I wish to make a statement to you in regard to Five of the Employees of the Government Repair Shops, their names are; Daniel Campbell (Foreman Blacksmiths) George J. J. J. (Foreman Blacksmiths) and George P. P. (ditto) William C. C. and Zachariah Green (Carpenter) the agreement made with those men at the time they were hired in Baltimore Md. was that their pay was to commence at that date, providing that they stayed six months in the Government employ.

We made the passage from Baltimore to Garretton in Forty five (45) days, which time those men were doing nothing the Government furnishing them all the tools with Nations. After working here about two and one half (2 1/2) months, they made up their minds to leave the Government employ. Their reasons for doing so, I cannot give, as they were treated well by the Quarter Master, and also by myself. Also on the First of December their wages were increased one dollar a day. They left when their services were most required by the Government. I wanted them to stop.

a few days until I could get men in
their place, they not only objected to that
but conspired and tried to get other
men to leave the Government employ so
as to stop the work altogether.

Therefore, I do not think those men deserving
of their back pay.

And, I do not make this statement with
the intention of doing those men an injury
but I think it my duty to make this
statement in behalf of the Government.

Lieut. G. Henry Patrick
A. Q. Hd. Qu. Post M. N. of Fla

Sir

I have the honor to transmit herewith reports of Captain David R. Smith 2^d U.S. C. Infy (A.C.), & of Assist Surgeon J. H. Baird (C.), relating to the escape of certain prisoners.

In regard to the prisoners who escaped on the night of Dec^r 25th, the Comd^r officer deserves censure for not judiciously posting his sentries. If at night one sentry at least had been placed facing the Sally port, instead of under the arch-ed way, the prisoners must have been detected on their attempt.

On the 26th towards night I sent a mounted Ed patrol to Pensacola, where I had reason to believe the prisoners were then hiding. Saulo Coyle was recaptured, but nothing could be heard of the others. I also sent patrols to the Tenies on the Perdido River but without success. - On the 27th at night I again sent a mounted patrol to Pensacola where it was stated Loyd was seen on that day. I enclose Captain Maynard's report of his Expedition (C.).

Since then I have learned that Lloyd was seen at Pensacola where he really remained until the eve of the 27th, & even spoken to by the Sheriff of Columbia Co. on the mor'g of the 26th already. I have myself seen the Sheriff & he admits the fact giving as his reason for not arresting Lloyd "that his lawyer told him, that he, the Sheriff, ought make himself personally responsible to a prosecution for false arrest, as he was not informed whether Lloyd had not really been released from custody by the mil authorities". This excuse is of course in the same spirit as that manifested upon Lloyd's arrest, of which I had the honor to make a full report on the 28th of Dec^r last.

I respectfully beg to be informed whether I can not properly suspend said Sheriff from his functions, place him in arrest as well as the man Trimble spoken of in Captain Magnan's report, and prefer charges against them for assisting the escape of prisoners. - Such a step would I am certain have a beneficial influence in case of similar occurrences in future. - At present it is impossible to rely on the least cooperation on the part of the "civil authorities", in the arrest of any one fleeing from U. S. authority.

In regard to the escape of Christian Roper at La Cas. the com'g officer ought to be severely reprimanded for using the prisoners in

the manner reported. Such details were numerous at the time of my arrival here, but I gave immediate though but verbal orders for their cessation.

I have made a strict enquiry into the escape of Joseph Cooper from the Post Hospital and am constrained to consider the occurrence as one of those accidents which will sometimes happen in spite of all precautions. The testimony of the Surgeon in Charge, & of the Hospital Steward is unanimous that the man was as yet hardly convalescent, & certainly unable to walk even a mile without jeopardizing his life. The most minute search was made for him but without a successful result.

I have delayed reporting these matters as I have been engaged in a constant search for the escaped men, & hoped to be able to report a more favorable result. As soon as the present stormy weather subsides, I shall send a party to St Andrews Bay where I have reasons to believe Lloyd is still lurking, if not openly prosecuting his trade as a carpenter on Mrs Kalou's saw mill.

I am Sir very respectfully

Vicksburg Miss Jan 19, 1866

Lieut Stuart Eldridge

Sir

In pursuance to your request I have the honor to make the following report of the murder of three negroes near Brookhaven Miss. on or about the 5th day of January 1866. A man by the name of Hason Tylee living about fifteen miles east of Brookhaven gave a number of his freedmen a bale of Cotton in part payment for their last years services, together with a note stating that the Cotton was theirs, to do with as they pleased. He also let three of the best men among his hands have the use of a team with which they brought the cotton to Brookhaven and sold it receiving about \$180⁰⁰ in gold about \$40⁰⁰ of which they traded out the balance about \$140. They started back home with. They were met by a man who was coming to Brookhaven four or five

miles out on their way home. This man soon after met three white men by the name Hawkins Prinder and Matthews. They enquired of him if he had just met the three negroes.

That was the last that was heard or seen of them until Sunday the 17th inst when their bodies were found about six miles east of Brookhaven Miss and about three hundred yards one side of the road. They were all three shot and their pockets turned out.

A Coroners inquest was held, and steps taken immediately to find out the guilty parties. All the citizens that I heard say any thing about it, pronounced it a horrible murder and seemed anxious to bring the guilty parties to justice.

A few days after the inquest suspicion began to rest upon Hawkins Prinder & Matthews. finally evidence enough was obtained to warrant their arrest. Hawkins and Prindle were arrested by the City Marshal but Matthews made his escape, and Prindle not being very well guarded subsequently made his escape. After an examination before

Mayor Decell, Mr Hawkins was sent to
Monticello put in jail and chained to the
floor.

On arrival there I proceeded immediately to the home of Knapp, and was informed by his mother, that he had been absent from home since Dec. 1st 1865 attending college near Mobile Ala. She was requested to furnish evidence to confirm her statement, and handed me a letter from

him which is enclosed herewith.

Enclosed also are the affidavits of Saml. D. Knapp and J. G. Decell Mayor of Brookhaven relating to the whereabouts of said James Knapp.

I have been informed and have good reason to believe, that some of the citizens of Brookhaven made up a purse to send James W. Knapp to college, near Mobile.

Sir

I have the honor to submit the following Report in regard to the Killing of two Citizens by the names of A. H. Augustus ^{and} F. H. Sumner on the fifth (5) of this Month at a point on the River Six (6) Miles above this Post - After a careful investigation of the ~~murder~~ murder of these two men I find the facts to be as follows. On the evening of the 5th of this Month I had occasion to dispatch two enlisted men in company with Mr Boughton (a citizen) to a point on the River about twenty five (25) Miles above this Post for the purpose of arresting two Citizens who had been discharged from the Q. M. Dept. at this Post a few days previous - The two soldiers in company with Boughton had proceeded about five (5) Miles from the Post when they observed two Horsemen about one half Mile ahead of them in the road riding towards them, ^{rapidly} the two Horsemen upon discovering Boughton and the two soldiers attempted to evade them by riding off the road, this excited the suspicion of the two soldiers, they halted the Horsemen to ascertain who they were and found them to be two enlisted men of Co. "E" 13th Cav. Reg. Vol. by the names of Frank Foster ^{and} Henry Stone - Stone appeared

to be very much frightened when stoped, not supposing at the time that there was any thing wrong. Foster and Stone were permitted to proceed to Camp, whilst the two enlisted men in Company with Boughton proceeded on up the River about a Mile further when they came to a Camp and saw two Citizens lying by the Camp fire, the peculiar position in which they were lying exciting their suspicion they endeavored to arouse them by speaking to them, failing in this they proceeded to investigate the matter more closely when they found one of the men dead, and the other mortally wounded, they asked the wounded man if he was shot, and understood him to say no but he was beaten to death, they then asked him who did it, he replied two men, he then became incesable and was unable to answer anything further.

(Questions) The Orders under which the soldiers were acting being imperative they placed the dead body and also the wounded one into a wagon, standing close by and proceeded about three (3) Miles further to where a party of soldiers were guarding some Hay and sent two men of this party to bring the wounded man to this Post where they arrived about 11 o'clock at night, the wounded man died in a few hours after being brought in. Early the next morning I dispatched two

Commissioned Officers to whom the murder had been committed with instructions to investigate the matter as far as practicable.

(See accompanying Report Marked "A")
When the Citizen War Boughton and the two soldiers returned, and I became conversant with the fact of their meeting Foster and Stone I immediately placed them (Foster and Stone) under arrest, and after a careful investigation I ascertained they had left their Camp and quarters, on the day the murder was committed against the express orders of their Company Commander, they were intoxicated at the time of their leaving camp and had some whiskey with them, they stated that they were out hunting Antelope - No threats could induce them to tell me where they procured their whiskey. Dr. Wilson extracted one or two Balls from the wounded men, and on comparing these Balls, they were found to agree exactly with the Balls used by Foster and Stone in their Revolvers on that day. I have these two men Foster and Stone in Irons and await your orders.

M. BLUNT, 7th U. S. Infantry, is President, were arraigned and tried:

1. NEWTON WILLIAMS, Civilian.

Charge—Murder.

Specification 1st—In this, that NEWTON WILLIAMS, a resident of Jackson county, State of Florida, willfully and feloniously did kill and murder one LEONARD HAM, a resident of Jackson county, and State of Florida, with a gun held in the hands of him, the said NEWTON WILLIAMS, and inflicting dangerous wounds therewith, whereof he, the said LEONARD HAM, died.

This, at or near Sneed's Store, Jackson county, State of Florida, on or about the 29th day of November, 1865.

Specification 2d—In this, that NEWTON WILLIAMS, a resident of Jackson county, State of Florida, willfully and feloniously did kill and murder one JESSE HAM, a resident of Jackson county, State of Florida, with a gun held in the hands of him, the said NEWTON WILLIAMS, and inflicting dangerous wounds therewith, whereof he, the said JESSE HAM, died.

This, at or near Sneed's Store, Jackson county, State of Florida, on or about the 29th day of November, 1865.

Finding—Of the 1st Specification, Not Guilty.

Of the 2d Specification, Not Guilty.

Of the Charge, Not Guilty.

And the Commission does therefore acquit him, NEWTON WILLIAMS, a civilian, of Jackson county, State of Florida.

2. JOHN W. ADARE, (so called,) Civilian.

Charge—Robbery.

Finding—Guilty.

SENTENCE:

And the Commission does therefore sentence him, JOHN W. ADARE, citizen of Gordon county, State of Georgia, to be confined at hard labor for and during the period of five (5) years in the Military Prison at Dry Tortugas, or such other place as the Commanding General may direct.

3. JOSEPH STAFFORD, Civilian.

Charge—Assault and Battery, with intent to commit a Rape.

Finding—Guilty.

Adams J. M.

SENTENCE

And the Commission does, therefore, sentence him, **JOSEPH STAFFORD**, of Leon county, State of Florida, to be confined at hard labor for and during the period of five (5) years in the Military Prison at Dry Tortugas, Florida, or such other place as the Commanding General may direct.

18657

II. The proceedings and findings in the case of **NEWTON WILLIAMS**, Civilian, are approved and confirmed, and he is released from confinement.

2. The proceedings, findings and sentence in the case of **JOHN W. ADAMS**, (so called) Civilian, are approved and confirmed, and Fort Jefferson, Dry Tortugas, for the present, and such other place as may hereafter be designated, is named as the place of punishment.

3. The proceedings, findings and sentence in the case of **JOSEPH STAFFORD**, Civilian, are approved and confirmed, but in consequence of the fact that the testimony on which the prisoner was convicted was given by one witness only, and the probability that the magnitude of the offence was exaggerated, the sentence is mitigated to one (1) year's imprisonment at hard labor at Fort Jefferson.

4. The Commanding Officer, Post of Tallahassee, in whose custody these prisoners now are, will cause them to be delivered to the Commanding Officer at Fort Jefferson, with a copy of this order.

III. The Military Commission of which Major M. M. BLOUNT, 7th U. S. Infantry, is President, is hereby dissolved.

Sir

I have the honor to report that Indian affairs are progressing favorably. No new parties have arrived since my council with Swift Bear; but I have reliable information that Red Cloud will be here in a short time. Mr Bullock who visited Swift Bear's Camp says they are in a state of frightful destitution, being starving and naked - the Indian Agent has issued clothing and I have issued considerable quantities of corn and provisions (Corn being a very acceptable article of food) and some few articles of clothing such as stockings and coats which the Indian Agent did not have

As soon as I have seen Red Cloud and made

satisfactory arrangements with him. I will direct the whole to Camp near the Black Hills where they can support themselves as it will be manifestly impossible to feed them all the time. They are said to number in all Eleven hundred, about 250 Warriors but I am inclined to think this is exaggerated.

In order that they may be able to support themselves if I shall be fully satisfied of their sincerity I shall permit the Traders to open trade with them and sell them a limited quantity of Powder and Ball.

I have been much embarrassed in settling with Ribs and his party whose services have been so valuable in bringing about the present happy condition of affairs and so faithfully rendered under circumstances of great Hardship and Danger. As I inferred from your Telegram ordering me to keep an account with the Indian Dept of all articles of P. M. and Commissary property issued to Ribs and other Indians that all expenses were eventually to be borne by the Indian Bureau I did not order the Quarter Master to pay Ribs

for his services. Even if I had he could only have done so in vouchers which would probably have been difficult to get cashed.

If there were any assurance that such vouchers would be cashed, the money could readily be obtained. I therefore transmit herewith vouchers for payment of Ribs and his party for which I respectfully request your approval. These Indians richly deserve such a reward not only for their continued fidelity in the past, but for their willingness to undertake a message of such peril and hardship that no white man would have agreed to do ^{it} for thousands of dollars.

They went boldly and willingly into a country infested by their enemies knowing full well that if they failed in their mission a sure and horrible death awaited them. For three months they travelled through the snows of a winter unparalleled in severity and then returned to bring both tidings and proof in order that they had fully performed their duty. Surely then they are entitled to be paid the amounts I have asked for them - remember that their efforts may and doubtless will be the means of preventing

bloodshed and the loss of many thousands of dollars to private individuals while the experience of the past makes it impossible even to guess at what the Government will save by peace with the Indians

I have given them liberal presents for which they are grateful and they rely confidently on the Government to pay them for their services so hardy and faithfully performed. Under existing orders of the D. M. Dept. I do not feel authorized to hire an interpreter for the Post and would respectfully request authority to do so at a specific rate per month say \$100.00. At present I have to depend in my intercourse with the Indians on my own very limited knowledge of the language and any one I can pick up. It would be advisable and have a very excellent effect if some medals could be sent to me for distribution to the Chiefs about twelve would answer.

I have the honor to be

In compliance with above instructions we proceeded to the place designated and found one man dead in a wagon with the supposition that he had been killed about ten feet from the wagon was a camp fire, from the amount of blood in that vicinity, from papers found on his person his name is supposed to be F. H. Seaman there were other papers scattered on the ground about the wagon and camp fire the pockets of his pants were torn out and no money was found about him

He was shot in several places supposed to be from Colt's Navy Pistol ball one shot in his head one in the bowels and two in the breast one of the last named supposed to have passed through the heart.

The other man was brought to this Post some time last evening shot in the head and died a few hours after his name was D. H. Sir, I have the honor to report that in pursuance of your orders I proceeded to Cumberland City Tenn Dec 24th 1865, for the purpose of collecting an assessment ^{made} against the following rebel citizens in that vicinity. Mrs Lewis, Mrs Martha Barr, John M. Nelson James Nelson and William Dunbar. I succeeded in collecting \$5⁰⁰ 25⁰⁰ from John Nelson and the same amount from James Nelson. After telling the parties that I would be there again in a few days and warning them to be prepared to pay the bill I returned to Clarksville. On the 7th instant I again visited the above named parties. Mrs Lewis refuses to pay at all. William ^{Dunbar} refuses to pay, and the Nelsons say they are not able to pay. I arrested the three last

Samuel Thompson Colored,

Charge Theft

Specification In this that the said Samuel Thompson a Colored Resident of the City of Alexandria State of Va did at divers times take from the premises of Mrs Julia Elliott a Resident of the said City and State, without authority properly to wit hay - belonging to the said Julia Elliott this in the City of Alexandria State of Va on or about the 17th day of January 1866.

Samuel Thompson Colored, the prisoner on being arraigned for trial pleads as follows.

To the Specification of Charge Not Guilty
to the Charge — Not Guilty

Evidence Mr Samuel Chipley an officer of the County of Alexandria State of Va being duly sworn says on the morning of the 17th day of Jan'y 1866 Mrs Elliott procured a warrant from a Justice of the Peace for the County of Alexandria State of Va against Samuel Thompson Colored,

2 Ordering that the premises of the said Thompson be searched - I went to the said premises - when I found a large amount of Hay on the premises of the said Thompson, which Mr. Elliott said she believed to be hers - By the request of Mr. Elliott I tracked the Hay from Thompsons house to Mr. Elliotts enclosure - I found tracks in the snow and when the parties got over the fence I saw a small quantity of Hay which had been dropped by the parties - I did not get over the fence or trace the track further, but it appeared to come from the direction of Mrs. Elliotts Hay Stack - I then inquired for Samuel Thompson and found from a statement made by his wife that he had gone in the Country to get a load of Wood I went to the house of the said Samuel Thompson Colored, this morning Janry 18th 1866 and arrested the said Samuel Thompson Colored, on Charge of Committing the theft.

William Elliott being duly sworn, says I am the son of Mrs. Julia Elliott and resides with her in the City of Alexandria Va - a Colored boy employed by Mother told me yesterday morning Janry 17th 1866 that some one had been stealing Hay from my Mothers Stack and tracked the Hay from the stack to the premises of the person Samuel Thompson Colored, there was Hay scattered along the route the person took - I could

3 follow the route both by the Hay and the foot prints in the snow - there was only

3 follow the route both by the hay and the foot prints in the snow - there was only one persons track made in the snow - I went back to my Mothers residence and told her that I had tracked the hay to Samuel Thompsons house. My Mother got a Search warrant, and I went with Mr Samuel Chipley the officer in whose hands the warrant was placed, to the house of Samuel Thompson where we found about 25 or thirty, 30, pounds of hay - My Mother was with us - My Mother said that she believed the hay to be hers - the hay was new cut and mixed and just like the hay in my Mothers stack we have lost a great deal of hay before but this was the first instance, where I have tracked it to any particular place.

Mrs Julia Elliott being duly sworn says I have at various times lost forage from my premises; but could never track it farther than the lane leading to the Catholic grave yard - I could get no further clue to the theft on the morning of the 17th Janry 1866 - a little boy whom I hire to feed my Cows, called and he said that some person had been stealing more hay - I went to my stack and found it to be so, and that quite a quantity had been taken there was tracks in the snow where a person

4. had come and stole the hay and as he went away the hay would fall out of the bundle and by that means I tracked it about half way out of my own premises - My son then said that the snow was too deep for me and that I had better go back - My followed the track or at least said he had to this man Samuel Thompsons house and came back and told me I then went and got a search warrant and on searching Samuel Thompsons residence found about twenty five (25), or thirty (30), pounds of hay corresponding to my hay and which I certainly believe to be mine - I then had the man arrested.

Cross examined

Ques why do you think I took the hay

Ans because it was tracked from my stack to your house -

Ques did you see me take the hay

Ans I did not -

Ques by the Court did you ever know of this mans stealing anything before this time

Ans I dont recollect ever seeing him before consequently know nothing about him.

Defence

James Thompson Colours, being duly sworn says - I am not related to the prisoner Samuel Thompson I came from Loudon

5 County about one week ago - I have stayed with Samuel Thompson since I have been

5 County about one week ago - I have since
with Samuel Thompson since I have been
in Alexandria. He has had the hay in question
on his premises ever since I have been in Alexandria
I slept in the house with Samuel Thompson
on the night when it is alledged he stole the
hay - He did not leave the house to my knowledge
the next morning 17th Janry 1866 he told me his feet
was sore and asked me to go and harness his
horse as he wished to go after a load of wood.

Cross examined

Ques why do you say that the hay has been
on the premises ever since you have been there

Ans Because I saw it there the day I came

Ques How much hay was there at the time

Ans He had the hay at that time in his cellar
there was twenty five 25, or thirty 30, pounds
or there may have been more -

Ques where did he keep his horse

Ans he kept it by the side of his house
until the Superintendent of the Freedmens Bureau
came and told him to move it -

Ques where did he feed the horse the night
the hay is said to have been stolen -

Ans In a lot about one and one half of a
square off -

Ques How long have you noticed his feet being
sore -

6. Ans Three or four weeks.

Ques How do you know that his feet has been sore three or four weeks when you have been with him but one week.

Ans He told me that they had been sore

Ques Did you ever see his feet with his stockings off and has any Doctor ever done anything for them.

Ans I have seen his feet when his stockings were off but no Doctor has ever done anything for them that I know of.

Ques who fed the horse the night before the 17th

Ans The prisoner.

Julia Crump Colver, being duly sworn says I live with Samuel Thompson Colver, the party charged with stealing hay from Mrs Elliott - I know that he did not leave the premises on that night - I know that his wife came in the room which I occupy to cook potatoes to place on his feet - I have lived with Mr Thompson three weeks

Ques what is his given name

Ans I dont know - all that I know is Mr Thompson

Mary Anne Beale Colver, being duly sworn says - I know that Samuel Thompson did not bring any hay to my house on Tuesday night the 16th Jany 1861 - the prisoner feeds his horse

7 in my yard and brought the hay to my house at the time he brought the horse on Tuesday

7 in my yard and brought the hay to my house at the time he brought the horse on Tuesday evening just about dusk - He has fed his horse on my premises since the 6th day of Jan'y 1866. It was on Saturday before last - I have never seen Thompson give his horse oats, I have seen him bring a bucket with something in it but I don't know what it was - Thompson feeds his horse in one corner of my yard - a man came after Thompson's horse on Wednesday morning the 17th day of Jan'y 1866 - I don't know who he was - I have not seen the man since, don't think I would know him again if I was to see him.

Anne Thompson Colored, being duly sworn - Says - I am the wife of Samuel Thompson - Samuel Thompson did not leave the house on the evening of the 16th day of Jan'y 1866 - until about 5 a m on the morning of the 17th Jan'y when he got up and started after a load of wood - He goes five or six miles - He got back about 11 a m on the 17th Jan'y - His feet is frost'd has been so for two years, but about one month ago he went down in it to look for a barn and had his feet frozen over again, has been quite bad ever since one half of his great toes are off and his feet are otherwise much injured so much so

8 that at times it is difficult for him to walk any distance.

The Court then forwarded the prisoner and James Thompson Colored, under guard to the premises of Mrs. Elliott for the purpose of measuring the tracks in the snow to see if either of them made the same tracks.

The guard returned with the party and reported that the tracks were made by some person whose feet were much smaller than either of the parties sent.

Findings

The Court after carefully considering the evidence adduced finds as follows
Of the specification to the Charge Not Guilty
Of the Charge Not Guilty
and does therefore acquit the prisoner.

Reasons - First it is not clearly shown that the hay in question was taken from Mrs. Elliott.

Second there is no proof that Samuel Thompson the party charged with the theft was absent from his house on the night in question on the contrary proof is brought forward to show that he was not absent.

Third the tracks in the snow spoken of could not have been made by either of the men staying at the house of the

9 said Samuel Thompson and although circumstances are strong against him, but evidence is still held out for him.

9 said Samuel Thompson and although
Circumstances are strong against him,
yet evidence sufficient has not been elicited
to hold Thompson for said theft or
to hold him as accessory thereto

Sir: -

I have the honor to acknowledge the receipt of your communication of the 27th inst. enclosing copy of an indictment against Juan N. Cortina and others for the murder of George Morris, and asking that instructions be given to the Commanding Officer at Brownsville to aid the civil authorities in making the arrest of the parties concerned.

Such an order is not necessary, as instructions have already been given to the Military Commanders to furnish such aid as may be at any time required by the civil authorities in the discharge of their duties.

You have therefore only to call upon the Commanding Officer at Brownsville to obtain the needful assistance.

THE NINETEENTH CONGRESS, U.S.

Washington, D. C. Jan'y 13th 1866

Sir:

While I was South, and in the State of Virginia, I purchased of Repperson twenty four Boxes of Manufactured Tobacco, for which I paid him and received the Tobacco and left it in the Custody of B. F. Dyer Esq, of Henry City Va. Some time after I left Va, Mr Repperson went to the ~~Town~~ of Danville, and upon his ~~Departure~~ statement, that the Consideration which I paid him had become by reason of the South having failed in the war worthless, the Provost Marshal, sent up to Henry City, a body of Soldiers, with this man Repperson who demanded of Mr Dyer who was the Custodian of the Tobacco its delivery, he refused to give it up and the Soldiers then took forcible possession of it and carried it ^{to} Danville and the Provost Marshal delivered the same to Repperson. I submit, that the Military Authorities had no jurisdiction of the rights of Citizens arising upon Contracts between them; and the Courts being open in the State of Virginia, Mr Repperson had his remedy against me, and if he had been wronged, his rights could be fully adjudicated. I made this representation to the

to the Provost Marshal through B. F. Gravelly Esq, of Va
and the Provost Marshal, agrees that his decision
had been wrong and that the Tobacco should be deliv-
ered to me; he thereupon sent a Guard and had
Mr Epperson arrested and advised my agent that he
might rest assured the Tobacco should be delivered
~~Mr Gravelly went on to Baltimore~~ informed me
what had been done and that the Provost Marshal
would make Epperson surrender the Tobacco. When
Mr G returned from Baltimore, he called upon
the Provost Marshal, who told him he had changed
his mind and left the Tobacco in the possession of
Epperson. Upon the receipt of this information from
Mr Gravelly I came on here, and now ask you for an
Order directing the Provost Marshal at Danville, ~~direct~~
~~ing~~ ^{him} to have this Tobacco redelivered to me or to require
Epperson to pay the market value of the same. In a
word I ask that I may be put in status quo in regard
to my property ^{as it was} at the time the Military Authorities took
it out of my possession.

Capt. Chas. C. Farnum

Commanding Post:

Sir:

On the complaint of H. C. Burnett, I have simply to say this, that Col. Burnett, was a Senator of the Confederate Congress, and that on the 5th day of April, 1865, he sold to me, a negro woman, a slave, and her three children, Henry, Peyton and Albert, as slaves for life, which will appear as per bill of sale, this day deposited with you. That on the 13th day of February 1864, the amended Constitution of the State of Virginia, as amended, states

"P. 19. Slavery and involuntary service, (except for crime,) is hereby abolished and prohibited in the State forever."

That the said Espenson, being ignorant of any such amendment to the Constitution of Virginia, and relying upon the declarations of the said Burnett, sold to him

Twenty-four boxes of Tobacco
valued at twelve thousand (\$12,000)
dollars, in consideration of said
slaves, as he then considered them
to be; that finding on the 26th day of
August, 1865, that the said proposed
slaves, as sold to him by the said
Bunnell, were free on the 13th
day of February 1864, by the amend-
ed Constitution of Virginia as
aforesaid, he applied to Captain
Keen, then Provost Marshal of the
Town of Danville, Va., through his
attorney, R. W. Lyles, for a resto-
ration, by military order, of the (24)
twenty-four boxes of tobacco, so sold
to him by the ^{said} Bunnell by the
said Expressor Bunnell, as per order
dated 25th of August, 1865. That
thereupon the said tobacco was re-
turned to the said Expressor, and
sold by him in the South. That
on the 14th day of September, 1865,
the said order was revoked, and
turned over to the Civil Authorities
of Pittsylvania County, to be adjusted
by the Civil Courts, by order of
Capt. Keen, then acting Provost Marshal

The said Epperson further represents that he was ignorant of the fact that the said slaves were sold to him as such, by the said Burnett, while they were free, under the amended Constitution of Virginia, as aforesaid; that it was ~~not~~ his intention, or wish, to purchase any negro as a slave, unless that negro was a slave for ~~for~~ life; that when he consulted his counsel, R. W. Lyles, he was informed by him, that the negroes he bought from the said H. C. Burnett, were at the time he purchased them as free as H. C. Burnett himself; thereupon he asked of the Provost Marshal as aforesaid, to have returned to him, the (24) boxes of tobacco, the consideration money of the said slaves,

All of which is respectfully submitted.

