Title 12—DEPARTMENT OF REVENUE
Division 10—Director of Revenue
Chapter 110—Sales/Use Tax—Exemptions

12 CSR 10-110.013 Drugs and Medical Equipment

PURPOSE: Section 144.030.2(18), RSMo, provides an exemption for prescription drugs, orthopedic and prosthetic devices, numerous dental items, hearing aids, hearing aid supplies and certain sales of over-the-counter drugs. This rule explains the sales tax law as it applies to these exemptions.

(1) In general, sales of prescription drugs, orthopedic and prosthetic devices and certain qualifying health-related equipment, and certain sales of over-the-counter drugs, are exempt from Missouri sales tax.

(2) Definition of Terms.
(A) Orthopedic device—a rigid or semi-rigid leg, arm, back or neck brace and casting materials which are directly used for the purpose of supporting a weak or deformed body member or restricting or eliminating motion in a diseased or injured part of the body.

(B) Over-the-counter drug—a drug product which may be purchased without a physician’s prescription.

(C) Prescription drug—a drug dispensed by a licensed pharmacist only upon a lawful prescription from a licensed practitioner.

(D) Prosthetic device—a device that replaces all or part of the function of a permanently inoperative or malfunctioning internal body organ and is medically required.

(3) Basic Application of Tax.
(A) Sales of prescription drugs, insulin, medical grade oxygen, drug samples and materials used to manufacture samples, which may be dispensed by a licensed practitioner are exempt from tax. Sales of over-the-counter drugs when sold to an individual with a disability or to the individual’s agent are exempt from tax. When selling over-the-counter drugs to an individual with disability, the retailer should obtain a purchaser’s signed statement of disability. The retailer should retain these statements for three (3) years. The statement should include the purchaser’s name, type of purchase and amount of purchase, and be signed by the purchaser or the purchaser’s agent. The retailer should request a form of identification, such as driver’s license, credit card, etc. to verify the identity of the purchaser. Sales of prosthetic devices as defined on January 1, 1980, by the Federal Medicare Program under Title XVIII of the Social Security Act of 1965 are exempt from tax.

(B) Sales of orthopedic devices as defined by the Federal Medicare Program under Title XVIII of the Social Security Act of 1965 are exempt from tax.

(C) Also exempt from sales tax are items specified in section 1862(A)(12) of the Social Security Act of 1965. Exempt items included in this class are those used in connection with the treatment, removal or replacement of teeth or structures directly supporting teeth. Dental equipment or supplies are not exempt. The exempt items include:

1. Dentures
2. Inlays
3. Bridge work
4. Fillings
5. Crowns
6. Braces, or
7. Artificial dental and dental reconstructions, which are made, manufactured or fabricated from molds or impressions made by dentists of the mouths of their particular patients and sold to dentists for insertion in the patient’s mouth as the direct support of, substitution for, or part of the patient’s teeth.

(D) Sales of other specific health-related equipment and accessories are exempt from sales tax.

1. These specific items are—
   A. Ambulatory aids
   B. Braille writers
   C. Electronic Braille equipment
   D. Home respiratory equipment and accessories
   E. Hospital beds and accessories
   F. Stairway lifts
   G. Wheelchairs, manual and powered

2. If purchased by or on behalf of a person with one or more physical or mental disabilities to enable them to function more independently, the following items are also exempt:

   A. Electronic print enlargers and magnifiers
   B. Electronic alternative and augmentative communication devices
   C. Items used solely to modify motor vehicles to permit the use of such motor vehicles by individuals with disabilities
   D. Reading machines
   E. Scooters

(4) Examples.
(A) A retailer sells an over-the-counter drug to an individual claiming a disability. The sale is exempt if the retailer obtains from the purchaser or their agent a statement similar to the following:

   [Signature] ______________________________
   [ID Number] __________________________
   [Type of ID] ___________________________
   [Amount] _____________________________
   [Type of Purchase] ______________________

Purchases of over-the-counter drugs by individuals with disabilities are exempt from sales tax. It is unlawful to fraudulently claim an exemption. I CERTIFY THAT I HAVE A DISABILITY AND AM ENTITLED TO CLAIM THIS EXEMPTION OR I AM CLAIMING THIS EXEMPTION ON BEHALF OF A PERSON OR PERSONS WITH A DISABILITY.

Type of Purchase _________________________
Amount ____________________________
Type of ID ___________________________
ID Number __________________________
Name (print) _________________________
Signature ___________________________

(B) Examples of exempt prosthetic devices include:

1. Breast prosthetics, including surgical brassieres for postmastectomy patients
2. Cardiac pacemakers
3. Colostomy and other ostomy bags and the necessary equipment required for attachment
4. Electronic speech aids if the patient has had a laryngectomy or his/her larynx is permanently inoperative
5. Hearing aids and hearing aid supplies
6. Hemodialysis equipment
7. Maxillofacial devices and devices which replace all or part of the ear or nose
8. Prosthetic lenses which replace the lens of an eye
9. Urinary collection systems, including Foley catheters, when replacing bladder function in cases of permanent urinary incontinence
10. Eyeglasses, contact lenses, bedpans and incontinent apparel are not considered prosthetic devices and are subject to sales tax.

