Sir

Sir

I once more intrude in your
patience the personal affair. It is generally
reported here that another requisition has been
sent to the authorities of your State. The requisition is said
to be founded on the indictment of 1838. I hope
it is true I think that requisition will stick
if such a one has been issued in spite of the
whole fraternity of Missouri Judges, Councilors,
Sheriffs &c. of Missouri. I know Smith fears it
for I am informed that he has advised the
Mormons to leave our County and concentrate
at Nauvoo, at any rate they are all about
leaving our town. I would advise you to keep
on your guard at all times for they have indi-
rectly threatened your life in case you pursue
this villain further you have seen how success-
ful their attempts were on ^{24th} Bouge or I try if you
be on your guard at all times. They are determined
to give some of you trouble before long if I may
judge by their operations. They are becoming
very numerous, thousands of new recruits are
daily arriving & this can I suppose that they are

new building is in my opinion intended for a factory.
The strength of the place is proof of the fact.

I am happy to say that I shall be glad
to leave this accursed, Mormon Country by the
middle of May or the first of June next and I
intend permanently settling myself near the
South Western County of your State, I shall take
me from 100 to 150 head of good cattle I am told
that the above named country is a
grazing country, I want a situation where I
can sell goods. If you can give me any information
about that country & have time & inclination to do
it I will take it as an especial favor, which
shall at some future period be duly acknowledged
if an opportunity ever offers.

Very respectfully
Your Obedt Servt