Very respectfully,
Yours obt. servt

B. H. Gravelly of the County of Henry & State aforesaid
states that he as agent of Henry C. Burnett saw the
Provost Marshal at this place in the month of Sept
last and said Provost received the order which had
been made turning the Tobacco over to Apperson and
said Burnett's statements in regard to the arrest of
said Apperson and his failure to deliver said
Tobacco are substantially true. Said Apperson was
directed as will be seen by reference to said order
to deliver said Tobacco to the Civil Authorities, that
the rights of the parties might be adjudicated, which
he has not done, but by his confession sent the Tobacco
out of the State. I proposed to said Apperson to
place the Tobacco in the hands of a third party to
hold until the Courts could adjudicate the matter
which he refused. Said Burnett has repeatedly
in my presence proposed to submit the matter to
reference. Said Apperson admitted to-day in
my presence that Burnett told him when he let
him have the negroes, that he did not believe the
institution of Slavery would continue and the
incarceration with him to let him have them was
that his family might have something which they could
convert into money to enable them to return to their
friends in Kentucky. —

B. F. Dyer of the County of Henry and State aforesaid states, that the statements contained in the letter of H. C. Burnett, to Lieut Genl M. S. Grant so far as they relate to purchase and delivery and the custody of the twenty four Boxes of Tobacco ^{bought} ~~of~~ ~~the~~ ~~same~~ are true. Said Dyer states he was present at the time said sale was made and said Epperson gave said Burnett the order let forth to deliver the Tobacco described in said order, that he was holding the same in custody for said Burnett when said Epperson came with a Guard and forcibly took the same from his possession. That said order was subsequently revoked and he was at said Epperson's house when the ~~same~~ ~~came~~ ~~to~~ ~~take~~ ~~said~~ ~~Tobacco~~ ~~and~~ ~~redelivered~~ ~~the~~ ~~same~~ ~~to~~ ~~said~~ ~~Burnett's~~ ~~agent~~, that said Tobacco was then in the custody and possession of said Epperson. He states that all allegations by said Epperson that Burnett took advantage of said Epperson's ignorance in regards to the probable duration of Slavery in this State or that Slavery would soon ~~times~~ ~~be~~ ~~utterly~~ ~~untenable~~ are utterly untrue. He distinctly remembers and Epperson admits it today, that Burnett told him that he did not think the institution of Slavery would continue but he believed it would be abolished by gradual emancipation. and that if he believed Slavery would continue, he would not let him have the negroes at any such price. Burnett distinctly stated that he did not believe the institution would last and that the inducement with him to make the trade was that he thought it likely the South would fail in the war and if it did, he wanted something that his family might convert into money, to enable them to return to their friends in Kentucky. Said Epperson admitted by a paper signed by him and given to me which is aver in the possession of said Burnett and was executed the day before said Epperson made his

Applications to the Sheriff Marshall that said twenty four
Boxes of Tobacco belonged to said Bennett. He states that
he purchased of said Epperson his farm and on the
day said Bennett Epperson traded to said said Epperson
twelve thousand dollars in Confederate Currency, that he
was to pay him in addition seven thousand five
hundred pounds of ^{Manufactured} Tobacco which he has done, but
before doing so, and before said Epperson made him his
deed, he proposed to give Epperson all the benefit which
he might have derived from the Confederate Currency
if he would rescind the Contract and let him keep his
Tobacco, which said Epperson refused to do. He states
further that said Bennett purchased at Auction ~~before~~
on the Monday preceding his trade with Epperson a num-
ber of negroes at ~~the~~ at Henry County Court House.
Said Dyer states he was the only person present when said
Bennett and Epperson traded except said Epperson's
wife. The day Bennett let Epperson have the negroes
said Epperson requested me to let the negroes remain
at my house until he could send for them, which I agreed
to do and said Epperson sent for them some two or three
weeks afterwards and has had possession of the negroes ever
since. - He states that said Epperson has sold his planta-
tions as he agrees to move to South Carolina. -

Colonel M. G.

General:

A petition in behalf of certain Protestants convicted before a Military Commission at Salisbury, for a Riot here on 21st. Sept. last, has been forwarded to you, through Genl. Peckard, for your favourable consideration. I beg, in the public interest, to call a word or two to your attention, which I have already made on the petition.

The Riot was an outrage which called loudly for retribution. I was employed by the government to prosecute the prisoners, which I did with zeal & fidelity to the interests of those who employed me. When the investigation began, there was a terrible outcry & I stood almost alone. But the Commission went straight along, with admirable patience, and an impartiality which every one commended, through three or four weeks of hearing of the case; and by the time the investigation closed even the parties themselves felt that their convictions ought to be confirmed. A reaction also set in here among the community. I think very truly & convincingly that the trial was full & fair, & the sentences just. The whole thing has done good - much good. I am sure the general feeling hereabout is more favourable towards the Gov. & its acts & policy in regard to the freedmen than in

were before the trial took place.

It would be tedious to enter into details. But you will understand, I am persuaded, that the main objects for which I was retained have been accomplished. The parties are conciliated. The law is vindicated. The community has been favourably impressed with a wholesome respect for the rights of all. And now, General, forgetting any more personal concerns in this matter, I come forward to cast a united benediction towards the good parties as you may find consistent with your duty towards the interests of your Dept.

My own opinion is decidedly that it was better the sentence was suspended over these men in Peru, a constant practice of our Civil Courts under peculiar circumstances. Those circumstances concur here. The condition of the country, the relations of the races so suddenly changed, with the excitement of election day & race whistling, will account to some extent for & palliate the offence. I feel confident the prisoners, who are for the most part men of general good character, will not offend while under my care. I am confident also that, if you can find it conformable to your sense of duty, the course which I have ventured to suggest in this case, will result in the largest amount of good to all.

I am, General,

Yours, &c. &c.

The undersigned Citizens of Coburn County N. C. would respectfully ask the Commanding Genl. to remit or commute the sentences of George A. Pitt, Thomas Millipord, Alfred Titche, William Hunter, & John Probst, recently convicted by the Military Commission at Salisbury for participation in the late Riot at Concord. Your Petitioners are informed that the execution of these sentences is in some degree objectionable with yourself; & they are satisfied that the investigation at Salisbury & the punishment the parties have already undergone, have fully satisfied all concerned, as well as the Community generally, with the measures committed in that Riot. Since the undersigned

lighten & the release of the parties from jail,
they have all conducted themselves with
great propriety, & good order & kind feelings
again present in our community, towards
& among all classes of people. We humbly
pray, therefore, that you will either commute
or commute their sentences, especially those
of Pitt, Williford & Titobor. or if this is not
consistent with your views of Public duty,
that you will suspend the sentences
even though they are on their future
good behavior. Taking them from their
families & other persons, at this time
would serve more injuriously to both
their private & the Public interests.

I approve in view of the prosecution against the riotous names
in the within petition & any connection with the case properly ceased
with their convictions, leaving to the authorities alone the part of
fining or inflicting their punishment as the public interests may
require - be a full view, however, of the whole matter, I would

Sir:— The undersigned respectfully requests that the following statement of facts be laid before the Commanding General, relative to an occurrence which happened in his Department today:—

On the 8th inst. an article, or rather a dispatch, written by the undersigned, appeared in the New York "Times," describing the shooting affair in which H. K. Bellard, of this city, & other parties participated, in a light burlesque manner.

At two o'clock today, the said Bellard, armed as the subscriber has reason to believe with a saw-knife, bowie-knife, & pistol, attacked the undersigned & attempted to do what is commonly called "cow-hiding." Being attacked the undersigned could do nothing but resist & a struggle ensued lasting some fifteen minutes, during which he took the saw-knife out of Bellard's hands, & threw it away. Bellard, however, continued to attempt chastisement, & the undersigned has reason to believe that said Bellard, drew his knife for the purpose of taking his life. The proprietors of the hotel interfered at this juncture, & the parties were separated.

The undersigned respectfully represents that he has valid reason to fear that a

removal

of the attack may be expected.

Desiring to submit to the will of the Commanding General, whatever it may be, this paper is presented, with the assurance, that no future breach of the peace is assigned on the part of V.

Bureau Ref. No. 4. A. L.

Sub District Colliery, January 12. 66

Respectfully returned. On the 26. Jan. 66, about 10 P. M. Jim Williamson, a Lt. of the Militia of this County, together with Bill Hughes and Geo. Anderson broke into the premises of Trade Basin (freeman), who lives about 10 miles from here, under the pretence of searching for a horse thief, believed to be in the possession of said Basin. After searching in vain for the man, they "dragged" Basin out of his bed into the woods and hung him up by the thumbs, nearly suffocating the man. Having accomplished this feat of cruelty the party proceeded to the house of W. Smith (freeman) under a similar pretence, treating this man in a like manner. Complaint having been brought

before me, I ordered these parties to appear here for trial. They pleaded that they had acted "under orders". The Lt. however admitted that Bill Hughes had been the chief instigator in this midnight orgie, too drunk to be controlled by him - giving them the benefit of their plea to have acted "under orders", I refrained from turning them over for Court Martial, explained to them the magnitude and terribleness of their crime, and released Jim Williamson to 10 days jail and 20 loll. fine, Bill Hughes to 20 days jail and 20 loll. fine, Geo. Anderson, a mere boy, to 10 loll. fine.

After the two had been sent to jail, several citizens came and interested in their behalf, pleading (admitting the justice of the sentence) the bad condition of the 6 jail, the prison, thought by no means equaling that of Salisbury, is in a miserable condition, the rain comes into every cell, & therefore consented to change the imprisonment into a fine of 20 loll. for every 10 days. Mr. Hollowell and Mr. Honnery went security, that this fine should be paid by order

Saturday last. Saturday came and the released parties were not heard from, except indirectly, as having word that they would rather pay the fine nor appear here, as promised to their sureties, and faithfully did they keep this part of their pledge.

Towards night I sent word to Mr. Honnery to pay the fine for which he had become security, but instead of coming out offering a single excuse, he sent word that he had to go out of town. I then sent for Mr. Hollowell, who assured me that he had no money and would not pay the fine. His words and gestures impressed me with the conviction that he intended to "fit a fiver" with me at my office. Upon remonstrating with him on this flagrant and dishonest breach of promise, he evinced the utmost contempt for his word, declaring that he would pay on an account, but walked off to jail.

Seeing that he had but one leg, having lost the other I saw, in the rebel service, I told him that I felt responsible for this fine, that I felt like to detain him, and that I would release him upon giving some security that it would be paid in case the other parties, released through his instrumentality, could not be secured. He presumptuously refused to give me any satisfaction. I therefore put him in jail. Before an hour elapsed, some friends of his came, promising to be his security, upon which he was released at once, not having been in jail for over two hours.

Of in cases like this the Officer of the Bureau has to submit patiently to the taunts and insults of a confirmed rebel, even though he be elected Clerk of the Court, & in imprisoning said Hollowell, have acted in ignorance, misunderstanding wholly the powers, duties, rights and aims of this Office.

I write to enquire whether negro hands in the employ of a farmer have any protection against the outrages of other parties. A white man named Hines, living near the plantation of my Father-in-law, Mr. Perry Carter, has been threatening the life of a negro man in our employ; and his menaces seriously interfere with the hands' services. When I saw a white man, instead of a black one, Hines could, upon his (Daw's) complaint, be bound over to keep the peace before a Magistrate. The laws of A. S., however, make no

provision for this case; and
I therefore call upon you, as

Head Quarters, Military Division

Nashville, Tenn., December 29, 1865.

Lt Col W. J. Ireland,
4th Mich Infantry,
Colonel,

The Major General Commanding
directs that you proceed to Centerville, Hickman
County, Tenn., and investigate the complaint contain-
ed in the enclosed papers, made by Mrs. F. Carter,
against citizens of that vicinity, who are depriving
her of the possession of her property, and endeavor
to settle the difficulties now existing between them.
Upon completing the investigation at Centerville, you
will proceed to Valhermosa Springs, Alabama, and
investigate the subject contained in the enclosed
communication of J. J. Gier, and report upon the
expediency of issuing the rations and forage re-
quested.

You will make a full report on the above
cases upon your return to Nashville, Tenn.

Very Respectfully

Asst Adjt Genl

Knoxville, Tenn,

Brig Genl W. D. Whipple
Chief of Staff
Military Division of the Tennessee
General,

I would respectfully re-
port that in pursuance of the foregoing
instructions, I proceeded on the 2nd inst,
to Centerville, Hickman County, Tennessee,
and investigated the complaint made by
Mrs E. S. Carter, and find that the property
claimed by Mrs Carter consists of a farm,
with improvements, and household goods,
which was occupied and possessed previous
to the war by herself and her husband,
Mr. Wesley Carter. At the breaking out
of the war, Mr Carter joined the rebel
Army, while Mrs Carter professed to have
remained true to the Union cause. During
the progress of the war, the property was oc-
cupied by both parties (husband and wife)
alternately, as either army, federal or confederate
held possession of that portion of the country.

And at the close of the war, both parties re-
turned and claimed the property. Mrs Carter
gains possession by calling to her aid the assis-
tance of the military, and Mr Wesley Carter
sues out an attachment, and the property
is seized by a writ of the Court of Chancery,
and held by the same till decision is render-
-ed as to the proper claimant. Attention
is respectfully called to the copy of the
proceedings of the court in the case,
which copy is forwarded with this report.
It will be seen that the property was rented
by the clerk of the court to the highest bidder,
Mr Wesley Carter, in compliance with the
law. It does not appear that Mrs Carter has
been unlawfully deprived of possession of the
property as she has represented in her
complaint. The investigating officer was wholly
unable to settle the difficulties in the case,
and would respectfully state that nothing would
satisfy Mrs Carter, but to be immediately
restored to full and undisturbed possession of
the property in question. Mrs Carter appears
to have suffered very much during the war,
and her mind seems to have been impaired. Her
statements were at times vague and conflicting,
so much so that the investigating officer could not

place the reliance upon them he would otherwise have done.

The investigating officer failed to discover any irregularity in the proceedings relative to the property in question
All of which is respectfully submitted

Very Respectfully,

Your Obedient Servant,

M. J. MacLanahan

Gray the plaintiff in said execution, at the sum of Two hundred and Eighty nine dollars and Twenty five cents. which sale took place on the 6th day of May. 1861. That afterwards Elizabeth H. Carter wife of Complainant Wesley Carter pretended to redeem said lands from said J. B. Gray and ~~procured~~ procured one W. N. Webb to redeem said land from her and there to convey said lands to her all of which will more fully appear by reference to copy of the record herewith filed marked Exhibit No 1 and by copy of the deed from said Webb to said Elizabeth H. marked Exhibit No 2 and prayed to be taken as a part of this bill but not to be copied.

Complainants charge that Complainant
W. L. has a right and equity to redeem said
tracts of land; that the period for
redemption has not yet elapsed according
to the laws now in force; and they charge
that the funds with which said Elizabeth
H. redeemed said tracts of land consisted
wholly of the property of said Complainant
Wesley or the proceeds of his property which
she had disposed of; that not one dollar
of the consideration with which said property was
redeemed belonged to said Elizabeth H.; that she
induced said Gray to let her redeem ^{to convey} ~~and~~
to her said lands and induced the said
Webb afterwards to convey the same to her
upon the positive assurance and representations
that she was redeeming said lands for the
benefit of complainants and their families
and said Gray conveyed said lands upon
these conditions and for these purposes and
more other, complainants further charge that
said Elizabeth H. has forcibly taken possession
of said tracts of land and has by force
ejected complainants therefrom; that she has
put one ~~man~~ ^{man} in possession of said lands

from a good crop of corn cotton potatoes

all this through the wrongful and fraudulent
acts of the said Elizabeth H. that as said

Elizabeth H redeemed said lands with the assets of Complainant Wesley Carter that said redemption inures to his benefit or at any rate he has a resulting trust and lien upon and equity in said lands to the extent of his said assets with which this land was so redeemed.

The premises considered Complainants pray that said John B Gray Elizabeth H Carter and ^{more} Citizens of Hickman County Tennessee may be made party defendants hereto by service of copy bills and subpoenas and compelled to answer all the allegations herein made: That an attachment may issue to attach said tracts of land: That the Clerk and ^{by appointed referees or persons} Master of said Chancery Court may take charge of said lands and rent the same until the final decision of this cause: That the said Elizabeth H Carter and said ^{Morte} may be enjoined from in any way troubling or preventing said Complainants from getting their said crops and on final hearing they pray that Complainant William S may be permitted to redeem said tract of land that said Elizabeth H may be declared a trustee and to hold the legal title of said lands for the benefit of Complainants: That the equity and resulting trust of Complainant Wesley Carter on said tracts of land to the extent of his assets used in redeeming the same may be set up and enforced. and they pray for all other relief they may be entitled to in the premises.

This is the first application for writs of attachment and injunction in this case.

EXECUTIVE DEPARTMENT,

Nashville, October 21st 1864.

To

Col. R. H. Ramsey

A. A. G. Mil. Div. Tenn.

Colonel

The

case of Mrs. E. F. Lester, has been presented to me by the male claimants of the land, and at the earnest request of the Hon. Mr. Puckett Rep. from Hickman, I have looked into the case with some care.

It is the clearest case of a conflict between the civil and military authorities that has yet occurred. The whole case is simply a suit in Chancery between a husband wife living apart and at law. Whether the wife has any interest in the land either legal or equitable is doubtful.

certainly the claim of the husband to have a lien to the extent of his assets used in redeeming the land is reasonable and modest; and now his only wish is to ^{permissively} gather the crop he has planted and cultivated. The fiat or interlocutory of order of Chancellor Rose, was certainly wise and just. He appoints the Clerk & Master, who is a bonded Officer, receiver, to take charge of the land and rent it out, pending the suit, and permits the complainants to gather their crop. The receiver had a right under this fiat, to dispossess Mrs. Carter, and her husband and all others of the house and lands, and the presumption is he did do so to make room for a renter & under the order. The husband has no right to possession, unless he goes in as a tenant under the order of the Chancellor. Mr. Puckett assures me that the military will adopt my recommendations. Officially I have

no authority to make any recom-
-mendation and only do so upon
invitation of the military authorities.

I therefore recommend that the last
military order be so modified as
to allow the complainants to gather
their crop, and use it, and that the
receivers be permitted to rent out the
land under the order of the Chancellor
and that the entire case be left in the
future to the Court of Chancery.

If Mrs. L. Astor desires to retain
possession of the house, she might
be allowed to do so, though this
course would diminish the rents
and certainly be unwise on her
part.

Very Respectfully
J. J. Fletcher

EXECUTIVE DEPARTMENT,

Nashville, January 18th, 1866.

Maj. General Thomas:

I have examined the inclosed paper of Mrs. Carter. The case is properly before the Chancery Court, and Judge Rose is a loyal man, who, as Chancellor, decides the case without the aid of a jury. If he should commit an error, she has the right of an appeal to the Supreme Court, where three loyal men preside. My opinion is, that the case ought to take its course in law.

Very truly, &c,

Capt. E. Kennedy
Military Officer of the Bureau

Captain I have the honor to report
that I proceeded to Mount Washington
to effect the arrest of Jim Sidway
and Tom Pratt mentioned in the
warrant addressed to me by the
superintendent of the Bureau

I had four privates under
my command and took along with
me ^{as guide} the Cold man, John Bennett
who had complained of the highway
robbery. We were all mounted
and had two days rations for our
selves and the horses.

Arrived at Mt. Washington,
about midday yesterday I proceeded
to the house of Tom Pratt. I
searched the house. I did not
find him. The Cold man
~~recognized a coat pants and shirt~~
~~which had been robbed~~

I then proceeded to the
house of Sidway, about 2 miles
beyond Mt. Washington. I searched
the house. I did not find him
either. Here the Cold man recognized

a coat, pants, and shirt, which
had been robbed from him by
Ridway. I handed these
articles to the claimant.

They returned to M^{rs} Waring
ton. I there found few or no
people in town. I was told by 3
respectable looking ^{old} men that the
inhabitants had collected to the
number of 25 or 30, well armed,
to resist any action against the
two men Pratt and Ridway. That
they had these two men at a place
some two & a half miles out of town.
That they were very much excited
and swore they were to give me &
my party "particular hell".

In these circumstances I
concluded I should return and
report facts for your information.
Pratt and Ridway were stated to
me to be very desperate characters,
and the whole neighbourhood was
utterly averse to give me the slightest
assistance. I could learn
nothing from the white population.
The colored people were ready to afford
me all help in their power.

In returning thro the town
the women shouted to me to take
my guerillas away or I should
get more than would be good for

me. I accordingly returned with
out delay.

The four civil notices I had
to serve, I was unable to execute
owing to the same cause which
interfered with my arresting the two
men Redway and Pratt.

Sir

I deem it my duty to inform you, that the character of George Allen of this County (upon whose information sundry Gentlemen of this County have been arrested and carried to Richmond for trial) is so notoriously bad for every thing that is vile and mean, that his word would not be taken in a Court of Justice where he is known. He is regarded as a public nuisance and a common thief, no Colored Man stands worst in all this Community

This day came before me W. W. Custer, a Justice of the Peace in for said County in said County aforesaid, Joshua Miller, ^{A. H. Brown, J. N. Miller} and Richard H. Aylor citizens of said County who are well known to me as men of high character and respectable and honorable reputation in this community, who being first duly sworn depose and say that they are well acquainted with the character and standing of George Allen, colored man whose house was destroyed on the 18th day of December 1865; that said George Allen has for many years been notorious in said community for habits of stealing and pilfering and for falsehood; that he has been judicially convicted of the crime of stealing and in pursuance of judicial sentence whipped therefor publicly; that his character has for years been infamous; that he would not be regarded as entitled to belief on oath in any Court of Justice; that he is regarded by the community in which he lives as a dangerous character and a public nuisance; that the principal damage done to said George Allen on the evening of 18th December 1865 consisted in the pulling down of the log cabin in which he lived, which house was not the property of said Allen; that the said house has been re-built; that the whole damage suffered by said Geo. Allen would not have exceeded the sum of ten or fifteen dollars; that one of these affiants has had occasion to make a lawful

search of said premises for stolen property
and he knows that the damage done on the
occasion referred to must have been quite
small, and they are both satisfied that
the destruction or pulling down of said house
was occasioned by the general indignation of
the community which the said George Allen
had excited against himself by his notorious
habits and character as a thief and public
nuisance.

This day came before me, N. W. Custer, a justice of the peace in and for said County, in my County aforesaid, Edmund S. Chapman, who is well known to me as a person of high character and honorable reputation in this community, who being first duly sworn, deposes and says: —

I have known George Allen, the colored man whose house was pulled down recently, for some 40 years during which time he has lived in my neighborhood. His character has always been that of a common thief and a public nuisance. He is regarded by the community as an infamous person and a lawless and dangerous member of society. He has been convicted before me, of stealing, when I was a justice of the peace. His character for veracity is such that he would not be believed on oath before any civil court and further he saith not.

This affiant immediately followed him out of the door and saw George Allen running away from the house - leaving the house between him and the attacking party; the last this affiant saw of George Allen he was running off rapidly in the direction just mentioned. This affiant went off to Mr. Alfred Tammis. He did not see any of the attacking party; it was very dark and persons about the house could not be recognized; ~~affiant~~

On the night of the 18th of December 1865 I was at my home which is about two miles from the house of George Allen which was pulled down that night; shortly before 11 O'Clock P.M. said George Allen came to my house and said that a party of men were pulling down his house and begged me for a gun saying he wanted to go back and shoot one of the men so that he might know who one of them was, and that night tell who the others were. That he George Allen had jumped right out of his house when the attack was begun and had run straight on to Alfred Tammis, thence to W. Kipps and thence to my house; I asked him if he knew any of the men, he replied no, that it was so dark he could not see or tell any of them and he had run off directly the affair began so as to get a gun to kill one of them; said George Allen staid at my house until about 5 O'Clock next morning when he left. I staid awake with him until he left as I feared he was beset on some mischief. Said Allen stated to me that night that the party of men at his house were about 40 in number

Deposition of Robert G May

I was at Mr & an St Jowell house on Monday evening before Christmas day 1865, and remained there until ten o'clock or later that night, I was in the house listening to Charles Jowell & Joseph Jowling playing the fiddle, when I left Mr Jowells, Charles Jowell was fixing to go to bed I thought when I left Mr Jowells I came straight on home, in a few minutes after I got home I heard a rumbling noise and thought it was a wagon going along the road, my sister went to the door and told me it was not a wagon, I then went to the door and thought it was some body tearing down a house, I thought from the sound it was Georges house, from the time I left Mr & St Jowells until I heard the noise, I dont think Charles Jowell could ~~have~~ possibly have been to Georges house. To Major Genl Canby

Sir,

I enclose a petition received by me from a number of citizens of the Parish of Desoto, as also a letter from Judge Weems, in relation to the arrest of certain persons by the military on the charge of murder and praying that they be turned over to the civil authorities for trial &c. I know nothing of the facts beyond what is stated, but I have great confidence in the truthfulness and integrity of Judge Weems and believing from what he says that the parties arrested will receive an impartial trial before the civil courts, I refer the petition to you accordingly.

I have the honor to be
Respectly Your Obedt Servant

O. Madison Wells

Governor of Louisiana

3
To His Excellency J. Madison Wells
Governor of Louisiana, and Major Genl
E. R. S. Canby U. S. A.

We the citizens of De Cade Parish State
of Louisiana, would most earnestly and
respectfully invite your attention to a grievance
that has very seriously disturbed the quiet
of our Parish, and which if not corrected may
result in consequences which we all deprecate
and wish to avert. On the 6th inst. Messrs Combes
Girouay, Messrs Means Paves and Lafitte and on
the 10th Messrs Combs, and Coffey were arrested
at their homes by a body of U. S. Cavalry
claiming to act by authority of Genl. A. J. Smith
U. S. A. and conveyed to Threemport for custody.
They are now in confinement there, and
without any official information as to the nature
of the charges against them or whether any
charges have been preferred. In the absence

of such information, they, as well as we, their
friends, neighbors and fellow citizens are left
to anticipate the charges from unauthenticated
reports and more especially from one fact
connected with two of the prisoners Lafitte and
Pouer. Sometime during the past month Lafitte
and Pouer was brought to trial before a
Magistrate under a warrant issued at the
instance of a freeman of the Parish charging
the said Lafitte ^{& Pouer} with the murder of said freeman
and a freed-woman of the Parish. A transcript of
the record of said trial is herewith appended
to which we would call your careful attention.
Now from the fact that Lafitte and Pouer after
their full and complete acquittal at said
trial are again arrested and with them the
gentlemen above named, we infer that the same
charges have been revived against Lafitte and
Pouer & with them connected the others whose
names appear above and in whose behalf this
petition is ~~presented~~ ^{presented} ~~to~~ ^{to} ~~you~~ ^{you} ~~is~~ ^{is} ~~sent~~ ^{sent}

you will learn the nature of the disturbance
from which has grown our present unfortunate
state of affairs. These gentlemen who have been
arrested, are all men of families, with their wives
and children leaning on them for sustenance
and protection. They are all peaceable, reasonable
law abiding men and most of them the most
prominent and influential men in the Parish
men of the very first standing in the country.
Men whose natural dispositions and surroundings
would make them most averse to anything
that would disturb the quiet of the country, and
to suppose that such men would commit so
foul and base an act one so out of keeping
with their former good character, but more
especially so suicidal to their interest is simply
preposterous. But without attempting in this
paper to prove their innocence we do most
confidently assert it and pray you that they
may have an opportunity to establish it in the
civil courts. We pray you therefore that these men

be allowed to enter into recognizance for their
 appearance for trial in the District Court of the
 Parish. If required the wealth of the Parish will
 be pledged in bond for their appearance. It is
 all we ask. These men have no disposition
 to evade such a trial. In fact they desire it
 in order that they may vindicate themselves
 and we ask it for the vindication of our Parish.
 Their separation from their business and their
 families at this juncture is indeed most
 inopportune & oppressive. The presence of every
 planter is required in his place and if not then
 his business languishes. And we would furthermore
 present that James G. Fisher of the Parish ~~is~~
 Joseph Williams ^{and George} and others of our best and most
 honorable citizens are now being chased and hunted
 down by Federal Cavalry charged as report says with
 complicity in the same deed. We would therefore
 furthermore pray that they be permitted to give their

To His Excellency, J. Madison Wells,
Governor of Louisiana, and Maj. Genl.
C. R. Stewart, U.S.A.

We the Citizens of Lee Soto Parish, State
of Louisiana, would most earnestly
and respectfully invite your attention
to a grievance, that has very seriously
disturbed the quiet of our Parish, and which,
if not corrected, may result in consequences
which we all deplore, and wish to avert.
On the 5th inst, Messrs. Gunkles, Lemmy, Horn,
Means, Ponder and Lafitte, and on the 10th,
Messrs. Leombs and Gaffy, were arrested at
their homes by a body of U.S. Cavalry, claim-
ing to act by authority of Genl. A. J. Smith,
U.S.A., and conveyed to Threaport for
custody. They are now in confinement
there, and without any official information
as to the nature of the charges against them, or

whether any charges have been preferred, In the
absence of such information, they or such as
are their friends, neighbors, and fellow-towns-
men left to anticipate the charges from
unauthenticated reports, and more especially
from one fact, connected with one of the
prisoners, Sapito, sometime during the
past month, Sapito, was brought to trial
before a Magistrate, under a warrant, issued
at the instance of a freeman of the Parish,
charging the Said Sapito with the murder
of Said freemen's wife, a free woman,
of the Parish, A Transcript of the record of
Said trial, is hereto appended, to which
we would call for careful attention,
Now from the fact, that Sapito, after
his full and complete acquittal at Said
trial, is again arrested, and arraigned
the gentlemen above named, we infer that
the same charge, has been revived against
Sapito, with his accomplice, the other

Whose names appear above and in return herewith
The petition is sent. From the papers here
with sent you will learn the nature of the
disturbance from which has grown our
present unfortunate state of affairs. These gentle
men who have been arrested are all men of
families with their wives and children
depending on them for sustenance and protection.
They are all peaceable, law-abiding
men, and most of them the most prominent
and influential men in the Parish, many of
the very first standing in the country.
Men whose natural disposition, and
surroundings, would make them most averse
to anything that would disturb the quiet of
the country. And to suppose that such men
would commit so foul and base an act
as to do out of keeping with their former
good characters, and more especially
so injurious to their interest, is simply impos-
sible. ~~That~~ ~~misconduct~~ ~~abandoning~~ ~~in~~ ~~that~~ ~~papers~~

I have the honor to acknowledge the receipt of your letter of the 10th inst. and in reply to inform you that they may
 have an opportunity of establishing it in the
 Civil Courts. We pray you to inform what
 those men are accused of entering the Virginia
 Genesee for their appearance for trial in the
 District Court of the Parish. The grounds, the
 location of the Parish also be judicial in some
 for their appearance. We all are well. These
 men have no disposition to evade justice or
 trial. In fact they desire it in order that
 they may vindicate themselves, and the law
 of the vindication of our Parish.
 Their deprivation from their business and their
 families at the present time is indeed most
 inopportune and oppressive. The presence of
 every planter is required in the field, and if
 not in his business long gone. And no
 names furthermore present that James J. Fisher
 G. W. Rogers. Geo. W. Graves. Joseph Williams
 and others of our best and most numerous cotton
 are now being chased and hunted down by Federal agents
 charged as upon 8 days with complicity in the same
 deed. We would therefore fervently pray that
 they be permitted to give their bonds for appear-
 ance at the District Court of the Parish. That this
 petition may meet with prompt and careful
 consideration and its prayer be speedily granted,
 we shall confidently hope.