(C) Examples of exempt orthopedic devices include:

1. Artificial legs, arms and eyes including terminal devices such as artificial hands
2. Hoods and space shoes which replace part of a foot
3. Orthotics
4. Stump stockings and harnesses when they are essential to the effective use of an artificial limb
5. Trusses
6. Elastic braces, elastic stockings, arm slings, elastic wraps and garter belts, are not considered orthopedic devices and are subject to sales tax.

(D) Examples of exempt orthopedic and prosthetic devices used in dentistry include:

1. Restorative materials.
   A. Acrylics
   B. Aluminum crowns
   C. Amalgam
D. Bases and liners
E. Cements
F. Chrome steel crowns
G. Copper bands
H. Crown forms
I. Dentin enamel adhesives
J. Denture anchors
K. Denture repair materials
L. Denture teeth
M. Gold
N. Mercury
O. Pins
P. Pit and fissure sealants
Q. Porcelains
R. Posts
S. Temporary filling materials
T. Zinc oxide (Eugenol)

2. If purchased by or on behalf of a person with one (1) or more physical or mental disabilities to enable them to function more independently, the following items are also exempt:
   A. Electronic alternative and augmentative communication devices
   B. Electronic print enlargers and magnifiers
   C. Items used solely to modify motor vehicles to permit the use of such motor vehicles by individuals with disabilities
   D. Reading machines
   E. Scooters

2. Prosthetic devices and supportive materials.
   A. Acrylics
   B. Bonding materials
   C. Chrome alloys
   D. Composed materials
   E. Denture anchors
   F. Denture repair materials
   G. Denture teeth
   H. Implant materials
   I. Metal alloys

3. Orthodontic devices and materials.
   A. Arch bar splits
   B. Bone grafting materials
   C. Crestline
   D. Endodontic materials
   E. Face bow head gear
   F. Gor-tex grafting materials
   G. Gutta percha points
   H. Muscosal grafts (natural and artificial)
   I. Orthodontic appliances
   J. Orthodontic brackets
   K. Orthodontic elastics
   L. Orthodontic expansion screw
   M. Orthodontic resins
   N. Orthodontic separators
   O. Orthodontic waxes
   P. Orthodontic wires
   Q. Root canal sealants
   R. Silver points
   S. Surgical wires

(E) Sales of other specific health-related equipment and accessories are exempt from sales tax.

1. These specific items are—
   A. Ambulatory aides
   B. Braille writers
   C. Electronic Braille equipment
   D. Hospital beds and accessories
   E. Home respiratory equipment and accessories
   F. Stairway lifts
   G. Wheelchairs, manual and powered

Red Line Medical Supply, Inc. v. Director of Revenue (AHC 1995). This case involved a taxpayer engaged in the business of selling medical supplies at retail. The taxpayer stated its belief that enteral nutrients were “prosthetic devices” under Title XVIII of the Social Security Act of 1965 and, therefore, its sales of the nutrients were exempt from Missouri sales/use tax. The Commission found that the federal statutes were interpreted in part by the Carriers Manual and, therefore, could be utilized in determining whether enteral nutrients were prosthetic devices. It further found, however, that the manual did not define enteral nutrients as prosthetic devices. The Commission also found that under Missouri case law, Medic House, Inc. v. Director of Revenue, 799 S.W.2d 81 (Mo. banc 1990), in order for enteral nutrients to qualify as “prosthetic devices,” they must “(1) replace all or part of an internal body organ and (2) be ‘medically required.’” Applying the facts to the case, the Commission found that enteral nutrients were not prosthetic devices and, therefore, taxpayer should have collected and remitted Missouri sales taxes on its sales of enteral nutrients.

Four Rivers Home Health Care, Inc. v. Director of Revenue (AHC 1992). Taxpayer sold oxygen for medicinal use and also sold durable medical equipment. Taxpayer did not collect or remit sales tax on either oxygen or durable medical equipment because it considered both to be exempt pursuant to 144.030.2(18), RSMo. Taxpayer sold oxygen only upon a physician’s prescription; but taxpayer did not have a licensed pharmacist on the premises. Taxpayer also sold wheelchairs, motorized three-wheel vehicles, crutches, walkers, canes, commode chairs, pressure pads and cushions, seat lift chairs and patient lifts, arm slings, flow meters, oxygen regulators and intermittent partial pressure breathing apparatus. The Commission found that oxygen was a drug. However, it is not designated as a prescription drug. The Missouri Supreme Court has ruled that the sales tax exemption does not apply to this oxygen since persons other than a licensed pharmacist dispense it. Medic House, Inc. v. Director of Revenue, 799 S.W.2d 81 (Mo. banc 1990). The Commission found that a prosthetic device physically replaces a missing organ. A device that accommodates the absence of an organ or supplements the impaired function of an organ is not a prosthetic device. The listed durable medical equipment did not replace a missing organ and were not prosthetic devices. The Commission also found that orthopedic devices are defined in 42 U.S.C. 1395(s)(9),
Leg, arm, back, and neck braces, and artificial legs, arms, and eyes, including replacements, are exempt if required by a change in the patient’s physical condition. The durable medical equipment items sold by taxpayer were not artificial limbs or braces. These items are not exempt under Section 144.030.2(18), RSMo.

