whom I said I wished to go to my home in Alexandria the picket called for the Corporal of the guards who took me to an officer who ordered me to be taken to Genl Heintzelman's head quarters upon my arrival there I underwent an examination I was then ordered to Col. Jamieson's house where I remained until some time in the afternoon of the 12th when I was conveyed to the office of the Provost Marshal in Alexandria where I was detained until about 2 P.M. this (Monday) 13th afternoon at which time I left Alexandria and was brought to this city on the Steamboat "Thos. Collyer" under guard of two Soldiers who delivered me at this office. I Solemnly affirm that I have not been in Alexandria from the time I left in the latter part of June last, till the afternoon of Sunday the 12th inst. I have no Knowledge respecting the Strength of the enemy in any point, Citizens not being allowed to visit their Camps without a pass, and while on the road returning I avoided them as much as possible, I saw one Company of Cavalry on the Occoquan road they appeared to be burying one of their men in the wood alone by, this was on Friday last, I passed by them and Saluted them by saying good morning. they asked me no questions or while I was by,

General,

In the case of citizen Richard Hurst, I have the honor to report as follows. He came to Genl Brannans Head Quarters on yesterday morning & stated that he had come through our lines the night previous, on the right of Genl McCalls division, and that he wanted to give himself up. This man left his home for the Rebel camps some five months ago, and his family deny that he has at any time returned until now. I proceeded with Mr Warner, the detective, to Hursts house, and leaving Hurst outside, went in and questioned the women of the family. They all denied having seen Hurst, or knowing where he was. He was then introduced to the house, and was received with expressions of joy and tears & embraces by all except his wife - who appeared constrained. This led us to suspect that deceit was being used, and upon charging this upon them, Mrs Hurst said she moved into the

truth, She then said Hursh had returned the day previous to the time he went to Genl Brannan's - early in the morning - that she had concealed him all day in her room & he had gone out to the Pines after dark. That early yesterday morning she had sent a young man named Robert Reed to him to advise him to give himself up to the nearest General, Hursh was by when this was said & did not deny it - nor attempt to change the statement. While Mr Warner was searching the house, & went some two miles to the father of young Reed & having found him there asked him if he had seen Hursh. He denied having seen him, or having heard that he was anywhere in the neighborhood. I returned with him to Hursh's house, and then after much enquiry on my part Hursh admitted that he had been at home over two weeks, and had seen Reed every day - and Reed this morning had gone to his home & to Reed returned & came to see him, with a message to me Walters.

Plainly enough there is something important - or deemed important - to be concealed.

The female members of the family admitted their deceit, before Mr

deponent says he has known Richard Hurst for the last two years. He is a farmer. and resides with his family near Langley. Va. in Fairfax County. The letter you sent me this morning from Patrick McCafferty learned me very much -

I knew three months ago that he had gone from here to Washington under a promise of employment made by a Paymaster in the U.S. service. and was suddenly arrested and imprisoned without any charge or ground - His wife came to me for aid, and I have since found it necessary to relieve her necessities and those of her five little children who together with herself depended solely upon McCafferty's earnings -

It is sad to think he has been - & is still in prison so long, and so entirely without crime or default on his part as I believe —

He is the brother of a woman named Ellen. who was given Credit for some time - and once obtained pecuniary assistance from me through his visits -

He was in weak health, but presented strong testimonials as to integrity and industry -

He was at work here in the City until he went to Washington and I think his imprisonment must be one of those cases of criminal mistake - we have read of in European documents and now hear of in our own.

Picked up by the Steamer Island Belle
whilst in the act of rowing over in a
small boat from the Maryland shore
towards Matthias Point Oct 20. 1861

Extract from Capt Evans's report:
He tells a very lame story of his having
always been a common day labourer – of his
destitution, for want of means of
support – was going to Fredericksburg
to see a friend from whom he was certain
of obtaining assistance – that it
was only a drunken spree that brought
him to this trouble – did not know
where he was going to when he was
taken on board the Island Belle.

Asst Master Cash recognized
him as having been in the employ
of Morris Bro. Phila. He was time
keeper at $100 per annum.
He acted as he was in their employ
and exhibited considerable uneasi-

neo when recognized.

L. Piney alias Albert Jackson

Taken from the back at Smith's Landing Oct. 28, 1861 by the U.S. Steamer Herbert.

Captain Craven says: This person pretends, although he has lived all his life in this Country, that he cannot talk English — says his name is Albert Jackson; has a brother living in Virginia, where he left him 10 or 12 days ago. Not being satisfied with his account of himself and particularly with the evident disguise in which he has habited himself, I have thought proper to send him to the Navy Yard.

Captain Dahlgren

writes: "Hardly any information of him can be obtained. He will not understand or speak English and his language is far from intelligible to a German. He is from Bucks Co. Penn.a and is named Andrew Binny. He talks in the wildest and most incoherent manner.

The City Council of Quincy Ills. respectfully represent to the Hon. Cond'g that there is proof that large numbers of Secessionists have determined by raids to destroy the City which is exposed & defenceless, therefore respectfully request of the Hon. Resolved by City Council that a Committee be appointed to deliver & solicit the attention of the Mond'g. Genl. to the foregoing.

To Major General Halleck,

St. Louis, Mo.

Sir.—

The City Council of the city of Quincy, Illinois, respectfully represent to the General Commanding in this military department that there is unmistakable proof that a large number of persons inhabiting counties of Missouri, opposite this city and habitually in arms against the Federal authorities, have determined by raid, at the first opportunity to destroy this city, such persons entertain a deadly hostility toward the people of this city from the fact that many military expeditions under the government have organized here and departed for active service in Missouri; from the fact that constant intercourse between the Federal forces of northeast Missouri and this city has been maintained for military purposes; and from the fact that the support of the people of this vicinity have given the military service of the government has induced such persons to regard them their enemies.

The ice at this point frequently for many weeks at a time during winter, affords a safe transit of the river for men and teams., and the opposite shores of the river are low-lands covered with timber. At such period the present exposed and defenseless condition of this city having no semblance of military defense and no Federal soldiers, except in hospital, would but invite the execution of known threats, and resolves of such persons in the destruction of life

and properly by small bands of lawless marauders. This Council believe a well disciplined though small force of your command stationed permanently at this City during the winter, would avoid the calamities before mentioned.

The Council therefore, respectfully request of the General such action in the premises as his military judgment shall upon the facts determine expedient.

Resolved, by the City Council of the city of Quincy, That a committee be appointed to deliver to Major Genl. Hunter the foregoing Statement and this resolution duly certified, and that an immediate attention thereto be solicited.

Dear Sir

Enclosed please find a copy of a resolution passed by the City Council of this City on the 13th inst. requesting the presence of a portion of the troops under your command at this City during the present winter. The Council have been induced to take this action in consequence of the fact that the Mississippi River is frozen over at this point, and that large bodies of men are constantly passing down the river on the ice, and that the citizens of this City are in constant fear of depredations being committed upon them by these lawless bands. The Council are of the opinion that the presence of a small force of troops at this City would prevent the commission of any such depredations. The Council therefore respectfully request that you will take such action in the premises as your judgment may dictate.

The Undersigned beg leave respectfully to inform you of the outrages which have been and are being perpetrated in the Femme Osage neighborhood in St Charles County. We are residents in that vicinity, [redacted] of us for many years, our families and all our passed are there. We are not aware that any provocation has been given, certainly none to justify the violations which have driven us from our homes, and forced us to seek your protection. These outrages have been committed by Co F U. S. Cavalry, as we are fully satisfied without any authority. Among others we state to you that this Company about thirty five in number associated with some fifteen so called Home Guards uniformed on the second Inst. came to the house of James Dozier, with threats took away a waggon and team, and other personal property declaring their intention to return and take the negroes also. The same Company the day before Henry Lear came to the house of John Luckett an inoffensive Citizen, took him about two miles from his house and shot him on the road side; they have

forcibly taken others from their own homes and families subjected them to indignities, and after going through the mockery of a trial discharged them, but when requested to return the horses stolen from, refuse to do so, or declare their inability knowing that they could not be found. They have robbed the houses of Charles M Johnson taking the very carpets from the floor, his horses and every thing they could transport, he is an old man more than seventy years of age, Daniel Hays an old citizen well known to the Governor of the State Gov. Gamble for his quiet character, Abram Maltson, where they stript his meat house, and as conclusive evidence of their felonious character they next went to the house of the widow Scott, (Mrs Emily Scott) and carried away all the negroes on the place. — These are some among many barbarities that have been practiced by this company of unauthorized marauders wearing the uniform of the United States and riding horses with U. S. brand upon them, to which might be added the murder of John Johnson and others of whom we have only heard. We believe we have more effectually assisted your interpositions for our own security, and subserved the Government by this plain statement of facts than by any other course we could pursue.

Regarding the Seizures
of Merchmacs from Wirk

St. James Phelps Co. Mo.
January 26th 1862.

To the Provost Marshall General
Lt Colonel B. F. Farrar
St Louis Mo.

The undersigned, being in command of a Company stationed at this place as a Railroad Guard, having reliable information that the workmen of the Merrimac Iron Works, about seven miles from here are to a large Majority violent secessionists, who partly have openly taken the field against the government, partly aided and abetted rebellion in the neighborhood and notwithstanding their employers Messrs James & brothers (formerly Massey & James, Massey being the well known rebel secretary of State under Claiborne Jackson) though professedly Union men know these circumstances, they nevertheless continue these men in their employ. I would in view of all this suggest, that Messrs James would be ordered by you to dismiss from such work all those, who do not willingly come forward to take the oath of allegiance and deliver their arms as well as bring security for keeping the peace against the government and their neighbors.

Not later than the day before yesterday a party supposed to be discharged soldiers of Mc Bride's command of the Rebel army formerly employed in the above works are said to

have entered the House of a man by the name of Henbruggen 9 miles from Shelbille towards Potosi in Crawford Co, ordered a breakfast and after partaking of it one of the party stepped out on the porch and remarked to an old man who was grinding an axe, Old man you have grinding enough on that axe, and upon the others return with a remark that he hoped he would not be disturbed in his occupation immediately levelled his piece and shot the man dead upon the spot.

I give this for what it is worth, but it is every way in keeping with the general conduct of these knaves. A show of honest energy to purify this hotbed of secession, would in my humble opinion strengthen the Union men of the neighbourhood, to an honest effort to protect themselves against similar outrages for the future.

With the hope, that you will take this for what it is meant, an expression of my conviction of what I would think necessary to do in the case, I herewith submit the whole of this to your kind consideration.

I am respectfully your obedient Servant

Sir —

A petition is circulating here and great efforts are being made to procure the release of Judge Lorenzo Grace do A. B. Chambers and perhaps others arrested by me here for complicity in this rebellion

The signers are in all cases true Union men sympathizers with the Southern Confederacy or avowed secessionists

The confinement of a few leading men in this town will teach every thing quiet and if they are at large

Conspiracy will be going on continuously —

I hope no releases will be made in this region till I am consulted and can report to you, the court I labor in each case sent to Genl. Hooker at Cincinnati

St Louis Mo

Dear Friend

This evening I rec'd your of Friday & Sunday - glad to hear of your good health again - Dr Overton wrote to you this morning - I dont recollect what he wrote and as there has been stirring times I dont write as many as though he had not written — Last Saturday morning May & Coldwell started out North with all part of his Command and Stirred up such a time as you never heared of before - He took them as he come to them from the Columbia & Wmsburg road to Jeff Jones' neighbourhood, returning Sunday evening with eleven prisoners, amongst the rest was J. Peterson & Jo Watkins. When the Maj started back he sent a Lieut with seven men to capture a Mr French; and while Mr French was getting ready to accompany them one of the men discovering a suspicious looking character off some distance from them gave Chase; two or three of the men followed, one of the men getting some distance in advance of the rest in pursuit & the one in the rear thinking one was enough to attend to the suspicious character, quit the chase; the suspicious character proved to be a picket for a rebel Camp, The Soldier in pursuit not suspecting anything of the sort rushed up to it & before he could wheel & get out of the way, he was shot, but not dangerously wounded

He went immediately back to Fremont & got the Lieut & Command went on double quick to the Creek rendezvous and

Dr. Overton appeared to be getting along very slow recruiting

found their quarters deserted with a hot dinner setting on the table & whiskey bottle open as though they were in the act of taking a horn preparatory to taking their dinner

The Lieut set fire to the house & followed in pursuit but could not overtake them, finding pursuit useless with so small a force he came back to Shelton & reported to the Maj. who was as much overjoyed at the shot as I was at the distruction of the Rail Road, for says he "Now we have some excuse to shoot them by God & Ill make them shunt their holes sooner than ever". The man that was shot had his overcoat riddled with buck shot, one shot entering his cheak about an inch below the cheek bone & comeing out at the back of his neak and another entering the back of his left hand & lodging against the hard skin in the palm of his hand, I assisted the Surgeon in extracting the shot

The Maj started out a detachment of 55 men this morning to scour that part of the country & I should not wonder if there was not another one sent out in the morning; the devils are thick in the country & I fear it will take a long time to effectually clean them out

To day Wm Harrison Henry & Hunter & several others rather grudgingly took the oath, These fellows, if I thought there was any chance in any way to get any evidence against them, I would glory in keeping them until their cases could be tried by a court-marshal

12 o, clock, Loads serenading Maj Caldwell up to my eyes in business for I dont know how long

Yours as ever Isaac Shelby

Robert M. Pennick

Gentlemen;

I am instructed by Maj. Gen. Sterling Price to say that he wishes you to negotiate for the exchange of any Rebel Prisoners now held by the United States Government in the City of Saint Louis, and more particularly to direct your attention to the case of those officers & men recently captured in or near Saline County Mo. including Cols Alexander, Robertson Caples & others.