Shrewport, Jan. 16, 1866

To Maj. Gen. A. J. Smith,
Dear Sir:

The following named gentlemen,
viz: Dr. Horn, Maj. I. Tompkins, A. Conway,
A. J. Coffee, M. Lapette, H. P. Vance, J. Lamb, & J. S. Meigs,
are all now in the military prison at Shrewport,
by or in virtue, as I understand, of an order emanating
from yourself for suspected complicity
in the murder of a negro woman on
the plantation of Col. Edwards, late of the
parish of De Soto, decreed on or about
the day of November last. These gentlemen
all reside in the parish of De Soto
& are men of the highest respectability.

It is understood that a military
commission is to be instituted for the
purpose of trying these men - soon it is to
be hoped - but no one yet knows when. But
meanwhile why not permit them to come out
on bail to appear before that tribunal when
organized. I do not know whether or not
military law or otherwise, this. But if it
does, why not permit them to give security
for their appearance - the common feelings
of humanity echo why not? That they would ap-

appear before the military commission, to be created
for their trial to answer all charges against
them. I make no doubt.

But, General, if I may be pleased with-
out being offensive, why try them by a mil-
itary commission at all? Is the crime for which
they are held in prison by you, military in its
nature & character? Surely it is a civil
offence, & in the name of all the gods above,
why not delegate it to the ordinary civil tri-
bunals of the country to be dealt with ac-
cording to law? The civil authority has not had
time & opportunity afforded it to take cognizance
of the matter. The court will commence its
session, on the 1st Monday of March next (the
first jury term since the outrage was perpetrated)
when this with all other crimes & offences, will be
brought upon by the grand jury of the parish
of De Soto. I shall make it my specialty to call
their particular attention to this & all other wrongs
& injuries done to the freed men of their par-
ish. I believe that he - the freed man - is our equal
before the law, & I have heretofore, & will ever,
as long as I continue its judge, so say to the grand
jury of the 10th Judicial District of Louis-
iana.

From all I learn the perpetrators of the
crime, for which these gentlemen are now

confined in the military prison at this
place, is now a fugitive from justice

I am, General, very
respy. &c.

Maj. Genl. E. R. S. Canby,
Commanding Dep. of the Gulf:

Respected Sir,

Judge
Perit, Lord Justice of the Peace in Carrollton,
and Stephen Kerner, Constable of his Court, refuse
to respect and obey your Order of the 3rd
Inst., "annulling and setting aside" the Writ
of Provisional Seizure, issued in Suit no.

M Wells is Plaintiff and Elisha Bell is Defen-
dant.

As the Order of the 3th. - rescinding
Order, no. 15. of Genl. Shepley, can have
no retro-active effect; and as the said
parties have never complied with the
Order of the 3rd. Inst., and as the case
is one of peculiar hardship and suffering,
a whole family, old and young, and some
very small, sleeping on the floor, and
deprived of the facilities of cooling their
food, I, more as a friend to a suffering
family, than as their Attorney, most earnestly
request an enforcement of the Order of

Very respectfully,

Major Genl. E. M. Canby
Commanding Genl.
Sir:

Permit me to inform you that the case of Conor
Gannon and Harrison P. Thomas Merriman & Kennedy is fixed
for trial in the Cth Dist Court of New Orleans for Tuesday next
9th Janry 1866. The proceedings in the case were suspended up
to this date under orders issued originally by Genl. Wurlbut
and more recently by yourself which latter have been revoked.
All documents material as evidence to the defence were by
order of Genl. Wurlbut taken by special officer Smith from
Thomas Merriman's possession and delivered to the Genl.

Having had by request of Genl. Wurlbut two inter-
views with him in reference to the suit, I can say he
deemed the documents not only ample for his defence
but sufficient to defeat the pretended claims of P^{lffs}
as exhibiting entirely different transactions from those
exhibited by the account sued on, without those papers
defts are wholly at the mercy of the P^{lffs}.

I would respectfully solicit that you grant
Thomas Merriman Company with ex officer Smith
a personal audience and full explanation will be
made.

With much Respect

I have the honor to remain Genl.

Sir.

I have the honor to report in compliance with your endorsement order (marked E and of West. Dist. of La.) dated Alexandria La. Dec. 12. 1865 based on a report made by Mr. R. B. Macpherson Esq. of Sheriff at Mansfield La. - that I have made the arrest of six of the parties therein named viz: - Mr. W. Courray, Mr. S. Thompson, Mr. J. L. Means, Dr. Horn, Mr. J. Saffelt and Mr. Poyer - They were brought in yesterday and confined in the Guard House.

I respectfully ask for further instructions in this matter and request that a Military Commission be convened at the earliest moment for their trial - Judge Means of this District is very desirous that they should be turned over to the Civil Authorities for trial. I would not think it advisable. Most of these parties are men of wealth and influence.

Would it be advisable to allow them to be put on parole until their trial comes on?

I shall send out for the arrest of all the parties, and also have all the witnesses brought in and retained here.

Enclosed is the report of

I enclose you Copy of Petition

thereto, Also the affidavit of S Sympron, Collector
of Internal revenue in Simpson County.

Lieut Beran served his Country faithfully
as an officer in the Union Army. Is now making
his arrangements to ^{return} ~~remain~~ permanently to the
State of Illinois. He is being harassed with suits
instituted against them by rebels for acts done
by them while in the military service of the
Country. Lieut Beran has called my attention to
The orders of Gen Thomas No 25 dated 13 Sept
1865 No 29 dated 21 Sept 1865, No 32 dated
29 Sept 1865, and No 78, dated 14 Decr 1865.
The various orders for the protection of Officers
& Soldiers, from acts done by them in obedience
to the orders of their Superior officers, are wholly
disregarded here, by rebels, and rebel Attorneys.
Union officers are becoming sore and out of
patience, under the annoyances occasioned by
these suits. They are compelled to employ Attor-
neys, feel that the government ought to protect
them. At the instance of Lieut Beran three
pages I address you. He supposes that as these
necessary and proper orders are disregarded, it
would be proper in you to place the attorneys
who persist in instituting these suits, under some

Character of obligation to discipline them as punishes
them for Contempt of military orders. He hopes you
have the power & will do so.

The affiant Samuel Simpson states that in the fall of 1863, and according to his best recollection in November, he was in company with Lieutenant Wm M Besan of Co D, 52 Reg Ky mounted Infantry, in Gallatin Tennessee, and at the head quarters of Brig Gen E A Payne then commanding at Gallatin. He further says that said Besan presented to General Payne, a special order from Col C Maxwell then commanding at Bowling Green Kentucky, ordering said Besan to take horses or other property from John Wiggins, of Sumner County Tennessee, and deliver it to the mother of said Besan to indemnify her for loss occasioned by her horses having been stolen by rebel guerrillas. Said Wiggins had the reputation of being disloyal to the government. ^{I have always understood} Old Mrs Besan was truly loyal, as General Payne examined the order of Col Maxwell, endorsed and approved it, and directed Lieutenant Besan to execute the order, and that if said Wiggins had any protection papers in his possession issued by him (Gen Payne) to destroy any such papers. The plaintiff John Wiggins states that in & prior to the day of Nov or Dec 1863. he was the owner of & possessed a certain bay horse about 16 hands high, about six years old then, had a star in his face & one white foot. Said horse was then worth about \$150⁰⁰. Said horse was wrongfully & unlawfully taken from plff. by defendant Beran, without & against his consent, & permission, and said horse was wrongfully & unlawfully converted to his own use, and said horse has never been restored to plff. Although frequently demanded, and defendant has refused, and still refuses to him said horse. He avers that he is entitled to the possession of said horse, and doth unlawfully detain same, & has unlawfully detained & refused to restore him, ever since said taking viz Nov or Dec 1863

Wherefore he says that he has been damaged, in the sum of \$150. & \$50 for the unlawful detention, & he therefore prays judgment agst Sept for said horse & the unlawful detention thereof, and in the event he cannot be recovered he then prays a judgment, for \$200. damages, costs

Simpson Circuit Court
John Wynne vs Pepp
vs
Deft. Mr. M. Besan vs Pepp

The deft Mr. M. Besan for Answer Says
that he received a bay horse, that was or had
been the property of the peff. under the following
Circumstances. Deft was at the time first Lieut-
enant in Co. B, 52^d Regiment Ky Volunteer
mounted Infantry, in the Service of the Uni-
ted States, The Commanding officers of Said
Regiment being Col Geo H Gaiden, Lieut Col
S F Johnson, and Major J B Tyler.

That Shortly before the reception of Said horse
by this deft, and while deft was in Said military
Service, raiding parties of rebel guerrillas, in
arms against the government, and against
Society, had stolen from depts mother, who was
loyal to the government, a widow, residing
in Sumner County Tennessee, two valuable
horses, & took them off. This deft was at the
time Praveast Marshal in Franklin Ky.

In consequence of the taking of Said horses
from depts mother. Col C Maxwell then Com-
manding the department of Western, or South
Western Kentucky, by Special order, ordered this
deft, to go to pepps, and take from him horses
or other property, and deliver the same to depts
mother, to compensate her for Said losses. Said
peff then being in sympathy with those in arms

against the government. And Maxwells order was in obedience to the general orders of Gen Grant. He states further that he had similar special orders, from Gen E A Paine in Military Command at Gallatin Nev, his command including Sumner County, in which plff resided.

It is probable that Plff Wiggins, at the time had what were called protection papers, from said Gen Paine, but Gen Paine, ordered dept, if plff had such papers, to ~~disregard~~ ^{demand} them of him & destroy them.

He states that in consequence of, and in obedience to said orders, he visited the plff as caused it to be done. The result of the visit was that plff brought (himself) said bay horse to Franklin Ky, and gave him up to dept, in obedience to said orders. And dept received him, in obedience thereto and turned him over to his mother. Dept states that he did nothing in the premises, in seeing plff with said orders, or causing it to be done, receiving said horse, &c, except in obedience to Military orders, general, & special, from his superior officers, which he was required to obey, and did obey. And the nature of said orders plff was apprised of, and understood, and acquiesced in.

He states further that the delivery of said horse by plff, under said orders, divested plff, of the right to said horse, and the right to sue for him.

After a long time, depts mother recovered her horses that had been stolen from her, and dept subsequently sold said horse, by the

Current, and at the instance & request of his
mother and for her benefit for \$47. which
was his full value at the time. And the debt vol-
untarily on his part, and at the request of his mother
proposed to pay or give peff. Said \$47. not as a mat-
ter of right but of favor, and peff. refused to ac-
ceive the money. Deft. States that he was not bound
to pay it, nor was his mother, and was not yet
so bound, and his proposition to pay or give the
\$47. to peff. was a proposition simply to do so,
and was voluntary on his part, and that of his
mother, and made at the request of his mother
without consideration, and not binding on this
deft. And he says he is not bound by it. that
it was not a promise to pay, but simply a prop-
osition to give, by his mother, or by him for
her, & of her money. Deft. States that the \$47. received
for the horse, was by no means full compensa-
tion to his mother, for the loss she sustained, by
the stealing of her horses, and of the trouble and
expense of recovering them. He prays that peff's
petition be dismissed

Memo: Relative to a timber cart.

Examined by Miles Price & James L. Colee.

Mr Price states that a certain cart now in possession of the D.M.'s Dept. belongs to him "and has never been used to aid or abet the Rebellion", and identifies the cart.

Investigation, discloses the fact stated by others & admitted by Mr Price that the cart referred to was taken from the plantation of Mr Price by the Rebel government & taken to Baldwin Station N. A. & G. C. R.R. for their use.

The endorsement of Capt J. H. Russell shows how it came into possession of the U.S.

Mr Colee. Identifies the same cart as one purchased by him from M. Martini. Said Martini makes affidavit to the identity of the cart (see enclosed paper)

Mr Price & Mr Martini went to the yard cart yard and after consultation & examination of the cart Mr Martini admits that the cart (being the same one which he has previously sworn is the property of J. L. Colee) is not Mr Colee's cart - The cart is now held by D.M.'s Dept. for further instructions.

Lieut. Will. W. Williams.

A. D. C. No. Dist. of Miss.

Sir.

The following
are facts gathered by me while at Brookhaven
on the 16th and 17th inst: in relation to
the murder of three Freedmen on the even-
ing of January 5th 1866.

Mr. Marion Tyler a gentleman living about
fifteen miles east of Brookhaven near Pearl
River. gave some of his hands a bale of
cotton in payment for last years work.
He allowed three of the best men on his
place to take one of his teams, to take the
cotton to Brookhaven for the purpose of
selling it. They sold the cotton for one
hundred and eighty dollars, made some
purchases in town, and started for home
about 5 P. M. Jan'y 5th 1866.

Shortly after they left Brookhaven, three

men, named Hawkins, Prindle and Kirk Mathews, went to the livery stable and procured horses. These three men were met about five miles from town on the Monticello road, and enquired for the team with the three colored men. The parties of whom they enquired had met the team a short distance in advance of them, on the same road, and gave them information to that effect.

This was the last that was seen of the negroes until Sunday morning January 7th 1857 when their bodies were found about three hundred yards from the road, between Monticello and Brookhaven, six miles from Brookhaven.

A coroner's inquest was held; and immediate steps taken to arrest the suspected parties.

Prindle and Hawkins were arrested on the 10th inst; but Prindle has since escaped. Hawkins is confined in the Monticello jail in irons.

Kirk Mathews has not been seen nor

heard of since the murder.

On the 15th inst: it was discovered that Pindle was at a house about six miles from Brookhaven, and a party was sent out to take him; but he was advised of their approach, took a mule from the stables, and made his escape.

Since Hawkins has been in jail, a note has been intercepted from him to Sidney Lenoir, ~~an accomplice~~ stating that the job he had would not do, asking Lenoir to send him a three cornered one; and as soon as he was out of there, the fifty dollars was his. (Lenoir's).

I have the honor to be,

Very respectfully,

Your Obedt. Servt.

Col.:

In accordance with private instructions received from you, I forward herewith a report of the outrages committed by the citizens on negroes in this district, so far as the facts have come to my knowledge. The limited time given for making this report prohibits the getting of information from remote parts of the district, and the fact that nearly every officer in the district is a late incumbent — the original officers having been relieved or mustered out — would render it impossible to report every case. In this report I only allude to cases of the most cruel and vindictive character. The almost innumerable cases of petty tyranny and bad treatment, which have been brought before the officers of the district and adjusted by them, are passed by, both for want of time and space, and because a similar experience

has attended the administration of Bureau affairs in every Sub-District of the State. If cases of personal outrages by negroes towards white persons have occurred I do not know them. In many instances I find the Freedmen doing wrong, but I have not favored heard of a ~~case~~ case of personal violence being committed by them.

While I would not consider the cases reported as an index of the general feeling in the District, I can not but regard the common sentiment as antagonistic to the recognition of the complete and absolute freedom of men who have been slaves.

I have the honor to be

Yours

August 2^d 1865. Dr. Wm. Biggs of Culpeper Co Va assaulted Susan Green, knocked her down choked and stamped her saying she might as well give up as he was going to kill her, continuing to beat her until a gentleman attracted by her screams came to her rescue.

Saturday night August 5th 1865 James Washington and John Fry were at the house of a friend in Culpeper Co Va on business. While they were in bed Dick Ford came into the room with a loaded carbine and snapped it at them several times as they were making their escape from the room he struck them repeatedly, and pursuing them to the door discharged his carbine at them. The investigation proved the assault to have been with intent to kill.

September 2^d 1865 Cornelia Whitley complained that though she has a sick child and herself in very feeble health, she had been ordered by Allen Dickenson of Orange Co Va to leave his place or she would be whipped off. On returning from the office of the Freedman's Bureau Gordonsville Va where said complaint was lodged Mrs. Dickenson to drive her from the place and to revenge the entering of said

complaint. assaulted her with a club five feet in length and two inches in diameter and beat her in a most cruel manner

Sept. 9th 1865 Fayette Goodwin beat and shot at Albert Jackson and Thos Thornton at the same time stating that he would let the government authorities know that he ruled on his plantation. An investigation fully established the facts above stated

September 13th 1865 William Scott of Orange Co Va assaulted and struck George Gilmore several times, and presenting a cocked pistol to his breast threatened to shoot him if he did not put an order in his pocket, he had brought from the proper authorities for a child Mr. Scott had refused to give up, saying he would let the Captain know he would not take letters from him or from any other Yankee

Sept 20th 1865 Wicklif Scott of Orange Co Va severely whipped Amanda Jackson, then made her take off her shoes and stockings and walk sometime over a rough gravelly path as additional punishment. And told her if she reported him to the Officers of the Freedmans Bureau he would shoot her

3
On the evening of October 27th 1865 Jackson Bibb went to the house of Jackson Waller in Louisa Co Va beat his wife and assaulted and stabbed Jackson Waller inflicting a dangerous wound in the side. The facts show that the assault was unprovoked and with intent to kill and that said Bibb thought he had accomplished his purpose.

On or about November 14th 1865 a justice of the peace, Sheriff and Deputy Sheriff of Green Co Va arrested a colored man for stealing, tried him in a court with closed doors and sentenced him to receive 25 lashes and took him to the county jail and administered the whipping.

On or about the 1st day of December 1865 John Allen of Berkeley Co Va shot John Moore with a pistol inflicting a severe wound in the left hand and this without provocation.

Mrs. Mary Thomason swears on oath that this woman Martha White could had free access of the plantation that morning & as far as I know there was no other person on the grounds but myself and her.

And all that I can say against her ^{I found her} ~~her~~ ^{bed} rolled up underneath the backpart of the bed and spotted with blood. and the Skirt facing was very much splotted with blood. and the Sleeves of the Dress were wet up to the Elbows.

She came and told me that morning that somebody had gone and whipped Louisa mighty bad.

I asked her who done it and said that I would like to know who done it. She said that she did not know. and she wanted me to go down and see her and I told her that I could not do her any good if I did go for she did not tell me she was killed but whipped. I did not go in a minute.

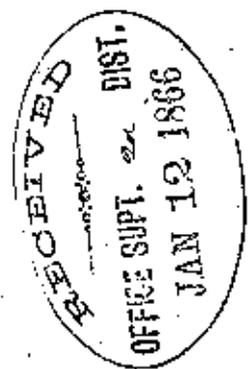

And she said Miss Mary I would go. and I got up and went and I did not ask her to go but she followed me and when I got there I found the Woman Louisa, lying on the floor wrapped up in a blanket. with her feet to the fire with her head wrapped up. and I went up and touched her on the Shoulder. and as soon as I touched her I knew she was dead. and I stepped back and said Lord have mercy she never told me that she undressed herself before coming ^{to} ~~to~~ me nor that she moved her either. The floor was bloody and showed where she had been dragged to the fire ^{place} and there was a bloody pole axe, hand axe in the room.

Mrs. Mary ^{her} ~~marks~~ Thomason

Mr. Hite & Mosely heard her say that the way she found it out that she was going to the Spring for water and heard the Children Crying and went up to the house to see what was the matter and found the murdered woman laying there & she left the house and went to the Spring and got water and then went and told it, & that she got the two sleeves of her Dress wet by the Pail leaking on her.

& that she got the blood on her by moving the woman. The path to the Spring was 40 yds from the house.

The Woman Martha Hite was taken to Mr. Nicholson house and put in the cellar and tied fast to a loom and put wood close to her so that she could keep up the fire and her Dress in a corner and she pulled it to her with a stick of wood and burnt it up and in the morning Mr. Nicholson asked her what she done it for and she said it smelt bad.

Captain:

I have the honor to report the following case of inhuman treatment committed by Aaron House, Daniel Brown, Amstead Brown, John Brown, John Mitchell, Stanton Ayler and several others, upon George Allen (colored) and his family. The party came to his house, which he had resided for his life time, in the night, mounted and armed. He and his wife were up at the time watching their sick child which they did not expect would live until morning; the party before entering the house discharged their fire arms through the windows of Allens house and then threw stones in the windows breaking all the windows in the house, one stone struck his wife, she has been sick and unable to walk for five years, until a few weeks since she has been able to use crutches; they then entered the house and ordered the family to leave, the wife got as far as the door and fell, they made her go about twenty feet further, which she done by dragging herself along on the ground; one of the party said he would kill

her, when some one of them said not to kill her and others said yes, kill her, for she knows us; they then stepped off a short distance and talked the matter over then returned with the intention of killing her, but she had dragged herself into the bushes where they could not find her. They entered the house again and destroyed everything taking the furniture out of doors and burning it; they then went to his sons house, drove them out took his things out and burned them. They have destroyed his house and his sons also.

The above statement I get from George Allen only, and submit them to you for your action.

I am, Captain,

Very Respectfully, Yours &c.

We have the honor
to ask for a client Mr. Geo. Martin that
the claim of Mary Browning which was
placed before the Board of Claims ^{and}
afterward turned over to your head quar-
ters - may be returned ^{or a copy of it} to him as ~~trust~~
~~any~~ for these reasons -

He wishes to make a settlement
of his trusteeship to the County Court.
This claim is essential to show what
he has done with the assets. - The Brown
Statements in this case will show this

The United States in the act of con-
gress of July 4th 1864 points out the
mode of proceed for the collection of all
claims for Quartermaster or Commissary
Stores or Supplies, but we are
barred from prosecuting this claim
thus because the claim - all the pa-
pers in the case - are detained in your
office. We have no copy

The claim as it now stands

is incomplete. No payment can
ever be made upon it until it is com-
pleted or until other evidence which
we have now - can be added.

If the claim, as now filed, is
considered to be part of the records
of the Department and therefore val-
uable to be retained, may we not
have a copy, which will grant
the ends desired - the settlement
with the Court, and the prosecution
of the claim under the act of
July 7th 1864.

This claim was filed before the
Board of Claims in good faith, but
evidence from that source has proved
a failure even in the completed case.
It must fail in this case as it is in-
complete. It seems but justice to
us that we should have the right
of the remedy by Congress provided.

We therefore respectfully ask your
consideration of this case and that
you will grant the relief sought.

General

I have the honor to in-
form you that the following is an extract from
an affidavit and application this day rec'd at
these Hd Qrs from Thomas H Estlin of Gallatin
Tenn: Col Milder did on the 28th of July 1863 while
passing from Lebanon to Boles Ferry over
Cumberland river force an exchange of horses
with Thomas Gwynne and my son Gideon Estlin
at the house of Alfred Turner while threshing
wheat, giving a gray mare (lip shotten) for a
Claybank mare the property of my daughter
Euphemia Dr Estlin (who was of full age) to which
I had never any right nor claim nor ever
claimed to have. In a short time after the
exchange was made, one Thomas Bliffler came
to my house and claimed that the gray mare

was his, and had been taken from him by the
same ones who left her with Koyun & Estie and
that he would take her whenever he found her,
notwithstanding they left an old one in place
of his gray, which he said was worth less - In
some short time my daughter traded the gray
away. About three or four weeks ago she said
Thomas W. Lipton instituted a suit against me
for damage for the gray mare. Mr P. Bandy Deputy
Shiff executed the same and was returned before
Richard Brown Esq of said Wilson Co (Brown and
Beigton being related by marriage). Brown deferred
rendering judgment on the day of trial, but said
to me that he would not give judgment then,
that he wished some time to study on the case,
and that he would let me know by the next Sat-
urday (which was one week after the trial) which
he failed to do, and on Monday following the
25th of December 1865 issued an execution and Mr. P.
Bandy Deputy Shiff called on me for payment
which I refused to do. In view of the above facts
and that the exchange of horses was made by
the Military Authorities of the United States
the Major Gen Comd'g directs that you will cause

The proceedings, judgment & execution in this case to be annulled, they being in conflict with Gen Order No 29 from these Hd Qrs and that if Mr. Estis should be further interfered with or troubled in the matter that you will cause the arrest of the parties who may interfere with him, and punish them in such manner as shall be found to be proper - He further directs that if Mr. Estis is under arrest for this matter, you will cause him to be released at once -

Your Petitioners

J. A. Philmatt and M. E. McFall
of Memphis Tennessee respectfully
represent that by an order of
Bremer Mag. Gen. J. E. Smith leaving
District of West Tennessee a fine
of Two hundred dollars has been
imposed on and collected from
them for an alleged selling
of spirituous liquors to enlisted
men in the service of the United
States, all of which we appear
by reference to enclosed copy of
Special Order No 15 from Major
General District of West Tennessee
& endorsement thereon by the Assistant

Your Petitioners respectfully
represent that this fine was imposed
without notice to them & without
any trial, that since the
issuance of Gen. Smith's order
forbidding the selling of liquors

to enlisted men in the Service of

violated the order knowingly. If
they have sold any liquor to soldiers

To Hon. Maj. Gen. Geo. E. Smith

Cand. Dist. N. Tenn.

The undersigned citizens, who have been assessed in the sum set opposite their names, in obedience to Special Order No. 22 from the H. Q. dated July 29. 1866 - would most respectfully represent that we have been notified to pay over to Capt. Colburn the sum set opposite our respective names the said sets of points were made on or before the 31st March 1866 for the purposes specified in said order -

The undersigned would most respectfully protest against the enforcement of said order.

Because -

- First - It contemplates a seizure of their property in a case in which they never had notice of and had no opportunity to defend themselves.
- Second - Because if allowed the opportunity the undersigned can show that Col. W. J. Smith was never injured in property to an amount anywhere approximating said assessment.
- Third - Any injury reflected upon him

was done without the procurement
of any one of the undersigned &
seen without our knowledge & we
do not know to this day what is
the injury complained of.

Fourth - Many of us live many miles dis-
tant from Grand Junction & are not
therefore liable under said order.

Fifth - Col. Smith has already once
collected damages from the citi-
zens of that neighborhood & even
from many of the undersigned
for (as we suppose) ~~the same~~ ^{the same}
damages.

Sixth - The proceeding is in defiance
of common right & justice
because it takes from citizens
their property, without a trial &
without opportunity for defence
& this in a community where
the Courts are open & where all
rights can be legally settled.

Seventh - All the undersigned have either
at all times been loyal citizens
or have taken the amnesty oath
in obedience to the President's
Proclamation & do most earnestly
insist upon their pardons thereby
obtained.

The undersigned respectfully pray - That the General Court will suspend this order & give us an opportunity to be heard - and if the General Court this ~~order~~ ~~cannot~~ ~~relieve~~ us from this order, that he will forward this Petition with all necessary papers to Maj. G. Thomas, Comdr. Dept. and that if necessary the same may be forwarded to the President of the United States to whom the undersigned most earnestly and confidently appeal

Head Quarters Provost Court
Alexandria Va Dec 11th 1865

Obed Harris Colored,

vs.
James Wells

Complaint Illegal possession of property to wit
one brown horse which the said Obed Harris
Colored claims was stolen from him on or about
the 12th of April 1865

Plea That the defendant James Wells has not
the horse spoken of in the Complaint in his
possession and that the horse now claimed by
the said Obed Harris Colored was purchased by
him James Wells on or about the first of July
1865 - That the horse which is said to have been
stolen from the said Obed Harris has now
been in his James Wells possession.

The Court then proceeded with the
trial.

John Robertson Colored being duly sworn
says - I saw the horse claimed by Obed
Harris whilst on his farm - I cannot say
when he bought the horse. I knew the horse
one year.

The horse was stolen from Mr Harris

about one year ago the horse had marks as follows hind feet white star in the forehead and a Roman nose would be called a brown horse. dont know his height or his age I have seen the horse now in possession of Mr James Bell

I know that the horse now claimed by Mr Harris is in the possession of Mr Bells Obed Harris bought the horse from Mr George Lee

Anthony Harris Colored, being duly sworn. Says Obed Harris bought the horse he now claims from Mr George Lee - in the Spring of 1862 was a dark brown horse, hind feet white star in the forehead some would call the horse Roman nose bunch of brown hair on left hip - if this was on the horse when he was first purchased I did not see it, but after working the horse I saw it - It is larger now than then and the only reason I can give for this is that it grew larger as the horse grew older -

The horse had a flesh mane and tail Had a quick trot, did not pace when he was in the possession of Obed Harris, but my impression is he could have been learned to pace - was compactly built and was in good order when taken which was the 12th of April 1864.