12 CSR 10-110.016 Refunds and Credits
(Moved to 12 CSR 10-102.016)

12 CSR 10-110.200 Ingredient or Component Part Exemption

PURPOSE: Section 144.030.2(2), RSMo exempts from taxation certain materials, goods, machinery and parts. This rule explains the requirements for this exemption.

(1) In general, purchases of ingredients or component parts are exempt from tax if they blend with the final product and are intended to and do become a part of the finished product. In addition, certain materials that are consumed in the manufacture of steel products intended to be sold ultimately for final use or consumption are exempt from tax.

(2) Definition of Terms.

(A) Component part—a constituent element of a manufactured or fabricated product.

(B) Ingredient—an element in a mixture or compound.

(C) Interacting—means that the materials and component parts or ingredients act upon each other in manufacturing a steel product.

(D) Reacting—means that the materials cause a chemical change in the component parts or ingredients in manufacturing a steel product.

(E) Steel product—the product made entirely of steel resulting from:

1. Melting and refining molten pig iron, scrap steel or other metals; or
2. Rolling, drawing, casting or alloying steel.

(3) Basic Application of Exemption.

(A) Materials, manufactured goods, machinery, and parts that become a component part or ingredient of new personal property to be sold ultimately for final use or consumption are not subject to tax. Purchases of ingredients or component parts are exempt from tax if they are intended to and do become a part of the finished product. The exemption does not apply to materials that are totally consumed and are not intended to and do not become a part of the final product. In order to qualify for this exemption, the material in question must be intended to remain in the finished product in at least trace amounts for a specific purpose.

(B) Materials, including without limitation, slagging materials and firebrick, which are consumed in the manufacturing process by blending, reacting or interacting with or by becoming, in whole or in part, component parts or ingredients of steel products to be sold ultimately for final use or consumption are exempt from tax.

(C) If any portion of purchased material qualifies as an exempt ingredient or component part; the entire purchase is exempt from tax. The material is exempt even if a significant portion is consumed in the manufacturing process.

(D) Materials purchased to be used as an ingredient or component part to repair existing property does not qualify for these exemptions because the property produced from the repair work does not constitute “new personal property.”

(4) Examples.

(A) A toy manufacturer purchases wood, glue, paint and sandpaper to use in manufacturing wooden rocking horses. The purchases of wood, glue and paint are exempt from tax. The purchase of sandpaper is taxable.

(B) A restaurant purchases apple wood to use in the smoking of foods. The restaurant burns the wood in a closed chamber called a smoker in which it places the food. The burning wood releases compounds, and small but measurable quantities of the compounds enter and permeate the food. Because a part of the wood, in the form of smoke particles, blends with and remains as part of the finished product, the apple wood may be purchased tax exempt as an ingredient or component part.

(C) An automobile manufacturer purchases soap and wax to wash and wax all automobiles as they leave the manufacturing plant. Some soap residue remains with the automobiles when they leave the plant. The soap does not qualify as an ingredient or component part because it is not intended to remain with the product. The wax does qualify as a component part because it is intended to remain with the product.

(D) A steel mill purchases firebrick and various gases to be used in the production of steel. These purchases are exempt.

(E) A steel fabricator purchases welding rods and gases for use in fabricating a product out of steel plates. The welding rods are exempt because it becomes a component part of new personal property. Even though the gases are consumed in the fabrication process, the gases are not exempt because the new personal property does not qualify as a steel product.

(F) A foundry creates a steel product by casting molten steel. After casting, a cleaning solution is poured over the product to remove impurities from the surface. The cleaning solution is not exempt because it does not blend, react or interact with a component part or ingredient of the steel product.

AUTHORITY: Section 144.270, RSMo 1994.*

The Doe Run Resource Company, d/b/a Doe Run Company Smelting Division, et al., S.W.2d (Mo. banc 1998). The issue was the taxability of coke used in the processing of lead. The Missouri Supreme Court found the case to be analogous to the facts in Sipco, Inc v. Director of Revenue, 875 S.W.2d 539 (Mo. banc 1994). In that case the court held natural gas used in a singer to remove hair from hog carcasses before butchering did not qualify as an ingredient or component part, because no part of the natural gas used in Sipco’s singer remained as an essential or necessary element of a finished pork product. The Court in Sipco concluded that no part of the natural gas used in Sipco’s singer remained as an essential or necessary element of the finished pork product. Accordingly, the purchase was not tax exempt.

Spacewalker, Inc., v. Director of Revenue (AHC 1997). The purchase of shielding gas used in welding was held taxable. The purpose of the shielding gas was to shield the puddle (molten metal) from the atmosphere and not to become mixed with the metal. The AHC referenced the Al-Tom decision, which found that if any part of a material is intended and does remain as an essential or necessary element of the finished product, the entire purchase is exempt. Because the shielding gases were present in the finished product, incidentally or accidentally, they were not exempt as component parts. The Missouri Court of Appeals affirmed the decision by the AHC.