A list of Officers who were captured by the Mo. State Army at Lexington on the 20th Sept last is herewith enclosed, marked Exhibit A. & signed by the writer

You will make this exchange man for man,
or two of a lower for one of a higher grade.
As many privates as may be asked by the U. S. Authorities will be compensated for by an equal discharge of those captured at Lexington.

A second list is herewith appended, marked Exhibit B. & signed by the writer. For these you will likewise negotiate on the same basis & principle. But those lately taken in or near Selma, are most especially placed in charge.

Should you succeed in effecting the exchange of any of these officers or men, you will procure for them a safe conduct to the Head Quarters of the Army.

Capt Charles H. Hawthorn of the 7th Ohio. a few nights since, whilst out on a Scouting expedition was taken by the Federals, with five or six men. He succeeded in making his escape & is now in this Camp. Lt. W. Wood the Capt who commanded the Federal Party adjacent as a witness that they received, that Hawthorn broke his Parole of Honor Capt H. peremptorily denies this. He states that he was to be allowed his side arms on condition of his giving his Parole. That when they went into a house, he was deprived of them, in violation of plighted faith, & therefore released. Ultimately he escaped. Viewing these facts as stated, Capt Hawthorn violated his Parole in escaping. But the Sec. Gen. wishes to take no advantage, & will give the just cause of Complaint. Should

Henceforth this be inserted upon that as a Paroled
of War, you can so regard him, adduct the claim,
& negotiate for his exchange
You are instructed to negotiate for the exchange of
all Paroled of War whomsoever, upon the
basis herein set forth.
The Paroles of Federal Officers will be accepted as soon
as those Officers of this Army are released & guaranteed
with the safe Conduct above mentioned

P. S. It is possible some of these Officers have been home
before exchanged — only a few however. It is likewise true that

Authorities will produce documentary evidence of the fact

Dear Sir

Below you will find a true copy of a part of a Letter, (the Business part) that was found in my office, having been torn in shreds & left under a table by some one, unknown.

The letter was written at Washington City, July 25th 1861, and addressed to "Dear John" & and after giving an account of the Bull Run fight, Continued as follows

I have not time, now, to speak more of our difficulties, but must speak a little about your money. When I wrote you last, I Expected in a few days to draw the amount; since that time the Secretary has given ~~orders~~ instructions not to pay any of the assistant marshalls in Missouri I asked him about it today. His reply was, "If they are Loyal Men they can draw their ~~pay~~ money as soon as the government obtains it, as they have it not now on hand". I shall do my best to draw it, if representing you as a Loyal man will accomplish my purpose. I may have some trouble, though I hope not, as I know you want pay for your work. I send you a receipt for Mr Nisbet to sign and send to me. Tell him to sign it as you did & forward it to ~~me~~ immediately, for there is no telling when the money will be received; but when it is I want to be ready to perform a favor for both of you. If the prospect of drawing for you, in this particular grows darker, or more uncertain, I will let you know immediately

Yours

J. S. T.

As you are aware the assistant Marshals for this district were John Berry and Ben Nesbit. I know also that one of the Clerks in the Census department, from this County is named John H. Ridenour (middle name not known) and that said ~~Ridenour~~ is personally acquainted with both Berry & Nesbit, and could not be mistaken in their political sentiments. Connecting all the circumstances together I am certain that the letter was written by John Ridenour to John Berry.

Berry is an avowed Rebel & has been in the army & I suppose is there at this time. Nesbit is also a secessionist, though I dont know of his engaging in the Contest

I D H Overton swear that the above is a true copy of a part of the letter found in my office as stated above, and that the statements in relation to said letter and in relation to the parties connected therewith are true, to the best of my knowledge & belief.

Testimony of

Daniel Bates

Exh

Daniel Bates on his oath says. Reside in New Bloomfield Callaway County. Missouri. and 56 years of age. I learned that James McKinney and William Liggett were soliciting money and supplies - also that Hampton Thicklan was cutting out clothing for rebel supplies, ~~[illegible]~~ and that a man named Jennings was also employed for some time making up this clothing - John Wilson at whose shop these men were working while he Wilson was absent in Illinois, was, when he returned, solicited to contribute by James McKinney for the rebel cause, this I learned from John Wilson.
On May 1 believe, Dr Longley told me that they had 40 Keys of powder in the upper story of Brooks & Bennetts office. I complained about it and told them they must move it away which they agreed to do. When Gen Lyon got to Jefferson City an old negro ~~[illegible]~~ our negroes told me that some parties had brought in two wagon loads ~~[illegible]~~. The negro Charles was one of the teamsters. I saw the wagons going out south towards Jefferson that Evening - and I believe they were the same that brought the powder in town later in the night. At the time of the Boonville fight I heard that the powder was removed. After the Boonville fight, Sam Leopard came into town in great haste, encountered Dr Church Brooks at the corner & began to tell him something about Cabalry from Jefferson, scouting in his neighborhood, & said something about powder, Dr B, cautioned him not to speak so loudly & my wife who had overheard part of the conversation, could not understand him fully about the powder. Benj H. Alexander told me that he had heard a man by the name of

Herndon say, that if Price came nearer he, intended to raise a guerrilla company to go round and shoot Union men.
I understood that Mr. Humphreys said that he heard Herndon say he had three negroes he intended to spend in fitting up a Guerrilla party.

Sir.

In obedience to an order of Brig. Gen. J D Cox I have the honor to deliver to Capt Newkirk the following prisons. Milliam Thompson, Robt. Toney. Riley Ferrill. W. S. Chandler. M. J. Hopkins, Thomas C. Barrett & St Clair Ballard.

The charges against William Thompson, Robert Toney, Riley Ferrill and Thomas C. Barrett are so far as I have been able to learn, indefinite and ill-defined — I have examined many witnesses without eliciting anything that in a court of justice would strictly be proof of criminality — Beyond question they are all in favor of Secession and by their own admissions voted for the ordinance, but it is nearly as certain that beyond the mere act of voting for the ordinance they have never taken any part in the matter, at least not an active part. — The Union men living in their neighborhood, with very few exceptions, speak well of their general conduct, and it is pretty generally conceded that Thompson and Toney have on many occa-

kins exerted their influence to protect Union men and their property against ~~the~~ marauding bands of rebel cavalry –

During my scouts in Fayette and Boone Counties I had some personal knowledge of their conduct which enables me to state, to their credit, that I heard no complaints against them by the Union men of Paint, Cabin creek or Coal River –

Ferrill was ~~I believe~~ in the battle of Boone C. H. – . Herewith I have the honor to transmit some unimportant depositions taken in the several cases.

Hopkins and Ballard are probably more guilty – They were men of much influence in their County and I think exerted that influence to aid the rebellion on every occasion – Hopkins was in battle of Boone – at least he was on the picket guard of the rebels, and wounded.

Dear Sir!

I see K. L. Holden, who was handed over to the civil authorities & who was some time ago transferred to jail on the streets again. I understand, that he is out on parole. Will I strike him from my list of prisoners or is he still subject to your orders?

I told Mr Jas Mason of your order to-day, but by his actions he does not seem to care much about a change, which suits me very well, as he would no doubt be a disagreeable man to associate with. I have at any rate no bed or sleeping place for him in our office. If not contrary to your wishes, I should greatly prefer to retain him where he is.

This morning the new Captain in the prison ordered two men to sweep our Guard room. Jon Steiner said, that he would not do it. The Captain called upon one for two men to take Breckner out. He resisted & had to be fastened by the arms & neck & pushed out. Others saw us, among them Baumgardner, who cried out, "Boys, are you going to allow this?" Breckner was made to sweep. I went & got my revolver & then ordered Baumgardner out into the yard now & had him tied to a post, where he remains subject to your Order.

that there was a rebel Company in
the vicinity - commanded by one
Capt Payne who lives about

one half mile from Elgas & that it was likely we would have trouble to keep the rebels from firing the cattle. Shortly after dark Mr C Brown myself went down to Capt Pogues. There was several persons there. I told Capt Pogue how Lide requested to him I was a secessionist & all right & was taking the cattle into Texas — Comanche. He cautioned not to interrupt the cattle Pogue & Brown was a Captain Lee's army. Pogue told me they were going to destroy the Little Rio Rail Road that night. We went back to Elgas - got back about 7 o'clock. Elga was at home when we got back Elga told me the Rail Road bridges on the M Pass & R. the track of the road & telegraph lines would be destroyed that night. the roads.

I, John L. Lambert of Calhoun Co Ia being duly sworn, do depose as follows to Wit: On the 23d of July 1861, Silas Marks told me that as guards were conveying him to Columbus Ohio, for Stealing a horse, he made his escape from them, near the mouth of Mill Creek in Jackson Co, and returned to Calhoun County. About the first of October 1861, I saw a beef hide on a pole, projecting out of the top of Marks Chimney, and, shortly after a beef had been stolen from John Bennet whose stock generally frequented the woods in the neighborhood of Marks' home. The same evening I ate some beef at Thos B. Heaton's, the parties present, including Edward Parsons, admitted that it was of Bennets beef, that Parsons and others had killed.

On Saturday dec 28th 1861 as I with a party of eleven persons were riding in the road on a ridge, I heard a gun fired from the next ridge, some two hundred yards distant. On looking in the direction from which the sound proceeded, I saw Thos. B. Heaton, with a gun, running in an opposite direction. The ball struck a tree on the side of the road towards Heaton, Had the tree not intervened, the line of the ball would have carried into the midst of our party.

I heard said Heaton threaten to shoot Alonzo Laflin at my house. Heaton said that if he was not afraid that had not Mrs. Heaton, in certain statements, he (Laflin) would never get home, and he said he was not certain he would get home anyhow

I have the honor to submit herewith the papers in case of Wm H. Schenck, Chas Elliott C. G. Hyde and Wm C Jamison —

Wm H. Schenck is charged with disloyalty and with having passed thro army lines going S and returning from the South without authority. The evidence on paper is not as full as could be desired but I understand he admits the charge — It is abundantly proven known by the newspaper articles objected from Memphis papers in which it seems that Mr S. has fully proved his loyalty to the Confederate States — If we may speak this case should be referred to a Mil. Commission — though it may be questioned whether there is legal evidence enough to prove, what is undoubtedly

the fact.

Charles Elliot charged with attempting to run the blockade with contraband goods. The charges contained in the case against the prisoner is in his letter marked A explains his position, & which he readily admitted to do with the goods - also that he by my opinion this case should be referred to the District Atty for action.

C. L. Hyde charged with giving aid & loyalty and intending to go beyond our city. This is another case. There is no evidence from the letter found on his person that he intended going South. Mr H. is now in Boston this case in my opinion should be referred to the Commissioner.

My dear Sir

I have no personal acquaintance or knowledge respecting the character or conduct of Daniel N. Lake or A. A. Cool- They were examined as witnesses in behalf of a prisoner of the Court- after they testified in the case for which they were called the judge (myself) examined them very closely about themselves- their manner was frank and as appeared to us candid & trust worthy- we concurred in opinion decidedly, they ought to be discharged, and the judge requested I should bring their case before you, and that unless something had occurred specially fixing an offence against them, ask their discharge

You ask me the particulars of the difficulty between Parker & Hacker reported by J D Wilson. I answer that being Corp'l of this Post but a few days since my return from Sutton & not having received any information from the previous Commander Capt Shuman I can give you no information in the matter

Of course where there is but a few miles from Clarksburg & is more particular under the jurisdiction of the latter place

In relation to Ed L Jones I say that Capt Shuman released him some days previous to my taking Command here upon what conditions I cannot state - but know where he is I can again arrest him if you so order & also W L Pierson who has not reported himself as Get - If I may be allowed the suggestion I think W L Pierson cannot get justice by the Civil Authorities at this place from the fact that the Prosecuting Attorney is a relative of one of the deceased - for

killing of whom Pierson is indicted or charged

Should Gov. do order I will have Gen. Pierson sent after - also one Dr. Bland who resides at Jamestown who refuses to take the proper oath - the condition by which he could receive some Merchandise seized at Wheeling - This said Bland was Cross
arrested to day, but he would take the Goods & leave before he would take the Wheeling Oath - Waiting for instructions I am

William B. Pyles
} In Chy.

~~Interrogatories~~ by R Donnan
Examiner on the accepted Interrogatories
propounded to Hugo C Snell this 21st
February 1862 on behalf of Joseph M.
Scott Said Scott & S L Burritt Esq
being present & the Moody &
Hosmer Esq. also

In answer to the 1st Interrogatory
witness says I do know the all

In answer to the 2d Interg. witness
says; I reside near the Eagle Mill
I have resided for the Last 3 or
4 years near the Eagle Mill with
the exception of a few months
— some 8 or 9 months —

In answer to the 3d Interg. witness
says; (Mr. Fraser objects to this Interg.
as irrelevant) I am acquainted with
the Eagle Mill: was an owner in
it at one time & helped repair it.
I have helped repair it occasionally all
along since she has been running —
all repairs in the shape of wood work

In answer to the 4th Interg. witness says
I do. I know who has occupied it

I know that Mr Scott & Mr Pyles have managed the mill & the dealings I have had about the Mill have been with Mr Scott

In answer to the 5th Intg[y] witness says I was employed about the Eagle Mills to make repairs about the wood work employed by Mr Scott & Mr Pyles within the time mentioned in the Intg[y]

In answer to the 6th Intg[y] witness says; the nature of the employment was making general repairs on the Mill, which I run ways: Repaired the boiler-house: put wood work under the cylinder: built a car track to carry slabs from the mill: Extended the roof over the deck on each end of the mill; built a run way for the lumber to go onto the wharf — put some new sills under the deck & spliced some of the posts — a great many little jobs such as repairing bolts pumps &c this it is not worth while to mention: It amounted to between three & four hundred dollars: I was paid: Mr Scott paid me in lumber & land & some provisions

In answer to the 7th Intg[y], witness says I was: I do know the persons who composed that firm: S. M. Scott & William B. Pyles At the time the Mill was sold Mr Scott stated that that was the Company. (Mr Rose objects to this answer)

In answer to the 8th Interr. witness says I was; It took place in front of Sammis building in Jacksonville in December 1859. J. M. Scott has purchased it for twenty nine hundred & ninety five dollars Cash, titles.