I did not see the horse again until Sept^r 1865 about seventeen months after he was stolen

I saw him then in the yard of Mr. Wells.
I had gone to Mr. Wells for the purpose of seeing
if it was the horse which had been stolen from
Obed Harris - The Case came before Capt. Arms
I cannot say whether in the month of August
or September 1865.

I went before Capt. Arms to prove the
horse - He requested me to swear positively that the
horse then in the possession of Mr. Wells was the horse
which had been stolen from Obed Harris - I was
fearful to do this as I did not know what might
result from such a thing, if Mr. Wells should
prove that the horse in question was not the one
claimed to have been stolen - Capt. Arms would
not let me swear to marks on the horse but
wanted me to swear as above stated -

The horse now in possession of
James Wells has every mark corresponding with
the marks on the horse Obed Harris lost - I can
swear to the best of my knowledge and belief
that the horse now in Mr. Wells' possession is the one
which was stolen from Obed Harris. The horse
had one particular mark besides the marks spoken
of in the first of this testimony -

This mark was a lump on his
sheath which resulted from castration, this was one
him when Obed Harris purchased him from Mr. Lee -
I have heard that lumps of this nature has
been the result of altering a horse but this was

the first Case I had ever seen and it made an impression on my mind - I am a Cousin of Obed Harris the Complainer in this Case -

Cross examined

Mr. Ames did not swear me when I went before him the horse is larger now than when in possession Obed Harris - The horse is certainly of the same color, and in every manner exactly resembles the horse stolen from Obed Harris except he is larger and the roan spot has grown larger. I have had horses spread after they arrived at the age of seven.

Moses, Harris, Colored, being sworn says I have seen the horse Mr. Wells has in his possession at this time to the best of my knowledge and belief it is the same horse which was stolen from Obed Harris - in Spring 1864 I am in this position for the following reasons; The horse in the first place exactly resembles the one which was stolen from Obed Harris and he had besides general marks a lump on his sheath about which I used to plague Obed and tell him that when he again purchased a horse to buy one which had been cut

The horse had a star in fou head, hind feet white dark brown slightly roman nosed, compactly built, did not pace - but had a short walk and might have been learned to pace. The

first time I saw this horse after being stolen
was at Mr. Saylor's funeral in 1865. Obed Harris
bought the horse from Mr. George Lee - he had
the horse in his possession for nearly two years
before he was stolen from him.

Cross examined
when I saw the horse at the funeral I said to
Obed, that must be your horse if not they are
as like as two peas." The horse had a roman nose
In my opinion the horse is about the same size
of the one stolen from Mr. Harris in 1864.

Sandy Harris Colored, being duly sworn
says - I have seen the horse Mr. Hills has in
his possession and which is claimed by Obed
Harris as the one which was stolen from him
Spring 1864. and to the best of my knowledge
and belief it is the same horse which had been
stolen from Obed Harris at the time specified.

My reasons for knowing the horse are marks
upon him and his action I worked the horse
when he was in the possession of Mr. George Lee
before Obed Harris bought him. I afterwards
worked him whilst in the possession of Obed Harris
the horse had white hind feet - Spot in forehead
corn mark on left hip - nose inclined to be roman
Compactly built. did not pace had a quick
gait was not much of a riding horse -

I first saw the horse

6
after he was stolen from Obed Harris at
Yankee Court House - this was at a trial
before Capt. Ames about the horse - when
asked to swear to the horse I was told by some
one that a mark had been discovered on him
which was said to be united States brand.
I then refused to swear to him - for I knew
that Obed Harris horse had no brand on him -

Cross Examined

I was afraid to swear to the horse because
the mark had been said to have been seen by
some of the soldiers present - the horse is about
the same size and color as the one stolen from
Obed Harris.

William Jordan Colored, being duly sworn says
I saw the horse now in possession of Mr Wells
and claimed by Obed Harris as the horse
which was stolen from Obed Harris April 12th
1864 at Mr Wells house in August 1865

I went to Mr Wells house for the purpose
of identifying the horse; to the best of my
knowledge and belief it is the same horse which
was stolen from Obed Harris - I worked the
horse whilst in the possession of Mr Obed Harris
and paid particular attention to him - had
white hind feet white star in his forehead
roman nose flesh mane and tail had a lump

on his sheath did not pace, had a quick
trot was a good sized horse - dark brown and
a white speck on his left hip I was at a
former trial about this horse, and the reason
why he was not sworn to then was that some
one said that a brand had been discovered on
him and that he was a Government horse so all
of us concluded not to swear to him.

I afterwards swore to ~~the~~ horse
before Lieut D. B. Smith

Cross Examined

When asked by Lieut Smith if I would be
willing to swear to the horse I told him that as far
as I knew of the horse I would -

The horse is of the same size and same
color as the one stolen from Obed Harris -

Richard Harris, Colored, being duly sworn, says
he will not swear positively that the horse in
question is the horse which was stolen from Obed
Harris, but thinks it is the same horse on
account of marks which correspond, he is the
same size except he is not now in the same order
as when stolen. to the best of his knowledge and
belief, believes it to be the same horse - Obed
Harris's horse would not pace when he was stolen
I do not know the age of the horse

Defence

See R. H. Lockenills Evidence taken Oct. 10th 1865
 in one place which I will point out
 See R. H. Lockenills Testimony page 11

Cross Examination of R. H. Lockenill

I put the mare to the horse on the 1st day of June 1856 and the Colt was folded on or about the 1st day of May 1857. I kept the Colt until he was two years old when as stated in my evidence I let a Brother in law of mine named Phillip Lee whose farm adjoins mine have him - the horse which was said to have been stolen from Obed Harris would have been eight years old last Spring - I think the horse now in the possession of Mr. Wells is older would say he was ten or eleven years old -

George Lee being duly sworn says - In the Spring of 1862 I sold to Obed Harris Complainant in this Case a horse I do not exactly remember his age - the horse I let Obed Harris have had a prominent Roman nose - full fore top mane and tail - white hind feet not certain whether one or both - star in the forehead He had no white mark on him when in my possession as described as being on the hip of the horse in dispute and if there was any knot on his sheath it escaped my observation. - I think I would know the horse again if I was to see him - I went with Obed Harris to identify the horse in the latter part of

9
the summer - I could not swear to the horse as being the one I let Obed Harris have - I had thought I should know the horse but when I arrived I could not state on my oath what it was the horse - I thought at the time that it resembled the horse which had been stolen from Obed Harris.

But I can now see a marked difference between them. The horse Mr. Wells has is rather a lengthy horse, straight nose and a dark horse - near a black - If it is the same horse he has grown to be much longer much larger and much darker has learned to pace and in fact if the same horse you may say he has altogether changed - to the best of my knowledge and belief I do not believe it is the same horse - when I first went with Obed Harris to see the horse I told him the horse was not the one I let him have and he appeared satisfied - He afterwards got dissatisfied and had the matter investigated.

I am more positive now that it is not the same horse I let Obed Harris have, after thinking carefully over the matter.

Cross Examination

I do not know how old the horse was when I let Obed Harris have him I told Obed Harris that the colt was foaled at my brother-in-law's who let my brother have him and I purchased him of my brother - I kept the horse for two years before

letting Obed Harris have him - I told Obed Harris when I first examined the horse that there was a marked difference in the horses about the nose and gait - a difference in a mark on the hip which was not on the horse I let Obed Harris have and there is one on Mr. Wells horse - The horse Mr. Wells has was lumbered at the time I was first called upon to examine him and he did appear at that time very much like the horse I let Obed Harris have in Colo - I am now positive that the horse Mr. Wells has is not the one I let Obed Harris have -

James Keys being duly sworn says - I saw the horse Mr. George Lee sold to Mr. Obed Harris. This was before the sale I have in fact known the horse ever since he was foaled - Obed Harris's horse was a brown horse star in forehead - long necked short body - compactly built - I saw the horse after Obed Harris bought him I saw him in 1843 when Obed Harris drove him to my house - I saw no lump on his sheath nor white spot on left hip - Was not a riding horse and only fit for a Draft horse - I have also seen the horse now in the possession of Mr. Wells and there is a difference of color and in fact every way; is a much longer coupled horse than the one Obed Harris had, is a much finer horse

and when I first examined him said to Phillip Lee that it was not the horse that Obed Harris had stolen from him.

I am somewhat acquainted with horse flesh and can safely say that if the horse now in the possession of Mr. Wells is the one stolen from Obed Harris that a great alteration has taken place— Mr. Wells horse is a much finer horse every way.

Cross Examined

Did you not tell me Obed Harris that when I drove the horse up to your house— you had not noticed the horse in question sufficiently to identify him.

Answer I do not think I did if I did— I most certainly did not know what I was saying.

W. H. Cockrill being duly sworn says I am a Citizen of the County of Fairfax State of Virginia In the year 1857 a horse was foaled on my farm from a mare belonging to me I raised the Colt and when two years old I let a Brother in law of mine Mr. Phillip Lee of Fairfax Va. have the Colt— He kept the horse until 1861 when he let Mr. George W. Lee have him and in 1862 he George W. Lee sold the horse to Obed Harris Plaintiff in this case this horse would weigh about nine hundred

900, pounds Dark brown fifteen hands high Roman nose roach back and compactly built - had little action and was not a pacer

The horse now in question and owned by James Wells was ^{not} raised by me on my farm the horse which was folded on my farm and which I let my brother-in-law have and which finally was traded to Obed Harris is entirely a different horse from the one now in the possession of Mr. James Wells. —

Mr. James Wells horse being a much larger horse loosely built with a straight face and a pacer - the horse that I raised would have been eight years old this Spring Mr. Wells horse is ten years old - I am a judge of horses - have raised a great many - and can easily tell when I see them any horse folded on my farm and raised by me -

I can swear positively that there is a marked difference between the horses in question and that the horse now in possession of Mr. Wells is not the one Mr. George Lee let Mr. Obed Harris have. — see copy examination on page 8.

The Court after duly considering the evidence finds that the horse taken from Obed Harris by parties unknown is not the horse now in the possession of Mr. James Wells

finding

based upon the following Reasons

II The horse in the possession of Mr. James Wells is much older than the one taken from Obed Harris.

III The horse in the possession of Mr. James Wells has a large mark covering his left hip in which many grey hairs are to be seen, which could not possibly have been placed there by fraud as the mark is natural and must have been on the horse when foaled - This mark was not on the horse stolen from Obed Harris.

IV The horse in the possession of James Wells has a straight face. The one stolen from Obed Harris had what is known as a Roman Nose.

V The only resemblance between the horses in question appears to be in color - Consequently the Court sees no reason for changing its opinion rendered in a former trial before this Court on the 12th day of October 1865

Petition for the Organization
of a Militia Military Company.

To the Asst Supt R. J. and A. L.
Norfolk Va. January 28 1866

Sir,
The undersigned loyal citizens of
the city of Norfolk, desiring to acquaint ourselves
more fully in the science of arms, do earnestly
petition that the privilege be granted us to
organize ourselves into a militia military company
for social drill and exercise, under such rules and
regulations as may be made and ascribed to us.

As we have stated, our great
aim is knowledge - in it are our pleasures,
while it is too our right constitutionally. Were
it not we would not ask to enjoy but rather
to provide. But as the provisions are made
we only ask that we be permitted to enjoy
it in common with others.

The amendments to the Constitution of
the United States thus declare in the
2nd Art.

"A well regulated militia being necessary
to the security of a free state the right
of the people to keep and bear arms shall
not be infringed".

By this we understand that it is not
only our right, but that party prejudice

should not prevent the enjoyment of it,
and we earnestly hope as law abiding
citizens that our petition be granted ~~and~~
and that we be furnished with the necessary
arms and equipments -

Pledging to remain ever dutiful to
our country

General:

It appears that some rent was due by John Galpin to Alfred Henmen, prior to the time when Mr. Galpin began to pay rent to the Government, to wit: prior to the 1st day of August, 1863. Extract 7, Special Orders, No. 146, discontinues the action in case Alfred Henmen vs. John Galpin, No. 17153, Sixth District Court.

It is proper that this Order should be so far modified as to enable the Plaintiff to recover the amount that may be actually due him.

I respectfully suggest the propriety of such modification.

of the suit of S S Ev-

Winder be stayed.

Rec'd 2 Feb 16 1866

New Orleans, Jan, 25, 1866.

General,

I have the honor to call your attention to the following statement of facts, and to request of you such action in the case as seems warranted by simple justice as well as humanity.

Suit No. 216, in the United States Provisional Court was instituted by S. S. Evans et al. vs. Mrs. Martha G. Winder, a loyal resident of Terrebonne Parish La., for about \$14,000. a balance due plaintiffs for work done on and materials furnished for her house, before the war. She has steadily endeavored to liquidate the debt, and before the above suit was brought had paid on account about \$6,000. Judgment was obtained against her, plaintiffs refusing to accept her tender on account of \$4,000., the proceeds of her small crop for 1864. Execution was ordered, but was stayed by order of the Provost Marshal of Terrebonne Parish, on Mrs. Winder's paying into his hands for plaintiffs \$1500. on account. As the execution of the order for seizure would have ruined Mrs. Winder, who under ordinary

circumstances would have had no difficulty in paying the whole claim, she appealed to Gen. Hurlbut, then commanding Department of the Gulf for stay of proceedings, and obtained that relief ^{for one year} under Special Orders No. 87, of date of March 31st, 1865; by which orders the Provost-Marshal of Terrebonne Parish was directed to pay over to plaintiffs the \$1500. received from Mrs. Winder, to be applied on the judgment.

Plaintiffs applied for a new investigation and a commission examined the case, and reported. In consequence, "extract 2, of Special Orders No. 115, Headquarters ^{issued May 1, 1865,} Dist. of Lafourche, La.," required Mrs. Winder to pay over immediately \$5000. to plaintiffs. On the matter having been brought to the notice of Gen. Banks, then in command, the orders as above were modified so as to require the payment of \$1000, instead of \$5000, immediately, and Mrs. Winder was directed to give a bond for the payment of \$4000. further in January, 1866. This order of Gen. Banks is contained in extract 7, of Special Orders No. 120, May 6th, 1865. Plaintiffs refused to accept the \$1000. and the bond offered in compliance with this order, though good security was offered.

Mrs. Winder had no doubt as to her ability to discharge the debt by January, 1866. Her crops were flourishing and promised a very profitable return. She paid the freedmen employed by her in full, and to an amount which would have enabled her to discharge the obligation, or nearly so, had she withheld it. The crevasse caused by ^{U.S.} military operations at Point Coupee Parish, and by natural causes at a place near Baton Rouge, flooded her plantation almost completely, the water standing upon her cultivated lands generally to a depth of from four to seven feet. This misfortune for which she is not responsible, and for a part of which, at least, the United States is responsible to some extent, has made her farming operations a complete failure for the year 1865, when under ordinary circumstances her profits from a year's labor ^{have} amounted to a handsome fortune.

I have known Mrs. Winder intimately for nearly twenty years. I know that she will pay this claim as soon as she can obtain the money for it. It is impossible for her to do so now, and there is little chance that she can do so before she has matured another crop. If she is permitted to carry

on her plantation unmolested this year, in all reasonable probability she will free herself from all pressing difficulties before the end of January 1867. But for the devastation caused by overflow she, beyond a doubt, would have paid plaintiffs in full before this. She has not paid expenses and with every disposition to pay plaintiffs she is powerless.

If this judgment is executed on her property she will be irretrievably ruined. With reasonable additional delay she will be saved from such fate, and claimants will receive their due. Other creditors will also be protected and their ~~de~~ demands met in full. She has shown her disposition to do all in her power for plaintiffs. They have not accepted her repeated tenders of instalments, nor met her with any spirit but that of determined hostility. They have refused to accept what has been offered under military orders, when those orders have been dictated in accordance with a just and equitable and merciful policy.

Sir:

I have the honor to inform you that proceedings in law have been instituted against Messrs. Thomas Smart, Minor S. Davis, and Cornwall for offenses committed during the war. It is alleged by the defendants, that these acts charged against them, were done by order of military authority while they were ^{servicing} either as soldiers, or scouts, or guides, of the ^{Union} army. There is no doubt in my mind, that these proceedings are grounded in malice, and are mere revenge on Union men, and ought to be stopped, and the parties who have caused the imprisonment of these men punished. I have tried to investigate these cases, but can not do it, because I have no means of communicating with differ-

cut parts of the County to get witnesses.
I ought to have a horse, and about two good
mounted men. There are three or four
union men suffering (I believe) from rebel
police, and more threatened, who have
appealed to me for protection. It seems
to me these men should be protected
by the Government if they are being wronged.
There is no hope for one of them, guilty
or not guilty, in the hands that now hold
them, I am convinced. Charges are being
trumped up against almost every man
in the County, who gave information
to our Army, or did anything, that result-
ed in damage to rebels. I urge that I
may be furnished with two mounted
men, to investigate these matters at least.
The Jail keeper here, has been abusing
his prisoners in a most outrageous
manner, which should be stopped by the
Military, if there is no other way to stop it.
He has five men confined in a room
with no fire, except a stove in the room
with no pipe. This has been so during all
the cold weather, and is so now, I reported
it to the civil authorities, but they did
not try to help it. In the mean time the
Jailer keeps a bar in a good secure,

warm, room where the prisoners ought
to be, and where I have only been waiting
for a train or two to put them. They
complain to me that they have suffered
greatly from the smoke, when it was
so cold they were obliged to have a fire.
There is no way for it to escape except
to ooze out of the cracks in the room.
This miserable whiskey shop, is kept
open on Sunday, and a crowd of drunk
or loafers are there creating disturb-
ances. Last Sunday a negro was shot
at and beaten there. All that I com-
plain of, has come up within the
last two or three weeks, since the
troops left. I assure your matters
are worse here than if there were
no Pro. Mar. here, unless I have power
to enforce order & prevent outrages.

It is absolutely necessary for me to have
two mounted men at this post, to attend
in any useful way, to my duties as P. M.
and Capt. F. B. Alor. The mere presence
of two men will put a stop to all wrong
which now plagues to me most pitiously
for help.

Very Respectfully

Yours obt. Servant

Maj. Gen. John M. Palmer,

Dear Sir,

Does

Gen. C. Grant's order No 3 protecting employees of the Govt from suits brought for acts done under proper military authority apply to judges of the election?

The case in point is this. In 1863 on the eve of the election Gen. Buenside issued an order holding judges of the election to a strict responsibility for allowing disloyal persons to vote. When the election came off one Henry M. Shuismen a citizen of this county, presented himself at the polls and his vote was rejected by J. G. Bruce acting judge of election on account of his disloyalty. Shuismen afterwards sued Bruce for heavy damages, and when the case came on

Christman having failed to allege or prove any damage sustained by reason of malicious action on Bruce's part I made a motion for non-suit which was granted by Judge Goodloe. Christman appealed, and the case was remanded, the decision of the court here having been overruled on the ground that malice was implied. In Bruce's answer he filed a copy of Gen. Bunsides's order, under which he justified himself, and claimed protection of the national authorities. & the case will come up again in March. Can Bruce have protection under Order No 3 or must he take his chances with a jury? Any information you can give me at an early date will be gratefully received.

With High Respect.
Very Truly Yours.

Sir,

I have the honor to state that in my opinion that the following named men should be tried by the Military Commission of which I am Judge Advocate.

Robert Brown, Lawrence Brown, George Graham,

Tris Eddy, Frank Singletary and Jimmy Lee.

I cannot decide yet, whether the remainders of the sixteen ^{the} names of which you gave me, should be tried by this commission or by the Superior Provest Court. As soon as I decide I will inform you by letter. I have with Capt. Blake the commander of this post, been endeavoring to find the witnesses for the last three days but have been unable to do so up to this time.

I am inclined to think that they have been sent away.

I would most respectfully ask what course I shall pursue if they are not found within a proper time.

I find also that Capt. Blake is unable to confine the prisoners on account of the proccess of the jail, he also has not men

enough to guard them properly. Therefore I would suggest
that an order may be issued to send them as fast as they
are tried to Darlington jail or to some safe place of confin-
ement.

I am Sir

Very Respectfully

General.

The beaver, Plenty by name, with others raised a crop the past season for one James Edie of Williamsburg. Some ten of them were driven away on the 1st day of January with no share of the crop.

The party then made arrangements with a Mr. Scott, but Edie interfered and prevented them from entering upon the arrangement, and captured them. Edie threatens to shoot beaver, and any of the others, if they come to his place. I thought perhaps an official order might be sufficient to secure justice for these parties, and would therefore respectfully request that you interpose with your official authority to accomplish

The Major General Commanding
has requested Mr. Whitridge and Mr. Becket to call
upon you and state the facts relating to their
recent visit (July 4th) to St Johns & Wadmalow
Islands. They went there under W. G. Military Authority
for the purpose of ascertaining whether the negroes
would accept employment for wages, in accord-
-ance with the wishes of Maj General Howard. Mr.
Whitridge was a member of the board organized to
consider and settle the question of labor. In the discharge
of this proper mission they were grossly insulted, beset by
"Mobs" - their lives threatened by armed people and the
laudable object of their visit entirely prevented by
lawless violence

The Major General Board has requested these gentlemen to report their grievances in writing, but meanwhile directed me to commend the matter to your consideration and action and to suggest to you that you will send these gentlemen there at once with a suitable escort from the 16th W.I. Our attention having been brought to General Order no. 1. Current Series from the Head Quarters of this Department published in the Public Prints of this City. The undersigned said owners and representatives of landowners on James Island S.C. have the honour respectfully to enquire whether the (8) Eighth & (10) Tenth Sections of the Order apply to the property on said Island, held by the Bureau Refugees Freedmen & Abandoned Land or whether that property is to be regarded as excepted from the general provisions of the same. We would also beg leave to enquire what in the judgment of the General Command the Dept constitutes occupancy "by the Authority of the United States" whether a mere tenancy permitted by the government authorities is to be so regarded, or whether such tenancy must be evidenced by a written permit.

We make these enquiries from no idle curiosity, but with an earnest desire to facilitate the restoration of this property. The time for planting a crop is now passing and without these lands, our families

the coming year, must suffer for the want
of the necessaries of life

Approved off. Pope, Jan. 11/66

City of Charleston

To

Major General Daniel C. Sickles
Commanding Department of
South Carolina

General

I have the honor as the Agent in fact as well as in Law of Messrs John Rutherford, Walter Rutherford, Lewis M. Rutherford and Robert W. Rutherford. Citizens of the United States and now resident in the City of New York, State of New York to solicit your attention to the facts following.

The said Messrs Rutherford at the commencement of the late War were the owners in fee simple absolute and in undisturbed possession of a lot of land with the buildings and improvements thereon situate on the North side of Spring Street in the upper wards of the City of Charleston, four doors East of Rutledge Avenue.

Some time during the War as I am advised some proceedings were originated in a Court styling itself the District Court of the Confederate States for the District of South Carolina and of which Hon A. G. Magrath was the presiding Judge, for the confiscation

and sale of the said lot of land.

The said proceedings were founded upon the pretence that the said Messrs Rutherford of New York were alien Enemies to the so styled Government of the Confederate States of America and also upon certain provisions of an act of a body styled the Congress of the Confederate States by which a general system of sequestration and confiscation of the Estates real and personal of what were designated alien Enemies of the Confederacy were instituted.

Under these said proceedings so originated the said lot of land as I have also learned was, by some pretended Officer, put up for sale and purchased by one Herman Hoastedt a resident of the said City of Charleston who now claims to hold the same, is actually in receipt of the rents and profits thereof and absolutely refuses to surrender the possession to the said Messrs Rutherford.

I would respectfully submit that the withholding of the said lot of land from the said Messrs Rutherford the indisputable owners thereof is a fraud upon them and will operate greatly to their prejudice and injury.

It is now impossible for them to assert their rights in any Court either of South Carolina or of the United States and they will be wholly remediless without your aid.

It is apparent that the said Herman

Hastedt has no right whatever to withhold the said lot of land and his continuing to do so is in palpable violation of their rights as citizens of the United States.

It will also result if he is not restrained by your intervention in enabling him to make use of an illegal act consummated during the rebellion under the sanction of military power to deprive loyal citizens of their just rights to property.

I respectfully ask that the said Oermann Hastedt be ejected from the premises and the possession be restored to the Messrs Rutherford.

Very Respectfully

We the undersigned Merchants and Traders of Sanford J.C. would most respectfully submit the following statement. We are informed that the 104th Regiment U.S. Troops now being mustered out, is to be sent to Charleston to receive their final payment. This Regiment was organized here, some six months since. The Officers being mostly raised from the ranks, some without funds, and received credit from us, for what was necessary for their outfit - some they were raised they have received very little pay, and consequently all are more or less indebted to the Merchants of this town. In addition to which many of the enlisted men owe small amounts. We have the honor to request that payment may be made at this place so that we can collect without additional trouble and expense, what is our just due.

We have the honor to remain
very respectfully

Captain:

I have the honor to make the following statement in regard to the recent difficulties at this place.

There is but three Northern men doing business here, and I think I could safely say that there is but three men in the place that has any "pretensions" to being a Union man — in the absence of the bayonet —

Their names are — Anderson,
A. Breeler, and Sudwick.

Mr Anderson keeps a Bakery & Confectionary, and was formerly a member of the 2^d. Ky. (Federal) Inf. He appears to be a very quiet, peaceable, unassuming, gentleman, but is somewhat deficient in nerve.

He informs me that it has been quite

customary to have Citizens enter his place of business - with revolvers - and call him a "dam Yankee son of a bitch", and threatened his life if he remained. His house has been stoned, ^{and} every kind of insult offered him. He refuses to give the name of the guilty parties, on the ground that if they are arrested, he will have to leave the country.

He has reported the transactions to the civil authorities, but was invariably put off with some trivial excuse.

Messrs. Brewer ^{and} Ludwick ~~are~~ are Dry Goods Merchants, ^{and} have been treated the same as Mr. Anderson. It seems that the Ruffians are determined to force them to leave the country, ^{and} I have no doubt but for the timely arrival of ~~our~~ they would have succeeded. Mr. Anderson offers to sell out for \$300, less than cost. It is impossible for them to find purchasers, consequently they cannot leave.

In some cases - such as stoning the house to. - they could not ascertain ^{who} the parties were, but of those they do know, they will

not report, for fear of the hereafter.

I have conversed with the Mayor, City Marshal, ^{and} Freedman's Agent, ^{and} all say that it has been very quiet; ^{and} very peaceable. And that nothing has transpired tending to disturb the peace, since they assumed their offices. ^{and} seem very indignant that you had no more confidence in them than to send a "Nigger" guard to watch them.

I am also informed by numerous citizens that it was customary for them to always wear their revolvers on the outside of their coats when they came to the city in order to punish any insult they might receive from any "dam Northern abolitionist or Nigger." The revolvers - like their braggadocio threats - have all disappeared since I came.

Sicut Jones - the bearer - will give you all the particulars.

I have the honor to be Capt.

Very Respectfully

him if it wasnt Govt. Property; he said
no; it was his own private property, made
it for a man in town, & he wouldnt have

He offered the lot at \$18.00. I said I didn't
want the benches, & offered him \$10.00

he left it, out of his own private material
and had the lumber left. I was very

Isaac Bombaker, being duly sworn, says: I am a resident of Chattanooga Tenn, am a carpenter. I have been here since February 1864. I came here for duty with N. & W. R. R. I was placed on duty at Chattanooga, under W. D. Franklin, afterwards under J. J. Palmer, afterwards under F. A. Mitchell as foreman, was foreman from last of June 1865, to first of September. Then under Mr. Andrew Johnson, until the Rail Roads were turned over to the civil authorities -

x x x x x

After Mr. Mitchell left, Andrew Johnson became his successor, as Supt. of Bridge Repairs. This was in Sept. or October 1865. Some time after this the Rail Roads were turned over to the civil authorities. In turning over the property, he retained considerable amounts of effendible property. The first thing I noticed was twenty kegs of rails, and eight or ten boxes of window glass, they went off from the State, + some of the

(over)

men told me, that a wagon had come and taken them off; did not say where; - The next day, I saw them on Mr. Miller's wagon, of the Chattahoochee House, going to the Georgia Depot. I felt a curiosity to know more about them, & went up to the wagon, & found the kegs & boxes marked "Ogleby, Atlanta Ga." I know they were the same kegs & boxes, because of the way the heads were broken in & had been nailed up. The Govt. mark, "J. B. Kerame, Nashville Tenn." was also on them, they had tried to cut it out, but it was still legible. I went same day to Miller and Mayne's store, & found it was their wagon & their driver. The nails & glass would have been worth about \$300. Chattahoochee prices.