Concord Publishing House, Inc. d/b/a Cape Mississippi Development, Inc., d/b/a Southeast Missourian v. Director of Revenue (AHC 1995). The taxpayer, a newspaper publisher and printer, claimed an ingredient or component part exemption on its toner. The AHC held that the toner and toner cartridges
12 CSR 10-110.220 Hotels and Motels

PURPOSE: This rule explains the taxability of rooms, meals, and drinks provided by hotels, motels, and similar establishments in which these items are regularly provided to the public. It also covers purchases made by the establishments. The applicable sections are 144.010, 144.011, 144.020, 144.021, 144.030, and 144.080, RSMo.

(1) In general, sales or charges for rooms, meals or drinks at a place that regularly serves the public are taxable.

(2) Definitions. Permanent resident—An individual who contracts in advance for a room for a period of thirty consecutive days or more and who actually remains a guest for thirty consecutive days or more. Businesses do not qualify as permanent residents.

(3) Basic Application of the Tax.

(A) Charges for rooms, meals, and drinks furnished by hotels, restaurants, and other establishments, in which rooms, meals, or drinks are regularly served to the public, are taxable. Rooms for lodging as well as meeting, banquet and conference rooms are taxable.

(B) A permanent resident is not subject to tax on their lease or rental payments. A permanent reservation for any room is not synonymous with permanent resident.

(C) An educational institution, which furnishes room and board to students in pursuit of their educational objectives, is not subject to tax on the gross receipts.

(D) Persons engaged in providing rooms are subject to tax on the gross receipts from the sale of tangible personal property and taxable services:

1. Tickets for food or drink are taxable regardless of whether the charge is made per meal, daily, weekly, or monthly;
2. In room pay-per-view programs or movies are not subject to tax; and
3. All persons engaged in providing rooms must collect tax on all charges for telecommunications services, including intra-state and interstate calls.

(E) Rooms, meals and drinks are exempt from tax if sold to an exempt organization or a representative of that organization if the seller has documentation of the exemption. If the representative claims the exemption, even if the representative pays his own funds and is reimbursed, and the hotel has a copy of a valid exemption letter issued by the Missouri Department of Revenue to the organization, the sale is exempt. An agent of the United States government paying with a U.S. government credit card is also exempt.

(F) Persons providing complimentary meals and drinks or non-reusable tangible personal property to guests of the room accommodation should not pay tax on the purchases. Non-reusable items include soap, shampoo, tissue, and food or confectionery items offered to the guests without charge.

(G) The purchaser must pay tax on the purchase of reusable items including furniture, curtains, linens, towels, pillows, mirrors, radios and televisions for room accommodation.

(4) Examples.

(A) A hotel rents a room to a guest for a night. The soap and shampoo are included in the price of the room and may be purchased tax exempt by the hotel under a resale exemption.

(B) A hotel provides a complimentary room for a couple's wedding night. The hotel includes a free bottle of champagne and a free breakfast. The hotel must pay tax on the cost of the champagne and the breakfast because the hotel did not charge for the room.

(C) An airline reserves rooms at a hotel under a long-term room contract. In exchange for room availability, the airline agrees to pay for all rooms on a guaranteed basis, whether or not it uses the rooms. The entire charge for the rooms is taxable, regardless of whether the rooms are actually used.

(B) Pursuant to section 144.045.1, RSMo, farm machinery or equipment that would otherwise qualify as exempt farm machinery and equipment will not lose its exempt status merely because the machinery or equipment is attached to a vehicle or real property. Such equipment includes, but is not limited to, a grain mixer mounted on a vehicle or special livestock flooring. When exempt farm machinery or equipment attached to a motor vehicle is sold with the motor vehicle, the part of the total sales price attributable to the farm machinery or equipment is exempt from tax if the farm machinery or equipment is separately invoiced.

(C) Pursuant to section 144.047, RSMo, farm machinery includes aircraft used solely for aerial application of agricultural chemicals.

(D) Pursuant to section 144.030.2(34), RSMo, all sales of grain bins for storage of grain for resale are exempt; however, parts purchased separately for these bins are not exempt. Grain bins and all parts purchased that qualify as farm machinery and equipment are exempt.

(E) The fact that particular items may be considered to be essential or necessary will not automatically entitle them to exemption. The following categories of items are excluded from the meaning of the term farm machinery and farm equipment and are subject to tax:

1. Under no circumstances can a motor vehicle or trailer ever be treated as tax exempt farm machinery. The terms motor vehicle and trailer are defined by the titling and licensing laws of Missouri (Chapter 301);

2. Containers and storage devices such as oil and gas storage tanks, pails, buckets and cans;

3. Hand tools and hand-operated equipment such as wheelbarrows, hoes, rakes, pitchforks, shovels, brooms, wrenches, pliers and grease guns;

4. Consumable items such as antifreeze, freon, ether, and starter fluid;

5. Attachments and accessories not essential to the operation of the machinery itself (except when sold as part of the assembled unit) such as cigarette lighter sets, radios, canopies, air-conditioning units, cabs, deluxe seats, tool or utility boxes and lubricators;

6. Equipment used in farm management such as communications and office equipment, repair, service, security or fire protection equipment;

7. Drainage tile, fencing material, building materials, general heating, lighting and ventilation equipment for nonproduction areas; and

8. Machinery and equipment used for a dual purpose, one purpose being agricultural and the other being nonagricultural are not exempt.