In answer to the 9th Interr. witness says; J. M. Scott bid off the said titles There was conversation pounding & few questions asked (Mr Moore objects to this answer) The crier inquired who the bidder was. Mr Scott answered J. M. Scott Jr. The crier asked who J. M. Scott & Co was. Mr Scott answered J. M. Scott & William B. Pyles. Mr Scott said J. M. Scott Jr was J. M. Scott & Wm B. Pyles

In answer to the 10th Interr. witness says; Paran Moody was present at said sale. I think he did hear the statement

In answer to the 11th Interr. witness says (Mr Moore objects to the interrogatory & evidence as irrelevant) I do know that the Eagle mill is in a good condition in good running order. It is in about the same condition it was when it stopped running in May 1861

In answer to the 12th Interr. witness says (Mr Moore objects to this as irrelevant) I have some knowledge of it I suppose I don't know how correct it may be

I dont consider Mill propity worth much at this purit time. I doubt if the would bring over Three or four thousand dollars at this purit time

In answer to the last Inty witness says I dont know that I do.

Question by Mr Burritt (Mr Moore objects to the interrogatory & testimony admitted)

Do you know any thing of the quantity or value of the logs on hand at the Eagle Mill at the time when it stopped running in May 1861 or at any time since? If you do please state it.

Answer I think there was about three hundred thousand. I dont know my self the value. Logs at this time would not sell well. I do not think logs would sell for more than Three dollars pr thousand since then —

Cross Interrogatories & answers

In answer to the 1st Cross interrogatory witness says I

1st Cross Inty Are you interested in the event of this suit? Answer I am not.

2d Cross Inty If Mr Moody should recover in this suit would it not be an injury to you? (Mr Burritt objects to the question)

Answer
It would not not that I know of. I do not think it would be any injury to me.

3d Cross Interg. If Mr Scott should succeed would it not be a benefit to you?

Answer. Not that I know of.

4th Cross Interg. Was the land which Mr Scott partly paid you with a part of this mill tract?

Answer. It is.

5th Cross Interg. Have you got titles to that part?

Answer. I have not.

6th Cross Interg. Mr Small have you ever told any one that you hoped one or the other would recover in this suit as you found that you would not be able to get titles to the land unless the party injured to recovered?

Answer. I don't remember telling any one that I hoped one or the other recovered about my not getting titles. I did have a conversation with Mr Pyles that if Mr Scott should fail & fail to pay Hannegan they might not get title Mr Scott holds a bond from Hannegan for titles & I cannot get my titles till those titles are made. The bond was made to Small & Halliday & assigned by them to Mr Ellis & I understood or got the

impression that the bond was assigned to H. W. Scott & Co.

7th Cross Intgy When you made the repairs upon the mill were there other labors employed with you?

Answer. There were.

8th Cross Intgy How many others & who were they as near as you can recollect?

Answer. There were sometimes one white person sometimes two three or five colored hands sometimes I worked alone with some boys under me

9th Cross Intgy When you were putting down the Engine house how many hands were at work there repairing the mill?

Answer. I think some days there were 5 or 6 some days there were 3 or 4 including myself. There might have been nine some days. I know when the masons were there there were quite a number. There might have been more those days. I mean white hands when I speak of these hands.

10th Cross Intgy What were the names of these white hands, Carpenters?

Answer. Chase, Lossere, Young, Hamlin worked there some of the time but not at the time they put down the Engine house

11th Cross Intg'y How many negroes were there at work at that time about the mill repairing the mill in connection with your departments? Ans I think there were only about 2 hands at work with us only when ~~we could secure five~~ hands then we called any negroes at the mill. The mills crew was at the mill.

12th Cross Intg'y Were you not at work putting down the Engine beam during Christmas time?

Answer. I think we commenced on it about that time. We commenced I think during Christmas week.

13th Cross Intg'y How long did it take to do that work?

Answer. I do not recollect exactly I think it was 4 or 5 weeks before the mill started up to run.

14th Cross Intg'y Mr Small who paid these hands off?

(Mr Burritt objects to this Intg'y & Answer)

Answer. Some of them I know took lumber from the mill. were paid by Mr Scott in lumber from the Mill. One man took a deed from Mr Moody on Philadelphia.

15th Cross Intg'y Do you know who attended at the Mill to the retailing of lumber

(Objected to by Mr Burritt as having no connection with the direct interrogatories)

Answer: E.W. McCord took an account of the retailing of lumber generally.

Cross Intgy

16th Did McCord deliver to you & the other workmen the lumber for your work?

(Mr Burritt objects to so much of it as inquires as to the delivery to other workmen as having no connection with any thing inquired about by the direct interrogatories)

Answer. A portion of the lumber that I received McCord took an account of. Some of it I took direct from the saws & I suppose the lumber marker took account of that. As other men I don't know whether they were paid in full in lumber or not or who delivered it to them. I was not present when they received it.

17th Cross Intgy. Was there any agreement or understanding between yourself Mr Scott & Mr Moody as to the true boundary line between the mill tract, contracted for by J.N. Scott & the portion of land contracted for by you from Ellis' Estate.

(Mr Burritt objects to this for 2 reasons
1st because it is not in reply to any matter inquired about in the direct intgs
2d Because it is leading.

Answer I did not consider it any agreement. I can explain how it was. I made a proposition to Richards to take a portion of land there for my services which he proposed to accept & it did not interfere with the mill. Then Mr. Scott & Mr Pyles went down to examine it & Mr.

Moody came down house back. All four of us walked over the land examined it fully Moody tells Scott allowed that it did not interfere with the Mill. We then went back to the Store. There was then an agreement ~~drawn up that~~ I was to have the land for a certain amount & this amount was to be credited on the last Hennegan note provided they bought the Mill on certain conditions. The agreement was signed by Scott Pyles Richards themself

(Mr Burritt also objects to so much of the answer as speaks about a paper as the paper should be produced). The agreement was not signed that day. I had the deed surveyed that day. The agreement was signed the next morning.

18th Cross Intg Q Do you know have you willing to state upon oath that Parson Moody had no interest in the purchase of that Mill?

Answer. I do not know that he did not have an interest in the purchase of the Mill

19th Cross Intg Q Are you Sure Mr Scott had the last bid & bid off the Mill at the sale?

Answer. I think I am sure. Mr Scott & Mr Fairbanks were the bidders & I was standing near & heard Scott joke with Fairbanks & ask why he did not bid $5c more. There were other bidders. But those were the 2 last bidders. I think the Remington bid at first & then Moody Rose bid & this. The bids started low at first.

20th Cross Intg Q. Do you know that Mr Moody heard the remarks which you have said Mr Scott made at the sale?

Answer. Of course I don't know that he heard them. He was present might have heard them had he been paying attention, whether he paid attention to them or not I do not know. We were all standing around there near together. Mr Moody walking back & forth at times in front between the bidders.

21st Cross Intg Q. Do you know about what time Mr Moody left there? Did you see him leave there? Answer. No, Sir.

22d Cross Intg Q. Who was the owner of the property?

Answer. Hauck Sole.

23d Cross Intg Q. What was the Eagle Mill worth in 1861 after it had been thoroughly repaired when business was good?

Mr Burritt objects to this because it has not been inquired about by the defts intg Qs & because it is leading.

Answer. I think it would have been considered worth ten or twelve thousand dollars.

24th Cross Intg Qs. How do you know there were 300,000 feet of logs at the mill or near at the time the Mill suspended operations in May 1861?

Answer. I do not know that there were

300,000 feet more. I only judged from seeing the logs in the boom & therefore there was about that. I did not measure them.

25th Cross Intg. How many sunken logs were then at that time?

Answer. I do not think there were many as they had been sawing sunken logs not long before. They had sawed a considerable quantity of sunken logs not long before.

26th Cross Intg. At what date was your attention called to the logs for the purpose of ascertaining what the quantity was?

Answer. It might have been about a month after the Mill shut down.

I was up in the Mill & Mr Scott called my attention to it.

Sir.

On the 4th October last we were requested by Col. Wardrop, & Lieut Col Shelledy of the 99th Regiment N.Y.V. Vols. to lend the Regiment funds Enough to make up the sum of Five Hundred Dollars. with which to procure a band. They needed Two Hundred and Sixty One dollars. which we cheerfully loaned them, not as a business transaction, not because we were under any obligation to them. but simply to oblige those gentlemen: Payment was frequently promised. but finally deferred until the arrival of the Pay Masters, since then we have frequently demanded payment from Col Wardrop. who takes no notice of our request & we have recently asked a settlement from Lt Col Shelledey. thus far without success. although we have no right to trouble you with this business. we venture to lay the matter before you. & would be greatly obliged to you if you would bring the subject to the notice of Major General Wool. when his leisure permits

in the hope that we shall be informed what remedy, if any, we have in the premises

We are, Very Respectfully

Head Quarters Comd. N. 28th Regt
Feb. 6th, 1862.

Dr. Sir,

The two young men herewith sent to head quarters, are from Morgan County, and but recently from Winchester. I found them yesterday while on a reconnoitering expedition about three miles east of Bath on Winchester road. Their father, Samuel Michael, but recently returned from Winchester also, when he and these boys had been confined in a guard house upon suspicion of holding Union sentiments. The old man took some sort of oath, and one of the boys had to promised a speedy return (the other not being quite old enough to be liable to military duty) before they could be released. The rebels have taken about eight hundred dollars' worth of the old man's property; and he is a little apprehensive that they may return and finish him.

Hearing of the circumstances, I brought the boys away with me.

They wish to go to Frederick or near there, where they have friends, with whom they will remain for the present.

As they are just from Winchester they may perhaps be able to communicate information that may be useful.

Yours truly &c

John Walker

Sir.

I have the honor to report that I have in custody, [redacted]ille N. Stollings and John Becket, sent here by Col. Siber, charged with shooting at the detachment of the 37th Regt. on its way to Logan C.H. on the 18th of Jan.

The evidence shows that the parties were arrested in the immediate neighborhood of the firing, but is by no means conclusive to establish the fact of their having been engaged in the shooting — Their friends have already filed a number of affidavits to prove an alibi and have given notice that they will produce witnesses in a few days.

I have also in custody Eli Amick and Noah Props, sent here by Col. Crook from Summerville, charged with aiding and abetting the rebellion by acting as scouts and spies for the rebel forces.— They were captured near Meadow Bluff in Greenbriar County. —— The evidence against them is strong, and together with the time, place and circumstances of their capture carries with it a very decided presumption of guilt.

Also I have in custody a man named Benj. Smith taken on the 4th of November last in Raleigh County,

He is seventy eight years old – is charged with being a bushwhacker – The evidence against him is purely ex parte, and exceeding weak, at that – Smith is in very ill health – It is hardly possible that he can live long – He is very solicitous to return home –

What order will you make in these cases.

My Dear

I expect to leave the City Tomorrow before I go however I wish to suggest to you the propriety of releasing some of the poor men in our prison I refer to Leases & Cadwalader I feel confident residing within our lines as they do there is not the least danger of their again being found in arms against us Nor do I believe that they ever would have been from what I have heard of them if they had not been prefed Then if these premises be correct surely it will not pay to board them at "Uncle Sams" expence

Yours &c

Refused to Pay

To Col. B. G. Farrar. Provost Marshall Genl
of the State of Missouri.

We the undersigned Citizens of the Counties of Nanies and Harrison of said State most respectfully represent that a newspaper published in the City of St Louis. designated as the "St Louis Christian Advocate" should be suppressed because it is the Organ of Treason in this State and is under the Garb of religion) Continually and insidiously sowing the seeds of falsehood. disloyalty – and disaffection to the National Government as well as the Provisional Government of this State.

It is the opinion of your petitioners that it is folly to attempt to suppress Treason by the sword in this State whilst this viper is warmed and nursed within her Bosom. That it is more powerful for the purposes of Treason than a thousand armed men. and far more pernicious than the "St Louis Bulletin" which has already been suppressed by the authorities.

We therefore pray that said paper may be suppressed and as in duty bound will ever pray. This 17th day of February A.D. 1863.

Sir.

The undersigned Citizens of Humboldt County beg leave most respectfully to submit the following statement in aid of Mr. Cooper's request of Military protection for his Mills.

In 1854 and 55 the Hon Cooper Built Steam Mills when, and while, little danger was apprehended from Indians, and when it was expected, the back country would soon settle up. The result of which was expected to compensate for the expensive outlay. But quite the reverse has proved to be the case. In 1856 or 1857. the surviving proprietor was driven from said Mills by the Indians, and this last summer his last brother fell a victim to those Savages. being shot down while working those Mills. The many recent outrages perpetrated upon Settlers by Indians with guns, together with the fact that said Mills are built at the edge of the Redwood timber renders it very unsafe in the estimation of the community for a small party to be there at the Mills and the limited amount of business to be done by said Mills in consequence of the non settlement of the county does not compensate the owners for keeping the

necessary number of men for protection employed only for a short time during the autumn.