The latter part of October, (he Johnson) sold me six kegs of nails, & three boxes of glass, for \$50. in all; took no receipt; nobody present when payment was made, had been discharged a week or so before, and was carpentering on my own account in Chattahoochee. About same time

(over)

13

he sold me some Govt. tools, a Jack plane, a fore plane, a smoothing plane, & a drawing knife - I gave him \$3.⁰⁰/₁₀₀ or \$4.⁰⁰/₁₀₀ for them - I knew it to be wrong for him to make these sales, but as I wanted them, & other persons were getting materials this way, I thought it would be no ^{great} harm, for me to do it - I intended to report the matter to the Post Commander, Col. Saw, but have postponed it. After this, he (Johnson) sold some window frames to a Mr. Eichorn in Chattahoochee. There were two fine door-frames, & three window-frames. He sold them remarkably low, only seven dollars for the whole, as Mr. Eichorn told me, he (E) told me that he bought them of Johnson -

I met Johnson in Atlanta, in the middle of October, he told me that he had some white pine lumber for sale, I went with him up to the cars, & he pointed out two car-loads, he was inquiring for a man named Irish, that had been on Govt. R.R.s. He spoke as if he was only doing the business for other parties. He afterwards

(over)

a week or so - told me, that he had disposed of the Lumber in Atlanta for \$65⁰⁰/₁₀₀ for one thousand feet. There were about twelve thousand feet of the Lumber. Did not say to whom he sold it.

Some days after this, I saw Johnson in Chattahoochee, & he told me that he had a coil of rope to dispose of, & that Mr. D. W. Visher, contractor of Bridges now on C. & A. R. R. was to take it, & wanted to know if I had heard Visher say anything about it. I was then in Visher's employ. He said Visher had promised to take it at \$60⁰⁰/₁₀₀ - & he hoped he (V) would come & take it, as he (J) was going home. I told him he had better write Mr. Visher about it, which he did; he told me so; Mr. Visher then came up here, & employed Mr. Johnson to go to work for him on Bridges - Johnson went - I think the rope went also, but did not know - Johnson is now near Dawson (two miles), Dawson County Ga. on South Western R. R., distance from Macon ninety-eight miles - framing Bridge to be brought on Western & Atlantic R. R. Is in

employ of Visher + Barkie. In October, under
Johnson's administration, there were some ten
thousand shakes, taken to Miller's house (Chattanooga
house, Chattanooga Term) by his team,
I went down to Miller one day, + said the thing
must stop, + wanted to know how he got them.
He said he had an order from Capt. Swift for lum-
ber. Johnson was boarding there. I stopped
the team + made them throw out two loads.
Johnson told me they were not Govt. shakes, that
Capt. Swift had ordered them of J. J. Vooberg, + the
Govt would not receive them, so that they didn't
belong to the Govt. When I went to Miller to
see about it, he said he ^{had} an order from superior
authority to mine ^{for} them ~~for~~. I asked him who,
+ he didn't say; I asked him if it was Johnson,
+ he laughed, + said "Johnson + Charley"; Charley
was Charles Bohann, Johnson's clerk; I af-
terwards sold four thousand of the shakes
to a Dutchman - don't know his name - for
\$20.00 in all. I reported the facts to Johnson

+ said I would either pay the money to Capt. Hopkins
 a.2.M. or to Vooberg - according as Govt. or Voo-
 berg was the owner; he said "let it be" - They
 don't belong to the Govt. Give me \$10,000 - and
 keep \$10,000. + it will be all right -" I did so, +
 have \$10,000 of the money now -

Sir, By a letter just rec^d
from H G Cook Esq I am advised to furnish
~~you with~~ a detailed statement of the meeting
of the citizens of this town, on Thursday the 8th Inst.
Placards were posted in the morning calling
the loyal citizens to meet at the Baptist Church
at 3 o'clock P.M to consider & discuss the recent
legislation of Florida, at the appointed hour about
two hundred persons assembled one fourth of whom
were white men, the balance black men & women
Mr Liberty Billings called Mr Gifford to the chair
who appointed Mr Billings, Mr R Funtow and
a black man named John Gordon, committee
to prepare business for the meeting, then gentlemen
arose and in a few moments returned with
a resolution denouncing the "body of men recently
assembled at Tallahassee styling themselves the Legisla-
ture of Florida, a disgrace to civilization, that
the laws enacted by them must be washed in

in the egg, or there could not & ought not to
be peace, Mr Gifford made some remarks in which
he denounced the proclamations of President Johnson
as edicts not warranted by law or authority, and
of no avail, Mr Emerson & Mr Smith made remarks
of a more conciliatory nature & Mr Fenston says he
opposed the resolutions, and warned Mr Pillsbury that
~~they were calculated to excite a war between the whites~~
and blacks, but he would accept no amendment,
the resolutions were adopted by the unanimous vote
of the blacks, and a sedition spirit excited which
was evinced by tumultuous songs & revelry through
the streets nearly all night,

up to their meeting the blacks were heauble and
attentive to their business, since then they are idle
and dissatisfied many of them defiant & insulting
the citizen, becoming alarmed for their person
sundry addressed a communication to Gen Foster
on the subject which I suppose ought to have
been sent to you, instead,

My Genl

Daniel E. Sickles
Commanding Dept.

General - I am the Sena-
tor from this District in the State
Legislature and would be glad
to obtain from you the solution
of a matter in which the people
of my District are much interest-
ed, arising out of the position of
the military in this State. -

I trust that my official rela-
tion to the District will justify
my trespass on your attention.

I am informed by our
Sheriff W. C. Canaday, that one
Kelly was recently detained
in his custody under a com-
mitment issued by a Magis-
trate, but was subsequently
released on recognizance,
that after his discharge, he
(the Sheriff) was told by Capt.

Armstrong, the officer in immediate command in this village that Kelly & all other persons in his custody, as Sheriff must be released forthwith, as there was no law in S. T. C. but, military law & that on his reply that Kelly was already released on recognizance, Capt Armstrong directed him, to release the recognizance.

On a request by the Sheriff that Capt. Armstrong would furnish him with a copy of the order under which he acted, that officer obligingly allowed the Sheriff to copy the enclosed from an original paper. No intentional error whatever is imputed to Capt. Armstrong, indeed this officer, I learn, seems desirous, always, of doing his duty only, but, if his position in this matter is as reported correctly, I am persuaded

from Department orders, that I
have seen published, that some
misconception exists with the mil-
itary here, as to the status of the
civil authority, a misconcep-
tion very glaring, if I am not mis-
taken, in an endorsement enclosed
supposing that civil courts will
not sit with us "until S. C. is in
the Union" a position, rather than
as conflicting with fact, as it is with
the views of the President, of the con-
dition of the State.

The Sheriff, I am told, has aban-
doned the jail, to which he had re-
turned, under the authority of a
previous order & it is so impor-
tant to him, to all the Officers of
the law & to the people of the Dis-
trict to know, the true position
of the civil authority, that I hope
General, you will see proper, as
I have no doubt you will, to cor-
rect in this part of your cor-

mandatory misapprehension upon this subject, which may be found to exist. —

According to the statement of the Sheriff, the facts of the case of Kelly were totally mistaken in enclosed endorsement, but this is not material to the purpose of this communication
by copy. G. V. O. H. Sect.

P.S. You are perhaps aware that the Judiciary of the State is now fully organized and that term time is not far distant.

I have the honor to respectfully report my Action in the case of Kelly, referred to in the accompanying letter of Senator Tracy.

I told the Sheriff that Kelly had to be released and brought before Circuit Court in compliance with C.O. 40 current series from Hq Qrs. Dept. of S.C. - I made no reference to any other Prisoner than Kelly and did not release his recognizance - Kelly could not be found when the order for his trial came to hand - The Sheriff abandoned the Jail of his own accord. The upper part has always been retained for use of the military - The lower part was turned over for the use of the Sheriff.

GENERAL ORDERS, No. 16.

I. The Courts of South Carolina having been fully organized for the dispatch of civil and criminal cases, the Provost Courts will take no further jurisdiction of such cases affecting white persons only, unless the rights of the military or U. S. civil authorities are involved.

II. When it is necessary that arrests should be made (in order to preserve the peace of the country,) of white persons charged with crime against the person or property of whites, such person, so arrested, will be held in custody only so long as is necessary in order to turn them over to the civil authorities for trial.

III. Provost Courts will continue as heretofore to have jurisdiction of all cases in which persons of color are parties, or in which their rights are involved, and of all cases, in which the offense alleged to have been committed by a white, has been against the person or property of a person of color.

Dear Sir

We understand that you are going up to Fort Leavenworth tomorrow if so. We wish you to call and see Genl. Dodge for the reasons here given. A long time ago we bought a pair of mules from D. R. Ham of this place. And in a short time a detective claimed the mules. And we told him he could have them provided he took them - legally so we could have recourse on him. but he did not do so, but let the matter run until now. Another detective is after them, but held on until Mr Ham ~~left~~ ~~off~~ and we think it is not right to take them now as we have no recourse, as Ham has left. We wish you to see if the General will not give us a permit to keep them under the circumstances. And in so doing you will much

I have just been shown the Petition of Major Curtis Ingle recently presented to you through Col Hightower praying for the possession of a certain man taken from W. F. Landreth by some Home Guards, sold by them & repurchased by me as his atty a c

The Question as to whether these Home Guards were entitled to confiscate this man or not has not yet been presented to our Civil Tribunal, but notwithstanding this I learn from Col Hightower that he intends returning the Petition to you for your order on me to deliver up said man My object in

addressing You now is simply

I can demonstrate fully and

employer, the right to make such rules
and regulations as he may deem necessary
to direct and control their labor and regulate
their general conduct, and to this end
they do promise to render perfect obedience
to his authority in all things.

2^d They shall be strictly honest and faithful in
the discharge of every duty, never questioning
the propriety of any order from their

Employer or his Assistant,

3^d They shall each carefully refrain from doing anything which would make his or her discharge necessary for the good of the others or their employer, and in no case will a party discharged for ill-conduct or incompetency be allowed to leave his family on the place, or take away anything which he did not bring with him, or claim compensation for services already rendered. This right to discharge from service for sufficient cause is expressly reserved to the Employer.

4th As full and satisfactory compensation for all services they shall receive their rations as follows: Two bushels of corn, twelve lbs. of meat and one pint of salt, also, one fourth of the cotton and one third of any other produce made by the labor of their hands. The division of the crop to be made on the last day of December of the present year.

5th This contract of hire shall continue in force until the close of this current year and may be renewed by consent of both parties at the beginning of the next, and the said parties of the second part do hereby agree to accept the foregoing terms and conditions of the said Robert Stevenson

and do bind themselves to labor for and during the said periods of time on or about the said Plantation as their employer may desire, under the restrictions and limitations aforesaid on the further conditions mentioned here that:

1st The said party of the first part shall and does agree to furnish such Land, mules, wagons, fims, gears, hoes, axes, as he may deem necessary for the purposes of the plantation free of cost to the said parties of the second part.

2^d The said Robert Harrison shall and does agree to extend to the said parties of the second part, kind and proper treatment, show justice and impartiality in all his dealings with them and allow them such personal and domestic privileges as shall not be incompatible with his or their interest.

The foregoing covenants and conditions being understood and approved by both parties to this instrument are accepted, and shall be performed in good faith and without reservation.

In witness whereof the said parties of the first and second part have hereunto set our hands and

Personally appeared before me
the undersigned, who upon being
duly sworn, declares:

"On the morning of the 11th of
February 1866, while stopping at
Waynesboro, Miss., I saw three
men come up the Mobile and Ohio
Rail Road on foot, one of them had
a bundle. The three men loitered
round the station for some time,
getting their breakfast in the mean-
time at a negro shanty. On Satur-
day night, the night previous, the
store of a Mr. Hopper, residing in
Waynesboro was broken open and
looted.

The three men were arrested on
suspicion of robbing Hopper's store,
two of whom escaped and made
their way up the Rail Road, and
were followed by four men on horse-
back, attended by bloodhounds. The
four men returned to the station
without the prisoners in about two
hours, and informed me that they
overtook the two men at a woods
yard about a mile from the Rail
Road station. They inquired for
the man I had arrested, commenced
looking for him, found him lying in

plead that for God sake, to save his life, for he was innocent and knew nothing about the stolen goods; and begged to be sent in jail, where he could receive a trial, whereupon one of the four men ran up and smacked him a violent blow with a hickory cane across the face, smashing his nose and cheek bone terribly. The justice of the peace was standing by when the blow was struck, but said nothing, and made no effort to snap him, on the contrary, he proceeded to take a rope halter from his horse, and hand it to one of the ears of four men, who then asked the prisoner, if he could walk out into the woods with, out being tied. The prisoner again begged them for God sake to spare his life, that he did not want to go out, where he was before, for he knew they would kill him. The men replied "You d-d Yankee won't a-b, how call on your friends!" "See how many friends you have here!"

The gang then proceeded to force the prisoner with them into the woods again for the last time; this was about 4 o'cl. p.m. I saw

a horse truck, roused him out, started him on a run, and commenced firing their revolvers at him, whereupon he surrendered; the four men then took him out into the woods and remained about an hour, then they returned with the prisoner, whose face and head was covered with blood.

On their return, one of the four men rode in advance of the rest of the party and told us not to ask or answer any question, as the prisoner had confessed that he had robbed the store on Saturday night, and was going to show them where the goods were hid. As soon as the prisoner was brought to the station, he ran into the crowd of men standing by for protection, and says "those men, who had had him out, would kill him, if he did not confess that he helped to steal the goods"; he then stated, that, to save his life, he confessed, that he knew all about it. On the purpose of being brought back to the station, where he was to show them where the goods were, he said further, that "he was convinced from what he saw that death was his portion if he did not confess anything" and

nothing more of the prisoners or of the
squad men, who had been searching
at the wood yard.

The party of four men returned
for the last time about two hours after
dark, seeming to much alarmed.

The names of the four men speci-
fied in the above, are Taylor, Hopper
and Spence, and reside at or near
Waynesboro, Miss.

Headquarters Post of Fort Stoddard
Fort Stoddard, La. February 12th 1866

Major William Hoffman
A. A. Genl. Dep't of La.
New Orleans, La.

Sir:

I find on file in this office a communication addressed to commanding Officer Fort Stoddard, La. from Headquarters Department of Louisiana dated November 1st 1865 and signed De Witt Clinton Major and Judge Advocate, the first paragraph of which reads as follows "The commanding General directs that no process, from civil courts, other than those of the general government, be permitted to be executed within the ground enclosed within the old line of the rebel works at Fort Stoddard."

These instructions were given by reason of an action having been commenced in the 5th Judicial District Court of the State by John W. Jones against James V. Hayes and stand at these Headquarters as a

precedents in all cases of similar nature.

Dr. Hayes reports to me that he is inclined
want and proposes, if permitted, before making
an assignment, to make over to his brother
certain property, to secure that brother as
well as other employees for the amount
of wages. This stay of all procedure by
civil courts will without doubt give Dr.

J. V. Hayes ample opportunity, if he
feels so disposed, to defraud all his employees
as well as gentlemen in New Orleans, to
whom he is deeply and legally indebted
for goods &c. - He has been afforded
opportunities by former Post commanders
to carry on business as the post, which
have been denied to others, and has not to
my knowledge dealt very justly either
with his colored or white employees. -

Complaints of all descriptions have been
filed in the Provost Marshal's office against
him all of which he seems to have met
by a display of his books, which apparently
prove nothing. -

I doubt not his authority to dispose of

his mules and portable property, if such sale do not deprive him now or hereafter in his employ. - I shall not permit him to sell or deed any of the buildings inside the fort, permission to build which, was granted him in orders from superior Head Quarters. -

I have the honor to be

I, the Hon. the Judge of the Fifth

the Parish of East Baton Rouge, State of Louis^e.

The petition of James A. Campbell
of the Parish of East Feliciana, respectfully
represents, that James A. Stoyes, residing in the
Parish of East Baton Rouge, is justly legally
indebted to your petitioner in the sum of One
Thousand Dollars, for this, to wit: On the
Years 1864 and 1865, and continuously during
said years, the said Stoyes entered upon his,
your Petitioner's Land situated near Port Hudson
and in the Parish of East Baton Rouge, and
cut and caused to be cut and felled a great
many Oak and other trees growing on his land
and carried them away and converted them
to his own use, by sawing them into lumber &
splitting them into staves and selling the same.

Further represents that said Stoyes
entered upon said Tract of Land & caused
his, your petitioner's trees to be felled & cut &
sawed and carried away without any per-
mission from your petitioner or any authority
whatsoever, and in the absence of your Petitioner
and during the existence of the late Civil war
and when all intercourse and communication
between him & Stoyes and your petitioner was
interrupted on account of the opposing armies.

engaged in said war. That he sought the
advantage of your petitioner's absence to take
from him his timber trees, Avens that said
trees were valuable. That he said Hayes, felled
cut and removed from his, your petitioner's land
Two hundred large Oak trees, after cutting them
into logs, and which trees were well worth five
dollars per tree. Wherefore your petitioner prays
and prays that said Hayes be cited to answer
this petition, That he be ordered adjudged
and decreed to pay your petitioner the said
sum of One Thousand dollars, with legal int-
erest on the said sum judicial demand and

Personally appeared before me this 16th day of February 1864 James O'Neale who deposes and says that the allegations in the accompanying petition of James A. Campbell are in the main untrue, and that this suit is instituted for purposes of harassment and unlawful gain.

Deponent further says that at the request of the Military authorities he did remove from the premises of the said Campbell some thirty (30) oak trees which trees were sawed into lumber for the use of the Federal authorities at Fort Hudson and New Orleans and which lumber was almost exclusively used by them. He also avers that at the dates mentioned the premises of the said Campbell were within the Federal lines and were occupied by the Federal and abandoned property.

Deponent also says that he has tendered payment to the alleged owner of the above premises for the said trees but that payment has been refused.

Wherefore Deponent requests that the above suit be discontinued by order of the Military authorities.

Allow us to introduce to you our friend (Dr. J. W. Jones) who visits New Orleans for the purpose of having a military order rescinded forbidding the service of civil process within the lines of Port & Cadron. This extraordinary order was issued at the instance of one J. O. Hoyer who owes (Dr. Jones) Six thousand dollars, by judgment of the Court as the Doctor will exhibit - for tearing down his dwelling and fire house and removing the same and converting them to his use. As our Honorable man in New Orleans (The Atty General) will explain being conversant with the facts, Believing that the Doctor is entitled to redress and that General Canby will not allow him to be remedied - we hope your interposition in behalf of the civil authority will be timely given - as we understand some "put up" process from the U. S. Courts has been issued to cover this egotistical fellows property and screen it from his honest and injured creditors - If General Canby will rescind the order we think Justice

may be done as there is property at Port
Hudson which we can reach, we send
with this a copy of Judgment and
Certificate, hoping that you will recom-
mend the Doctor to the General Commanding
you respectfully

Personally appeared before me this the 16th day
of February 1866 James O. Mays who deposes
and says that the allegations in the accom-
panying Citation of ^{his} ~~the~~ Slaughter are
false, and that he is in no way indebted
to him, and that this suit is instituted
for purposes of persecution and the pursuit
of unlawful gain.

Deponent also states that at the time
mentioned in the Citation the said Slaughter
was very desirous to sell to him the Cotton
~~mentioned~~ ^{deposited} in the prison, which Cotton had
been seized by order of General Banks, had
been used on the fortifications near Fort Fisher,
and all of which was ^{of the} confiscated by the
Federal Authorities and by them shipped to
New Orleans and sold. In order to show
a bona fide transaction the said Slaughter
gave to James O. Mays a bill of sale of
the said Cotton to exhibit to the Federal Authorities
but the Military Authorities absolutely refused
permission to James O. Mays to purchase the
above Cotton which was subsequently disposed
of or disposed and in which James O. Mays
never had any interest whatever.

Wherefore I request that the
above list be discontinued by order
of the military authorities.

Colonel

I have the honor
to forward weekly report of Cases tried before this Court
for the week ending Feby 24th 1866.

Among the Cases are two for
Stealing Horses - These men were forwarded to me from Fairfax
Court House Va for my disposition, as it was impossible for
that Court to try them as white men are tried in similar
Cases, because the law does not grant them trial by jury

I have two more in Confinement for grand
Larceny, whom I will try as soon as I can get the evidence,
There are four Colored men in Alexandria County Jail whom
the County Court refused to try and have also ordered
that they be turned over to this Court for its disposition

That these Cases will receive the strictest investigation
you may rest satisfied and whatever is done by this
Court in relation to them, will be done according

to the evidence brought before it

The prisoner Joseph Brown on being assigned plead as follows

To the Charge

Not Guilty

The Court then proceeded with the Case

2 Joseph W. Roberson being duly sworn says -
I know the prisoner Joseph Brown Coloud, he
came to my house on the night of the 1st Febry
1866 to stay with a Coloud man whom I had
employed named Fielding Bundy - In the morning
of the 2nd Febry 1866 I got up early between day
light and sunrise and discovered that my horses
had been taken from my stable - I then went
to a Cabin on my place where the Coloud man
slept and found that they had left also and had
taken their bedding with them - I immediately
suspected the Coloud man with the theft and came
to Alexandria Va. and from there to Washington
D.C. hunting for them as they had been heard
to say that they formerly lived in those places -
Finding no traces of the parties or of my horses
I returned home - I had before leaving home
sent my son to look for the parties in a different
direction - on Sunday the 4th Febry he returned
and said that he had tracked the parties as far
as Catlett's Station on the Orange and Alexandria
Rail Road - on Monday following I got Mr. Millan to
go with me for the purpose of finding my horses -
I went to Bentsville where I remained until

3 Wednesday when I received information from
Mr. Millan that my horses were at Carl Coons
in Culpepper County - I then started for that
place and met Mr. Millan at Hooksville Station

I went to Bentsville, where I remained until

3 Wednesday when I received information from Mr. Miller that my horses were at Carl Leons in Culpepper County - I then started for that place and met Mr. Miller at Hokesville Station we then went to Culpepper Court House and from there to Carl Leons where we found my horses - after describing my horses to Carl Leons he gave me possession of them - and I had the parties arrested - they are the same horses which had been stolen from me on the night of the 1st Febry 1866 - they had been sold by Joseph Brown and Fielding Bundy as their property - after the arrest of Joseph Brown (Colored) he acknowledged the theft but said that he had been persuaded to take the horses by Fielding Bundy (Colored),

Cross examined

My suspicions rested on these men because they had left the same night and had taken their beds with them - This man was in the habit of coming on my premises at night to sleep to sleep with the Colored man Fielding Bundy whom I had employed - I am a Northern man raised in the State of New Jersey - I first had the parties arrested by the Civil Authorities and taken to the

4 jail in the County of Fairfax - but when arraigned for trial the Court decided that they had no jurisdiction in the matter and ordered that the men be turned over to the Provost Marshal at Alexandria for trial.

Walker R. Millan being duly sworn says on Thursday morning Febry 1st 1866 I met this boy Fielding Bundy as I was going home from Fairfax Court House in Mr. Robinsons Waggon - on Friday morning Febry 2nd 1866 Mr. Robinson came to my house very early that two of his horses had been stolen and that he suspected Fielding Bundy and Joseph Brown with having committed the theft - He then asked me to go with him and help to search for his horses he came to Alexandria Va and from there went to Washington D.C but could find no trace of the horses - Mr. Robinsons son who had gone up the Country to look for the horses and says that he had tracked them as far as Cattleys Station Orange and Alexandria Rail Road - I again started with Mr. Robinson to look for the horses - on Tuesday the 6th Febry 1866 - I learned from a gentleman in Culpepper that two Negroes had brought several very good horses

I learned from a gentleman in Culppeppu
two Negroes had brought several very good horses

5 into the neighborhood and that he believed that they
were stolen, or that they had come by them dishonestly,
and if I would write to him or get parties who
had lost their horses to write to him that the horses
could be recovered on this information I started for
Culppeppu and met Mr Roberson at Rocksville Station
and took him with me to the gentleman's house
who had given me the information - There I found
Filding Bundy Colored, and arrested him - He
at first denied having stolen any horse or horses,
but said that he came by them honestly. I then
told him that Mr Roberson was near by when
he confessed that he had rode one of the horses
to the place, but said that Joseph Brown
(Colored) had persuaded him to do it - That
Joseph had taken the horses from Mr Roberson's
Stable and brought them to him at the turn
pike near Mr Roberson's house - I carried him
before a justice of the peace who gave me a
warrant to bring him to Fairfax County and
deputised me to do it upon my arrival at
Culppeppu Court House I found that I could
not place the man Filding Bundy in jail until
I had obtained the permission of the Superintendent
of the Freedmen's Bureau to do so I went to the

1 Superintendent of the Bureau who gave me the order, also an order to bring the man to Pacific County - I placed him in the County Jail and a short time after I learned that Joseph Brown had been arrested - He also Confessed in the presence of several witnesses that he had taken the horses but that Willing Bundy (Colored) was to blame and not he - Mr. Roberson heard these Confessions

No further testimony being offered the case was closed -

I saw Mr Herd, Mr Horton & Mr Basham the day before I left Fort Smith. They left & was about one day ahead of me. Thus was two negro men left ~~in~~ with these gentlemen for the purpose as I understood to go to the River, on the morning of the 21st. Mr Gray who was just ahead of me came up to their camp about one hundred and fifteen miles from Fort Smith & 35 miles east of this place. And the bodies of these three men were found their clothing all burnt off & their bodies badly mutilated & burned, as soon as it was known the neighbors collected & carried the bodies to Mr Wells' where I saw them yesterday & immediately recognized them as the men above alluded to. Their wagon & four mules & some other valuables are still at Mr Wells' & will be taken care of until the proper owner can get them. From all the circumstances connected with this horrible murder there is no doubt but what these 2 negroes are the perpetrators. The day after the murder was committed these 2 negroes passed through this place in Mr Herd's buggy & driving Mr Herd's mules. I am informed

These Negroes spent some 30 or 40¢ for Bats & left
immediately for Good River, W. J. Burke

Sir

I have the honor to report that on yesterday the 21st inst about eleven o'clock A.M. as I was returning from Fort Smith, I discovered the bodies of three persons partially consumed by fire (about thirty five miles distant from this place) ^{near} on the road side and on informing Mr Wall and others in the neighborhood they stated that they had heard a light wagon passing this way in the middle of the night traveling very fast and upon consulting with them they advised to push forward and report the circumstances to you. I did so and on enquiring at Mr Herberts store I learned that two Negroes had stopped at the store and made purchases of Boots and dry goods to the amount of thirty or thirty five dollars. They then started towards Texas saying that they would encamp at Nails Mills that night Messrs Herbert & Jones remarked that their mules

were very tired when they were here. Allowing
for the time it would take to travel from the
place where the bodies were found say they started
at one or two o'clock in the morning they would have
time to reach here about the time that those
Negroes did. Another circumstance which
is very suspicious the fact of their having made
purchases of food at this place when if they
had money at Fort Smith they could have got
nearly half the prices.

The Negroes took a left hand Road thereby evading the
Sergeants pursuit. The friends of the murdered is after the

B. 97. Sept 11 1866

Nashville, Tenn., Jan. 9th 1866.

Brig. Gen., W. D. Whipple.

Dr Sir

J. A. Burrow } I would beg leave to
of Circuit Court } Report the following
of Newburg, Tenn. }

A Report of a Case in which
William Herman, John Tapp, John Williams & William
McClunahan, have sued John Burrow, for
false accusation & imprisonment, for a case tried
& decided by the Military Commission in favor of
said John Burrow, sometime in August or
September 1865, and prosecuted by me in
favor of said John Burrow, without his Order
direction or knowledge.

The facts in the case are these. Sometime in
the latter part of 1865. The Parties above mentioned,
Herman & Co., I will style them, when Rebel
Gen. Hood's Forces came on the north side of the
Tennessee River, they the said Herman & Co., decided
that the Rebels had then permanently taken possess-
ion of the Country & that there was their most
auspicious time for confiscating & appropriating
to their Personal benefit the Property of all
Union Men and as my Father the said John
Burrow, was one of the few they styled
Union Men & Tories, they harnessed up their
Teams in Wagons &c. took their Sons & others, (armed)
drove up to the said John Burrow's premises and did
then & there load into Wagons and take to their individual

Residences Porkhogs, Bacon, Corn, Oats, Wheat,
Flour, and Molasses &c &c, the Property of the said
John Burrow, by force and with^{to} Consent or
Compensation. And I did so soon as I got
information of the affair, and the Rebels were
driven beyond Tennessee River, go down to
Pulaski, Giles County Tenn, and Report the Case to
the Judge Advocate and Military Commission then
sitting at Pulaski, and the Judge of that Court
did on my said Information issue an Order to
the said Herman & Co. to settle or adjust this
affair with John Burrow or his Agent, or they
would be summarily dealt with by said Court,
but they treated the said Order with Contempt
and refused to make any settlement whatever.
I then Reported their action in the Case to the
said Court, the Judge Advocate then on receive
ing my Return of the Case sent a Scout after them
to bring them to Pulaski to be tried for said
Offences &c, some of the Parties were caught
and brought to Pulaski by said Scout and lodged
in the Guardhouse, others could not be found, fled
from their homes, but afterward took warning
& compromised &c &c. Those that were put in the
Guardhouse concluded they would rather pay up
the charges than to stand a trial and I consent
-ed gave them the opportunity and they did so
settled with Judge Advocate of said Commission.
And now since the Federal Troops have been
removed, and the Rebel Courts have been done

what put into Trial operations, the said Herman
& Co. have sued said John Burrow before one
of these said Courts to be holden at Florence,
in North Alabama Lauderdale County, sometime in
Febr next. I would further state that there
was nothing done or any action taken in
the whole proceedings that I took in the Case
but what I had an Order from the Military
for doing, the Prosecution was entirely Military.
My Father the said John Burrow had nothing
to do in the whole proceedings in the affair.
I prosecuted the entire Case individually
under Military Order and Authority & C, and
I and the Military must be Responsible and not
the said John Burrow, who had nothing to do
in the entire Case & its prosecution & C.
I would therefore most earnestly, ask,
pray, and beseech the Military Authorities
Commanding this Department that they would
immediately order the Judge of said Court
before which the said Herman & Co. have sued
the said John Burrow, which is to be held at
Florence, Lauderdale County North Alabama, some
time in Febr next, to be ~~immediately~~ dismissed
and released. the said John Burrow, from said
Suit against him and all Courts be forbid
interfering or trying or having any jurisdiction
in said Case.