(F) Schedule A is a list of items of farm machinery and equipment which will usually be exempt if used exclusively for agricultural purposes on land owned or leased for the purpose of producing farm products and used directly in producing farm products or livestock to be sold ultimately at retail.

**Schedule A**

**Usually Exempt Items**

Artificial insemination equipment
Augers
Bale loader
Bale transportation equipment
Baler twine
Baler wire
Balers
Batteries for farm machinery and equipment
Bedding used in production of livestock or poultry for food or fiber
Binder twine
Binders
Brooders
Bulk feed storage tanks
Bulk milk coolers
Bulk milk tanks
Bulldozers used exclusively in agricultural production
Calcium for tires
Calf weaners and feeders
Cattle currying and oiling machine
Cattle feeder, portable
Chain saws for commercial use in harvesting timber, lumber and in orchard pruning
Chicken pluckers
Choppers
Combines
Conveyors, portable
Corn pickers
Crawlers, tractor
Crushers
Cultipackers
Cultivators
Curtains and curtain controls for livestock and poultry confinement areas
Debeakers for productive animals
Dehorners for productive animals
Discs
Draggers
Dryers
Dusters
Egg handling equipment
Ensilage cutters
Fans, livestock and poultry
Farm tractors
Farm wagons
Farrowing houses, portable
Farrowing crates
Feed carts
Feed grinders/mixers
Feed storage bins
Feeders
Fertilizer distributors
Flooring slats
Foggers
Forage boxes
Forage harvester
Fruit graters
Fruit harvesters
Generators
Gestation crates
Grain augers
Grain bins for storage of grain for resale (but not separately billed parts or add-ons to these grain bins)
Grain binders
Grain conveyors
Grain drills
Grain elevators, portable
Grain handling equipment
Grain planters
Greases and oils
Harrows (including spring-tooth harrow)
Hay loaders
Head gates
Heaters, livestock and poultry
Hog feeders, portable
Hoists, farm
Husk machines
Hydraulic fluid
Hydro-coolers
Incubators
Irrigation equipment
Livestock feeding, watering and handling equipment
Lubricating oils and grease
Manure handling equipment (including front and rear-end loaders and blades)
Manure spreaders
Milk cans
Milk coolers
Milk strippers
Melting equipment (including bulk milk refrigerators, coolers and tanks)
Milking machine
Mowers, hay and rotary blade used exclusively for agricultural purposes
Panels, livestock
Pickers
Planters
Pulls
Poultry feeder, portable
Pruning and picking equipment
Repair and replacement parts for exempt machinery
Rollers
Root vegetable harvesters
Rotary hoes
Scales (not truck scales)
Seed cleaners
Seed planters
Seeders
Shellers
Silo unloaders
Sorters
Sowers
Sprayers
Spreaders
Sprinkler systems, livestock and poultry
Squeeze chutes
Subsoiler
Threshing machines
Tillers
Tires for exempt machinery
Tractors, farm
Vacuum coolers
Vegetable graders
Vegetable washers
Vegetable waxers
Wagons, farm
Washers, fruit, vegetable and egg
Waxers
Weeders

(G) Schedule B is a list of items, which are usually taxable.

**Schedule B**

**Usually Taxable Items**

Acetylene torches
Air compressors
Air tanks
All-terrain vehicles (3-, 4- and 6-wheel)
Antifreeze
Automobiles
Axes
Barn ventilators
Brooms
Votes
Building materials and supplies
Bulldozers
Cement
Chain saws
Cleansing agents and materials
Construction tools
Ear tags
Electrical wiring
Equipment and supplies for home or personal use
Ether
Fence building tools
Fence posts
Field toilets
Fire prevention equipment
Freon
Fuel additives
Garden hose
Garden rakes and hoes
Gasoline tanks and pumps
Golf carts
Hammers
Hand tools
Hog ringers
Hog rings
Lamps
Lanterns
Lawnmowers
Light bulbs
Marking chalk
Nails
Office supplies and equipment
Packaging room supplies
Paint and decals
Personal property installed in or used in housing for farm workers
Posthole diggers (except commercial use in tree farms)
Pumps for household or lawn use
Pumps, gasoline
Refrigerators for home use
Repair tools
Road maintenance equipment
Road scrapers
Roofing
Sanders
Shovels
Silos
Small tools
Snow fence
Snowplows and snow equipment
Staples
Starting fluids
Supplies for home or personal use
Tanks, air
Tanks, gasoline
Tools for repair construction
Tractors, garden
Truck beds
Water hose
Welding equipment
Wire, fencing
Wrenches

(4) Examples.

(A) An implement dealer sells a soilmover to a farmer. The soilmover is going to be used on low-lying agricultural land exclusively for the purpose of controlling drainage. The sale of the soilmover is exempt.

(B) A farmer purchases a combine. The farmer later purchases an AM/FM radio to be installed on the combine. The farmer’s purchase of the combine is exempt; however, the farmer’s purchase of the AM/FM radio is taxable. If the radio had been a part of the assembled unit, the total price for the combine would have been exempt.

(C) A farmer purchases a lawnmower. The farmer uses the lawnmower to mow around grain bins, as well as mow his lawn. The purchase of the lawnmower is subject to tax, since the lawnmower is not used exclusively and directly for agricultural production.