The consequence is that said mills are abandoned the most of the season to the mercy of the Indians. The foregoing to gether with some damage done said mills by the late freshets has compelled the owners to shut them up to the great inconvenience of a large portion of the County. they being the only mills in the whole southern portion of the same. Under these circumstances and the fact that the large number of troops to be employed in the County can be supplied with flour made at these mills. much cheaper than if imported. We earnestly hope that you will accede to the Governor request for Military protection for the mills.

Dear Sir

Yesterday evening I received reliable (undoubted) information from Cape City (mouth of Cape River) as follows: that the U. S troops there had taken possession of the warehouse there of Messrs J. F. McKernan & Co (composed of as good Union men as you or I) (One of the firm a Col in the regular volunteer service, Col Bowen) and were opposing every thing they had; that they had burned down to ashes a warehouse built by the firm of which I am one; that they have taken and are using a large lot of bedding belonging to me; that they are in a drunken and lawless condition - The bedding I have removed from Union Creek for safe keeping, it was nicely boxed up and in quantity was what furnished well a house of light rooms - I handed the evidence to Genl McKean & the only step he has taken is enclosing the evidence to Genl Hamilton at St. Louis -

I have the honor to be

Sir. —

In compliance to your orders of Febry 3d which I received on Febry 4th inst. I proceeded to the Osage yesterday to investigate the complaints made by Mr Kerman.

I found the Pioneer Company quartered in Mr Kermans warehouse, which being to a large extent empty, and having previously always been used for quarters for the troops guarding the bridge was taken possession of by my brother at the time of leaving the Company at the bridge. The goods stored away in the ware house were in a different part of the building only connected with the room occupied by the men by a large entry, none of the goods consisting mostly of new furniture had been in the least disturbed or damaged by the men, with the exception of a small bundle containing a few blankets quilts counterpanes q. c. f. which the men had used for covering, they were otherwise not hurt and I had them immediately collected bundled up and returned to its proper place. Besides this I had the entry between the two rooms nailed up with planks so that there is no connection whatever now between the room occupied as a ware house and the one occupied by the company.

In regard to drunkenness, I am proud to say that I did not find a single man in the least intoxicated, and was informed by the Officers, that since the time I had a few of their drunkards brought down here and confined in jail a drunken soldier was a sight seldom to be seen.

Concerning the ware house at the point, it was nothing but a roof standing on posts, it had been a tolerable frame house some years ago, but even Mr. Kernan admitted to me, that the troops which occupied the same before our men came there, left nothing of it but the roof and the posts.

Our Pickets at the mouth of the river used the roof to sleep under and of course had a fire under the same, and both Officers and men assured me, that the post being all rotten the wind blew down the roof very nearly killing one of their men, the fire underneath of course set the whole roof immediately on fire burning the mens blankets and it was only with the greatest exertions, that they saved their guns and accoutrements. One thing is certain the loss is a very slight one, and it was sustained by an accident, for which I believe the men are not even to blame on account of carelessness.

Upon the whole even Mr. Kernan the complainant admitted to me on an examination, that if by his letter he had conveyed the Idea that our men had behaved worse than any of the men there previous, he was sorry for it that such was not the case, but he either wanted to get the men out of his house altogether or rent the same to the government.

I Remain Sir very Respectfully

In the case of Miss Williams
referred to in your letter, I think
the most aggravated depredations
were committed by a band of

ten days since. The said Wil-

an Excellent Citizen, but he
has been one of the most influen-

guilty of some outrages such
as stealing fowls &c. I have
done all in my power to prevent
all Causes of Complaint, and have
punished severely where Sentries
have been detected. I have
arrested quite a number of Se-

had been in Price's Army — Returned

& some Released a number on

ment 8 or 10 Whose Cases seem to

the Arrest. & herewith submits the voluntary statement or Confession of each of them. Shaw in charge of one Capt. O'Riley who is regarded as one of the worst Cases in this North of the Mississippi. He issued under Jonesboro Proclamation. Shaw protests Emancipation that he was engaged in destroying RR, but a number of witnesses testify, that he was drumming up men the day before the Raid was made, he also entered the houses and forcibly took from Union men of this County their Arms, within a few days previous to the destruction of the Road. Shall I send them down with witnesses? Shall you any further instructions to give? There is one Henry Fork whose Residence is four miles from this place, a Lieut Col in the rebel army. When I came there he was [redacted] had been for some weeks recruiting in this County. I have made several unsuccessful efforts to arrest him, a few nights since he sent 2 men and was attempting to have his negroes (10) Conveyed South, I stayed and have held the negroes subject to your orders.

Sir,

Messrs. Randall & Co. have under my direction, Instructions, of Mr. Tilly Manufactured some Cast Iron Pieces of Ordnance for "Transports" they were never Used and now lie in the rough State in the above firms foundry.

The Claim for these guns has been allowed by the Commission, and Col. Callender has been Notified by the Chairman, that these guns are ready for testing. I Could Not See the General or Yourself to day, and I wish You would Call the Matter to his attention when he is at leisure to give it Proper Consideration. I Supplied guns from this Arsenal to "Commodore Wilkes" for his transports, and better ones than these can be. The iron from which they are Made is Entirely unfit, As I am informed the Russian quality for Such purpose being Eastern - they are Made for nine Pound ball, and left in the rough State on the Exterior to "give them Strength"! I am told the trunnions are Not Even turned off. Although, I Understand the Chairman say's that when these guns were delivered at the Arsenal I was prepared to test them, I now will Not receive them, While I am in Charge without General

Halbert's Order. Sam & Leo notified that Mr. Minick's Claim for Rifles is Allowed. I Answered this, I Could not receive them without the knowledge of Commdg. General.

The Forts around the City I have Supplied with Cartridges, Complete for their Respective Guns. They bring me in a Paper, Shewing a Consumption of 2250 lbs of Firing Salutes &c. if this thing is repeated on the 22d. they will be almost if not Entirely Without Powder.

I have only 3 or 4 barrels. I Cannot Now Supply the above Consumption Nearly 23 barrels.

Sir

I have the Honor to forward to your under guard, four prisoners who crossed the river from Virginia and were arrested by my troops. Their names are Harman Wollenberg, William M Dessoy, Samuel Dessoy and Matthias Lee Colbert all from the city of Baltimore. They are directly from Richmond to which place they went from Baltimore shortly after the events of the 19th of April last and were more than likely active participants in that affair.

Upon being brought to my Hd Quarters two of them were immediately recognised by many of my men, and I had to take active measures to prevent violence being done them.

Complaining of neglect in forwarding refugees

Head-Quarters, Army of the Potomac,

Washington, 17. Feb.y 1862.

Major Gen.l N.P. Banks.
Commanding Division
General,

I am directed to call your attention to the following facts: 1. that a refugee, J.M. Short, who was taken by our pickets to Col. Geary at Point of Rocks, on 30th ultimo, was allowed by him to remain in custody of Capt. McCabe of his Regt. until Feb.y 3.d, — a period of four days, during which time he (Short) was examined by, & made statements to both Col. Geary & Capt. McCabe: 2. that on the 8th of January, Meshon H. Janney, a refugee, sent from your Division in Charge of Sergt. Oliver, 3.d Wisconsin Vols., was permitted by Sergt. Oliver to send for, be accompanied by, & hold communication with one D.J. Gregory, a Post Office Clerk in this city —

Both of these cases are in direct violation of the instructions contained in the Circulars of December 16th 1861 from this Head Quarters. The Commanding General directs me to say that

that he desires you to use every possible means to insure strict obedience to the provisions of the Circular (copy enclosed) & that stringent orders be given to prevent such flagrant cases as that of Short being kept four days in Col. Geary's camp — recruiting in detached commands.

I am, General,

To Brig Gen Hamilton U.S.A

We the undersigned citizens of the Town of Manchester Saint Louis County Mo beg leave to submit the following, Respectfully asking Relief at your hands.

During the time of the Soldiers stationed at Marine Hospital, U.S.A. are in the town every day drunk and committing many outrages. On Saturday last they burst in the door of Dr. Hall's house and grossly insulted the Female members of the Family On the same day they broke into Mrs Gideon's (a widow Lady) in like manner. On Sunday night Dr Hall's office was broken into and the furniture smashed and destroyed. But the greatest cause of our trouble is the Company of Soldiers who have just been mustered out of Service. On nyt Friday they purpose to Reorganize openly swearing vengance on all Americans, declaring they intend to shoot them. On next Saturday the Quarterly meeting of the Methodist Church is to be held here which they proclaim they intend to interfere with, on which account your petitioners feel much uneasiness. The prime cause of all of this is the easy access they have to liquor many of them are drunk all the time, insulting and abusing every one who appears in the street.

Thus you see our situation is precarious and dangerous both to person and property, and if it pleases you to give us any assistance, you would Receive the sincere thanks of your petitioners

The bearer, Judge William Paxton of Hickory County, visits your City and probably St Louis, for the purpose of procuring some assistance for himself & family in his present destitute condition — I have not time to give the plain statement any Colouring, but in such cases the cases are sufficient — "Truth is often stranger than fiction" —

Judge Paxton is an old man, a Grand Father — He has a wife & five children to support — He was, until a few weeks since, in comfortable circumstances, a good liver, having plenty, the reward of industry, around him — But for one fault that of being a Union man, all (except his land) has been destroyed or driven or hauled off — His houses, barns, hay, Wheat &c &c have been burned — His family is destitute of wearing Apparel & bed Clothes — He is destitute of money & of every thing that will bring money — He has friends, but they are unable to help him at present, all being destitute themselves

Stocks of provisions, Clothing &c being almost exhausted throughout this whole County —

At the time his house &c were burned, the leader of the rebel band was shot & killed (one Gibbs, while attempting to enter the house, by Judge Paxton, [redacted] who is now recruiting a Company for the U.S. service —

If any thing can be done in Jefferson City to aid the Judge, through the exertions of any benevolent individual ([redacted]) the favours will be appreciated by Judge Paxton, who would doubtless extend them to others were he able —

At same time, any Kindness shewn him or any other Union man, will place, under renewed obligations, the undersigned, who has the honour to be, General,

Most respectfully

Statement of
Lieutenant who
arrested Jay
Frank & Jimmy

When we, have Reached Church's house, we Started for Young's to Search his house, we entered by the way of Hunting Creek, at the upper end of the Creek, we caught two Young men, hiding a boat up amongst the bushes; who proved to be John Young Jr, and the other boy, the Yacht was Stuck in the sand bank Where they, along the shore, for Several days, and they thought it prudent to ride one, and if the other was taken away by any one, they then would take the one they had hid and put it where they had found it, and if the other was not taken away soon, they would also hide it, And the boat taken out and sent to where it belonged, and sent 4 men out and had the Boat to haul up and unload, one of whom, when it was coming up Mr Young's Jr [illegible]

that it was Farrell's sloop, and the little boats belonged to Farrell & Joy. both the young men appeared to know perfectly well who the boats belonged to, and knew at where they where hiding them, they also knew where they hailed from & they knew where they lived. they said they lived at Long bridge, Jenny remarked they had no right to leave the sloop along the shore, nor bring the Rifle ashore nor to fire the long gun on the flats, but I think he understood perfectly well what he was saying, and who he was speaking to, he went then had Jenny house searched, found three bags of salt, and a number of Manuscript Sheets from the Log of Alexandria, a few Maps of Mount Vernon, and the Custom House papers, this is about all found, but the Young Could have learnt certainly, where it would be next impossible to find.

Resp[ectfully] your most H[umble] Serv[an]t.
Ed Tilghman

Dennis Farrell, I arrested on Sunday about Sun down, he was coming up Hunting Creek, on the Mount Vernon side, under the Shade, in a duck boat, when he got opposite to the Landing. that is near to Young house, he immediately shaped his Course direct to the landing place, when he neared the Shore, he exclaimed, have you seen any ducks up here, and repeated it several times. I made no answer, for I was certain he did not see any of us at the time, for we all layed in close ambush when he came to the Shore, Sergeant Mayor Commanded Halt, and Farrel could scarcely speak, but made out to say, he was just coming in. I told him to step on Shore, which he did, I informed him he was my Prisoner. he said he never was there before, but knew John Young lived there, that it was on his farm, John Young he knew.