Yours most Obedient Servant, & C.

A 33 Vol 2 Va 1866

Washington, D.C., Oct. 11, 65.

My Dear General,

Capt. John Clark, who will show you this, established the New Regime newspaper by my order, to publish the Annual Orders of the Dept, there being no paper published then therein. I took for that purpose the debris of two printing offices that had been suspended by order of Edgell Dix, six months before I came into the Dept, and were then in use by the 2d Master for printing orders and blanks. This business I transferred, together with the presses & type, to Messrs. Clark & Brown.

The former owner of these presses is prosecuting them quitterly by a writ in the courts. It is prosecution, because they did nothing at all in the premises except under my orders, & for the promotion of the public service. I think this case comes within your order preventing relations such.

If then acting under military
orders are to be used, you will
hardly get obeyed.

Will you give
a moment's attention to this &
see if you can afford relief.
and oblige

General:

I enclose you herewith the letter of Col. Thomas which accompanies the petition of Mrs. Smith in regard to her cotton -

As a personal favor to myself I request that you read it and if possible aid the petitioner if in your opinion she has merit - I ask this as personal grounds to myself because whatever may be the result we have no fear in prospect - My only desire in which I doubt not you fully join is to see these cotton things that are tampering the good name of the Government, brought to justice

Very respectfully Truly

Maj. Genl. S. I. Reynolds

Washington Artiz.

Feb 7 8th 1866

Hon A. H. Garland, Little Rock

My dear friend

A few days ago I sent you a petition of Mrs H. W. Smith (by the hands of Col White, Sec. of State) to be by you presented to Genl Reynolds.

At the time Col White was in great haste and I was not able therefor to write to you fully and satisfactorily in regard to the subject matter of the petition.

The Petition, however, pretty much in every particular explaining itself.

The facts are these - Without ~~any~~ ~~the~~ ~~you~~ or shadow of reason something more than one month ago the new Cotton Agent at this place seized from

He told another witness that he knew nothing about the cotton at all - that he never knew of it or any portion of it ever having been sold, subscribed or in any way disposed of to any one. He told yet another that he had given some kind of an affidavit to this agent, but that it was only after he had been looked up and carried into his office and requested by said agent to give such an affidavit and intimated that he had done what he did through some former judge.

After their seizure they made in this extraordinary manner a ~~petition~~ was presented by Mrs Smith to the Hon. Pearl Comdr. or at this place requesting of him an investigation and if

4

such investigation established the fact that the Cotton was her own & had never been disposed of, requesting him to have the Military Guards removed and her Cotton restored to her.

The day suggested by the Agent himself was appointed for the investigation & upon the arrival of that day he (the Agent) was not prepared to go to trial and procured another continuance promising them to be ready & upon the arrival of that day he procured still another and a longer continuance of about two weeks, declaring to witness that very certainly he prepared to go to trial. He was

informed by Maj. Pearl that he could not dally in this way and could not obtain another continuance after this one.

Upon the arrival of this last appointed day the Cotton Agent failed to make his appearance and suffered the case to go by default - even after all the time & indulgence extended to him. Mrs. Smith was present with her witnesses and had been upon every previous occasion ready and anxious to go to trial.

Upon the failure of the Cotton Agent to make his appearance upon this last occasion several affidavits in behalf of Mrs. Smith's right to the Cotton were read to Maj. Pearl

whereupon he issued an order directing the guards to be withdrawn and permitting Mrs Smith to resume possession of her estate, strictly her own, which had been so unjustly and unscrupulously taken and detained from her.

Against the affidavit of this one man (and it is only a supposition after all that this agent had any affidavit at all, as he never exhibited any upon trial) who if he gave any affidavit can be proved to have acted from corrupt & sinister motives - and who gave several different and contradictory statements - Against this I say - Mrs Smith had present at least one dozen witnesses of

The greatest probity and respectability who were able and ready to prove beyond any shadow of doubt that the Cotton was private Cotton (the property of Mrs Smith & her children) - and had never in any way been sold, embarked or disposed of to any agent, person or party whatever. Among her material witnesses were Dr W. Hart, Judge A. H. Canizer, Hon. A. B. Williams, W. D. Green Esq., J. N. Gration, Wm. B. Edwards (near Fulton) Judge Witter, Mrs. Sarah E. Williams & others. It is needless for me to tell you who these witnesses are or what their character.

Mrs Smith you know well -

8
you know that she is a widow
lady with a large and depen-
dent family of children - that
she has been left almost pen-
niless by late circumstances (in
fact after payment of all the
debts of her Estate she will be
penniless) - and she relies
upon these few Bales of Cotton
for food & clothing for her-
self & children. Take this away
& she will be dead.

Two sets of Cotton Agents
have been in this County
before ^{this present agent} - they have exercised un-
ceasing vigilance & research, yet
never before set up any claim
or shadow of pretended claim
to this Cotton of Mrs. Smith.
They were fully satisfied that
it was her own private property

9

Yet this present Agent (Dr. E. Bourne) without any witness or authority whatever or if any upon the malicious & false representation of a malignant & unprincipled person who has sullied himself by several contradictory statements, has seized and taken this Cotton (The only resource of a widow lady with a large family) from her place and from her possession ~~and~~ after repeated failure to appear at times appointed for investigation, and after virtually surrendering all claim to the same by failing & neglecting to appear upon the last appointed day, and after Maj. Pearl has issued an order withdrawing the

Grant & permitting Mrs Smith
 again to resume possession of
 what was so justly and
 rightfully her own - now this
 Cotton Agent, this King or
 Lazar, sends Mrs Smith a
 written notice warning her not
 to touch or in any way inter-
 fere with that Cotton and
 threatening her if she does so
 that it will be at her own
 great peril. This in the face of
 all that is stated above, in
 the face of all the time and
 opportunities that were given
 him ^{for an} ~~upon~~ investigation, in
 the face of Maj: Peary's order
 in the face of justice and
 right and in the face of
 common humanity and com-
 mon decency. Can such
 things be and not excite our

wonder?" Will General Reynolds
 permit such atrocious conduct
 3. We do not believe it. We
 believe General Reynolds' mission
 is and his desire likewise to
 protect and benefit the people &
 not see them thus wantonly &
 cruelly wronged.

To tell you the truth such
 conduct, such outrageous con-
 duct as has been recently
 practiced upon our people
 in this portion of our State
 by these Cotton Agents (in many
 instances without Commission,
 appointment or ^{proper} authority of
 any kind) is without any
 parallel. Such power as
 they wield is perfectly auto-
 cratic. And yet unless General
 Reynolds will interfere for them
 our people are hopeless of any

12

Change or relief - They have no
where else to appeal.

Without any evidence or shadow
of evidence, or upon the testimony
of some unknown ^{person} (for their Agent
will not reveal the name of
any witness he may have) -
unprincipled, often, corrupt,
malignant, & interested, the
property of citizens, of windows
& children, ~~is~~ taken from them
by these other agents, and unless
they bribe the same, they never get
back their private property, things
seized & taken from them, without
evidence or upon evidence of some
party or person never known to
them. ~~How can they~~ What are
they to do in such case? They
are completely in the dark. The
civil authorities are forbidden to
interfere. They say the Orders of
the Military have no control over

(the citizens)

Them or their actions. They do not know who it is that makes the false charge. They often do not know what indeed the testimony is - and how are they to meet it, how refute it? And if they succeed in doing this fully & clearly before the Military Commander should obtain his order for its release - There some agents forbid their touching or talking it & tell them that the Military orders amount to nothing. They are thus left helpless & hopeless - without any possibility of redress or power of appeal.

Talk about the Star-Chamber proceedings, history records nothing to equal this.

God grant - that something be done & that speedily - ere the Country and its Citizens are

completely & irretrievably ruined by
such unjust, unrighteous, arbitrary
& unheeded proceedings.

This case of Mrs Smith is a
good one to bring to the notice
of Lord Reynolds - as it shows
up their conduct completely.

You are acquainted well with
Mrs Smith & all of her friends &
family. As an act of justice
not to say friendship to her &
them please present this case
in its proper light to Lord Rey-
nolds & get his advice in the
case if you can & transmit

The same or a copy of it directly
to William & Thomas. Do this
& it will add another to the many
obligations & kindnesses that bind them
all to you warmly as friends, as
well as most truly

To Major General J. Reynolds Commanding
Department of Arkansas.

Sir

Your Petitioner Nancy P. Smith would respectfully state that she is the Widow of O. W. Smith deceased and that she with her children are the heirs of the estate of said O. W. Smith dead and in her capacity as the natural guardian and protector of said children as well as in her own right would respectfully submit the following statement with reference to the actions of the Assistant Special Agent of the Treasury Department at Washington Arkansas in relation to a lot of Cotton of Sereniteen (17) Bales which is the property of the estate of said O. W. Smith deceased.

Your Petitioner would state that on or about the 10th day of January A. D. 1866. E. Bourne Assistant Special Agent of the Treasury Department at Washington Arkansas did seize and take possession of said lot of Cotton of Sereniteen Bales then on the plantation of the estate of said O. W. Smith dead, and placed a guard over the same claiming said Cotton as sequestered property whereupon your Petitioner by her Attorneys petitioned Major Lewis W. Pearl Commanding the Post at Washington Ark. asking him to investigate the claim of the government to said lot of Cotton; your Petitioner through her Attorneys as well as E. Bourne Agent as aforesaid were notified that said investigation would be had before Major Pearl Commanding as aforesaid on Thursday the 18th day of January A. D. 1866, at which time at the special request of E. Bourne Agent as aforesaid the investigation was postponed until Saturday the 27th day of January A. D. 1866. At which time the investigation was a second time postponed at the special instance and request of said E. Bourne Agent as aforesaid until Saturday the 3rd day of Feb 1866.

at which last said time said E. Bourne agent as aforesaid failed either in person or by Attorney to appear whereupon the said Major Lewis W. Pearl Commanding as aforesaid received the testimony that was there adduced on the part of your Petitioner and thereupon issued an order of which the following is a copy viz:

"Head Quarters Post of Washington and Dependence

Washington Ark July 3rd 1866

Response

You will exercise no further control or jurisdiction over the Smith Cotton now under your special guard and control at Fulton.

Your Petitioner would further represent and show that after your Petitioner had asked that the claim of the government be investigated and before the publication of the foregoing order the said lot of Cotton being under guard was removed from the plantation of the estate of said O. Smith dead to the town of Fulton on Red River being a distance of about five miles. Your Petitioner is advised and believes that said Cotton was moved in pursuance of the orders of E. Bourne agent as aforesaid. Your Petitioner would further represent and show that on the morning of the 5th of July A.D. 1866 she was served with a notice of which the following is a copy viz -

"Office Capt. Spl. Capt. Sig. Dept.
Washington Ark July 5th 1866.

Mrs. H. W. Smith

You are hereby notified to not remove or in any way interfere with the (17) Seventeen Bales of Cotton recently removed from your plantation. The said Cotton being held by the United States Government as sequestered property.

Respectfully
Signed E. Bourne
Asst. Spl. Capt. Sig. Dept.

Your Petitioner would further represent and show that the said lot of Cotton has been taken out of the possession and from under the control of your Petitioner and is five miles distant from the plantation where she could control and protect it and has been thus placed in the possession of parties that your Petitioner believes are unwilling to allow her to exercise any of the rights of ownership over it.

Your Petitioner would further represent and show that she has been and still is willing and able at all times on reasonable notice to prove that said Cotton was grown by her late husband W. Smith on his plantation and that he never did in his lifetime nor anyone for him since his death, sell, give, or in any way part with his right to the said lot of Cotton either to the so-called Confederate States Government or any other person.

Your Petitioner would further represent that she had caused diligent search to be made, and the Cotton lists of the so-called Confederate States Government to be examined, and she is advised and believes there is no evidence contained in them, that the said W. Smith in his lifetime or anyone for him since his death ever did subscribe a Bale of Cotton to the so-called Confederate States Government in any way whatever.

Your Petitioner is advised and believes that it is not the intention or desire of the Government to take private Cotton and least of all where as in this case it is the only available means for the support and maintenance of a widow and a large number of dependent children. Wherefore,

Your Petitioner asks that she be again placed in possession of said Cotton, and be allowed to control and dispose of the same in conformity with the laws of this State and the laws and regulations of the Treasury Department and for such other relief as in your judgment may seem meet and proper.

I have the honor to forward the enclosed communication of Mr. J. A. Bremer regarding a ^{claim} ~~case~~ between ^{him} and Mr. Geo. L. French, of this place. On taking command of this District I found that, in the absence of civil law, Gen. Cook had taken cognizance of cases when they were made to appear that parties intended to swindle or defraud, by appointing an officer to investigate the cases and give a decision in the matter. Several cases of that nature have been referred to me, been investigated and settled in the same manner.

On the 29th ultimo, Mr. Geo. L. French represented to me that one J. A. Bremer had contracted a bill of between nine and ten hundred dollars, at his store about nine months ago, that he had once promised to pay a part of it, but had failed to do so, and for some time past has kept out of his sight, stopped trading at his store, and had brought the produce of his farm into town and sold it, had also made arrangements to move away

from this vicinity, that he had reason to believe that he (Bremner) intended to swindle him out of the money due him, and requested that ~~the~~ sum of money amounting to five hundred and seventy five dollars, in the hands of Mr. Keith a Merchant of this place, and belonging to Bremner, should be stopped in his (Keith) hands until an investigation could be made.

Our order was sent from these Headquarters for Mr. Keith to hold this money until the case was investigated, also to Mr. Bremner and French to appear and answer the charge of Geo. L. French. Mr. Bremner and Mr. French met, but could not come to a settlement. A day was appointed for an investigation, and each party was directed to appoint a referee, who in connection with Capt. Pembrough Aft Insp. Gen., whom I appointed, were to decide the case. At the time appointed Mr. Bremner declined to appoint a referee, and the case was investigated and decided by Capt. Pembrough, that the money in the hands of Mr. Keith, belonging to said Bremner should be paid over to Mr. French, he French giving bonds, of which the enclosed (marked A.) is a copy.

The statements of Mr. Bremner, that the investigation, was made in his absence is false, Mr. Bremner was present in person when the investigation

and decision was made.

It is believed that this is a clear case of intention to swindle Mr. French out of the amount due him, or it would not have been noticed at their Headquarters.

I trust my action in the premises will meet the approval of the Commanding General

Very Respectfully

Your Obedt. Servt.

General

On the 29th Ult. I sold to Mr Keith a merchant of this place a lot of rice amounting to 575 dollars and delivered the rice to him on the following day.

On presenting my account for payment I was informed that he had received orders from Brig^{ad} General Coff not to pay me, and I was notified to appear before the General to answer a charge preferred against me by a Mr French, in obedience to this order I called upon the General forthwith and was informed that my rice was seized in consequence of a claim Mr French had against me, and the next day was appointed for a hearing of the case.

At the hour ^{Sundays to be} appointed I again repaired to the General's head quarters and was informed that the case had been decided, and the proceeds of my rice turned over to Mr French. I protested against the decision being made in my absence and asked until the 20th instant for the purpose of defending the suit properly. My request was agreed to but, on the following day I received orders to report again at 12 o'clock - I did so, and was

informing that Capt Rambough (appointed by the General) and Mr Topham (appointed by Mr French) and a man to be selected by myself would decide the matter.

I objected to this arrangement on the following grounds which I earnestly respectfully submit for your consideration.

- 1st It gave me no opportunity to obtain a witness.
- 2nd That the Court (if it could be called such) had already come to a decision in the matter Capt Rambough (the General's appointee) having been a party to the previous decision and Mr Topham (Mr French's appointee) being connected in business with Mr French.
- 3rd That I do not acknowledge the entire justice of Mr French's claim (and he was not required to make oath upon it) and that an immediate and summary decision would be unjust to my other creditors whose claims I do not dispute.
- 4th That there was no necessity of placing this matter in the hands of the military authorities as I was prepared to prove that I had no intention to leave the State - and finally - That the Executive had recognized the Civil authorities of the State and that this, being purely a civil case.

3

in which the Government is in no way
concerned the Military authorities have
no jurisdiction in the matter

I respectfully ask that the
finding of the above mentioned court
be rescinded and that General Coff be
directed to cause Mr French immediately
to hand me the proceeds of the rice.

and whereas about five Hundred and sixty Dollars

Sir:-

I have the honor to report to you the following account of the murder of Andrew Wilson and the measures taken to arrest the guilty parties.

Constant complaint being made to me by law-abiding citizens of my district of outrages committed by one Frank Cooley and others residing near Pikeville in this county, I determined to use all the means in my power to protect the people and bring the outlaws to justice. Accordingly, there being only light soldiers stationed here, I ~~detained~~^{had} two men ^{recruited} to make the arrest of Cooley. They needed a guide, - and one Andrew Wilson presenting himself to me as being perfectly acquainted with the country to be visited and the party to be arrested, I secured his services as a guide to the soldiers. On the evening of the 23^d Jan'y. they pro-

ceeded on their errand. The same night I went to Wilson to hold my court the next day.

On returning on the evening of the 24th I learned the particulars of Wilson's death and found the people of the town in a state of great agitation. My servants reported to me of an attempt being made to break into my office and store room. During the next day my office was crowded most of ^{the} time by citizens, - mostly loyal whites, - with stories of plots to burn and plunder. To make sure that there was cause to fear I put some of these people on their oaths as to the truth of the stories.

I now the evidence taken by me in the matter - Andrew Wilson came to his death in the following manner: - He and the two soldiers detailed, proceeded to Bodley's father's house and demanded an admittance. It was refused them by the lady occupants and they were told that

there was no male person in the house. The soldiers then forced their way in and on searching found a young man named Peacock. Wilson identified him as one of the party complained of. He was arrested and while walking along the road he turned on Wilson and tried to wrest his gun from him, but failing in this took an old saw. He was ordered to halt, three times, but not obeying was shot at and slightly wounded. Wilson and the soldiers knew, from information received, that a party of the outlaws were in a neighboring swamp, and that it was impossible for them to contend with such numbers. Consequently they returned. When Wilson arrived just at the end of the town he was overtaken by a party of horsemen, thirty in number, and shot dead by some of their party. On killing him (Wilson) they gave a yell and returned to their haunts. The soldiers who accom

panicked Wilson swore that they were shot
at several times from houses in Goldsboro.

I thought this killing of Wilson
a price of open defiance to the United States
authority and if overlooked by me,
as agent of the Bureau, it would give them
reason to think that I was invested with no
power to check them and they could continue to do
as they pleased. Accordingly, I telegraphed matters
to Hq. Cars, and asked for aid. The next morning
Company soldiers arrived here from Raleigh under the ^{im-}mediate
command of Colonel Campbell A.A. Genl.
It was light o'clock before the soldiers arrived and
being in a trap it was necessary to mount them.
Orders were given to seize all the horses they could
find in the town. Enough horses were obtained to mount
half of the party. It was well on to noon before they got
started. It was evening before they returned and Col
Campbell reported to me that he with his men had vis-
ited the whole country where the accused party resided and
committed their depredations, - and that they were unable
to find but one man in the whole neighborhood. This
one man was a Dr. Stone. He was turned over to me. There
being no evidence against him I released him on his
parole. Friends of the parties in this town had preceded the sol-
diers and given the alarm. I concluded it was impossible to
arrest the parties just now and got Col. Campbell to detail a few
more soldiers to this post. Since the above ^{above} ^{place} ^{matters} have been
comparatively quiet excepting the killing ^{of} Mr. Kelham Perkins of
this country.

Sir:-

I have the honor to report that the efficient discharge of the duties of this office, as far, at least, as criminal offenders are concerned, has been an impossibility; - owing to the total absence of military forces to bring such persons to justice. If the freedmen are to be protected in the enjoyment of their human rights and liberties, - it is absolutely necessary that persons who transgress and outrage these rights should be brought, at once, for trial, as otherwise they will be encouraged in the pursuit of their sinister purposes.

For the sake of humanity and justice the following cases ought to have been brought to a close long ago, but they are still pending, - the parties not appearing when summoned and no military being on hand to make the arrests: -

1st Frank Cooley - Wayne Co. - Accused of robberies on various occasions, - murder, rape & arson, An arrest has been attempted but failed. Is still at large robbing etc. as before.

Albert Bowers - Wayne - Shooting a freedman - Still at large.

Dr. Hicks - Sampson - Putting a freedman in his buggy driving him in harness eleven miles for leaving plantation. Still at large.

Burtis Thompson - Sampson - Attempted to shoot several freedmen who were going to leave his plantation. - Still at large.

Powell Cogdell - Wayne -

Joe Keath - } Lenoir Co

John Jackson }

Henry Cox }

W. Bridges (member Co. police) } Wayne Co

Ben Williams }

organized band of robbers infesting this and adjoining counties. Still at large.

Jackson Grant - Wayne - Murder - Still at large

John Hadley - Wilson - Shooting three freedmen - Still at large.

Joseph Sutton } Accused of systematic robberies, stealing mules and
Benj. Sutton } everything they can get. Still at large.

As these parties are all mounted and live, in many cases, a great distance from these Hon. Gens. I would respectfully suggest that either some Cavalry or mounted Infantry be sent here and retained to make these and other arrests as occasion may require. Without some military to secure protection, the ends of justice will be defeated, continually, and the life of the officer of the Bureau kept in constant jeopardy.

Major Genl John M. Palmer

Genl Presuming on your magna-
nimity, and high sense of justice, I address
you personally in behalf of three young men, citi-
zens of my County (Franklinburg) who were, on or
about the 8th day of September 1865 - sentenced by a mil-
itary Commission, convened by your order, to three (3)
years hard labor in the Penitentiary of this State

Now Genl I do most respectfully, but earnestly
ask you to order their release at this time; not
because the evidence heard in their case was not
sufficient to convict them; not because I would
not have all misdemeanors properly punished;
but upon the high grounds of consideration
for men who have withstood the obloquy of rebel
taunts, scoffs and rebel bullets, and yet stand
firm and true to the Genl Government. These
young men may have done wrong, - no doubt
did, yet their accusers are notorious rebels

and have been from the beginning. I know
these young men and know them to be true
as steel, having served with them in the service
of my Country. Then in view of these facts
and in consideration of the fact, that the
dominant party in this State are moving
heaven and earth - perhaps I should say hell
instead of heaven - to place a premium
on treason and a ban of infamy on patri-
otism; and are having released many
of those who have guilty of treasonable
practices; and honestly believing that the
punishment of these boys, has already
been commensurate with their crimes

I do most respectfully make this appeal in
their behalf, and in behalf of our common
friends -

If you wish, Gent, to know who and what
I am, I respectfully refer you to the Messrs
Weir or any other citizen of Mucklowburg County
any of whom will be pleased to inform you
of my standing; also to my votes and action
in the present Legislature. And if you will

Excuse the seeming egotism I will state
that in the fall of 1864 I took it upon myself
to meet the obloquy of rebels and rebel sym-
pathizers of my locality, and canvass the same
in favor of our late, and lamented presi-
dent, Abraham Lincoln - On last August
was elected on the proposition of Universal
freedom, and every vote given by me in
the present, abominable legislature is in
perfect accordance with my canvass.

The names of the young men in whose
behalf I presume to address you are as
follows viz; Ira Stewart, W. H. Bruce
and Robt. Johnson

Craving your forbearance, and hoping to
~~soon~~ be able to present your order for the release
of persons named, to the Keeper of our peniten-
tiary

Dear Sir

On July 7th 1866, a colored man, brother
at a living stable in Danville Boyle Co. reported to me
that a man answering to the description of James Poor
found his revolver at home because his horse had not
been licensed to suit him. On the following day W. P.
Punford, a citizen of Boyle Co. reported to me that James
Poor had shot and killed a colored man in his employ
on his farm in Boyle Co. The deputy Sheriff of Mercer
Co. without a warrant arrested said Poor who is a citizen
of Garrard Co. and took him to Harrodsburg Ky. By the
solicitations of Mr. Punford and several other citizens
I took charge of Poor, and after a preliminary examination
forwarded him to Camp Nelson accompanied
with charges and specifications. Said Poor at the time
of the occurrence was in company with two of his
brothers in law who doubtless committed it and instigated
the murder viz: Jo. Guad and Daniel Harrod Guad.
Besides the statement of Alfred James (col) herewith trans-
mitted, there is circumstantial evidence of the killing, by
several persons who heard the report of the pistol, and
went to the spot and saw the dead man a few minutes
after the occurrence viz: ()

2
McMartin Wallace
James Wallace
W. B. Sanford

Poor acknowledged to McMartin and James
Deputy Sheriff of Mercer Co. that "he had killed a
damn nigger just back here" I think all the ones
who were in company with Poor on the day of this
murder should be arrested and would arrest them if
I thought I would be sustained.

McMartin who caused Alfred
James (Cal) states that his character is irreproachable
and that the murdered man was always respectful
and obedient, and that he did not believe that he had ever
given a white man a cause word in his life.

Deputy James (Cal) states that on Feb. 1st 1866
he was building a fence on the farm of W. B. Sanford
in Pay & Co. Ky. on the roadside and in the evening
with Peter Sanford a colored man, when three men on
horseback rode opposite to where they were at work
one of them he recognized as James Poor who was ri-
ding in the middle, when said Poor checked his horse
long enough for the man on his right to get out of his way.

and fired his Pistol at Peter Runford (Jr) shooting him
 through the head and killing him instantly. He would were
 protected or spoken by any one, and on conversation from
 the three men came on together. I went to the house
 of Mr Runford 5 or 6 or yards distant and reported
 what had occurred.

As Prof. Maj. Chandler's note states that Lt. Macary has received no instructions, from Dept. W. D. L. for the Civil Authorities, to adjudicate this matter, and as I understand par'y. Cir 5th Mar. Captain

In obedience to orders from your Head Quarters, I have the honor to report relative to the Case of the "Freedmen" arrested at Morehead City N.C. on the 20th Inst. by orders of Mr. Murdock Mayor of that City. On the 21st I received a letter from Prot. Maj. Geo. W. Chandler, C.S. (a copy of which please find enclosed) informing me that a Colored man was arrested by the Mayor. I went to Morehead City to ascertain if the Case required the intervention of the Bureau. When I arrived there I went to the Station house, and found two "Freedmen" in confinement charged with rioting. I saw Mr. Murdock (Mayor) and inquired of him if he would accept Negro testimony in his Court. He informed me he could not, as according to the law of N.C. negro testimony was not admissible. I then informed him (Mayor) that he could not try these men, and furnished him with a copy of Par. 7th Circular No. 5, dated War Dept. Bu. of R. F. & A. L. Washington D.C. May 30th 1865. Which I understand

over

defines the jurisdiction of such Cases.

As far as I can understand the origin of the Cases is as follows. On Saturday evening 20th Inst. one of the accused Henry Clay was with an other "Freedomer" standing on the Rail Road at Washed City when two Sailors and a Citizen went in the direction of where the "Freedomers" were standing, one of the Sailors struck Clay, both the Sailor and Clay being drunk. The Sailors went off, and Clay remained cursing, being excited by the unprovoked blow he received. The Mayor remonstrated with him, afterwards went to arrest him when he, Clay, exhibited a revolver and then ran away, afterwards he was arrested by the Military near his quarters, there were some 12. or 15 "Freedomers" present but made no assistance. The other accused Freedomer Starks Lilly was not in the affair, as far as I can learn. He loaned his musket to a colored man, and was bringing it home when arrested.

Bot. Maj. Chandler C. a few days after required all his men (Col) to give up their pistols, and found but two, or three, amongst them.

When I went to investigate the affair I was informed by 1st Lieut Harlow E. Macary 28th Regt. Mich Vols. Genly post, that he received a telegram from Dept. W. D. directing that the prisoners be permitted, to remain in the hands of the Civil Authorities, until his reports on the Case.

Very respectfully

Your Obedt. Servt.

Mr. John E. Callaway

Dear Worth: Sir I have
examined the papers referred to you by the
order of His Excellency regarding the Status
of Freedmen by the Court of North Carolina
before the Mayor's Court with reference to
testimony and punishment when they are
accused of heathen of the peace &c!

The Mayor's Court can go no further than
bind the offender over to the Courts either
County or Superior, where he can have a
Trial by jury.

I refer you to the Declaration of Rights Sec
8 which is as follows "No freeman shall be
put to answer any criminal charge, but by
indictment, presentment or impeachment."

You will find by looking through the Dec-
laration of Rights, which is a part of the Constitution,
and the Constitution itself that all freemen are
put upon the same footing in Courts of Justice
so far as their rights of person and property
are concerned,

No discrimination is made therein against
the free negro except in clause 3. Sec 3. of the
amended Constitution is reference to Suffrage

After conviction, the Revised Code prescribes
the punishment for free negroes and in some
cases it differs from that inflicted
upon white men see Chap 107 Sections 745-
6 & 7.