(D) A farmer purchases a water chiller for use to control the climate inside the hatchers and setters. The water chiller is also used to cool the administrative areas in the hatchery. The purchase of the water chiller is subject to tax, since it is not used exclusively for agricultural production.

(E) A farmer takes his tractor to the implement dealer for routine maintenance, which includes changing the oil, filters and antifreeze. The sale of the oil and filters would be exempt; however, the antifreeze would be subject to tax.

(F) A farmer buys a bale spike to be installed on his pickup truck. The bale spike is not subject to tax.

(G) A farm supply store sells commercial rabbitry equipment, such as feeders, nest boxes and wire hanging cages used for rabbit cages and feeders, to a farmer who raises rabbits in confinement for human consumption. These items are not subject to tax.

**AUTHORITY:** sections 144.270 and 144.705, RSMo. 1994.* Original rule filed Nov. 18, 1999, effective June 30, 2000.

Charles A. Johnson, Jr. v. Director of Revenue (AHC 1986). A seed cleaner was purchased under a claim of exception to process soybeans. The Commission ruled that although the taxpayer bought the seed cleaner to process his own soybeans, he used the equipment to process other farmers’ seed as well. Processing the seed of others failed to meet the requirement that the equipment be used directly and exclusively for the production of farm products.

Crystal Lake Fisheries v. Director of Revenue (AHC 1989). A nearby creek could flood raceways used to raise rainbow trout. A dike prevents the creek from flooding the raceways. A bulldozer was purchased, which was used to repair and maintain the dike. The bulldozer is also used to prevent flooding of pasture, hay, and land containing hardwood and softwood trees, all of which are harvested as required. The court found that the bulldozer in question met the three requirements of the exemption statute. The bulldozer was used exclusively for agricultural purposes, on land owned or leased for the purpose of farming, and directly in producing farm products.

12 CSR 10-110.910 Livestock

**PURPOSE:** Sections 144.030.2(1), 144.030.2(7), 144.030.2(22), 144.030.2(29)
and 144.030.2(32), RSMo, exempt from taxation certain livestock, feed and feed additives, medicines and vaccines, and pesticides and herbicides. This rule explains the requirements that must be met to qualify for these exemptions.

(1) In general, the sale of livestock, animals or poultry used for breeding or feeding purposes, feed for livestock or poultry, feed additives, medications or vaccines administered to livestock or poultry in the production of food or fiber, and sales of pesticides and herbicides used in the production of aquaculture, livestock or poultry are exempt from tax.

(2) Definition of Term.

(A) Aquaculture—The controlled propagation, growth and harvest of aquatic organisms as defined in section 277.024, RSMo.

(B) Commercial breeder—A person, other than a hobby or show breeder, engaged in the business of breeding animals for sale or exchange in return for consideration and who harbors more than three (3) intact females for the primary purpose of breeding animals for sale.

(C) Feed—Food essential for growth, fattening or nourishment of livestock or poultry.

(D) Feed additives—Tangible personal property, including medicine or medical additives added to feed.

(E) Livestock—Cattle, calves, sheep, swine, ratite birds, including but not limited to, ostrich and emu, aquatic products as defined in section 277.024, RSMo, elk documented as obtained from a legal source and not from the wild, goats, horses, other equine, or rabbits raised in confinement for human consumption.

(F) Poultry—Any domesticated bird, such as adult or baby chickens, turkeys, ducks, guinea fowl or geese.

(3) Basic Application of Exemptions.

(A) Pursuant to section 144.030.2(1), RSMo, sales of feed for livestock or poultry are not subject to tax.

(B) Pursuant to section 144.030.2(22), RSMo, sales of feed additives, medications or vaccines administered to livestock or poultry in the production of food or fiber, and sales of pesticides used in the production of livestock or poultry for food or fiber are not subject to tax. Examples include hormones, digestive aids, antibiotics, hog wormers, tonics, and medical preparations.

(C) Pursuant to section 144.030.2(7), RSMo, sales of animals used for breeding or feeding purposes are exempt. Unlike the exemptions for feed and feed additives, which are limited to livestock or poultry, this exemption applies to all animals.

(D) Pursuant to section 144.030.2(22), RSMo, sales of bedding used in the production of livestock or poultry for food or fiber are exempt. Examples of bedding may include, but are not limited to, wood shavings, straw and shredded paper.

(E) Pursuant to section 144.030.2(29), RSMo, livestock sales are exempt when the seller is engaged either in the growing, producing or feeding of such livestock, or in the business of buying and selling, bartering or leasing of such livestock.

(F) Pursuant to section 144.030.2(32), RSMo, sales of pesticides or herbicides used in the production of aquaculture, livestock or poultry are exempt.

(G) Pursuant to section 144.030.2(35), RSMo, sales of feed which are developed for and used in the feeding of pets owned by a commercial breeder when such sales are made to a commercial breeder, licensed pursuant to sections 273.325 to 273.357, RSMo are exempt.

(H) Sales of poultry to persons to produce eggs for the sole purpose of the person’s consumption are subject to tax.

(I) Sellers of poultry are not subject to tax when—

1. The poultry is sold for breeding purposes;
2. The poultry is sold to persons who raise the poultry for subsequent sale in dressed or processed form; or
3. The poultry is used to produce eggs to be ultimately sold in processed form or otherwise at retail; or
4. The poultry are purchased for resale.