in Washington, he said his son, Chas Young farmed the place, Mr Linton informed me that Chas Young has been dead a year. I immediately searched his boat, and found one large duck gun which he says he paid $125 for, but it was not locked to the boat, therefore showing that he could not use it, I found a double barrelled gun nearly loaded, and a quantity of ammunition. I searched Farrell also but found nothing upon him of any importance, I asked him if he had a pass, he replied that he had but not with him, I asked him where it was, he replied it was in his sloop, which was laying just below Mount Vernon, and if I would send him with two men, he would produce it, which I of course refused, he said that there was two of them, and had but one pass, I asked him the other man was, he said he had

gone a ducking up Dogue Creek, and expected he would return to the shop in about an hour and a half, and he (Farrell) not returning would worry the other man (Jones) very much, some time afterwards he remarked that he didn't think it worth while to bring his pass, as he often came up the creek a ducking, and did not know that we had any pickets along the Creek, I got in Conversation with him about Mount Vernon and remarked that Mr Herbert was a gentleman and a good union Man, he replied that he was, and knew him quite well, and had often sold him ducks, and said also that John Young was a good union Man, I proposed that we all should go to Youngs and stay all night, as we were all strangers, and that Farrell knew Young, and we would be well treated, and probably that Young might

speak favorable of Farrel, and that it might be induced to release him, he replied, that he wished & would, that he knew that Young would do something for him, I asked if he knew any one else in the neighborhood, he replied that he did not, that he was not acquainted with the County. When leaving the river I ~~replied~~ remarked in his hearing, that we would go to where we were invited to stay all night; which was the nearest house to the river, giving him the impression that it was Young house, We continued our course to the left of Young house about a 1/2 mile, until we had passed, then to the right about a mile, and when near to Doctor Suitons house, I pleaded ignorance and said I was lost, we all stopped and Consulted each other, and concluded that we had lost our road, I done this to draw him out, He seemed

then if it was Young's he thought we where hunting, he could take us straight to the house, and proposed to do so. I then said I seen a gate just ahead, and it certainly led to some house or other, although I never had seen it before, he appeared to want to go to Young's, but he said it was pretty sure to lead to some house and he believed it was a doctors, but did not know his name, when we got nearer to the house, I remarked that we must go quietly, that we didnt know, wether we would meet friends or enemies, Farrel then remarked that he was a Northern man, and guess he would be our friend. Shortly after he had come to the shore, I asked him what made him come so late after ducks, he said it was the best time, the moon shone on the water, and

he was after Muskrats, I asked him where he expected to find any ducks as I had not seen any about, he said at the head of the bay. I asked him why did he come to this shore, he said he thought he seen some dippers, he seemed extremely down about his arrest, and was afraid that he although innocent, might have great trouble in getting released, he wanted to go to Young house, said he knew Young would go to the Sloop and get his pass, he said he would pay him for it. I asked him if he went up the occoquan a ducking, he replied no, sometime later I asked him if their was any batteries on the occoquan, he said no, they were along the Potomac close to the shore. The opinion of Doctor Linton is that Farrell is the worst kind of a rebel, and that he was on

his way to Young to get all the news and return to his sloop, and the other man would take this to Dogue Creek and send them to the rebels by some one or the other, he thinks Farrel is the same man, in fact quite certain that has been roaming about so much from Young and Hunters and along the shore, and belongs to the same sloop, that has been suspected all Summer for carrying mails for the rebels, Doctor Hutton is perfectly satisfied that he is one of the party that has been carrying news to the rebels all Summer and thinks if the sloop was searched, we will get a great deal of information,

Lewis

Statement of John Young
made at the Provost Marshal's Office
(C. J. K's Department) Feby. 17th 1862.

His State that he is 63 years
of age; That his occupation is that
of a farmer, and that he resides,
when at home about a Mile above
Mount Vernon, in Virginia, near the
mouth of Little Hunting Creek.

That on last Monday Morning,
the 10th inst., while he and his son
were engaged splitting wood, on his
farm, as above, four Soldiers belonging
to the 99th Pa. Regt., encamped near
George Mason's place, came to them
and said they were ordered by the
"Major" to take them "dead or alive";
That they did not dare to participate
in a funeral at that time, and cheer-
fully consented to be taken, alive;
That they were brought to the Camp
of the Regiment, kept there until
next Morning and then sent to Gen.
Kleinzelman's Head-Quarters, where
he was kept until yesterday, Sun-
day — nearly a week — and then sent
to the Provost Marshal's at Alexan-

—Area, where they were kept until
the morning and sent to the City;
that they (Clymer etc) brought two
of their horses to Camp, back to
ride on, with the understanding
that the men was to take them back
home; that the man was not al-
lowed to return, on arriving at Camp,
and one of the horses got away, while
the other was kept there with a
promise that it should be
taken care of.

That the Charge alleged against
him was made by his Captain,
was that he had threatened to burn
the property of Dr. Linton, a
Union man; that on the way to the
Camp, the head man of the party ar-
resting him, (whom the Men called
"Lieut.") took him aside and ~~[illegible]~~
~~to let him off if he would~~
told him that he did not consider
the Charge against him very serious,
and that if he (Clymer) would pay
him, he would make it all right
with his Officers, at Camp — that
he (the Lieut.) afterwards, in the hearing
of the other Soldiers offered to let

him $5 for fifty dollars.

That he is at least 5 miles within the lines of the Federal pickets; that he is willing to take the oath of allegiance to the United States.

That he has never given any aid or comfort to the Enemy — That all the aid he ever has given has been to our poor hungry Soldiers when straggling about — who have not always treated him the best in return for it.

That he knows nothing about the position or Condition of the Rebel Soldiers, having been nothing to them since the Federal Soldiers Entered Abingdon

Lewis Gray, the Son above Spoken of, Corroborates the above Statement of facts, as far as he came under his Observation.

Captain

According to your orders, I proceeded last Night at 11 O clock with 20 men of the Cavalry detachment attached to your Command to the house of David A. Turner, 7 5 miles North West from here for the purpose of arresting Captain Joseph Terry, - Etherton — Etherton — Keyton — Phipps and 2 others, all of whom had been engaged in the recent destruction of property on the North Mo R R, and other acts of disloyalty and depredation, and who had, according to information received by you, been harbored by the said D. A. Turner.

Arriving at his house about half past 1 o'clock Imdre the house was surrounded, and searched, but none of the persons sought for were found, and had evidently not been there last night. No other persons were at the house except Turner and his family. They denied having harbored said persons at any time. The negroes about the place stated the same.

The house of the Wm Etherton was also visited but no one was at home, and them had evidently not been for some time. I also visited and searched the house of Wm Terry, father of Capt Terry, without success. No one was at the house except Terry and his family and a German Peddler. I informed Terry that his loyalty was doubted, and recommended him to report himself to you, as soon as possible, for the purpose of removing such suspicions, if they were unfounded.

Sir

I have the honor to report in the case of the Kendig's charged with exciting Seditious & discontent among enlisted men of the Volunteers, That I have examined a number of the enlisted men of this Regiment, and find that one of the Kendig's came to this Camp some three weeks since, representing himself as a 'Claim Agent' and was then employed by one Wheeler of Co A in reference to procuring a discharge, - that he afterwards visited Camp and offered to procure discharges, or back pay or recognitions of the Regiment as a Regiment for such sums of money as he required to be subscribed by each man - That the excitement spread rapidly among the men until it became the general theme of conversation, and great & unusual discontent began to be manifested among the men.

That subscription papers were circulated in most of the Companies and were freely signed - in many cases thoughtlessly & in others from fanciful grievances

That Kendig by his conversation and advice fanned the flame and endeavored to profit by the discontent he had produced -

That he used injurious and improper remarks in reference to the Colonel of the Regt in the presence of and to the enlisted men within the limits of the Camp.

I find also that three or two of these Kendig's

one whom I refer to as Kendig is a drunken fellow-
and the other, called Doc or Doctor Kendig, who is
in reality the 'Claim Agent'.

I refer you to the Statements of several of the
enlisted men herewith, with the remark that I find
it extremely difficult to extract information, having no
authority to administer oaths, and most of the men
feeling averse to give information.

I deem it proper to mention that the Non-commissioned
Officers whose statements accompany this, were sent
to Kendig's Office expressly to obtain information as
to Kendig's intentions and plans of operations.

There is a report in this place that a couple of men named Kendig have been arrested at Washington for fraud in matters relating to Soldiers claims. They are both natives of this county & have resided in this village most of their lives The Elder Kendig has been living in Philadelphia a few years The younger left this place a few weeks since to join his Brother at Washington in conducting the business of claims. The younger H L Kendig is a violent secessionist & we presume the other is after the same pattern. The citizens here feel it a duty they owe to their

Government to affirm you of
these facts. Please answer & if
you wish references I will give
you the Judges & officers of Yates

I have told you. Not only is
Kindig a secessionist but his

Statement of Corporal Ernest Green of Co 'H' 50 Regt N. Y. S. Volunteers.

Saw a man (since found to be Kendig) in Camp on tuesday the 11th Feb, talking to a crowd of the men - heard him say "that he would, or could, get the Regiment disbanded before saturday night as sure as there was a God in Heaven" - Asked What was going on - Kendig replied by pointing or speaking to a man (since identified as Wilcox of Co 'I' a wagoner) saying "you understand what is to be done - you have the papers"

Visited Kendig at his office No 309 D Street Washington on the 13th Feb - Saw both of the Kendig's there and one Ramsay - the latter said he had nothing to do with the affair with the 50th Regt - One of the Kendigs was called Doctor Kendig - Doctor Kendig offered to break up the Regiment, as did also Kendig - said that he could do it but that he must have money to do it with - that he asked nothing for himself - all that was contributed would be paid out for the benefit of the men - that money was necessary to 'grease the wheels' - that there were men in the department who would put this thing through, and that they would ask for money - that it would be necessary to have $100 - or more, and with that sum he could see the Chief Clerk so that he would attend to the claims, and gave an example of how this could be done. He did not expect to get the men discharged from the service but would get them out of the Regiment and so break it up - said he had taken the initiatory steps to get the applicants out of the Regt - that one Company had already subscribed $500 -

Kendig called the Colonel "a God damned old

——————— very nice man". The Company would be discharged without fail as they were all Pennsylvanians Now collecting evidence to show that the men had been enlisted under false pretences.

Was at Kenelig's office on the 15th day of February when Kenelig said that he expected to get $5000 - from the Repts. for transacting this business - if he did not get them back pay, or discharge from the service he would certainly get the Regiment disbanded by transfer to other Regiments.

That the Colonel feared a Mutiny in the Regiment and that if he (Kenelig) was arrested in Camp the men would certainly Mutiny and release him. That he had been prosecuted in Penn Yan for Secession principles or for being against the war, and that he would swear for it (with a great oath) before he would disavow the sentiments he then expressed of disloyalty to the war.

Sergeant Brooks of Co 'F' states substantially the same as Corporal Green in corroborating his statement in nearly every particular.

Sergeant A. J. Williams of Co 'H.' also confirms Corporal Greens statement.

Private Wm Furman of Co 'G.' states that he saw Kenelig on the 11th Feb - he came out from the Regimental Head Quarters and called to one Private Mathews of Co H saying "he must let you go - he may kiss my God damned old arse I'll have this Regiment broken up in less than a week and then the men can go when they please without asking his permission" - There were quite a number of men standing around there at

the time - Was informed that a man, supposed to be one of the Kendigs visited the Camp on the next day (Colquitt or a Soldier) attending to the business of getting the men discharged or to get their back pay. Signed the paper that was circulated in my Co & Regt expecting to get back pay as Cashier & Minister - did not ~~intend~~ to be discharged from the Regiment

Private Albert A Cummins of Co 'H' states that on the 10th day of February 1862 Kendig came into Camp near the Stable and there held a conversation with some of the men, and offered by his own efforts, either to bring about the discharge of the men or their acceptance as Engineer Soldiers by the Government - Kendig said they had enlisted as Engineers - The men were to agree, for their services, to pay Kendig the sums subscribed by each on a paper furnished by Kendig for that purpose, such sums, to be not less than fifty cents per man.

That an enlisted man of Co 'I,' whose name he does not know gave him such a paper on the night of the 10th Feb and requested him to circulate it in his Co 'H' - and that he did so circulate it and got certain signatures to it. That the representations of Kendig persuaded him that he (Kendig) could procure through his own efforts, the discharge of the members of their Regt from the service, or their acceptance as Engineer Soldiers.

Joseph H Young of Co 'C' - says that he saw Kendig in Camp on the 10th Feb (monday) that Kendig told a crowd of men that he could get them $17.00 per month or their discharge - that they might pay him what they pleased for their service - That those who signed the papers agreeing to pay him would get

that pay or a discharge – those who do not do so would not receive either such pay or discharge – that many of the men then seemed anxious to sign a paper for that purpose – Kendig said "that on the previous day he had told the Colonel that he might keep his men" said that "the Colonel could not run this Regiment that he had enlisted the men under false pretences and he (Kendig) would break up the Regiment."

Asked Kendig his name which he told him and said he had an office in Youngstown or down town –

Much more testimony might be obtained to show the character of the intercourse of the Kendigs with the Regt – the discontent they have excited and the incendiary spirit they have evinced – The disrespect with which (one of them at least) they have spoken of the Commanding Officer to the men, and the pernicious efforts they have made to wean the men into their views for their own base and selfish purposes – In all this they have excited a seditious and discontented spirit, and have endeavored to weaken the authority and influence of the men, & their commander, Col Stuart –

Charge and Specification preferred against S & N. Kendig, Agents for prosecuting claims, at No 319 D. Street Washington.

Charge — Exciting discontent & sedition among enlisted men of the Volunteers.

Specification — That the said S. & N. Kendig, personally and by their Agents, have been among the enlisted men of the 50th Regiment N. Y. S. Volunteers, exciting discontent and sedition, by words and conduct — persuading said enlisted men that they had been deceived by their officers and that they, the said Kendig's, would undertake to see them righted on the payment, by the men, of certain sums of money — declaring before said men that they (the Kendig's) could and would "get the Regiment disbanded within a week as sure as there was a God in Heaven!"

That they have, through their Agents, and their own efforts, caused papers to be circulated in said Regiment, for signatures — the object of such papers being to procure the pay of Lapham and Miners for said men, or failing in that, to obtain their discharge from the Regiment — on the ground that said men had been enlisted under false pretences, and were entitled to such pay.

That one or both of said Kendig's or some Agent of theirs, has visited the Camp of said Regiment in Virginia, and held communication with said enlisted Men in a clandestine manner in furtherance of this movement.

That one, or both, of said Kendig's have

expressed themselves in a contemptuous and disrespectful manner of the Commanding Officers of said Regiment, in the presence of, and to enlisted men of said Regiment, saying "that the Colonel was a God damned old ——— boy never man." that "he (the Colonel) may kiss my God damned old arse, I'll have this Regiment broken up in less than a week, and then the men can go where they please without asking his permission."