Where a defendant is the defendant, it makes
no difference against whom the offense is
alleged to have been committed, he is entitled
to the evidence of persons of all color, whether
Negro, Indian, or a person of mixed blood see
Revised Code Chap 107 Sec 700.

I am with great respect

To Major General Rieger

The petition of George T. Polk respectfully represents, that he is a citizen of the State of New York, - came to the City of New Bern in November 1864 for the purpose of wrecking the Gunboat Underwriter sunk near Fort Anderson by the Rebels in 1864; that the said Underwriter was purchased from the Secretary of the Navy by O. H. Booth, a citizen of the State of New York, for the sum of five thousand dollars (\$5000); that the said Secretary, after the sale of said, delivered instructions to the Naval Commander of these waters to the effect that he should grant every facility, protection and assistance to the said O. H. Booth to effectuate the raising of said Gunboat. He further represents that the papers, etc, pertaining to the sale of said boat, are now in the possession of said O. H. Booth, who is absent in the State of New York, and he is therefore unable to produce them; - and that the said O. H. Booth employed your petitioner to perform the work of wrecking the Gunboat

as aforesaid, and cause the same to be
conveyed to the State of New York
as soon as possible that he has been
thus engaged for sixteen months, and
that he is now ready to ship the boiler
tools, etc. of said boat, but is prevented from
so doing by reason of an Attachment
levied on said boiler to recover the
sum of \$5-81 for the use and occupation
of the Dock for the purposes aforesaid
from the 3rd day of November A. D. 1865
to the date of the Attachment - it being
at the rate of \$7 per day - that Alexander
Justice is acting as Attorney in fact and
in law for the said claimant, and who
has caused said attachment to be impr-
essed Your petitioner therefore prays
the Colonel, in view of the protection and
assistance promised by the Authority of
the United States, to cause the restrictions
aforesaid to be removed, and if rent be adjud-
ged to be due to said claimant for the
use of said Dock, that said claimant
be required to accept a reasonable rent
your said petitioner having tender-
ed him at the rate of \$50 per month
for the use of the same, which sum the
said claimant declines to accept -

Sir

Your communication of 13th ^{at 12} came to hand today & I hasten to reply. Mr Benjamin Holden lived in this county and raised the horse from a colt as he proved by three as respectable witnesses as there are in Franklin or Wake counties, men of undoubted veracity who swore that he was raised by him and owned up to May last at which time he was stolen. Mr Holden says moreover he can prove it by one hundred witnesses. You wished to know upon what authority I acted, I will answer as Magistrate appointed by Gov. Holden, and as Lt of Local Police of Franklin Co. Mr Hutchinson bases his claim of the horse on the very doubtful ownership of purchasing him from a Businessman. As to his family being insulted I know ^{it} to be false as I was present during the whole proceeding, I would not have allowed any such a thing.

General :-

I herewith transmit a copy of a communication from Esq. Bragg, atto. of W. H. Cunningham of this city, in regard to a writ commenced in which said Cunningham is plaintiff and Randall & Bowen defendants.

I respectfully request that you reconsider the grounds the grounds on which you ask your mandate to the Sheriff. I infer from the terms of your order that it rests on the assertion, not verified by affidavit, made by the Defor. Randall, that he is not in any way indebted to the plaintiff except so far as the case is covered by a writ now pending in the Civil Courts and the fact that there is no judge now here before whom Mr. Cunningham can be summoned to show cause why the writ was issued. Any of the other judges of the Superior or Supreme Courts has power to issue a writ of Injunction in Mr. Randall's behalf as well as the judge resident in this city. Three others reside at no great distance from the city.

I regard the principle involved to be a very grave one - but make no comment on it, being confident that, upon reconsideration, you will revoke your order.

Yours Very Respectfully,
Jonathan Worth

(Copy)

Raleigh, February 15th 1866

To

His Excellency,
Jonathan Worth,
Governor of No. Carolina
Sir

On the 13th instant, as the Attorney of W. H. Cunningham of Raleigh, I caused to be issued to the Superior Court of Law of Wake County, two writs: one against Wesley W. Bowen & Levenell G. Randall, two northern men, upon a sealed note executed by them to Mr. Cunningham, upon which a claimer is claimed of one thousand dollars - the other against said Randall alone, for damages for the non return of furniture leased together with the Exchange Hotel by plaintiff to said Randall & Bowen until the end of the year 1865 - The note referred to, was given for the rent of the said Hotel & furniture.

It is proper for me to say that, I believe both claims to be justly due, or I would not have instituted the writs. Mr. Bowen, my client was informed, had left the State, and he was also informed that Mr. Randall was packing up the goods which he & Bowen had in a store in Raleigh with a view of leaving this place, and perhaps the State. On the next day the Sheriff informed me that, under the writs, he had arrested Mr. Randall and required bail of him, in accordance with the laws of this State, when a written order from Genl Roper was served upon him, a copy of which is herewith enclosed, and that he had in obedience thereto discharged Mr. Randall.

As to the writ which the order says was pending, I desire to say, in the first place, that it does not set up any claim for the failure to return the furniture

for which the action was lately brought, nor had either of the parties been held to bail for or on account of the said furniture. It is a claim independent of the rent, and is not covered in any way by the other proceeding. - As to the rent for which the Hotel was given, it is proper for me to say, that a bill was filed by the plaintiff against both defendants, under the ordinance of the State Convention conferring partial power upon the provisional judges for the protection of property, and in that proceeding the defendants were required by Judge Fowle to give bail simply - but he did not think that he had power under the ordinance to make any decree for the alleged debt or to decide whether there was anything due or not. - According to the well settled law of this State, under a decision of the Supreme Court, I am entirely satisfied that there is nothing to forbid Mr. Cunningham from prosecuting a suit at law for the same demand -

Genl. Ruger too is mistaken, as I gather from the order, in supposing that, the judge residing here, and who is temporarily absent, is the only one who can take cognizance of the matter and discharge a person from illegal arrest - Any Judge in the State can grant relief in such cases on application, and I cannot see therefore the propriety of an interference by the military authority, especially upon an ex parte statement of one of the parties.

It is proper for me to say also, that in November last, when Bowen and Randall had refused to either pay the rent alleged to be due, or to surrender the Hotel to Cunningham, as provided in the lease, I applied to Genl. Ruger for relief, as we had no civil law or courts to administer it, and was told by him

that he declined to interfere in any cases of contract, having nothing to do with such matters.

The President having withdrawn the Provisional Government and, in the language of his order, "restored" the constitutional authorities of the State to their proper functions, I had supposed that all questions of the kind for the future, would be left to the decision of the judicial authorities.

I have deemed it proper under the circumstances to lay these matters before your Excellency, with the hope that you will call Genl. Ringer's attention to them, and that upon further consideration, he will cause his order of the 13th to be revoked and have Mr. Randall remanded to the custody of the Sheriff, when he will be able fully to assert his rights, whatever they may be, before the judicial tribunals of the State, which are open to him as well as to all other citizens of the State.

I have the honor to be,
 Your Excellency's Obedt. Servt.,
 Thos. Bragg.

and stopping proceedings against them.
These cases were the precursors of many
more that were threatened, embracing, in
my opinion, all the real Union men in
the county against whom charges could
be trumped up, and promising a rich har-
vest to such lawyers as Massey, Gen. Keaton,
and the Prosecuting Attorney of this County.
These arrests were made immediately after
the troops left here, and the plan of whole-
sale operations on this line became notorious.
But for the prompt interference of the Government

it would undoubtedly have resulted in crushing what little of loyalty there is here. Seeing this, I commenced investigating these cases, and hearing of G. O. No. 3. H. Spt. Jan'y. 12/66. I went to Washington, and finding that they were plainly covered by it, I telegraphed to Gen. Terry, who ordered me to release the prisoners, and stop proceedings against them. The circumstances of their alleged offenses, as told me by Gen. Mills, and Capt. Windship, who were on duty at Alexandria at the time they occurred, are as follows.

Nearly a year ago a scouting party was sent from Alexandria by Gen. Mills, which was guided to this County by Smoot and Davis, and succeeded in capturing fifteen of Kinlow's guerrillas. At the same time some horses were taken and among others one from W^m A. B. Smith which had been captured from our army, and somehow fallen into his hands. Smith was also taken and sent to the old Capitol on a charge of smuggling. His horse was sold, by permission of the Lieut. in Command of our Scouts, to Cornwell, and the money given to Smoot and Davis to pay them for their services. This coming to the knowledge of Gen. Mills was disapproved, ~~by him~~, and Smoot was compelled to turn his part of the money in to the Government. Davis enlisted and did not turn over his

part. In the mean time Cornwall took the horse
to his home in this county, and some time in June
last, it was taken from him by Smith and his
friends by force. He complained to Gen. Wells and
Capt. Windship in Alexandria, and failing to
get assistance to retake his horse, he went
to the commanding officer at Fairfax who sent
two soldiers with him to Smith's to take the
horse. Resistance was made by Smith, and
one of the soldiers fired upon him, wounding
him in the leg. The horse was thus taken to the
Office at Fairfax, and then to Gen. Wells
who had him turned over to the Government.
This shooting by the soldier was notorious, at the
time, and was told to me here before Cornwall
was arrested for it as an instance of "Jankie"
diabolism. Notwithstanding Smith swore it
out to Cornwall.

A warrant was issued by the Co. Authorities
I was informed by the Sheriff, for the arrest of
Mr. Styles the U. S. tax collector for this district, but
was prevented from being executed by the threatened
interference of the Government.

Enclosed is a letter from the U. S. Marshal
at Alexandria in regard to a case that I do
not know that I am authorized to interfere
with and I refer the matter for instruction

I have the honor to
request instructions as to what action (if any) I should
take in the following case. I was called on today
by William Hagen a citizen of Allegheny County
Pa. who brought me some documents showing that in
February 1864 a horse was stolen from him by Gabriel
Jackson & George Spangler residents of Alle County Pa.
He also brought a request from Brig Genl. Parkers
Camp at Salisbury Pa. requesting the Military authorities
of Alle County to assist this man in recovering his property.
He is desirous to obtain a fieri facias with him to Alle County
and recover the animal or in the event of its having been
disposed of, then some other property to the value thereof.
As the affair occurred so long ago (2 years) and on acct.
of the distance to Alle County I did not think I was justified
in taking any action in the matter; in my opinion it

is a card for the use of the Civil Authorities.

Complaint Debt Amount \$ 107 " 00

This amount is claimed as a balance due to the complainants by the defendant for wood cut on his premises in 1863 and for which they have received no compensation

Plea

In offset to the bill payment rendered as per Books of the date mentioned the books of the defendant was then submitted and trial commenced

William Williams Colored, being duly sworn says - I met Mr Luekey at the Orange and Alexandria Rail Road Depot and made arrangements to go to Edsells Hill to cut wood Philip Slaughter was with me at the time - It was in the month of November 1863 - Mr Luekey was to pay us every two weeks one dollar per cord for chopping the wood Philip Slaughter Richard Slaughter and myself were in partnership in chopping wood - I mean by

2

that, that our wood was to be turned in together and measured and the amounts to be divided equally between us - the wage to be paid in money there was no understanding that we were to take pay out in Commissary stores. We cut one hundred and six and one half ^{10 1/2} cords of the articles as charged to me in the books of Mr. Luckey. I did not receive anything except one acre. I received no borrowed money from his store - I bought my provisions from Mr. Nolan near the tunnel on Wilkes and Fairbanks at Alexandria. Mr. Halleck's party would pass us out on Monday mornings on the train and we would walk in on Saturday evenings - I bought cabbage but once and then I paid for them I do not know the date when I went to Mr. Luckey's farm for settlement. But on arriving I learned that he was in town. Philip Staughton and William Benson was with me. We came back to town and found Mr. Luckey. Mr. Luckey paid me twenty ²⁰ dollars at that time. Mr. Halleck was not with him, he paid me after that time five ⁵ dollars he has not paid me any more - I met him since he paid me the last five ⁵ dollars - he has not paid me any more, and asked him for money he said that Mr. Raymond had not finished paying him but as soon as he did he would pay me all - I never went to his place after any money - nor have I ever asked him for the money since the time last mentioned.

Cross examined

He paid me the five \$, dollars before I asked him
 the last time mentioned this was in the same year
 the wood was cut. Commenced in November and
 finished in December 1863. I saw a book like the
 one exhibited in Court by Mr. Luckey but cannot say
 that it is the identical book kept at Mr. Luckey's
 place - the book was used to keep accounts in
 the accounts were kept by Mr. Halleck. the wood
 was sometimes taken up each week by Mr. Luckey Mr.
 Halleck and Mr. Snowal - the wood was all taken
 up together - I have not seen Mr. Luckey since to ask
 him for the money - I have been in Alexandria all
 the time since - and Mr. Luckey on his farm

Philip Slaughter told, being duly sworn says
 William Williams Richard Slaughter and myself was
 chopping wood together for Mr. Luckey in the fall of
 1863. I was present when the agreement was made
 which was one \$, dollar per cord for chopping and
 a settlement every two weeks - we cut one
 hundred and six and one half cords of wood - we was
 to have eight \$, cents for cutting Rail Road ties and
 twenty \$, cents for splitting. I have forgotten how
 many of these we cut - I might have purchased
 some of the articles charged against me but do
 not remember buying all of them - I might have
 purchased things besides these I paid for - I
 denied a good many of my provisions with me

4 I have received one Cent of Money from Mr. Luckey
or from his Clerk at any time for the wood cut
at the time and place mentioned, Edwells Hill 1863,

I have never seen Mr. Luckey and his Clerk together
since I chopped for him. I went to Edwells Hill
since we finished Chopping for Mr. Luckey - I went
for my pay William Williams, William Madden
and several others were with me this was in
December 1863. I found Mr. Luckey at home he gave
us some Cakes but no money - I went several times
after but could not see Mr. Luckey - William Williams,
William Madden and several others were with me
but twice - We came to Alexandria to look for him
I did not find him I think I met Mr. Luckey in
the next year on Duke Street in Alexandria and asked
him for my money he replied that he would give
it to me as soon as he was paid - I met Mr.
Hallett at City Point Va in the fall of 1864
and I asked him about the money which was
due us for cutting wood for Mr. Luckey - he replied
that he had nothing to do with it and that he
did not get his own money from Mr. Luckey.

Cross Examined

It was in the fall of 1864 - I was at City point
about one month and this conversation was just
before I left the place. I was in Alexandria Va since
I came back from City point. I never asked him for
the money since I tried to get the same after I
stopped Chopping in December 1863. I never received

5 a Cent of Money from any one as pay for Cutting the wood in question.

Question by the Court - Why did you let this matter rest so long without asking for your Money

Ans - Because I did not know that I could get it

Richard Slaughter Colored, being duly sworn says I Cut wood for Mr Lusk in the fall of 1863. I was Cutting with William Williams and Philip Slaughter. I Cut about one week but do not know how many Cords I Cut my week was added with the rest - I never received any pay for Cutting the said Wood I never asked Mr Lusk for pay as I expected to have the same Collected by my partners I was never in Partnership with any other person. I never had a store account with Mr Lusk.

Cross examined

I Chopped one week when we all quit Chopping I never made any bargain with Mr Lusk - I went up to Mr Lusk's store and he took my frame down went to work and worked for one week - I remember of no work at all that Mr Lusk had.

Defence

Charles Hallett being duly sworn says - My residence is in Long Island New York I was in there in the fall of 1863. I was employed by the defendant in this case in November 1863. as Clerk. I kept

6 Mr Luskys books he was engaged in cutting wood
I remember the plaintiffs in this case they were
employed by Mr Luskys to cut wood by the cord
at one dollar \$1.00, per cord. Mr Luskys was to
supply them with food and to pay cash for
all balances - I think the parties worked about
one month the wood was taken up by Mr
Hayes an agent for the Government and by him
measured and what his measurement was to be
the amount credited to the complainants all the
wood was so measured by Mr Luskys and the
parties credited with the amounts cut and paid
for by Mr Luskys - The book in Court is in my
hand writing and kept by myself marked
W. L. Luskys - In the case of William Williams I know
he was paid & delivers the articles charged to him
the money then marked as paid was so paid to him
at the Military Rail Road Depot the amount
of articles and money as charged to the said
Williams forty three dollars and seventy five cents $43^{\frac{75}{100}}$
was in full of his account - I saw it paid.

In the case of Philip Slaughter he was at work
at the same time the amount as charged to him
~~the money~~ was done by myself as Clerk the groceries
I delivered and the balance in money thirty dollars
and forty six cents $30^{\frac{46}{100}}$, was paid to him at the
Military Rail Road Depot in Alexandria the same
day the settlement was made with Williams December
12th 1863. In the case of Richard Slaughter he

7
was in Copartnership with another party but
with whom I have forgotten - I think he was
settled with - in fact I know he was - but I
cannot think of his name - In the case of William
Madden he was settled with in fact, he was in
Copartnership with Solomon Mills that is they
cut wood together and received their pay on
the full amount of wood cut by them - was settled
for - I was present when the amount of money
was paid seventeen dollars fifty five cents of 1863,
the amount of money paid was one hundred
and ten dollars \$110, The remainder was paid
in goods

Cross examined

I was not present when any agreement was made
except that they were to submit the measurement
of wood to the united states measure I cannot tell
why else was present if anybody was it is true
then I know the parties were to be paid when Mr
Cuckey was paid for the wood from the united
States - The Contract was made Nov 9th 1863 The
parties got their supplies from the store they
brought a part of their supplies with them
I delivered the articles as charged in the book
to Mr William, I delivered them to him I made
the entries on a piece of paper and copied them
in the book at night - I cannot state which
of the articles was charged at the moment of
purchase some of them was charged direct

but I cannot state which they were all copied in the book the same day of sale. None of the articles as charged in the book was paid for at the time of purchase. I think Williams would sometimes pay the cash for articles but there was no account kept of such articles. I did not count the money but saw Mr. Luckey hand it to him at the Alexandria Depot. I sold and delivered the articles as charged to Philip Slaughter in the same way and manner as spoken of in William Williams account. The cash lent as charged was two dollars. I loaned it out of the drawer. Philip Slaughter bought some articles which he purchased but those were not charged to him. I have not any of the paper Memorandums in which the casual entries were made. It was not my usual custom to enter on such Memorandums only when in a hurry he was fully paid. I cannot tell who was in Copartnership with Richard Slaughter nor can I tell that he was settled with in full. I did not pay it. I saw Philip Slaughter at City Point since the transactions spoken of and he never mentioned this affair to me. I never said that Luckey had got the money and that I had not got mine. Nothing was said to or by me about the accounts at that time. The parties finished Chopping in the latter part of December, 1863. I am not confident as to the time I think the parties were together when paid.

9 I saw the money paid as charged in the book
I am not positive as to its being the same day I
am positive that it was at the Depot neither of
the parties called for their pay or settlement after they
were settled with at the Depot

Findings

After a careful review of the testimony in this
Case and after weighing the arguments made by
the attorneys for Complainers and Defendants
the Court finds as follows.

In the Case of William Williams, that he has
been paid in full.

In the Case of Philip Slaughter that he has
been paid in full.

In the Case of Richard Slaughter that there is due
him by the said William M. Luckey the sum
of eight dollars seventy five Cents $\$8^{\frac{75}{100}}$, with
interest from 1st day of January 1864 amounting
to one dollar and ten Cents $\$1^{\frac{10}{100}}$, making due to
the said Richard Slaughter the sum of nine dollars
and eighty five Cents $\$9^{\frac{85}{100}}$.

The Court must necessarily come to this
Conclusion for the following reasons—

Mr. Luckey introduces his books in Court and
the books are sworn to have been kept correctly by
Mr. Luckey's Clerk a Mr. Haller and the charges
made at the time— If a merchant's account
is disputed he has no other method of proving
the same except by his books and Clerks

and it would be a dangerous precedent to set aside such evidence especially on the evidence of the purchaser - True at the time the settlement was made Luskley should have taken receipts in full for all settlements made to parties - But then we must remember that the parties were Colored and such things at that time was not thought of in this locality - Then again we must remember that the wood was cut in Decr 1863 and the parties had not asked Mr Luskley for the money from that date until January 1866 a space of two years, adding these things together, with the books before the Court and the evidence given on the part of defence by Mr. Fallick the Court gives the verdict above.

Certain kops of Bramhall ranges used in said General Hospital for cooking purposes to the damage of the United States in the sum of one thousand (1000) dollars or thereabouts and for which Post at Col J. G. Lee a. 2. m. was responsible.

This at Camp distribution near Alexandria Va. on or about the 11th day of January 1866.

On being arraigned for trial the prisoners plead as follows.

To the Specification of the Charge Not Guilty
 to the Charge Not Guilty

at the same time of pleading James R Nicholls Colored, made known that he wished to tell all he knew in the case consequently the Specification and Charge was withdrawn from against the said James R Nicholls and he was then held as witness.

Leopold Levy being duly sworn, says I bought about eight hundred 800, pounds of cast iron from Henry Red Colored, on or about the 13th January 1866. George Anderson Colored, was present. The iron was brought by them to my place Corner of St Asaph and Princess streets - I paid $\frac{3}{4}$ Cents per pound the iron was broken up - I did not know that the iron was stolen - I am a dealer in iron rags &c and often sell the same again after purchasing in this City - I am positive that the prisoners present are the men I bought the iron of - I bought the iron in the day time between the hours of 9 & 10 a.m. I have bought iron twice from Henry Red. It was brought to me in an open wood Wagon.

James R Nicholls Colored, being duly

3 Sworn, says - I live with George Anderson Colored, on or about the 12th Jan'y 1866 he George Anderson and Henry Red Colored, bought from James R Nicholls Colored, about 800 lbs of

James H. Nichols, Colored, being duly

3 Sworn Says - I live with George Anderson Colored, on or about the 12th Jan'y 1866 he George Anderson and Henry Red Colored, brought from towards Aquia Genl Hospital or Camp distribution as it was called - The iron was brought to George Andersons House and was taken from there to Alexandria or some other place and sold - I have never known Joseph Jackson to take any iron but his waggon was used to carry it to Alexandria -

George H. Lee being duly sworn says I come in the Service of the United States and am employed in the D. M. Department in Alexandria Va. My duties are to attend to public buildings and outside property and whatever duties I am called upon to perform - Aquia Genl Hospital at Camp distribution near Alexandria Va. was turned over to Rot Lt Col Lee a. 2. M. - I went up and took an inventory of the property at the time it was turned over - Col Lee was informed by the Officer in Command of the Guard at Camp distribution that parties were stealing a part of the property Col Lee went out to see about it and was informed that the articles which had been stolen was sold in Alexandria - The property stolen consisted of covers for

for Ranges which had been used for cooking purposes in said Genl Hospital and which caused a loss to the United States of about one thousand dollars - on questioning a Colored man, Bert Lee discovered that the property had been sold in Alexandria to a man in that part of Alexandria known as Petersburg.

The Colored man was ordered to report to me which he did and I traced the iron to Leopold Levy, and I then discovered that he had sold the iron to Mr. J. H. Adams of Alexandria - I went to Mr. Adams place and succeeded in finding about five hundred (500) pounds of the tops of the said ranges - I could identify the pieces although the tops was broken up, as no other person in the Community had ranges of the pattern used by the U.S. Government being the Bramhall Range -

I questioned Mr. Adams regarding the purchase, but he could not or would not say at first - but after awhile said that he had purchased them from a man named Reese as it appeared on his books.

No further evidence being adduced the case was closed.

Complaint Debt Amount \$ 9.00

Wesley Baker Colours, being duly sworn says - I agreed about two weeks before Christmas last to furnish Augustus Lunkins with three (3) Loads of Wood for a pair of boots to be worth nine (9) dollars - I brought the wood to him - He was to have my boots ready for me by the 22nd Decr 1865 which was the Friday before Christmas - I called for the boots on Christmas eve - he told me that his journeymen had gone off to take Christmas but he would commence them himself on Tuesday - I called several times for the boots but could not get them - I then went to the Freedmens Bureau and made a Complaint Lunkins was sent for and was told that he must pay the nine (9) dollars down - He replied that he did not have it, but would get it by Saturday - He was then told by the Superintendent that if he did not furnish me with a pair of boots by Monday the

2 present day, with which I should be satisfied ~~to~~ he would make him pay the nine, 9, dollars or Confine him until paid - I came down to day and Lunkins gave me the boots I now show which does not please me for the following reasons. First the Bottoms are made of old leather. Second the work is poorly executed. Thus they are not worth over five dollars. The wood I supplied him with was oak hickory and locust - I had hauled him three, 3, loads of the same wood before and with which he did not complain but paid me three, 3, dollars per load - I brought part of a load last Tuesday morning and gave it to him just to get him to make me a good job - I am not satisfied with the boots -

Defendant admits that he was to make a good pair of boots, but concluded that the wood furnished him was rotten consequently not worth three, 3, dollars per load

Findings

The Court after maturely considering the evidence adduced finds as follows.

That Augustus Lunkins pay to Wesley Baker Colored, the sum of nine, 9,

3 dollars and that Wesley Baker return to Augustus Lunkins the boots furnished him this day by the said Lunkins, as they have never been worn or injured.

That Augustus Lumbkins pay

Compl't Unlawful detaining of property to wit one hundred (\$100, dollars which had been paid to the said Jacob Mudderman on Contract to build a house on Alfred Street between Duke and Wolf Streets, Alexandria Va. -

The Contract between the parties was as follows - Jacob Mudderman was to build a house for Complainant Louisa Bruce Cold, for the sum of two hundred and seventy (270, dollars that on the 16th day of July 1865 - the said Louisa Bruce Cold, paid to the said Jacob Mudderman the sum of one hundred (100, dollars

This was before the house was commenced, on completion of the house Louisa Bruce Cold, was unable to fill her part of the Contract and the said Jacob Mudderman retained the one hundred (100, dollars, and also refused to let the Complainant live in said house.

Complainant now sues to recover the one hundred (100, dollars paid on house or possession of the house.

Defence

Admits that Complainant paid him one hundred (100) dollars on Contract for building the house in question and admits that he has received four (4) months rent on the house amounting to forty (40) dollars - less ground rent of one dollar fifty cents for land on which said house was built - but claims that as Complainant did not fulfill her part of the Contract he is not liable for the one hundred (100) dollars paid and that the house in question is his.

Findings

Under the circumstances, after carefully considering the statements of both parties - it is the decision of the Court that Jacob Mudderman pay or Cause to be paid unto the Complainant Louisa Bruce Colored, one hundred (100) dollars the payment to be made in monthly installments of ten (10) dollars commencing this day Feb'y 1st 1866 - and to ensure the said payment the said Jacob Mudderman to give to the said Louisa Bruce Colored, a mortgage on the house in question the mortgage to be binding until the last payment is made - then to be null and void.

In giving this decision the Court is guided in accordance with the statements of both parties - The Contract was a verbal one without any penalty on either part if the other

Statement of Elizabeth Purvis (col'd)

On the 26th of December 1865 I went in company with a colored man named Sam, to a plantation owned by Archey Fuller, about four and a half miles from Lafayette Tenn. After being there some three or four days, Mr Fuller came into the quarters where I was and said to Sam that he had a pistol and that he would not allow him to carry it. Sam replied that he was a discharged soldier and had a permit to carry it, showing the same, Mr Fuller said he could not give him the permit, that the rules of the country did not allow him to have a pistol, and destroyed the permit. Sam then said to Mr Fuller, pay me and I will go elsewhere to work. Mr Fuller objected, saying that he had hired him and must remain. When Mr Fuller came into the quarters, he was accompanied by Mr Joe Grant Mr. Scott Warr & brother & Det Warr all having pistols in their hands. Sam further said that if Mr Fuller objected to his having a pistol on the place he would go somewhere else to work, Mr Fuller and the other men then left the quarters and started towards the house of the Dept. saying he was. Sam then left the quarters and started in the direction of the Dept, saying he was going to get another place to work. In less than fifteen minutes I heard

the report of three pistols found in possession.
In a few minutes thereafter I started in company
with another ^{man} ~~gent~~ (Colo) named Dick Richards
(who went with me for the purpose of carrying
my child) in the direction of the Depot, we had
gone but a short distance when we met Mr Fuller
and party returning. Mr Fuller had Sam
Spicer in one hand and his own in the other.
Mr Fuller asked me where I was going, I said
to the Depot. After I passed the party a few
steps I saw blood upon the ground and following
the trail I found the body of Sam covered up
with brush, but not sufficient to conceal the
body. I came to Memphis next day on the
Car. Mr Fuller came on the next train.
I went to the residence of a colored woman named
Amanda Fuller who lives near the brick Medical
College on Beale Street, with whom I lived before
going to the farm of Mr Fuller. Manda is kept
by Mr Fuller. Fuller came to Manda's house
on the same night & staid with her. The next
morning I found a pack of cards which belonged
to Sam, on the window & stained with blood.
Mr Fuller gave to Manda a money bill which
I know belonged to Sam. About two days after
I came to Manda's. Sam's wife came to enquire
about her husband saying that she had heard
that Manda had said her husband was killed.
I told her where I saw him and she went to the
place to find him.

