(T) A pattern of personal use or consumption of any controlled substance unless it is prescribed, dispensed or administered by a physician who is authorized by law to do so; 

(U) Practicing outside the scope of practice of the physician assistant as referenced in the physician assistants’ supervision agreement; 

(V) For a physician assistant to operate, conduct, manage, practice or establish an abortion facility, or for a physician assistant to perform an abortion in an abortion facility, if such facility comes under the definition of an ambulatory surgical center pursuant to sections 197.200 to 197.240, RSMo, and such facility has failed to obtain or renew a license as an ambulatory surgical center; and 

(W) Being unable to practice as a physician assistant or with a specialty with reasonable skill and safety to patients by reason of medical or osteopathic incompetency, or because of illness, drunkenness, excessive use of drugs, narcotics, chemicals, or as a result of any mental or physical condition. 

1. In enforcing this paragraph the board shall, after a hearing by the board, upon a finding of probable cause, require a physician assistant to submit to a reexamination for the purpose of establishing his/her competency to practice as a physician assistant or with a specialty conducted in accordance with rules adopted for this purpose by the board, including rules to allow the examination of the pattern and practice of said physician assistant’s professional conduct, or to submit to a mental or physical examination or combination thereof by at least three (3) physician assistants, one (1) selected by the physician assistant compelled to take the examination, one (1) selected by the board, and one (1) selected by the two (2) physician assistants so selected who are graduates of a professional school approved and accredited by the Commission for the Accreditation of Allied Health Education Programs and has active certification by the National Commission on Certification of Physician Assistants. 

2. For the purpose of this paragraph, every physician assistant licensed under this chapter is deemed to have consented to submit to a mental or physical examination when directed in writing by the board and further to have waived all objections to the admissibility of the examining physician’s testimony or examination reports on the ground that same is privileged. 

3. In addition to ordering a physical or mental examination to determine competency, the board may, notwithstanding any other law limiting access to medical or other health data, obtain medical data and health records relating to a physician assistant or applicant without the physician assistant’s or applicant’s consent. 

4. Written notice of the reexamination or the physical or mental examination shall be sent to the physician assistant, by registered mail, addressed to the physician assistant at his/her last known address. Failure of a physician assistant to designate an examining physician to the board or failure to submit to the examination when directed shall constitute an admission of the allegations against him/her, in which case the board may enter a final order without the presentation of evidence, unless the failure was due to circumstances beyond his/her control. A physician assistant whose right to practice has been affected under this paragraph shall, at reasonable intervals, be afforded an opportunity to demonstrate that s/he can resume competent practice as a physician assistant with reasonable skill and safety to patients. 

5. In any proceeding under this paragraph neither the record of proceedings nor the orders entered by the board shall be used against a physician assistant in any other proceeding. Proceedings under this paragraph shall be conducted by the board without the filing of a complaint with the Administrative Hearing Commission. 

6. When the board finds any person unqualified because of any of the grounds set forth in this paragraph, it may enter an order imposing one (1) or more of the disciplinary measures set forth in section (4) of this rule. 

(3) After the filing of such complaint, before the Administrative Hearing Commission, the proceedings shall be conducted in accordance with the provisions of Chapter 621, RSMo. Upon a finding by the Administrative Hearing Commission that the grounds, provided in section (2) of this rule, for disciplinary action are met, the board may, singly or in combination, warn, censure or place the person named in the complaint on probation of such terms and conditions as the board deems appropriate for a period not to exceed ten (10) years, or may suspend license, certificate or permit for a period not to exceed ten (10) years, or restrict or limit his/her license, certificate or permit for an indefinite period of time, or revoke his/her license, certificate, or permit for an indefinite period of time, or revoke his/her license, certificate or permit, or administer a public or private reprimand, or deny his/her application for licensure, or permanently withhold issuance of licensure or require the physician assistant to submit to the care, counseling or treatment of physicians designated by the board at the expense of the individual to be examined, or require the physician assistant to attend such continuing educational courses and pass such examinations as the board may direct. 

(4) In any order of revocation, the board may provide that the person may not apply for reinstatement of licensure for a period of time ranging from two to seven (2–7) years following the date of the order of revocation. All stay orders shall toll this time period. 

(5) Before restoring to good standing a license, certificate or permit issued under this chapter which has been in a revoked, suspended or inactive state for any cause for more than two (2) years, the board may require the applicant to attend such continuing education courses and pass such examinations as the board may direct. 

(6) In any investigation, hearing or other proceeding to determine a licensed physician assistant’s or applicant’s fitness to practice, any record relating to any patient of the licensed physician assistant or applicant shall be discoverable by the board and admissible into evidence, regardless of any statutory or common law privilege which such licensee, applicant, record custodian or patient might otherwise invoke. In addition, no such licensed physician assistant, applicant, or record custodian may withhold records or testimony bearing upon a licensee’s or applicant’s fitness to practice on the ground of privilege between such physician assistant licensee, applicant or record custodian and a patient.