All of which has had a tendency to cause discontent and sedition among the men of this Regiment to injure the discipline of the Officers and to produce insubordination.

Rec'd Com'r Feb'y 22 '62

Captain

I take this method of informing you of some things, which have lately occurred in the vicinety of Versailles in Morgan Co Mo. which I think should reach the ear of the Major General Commanding. The facts are these A German citizen was murdered, on the little Buffalo, during the last fall, by a band of mounted desperadoes, about eighty in number, some of whose names I can give you. They took this German from his home to a schoolhouse about four miles distant, where they held a sort of Courtmartial over him, giving him ten days in which to leave the state. As the German was going home, three of the band went before, and three behind him; Before he had proceeded far, the men before him faced about, and fired. Killing him instantly, I obtained a knowledge of these facts from Mr Dorfliger a neighbor of the murdered man, who assisted in the search for the body of the German. Dorfliger is now living at Tipton Mo. In view of this and similar outrages Col. Cummings Comdg Post at Tipton applied to Brig. Gen Pope for a patrol to rid the country of these scoundrels, which was for some reason unknown to your informant by him refused

The names of the murderers are Horton Cushaw, William Samond and Henry Meadows, with others whose names I cannot recollect. who are now living in Versailles

Mr Dorfliger of Tipton can give sufficient testimony of

furnished to support the above facts.

Charges & evidence against

Evidence shows that James Merry is a violent secessionist, and belonged to a secret band of guerrilla rebel soldiers. - That he purchased some arsenic of parties in U.S. service with intent, (but not in fact). to poison some loyal men. - and he had it on his horse. - his actual poisoning is unknown.

Evidence shows that Dennis Davidson Bowles attempted to imprison in a cellar a U.S. soldier, and chased him with a knife. and also in company with four others drew knives upon him with intent to kill.

Sir!

Enclosed please find depositions of witnesses in the case of the Government of the United States, against James Alley & Davidson Harris. James Alley and Davidson Harris were taken by some men of my command in Calloway County Mo. I hold both of them prisoners, and wait your Orders in regard to them.

Treasonable expressions against the Government.

Drury Hall being produced sworn and examined on the part of Plaintiff upon his oath saith:
I know the prisoner and have known him about eight months, his name is James Ulery and he lives in Calloway County Mo. I know nothing in regard to prisoner having tried to poyson our soldiers except from the talk in the neighborhood, I know that he had the cider but know nothing about the poyson to put into it of which he was accused in the neighborhood. I know nothing in regard to the political opinion of prisoner except that he calls himself a Southern rights man. I know that at one time he was absent from his home about two days but don't know where he was nor what he was doing. I never heard him make use of any treasonable expressions against the government.

being produced sworn and examined on the part of the Plaintiff upon his oath saith: I went over to Calloway County on last Thursday with the intention of arresting a deserter from Comp D. 6th Reg Mo. V. I went to Mr Ulerys house and the children in the house

told me that he had left the day before, but in a few minutes I saw him comming up with an ax in his hand, I walked up to him and asked him his name he told me it was Ulery. I asked him then his political opinion whether he was loyal to the government or not, he said that the constitution of the U.S. from 1848 to 1852 he could support, but since that time he could not, in feeling he was a southern man. I then asked him in regard to the poysoning telling him I understood he had a quantity of arsenic to poyson the soldiers with, I told him that it would be best for him to tell me the truth as I was determined to know all about it, the man commenced fairly shaking like he had the ague and told me he had the poyson in his possession, he also acknowledged that he had said he bought the poyson to poyson the U.S. soldiers, but he said he done so in a joke, he then handed me the bottle, the bottle was about half empty but had a sufficient quantity of arsenic in it to my judgment to poyson a regiment of soldiers. I asked him what he done with the balance of the poyson and he told me he used it on some of his horses and showed me a horse with a sore shoulder, whereupon I arrested him.

The Prisoner here present James Ellery told me that a certain Mr. Pratt and Harris persuaded him to use the poison in his possession for the purpose of poisoning Cooks Company then stationed at Tolluberry he also told me that it was his intention to do so. He also had a kind of a frolick at his house a few days after new year, and invited me as a friend to come to his house and participate in it. I went there, and after being there the prisoner and some others tried to catch me and arrest me, he even tried to persuade me in to his cellar in order to carry out his designs. When I found out what they were after I took to my heels, and was followed and chased for some time by the deceased in the house present. I think I was followed and chased for about two hours and left the neighborhood altogether early the next morning.
I belong to Comp. "D" of 6th Reg M.C.V. and was the only federal soldier at Prisoners house. I was at the time at home on a furlough visiting my relations in Callaway County who live in the neighborhood of prisoners house

I proceeded and found one of our men belonging to Comp D. 6th Mo. I went to the house where he told me I would find him on Wednesday morning, and asked if Dawson Harris was there or about the house, they told me he was not. I searched the house and could not find him, going out though I heard some body chopping wood I followed the sound and came up to two men the one is this prisoner, the other was a man also by the name of Harris. I asked which one was Dawson Harris and I was told it was the prisoner here. I also asked him what he meant by trying to arrest U.S. Soldiers he said that he did not know, I asked him then what kind of uniform he wore, he said it was the uniform of Price's army and got the same from a man by name John W^m Thompson a recruiting Officer for the rebel army. I asked him then whether he intended to go to Price and he said that as he is

last saturday he was looking for a Company to go with. He also told me that he was out in the rebel camp in Callaway County of Capt Jones against Col Henderson, they were armed with rifles, but both parties had made an agreement to disband. I asked whether he knew the consequences of a man taking up arms against his Country and he said he done as others had, upon that I told him that he was my prisoner. I also asked him whether he was not arrested once before and he said he was by the Home Guards of Capt Ellsworth Comp.

Brig. Genl. J. D. Cox

General

I forward to you the depositions against Saml. Hannah and Milton Hansford, both men, who since the first time, when I came to Clifton in pursuit of Clarkson's cavalry, have been pointed out to me as the leading and most dangerous traitors in this part of the country. This has been confirmed by a great number of informations, which I received during the later scouting expeditions. I have also the conviction that Samuel Hannah was the originator of the false alarm spread in Cabin Creek some weeks ago, and that Milton Hansford spread the news of my last march up Paint Creek; for this however there has not been any evidence given. But it is evident that all the Union-families in Paint and Cabin Creek have been terrorized by these two men and fear a repetition of their revengeful acts, whenever the Union troops should leave this country.

I therefore most respectfully beg, you will take into consideration this case and protect the Union men of this county against future acts from the part of these men, by demanding a real security for their good behavior, whenever they should present themselves before you with the intention of taking the oath of allegiance. I beg also, in the interest of the mentioned families, that you will keep the names of the persons who testified against these two men, secret.

I enclose likewise a letter received from Lt. Col. Wilson 4th Regt. O. V. containing an affidavit of some men from Malden in favor of Mr. Milton Hanford. Leaving the whole matter to your decision I am most respectfully

Gen L H Cox —

Dear Sir —

Col J R Hill and Maj Jno McAllister of this County were arrested Sometime since and taken to Wheeling, as hostages for Gideon Frederick — who was taken prisoner by the rebel Stenden at this place in October. Hill & McAllister were released by the authorities at Wheeling, on condition that they procured the release of Mr Frederick — They went to Lewisburgh and succeeded — and Frederick arrived at home on last Wednesday — but Maj Hill & McAllister were subsequently arrested at Gauley by the Federal Troops — I would therefore be glad if you would have them released immediately — I was in the act of starting down the River when Mr Frederick arrived & I could have informed you of this sooner. I had but a few moments conversation with Mr Frederick — in which I learned something of the condition of the rebels at Lewisburg — which information I communicated (from Gallipolis) to Gen Rosecrans at Wheeling — which I will also give you — Mr Frederick left Lewisburgh last Sunday week — he says, "There is only One Regiment at Lewisburgh (two companies absent) not more than three hundred fit for service — that they kept their Horses harnessed & bridled (to run) a short time ago — on a false alarm, there are also forty two Cavalry at the Blue Sulphur Springs — Mr Frederick Says, that the rebels (pretending that the Union Men) and two all Through the County — to Covington Kentucky — Says there was a Regiment at Newcastle some time ago — but that they have

left there, says "there are more stout Confeder-
ates near there that he could hear of" thinks
there at Lewisburgh will not fight but run
away if they hear of the Federal troops
coming. many of them are dissatisfied and
would like to get out of the scrape - and will
not re-enlist. says the road between the
Federal army and Lewisburgh is pretty good
with the exception of a few places -
Mr Fredericks is a reliable man.

Yours truly

Apst Adjt. Genl. Banks Division

Major. This evening I sent you telegram with substance of letter from Mr. Joseph L Russell of Loudoun Co. Va. and herewith I send you the letter. I would briefly call it by telegram ask your attention to the report named by Mr R. that passes are obtained by the rebels at a new Shipbuildstown. Without desiring to be officious I would respectfully say that Guard duty is not very strictly done on parts of the line along - I mean, without making a formal or public statement, to say, that the Indiana 12th Regiment does not keep so close a guard over parts of the river as it seems desirable to do. If I am correct in this it, of course, implies much any or all unintelligence on the part of other Regiments.

Herewith, too, you will receive three (3) Richmond papers of the 10th & 11th inst:. If you have time and it is not incompatible with public interests, I should like that of the 10th inst - marked by me, returned to me by mail, as I should like to preserve it. Please notice the boastful

savagery of a letter from Savannah to one of the Richmond papers. where skull bones and jaw bones of Yankees play a part in this juvenile demonism.

As an offset to this, I send a printed copy of Proclamation of "Gov." Hill, from Leesburg, with the funny superscription of some fatigued Loyalist of Loudoun Co. sent me to day - which, too, unless the Journal of yours desires to retain I should like to keep until another Proclamation Bombastes Furioso is written.

Enclosed, likewise, is a letter from Mr Russell to his slave man, Samuel Shaw, whom he thinks confined in Frederick jail as a run away - which he states he is not. If you can have the man liberated it would be a kindness to him, as I believe too, to Mr Russell. The man, Sam Shaw, I have heard of before, as of an honest faithful man - and I trust you may find time to attend to his liberation, made by request of his Master, as you will see.

Will you please instruct me as to my payment of Services rendered at this Post, both in hiring boats, as spoken of yesterday by me, & also in personal Service, as for instance, the Ferryman, who carried Mr Rolle over the river day and night, at all hours, for many weeks, and who now gives me for me. I am at a loss - unless I pay people out of my own pocket - which, too, is a loss, and not particularly just either it seems to me - what to do.

I am, Major, very respectfully and truly

Major. Late on Saturday I received the accompanying letter and newspaper from Mr. Jos. L. Russell of Loudoun Co. Va. — too late to have acted that day. But the letter contains nothing at all important except the statement relative to the "three Baltimore Gentlemen" having bribed some of our Picket Guards at a near Williamsport. A matter of this kind, if it be true, might not be difficult to detect, in view of any of the men having more money than usual, at a post where a boat is or has been kept. Boats are kept at some of the picket stations to enable the men to cross the Canal. Very respy, Major.

I send to you two gentlemen, arrested by Mr Simmons at Princeton Ind, under circumstances which he will explain to you.

I deem it my duty to say to you that Mr McCall, has letters of introduction which are unquestionably genuine. Mr Foster, to whom one of the letters is addressed is one of our most prominent business men, and recognized the signature of Messrs White & Elder. I myself have had a business connection with John C. Bullitt Esqr, and know the letters written by him to be genuine.

I deem it important that I should detail to you a conversation I had with Mr McCall. He said ~~to~~ "I wish to ask you if you consider your responsibility for ~~my~~ discharged when you shall have delivered me over to Col. Drew?" I replied "yes, certainly." "Then" said he "I wish to know if you can advise me! As I told you on yesterday, my business at Shiloh Harmony, was of such a nature that I did not like to disclose it. I now wish to tell you and seek your advice as to whether it would be better for me to disclose it to Col Drew." I said to him "You understand your business, and you had better not tell me anything that will implicate yourself." He asked "What will implicate me?" I replied "I am a Government officer, & act for which you can be judged for yourself. Any transaction detrimental to the interests of the Government, or contrary to the laws of the country would implicate you." He said "My business was not treasonable in its character nor had it any political connection." I said "You can judge for yourself whether you will inform

Dear Sir

Being one of the men that is Condemned to be shot and thinking that a man should use all honorable means to save his life, I therewith state the facts in my case, that during the time there was a Company raising at Springfield Pike County under Command of Capt. A. Hicks, and having brothers and friends to join that Company I was induced also to join it and was sworn in with a solemnity of manner Conferred, when the time Came for the Company start I did not go I Could not get my Consent [illegible] Knowing

down into the Interior of the state. I staid at home but whenever any Federal Troops Come about they always Come to my house to Get Something and I always Kept out of the way but Things becoming so frequent and Prices proclamation coming out about this time and another Company organizing at Sturgeon about this time and friends and my wife also advised me to go to the army. and I Joined and on the night of Friday Dec 7th 61 we started to Price army But not being able to Cross the River we were taken to Place of safety and kept until we could Cross in safety. In the Mean time going back home and going to work but Federal troops being stationed near by and stealing Provision

leaving the County, I was again forced from my home as a matter of course I went to enter my Company was ordered In a few days we were told to meet and bring two days rations, according to [illegible] and a blanket, and the whole Company was under the Impression that we were then going to Camp Thomas But were marched to Otsego and Shelbyville a town which was then in town about Town and being but a half mile from my home I went home from there and on half the Road I never left until after Breakfast next Morning, all of this I can substantiate by reliable men, and I never knew what was said to Mr. Neal until last the next Morning I again started to Join my Company at Kendallville

that there had been a battle and
our men whipped and routed
and I rode in to the arena Sitting
My Rose and knew how she had
on the facts and I can substantiate
them if I am allowed the privilege
of a new trial so that I can prove my
innocence and save my life
that I was charged with and convicted

Dear Sir, I take the liberty of enquiring of you whether the Order which made it necessary for all City Officials to take the Oath of Allegiance, applied to the Employees of the Water Works Department? If so How does it happen that the Chief Engineer, Mr. McLain, and his two Assistants, Mr. Corby and Anderson—Party are still retained in their situations, although they are known to be violent Secessionists? I have no motive or malice to gratify, but I do think it hard that, while many Loyal men are suffering from want of employment, Traitors should be kept in employment. I am ready at any time to answer any enquiries you may wish to make about this matter, and hope that you will look into it

I forward herewith at the request of D. Moore, Esq, of Covington, one of the counsel of Squire Lucas and John H. Jones two deception prisoners sent here by Col Warner, and am desired by him to say, that the unconditional discharge of these prisoners is not sought by him, but that they wish to give bond, with ample security, to appear before the U. I have not yet received the promised testimony from Col Warner in relation to these prisoners. As soon as it comes to hand, I will forward it to you.