In conversation with her when she first
came to enquire about her husband Manda was
silent. She had told me not to tell her (Sam's
wife) about it, but after I did tell her she
(Manda) got mad & said that Mr Fuller did
kill Sam & would kill me.

wife) about it, but after I did tell her she
(Manda) got mad & said that Mr Fuller did
kill Sam & would kill more.

I reminded her that the affair might get
be reported she (Amanda) then commenced crying
saying that she could not help it that Mr Fuller
brought it on himself. Amanda told me that
Mr Fuller said that he had killed Sam.

I went yesterday morning to Mr Fuller's to get
some clothing I had left there. He refused to let
me have them saying that he would advise me
as a friend not to come there again, if I did I
would not get away.

Sir "A" "J"
We have the honor of acknowledging your communication of this date and would most respectfully make the following statement to your enquiry. We were called professionally to attend James Mc Warr on Monday the 14th inst. for a comminuted fracture of the right leg - middle third incurred by the kick, as said, of a horse. Both bones were very badly broken, and the leg much swollen. After placing said Warr under the influence of chloroform we set the bones and applied the necessary splints. We are of the opinion that his chances for recovery without amputation are doubtful. The following day he was removed by his Brother to their home on a cot - since which time we have heard nothing from him.

I have the honor to report as follows in the case of James M. Warr arrested by me on the 11th inst. in obedience to orders 1st d. q. r. Post of Memphis. The arrest was made without difficulty and the prisoners choosing to ride their own horses were allowed ample time to get what was considered necessary for their comfort during the journey. The first medical treatment offered to Mr. Warr was the oil cloth coat as the morning was damp and he appeared to have a scant supply of clothing. At Salazette Depot I halted for Mr. Warr to write a note to some of his friends. When near Collierville his Bro. Saml Warr told me that he (Mr. Warr) had a bottle of Whiskey and that he wished I would take it from him, which I caused to be done. Shortly afterwards it was informed that he had been kicked by one of the horses. I immediately halted the command and James M. Warr was examined by his own Bro. and Tracy Fuller the other Prisoner and they informed me that his leg was slightly bruised but that he was too drunk to know whether he was hurt or not. He made no complaint of his leg being painful until we had boarded the White Carriage was then procured and no further complaint was heard.

The only noble I have killed ^{his horse after being killed} his one
in the detachment. Soldier or Prisoner ~~known~~ his leg was broken
until we reached Memphis. I was thanked by the Prisoners themselves
in the presence of the Court of the Greys and Court for my kindness ^{shown} on the trip

I complied with your request by enclosing a copy of the report of 2^d Lieut Jas C. Harmon relative to arrest of J. M. Warr and others, pursuant to orders from this office. Also inclose copy of affidavit upon which the order of arrest was issued -

The prisoners were brought to my office about 6 1/2 o'clock P. M. Monday the 12th inst.

James M Warr was carried from the buggy into my office and placed upon my lounge. I sent to a restaurant and procured a warm supper for him at my own expense - dispatched orderlies to three different places to get the assistance of Mr Warr's friends but failed - I finally sent for Doct Ward (of Ward & Leguore Drygut Main St) who came with my assistance procured a carriage & took Mr Warr to the Commercial House - The lateness of the hour prevented a hearing of the case, and after

getting the other two persons (Archey Fuller, & Scott
Harr) supposed at the outbreak I confined them
in the station house to await examination next day.

The next morning Det A. V. Harr and Joseph Grant
who were in the city having learned that an order
was issued for their arrest. Came to my office and vol-
untarily surrendered themselves to me.

A preliminary trial was had which resulted in
holding the principal party Archey Fuller to bond
in the sum of five thousand dollars for his appear-
ance at this office on Wednesday the 21st Inst.

The other parties were held in sums of ten thou-
sand dollars each for their appearance at the same
time. The perfect bonds were given with approved
security and the parties released. J. W. Harr not
being able to attend trial, his brother gave bond for
him. The persons all testified to the gentlemanly
treatment they received from J. Harrison, and the accident to Mr
Harr so far as I know was unaccounted for.

Major

In compliance with directions received from the Major General Commanding, through your office of the 15th inst, I have the honor to submit the following reports in the case of J. Monroe Hurr, arrested in order of the Freedman's Bureau, and alleged to have been inhumanly treated by the officer in charge of the detachment.

I have been unable to obtain a statement from Mr Fuller and Mr. Scott Hurr as the parties are at large under bond to appear on the 21st inst, but respectfully submit the statement of the attending physicians — Marked "A" — a copy of the

official report of the Lieutenant in command —
marked "B," — also a personal report from same —
marked "C" — and a statement from Court Mar-
shal of Sweden — marked "D," — including copies of
affidavits and orders on which the arrest was based.

I can find nothing in the submitted reports, or
from the personal inquiries I have made to sup-
port the exaggerated and pathetic versions given in the
enclosed clipping, further than that, after thanking
the officer in command, for his efforts to make him
comfortable, Mr. H. complained to personal acquaint-
ances and physicians of harshness received at his hands.

It appears that the extent of the injuries was
not known to any of the parties till they reached this
city, but no evidence of want of compliance, on the
part of the Lieutenant, with the wishes of Mr. Farr
so far as consistent with his orders, is shown.

The published account evidently sprung from one

night occurred, not but orders from the regiment of negro soldiers. white lieutenant, was sent out to a man named James M. Warr, who lives near a depot, on the Memphis and Ohio Railroad, on the charge of being a party to the killing of some negro a short time since, which was alleged to have taken place in that neighborhood. This party, sent to arrest Mr. Warr, found him getting out some timber near his house, and proceeded to take charge of him. They mounted him on a horse, started for Memphis, and after traveling proceeded several miles, one of the negro soldiers, riding a vicious and maddened animal, rode up, after-bering, towards the prisoner, and by a sudden spurring, caused the beast to kick Mr. Warr upon the right leg, shattering the bones terribly. The whole party then started at a gallop, making Mr. W. with his crushed and painful limb, dangling down, keep up. He complained to the officer in command, of the terrible agony he was undergoing from such treatment, but received the reply that "they were ordered to bring him to Memphis, and had nothing to do with his broken leg." This practice was continued for a distance of eight miles, when the broken limb became so swollen and intensely painful that the unfortunate man told his guards they might kill him, but he could ride no further on horseback. After some parley, a wagon was procured, and in this conveyance Mr. W. was brought into the city, and taken to the Provost Marshal, of the Freedmen's Bureau. An officer of the Bureau informed Dr. Ward, who had, in the meantime, been called to see the wounded man, that there was nothing against him, regarding the alleged murder, sufficient to detain him under arrest. The sufferer was then carried to the Commercial Hotel and his friends had all the medical attention possible to be given bestowed upon him. He has now been taken back home, but we are informed that Dr. Jones, who last visited him, says the leg will certainly be lost, and very likely the man's life. We have given these facts as they have been told us, and if they are true, no comment is necessary. Mr. Warr, we learn, is about twenty-three years of age, and an unobtrusive, industrious young man, whose character for worth and integrity is excelled by no one in his neighborhood. He had been a soldier in the late Confederate army.

instructions. The arrest
and trial of the parties
accused seems to involve
a question of Administrative
policy - the transaction
having occurred in April

though this is the only
case reported, it is not im-
probable that the trial

of the Military Authorities

such taxes as these Author-
ities may properly and in ac-
cordance with universal
military usage imposed.
These taxes were expended
not only for the benefit of
the Post and the traders
residents thereat but also
for the public good of the
Department, thereby contribut-
ing to the safety and protec-
tion of the Complainants them-
selves all of whom had it
not been for the "Military
Despotism" referred to

would Congress have met
"again" at the hands of our
enemy and have experienced
the rigors of a Southern winter.

With the removal of Genl.
Brad Sumner most of these
military taxes have been dis-
continued and there remains
but a simple "ground tax" paid
to the Gov. for the use of the
land and applied to the
purposes of the Post. Even this
tax (which sufficed for it all)
has lately been reduced fifty
percent. There then exists no
ground for complaint or protest
either would there have been
cause for an insinuation
in regard to the expenditure
of the "people's money" had
it not been for the erratic
conduct of ^{an} officer temporarily
in command and who answered
for his actions before a mil-

as a Military Reservation, and
it is now held and governed
as such and taxation (of

tion is a fundamental prin-
ciple of such places.
Henceforth these Gentlemen
made few complaints, then
their business was profitable
and the results enormous
so much so that sev-

reach of this "oppressive and

Col. of the Army

Port Royal S.C. 6th Feb 1866
General,

At a meeting of the
Citizens of Hilton Head S.C. held
on the 3rd inst, the undersigned
were appointed a Committee
to represent to you.

That the Citizens at
this place, have long felt
aggrieved and oppressed by
burdensome taxes, which have
been imposed upon them by
the military authorities -
and ~~been~~ levied at times
without stint or measure,
according to the whim or
caprice of each succeeding
Commander of the Post, District,
or Department, and the least
complaint or demur at the
hardship or injustice of these
impositions, has subjected
the complainer in many in-
stances to the most tyrannical
and unjust military per-
secution, and annoyance,
and in some instances to
the utter ruin of the luckless
victim, ^{of} military displea-
sure on this account.

That there exists a very prevalent belief among the Tax paying citizens of Hilton Head, that large amounts of monies have been levied upon us and collected from time to time by the military authorities, that have not been expended for the benefit of this Post, and that it has been used for purposes from which the public good has not been subserved.

That these monies so collected from the citizens of this place, has more than once fallen into the custody of irresponsible parties, and the changeable character of military organization and orders, precludes a proper cheque upon the safety of the receipts and disbursements of the peoples monies,

That "taxation without representation" is contrary to a fundamental principle of our Government, and cannot be justified in the present existing state of our country,

We therefore in view of these circumstances, and in behalf of our Fellow Citizens, most respectfully request, that you will so far as is consistent with the present state of affairs, vouchsafe to the Citizens of Hilton Head S.C. the authority and right to establish among them selves, a Municipal organization, and to collect and disburse all needful taxes, for the good and benefit of this community, and with the right to appeal to the Provost Courts for the enforcement of all proper laws and regulations, until such time as civil law shall be re established throughout the State of South Carolina

We are General with great respect, your humble and obedient servants,

General:

The enclosed memorial (of Messrs. Slichter, Jeger, Keller and others regarding their recent visit to Johns Island) and the accompanying papers showing the authority under which the memorialists were acting, are respectfully referred to the Commanding Officer of the Military District of Charleston for investigation.

These citizens on receiving process from District Head Quarters, should have been directed to land and to report their arrival to the Comdg Officer of the Post, or the Agent of the Freedmen's Bureau on the Islands, respectively. ^{The} ~~most~~ ^{most} among the disorderly persons complained of were at once arrested and brought to trial. And if upon investigation it shall appear that the demoralization and lawlessness set forth in this communication is, as is represented, general among the population, and dangerous to the security of persons visiting the Island, the most effective measures should immediately be taken by the Commanding officer of the Military District of Charleston to establish order and

Enforce respect for his authority in a locality
where both appear to be violated with impunity.
These citizens desire to return to John's Island for the
objects set forth in the enclosed copy of their author-
ization from Major Gen. D. D. Howard, Commissioner
of the Freedmen's Bureau. They will be allowed to do so,
and all convenient facilities and sufficient protection
afforded them.

John H. ... Charleston, July 27/62

May Gen. S. Siskler, Comdr.

Sir - We have the honor to respect-
fully make the following report of events which
occurred upon our recent tour of inspection, upon
John's Island, in this State.

The authority you kindly gave us upon the
26th inst. to visit all the islands, and furnish us
all facilities, including Mr. S. Thompson's permission
for us the use of the Steamer "May Queen". In
this vessel we left Charleston on Sunday the
27th inst. at 12 M. Having received no in-
structions as to landing at any one particular
point, we steamed directly to the lower end
of John's Island, at the junction of the
Stono with the Kiawah River. Here we
anchored, desirous of visiting the plantation
at that point. It being some time before
sun down, we went ashore, and endeavored
to reach the plantation before dark, but
finding it more difficult than we expected
in account of the marshy nature of the
ground, we determined to return to the boat
and land again early in the morning, which
we accordingly did. We also hired a
small boat, going to the next plantation
above, and were told not to land at night
as we would certainly be shot.

Early on Sunday morning, the 28th inst. we
again landed, and proceeded towards the
settlement. Finding it impossible to find
our way, we hailed the people at the house,
and inquired the way. They showed us the
way to go to reach the main land. As we
approached the house, we noticed evident
excitement among the people, but nevertheless
continued on. After crossing from the marsh
to the main land, and entering an old field

we saw a body of negro men approaching us, armed with various kinds of weapons. When we had approached to within about twenty yards, their leader cried "halt." We immediately stopped when he approached and demanded our business there. He explained the nature of our mission, and desired to proceed over the place. During this conversation we were surrounded by the entire gang, who began to become exceedingly abusive and threatening in their language. Finding that we were not likely to succeed, we determined to return to the Steamboat, but were peremptorily denied so to do. Threats of instant murder were made on all sides. Some two or three were willing that we should quietly return to the boat, but the remainder would not hear to it. Finally, after great talking and several attempts to injure us, it was decided to take us to the Commissary, a Sepoy of the 35th Regt. M.S.C.I., who was stationed at the other extremity of the Island, a distance of not less than several miles. All our entreaties to allow us to leave again in the boat were unavailing, although we agreed to steam directly to the said Commissary. We also suggested to them that they should accompany us on the Boat, but all in vain. Nothwithstanding, through the heavy sand, the entire length of that Island. While parleying with them the crowd was much increased. The men were armed with muskets, rifles, shot-guns, revolvers, bayonets fastened on sticks, scythes, hatchets, axes, clubs, &c. &c., while the women had hoes, pitch-forks, clubs, and other weapons.

Having gained permission to send word to the Captain of the Steamboat to steam around to the place we were compelled to walk to, we were started off, accompanied by a yelling, cursing, threatening mob of

Freedmen, women and children. As we advanced we were continually being met by other persons, running to the scene, alarmed, and breathing out the most severe and summary punishment, for daring to land upon their Island, where no white man had any right or should ever dare to come. After proceeding about one and a half miles, we were halted, the crowd still increasing and becoming ever more violent in their demonstrations towards us. Here we were met by two freedmen, one named Sam. Ford, the other George Roberts, who succeeded in pacifying the angry crowd to some extent. The latter named freedmen being able to read, we showed him the authority we possessed from General and Gen. Devereux, as well as that from Gen. Howard at Washington and Gen. Scott, at Charleston, but all to no purpose, the crowd placing no confidence in the validity of the documents, and saying that if the persons who wrote them were there, they would send them packing the same way. Threats were also made against the Captain of the Steamer, and reports that they had not attacked the vessel the previous night and murdered the Captain, crew, and all of us, and burnt the vessel. Ford and Roberts endeavored to ~~obtain~~ ^{induce} the crowd to allow us to return to the boat, assuring that we were all right in our intentions, but the crowd were determined that we should be taken to the Commissary's, and no argument would prevail amongst them. One of our party being crippled, efforts were made to procure a horse or mule for him to ride, but that would not be allowed, with the result, no matter what his sufferings were. Finding that time was being consumed and that the crowd was only increasing in numbers and fierceness, we proceeded in our way.

from four hours - from 10 AM until 2 PM we marched through that Island in front of us five or six hundred men, then eight or ten footmen, then the "prisoners" with armed guard on either side, followed by a mob, of perhaps one hundred and fifty, all shouting, cursing, abusing and talking about us all over. At each plantation new accusations were made to the crowd, while the women and children lined the road, abusing and jeering us as we passed. At one place a man stood with a pole not less than twelve feet long which he raised over the head of one of the party, and had his arm not been seized by some of the guard, the person would have been instantly killed. At another place a man named "Armsby" came riding up, called us to halt, and cocking his gun would have instantly killed one of us had not his horse been seized by the troops by me, and his gun taken from him by another. Then we continued, our arms all having been taken from us, in constant expectation of being massacred.

About 2 o'clock we reached "Townsend's" place, where a freedman named Sam Johnson resided, we had been appointed by some officer of the Freedman's Bureau as a general supervisor over the negroes on the Island. This man being away from home some distance we were halted and compelled to wait for him, although within about two miles of the Commissary. Here we were paraded on the steps of the mansion with a heavy guard of men in front of us and a crowd of women behind us, the former ready at any moment to fire upon us, the latter abusing us, not only with horrible language but by pecking us with sticks, &c. The women

one Mr. S. Cloud soldier at the place, whom we desired to carry information of our condition to the Supt, and offered to pay him for so doing, but he would not consent, holding back to us the note we had written, after he had talked with some of our captives, who evidently dissuaded him from complying with our request. Several times while waiting here, Fred, who still befriended us, was taken to one side by the jagos, and efforts were made to let them take us into the woods, doubtless to murder us, but he stood firm in his refusal.

After sitting in the sun for two hours, not even allowed to enter the house, and all the time exposed to imminent danger and insult - one man having cocked his gun to shoot one of our party - Sam Johnson arrived. He acted with great promptness and at once started with us to the Commissary, taking only a few men with us. When within about a mile of the Commissary's, we met the Sergeant coming to our rescue, having been induced to do so by the Steamboat Captain, who had arrived at the place, and feeling exceedingly uneasy about us, would have started off alone in search of us, but that the Sergeant at his earnest solicitation consented to accompany him with a few men.

The Sergeant informed the men who had arrested us, that they were acting entirely without authority, and that any person, white or black was privileged to come upon the Island whenever they choose and be unharmed. He relieved us of our former arrest, and we reached our boat completely worn out with our day's trials. For not less than five hours, our lives

were in imminent and constant danger. It would be a look from us would have been the signal for a general massacre. The scene during the day began desumptive and resembled ~~some~~ a scene in a heathen country, ~~straggling~~ courtiers dancing around and gloating over their intended victims, before giving them the fatal blow, which was likely to descend at any moment.

Reasoning with them was avails them away. They said they knew no law but their own; that the Island was theirs and no white man should ever come upon it. They cared for no General or no authority.

The following are the names of a few of the rixters, as far as we could get them.

Hercules, Johnny Hector, Peter, Somerset, Jacob, Old Hector, Green, and July from Mr. Keale's place, where we were first captured.

Also Mr Elmy, & Armstrong.

Among those who befriended us, and who can bear witness to all we have said are,

Sam Hud, Guy, Roberts, Primus, Maj. Cook, Henry Mark and Sam Johnson.

We have the honor to remain,

Feb 6th 1866

Capt M. N. Rice A. Gen.

I return herewith papers of
Mr Chick Chester and others, with report upon the
same.

A day or two after the transaction referred
to, I was verbally informed ^{of it} by Capt Herbert
Comy of the island, also that he had arrested
three of the parties concerned & forwarded them to
Summerville.

I proceeded at once, with two orders
to Seib's plantation, passing through rough & hilly
places - assembled all the men, and could
easily have arrested about every man connected
with the mob, had such course seemed necessary.

The people begged to be pardoned for this offense.
- said they had orders to arrest any white man
landing on the island except at the regular
landing places - said there were three "Rebs"
whom they knew on the party, & they thought they
were all "Rebs" - said they recognized the
Military Authority - and would never arrest
another man white or black "Reb" or otherwise
much more to same effect.

After careful inspection, I respectfully
report to Major Comy, as follows.

1. There is naturally much excitement

on the island respecting land titles and jealousy res-
pecting visits of land owners. The four gentlemen
from Pennsylvania could not have selected a
worse escort than three ex Rebel land owners
one of whom was a Captain in Rebel service
and well known as such by the freed people.

2. In compliance with instructions previously
received, I had ordered escorts stationed at
the two public Landings on Johns Island.

The fact that three gentlemen boarded the
Landings, and landed in small boat on
opposite side of the island naturally excited
Suspicion in the minds of the freed people.

3. On previous evening, these gentlemen were
duly notified that they must go around to the
public Landing where their passes could be
inspected. It would seem that they were determined
to create a row if possible & persist in landing.

4. As to the incidents attending the transit across
the island, of course the statements of the freed people
vary widely from those of Charleston whites.

My first intention was to arrest the whole party
of freedmen, and my force of two orderlies was
quite sufficient for the purpose, but as the
people expressed great aversion - I arrested five
of the principal parties, & cautioned the rest
against interfering with any visitor black
or white. The gentlemen from

Pennsylvania can land them and where they choose, and with any associates whom they may select. At the same time, when the truth has been taken to order escorts for them, and they have been directed where to land, I would suggest that they use common sense if not common courtesy and land where they are ordered to land.

Concerning the paper of Mr Chickashi which I saw in the public prints, long before its appearance as an Official document, I must report that its statements appear to be principally concerning serious matters the party would have received if something had taken place which did not take place, or something had failed to take place which did take place.

2. The Statement is incorrect in avowing that the party were not instructed where to land. They were distinctly instructed by A. A. Gen M. D. C.

3. The Statement is incorrect in avowing that a U. S. Colored Soldier refused to interfere in their behalf. The only soldiers in that locality were with the Sergt who promptly delivered them from arrest.

4. The paper states incorrectly that a Sergt of 38th U. S. C. T is Commissary on the island.

The Sergt in question was simply ordered to that landing to act as escort for the gentlemen from Pennsylvania. If they had landed in

accordance with their instructions, they would have found an efficient escort, have prospected the extent and received all due courtesy.

They would also have avoided falling into the hands of interested parties who appear to have made shrewd use of their opportunity.

Respectfully yours

Thomas Williams
and Matilda Williams (colored) residents
of New Orleans appeared before me and
made oath that they are the parents of
a child seven years old called John
Williams and held by one David Soder
of Rodney County Miss. That Thomas
Williams belonged to G & E Kennedy of
Natchez Miss. and Matilda his wife belonged
to David Soder of Rodney — Miss. That
David Soder sold Matilda in Texas some
time ago. That since the close of the War
said Thomas Williams colored went to
Texas and brought his wife back with him
to New Orleans and now asks that his
child John (in the possession of David
Soder of Rodney Miss) be restored to them
as they have been separated by slavery and

no other cause. That they are abundantly able to care for their own offspring and will enter into bonds and give good security for the child's education and care.

These statements are supported by affidavits. I have made an official statement to the Civil authorities of Rodney Miss asking that the child be returned to its parents, and if it was not done a statement containing the reasons, be forwarded to this Office. The Messenger who presented my papers, was struck on the head with a pistol by one David Soder, and told to take his papers back to the d-d Yankee Officer who seized them. This after they had been presented to the Sheriff, Judge &

I would respectfully request permission to send an Officer and guard to Rodney Miss to enquire into this case and if necessary arrest David Soder for refusing to obey my order, striking an Agent of my Office on the head with a Pistol, and also secure to these colored people justice, which

Herewith I have the honor to transmit the report of Br. Maj. C. W. Pierce Asst. Supt. of this Bureau at Demopolis, upon the cases of Jenkins and King, two persons now in custody in Mobile, charged with participation in the murder of a Negro, Alfred, near Demopolis.

This case first became known to me by a telegram from Maj. Pierce, stating that he had arrested certain parties for murder of a freed man, that justice would not be done in Sumpter Co. and inquiring what he should do with them. This statement I could readily believe, as a resident of seven months in the State, has after extended observation and inquiry failed to bring to my knowledge a single instance of a Whiteman convicted ~~and sentenced~~.

by punished, for criminal outrage upon a
freedman.

I knew of but two points in the State
at which they could be punished, here and
at Mobile. To bring them here was difficult
and would ~~involves~~ involve a boil with the
Legislature, I therefore directed that they
be sent to Mobile.

The case, you will observe, has features
of atrocity greater than the actual killing,
yet not uncommon in negro murders. It
certainly some one are made an Example of,
and if either of these parties was concerned
in withholding aid from the dying man,
such person ~~is~~ ^{is} to me fully as culpable as
a principal in the murder.

I am sorry to trouble you so often. But
you have now the case and the prisoners be-
fore you, and you have a Judge Advocate
of ability and Experience. I should be
very glad to have the prisoners and
the witnesses examined, and if the proof
"be clear or the presumption great," to have
their trial by Court Martial ordered.

But if this be not the case I should
be glad to have them sent back under guard
to Major Pierce for trial by civil authorities
or released if the facts warrant such a
course.

General

I have the honor to
submit the statement of Mr Durby, in relation to the
murder of the "negro Alfred" near Lee's Station in
Sumpter County.

On the 25th of January last, "Alfred"
was sent by Mr Durby his employer on business
in the neighborhood of Mr Jenkins' Plantation, being
belated he stopped at the negro quarters, and staid
all night during the night Mr Jenkins sent
for and took the mule Alfred was riding to his
house and kept it until Mr Durby learned it was
there and recovered it the next Sunday.

Saturday morning (Jan 26th)
Mr Jenkins told Alfred to leave the place, and if he
ever come there again he would shoot him

The following Friday
(Feb 2nd) Mr Durby sent "Alfred" in that direction
again with team + baggage to take a sick man
to Livingston on returning (it being night) he stopped
again. (One of the Prisoners) A negro foreman on Jenkins
place gave notice to Jenkins that "Alfred" was there,
Jenkins being sick, called some Rebel Missouri
Soldiers who were stopping with him, to go with Jacob
and drive Alfred off the place. Two of them look +
King went, look taking a Double Barrel Shot Gun
(loading it with Buck Shot) + King taking a Revolver

over

They found Alfred on one of Quarters ordered him out and told him to run; he started back firing wounding him, "Alfred" then tried to get over the fence when he could find the other barrel of his Gun. "Alfred" then fell mortally wounded, the negroes were ordered to let him lie there, which order was obeyed and no attention was given him that night or the next day (until he died about 12 o'clock) nor then until the negro Jacob told Mr Jenkins that the boys were mutilating his remains, Jenkins then ordered the negroes to dig a pit in the woods, and put him in and cover him up which they did.

The above statement was corroborated by the Prisoner "Jacob."

On Monday evening (the 5th ulto) Mr A. J. Derby made the above statement to me. The next morning I sent a detail of men who arrested Jenkins, King, and a man by the name of Foreman + Jacob told. Look made his escape on the morning after the murder.

Judge Coleman and other citizens of Livingston come with the Prisoners for the purpose of getting me to turn the case over to the civil authorities of Sumpter County, which I declaimed doing until I heard from "H. Q. D." and upon receiving your despatch I sent the Prisoners under Guard to Mobile, in accordance with instructions.

Hoping that the course I have pursued in this matter will meet your approval

I have the honor to report that Cooper Lindsay has returned to this City and is again residing here. He is the same man that shot a colored soldier of a Batt. of the 103^d U.S. C. I. then stationed in this City, about the 13th of February last. An attempt was made at the time to arrest him, but hundreds of armed citizens interfered, and even threatened to attack the troops and drive them out of town. Lindsay consequently had an opportunity to escape. The whole circumstances were reported by me to your office, when a report was ordered to be furnished in consequence of a letter written by a Mr. Turner to the Sec. of War.

It is useless to turn the matter over to the

Civil Authorities, as there are ^{but} few citizens here that do
not consider Lindsay their benefactor, and the im-
mediate cause of having been relieved from the
garrison of the colored troops. Since his return
he has not been molested in the least, and no
attempt has been made by the Civil Authorities to
have him punished.

Sir :

I have the honor
to return the enclosed paper with the following in-
formation in regard to the riot resulting from the
shooting of a colored soldier by Cooper Lindsay of this
City. In the beginning of Feb. last Columbus
received a garrison of two Companies of the
103^d U. S. C. Troops. The Citizens never had seen
any colored soldiers in their midst, they consider-
ed it an insult, a disgrace to them, and all
possible means were employed to get rid of the
garrison. The City was in a continuous state of
excitement from the beginning, difficulties occur-
red in the streets daily between soldiers and the
people, (of which, in most cases the people were
to be blamed) and when the Lindsay affair
took place, men rushed into the streets with ac-
cursing and threatening to drive every
Yankee out of town. If it had not been for

the wise interference of some of the leading citizens and the strict confinement of the troops within the barracks for several days, the result would have been fatal.

Lindsay, the cause of all this, is a young man of good family, but of reputed character and known as a rowdy; he had been drinking that day in company with others, and it is said that he remarked during the day, that he would kill one of these damn niggers before night. Towards evening he walked up Broad Street with one of his drunken companions, Herbert Rutherford, when he met the soldier alone, coming towards him. He cursed him for giving him not more room to pass and struck him with a whip, the soldier drew his bayonet, whereupon Lindsay fired three times with a revolver, wounding him twice in one arm and once in the other. It so happened that a Corporal and 6 men, who had been on guard at my office, and returning to the barracks, arrived at the spot when their comrade was shot. The Corporal tried to arrest Lindsay, Citizens and police, men interfered, blows and shots were exchanged,

and Lindsay escaped. Several shots were fired
by the exasperated soldiers from the windows of
the barracks and passers by, and a gentleman with
the name of Warner, who passed the barracks,
was wounded and died in consequence thereof.
Lieut. Col. Bogart, Comdg. the 103^d U.S.C.T.
and Dist. of Macon Ga. arrived next day and
investigated the affair. I have heard since
that the Civil Authorities, (the Regiment being
out of service) intend to prosecute some of the
officers and soldiers for the murder of Mr. Warner
by process of Civil Law.

The following named persons can serve as wit-
nesses in the case, viz:

received personal orders from M. Draper to proceed to the premises