(J) Sales of animals for the purchaser’s personal enjoyment or use only, are subject to tax. Sales of animals for breeding or feeding purposes as part of a business enterprise are not subject to tax.

(4) Examples.

(A) An individual purchases feed, nonprescription vaccines, and bedding for show horses. The purchase of the feed is not subject to tax, however the purchase of the vaccines and the bedding is subject to tax.

(B) A farmer purchases feed, vaccines and bedding for use in his swine operation. The purchases of the feed, vaccines and bedding are exempt.

(C) A rancher breeds and sells horses. The sales of the horses are not subject to tax.

(D) A rabbit farmer raises rabbits, which are sold for processing as food for human consumption. Feed for the rabbits is not subject to tax because rabbits raised in confinement for human consumption are livestock.

(E) A person sells feed to a pet shop which raises and sells rabbits to the general public as pets. The sale of the feed is subject to tax.

(F) A fish farmer purchases fish for use in his aquacultural operation. The purchase of the fish is exempt from tax.

(G) An individual decides to construct and stock a lake on his farm for recreational fishing by his family, neighbors and friends. The purchase of the fish is subject to tax.

(H) A breeder of parakeets purchases feed for breeding stock. The bird feed is subject to tax, because a parakeet breeder does not fit the definition of a commercial breeder.

12 CSR 10-110.920 Sales of Grains, Seed, Pesticides, Herbicides and Fertilizers

PURPOSE: Sections 144.030.2(1), (22), and (32), RSMo, exempt the sales of certain grains, seed, pesticides, limestones, fertilizers and herbicides. This rule explains the requirements that must be met in order to qualify for these exemptions. Section 144.020.1(3), RSMo, taxes certain utility services. This rule explains the application of this taxing provision for sales to agricultural consumers.

(1) In general, the sale of grains to be converted into foodstuffs or seed, and limestone, fertilizer, and herbicides used in connection with the growth or production of crops, livestock or poultry is exempt from tax.

(2) Definition of Terms.

(A) Herbicides—Chemical substances used to destroy or inhibit the growth of plants, especially weeds.

(B) Livestock—See 12 CSR 10-110.900.

(C) Pesticides—Chemicals used to kill pests, especially insects. Pesticides include adjuvants such as crop oils, surfactants, wetting agents and other pesticide carriers used to improve or enhance the effect of a pesticide and the foam used to mark the application of pesticides and herbicides for the production of crops, livestock or poultry.

(3) Basic Application of Tax.

(A) The sale of grain to be converted into foodstuffs ultimately sold in processed form at retail is exempt.

(B) The sale of seed, lime or fertilizer used in producing crops that will be sold at retail...
or will be fed to livestock or poultry to be sold ultimately in processed form at retail is exempt.

(C) Sales of pesticides or herbicides used in the production of crops, orchards, aquaculture, livestock or poultry are exempt.

(D) Seed, pesticides and fertilizers sold for nonagricultural use are subject to tax. Sales of fertilizer for lawns, shrubbery and similar ornamental uses and seeds for ornamental purposes are examples of sales subject to tax.

(E) The sale of electricity, water, and gas used for agricultural production is exempt.

(4) Examples.

(A) A pesticide dealer sells pesticides to an orchard to spray on the fruit trees to kill insects. The sale of the pesticide is not subject to tax.

(B) An agricultural chemical dealer sells foam marker to a farmer to aid in determining where herbicides have been sprayed on crops. The sale of the foam marker is not subject to tax.

(C) A seed dealer sells seed, pesticides and fertilizer to a construction company for use on a construction site. These sales are subject to tax.

(D) A pesticide dealer sells fly spray for dairy cattle and rat and mouse poison for use in the dairy barn. The sale of the fly spray is not subject to tax. The sale of the rat and mouse poison is not subject to tax because it is used in the production of an agricultural product.

Norwin G. Heimos Greenhouse, Inc. v. Director of Revenue, 724 S.W.2d 505 (Mo. banc 1987). Gas, water and electricity were used for the operation of greenhouses. A refund was requested on tax paid on utilities used in the greenhouse’s production of flower and vegetable plants for sale to retailers. The court found that the greenhouse’s use of utilities constituted agricultural consumption and was not subject to sales tax under Section 144.020.1(3), RSMo. The legislatures distinguished between agricultural and commercial in the property tax statutes and the Employment Security Law. The court concluded that the legislature also intended that agricultural consumers be considered as a class separate from commercial consumers for sales tax purposes.

12 CSR 10-110.950 Letters of Exemption Issued by the Department of Revenue

PURPOSE: Chapter 144, RSMo provides that certain organizations are exempt. This rule sets out the steps necessary to obtain a letter of exemption from the department.

(1) In general, the department issues letters of exemption to qualifying exempt entities. These letters are valid for a period of five (5) years. Documentation verifying the exempt status of the organization must be filed with the department to obtain a letter of exemption.

(2) Application of the Rule.

(A) The seller is responsible for collecting tax unless the exempt entity provides proof that it is exempt. One form of proof of exemption is a letter of exemption issued by the department.