On the 6th & 7th of Feby inst. I attended the examination of Squire Tracy of Grant County charged with treason to the United States, before Thos. Ward Esq Commissioner for United States in and for the Kentucky District at Cynthiana, & subjoin herein the testimony then and there adduced. After payment of the examination was resumed Sunday Gentlemen Some Soldiers of the 8th Regiment Ky Volunteers, and others Citizens from Grant County in behalf of the Government and Sunday examined on behalf of the accused. Dep Carrithers was after hearing the whole testimony that at that not sufficient to have Committed him to answer a charge of the C[rime] yet, but might have him held for further examination. The testimony of the witnesses in the accused being sworn by the Sheriff of the County and this Commissioner was given to writing, which is returned herewith. Being on Command at Camp Frazier the above named Regiment, and Capt Tracy being Commanded to my custody

permitted him to go at large on his
parol for four days before his trial,
and his parol was faithfully
kept by him.

From the circumstances brought
to my notice by the trial and the impression made upon my mind by my
short acquaintance with the said
Lucas I do not hesitate to express
the belief that should he be allowed
to execute bond for his future appear-
ance to answer charges, and in the
meantime to be of good behaviour
that his bond would be kept by
him.

Commission for the United States issued for the Kentucky District at Cincinnati, assigned upon Charges of Treason against the United States, Misprision of Treason against the United States and for aiding in the rebellion giving aid and comfort to the enemy. I acted as Counsel for the accused a good many witnesses were examined on behalf of the prosecution and Several on behalf of the accused. The prosecution was Conducted by Lieut Col. J. J. Landrum of the 18 Ky. Vols. Who is also a Surgeon aided by Mr Jenny Ward a Lawyer, ~~[illegible]~~ ~~[illegible]~~ ~~[illegible]~~ ~~[illegible]~~. The accused was discharged as I think properly by the Commissioner

I have been a practicing Lawyer at the Saint County and Circuit Courts, for more than twenty years and during all that time said Scars has been a resident of that County and has represented the County in the Key Legislature He knows him for thirty years past and is now the High Sheriff of that County and it was in proof on his said examination that the whole of the Revenue to the State from his County had been fully paid over to the Public Treasury in due time, which it is a well known fact that many many many of the Sheriffs of the State have failed in that particular

Scars is a man of family, and an orderly disposed Citizen. I have no hesitation in believing that should he be allowed to execute bond for his future appearance to answer any charges that may be preferred against him and in the meantime to keep good behaviour that it will be faithfully kept by him.

Sir

On the 20th January last the day subsequent to the battle of Mill Springs the undersigned bought of Simpson Hc a wagon upon J. C. Brown of Mill Springs, for sundry Stores & goods, which were placed in Browns hands by Simpson Hc who were suttlers in the rebel army, the receipt bears date on 18th January the day previous to the battle. The only goods of Considerable value Consists of 40 Boxes of fine Tobacco, After the purchase of the goods by us and after we had paid Simpson Hc for the same, the federal troops upon their arrival at Mill Springs took possession of the same as part of the Military Stores left by the Rebels, and now hold the same,

We think as the goods were vested in us by virtue of the purchase aforesaid, before the actual seizure as we learn, we think it our right for the goods to be delivered to us. It was not our intention to defraud the Government in any matters and we made

the purchase in good faith for our own benefit, without any understanding believing and the Legal Claim for Cattle of such advantage to him. Whether the Circumstances surrounding the Case, had forfeited the Goods to the Government we do not Know but in any event it would be no injustice to the Government for the Goods to be turned over to us. We are and ever have been loyal to the Government both of the State and United States and we have ever been supporting Union men. We ask your favorable consideration of our claim.

Mill Springs, Ky.
February 6th, 1862.

General D. C. Buell,
Commanding Department of the Ohio:

Sir—

When I crossed the Cumberland River on the 21st ult., I found 29 or 28 boxes of leaf tobacco at this place, worth from $25 to $30 per box, amounting in the aggregate, in value, to about $1,000. The tobacco had been the property of one Simpson, a cutler in the rebel army. I took possession of the tobacco for the use of the Government. On the 22d two gentlemen named Stevenson and Hayden, of Monticello, presented me an order from Simpson for the tobacco, they claiming that they had bought the same and paid to Simpson therefor the sum of $150 in Confederate bonds.

In his flight Simpson abandoned all his stores, including the tobacco, and as he passed through Monticello with the retreating rebel army, disposed of the tobacco to Stevenson and Hayden as I have stated. I could not recognize the right of Simpson to make sale of the tobacco, under the circumstances, but agreed with Stevenson and Hayden to refer the case to General Thomas

who has directed me to make a written state=
ment of the facts and refer the subject to
you.

I will state that it has been represented
to me that Messrs. Stevenson and Hayden
are good Union men, and I learn they have
lost considerably by the ravages of the Confederate
Army.

As to my Oath I submit the following facts I took the Oath before S. T. Calwell Clerk Circuit Court on the 12th Dec 1861, and mailed it on the 13th Dec, which reached the Secy. of State on the

18th (one day Too late.) It was returned by the Secy. of State to me and on the 23d I was appointed by Justices Dismukes & Hagan (Justices Stout having resigned on the 16th) and I annexed the Certificate of appointment with the oath before mentioned, on the 24th which was rec'd at Jefferson City on the 31st Dec. as per letter of Secretary Oliver now in my possession), It was the opinion of the Court that a new bond was unnecessary, but Mr. Oliver in his letter of the 31st before mentioned, dissented from their opinion, and on the 6th Jany 1862 a new bond was approved by the Court and Mailed on the 7th Jany, which was rec'd at Jefferson City on the 14th Jany as per his letter now in my possession, in which he says the bond is all right and is filed in his office, The letter referred to above, I submitted to Messrs, Lancaster & Southworth, this morning, as per their statement below,

Dear Sir a man by the name of Hosey living below Portland - a gardener by occupation, who left Portland during the Month of March with three large Jugs sold filled with Whiskey and all kinds of Common colours I suspect against the government - This man got these Jugs in a Skiff in the night to the Residence Neighbourhood of Mr. Ostrander's - & Lieut Brooks Gen'l Grosch and staid over night with him and went on next Morning -

Two days after I heard the facts & got a friend to Leavenworth to acquaint some of Zealous Union men of the facts & who I knew would prosecute them instead of doing which he went to Leavenworth & went direct to Genl Blunt at the time some time the Genl had been absent from Leavenworth on duty and he made his Escape

This same Hosey came last Thursday night in a Skiff with three more Jugs & stopped again with Mr Ostrander over night - he not showed his faces off - Next Morning he left in my Skiff - & with Mr. A. & went to Mr A J Andersons - Then he was joined with Mr Ned Anderson - To bring Mr Andersons Skiff - Just found

to have been Made at Manchester Portland — red Edging = Blue Black & white &
some think the was called New York though this
is Not Certain — Mr Anderson is quite a young
Man — Mr Ostrander is generaly known as he
was Head Pilot on the Ms Eclipse. Majestic
& other first Class boats — and this Brian
Hoona I know nothing of — I am mistaken
in saying that he left Thursday night it was
it was Friday Morning — They design running

they Expect Rebels when they will lay

Vicksburg & Natchez they will throw over the
Jars and land to the Rear of their
Lines — picked up — Expect by this
time pretty well down They do not
Expect any trouble only at Fort Pillow
& if they do — they will drop their Barges
They will not if it is supposed Steps at Fort
Pillow before tonight or tomorrow night —
The Union Men in this Section are
very anxious for this Iron Clad to be taken
as they do not Wish Secret Rifles — I think
the Rebels expecting they can be overtaken about
Vicksburg what Course will be Taken
in any way I can save the Cause I will —
do Not in any way let me be known in this
Matter as I am Fearfully surrounded by Death. that
would destroy My Property & do me personal violence. do not
Notice this in your Paper or. I would be suspicious at once

Dear Sir

I am requested to write you a few lines by General John Tribble of this county who is an old man and suffering great uneasiness of mind caused by the following circumstances in several weeks since his young son Barrett Tribble while on a visit to his sister in Pulaski county was arrested together with a Doctor Nunnelly of that county charged with aiding and abetting some prisoners in attempting to escape from confinement. These young men emphatically deny the charges and have as I am informed requested an examination repeatedly but from some unknown cause they have been removed to your city and are now confined in the old Medical pretitude as Barrett Tribble writes but being young and inexperienced he has omitted to give the name of the officer in whose charge he is held & I have advised the old General to write to him soon & direct to your care and if worse write and inform you of the circumstances and request that you see that the young man receives the letters. several have been written and they have not come to the hands of the young men - - - - -

I can say to you that the young men are gentlemen of good families and respectable themselves & whatever they say can be relied upon. and if you can do any thing to assist in obtaining their release will be confer great favors upon the old gentleman and his family

Gen John Tribble and Dr Jacob S White's wife are brother & sister

Testimony of Boys
H. Roberts

Paron Moody
vs
Joseph W Scott &
William B. Pyles
In Chy

Testimony of Benjamin F. Roberts taken in above cause on behalf of dfts Joseph W. Scott this 22d day of Feby 1862 by R Dorman Esquire on the annexed direct & cross interrogatories as followers, viz;

To the 1st direct interrogatory witness answers & says Yes I know the said Paron Moody Joseph W Scott & Wm B. Pyles —

In answer to the 2d direct interrogatory witness says. I don't know who occupied it during that time nor who owned it

In answer to the 3d direct interrogatory witness says. Yes I saw him some time in Dec 1860 I was on the 15th or 16th day of Dec, 1860 according to my books. I hired him at first but he objected to me after I got back from Georgia the only took of them — for a year to be paid Quarterly — Names Alfred, Lawrence,

Washington, Elijah, Julius & Berry -
The old man when I arrived from
Georgia Mr Moody stated would
not suit them at the mill she
rather I would take him back
The old mans name was Daniel

In answer to the 4th direct Interrogatory I have stated the time of the 18th or 16 of Dec 1860
When Moody first proposed to hire them I asked what kind of labor they were to be put to (Mr Moore objects to this answer as irrelevant)
He said he wanted them to work in the mill & in a saw mill. I told him I did not want my negroes to go to Baldwin again He said they were not to go to Baldwin
I asked him when them he said at Scott & Pyles mill here or Jones. I told him I did not know Scott & Pyles asked him who I was to look to for pay. He said he was to furnish them money to carry on the milling business & he would

see that I was paid, I wanted
him to pay me monthly for the
hire of the negroes. He said he
could not do it as he had to furnish
money for logs shingle hands
shingling Cogs he was only to
draw a certain pr centage
from the profits
which he did not & late I wanted
me to give him more time &
pay quarterly & I agred to it

In answer to the 5th direct Interg
witness says / they were paid in
his (Moodys) own name — that is, the receipts
were all given in his (Moodys) own name
I have stated the conversation the
Moody was to pay me & pay me
quarterly. It was the same conversation
I have stated in answer to the previous
interrogatory —

In answer to the 6th direct Interg
witness says; I do so.

In answer to the 7th direct Interg witness
says; Yes he paid me. He did not pay

me for the year He paid me up to May
I believe there may be some little behind
we have not had a full settlement
I think it was the 4th of May he
sent the negroes home. I saw him
a few days after that & asked him why
he sent them home & he said he
had no use for them & they had
none at the mill as they had stopped
the mill. I said I had no use for them
that I had hired them for the year
I then went to Mr Scott & he took
one of them Alfred
I dont recollect the amount. It
was four hundred & fifty eight dollars is
what I have it down. There is something
between us for settlement. I have not the
dates down. We had a settlement for the
1st quarter in April. He gave me a draft
on the Bank for $100 & I believe. This was
before the settlement & I think that we had a
settlement for the 2nd quarter. Mr Moody
paid me,

In answer to the 8th direct Interrogatory
written says; I am now
(Mr Moore objects to the rest of the
Interrogatories)
If it was mine $5,000 I could buy
him under the present circumstances

I would not consider her worth more than
$5,000 now — Answer to the 1st direct Intg Y
written says. No Sir I know nothing
more except that at the time of the
conversation I did not know Mr Scott
or Mr Pyles I had never seen either
of them that I know of.

Cross Interrogatories propounded
by Mr. Moses Counsel as follows,
viz!

1st Cross Intg Y Mr. Roberts are
you interested in any way in
the event of this suit?

Answer. No Sir I am interested
in noway at all —

2d Cross Intg Y Is there no benefit
to accrue to you in any way from the result?

Answer. No. Mr Scott does
not owe me a dollar

3d Cross Intg Y. Who was present
when the hiring thereof took place?

Answer. There was no one present. The
conversation took place on the wharf
when I was about to leave on a steam boat for Georgia

4th Cross Nity Y. How long did that conversation continue, State about how long Hour many minutes? ~~I should~~

Answer. I should not think it was exceeding half an hour He had some conversation about the burning of his other Mill at Baldwin

5th Cross Nity Y Was the Steam Boat lying at the Wharf when the conversation took place?

Answer. I do not think the Steam Boat had got there when the conversation took place.

6th Cross Nity Y. Did Mr Moody tell you these negros were to work at the Eagle mill?

Answer. I do not think he mentioned the Eagle Mill.

7th Cross Nity Y. Can you recollect the exact language Mr Moody used at this period of time?

Answer. Yes I think it was just about as I have stated. As it regards who they were for I know it was.

He said he had abay that would do the rafting. I did not want my boys to go on the water. He had abay that had find the engine for Dr Johnson & I thought it might suit him down there

& Cross Mtg J. Pinsons to this conversation with Mr Moody did you know who was running the mill down there - the Eagle mill?

Answer. No Sir. I was never in the mill until sometime in april I think

9th Cross Mtg J. During this conversation with Mr Moody did he not state to you that he had to purchase logs for the mill, have leased & sell the lumber on 4 months time & that he wanted to make all ends meet & pay for the him out of the income now not this the reason why he wanted time!

Answer. He said he had to buy the logs but as to the 4 months time I did not hear that. His reasons for wanting time he did not give me. I don't recollect any statement of the kind about moping the cuds ~~must~~ paying for the him out of the income

10th Cross Intg J. What do you mean by his paying you more him out of the per centage?

I want you to explain that.

Answer. He was not to pay me out of the per centage. For the money he was to furnish for the Logs & all he was to get a certain per centage Moody said so.

11th Cross Intg J. What was that per centage?

Answer. I don't think he stated sir.

12th Cross Intg J What percentage of the profits was Moody to get

Answer. Moody did not state

13th Cross Intg Did you call upon
Mr Moody before the expiration of
the first 2 months for a payment?

Answer. Not for a payment
But I asked him to advance me
something as there was a gentleman
here I was owing of him, as I did
not have enough on hand to pay
him I asked Moody if he would
advance me the gave me a
draft on the Bank.

14th Cross Intg About what
time was this?

Answer. It was shortly before
the 1st of April 1861 I think, I have
not the note by me but I have it
at home which I took up

15th Cross Intg Was not the draft
which you speak of as being drawn
on the Bank drawn previous to the
10th of February 1861?

Answer. I cannot say exactly when
it was

16th Cross Nitg J. Previous to the giving that draft had you not received any money from Mr Moody on the hire of the wagon?

Answer. No Sir I do not think I had received any.

17th Cross Nitg J What was the amount you received from Mr Moody on the 1st fulltimt - the balance due you?

Answer. I dont recollect the amount now. He gave me another draft on the Bank, and he paid me some money & gave me a draft on somebody else. I do not recollect on who nor whether it was in the 1st fulltimt but I know that I got a draft for $35.

18th Cross Nitg J. How long after the first settlment with Mr. Moody was it before you drew on him for more money?

Answer. It was sometime after he sent the boys home.

19th Cross Mtg'd Can you positive it was not before?

Answer, I think not. I may have called on him on afc of Mrs Katzenberg for $5— for ice. by the way in the store she had no money & wanted some tickets & I told Moody to let her have them & I would pay him.

20th Cross Mtg'd. What was the balance that you received from Mr. Moody on the last settlement which you mentioned to have taken place in May?

Answer. We have not had a full settlement. I contend that he owes me up to the 1st of July — to the end of the year. I do not recollect how much the last payment was.

21st Cross Mtg'd. After the boys were sent home did you state to any one that the payment was to be made by the month but the hiring was for the year

Answer. No Sir,
Then was a Conversation took place over in front of Bishops Store in refer to the matter, I don't recollect of saying any such thing.

22d Cross Intg. Who was present at the Conversation?

Answer. There was some 8 or 10 present there. Mr. Bishop was out doors, Corbett, Mr. Briggs. I don't recollect who was all there now.

23d Cross Intg. What wages were you to receive?

Answer. I was to get $20 = apiece per month =

R. M. Douglass being duly sworn on his oath says. I reside in Callaway Co Mo. my age is 23 years - I was present when Baily Taylor, Robert Taylor, John A. Craghead & Dudley Mims had a personal difficulty with Thomas Sharpe - They asked Sharpe if he was not a union man - He said he was his own man & stood in his own boots. Baily Taylor said he could whip him the best day he ever saw fist fight, or any other way - They talked to him some time but I did not hear any more - Afterwards they [redacted]me that they had make him take the oath - It is my belief that they administered the oath to support the Southern Confederacy or the Rebel army, although they did not say what it was - I know the above named, except Sharpe, to have been Rebels and that they were at that time - This occured about the last of December 1861 - at Soloman Rodgers house. Rodgers was present. Garret Adair & myself were on our horses but took no part in the matter -

I have been in Price Army, under Capt Mc Entire - I was Regularly discharged -

I have never done anything to oppose the Federal Authorities or the Government since my discharge I never heard any thing in relation to the destruction

of the north Mo R.R. while in the army nor after my return, until four or five days after its destruction - I have never heard any one say anything to induce me to believe that they were present at its destruction -

I know of no one who has furnished supplies of any kind to Rebels or Rebel Recruits -

I know of no encampment or place of meeting for Rebels or rebel Recruits. I know of nothing which as a good loyal citizen, I should disclose to the Federal Authorities. It is my intention to remain loyal to the United States -

I left my Uncles at Goose Creek with the Consent of my Parents on Wednesday evening last after dark about 7 o'clk PM and started direct for the River distant about 15 Miles and reached the River at about 10 o'clk am. Relative to the arrest of Samuel Kelsey and sending Capt. Fritz to the Navajoe to capture secessionists.

(Inclosure)

Rec Feb 24, 1862

Head Quarters Camp Carleton,
Near San Bernardino, Cal.
February 21st 1862

Colonel,

Your letter instructions in regard to the arrest of Samuel Kelsey and sending Captain Fritz to the Mojave to capture secessionists, was received to-day at 4 P.M.

I immediately ordered Captain Fritz to prepare to march with 20 good men to Lane's on the Mojave, to take eight days' subsistence, and to give his men no information whatever of their destination. He started to-night at half past nine o'clock, taking two pack-mules with subsistence.

His men are all armed Sharp's Carbine, Colt's Navy-size revolver - each having 20 rounds of Carbine, and 20 rounds of pistol cartridges. He has sealed instructions - copy herewith - to be opened on arriving at Lane's. The Captain has been on the sick-report since returning from Camp Latham, but he readily assented to undertake this duty. I very much fear however it is too late. I thought to write on the 18th inst.; but it is proper an effort should be made.

In regard to Samuel Kelsey I have

not yet ordered his arrest, for the reason that I have not had time to leave Camp to satisfy myself as you require, that the accusations are made solely on the merits of the case, and to subserve no sinister ends, and to gratify no private pique or personal animosities," and because I have information that Kelsey is still in town, allow me to say, Colonel, that I may very well be perfectly satisfied of Kelsey's criminality at the same time that I might be well aware that personal animosity or private pique is at the bottom of the accusing counsel, and to assure you, sir, at the same time, that my credulity has not been taxed by the delectable denizens of this valley, for rather than if all had their deserts fled would be left to adorn the scene, and of penance - even if forced - be good for the soul - I judge the bulk of the free white male voters of this neighborhood would be doing penance at the shrine of San Quentin instead of that of San Bernardino." Tomorrow I shall devote to Samuel Kelsey, who, I am persuaded is a traitor. Hence I have him in arrest the writ of habeas corpus will, in his case, be temporarily suspended, you may rely.

Captain,

Your mission is to arrest a party of secessionists reported to have encamped some days ago in the vicinity of "Lane's" on the Mojave. It appears that Mr. Leonard of San Bernardino, who was out hunting cattle on the Mojave came upon a camp of armed men, who openly avowed themselves secessionists, and members of other parties in advance, that he remained with them all night, and sent Mr. Lowe in to Camp Carleton to report the circumstance. Inquire of Mr. Lowe where he was, last here, and find out, indirectly, in a conversation always, of such a party as Mr. Leonard represented passed his place or in the direction of the Colorado, when they passed, their numbers &c. Be discreet and adroit in gaining all such information in a manner not to let any one understand your true object. Make enquiries about the buildings at Fort Mojave, the grazing in the vicinity, whether the Indians are peaceable - if the river overflowed there, if there are many miners, and such other questions as would lead people to believe your object were information in regard to the re-establishment of Fort Mojave. Keep your own counsel. Do not let any of your men know the ultimate objects

which you are sent until you have reliable intelligence the trail on you are to capture. If you are satisfied that Mr. Lane is a good sound patriotic citizen confide in him, and get his assistance if necessary. Should you be satisfied on arriving at Lane's after informing yourself fully on the subject that you can not overtake the party you are sent after, in four or five days, return to camp. If you do overtake them capture them, disarm them, and bring them to the camp. Should they offer any resistance, let their resistance be their destruction. You can overcome double your number each, confiding in your courage zeal and discretion please the rest to yourself.

Colonel,

I have the honor to report the return of Captain Pratt to-day from the duty upon which he was sent to the Mojave, and to enclose his official report. It was as I feared - a move we had not been able to make in time. Captain Pratt states verbally that 'Jane' said he came to this place about a fortnight ago but I judge he is not by any means a reliable man; and it is my firm belief who is in this neighborhood, I must cease to regard any statements made by parties in this vicinity.

I have not been able to obtain any intelligence of the movements of Kelsey, and I have no doubt in the world he was put on guard by the very men who made so many accusations against him; for now that they are convinced the troops are to leave here, they fear the enmity of such men as Kelsey, and will do anything to save their precious lives from danger. None of them came to inform me, as they

preferred and promised to do - of Kelley's flights nor have they been near Camp since then, before that they were here daily almost —

We have now about 15.000 pounds of grain on hand. No hay, but there is a small parcel of about three tons we can purchase tomorrow. Ordered the Regt. Master to-day to go and purchase some growing barley which is just about turning yellow. The price paid is $8.00 per ton delivered in such quantities as required. This will make good forage so long as it last. Lieut. Coleman thinks there is about 10 acres of it - say 25 tons. With this we can manage to remain about ten days longer, provided we have not to furnish forage for any trains.

Lieut. Wardwell and party have just arrived. He reports the Cañon (regon) impracticable for wagons, on account of quicksands in the bed of the Creek which has to be followed in places where it is bounded by high rocky on both sides. He reports however having made a road from the "Second Sheep Ranch" to Lieut. Wardwell's camp near Temecula that shortens the distance about five miles, and that the new road is good and nearly level. He reports also that the late rains have made the road hence to Temecula almost impractic-

able for wagons. McDonald's train was much delayed from getting mired. He had to double his teams every now and then. The team that left here for Camp Wright three days ago had to unload five times the first 20 miles and made only four miles of a march yesterday. It rained heavily between here & Temecula during the last week.

Messrs Fleeker of the Senate & Frost of the Legislature refusing to concur in the proposed release of Jas. E. Smith, & upon the assurance that he would be soon again indicted, the evidence being clear as to his participation in the Guerilla warfare in Jackson County, I have concluded to hold Smith.

The letter from Mrs Halstead refers to two of her sons arrested at Grass Lanes in Sept. last. One of them has been released, but the evidence against the other is sufficient to justify his further detention.

Sir,

The undersigned Commander of the 2d Regt U. S. R. C. reports to You, that on the 18th day of February six men viz:

James Cochoran	Brackley M. Bradford
Anthony C. North	L. F. M. Digler
Rowland B. Massey	Wm McCullough

have been arrested 9 miles south of Sullivan, being armed, and as they confessed after their arrest, were on the way to join Price's Army. The correctness of this statement is fully established by the accompanying letters directed to men in the rebel Army.

I send the prisoners under proper escort to You to St Louis to deal with them as You find proper, forwarding to You at the same time a package of letters mentioned above, which have been taken from them, also a list of other things which I retain here to Your disposal.

In one of the letters directed to Frank von Phul were found $20. Cash which I have paid out to Wm H. Tate a Southern Refugee according the enclosed Receipt, as the same with his large family is extremely suffering.

The letters and other parcels were found in possession of Digler & Massey, the latter two were on horseback and Massey was in further possession of another horse which he led, and which was packed with the things taken from them.

Sir

I observed a few days since that two of my employees are presented in the report of the Potter investigating Committee, as being undoubtedly disloyal to the Constitution & Government of the U S. I would respectfully represent that I have intimately known Miss Wyatt & Mr Evans for years in all the relations of life & many have been my personal acquaintances of them & they accusers that the charges of disloyalty made against them are utterly false & vindictive. They accepted situations in my office at my earnest & repeated solicitations, it being absolutely necessary for me to have persons of trust & capacity in their positions, in the unsettled & confused state of the Qr Mr Dept. When I entered the Division of Western Va in justice to them I would respectfully suggest that a prompt & speedy investigation may be made & in order that it may be thoroughly & satisfactory, that the subject be referred to the Commanding General of the Division of Western Va

Very

At the suggestion of Maj Cary I have the honor of enclosing oaths of allegiance to the Constitution & Government of the U.S. sworn to & subscribed by Messrs Argall & De Lano,

Very Respectfully
Your obedient Servant