(B) An organization seeking a letter of exemption certificate must complete a Missouri Sales/Use Tax Exemption Application—Form 1746. If the documentation establishes the entity qualifies as an exempt entity, the department issues a letter of exemption. This letter of exemption is effective for five (5) years from the date of issuance of the letter.

(C) The department may require the following supporting documentation to verify the claim:

1. A copy of the Articles of Incorporation, Bylaws or both;
2. A copy of the Section 501 tax exemption letter or ruling issued by the United States Department of Treasury, Internal Revenue Service;
3. A copy of the tax exemption ruling issued by the assessing officers in each county in which the applicant’s property is or will be located for property tax purposes;
4. Financial statements of the organization for the previous three (3) years, indicating sources and amount of revenue, and a breakdown of the disbursements, or if just beginning the organization, an estimated budget for one (1) year;
5. A copy of the not-for-profit certificate, registration or charter issued by the Missouri secretary of state’s office, if registered or incorporated within Missouri; and
6. Any other documents, statements and information as may reasonably be required by the Department of Revenue.

(D) If any of the documents requested above are not submitted with the application, a letter of explanation must accompany the application. Federal agencies and instrumentalities, Missouri state agencies and Missouri political subdivisions are not required to send supporting documentation. Out-of-state political subdivisions do not qualify.

(E) Foreign diplomatic and consular personnel exempt from Missouri sales by treaty need not obtain a letter of exemption. The United States Department of State will issue an exemption card for use.

Conagra Poultry Co. v. Director of Revenue, 862 S.W.2d 915 (Mo. banc 1993). Wood shavings were sold by the taxpayer, a turkey processor, to its contractors as part of the contractors’ compensation for raising the turkeys. The contractors expected to use as fertilizer all the litter that the turkey-raising operation would produce in their own farming. The court ruled that at the time the wood shavings passed to the contractors, the wood shavings had no value as fertilizer. The wood shavings become fertilizer upon absorbing nutrients in the turkey droppings. The wood shavings were not exempt as materials used in processing because even though the wood shavings became a component part of the fertilizer, the contractors used the fertilizer for their own farming and did not sell any products for final use or consumption.

12 CSR 10-110.990 Tax—Sales of Food

PURPOSE: Section 144.014, RSMo provides for a reduced tax rate for certain sales of food. This rule explains when the reduced rate applies.

(1) In general, qualified sales of food by a qualified business are taxed at a reduced state rate of 1.225% plus any applicable local tax. All other sales of food are taxed at the full state rate of 4.225% plus any applicable local tax.

(2) Basic Application of Rule.

(A) Sales of food subject to the reduced rate include food that qualifies under the Federal Food Stamp Program. This includes food or food products for home consumption and seeds and plants for use in gardens to produce foods for personal consumption. Alcoholic beverages, tobacco and hot food items ready for immediate consumption do not qualify for the reduced rate. Food items refrigerated or at room temperature qualify for the reduced rate, even if the purchaser...
selects to heat the item on the business’ premises. Bakery items, even if still warm from baking, are qualified foods.

(B) A business whose gross receipts from sales of food and drink prepared by the business for immediate consumption, either on or off premises, are 80% or less of its total gross receipts must remit tax on its qualifying food sales at a reduced state tax rate of 1.225% plus any applicable local tax.

(C) Sales of qualifying food through vending machines are subject to the reduced tax rate.

(3) Examples.

(A) A grocery store sells nonfood items and qualifying food items. The store will charge the regular tax rate on the nonfood items and the reduced tax rate on the qualifying food items.

(B) A vending machine company provides two vending machines to a business. One machine is for cold items and one machine keeps items hot. Only the cold items are eligible for the reduced tax rate. The hot items are subject to the regular tax rate.

(C) A convenience store sells burritos from its freezer. The convenience store provides a microwave so the purchaser can heat it. The sale of the burrito is taxed at the reduced rate because it is a qualifying food item.

(D) A vending machine company sells popcorn and soup in microwave pouches and containers. These items are sold at room temperature and are heated by the purchaser in a microwave provided in the vending area. These items are eligible for the reduced tax rate.

(E) A fast food restaurant sells cold salads and cold soft drinks. These cold items represent approximately 10% of total gross receipts. Because the restaurant’s total food sales of items prepared for immediate consumption are more than 80% of the total sales, the restaurant should charge the regular tax rate on all its food sales.

(F) A convenience store sells prepared cold sub sandwiches, ice cream and cold drinks. The store also prepares and sells hot dogs and chili. All items are sold “to go.” The store should charge the reduced tax rate on the cold items, but should charge the regular tax rate on the hot items.

(G) A company sells pre-packaged ice cream bars made by an unrelated ice cream manufacturer to neighborhood families from trucks. The ice cream truck driver should charge the reduced rate of tax because the seller does not prepare the ice cream bars and are not consumed on the premises of the seller.

(H) An ice cream vendor sells soft cones and pre-packaged ice cream bars made by an unrelated ice cream manufacturer at a football game. The gross receipts from the sales of soft cones are less than 80% of the ice cream vendor’s total gross receipts. None of the ice cream qualifies for the reduced rate because it is consumed on the premises.

AUTHORITY: section 144.270, RSMo 1994. *
